

Buildings Are Now Available New Learning Facilities in Use

New equipment, repairs, added to campus buildings

In addition to the two new buildings which have been added to the campus it seems that most of the old ones have undergone quite a facelifting. The improvements included various types of new equipment along with a great deal of repair.

Perhaps the place where these improvements are most noticeable is the Library-Science Building where the entire building was repainted, the floor covering repaired and the windows of the Chemistry room changed. Also in the Science section of the building the tops of the tables in the Chemistry and Biology laboratories as well as their plumbing has been replaced. All of this, the repairs and the equipment come to a total of \$9,000.

Nearby in the Shop Building the walls, the ceilings, and the outside woodwork has been repainted, and the structure has been re-roofed with asphalt shingles. New plumbing fixtures have been installed, but perhaps the most important change is the new drafting equipment which has been made available. The drafting equipment alone cost \$8,000 and the repairs and other installations totaled \$11,500.

Moving toward the other side of the campus we find the Administration Building also showing a great deal of repair. Two of the more outstanding changes are the installation of new tile on the stairways and the remodeling of the Deans and President's offices. The repairs and new equipment of this building proved to be the most costly as they came to \$28,626.

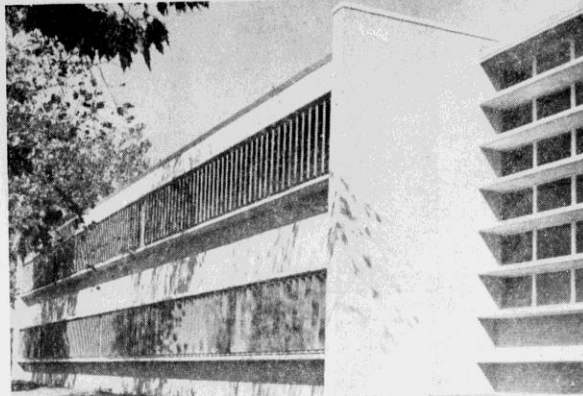

The gymnasium and football stadium have also received their share of improvements. The teachers have been repainted along with the classroom, all worn plumbing has been replaced, the gym floor has been refinished and the old blackboards have been replaced. The stadium has also received miscellaneous repairs. These changes came to \$4,372.00.

The water and sewage plant will receive the installation of a new raw water pump, a new chlorinator, and a new filter, with the mixing basin and sewage plant undergoing minor repairs. These cost of these repairs and new equipment will be \$25,000.

Visitors welcome on Murray campus

High school students are welcomed to visit the Murray College campus at any time. Any students who plan to visit Murray are urged to do so while the regular classes are in session on the campus.

Inquiries concerning trips to the college should be mailed to Mr. Raymond Cleveland, dean of students.

ONE OF THE NEW BUILDINGS added to the Murray Campus this year is the new Classroom building. This magnificent two story erection made of permanent fire resistant masonry and steel supports houses the Business Department, Language Laboratory, and Academic classrooms as well as offices for the Business and Home Economics Departments and instructors. The entire building is air conditioned.

President's Message

This special edition of the "Aggie-lite" is designed to give each of its readers a pictorial account of the facilities at Murray State Agricultural College. We are proud to exhibit these fine buildings and to let you know that appropriate equipment is included within the structures. These physical facilities are to provide our students an atmosphere for good study environment, and to provide our faculty a place and equipment to further motivate students to gain an excellent education.

It is our thinking that these facilities can be a means whereby our students can benefit by having been at Murray State.

The people of Oklahoma have shown their interest in higher education by making these facilities possible. The administration, faculty, and students would like to express our appreciation to all who have had a part in financing, allocation, designing and construction, and to say that we shall do everything possible to show that this interest and investments have been wisely used.

—FREEMAN McKEE

New science lab is among several Murray projects

A new wing containing a physics laboratory, two horticulture laboratories, two classrooms, and three offices has been added to the Murray College Library-Science building, and the Library section has been enlarged. The Wing is all one-story to match the architecture of the existing building.

In addition to the equipment for the new wing, the library section received new furniture. New atlas shelves, magazine racks, lounge furniture, several low book stacks for easy access, and larger book stacks for reference books have been installed. A new workroom was also added.

The addition, which is made of permanent-type, fire resistant steel and masonry, contains approximately 10,000 square feet, and cost about \$12,617.21. The cost of the equipment was about \$31,000.00, which made a total cost of approximately 143,617.21.

Student Senate offers training in leadership

The Student Senate at Murray college is a body which exists to aid harmonious relations between the administration, faculty and student body. The Student Senate collects its own funds, elects its officers, and plans the activity programs for the college. This spirit of cooperation between the administration and Student Senate can probably be attributed to the moderation and good sense displayed by the individual student senators.

The duties of the Student Senate are varied. One of the most important of these duties is that of planning the activities on the campus. Each year a calendar is prepared for the following year. All activities are evaluated and if found to be satisfactory are repeated. If not, an estimate is made of what would have to be done to remedy this situation.

Other duties of the Student Senate include creating good-will for the college and making suggestions regarding ways in which the life of the students on campus can be improved.

The Student Senate offers excellent training in citizenship. Members are subjected to pressures just as are members of our state or national legislatures. They learn to compromise, to lead, and to plan. The Student Senate offers to the freshman and sophomore students opportunities that can serve them well in learning to adjust and solve problems typical of those which exist in society.

New Music building added to campus

The New Music Building is a fine example of the facilities which have recently been completed and are now available for use. It is the first of a line of Fine Arts units which are planned. The structure is built of permanent fire resistant masonry and steel construction material. This one-story building contains one rehearsal room, four practice rooms, one classroom, two offices and three storage rooms. Another fine feature is the air conditioning system which has been installed.

Building program voted by people

In 1960, the people of Oklahoma voted a bond issue for \$35 million. \$30 1/2 million of this went to institutions of higher learning, with each Junior College receiving \$600,000.

This money is allotted to two different accounts. One is for repairs and modernization of existing buildings, and the other is for new buildings and equipment. Each institution is allowed to set up its own projects with the approval of the Regents of High Education.

Murray's projects were started December 1, 1962. The projects included a new Music building, Library addition, modernization of offices in the administration building, and all lab equipment. The contract price for all these projects was \$445,000.

Attend College for a Better Future!
★★★

Administration Building—

MURRAY HALL, better known as the administration building, is the center of activity on the campus. It houses the business office, office of the Deans and President, the Language Arts department and AFROTC.

HOME OF MUSIC DEPARTMENT. This splendid structure provides space for the music students of Murray State. It is built of fire resistant masonry at an estimated cost of \$85,000. The building contains four practice rooms, a band room, two offices, and a classroom. It houses classes in Music Appreciation and Music Theory, as well as rehearsals for the band and choral groups.

A FINE INTERIOR shot of the Murray College Library. Most of the furniture which can be seen has only recently been installed. The numerous paintings are those which were on display during Art Week which took place during the latter part of the first semester.

Cadet Group is active on campus

Murray College's 20th Cadet group, under Cadet Colonel Gary Bob Barnett, Ardmore, has participated in several events at the college and surrounding area. The band, drill team, and Angel Flight, started off the year with performances in the homecoming parade and halftime ceremonies. They also went to several other parades and events.

Some of the cadets were chosen to go on a field trip to McConnell Air Force Base near Wichita, they flew up on an Air Force plane.

The offices sponsored a dance after the homecoming football game. One of the highlights of the year on the Campus was the annual Military ball. This is a formal dance for all the cadets and their guests. The entire student body is invited to attend.

The honorary Cadet Colonel was chosen by the cadets, and she was crowned at the ROTC Ball. This year's Honorary Cadet Colonel is Janie Hudson.

The group is headed by Major Jack Carter, who is Professor of the Air Science, and Captain Charles Shockley who is Air Science I instructor.

STUDENT SENATE Officers and sponsor are shown making plans for the year. The Student Senate is responsible for most of the extra-curricular activities at Murray. Shown here are: President Lewis Parkhill, Mannsville; Vice-President Larry Heard, Roff; Sponsor Lloyd Goss; and Secretary-Treasurer Wanda Clark, Idabel.

New Equipment Is Aid to Instruction

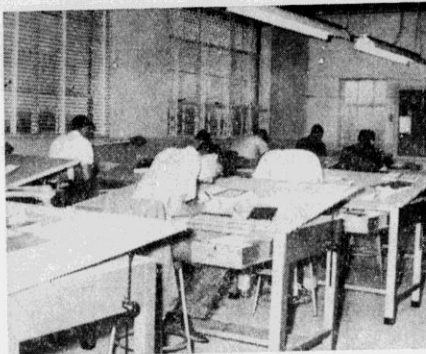

New Physics Lab—

GOOD USE is made of the laboratory facilities at Murray College. In the above picture a group of students are hard at work doing an experiment which verifies Hook's law of springs. The class is physics lab and is under the instruction of Mr. Edward Horton.

**Murray Is Growing
Grow With Us!**

— ★ —
To make it possible for students who need financial assistance to attend Murray College, a number of scholarships, loans and student positions are available. For information on these, or on admission procedures, write to Mr. Raymond Cleveland, dean of students. You are invited to visit the campus at any time, and will receive a cordial welcome.

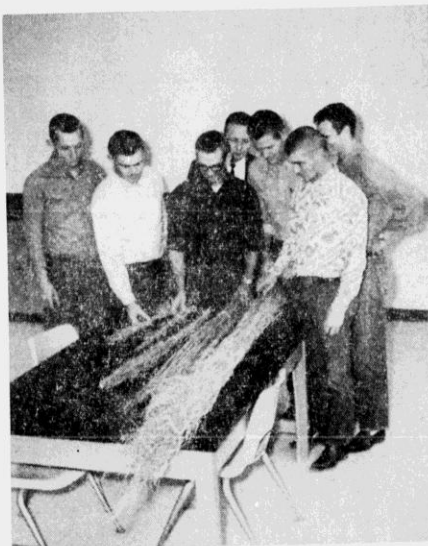

STUDENTS PUTTING TO good use the fine equipment now available for the drafting classes. This equipment includes 20 new tables, a new reproduction machine and all new equipment.

