

Dear Prospective Student,

The Murray State College Gunsmithing Program is an Associate of Applied Science degree program. The program teaches extensive skills in building and repairing firearms. We choose 30 students to join the program each Fall semester. Applying does not guarantee acceptance.

Please read all information carefully and fill out each form completely. Cover letter must accompany Application. You can send the application by mail, email: [shopson@mscok.edu](mailto:shopson@mscok.edu), or fax: 580-387-7179 to Attention Gunsmithing Department. Any applications that are turned in after May 30, 2024 will be considered for the following Fall 2025 school year. You must apply to the college online, but you will have to send the gunsmithing application to the Gunsmithing Department. Please note the requirements and deadline dates on the front page of the gunsmithing application.

Please visit our Facebook page, Murray State College Gunsmithing Program, AND Instagram, [msc\\_gunsmithing\\_program](#), to keep up to date.

We also have a NRA summer program in which we offer short courses in gunsmithing, machine shop, and L.E.A.S. Armorer classes. These classes are one week in length and are only offered in the summer program. To find more information regarding the NRA summer program go to [mscok.edu](http://mscok.edu). Under the academic tab, click on departments. Then, click on Gunsmithing Technology and there will be a link to the NRA brochure. No application is required for summer courses, only registration. Each class costs \$300 to \$400 plus lab fees, if applicable.

Thank you for your interest in our program. If we can be of further assistance, please contact our Gunsmithing Department.

Sincerely,

Gunsmithing Department