TRIPLE MIRROR is one feature of the new home Economics department Lois Willingham of Coleman is shown demonstrating the mirrors.

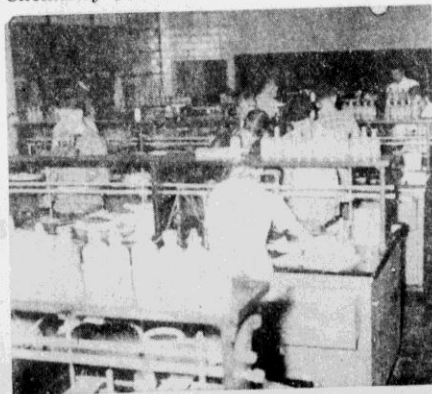

THE TYPING CLASS MAKES good use of the new equipment, as well as the new classroom building. This department received new desks when they moved into the new building.

STUDENTS OF AGRICULTURE in a crops lab. Shown here with Wendell Blair, instructor are members of a crops lab identifying grass specimens. Agriculture is one of the most popular fields studied at Murray State, and agronomy is only one of the varied subjects offered in this field.

★ ★ ★
College Students Are Active

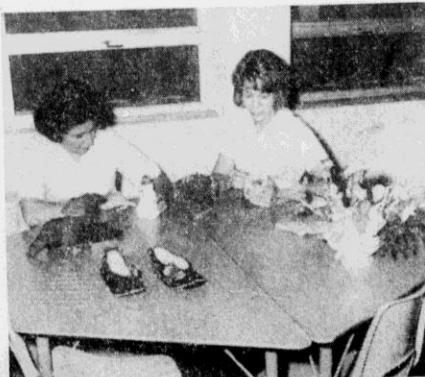

★ ★ ★
Chemistry Students—

THE ABOVE PICTURE shows some of the fine equipment which is available for the many science students at Murray. This shot provides a view of students during a Chemistry Lab. Much of the equipment shown is new.

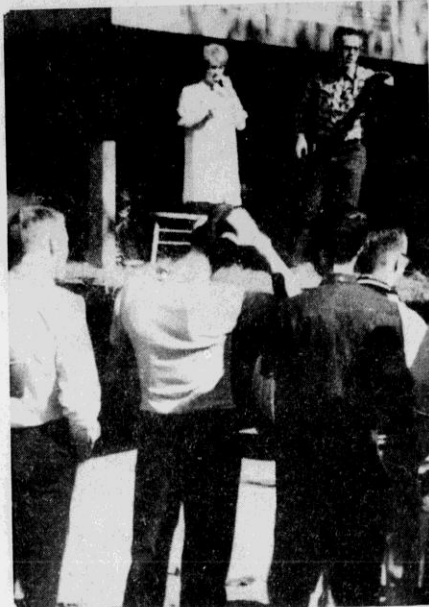

IN A SOILS LAB are Charles Call, Manssylville and James Stantan, Hendrix. They are checking the soils samples that they have taken on the P.H. meter. This is another example of the fine equipment available for agriculture students at Murray.

HOME ECONOMICS department, which recently transferred to the new classroom building, offers a wide variety of homemaking activities for both boys and girls. Pictured are Phyllis Lawson, Bennington, and Frances Harbert, Tishomingo.

Activity Schedule Keeps Students Busy

SLAVE SALE was one of the highlights of Sadie Hawkins week, during which the girls dressed in outlandish costumes and chased the boys. Wendyl Hanbrick, Ardmore, is shown as he auctions off Kay Mayberry Holman, Elmore City, who brought the highest price.

Students active in local sports

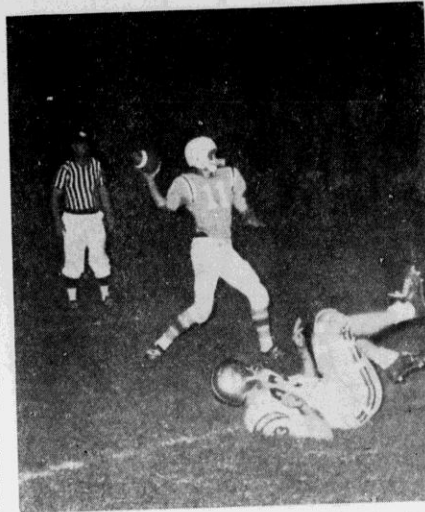

Murray's students are very sports minded. They participate in several varsity and intramural sports. The first event on the sports scene this semester was the annual intramural cross country. Greg Burns, Frederick won the two mile event.

Next came football season both intramural and varsity. The Aggies were not deep enough to hold out some of the conference powers but played several good games as they finished third in the conference. The Aggies had five boys named to the conference team. Dale Runyan, Sulphur, Harry Boyd, Dallas, Tommy Nelson, Wicnita Falls were named to the All-Conference team and Cotton Wade, Marietta and Russell Wells, El Paso were named honorable mentions.

In intramural football, the Crew, a group of independents won the championship after a hot race with the Bootleggers and Fulton Hall. Then to wind up a good season the Crew played the league All-Stars.

Basketball has just begun for the varsity and it has the potential to be a good ball club. Up to this time the Aggies have won 5 and lost 3.

The sports scene around Murray College is a fast moving thing. The Aggies have done a good job for their school and deserve all the credit they can get.

ALL-CONFERENCE Quarterback Dale Runyan, Sulphur drops back to pass against Eastern. This pass was complete for the touchdown that gave Murray a 6 to 0 homecoming victory.

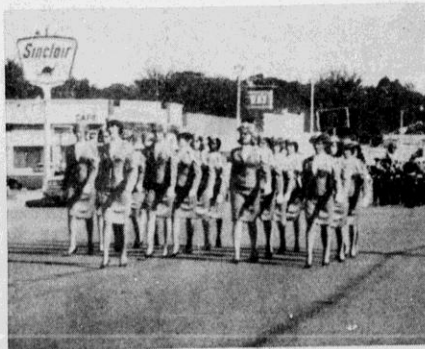

ANNUAL CHRISTMAS PROGRAM, which featured "Hanging of the Green," was one of the highlights of the semester. The College choir, which consists of the Girls' Glee Club and the Cadet Chorus, sang selections from Handel's "The Messiah" along with

Christmas carols. There were several soloists and group performances. The first part of the program consisted of traditional Christmas, while the second part was devoted to religious selections.

THESE FIVE lovely Angel Flight Members were chosen as the top contenders for Honorary Cadet Colonel. Janie Hudson, center, was crowned during a special ceremony at the ROTC ball, Dec. 7. Her attendants are Barbara Eaves, Aioka; Paty Smith, Lone Grove; Kerry McKee, Tishomingo; and Rachael Jacobs, Kiowa.

ANGEL FLIGHT is one of the busiest groups on the campus. They have participated in several parades and pre-game exercises at football games. The Angel Flight is a specially selected groups of girls, who in addition to marching, sponsor many club activities.

ACT required for all seniors to enter college

All high school seniors who plan to attend college are encouraged to take the American College Testing Program test before enrolling in Oklahoma Colleges. The results of this test must be on hand at the college in which freshman students enroll.

Test date for the second ACT in the state of Oklahoma is Feb. 15, 1964. Registration period is between Dec. 9, 1963 and Jan. 25, 1964. Applications for registration are available through Counselors, principals, and officials of the colleges.

★ ★
Act Today!

A PAIR OF AGRICULTURE majors in one of their numerous lab courses. This one happens to be crops lab and the students, under the direction of Instructor Wendell Blair, are examining and identifying crop seed samples. The students are Wade Morgan, Tupelo, on the left, and Kenneth Huffman of Blanchard.

ONE OF MANY discussion groups which have been creating such a furor in recent speech classes. The topic of the above group was the question "Is money wasted curing alcoholics and drug addicts". From left to right the students are Emil Farris, Bland Scott, Jim Ashley, Ramona Hertel, and Jim Morton.

Tow-Sacks, swims are endured by "O" Club pledges

Eight courageous boys underwent a grueling experience last week when they were initiated into the "O" Club. The experiences they endured may well be the most trying of their lives.

They started off the week wearing dresses (?) of burlap, better known as tow-sacks, carrying boards, and wearing pencils around their necks on strings. The sophomore members of the club made good use of these "boards" at intervals during the day.

On Tuesday, they wore Bermuda shorts turned inside out, and went for a swim in Pennington Creek.

Wednesday seemed to reveal a number of new girls on the campus, but they turned out to be the same eight boys dressed as girls. Some of these boys (especially Don Hale and Van Wilhelm) made very attractive girls. They led cheers at the Boys High School Basketball Tournament during half-time at one of the games Wednesday night.

Thursday showed a drastic change in the appearance of the boys. They wore suits and ties to class, and looked nothing like the girls they impersonated on Wednesday.

The boys surely feel that membership in the "O" Club is important to endure all these experiences so damaging to their ego.

Aggie-lite May Be obtained by Subscription

Any students who are leaving at the end of the first semester but wish to continue keeping abreast of events and everyday life on Murray campus by receiving the Aggie-lite may do so by paying a fee of one dollar in return for a year's subscription. This can be done by making contact with the office of the Aggie-lite which is located in Room 303 of the Administration Building. This same offer holds true for anyone who desires to receive a bi-monthly copy of Murray's paper.

Group discussions are projects of speech classes

Speech is one of the courses required at Murray State College. At the present time all the students are participating in group discussions. Each Speech 112 class has been divided into teams of five members each. They chose the topics that they would discuss themselves and presented it in class.

Tom Wood, speech instructor, is busy trying to give each group a chance to have their discussion before the end of the semester. Some of the topics the groups have chosen are "Can teenage marriages be successful," "Is Communism advancing in the U. S. today," and "Are Americans status seekers?" These topics have been thought out and are being presented very well by the groups.

Cadets donate blood to mother of ex-Aggie

Cadet Colonel Gary Barnett, Ardmore, and four other AFROTC cadets from Murray gave five pints of blood to Mrs. Woodrow Logan of Ravia when she entered the Johnston County Memorial Hospital on Dec. 17, 1963, with an anemic condition.

Mrs. Logan is the mother of Captain Albert Logan, who is a 1955 Murray graduate. Capt. Logan graduated from Oklahoma State University in 1957; pilot school in 1958; and he is now assigned to McConnell Air Force Base, Kansas. He has recently returned from Germany.

The cadets, in addition to Colonel Barnett, who donated blood are: Cadet Major James Wheeler, Earlsboro; Cadet Captain J. T. Cotter, Sulphur; Cadet S-Sgt. Ralph Webb, Mannsville; and Cadet Charles Shaw, Midwest City.

BULLETIN

Mr. Don LaSalle will be at Murray on enrollment day, January 29, to talk to all students sponsored by Vocational Rehabilitation.

Registration is set for Jan. 20

It has been announced by Dr. Richard Murray, Academic Dean, that all students whether pre-enrolled or not are to report to the Library Science Building on January 20 for registration purposes.

The following schedule will be in effect: Students with last names starting with letters A through E will register from 8:00-9:30 a.m.; those from F through K are to report from 10:00-11:30 a.m.; the time from 1:00-2:30 will be devoted to those with last names beginning with the letters L through Q; students with last names beginning with R through Z will register from 3:00-4:30; and the registration period for night classes will begin at 7:00 p.m. Classes will begin the following day, January 21.

Tribesman Staff Meets Deadline

The Tribesman staff met their deadline of January 27 by submitting 27 pages to the publisher. This, the third shipment, consisted of four divisions pages and ROTC and football pictures, with the remaining 23 pages devoted to various organizations.

This year's Tribesman will feature a great deal of change. Pictures pertaining to the different organizations will depict the activities and functions of each particular club.

A grudge is too heavy a load for any man to carry.

Livestock weighing Test held at Murray College

The 84-day weighing of the bulls on performance test at Murray College, Tishomingo, Oklahoma, was held January 3, 1964. The bulls were weighed by Jack Ryan, County Agent of Johnston County, and Jerry Martin, Test Manager. The 176 bulls on test had an overall average daily gain of 3.34 lbs. per day. Nine percent have gained 4 lbs. per day or better and 72% have gained 3 lbs. per day or better.

In the Angus division, Murray Corbin of Tishomingo has the high gaining pen of 3 bulls with an average daily gain of 3.95 lbs. per day. Lee Flowers of Hobbs, New Mexico and Grady Harris of Moebette, Texas are tied for the second high gain pen with an average daily gain of 3.71 lbs. per day. Murray Corbin and Clarence Burch, Mill Creek, each have a bull that is gaining at the rate of 4.46 lbs. per day for the high gaining individual.

In the Hereford division, Murray College, Tishomingo, has the top pen of 3 bulls with an average daily gain of 3.67 lbs. per day. Homer Stallings, Milburn, is second with a pen that has an average gain of 3.59 lbs. per day. Dick Cole, Connersville, has the high gaining individual with an average daily gain of 4.11 lbs. per day. Murray College has the second high gaining individual with an average daily gain of 4.05 lbs. per day.

In the Polled Hereford division,

Scholarship is offered

The Scholarship Committee of the Southwestern Library Association is soliciting applications from promising candidates for librarianship. A scholarship of \$750 will be awarded to an applicant from the Southwestern Region, Ariz., La., New Mex., Okla., and Tex. for one year's full time study toward the M.S.L. degree or its equivalent at an accredited library school for the school year 1964-65.

For information, write Mr. Marvin Miller, Chairman, SWLA Scholarship Committee, Univ. of Ark. Library, Fayetteville, Ark.

Enrollment for evening classes set for Jan. 20

Registration for the evening classes at Murray State College will be conducted at 7:00 p.m., Monday, January 20, in the Library Building. All persons interested in evening classes should be present at that time to participate in the organization of the classes and the arrangement of schedules. Courses that have been requested are sociology, accounting, and typing. These courses and others will be offered based on need.

The general fee at Murray College is \$3.75 per semester hour. For further information contact Dr. Richard Murray, Academic Dean, Murray State College, Tishomingo, Oklahoma.

Livestock weighing Test held at Murray College

Bob Allee, Elk City, has the top gaining pen with an average daily gain of 4.31 lbs. per day. David J. Simcox, Waco, Texas, is second with a pen that has gained 3.89 lbs. per day. Bob Allee also has the top gaining individuals with average daily gains of 4.64, 4.29 and 3.99 lbs. per day.

In the Charolais division, G. W. Banks, Clarksville, Texas, has the top gaining pen with an average daily gain of 4.30 lbs. per day and also the top gaining individual with a gain of 5.23 lbs. per day. Mack Braly, Ada, has the second high gaining pen with an average daily gain of 4.19 lbs. per day, and he also has the second high gaining individual with 4.46 lbs. per day. He has 4 more bulls that have gained over 4 lbs. per day.

In the Red Angus division, Darold Butler, Pauls Valley, has the high gaining individual with an average daily gain of 3.75 lbs. per day. John Hammer, Marshall, is second with a bull that has gained 3.39 lbs. per day.

Maurice Finklea, Warner, has a Santa Gertrudis bull that has gained an average of 3.63 lbs. per day and Jesse Arthur, Pauls Valley, has a Milking Shorthorn bull that has gained 3.63 lbs. per day.

The 112-day weighing of the bulls will be January 31, 1964, and the bull sale will be March 14, 1964.

Student Senate passes rules for local dances

At the last Student Senate meeting, held January 7, a number of rules were decided upon and passed. Student Senate President Lewis Parkhill of Mannsville announced the following rules:

Boys will not be allowed to wear thongs, hats, or T-shirts during dances. Girls are not to wear shorts or slacks. Absolutely no smoking or beverages will be allowed in the ballroom during a dance.

Due to a few incidents of the past, the Senate also passed a ruling saying that further identification must be produced if any question arises about identification of Student Special Services Card, and anyone who loans their Special Services Card places himself in danger of losing his card.

Welcome social is planned for B.S.U. members

Murray State College B.S.U. will have a Welcome Social Wednesday, January 22 in the basement of the Tishomingo Baptist Church. The purpose of the social is to welcome all the new students and to introduce the Murray College students to the Baptist Church members and the church members to the students.

A Youth Rally will be held in Bryan County in either late February or early March. The Murray State B.S.U. is in charge of the Youth Rally. The B.S.U. Boys' Quartet and Girls' Trio will sing at the Youth Rally and Marilyn Hamilton of Wapanucka will accompany the groups. The boys quartet is composed of Philip Fuss, Glenco; Norby Williamson, Lindsay; Virgil Kennedy, Harrah; and Jerry Race, Floydada, Texas. The girls trio is composed of Floy Slinger, Madill; Patsy Belcher, Wapanucka; and Shirley Griffith, Roff.

The blueprint for the B.S.U. building has been chosen. The plans as they stand now are to have the B.S.U. building completed and ready for the B.S.U. to move into when school starts in September of 1964.

On January 20 the B.S.U. will have an all-day lemonade stand in front of the business office to welcome all new second-semester students. Prospect cards, which will give a religious census of all the students, will be given everyone who drinks lemonade. It will be appreciated if everyone will fill out and return the card.

Films are shown to Science Club

Two films, "Effect of Tobacco on the Human Body" and "Alcoholism" were shown to the members of the Science Club at their last meeting on December 10 at 7:00 in the Science Room. The meeting was adjourned after the films were shown.

Anyone interested in joining the Science Club should attend the next meeting, January 14, 1964.

REPORTERS: Alexander Douthard, Willie Jackson, Allen Neal, Frances Orr.

IS IT TOO LATE TO WORRY ABOUT GRADES?

The end of the first semester is near at hand and by this time you probably have a reasonably certain idea of what type of grades you have made. If they were high you have good reason to be proud, if not, perhaps you had best stop and glance back over the past semester.

Did you always give your best? Did you always fulfill your capabilities? Did you study even when it meant passing over something you would rather have done? It seems a bit doubtful that you should have done these things and yet received low grades.

But now that the semester is almost at an end, further worry is senseless, for it does little good to mourn over past failings. Instead, a calm evaluation of past mistakes and misdeeds is very much in order. Recall the pitfalls along the way and heed the warning of past mistakes. A dismal showing becomes failure only when you fail to profit by it and disregard the warning that it offers.

The second semester is still untouched and provides an excellent chance for redemption. But good grades do not come easily. They are purchased at the price of sacrifice, self-discipline, and hard work, and these things can be done by no one but yourself. The responsibility is yours.

This 'n' That

By Patsy Belcher
 Droopy eyelids and "midnight oil" seem to be in style this week while everyone "crams" from semester exams. No matter how much cramming is condemned, it still seems to be the general practice.

Marriage still seems to be quite popular. In addition to the four weddings that have taken place since the last regular edition of the Aggielite, there are two more engagements. Barbara Eaves, Atoka, and Terry Callicote, Atoka, have set the date for January 24. Wanda Clark, Idabel, and Wilas Crenshaw, Sasakwa, have decided upon March 28.

There is a movie scheduled for January 20. There will also be a welcome dance Jan. 23. Classes for the second semester start Jan. 21.

There were several small groups assembled at various places in the library last week as they prepared their group discussions for Mr. Wood's speech classes.

The boys' High School Basketball tournament attracted huge crowds. At times the Gym didn't seem to be large enough. Many of these visitors were former Aggies.

The Balladiers, James Wheeler, Sue Harrison, and others will be featured soon on the "Hudson Brothers Show" on KTEB-TV in Ada, Channel 10.

Ramona Hertel, Milburn, has moved her residence from Patton Hall to Poe Hall. All interested boys should keep this in mind.

"Blueprint for Mission Advance" conference of Johnston-Marshall Baptist Association is slated to meet in Tishomingo's First Baptist Church, January 16 at 7 p. m.

A \$1.2 billion Federal Aid-to-education program has been approved by congress. This will give a large measure to relief to the Nation's Junior colleges.

The Johnston County Capital-Democrat has started a campaign to "take care of the original Chickasaw Council House" which is located behind the Johnston County courthouse. All interested people send in a "buck".

Ray and Ellen Loard, Ardmore, have a new daughter, Kelly Elizabeth, who is one month old.

The Engineers Club has elected new officers for the coming semester. Patrick Molloy, Tishomingo, was elected president; Norby Williamson, Lindsey, is vice-president; Harold Taylor, Oklahoma City is secretary-treasurer; and Virgil Kennedy, Harrah, is Student Senate Representative.

Do you know why elephants wear red sneakers? So the blood won't show when they trample law-breakers. (Special from Tom Wood)

What's this we hear about Jack Anderson "stealing" purses from the members of Jack Ridley's Sociology class, 3rd hour? The "girl" who owned the purse was being initiated into the "O" club.

Tuberculosis can be cured a lot faster today than it used to be. But it still takes months. For best results, treatment should begin in a hospital property staffed and equipped for the treatment of this disease.

SPOTLIGHT

Shannon Saxon

Freda Webb

Weekly Dance Is Planned by Student Senate

A Deelay night, which is a jukebox dance, will be held once every week during the second semester, if it is passed by the Student Personnel Board. The Motion for this was made during the Student Senate Meeting on January 8. This will be a club sponsored event, with the clubs rotating responsibility.

The Senate also mentioned the possibility of having the Chad Mitchell Trio here for a hootenany. This would be the "Big" event sponsored each year by the Student Senate.

A table was set up in the gymnasium with brochures about Murray College for the seniors who attended the Boys High School Basketball tournament.

Kerry McKee, Janie Hudson, and David Ralston were named to a committee to determine rules with regard to dress, action, etc. for the dances sponsored by the college.

Freda Webb, daughter of Mr. and Mrs. Odell Webb of Mannsville, is the girl in this week's spotlight.

Freda is a sophomore General Education major. She is sergeant of the Angel Flight, and secretary-treasurer of Poe Hall. She sings choir, and is a member of the Drama Club, and Goal Diggers Club. She was the home-coming queen candidate from the Home Economics Club.

Freda says that she likes everything at Murray and especially the friendly students. She regrets that it is only a junior college and that this will be her last year here. She plans to attend South-eastern State College in Durant next year.

The boy in the spotlight is Shannon Saxon, a freshman majoring in general education.

Shannon is the son of Mr. and Mrs. Saxon of Mannsville. In high school, Shannon lettered in baseball and basketball four years. He was in 4-H Club for seven years, and was president of his senior class.

At Murray, Shannon plays guard on the basketball team. He is still undecided as to what he will do after graduation.

Up and Down the Sideline

By Don Neal

Oklahoma City University, behind the deadly shooting of seven foot Eddie Jackson and Bud Koper ran their seasons record to 10-3 with a 91 to 86 win over Loyola of New Orleans. Koper who is averaging slightly over 28 points per game hit 21 and Jackson hit 25.

Oklahoma won its conference opener over Kansas in a 65 to 63 overtime battle at Norman. Farrell Johnson hit 13 points to lead the Sooners.

Upsets are popping in the basketball ranks. First to go was No. 1 ranked Loyola of Chicago who lost to Georgetown and then Kenutcky who took over the No. 1 spot lost to Georgia Tech.

Oklahoma Military Academy, one of the teams to beat in the Oklahoma JUCO Conference comes to Tishomingo to play the Aggies tonight. OMA now 7 and 2 will bring a talented team which lost to highly regarded Moberly of Missouri by only eight points.

Two Oklahoma Junior College football players were named to the 33 man Williamson All-American team. They are Fullback Tommy Bell of Cameron and Donnie George a 210 pound defensive tackle from Eastern A&M.

John Pennel the first man to pole vault 17 feet was named as the Sullivan award winner for 1963. This award is given by the National AAU to the amateur athlete who "by performance example and good influence did the most to advance the cause of good sportsmanship.

After a lot of skull racking and thinking back I've come up with what I think are the top sports story of each month in 1963.

January—Alabama defeats Oklahoma in the Orange Bowl 17 to 0.
February—Mickey Mantle, New York Yankee outfielder signs for 100,000 dollars.

March—Oklahoma University wins the NCAA wrestling championship.
April—Green Bays' Paul Horning and Detroit's Alex Karas are put on probation for betting on league games.

May—Parnilli Jones wins the Indianapolis "500".
June—Julius Boros wins the National Open in a playoff with Arnold Palmer and Jack Cupit.

July—Sonny Liston retains his heavy weight title with a first round knockout in his title rematch with Floyd Patterson.
August—John Pennel shatters the 17 foot barrier with a 17 foot vault in the Florida AAU meet.

September—Oklahoma defeats USC 17 to 12 at Los Angeles.
October—Joe Don Looney is dismissed from the Oklahoma football team.

November—Northeastern A&M accepts bid to play in the Junior Rose Bowl.
December—Texas stomps Navy in the Cotton Bowl dream game 28 to 7.

Story of the year—Oklahoma's victory over Southern California.

Defense is key as Aggies rip Texans 69 to 57

The Murray Aggies, playing a sound defensive game, won their third game in a row, over San Angelo 69 to 57. Charles Thursby, Grand Prairie, Texas, paced the Aggie attack with 23 points, as Murray had four players in the double figures.

San Angelo played Murray close the first half, leading 11 to 10

with seven minutes to play in the first half but four quick points by Gene Wilmoth, Tuskahoma and Thursby, put Murray into the lead to stay. The Aggies led by as many 12 points, but the Texans closed the gap to 33 to 29 at the half.

Murray scored 8 fast points at the start of the second half and went ahead by 16 with 14 minutes left and San Angelo couldn't climb back up.

Cage Totals

Wilmoth hits 21 as Aggies Breeze 67 to 50

Gene Wilmoth, Tuskahoma hit 21 points and Alvie Nelson, Grant, hit 13 to pace the Murray Aggies to a 67 to 50 win over high scoring San Angelo, January 6th at Tishomingo.

Before San Angelo came to Oklahoma they had been averaging 107.3 points per game. The Texans were very cold from the field and Murray's stall game kept the ball game close.

Wilmoth, a 6'2 inch sophomore from Tuskahoma, hit 14 points in the first half to pace the Aggies to a 6 point first half lead.

The Aggies scored first then fell behind then took the lead again at 6 to 5. This put the Aggies in the lead to stay.

Wilmoth hit two straight jump shots with 6:57 left in the half to build their lead to 17 to 10, this was the biggest lead of the first half.

Then the Texans started to close the gap. Murray's lead dwindled to 2 points at 26 to 24 right before half time but two quick baskets by Willie Jackson, Montgomery, Ala. and Nelson, made the score read 30 to 24 at the half.

San Angelo couldn't find the range during the second half as the Aggies built up a 40 to 26 lead with 16 minutes to go and it was all over.

Morton led San Angelo scoring with 13 points followed by Jellison with 11.

Scoring for the Aggies was Wilmoth 21, Nelson 13, Thursby, Grand Prairie, 10; Anderson, Stroud, 10; Jackson hit 8; and McBride, Talihina 5.

Turf is planned for football field

Plans are presently underway to establish a new and better bermuda grass turf on the football and practice fields. Through the co-operation of the Agriculture and Athletic Departments, it is hoped that an adequate playing turf will be established by the fall of 1964.

Present plans are to plow up the existing turf and sprig the football field to U-3 Bermuda grass. This grass should give a thicker turf which is more resistant to severe trampling. The practice field will be plowed up and sowed to common bermuda grass.

After an adequate turf has been established, it is intended that all practice sessions of the football teams and bands will be held on the practice field, thus providing a turf for good playing conditions on the football field.

Most persons with tuberculosis should go to the hospital. It isn't necessary to go to a different climate.

SPORTS

GENE WILMOTH, 6'2" forward from Tuskahoma goes high to score against Paris Jr. College. Wilmoth hit 19 points as Murray surged to a 73 to 58 victory over Paris in the finals of the Texoma JUCO tournament. Also shown are Clyde Woolridge, Talihina, and Alvie Nelson, Grant.

Cowboy Hall of Fame presents 1963 awards

A veteran network television series and a relatively new Saturday morning children's TV show will receive Wrangler trophies at the National Cowboy Hall of Fame and Western Heritage Center's 1963 Western Heritage Awards program, it was announced in Oklahoma City Sunday.

"Rawhide," an adult western, and "Discovery 63," an ABC-TV children's program, received the top awards for "creating a greater understanding and a better appreciation of the American West," from the institution, currently constructing a mammoth museum of western lore, near Oklahoma City.

"Incident of Iron Bull," an epi-

sode from "Rawhide," was named the year's Outstanding Western Fictional Television Program. "The American Cowboy," a two-part show presented by "Discovery 63" was named the top factual program.

Both shows will receive Wrangler trophies at the fourth annual Western Heritage Awards show January 24, in Oklahoma City's Municipal Auditorium.

A high percentage of people who have emphysema are tobacco smokers, and have been heavy smokers all their lives according to the TB Association. These people often live in areas where air pollution is a constant problem.

The Search comes to an end as Wood finds a new office

NEW OFFICE quarters of Mr. Tom S. Wood. It seems that Mr. Wood who is Murray's Public Relations Director has at last found an office suited perfectly to a man of his stature. Mr. Wood whose size belies his tremendous energy admits that his AGGIELITE staff has somewhat of a problem trying to enter, but says that being on the same floor with Mr. Jack Ridley, pictured above, and Mr. Loyd Goss, both instructors of Social Science among other things, more than makes up for that slight problem.

LOOK HARD. The albino o'possum in the picture above is a rare sight indeed. The man holding the animal is Sherman Spencer, an avid hunter and custodian of the Administration Building at Murray. He caught the o'possum the night of January 5, somewhere in the near vicinity of the college barn. Mr. Spencer has the animal still alive in a cage at his residence. He plans to give it to a zoo.

If you have recently spent any time in the basement of the Administration Building quite likely you have noticed a sign on the small door just to the right of the north stairs. This sign openly proclaims that Mr. Tom S. Wood, Murray's Director of Public Relations, has at long last found an office which is suitable in practically every way. It seems that Mr. Wood was not satisfied with having only one office and while wandering about the building one fine afternoon happened to spy this little niche and immediately fell in love with it. No sooner had this happened than, much to the horror of Dr. Freeman McKee, Mr. Wood began to move from his always cluttered office on the third floor.

Now that he is comfortably settled in his new office Mr. Wood appears to be quite content. He admits that the noise on the stairs above is a bit disconcerting but says that the status gained by having two offices, and one of them on the same floor with Mr. Goss, more than makes up for the noise which must be endured.

Nuptial Vows are exchanged by Murrayites

Miss Edwina Baldwin, Idabel, became the bride of David Williams, Gene Autry, during a double-ring ceremony in the Le- Methodist Church in Idabel, on December 21, 1963.

Miss Baldwin wore a street length dress of white satin with a white lace jacket, and white satin heels.

Candlelighters were Wanda Clark, Idabel, and Patty Smith, Lone Grove, who wore red polished-cotton dresses and black heels. Patsy Belcher, Wapanucka, the Maid of Honor, wore Green.

The Williams are at home in the college apartments, and plan to finish the school year, at Murray, after which they will move to Ada.

Miss Beverly Gordon Hitt became the bride of Mr. Donald James Keys Monday, December 16, 1963. The ceremony was performed at Konawa by Mrs. Edith Hambrick, Justice of the Peace. Beverly is the daughter of Mr. and Mrs. Gordon Hitt, Ardmore. Donald is the son of Mr. and Mrs. Lloyd Jackson Keys, Maysville.

The couple plans to make their home at Tishomingo, where Don will attend school.

Don, a freshman Physical Education major, plans to continue his education at West Texas State after graduating from Murray.

Wedding vows were solemnized Sunday, December 8 at 3:00 p.m. for Miss Mona Kay Mayberry and Trent Duard Holman in the First Baptist Church, Tishomingo.

The Rev. Leon Hill officiated at the double ring ceremony.

The bride's parents are Mr. and Mrs. John C. Mayberry of Moore. Mr. and Mrs. Pat Holman of Tishomingo are parents of the groom.

The bride's dress was floor length white satin with a bouffant lace overskirt. Her veil was attached to a jeweled tiara and she carried a colonial bouquet of white carnations.

THE DECISION

By Aaron Hulstine

Only the glowing tip of a cigarette broke the inky blackness of the room. Except for the occasional sounds made by the smoker, silence reigned supreme. The sole occupant of this one-room home carelessly crushed the cigarette in a convenient ash tray and reached for the light switch, which as in all rooms of this sort was located at the head of the bed near the doorway.

The uncompromising light revealed a dresser complete with broken mirror, a bed with its coverings in a thorough degree of disarray and a cluttered desk setting forlornly in one corner; in short it revealed a man's room.

The man now sitting on the edge of the bed matched the room perfectly in dishevelment, for his thoughts had not been comforting ones. They had been ones to which he found his mind turning more and more as of late, thoughts of home. Even now he found his mind wandering again to that ill-fated day when it all began.

It had been a terribly hot day, but as usual the work on the farm had gone unflinching on. He and his father were hard at work removing a flat tire from a rather large tractor. Their sweating bodies, bare from the waist up, gave evidence of the tremendous heat, and tempers were fast growing as hot as the weather. Suddenly his father stumbled and fell against the huge machine causing the one side to fall from the jacks and blocks of wood on which it had been resting. Fortunately he had been quick enough to save himself from being pinned beneath the machine, however a gaping wound on his left forearm spoke of just how closely he had flirted with death. He could still recall the bitter words which he had screamed at his father. The pent-up feelings at last released and finally the fateful proclamation, "I'm sick of it all; I've had it up to here and I'm leaving!"

Actually the accident had been only the climax or breaking point. For some time now he had been wondering. He had seen it happen before. Boys would finish school only to remain at home and soon they became nothing more than their fathers, farmers. He hadn't wanted it to happen to him. He was afraid of being average, disgustingly average as he pictured his father.

Then there had been the parting. Tears and pleading from his mother, but his father had retained the stoic silence characteristic of his breed. He had said nothing but his eyes had been those of a man who has been given foreknowledge of his own death.

He himself had cried; no that isn't the proper term of expression, once hidden from their sight he had bawled as unashamedly as any dissatisfied baby. For in actuality he had not wanted to leave, to break the ties knotted by nineteen years of life, but that haughty pride which too often overshadows conscience and sound judgment prevented him from fulfilling what was at that moment his heart's desire.

Adam Hall, for such was the young man's name, shuddered and with a firm hand pulled his mind from such musings. He reached for an overcoat lying across the end of the bed, picked it up and slipped into it. The door groaned as if complaining of too much use as he opened it and moved into the semi-darkness of the hallway. A few steps carried him to the head of the stairs and in a matter of seconds he was forcing himself into the cheerlessness named unrealistically Palace Street. Pausing to light a cigarette he noted footfalls approaching out of the gloom which constituted the lower end of the street. Turning slowly, he recognized the familiar blue-clad figure of the area's policeman. "Guardian of our precious civilization", Adam muttered as he reflected sardonically for a moment on how much use the old man would be should any great need arise, and then he hunched his shoulders seeking the deeper warmth of his coat and hurried on.

He made the stops and turns along the route he followed with the machine-like monotony of instinct, for by no means was this the first journey of this sort. Always when visions of the past returned hauntingly like spectres in the night he would traverse this same path. Not so much for the sake of outdoors and the sharp coolness of night air as with you or I, but as troubled men are wont to do, to break the chain of thought and relieve the unrelenting pressure which leads eventually into the boundless realms of madness.

A portion of his journey lay across the city's red light district, a region that he would once have shunned abhorrently, but forsaking men care little for once important particulars such as morals. As he moved across this area he fell to wondering about the inhabitants, the drunks, winos, and fallen women who abode here. What chances of fate had brought them into this lifetime of broken dreams? Doubtless you could ask any of them, for all would have a reason. It seems that every man's actions are justified in his own eyes. Some would tell of unforgettable sorrows which perhaps no one could bear, but some would give trifling reasons. Maybe as trifling as my own troubles, Ada thought.

The feeling which then came into being was not one of those melodramatic things that changes a lifetime but seldom, if ever happens. It was simply an awareness of the petty grievances and selfishness which had kept him from happiness.

All of a sudden he could no longer contain in silence the exuberance which had swept over him, and with a shout he turned and ran the full ten blocks back to his hotel. He ran noisily up the stairs and clattered into his room beginning immediately to pack.

He didn't know how his return would be accepted, for who can fathom the depths of a parent's humiliation over a son's sins or a daughter's shame? Nor did he know if he would be able to take the irritating sameness of everyday farm-life, but he did know that already he felt better than he had since he was a wild boy running half-naked across the hills which bordered his homeland.

AN OFT-REPEATED SCENE during the registration period, January 20, for the second semester. In the above picture, the students are shown conferring with their advisers over what could be any of a number of problems, ranging from selection of courses to actual registration. Needless to say, the day proved a busy one for instructors and students alike.

Music Dep't. active in public relations work

"We have more people participating in music this year than at any other time since I have been on campus," comments Mr. Jack Reid, head of Murray's Music Department.

Accompanied by Mrs. Margaret Lokey and Mr. Tom Wood, the girls' trio, the Balladiers, Sue Harrison, and James Davis presented a high school assembly program at Marietta High School, January 22nd.

Thursday, January 23rd, the Balladiers performed for the Lions' Club of Kingston who, in turn, were sponsoring a hootenanny featuring the Balladiers.

Programs were presented January 27th by the Balladiers and Mr. Wood at Kemp and Achille High Schools.

Sponsored by the Tishomingo American Legion, the Balladiers and Shirley Griffith entertained at the Veterans' Hospital in Sulphur. Bernard LaFavers and Kenne Locke drove the group and Mr. Reid to Sulphur.

Mr. Reid has been selected as one of the judges at the district hand contest to be held in Ada, March 20th and 21st.

Plans are in the process for All School Follies, sponsored by Murray's Music Department. Each club on campus will be invited to participate. Expect to hear from them in the near future.

Tuberculosis sickness and death rates are higher in older persons. Many middle-aged and older adults have had TB for a long time and have never found it out. They don't know they're sick... even though they may be infecting others.

Chancellor visits Murray campus

Dr. E. T. Dunlap who is Chancellor of the Oklahoma Regents for Higher Education paid a visit to Murray College, February 5. This was Dr. Dunlap's first visit to the campus since the new facilities and buildings have been brought into use. He was very impressed with the amount of progress that has been made.

Poe elected Patton Prexy

Members of Patton Hall recently elected Lou Poe, freshman from Dickson, as president. Phyllis Lawson, a freshman from Bennington, was elected social chairman.

Plans were made to have a Valentine's party, February 12. Phyllis appointed a refreshment committee. It consists of Lou Poe, Cecil Staggs, Sharon Sledid, and Frances Haney. Each girl was asked to invite one guest. The party will consist mostly of dancing.

A neglected customer will soon be a former customer. Lots of people play dumb. Unfortunately, too many aren't playing.

NOTICE

All Aggies having automobiles on the campus are asked to refrain from parking too close to the west end of the new wing of the Library Science Building and on the east and north of the new Music Building.

In an effort to add more beauty to the campus, the area around these buildings is to be landscaped and grassed. To ensure a level lawn, the area must be worked and smoothed.

The cooperation of everyone is asked to grant that this project will be successfully completed.

Home Economics Department to Get appliances

The Home Economics Department is getting four new electrical appliances for demonstration from O.G.&E. in Durant. They include a G.E. range, a Frigidaire refrigerator, and a Maytag washer and dryer.

More girls are wanted and needed in the new meal-planning class which meets lab on Monday afternoons. This class is at present preparing and serving dinners.

The sewing class has lab on Thursday afternoon. Most of the girls are working on empire styled dresses and the A-line shell dress. Any girls who are interested in sewing their own Spring wardrobe are invited to join the class.

Discussion group to meet weekly

A Great Decisions group, which is composed of townspeople, has begun meeting in the new classroom building to discuss the problems facing the American people. This group meets each Monday night at 7:30 in room 104. The topics to be discussed include "Castro's Cuba", "Foreign Aid", and "Disarmament". The group is sponsored by the Chickasaw Multi-county Library.

All students are invited to attend these discussions.

Honor group plans program

Phi Theta Kappa installation for new members will be held Wednesday, February 12, in the Murray Auditorium.

Letters of invitation were sent following the February 30 meeting to several students eligible for membership after the fall semester. These students must all have a 3.0 average and be enrolled in at least sixteen hours.

THE AGGIELITE STAFF. This group consists of, left to right, Patsy Belcher, editor-in-chief; Don Neal, sports editor; Aaron Hulstine, assistant editor; and Mary Putman, copy editor. Shown in their recently acquired lab, the group, along with the help of a number of reporters and publisher Tom Wood, is responsible for the production of Murray's school paper, The Aggieelite.

Top Students Receive Awards at Assembly

High honors have been awarded the TOP TEN STUDENTS on Murray campus for scholastic achievement for the Fall semester. Plaques were presented to the students during a special assembly held Thursday, January 30.

Four students tied for first place with a 4.0, or straight A grade average.

Related Picture on Page Four

erage. Top four are Gary Bob Barnett, sophomore business major from Ardmore; Kay Evers, sophomore from Ardmore; majoring in biology; Ellen Williams Lord, freshman elementary education major, also from Ardmore; and Floy Sliker, freshman business major from Madill.

Six others named to the Top Ten, with no grade lower than a B, are: Kenneth Jack Dolzalek, freshman from Whitesboro, Texas, a chemistry major; Ramona Hertel, freshman from Milburn majoring in medical technology; and Ronald Mills, from Milburn, freshman pre-vet major.

Also, Janie Hudson, freshman general education major from Tishomingo; Aaron Hulstine, freshman from Tupelo, major in journalism; and Lewis Parkhill, sophomore language arts major from Mansville.

In order to be eligible for the top ten list, the student must be enrolled in at least 15 semester hours. Charles Wyatt, Tishomingo, and Gala Borchering, Ardmore, maintained a 4.0 average, but were not carrying the required number of hours for eligibility.

Certificates of membership to Phi Theta Kappa were also given to Lewis Parkhill, Mansville; Glen Dilbeck, Sulphur; and Nolan Arthur, Perkins.

There are forty-five members of the Dean's Honor Roll for the first semester. The requirement for the Dean's Honor Roll is a B average in at least fifteen hours and no grade lower than C. Those meeting (Continued on page 4)

College Group Participates in Judging Contest

The Murray State College Livestock Judging Team participated in the livestock judging contest held in connection with the Southwestern Exposition and Fat Stock Show, Fort Worth, Texas. There were a total of fourteen teams in the contest held January 27, 1964. These teams, consisting of 3 members, were representing Junior A&M and Teachers Colleges from Oklahoma, Texas and Colorado. Only freshman agricultural students can compete in the contest. The contest consists of judging 9 classes of livestock consisting of 3 classes each of cattle, sheep and hogs. In six of the classes judged, the boys are required to give oral reasons before the judges to verify their placings.

Murray State College was the 10th high team in the contest. Members of the team were: Mike Hunter, Sulphur; John Cope, Macomb and Paul West, Lexington. Individually, Paul West was the 13th high individual and John Cope was the 16th high individual of the contest. The team will be competing in the contest held in connection with the Houston Fat Stock Show on February 28, 1964.

A THOUGHT —

Everyone wants the respect of his fellow-man. It is important because a respectable person is appreciated and, more important, accepted. An excerpt from "Othello", by William Shakespeare, stresses this point quite well. It reads, "Good name in man and woman's dear, my lord, is the immediate jewel of our souls: who steals my purse steals trash, 'tis something, nothing, 'twas mine, 'tis his, and has been slave to thousands; but he that filches from me my good name robs me of that which not enriches him and makes me poor indeed."

Then, you may ask yourself, "how do I get a good name in the first place?" It is by adhering to the axiom that honesty is the best policy, by striving always to do what you know to be right. If you rob a person of his good name or lower him in the eyes of others, you have gained nothing; but if you speak an occasional good word for others, you are contributing to their good name as well as your own.

In conclusion, there is one more thought that is worth turning over in ones mind. "There is so much good in the worst of us, and so much bad in the best of us, that it doesn't behoove any of us to talk about the rest of us."— J. P.

OLD BEN HAD IT RIGHT!

Time is the essence. With every hour of every day comes an unforeseen opportunity to give meaning to life. Seldom do human beings evaluate their motivation that they may co-ordinate time and purpose.

Strangely enough, college students, young people who supposedly have goals in mind and rigid daily schedules to follow, are encountered with spare time. Is this time a bad thing? Many students fail to recognize off-class time as a period for self-adjustment and rest. They instead squander an alarming amount of hours of their youth in passing absent-minded inane conversation about the lack of things to do. Need they have someone dangling a list of things to do before their eyes? Are toys and games without end the answer to entertainment? One has only himself to blame when he is bored all the time.

Doubtless to say, if this campus were endowed with an unlimited number of "jumping" entertainment spots and activities to engage in, these same agonized people would inhabit them in the same state of mind—bored stiff.

True, boredom is a facet of human nature, therefore every human being is entitled to an occasional moment of boredom. But, need boredom prevail? Time is food for thought, conversation, recreation, and creation.

Search yourself. Do you get bored everyday? What do you do with your spare time? Ben Franklin once said; "Since thou are not sure of a minute, throw not away an hour."

Angel Flight Selects two New Members

The Angel Flight Selection Committee met Monday, February 3, to interview girls interested in joining the Murray Angel Flight. Lynne Shelton and Lois Black were accepted into membership.

A meeting of the Angel Flight was held Monday evening with President Kerry McKee presiding. Lois Black was elected vice-president.

It was decided to have an "Angel of the Month" picked by a selection committee on the basis of participation in the club projects and skill and improvement in drill. This will be published in the Aggielite as well as the girl's hometown paper.

A magazine drive for the hospital is to be sponsored by the Angel Flight. The volunteers for the first three weeks are Julie Parkhill, Lou Poe, Freda Webb, Judy Matheson, Janie Hudson, and Lynne Shelton.

Many of the girls in Angel Flight have welcomed guests and helped serve for various activities and functions at Murray. One such event will be the welcome to high school students taking the ACT tests Saturday, February 15. The girls participating will be Sue Harrison, Julie Parkhill, Patsy Belcher, Marilyn Hamilton, and Nancy Lumpkin.

The next performance for the Angel Flight drill team will be during the halftime of the Eastern Basketball game, Monday, February 17. The Color Guard, ROTC Band, and Boys' Drill Team will also be participating.

College Couple Exchange Vows

Wedding vows were exchanged by Miss Wanda Clark, from Idabel, and Willas Crenshaw, Sasakwa, at the First Methodist Church, January 31. Leon Hill, pastor of the First Baptist Church in Tishomingo, performed the wedding ceremony.

Miss Clark wore a white, street length wedding dress. Attendants were Jerry Jimenez, Taft, Texas, and Patsy Belcher, from Wapanucka, Oklahoma.

Wanda is a sophomore at Murray majoring in elementary education. Willas is a sophomore majoring in Agriculture.

They are making their home at the college apartments. Plans have been made to continue their education but the college they will attend is still undetermined.

This 'n' That

By Patsy Belcher
 Attention Girls: Tommy Barber has decided to give you a rest this semester or at least give equal time to his studies.

Terry Smith has announced the date of his forthcoming wedding to some lucky girl (undetermined yet) on Feb. 30, 1964.

The engineers have a poem they want to dedicate to the Aggies:

What a funny bird the frog are
 When he sit he stand almost
 When he jump he fly almost
 He ain't got no sense hardly
 He ain't got no tail hardly, either
 He sit on what he ain't got almost

The author is anonymous. (I wonder why)

We would like to wish the best of luck to Kathy McKee as she recovers from a serious automobile accident.

A group of Murray students are planning to play a charity basketball game at Davis this Thursday for the Davis little league program.

The Student Senate is sponsoring another "big" dance, to go with the Freshman Prom this year. The "Valentine" dance, at which the campus "king" and "Queen" will be crowned should be a real success.

The Wesley Foundation is meeting again, after a break for the end of the semester. They meet at 6:30, Wednesday nights, in the basement of Poe Hall.

Weddings seem to have almost stopped around Murray. Wanda Clark and Willas Crenshaw seem to be the only ones to take the big step this semester. Maybe, since it's leap year, the boys are waiting for the girls and the girls are wise enough to look before they "leap."

The man who rows the boat doesn't have time to rock it.

Angel of the month—

Sue Harrison

Sue Harrison was chosen as the February "Angel of the Month" by the Angel Flight Selection Committee.

Miss Harrison is a Freshman from Terrell, Oklahoma, majoring in Social Studies. Besides being active in Angel Flight, her activities include Goal Diggers, Drama Club, and Music Club.

The Selection Committee includes Major Jack Carter, Dean Richard Murray, Kerry McKee, and Nancy Lumpkin. The selection is made on the basis of participation in the club projects and skill and improvement in drill.

SPORTS

Up and Down the Sideline

By Don Neal

Oklahoma Sports fans will remember the month of January 1964 forever. This was the Month that one of the foremost sports figures ever in Oklahoma resigned his post as Football coach and athletic director at the University of Oklahoma. Charles Burnham "Bud" Wilkinson was coach at the University for 17 years and his Big Red powerhouses forged a glittering 145 won 29 lost and 4 tied in that span. Three of his football teams were acclaimed National Champions, and played in 8 major bowl games. For his quiet polite ways and gentle discipline he was proclaimed as Oklahoma's sportsman of the month of January by the Daily Oklahoman.

On the basketball scene the Aggies are 8 and 5 and tied for first place in the conference at this time. Gene Wilmoth is among the leaders in scoring in the conference with an 18 point average. The Aggies have lost one conference game as have OMA and Eastern A&M.

Murray's thinclads have reported for conditioning for the track season. Several men were at the squad meeting held Monday, February 3.

Spring is getting near. Every afternoon the baseball team is out conditioning for the coming season. Baseball will start just as soon as the basketball team winds up play. Gene Robbins is the baseball coach.

Seems like Gene Robbins, head basketball coach at Murray State is becoming quite the writer. In a recent issue of the National Junior College Athletic Association magazine, he has an article on the values of discipline in basketball. It recognizes him as one of the best basketball coaches in the nation.

The name of Bud Koper, Oklahoma City U., appears twice on the latest national status sheet. He is 11th in scoring with a 27.8 average and ninth among free throw shooters with a 37.5 percentage.

Oklahoma State is leading the Big Eight Basketball race with 4 wins and no losses in league play. Tulsa also broke its Nemesis with a 74 to 58 win over Cincinnati. The Bearcats had beaten Tulsa 13 straight times since entering the conference in 1958.

In intramural play the Dragons won the Volleyball Championship with a win over the Crew. The Bootleggers and Goldbrickers were tied for third Intramural Basketball has just gotten under way.

Connors slips by Aggies, 49-46

Connors, playing a tough zone defense and careful ball possession, knocked Murray from the number one position in conference play. Murray, who couldn't find the range of the basket shot a measly 29% from the field, and connected on 8

of 13 at the free throw line. Connors shot a fair 38% from the field and 19 of 29 at the free throw line.

The Murray Aggies were paced by Sophomore Gene Wilmoth with 15 points, followed by Tom McBride and Alvie Nelson with 6-1-8 apiece. Others scoring were Winfred Anderson with 6, Bob Parkhill 4, Willy Jackson 2, and Charles Thursday 1.

For Connors, Griggly was the leading scorer with 13, close behind him was Johnson with 12. Also scoring for Connors were Aday with 7, Edmondson 5, Colliers 4, and Davis 2.

Today's goal should be tomorrow's starting point.

Dragons win in volleyball, Crew is second

The Dragons are intramural volleyball champions. The Dragons pushed the field back and took the championship from the Crew in the finals. The Crew reached the finals by defeating the Bootleggers in the semifinals. The Bootleggers and the Gold-Brickers wound up in third place.

The Crew holds a slim half-game lead over the Bootleggers in intramural basketball play. The Crew has won three games, the Bootleggers have won twice and have no losses. J. T. Cotter, Sulphur, scored seven points and led the Crew to a close 15 to 14 win over the Gold-Brickers.

The Bootleggers, using a well balanced scoring attack led by Charlie Thompson, Brumide; Jack Smith, Davis; and Don Robertson, New Lima, ripped the Aggies 32 to 2.

Other scores for the first week of action: Fulton Hall 22-Dragons 13, Ground Hogs 24-Go-Getters 21, Aggies 1-Faculty O.D.A.'s 24-Rodeo 13, Bootleggers 26-Gold Brickers 17, Go-Getters 17-Fulton Hall 16, Crew 24-Aggies 29, Rodeo 22-Ground Hogs 14, D.A.'s 1-Faculty 0, Crew 19-D.A.'s 10.

Cadets dim Murray 86-105

Oklahoma Military Academy dimmed Murray's conference title hopes Thursday, February 6th, by dumping them in a high-scoring tussle, 105-86.

The Cadets were red-hot from the field, hitting 42 of 72 shots for a sizzling 58%. The Aggies could not find the hoop as they hit only 33%. Murray worked for shots but, just couldn't hit them.

The Aggies were able to stay on the boards with the taller Cadet as they were out rebounded only 50 to 48. Wilmoth was tops for the Aggies with 15 bricks. McDaniel of O.M.A. was top rebounder in the game as the 6'7" forward pulled down 18.

The Cadets have all but wrapped up the conference title with a 5-1 record. Their only loss was to the Aggies. The Aggies dropped to 2-2 in the conference with an 8-6 for the year.

Keep Freedom in Your Future

With U. S. Savings Bonds

GEARY WALLACE, Waurika sophomore, grabs a rebound during the Oklahoma State Tech game, as Shannon Saxon, Mannsville; Dennis Smith, Duncan, and Martin Moore, Warner look on. Murray won the game 92 to 67.

Aggies have ups and downs

Murray's Aggies have had their ups and downs the past few weeks. They beat O.M.A. on Murray's court and then they were defeated by Cameron at Lawton. They walloped Northern and won again by beating Oklahoma State Tech at Tishomingo.

The Aggies built up an 18 point lead at half time against O.M.A. and then fought off a late Cadet rally to edge O.M.A. 83 to 76.

The outmanned Oklahoma State Tech team ran into trouble against the Aggies. Having a miserably cold night from the field, they did not score before three minutes had elapsed on the clock and were walloped by the Aggies 92 to 67.

The following game was a heart-breaker. Though the Aggies led at times they could not fight off the Cameron team and lost by a close point decision.

STUDENTS with the four highest grade points for the first semester receive awards from Dr. Freeman McKee. Honorees with 4.0 averages are from left

to right: Ellen Williams Loard, Kay Evers, Gary Bob Barnett, all from Ardmore; and Floyd Slinger, from Madill.

Record albums Are available

If you've been in the Library lately, and what student hasn't, you've probably noticed the facelighting the general area around the offices is getting.

Books, shelves, and desks are being moved. Mr. Shelton, the custodian, fastened a row of shelves along the east wall of the Library Work Room which will make the work of the librarians much easier.

Mrs. Mahoney's former office is being converted into a record room known as the "Listening Room" where students and faculty may come, listen to records, and even check out their favorites.

A new record player for the Listening Room will be ordered shortly.

The Library has a fine collection of albums including the works of Beethoven, Mozart & Schumann, and some popular recordings of Fred Waring, David Rose and Bing Crosby.

Now that the Listening Room is open and the facilities are soon to be available, a greater amount of circulation in the Record Department is expected.

Students Make good use of library

Although the library lost a few days' circulation during January due to finals, change of semesters, enrolment day and beginning of new classes, the monthly circulation report showed a noticeable increase in library usage. Could it be that cramming for those popular end of semester exams caused the figures to jump from 2020 in December to 2454 in January?

During the daytime hours in December, 1091 people used the library, while in January the count was 1566. Night time hours seem to be most popular, with 929 persons using the library in December, and 888 coming in to study, work on reports, check out books, etc. in January.

An interesting jump was the use of non-fiction by faculty members to an average of 3 1/2 books per month. Fiction seems to be less popular with both students and faculty; or it is merely that people read less for entertainment and pleasure than they do for information; or, in a few cases, only because they need to read something for class work?

An increase in reserve book reading was shown, especially by students of Mr. Calvert, Mr. Rainey, and Dr. Martin.

A new item on the report this month is the circulation of records, which will soon be properly indexed and catalogued for more widespread circulation and enjoyment.

Many more students and faculty members checked out periodicals this month, than in December, with a total of 146 circulation. The library subscribes to double copies of those magazines which it binds, which leaves one copy free to be checked out for one night. Periodicals other than the most recent issues are circulated for overnight use.

With the exception of Fridays, afternoon and evenings continue to be the most popular hours for library study, reflecting the heavier enrollment in morning classes. Friday, of course, is the exception because many of the students do their weekend studying at home.

The world steps aside for the man who knows where he is going.

AN UNLIKELY combination for college students. It did, however, prove not as unlikely as it may seem. Shown above, Ellen Loard, wife of Ray Loard, both of Ardmore, disproved the accepted belief that children and college seldom mix. She did so by gaining a perfect 4.0 grade point average for the first semester. The baby's name is Kelly Elizabeth.

Ellen Loard Proves it: Mom is a good student

Every College student thinks that each day just doesn't have enough hours. Every mother thinks the same. Think of the plight of someone who is both a college student and the mother of a brand-new baby. Imagine such a person making a 4.0 average. Sound impossible? Ellen Williams Loard, daughter of Mr. and Mrs. Curtiss Williams of Ardmore, is such a person. She and her husband Ray, who is the son of Mr. and Mrs. Alvin Baxter of Ardmore, are freshman students at Murray State College, where both are majoring in education. Their daughter, Kelly Elizabeth, was born Dec. 7, 1963. During this time, Ellen missed three weeks of school. Ellen says that Kelly is no problem "thank goodness." She sleeps through the night, therefore not disturbing her mother's sleep. She was especially good during exams, so there was plenty of time for studying. Organization of time was a prob-

lem at first. It seemed as though it was always time for water, juice, bath, or feeding for Kelly. Ellen feels, however, that she is now getting used to Kelly's schedule and is finding time for her other work. She says that Ray helps with the juice and bottle, and is very good at calming Kelly when she is upset.

Ellen and Ray met in Junior High School. They dated all through high school, and were married Feb. 28, 1963, but kept the marriage secret until they finished high school.

While in high school, Ellen was a member of the National Honor Society, Future Teachers of America, various music groups, and the pep club (she walked Ray off the football field after each game). She says she chose Murray because it was close, and inexpensive. She likes most the student-teacher relationship.

Top students —

(Continued from page 1) the requirement are, Charles Cail, Roy Cail, Julie Parkhill, and Lewis Parkhill of Mannsville.

Paula Gilbert, Billie Heffington, Jena Hellack, Jane Hudson, Kerry McKee, and Patty Payne all of Tishomingo.

Beverly Keys, Judy Matheson, Dave Ralston and Stephen White of Ardmore, and Aaron Hulstine and Jacquita Perry of Tupelo.

Jimmy Alton, Ada; Nolan Arthur, Perkins; Michael Barnes, Denison, Texas; Patsy Belcher, Wapanucka; Nolan Bullard, Elmore City; Jonny Cope, Macomb; and Mickey Davenport, Okmulgee.

Glen Dilbeck, Sulphur; Ken Dolezalek, Whitesboro, Texas; Bill Duff, Madill; Philip Fass, Pawnee; Connie Havens, Haworth; Larry Heard, Hickory; Wendyl Heffington, Cornersville; Ronald Henson, Kingston; and Homania Hertel, Milburn.

Gerando Jimenez, Taft, Texas; Dewayne Miles, Olney; Ronald Mills, Newalla; Ronald Mullens, Durant; Forest Peyer, Shawnee; Warren Phillips, Mountain View; and Gilbert Sanders, Oklahoma City.

Also Cecile Staggs, Davis; Ronnie Stenson, Lone Grove; Loyd Stone, Stratford; Ernest Sykora, Marietta; Geary Wallace, Waurika; Earl Wigington, Paden; and Lois Willingham, Coleman.

Tribesman Staff Completes new Section

Final layouts on the organizations section of this year's THE TRIBESMAN has been completed and shipped to the publisher. Deadline for the final shipment is February 27. This last section consists of the campus favorites, campus life, and advertisements.

The Annual Staff Banquet has officially been set for Tuesday, February 11. The event will take place in the faculty lounge from 6:00 to 10:00 p.m.

Mr. and Mrs. J. W. Fletcher and Mr. and Mrs. Gerald Alloway will sponsor the banquet. The banquet is limited to the annual staff members and their dates. Special guests for the evening will be President and Mrs. Freeman McKee and Dr. and Mrs. Richard Murray.

GOOD CLEAN FUN

"Please don't!" "It's cold!" "But I don't need a shower!" What started out to be a quiet night in Patton Hall turned out to be a wet free-for-all.

The sophomores (which number about 5) finally decided to initiate the freshmen girls.

Screams could be heard all over the dorm as one after one, freshmen girls were thrown in a cold shower fully clothed. A few of the girls wised up to what was happening and quietly went to bed after locking their door. But it seems as though Mrs. Haynes has a master key that she just happened to lose. Those girls were promptly escorted to the shower by ten or eleven girls who had already had their friendly bath.

Two girls escaped the brawl by hiding. But, their roommates didn't want them to feel left out, so they kindly reported them to the other girls. When they found Rachel and were dragging her up the hall she yelled her last-dry call, "They got me Perry." But it seems that they had found Perry also, and she was already on her way back from her refreshing shower.

All girls (including sophomores) were initiated that night. The freshmen can hardly wait until next year when they get to have the fun.

Perfection is attained by slow degrees; it requires the hand of time.

 COLLEGE STUDENT
 FACULTY MEMBER

CADET COLONEL KENNETH JENSEN, Ardmore, is the new commander of the 20th AFROTC cadet group. He is shown with Honorary Cadet Colonel Janie Hudson, Tishomingo. Jensen is only one of many cadets who received promotions for the new semester.

Jensen is Cadet Colonel; Staff officers are chosen

Kenneth Jensen, Ardmore, is the new Group Commander of the Murray College ROTC group. Ken is a math major and a member of the Phi Theta Kappa honor Society, Engineer Club, and Vice-President of the Officers' Club.

Gary Barnett, also of Ardmore, is Mr. Jensen's special assistant. He was Cadet Colonel the first semester and now is assisting Colonel Jensen. Both carry the rank of colonel.

Newly appointed officers are Lewis Parkhill, Mannsville, Executive officer; Jerry Winchester, Mannsville, Operations officer; J. T. Cotter, Sulphur, Administrative Services officer; David Ralston, Ardmore, Personnel officer; Mickey Davenport, Okmulgee, Inspector; Wendy Hambrick, Ardmore, Informations officer; Lloyd Smith, Assistant Operations officer; Tommy Linam, Assistant Administrative officer; Wendyl Heffington, Assistant Personnel officer. All of these carry the rank of Major.

Squadron Commanders for the group are Thomas Bohannon, Maud, Band; Michael McCauley, New York, Drill Team; Virgil Kennedy, Harrah, Color Guard; James Staton, Hendrix, 40th squadron; Dennis Maxwell, Norman, 41st squadron; Ernest Sykora, Marietta, 42nd squadron, and Don Reed, Duncan, 43rd squadron. These men also are cadet majors.

Science Club elects officers

New officers for the Science Club were elected at the reorganizational meeting held February 11.

Vaden Morgan, sophomore from Tupelo, was elected president. Other officers are: vice-president, Walter Morgan, freshman from Ryan; secretary-treasurer, Roy Cull, sophomore from Mannsville; Student Senate representative, Charles Cail, sophomore, also from Mannsville; and reporter, David Ideman, sophomore from Wilson.

Club meetings will be held the first Tuesday of every month. All science majors are invited to become members.

Student Union receives new equipment

Southern Vending Co. of Ardmore equipped Murray College last week with a variety of new vending machines.

In addition to four soft-drink dispensers (one in each dormitory) and four candy machines, Murray also got two cigarette machines (one for each boys' dorm), a pin-ball machine for the Student Union, and a new Stereo-phonics juke box for use in the dancing area in the Union.

The juke box has three extension speakers, two of which have been placed at the far end of the Dancing Area away from the juke box; the third, equipped with a volume control, has been placed in the Main Area in the Student Union. A wall selector has also been placed in the Main Area, saving the students a number of steps when they make their selections.

Students are reminded that the candy and soft-drink machines are on a trial basis and receptacles, placed near the dispensers, are expected to be used by all students.

The new machines are available, courtesy of the Student Senate.

Home Economics students busy

Centerpieces and dishes for a special buffet lunch for Murray students were recently arranged by the Home Economics girls to assist Mr. Hefner, manager of the Cafeteria.

"Valentine's Day" was the theme for the centerpieces made on three separate occasions by the home ec. girls. They assisted Mr. Fletcher in serving the Annual Staff dinner, arranged a buffet table and served coffee to a group of visitors from the Health Association, and served punch and cookies to a group of high school students who took the ACT test Saturday, February 15.

On February 23, ten of the home ec. club girls will assist Mr. Hefner in the cafeteria by waiting tables for the Chamber of Commerce Banquet. Also on the 23rd, they will assist Mrs. Vera Taylor in conducting a "hat-making" workshop for the Home Demonstration Club members of Johnston County. The workshop will be held in the clothing lab, room 103 in the Classroom Building and will last all day.

Governor Bellmon has requested that 4-H and Home Ec. Clubs over the state solicit contributions to send the Oklahoma exhibit to the World's Fair. The Murray Home Ec. Club girls are complying by selling gold medallions for \$1.00 each. Anyone who is interested in buying a medallion may contact any of the following club members: Judy Matheson, Freda Webb, Barbara O'Dell, Ola Mae Lamey, Karen Hall, Betty Harkins, Lois Willingham, Patsy Belcher, Wanda Crenshaw or Sherry Horton.

Wesley Foundation plans programs

Wesley Foundation has planned special programs concerning Easter to precede Spring Vacation. The Foundation meets Wednesdays at 8:30 in the basement of Poe Hall. All students are welcome and urged to attend.

Religious Emphasis Week to be observed on campus

Rabbi Norbert L. Rosenthal

Music group visit McAlester

School relations work for Murray College was underway when the Murray Music Department embarked upon a journey to McAlester at 7:00 a.m., February 19th.

Sue Harrison, Kerry McKee, James Davis, The Foursmen, The Girls' Trio and the Balladiers filled the entertainment bill with a hoot-enanny which they presented to McAlester high school students. Dean Cleveland handled the business portion of the trip with an inspiring and invigorating lecture concerning Murray College.

Overall, the delegation considered its audience quite responsive and was seemingly impressed by the grandeur of the modern new auditorium in which the affair took place.

Angel Flight to perform at Eastern

The Angel Flight has accepted an invitation to perform at halftime during the Murray State, Eastern A&M Basketball game Saturday, February 23.

Tentative plans to travel to Perrin Air Force Base in March have been made. The Angels will accompany the Boys' Drill Team.

Campus to receive "facelifting"

Mr. Jim Gaylor, horticulture specialist at the Noble Foundation in Ardmore, paid Murray College a visit on February 6th. He offered advice and assistance as to the landscaping of the new buildings on campus.

Plans have been completed and the college is now in the process of securing material to set out around the Music Building, Class Room Building and addition on the Library Science Building. Establishment of Bermuda grass lawns around these buildings is being tested.

ATTENTION SOPHOMORES! A representative from East Central State College, Ada, will be on the campus Thursday, March 5, from 8-12. Any student who wishes to talk with this representative may do so in the conference room of the student union.

Rabbi Norbert L. Rosenthal of Temple Israel in Tulsa, Oklahoma, will be on Murray campus this week representing the Jewish Chautauqua Society during Religious Emphasis Week, February 24-28.

The week's activities are sponsored each year by the Student Senate to advance student awareness and recognition of religion as an important facet of college life. All students are encouraged by the Senate and the administration to participate.

Buzz sessions will be conducted in each dormitory Tuesday evening, 7:30 p.m. Four Tishomingo ministers will be present to answer questions concerning different phases of religion.

A special assembly will be held Wednesday at 10:15 in the college auditorium, where Dr. Rosenthal will be featured. The rabbi will speak on the subject, "Questions People Ask About Judaism."

The rabbi lectures on college campuses under the auspices of the Jewish Chautauqua Society, an organization which creates better understanding of Jews and Judaism through education.

Three different classes of students will be selected by the Student Senate to meet with Dr. Rosenthal at 11 a.m. Wednesday in order to ask prepared questions concerning the Jewish religion.

Honor society include new students

Phi Theta Kappa initiated 13 new members by formal candlelight ceremony held February 18 in the college auditorium.

Gary Barnett, Phi Theta president, was master of ceremonies for

(Related Picture on Page Two)

the event. Significance of the organization's symbols, the white carnation and lighted candle, was given by vice-president Earnest Sykora and secretary Nancy Lumkin. Kendrick Hambrick presented the history of the organization.

To be eligible for membership in the honor society, the student must have been listed on the Dean's Honor Roll, with no grade lower than a B. Initiation included repeating the Phi Theta pledge, receiving a lighted candle and carnation, and signing the roll book. New members are Kay Evers, Ardmore; Janie Hudson, Tishomingo; Ramona Hertel, Fillmore; Aaron Hulstine, Tupelo; and Kerry McKee, Tishomingo.

Also, Ronald Mills, Newalla; Jacquita Perry, Tupelo; Warren Phillips, Mountain View; Richard Rase, Shawnee; Gilbert Sanders, Oklahoma City; Floy Sliger, Madill; Ronnie Stinson, Lone Grove; and Loyd Stone, Peden.

Dancers needed for new act

"The Music Department desperately needs two Hula Dancers for a Hawaiian act," says Mr. Reid, the Music Director.

The two girls are needed for an act being formed by the Mayo Brothers, commonly known as the "Balladeers."

Any girls interested should contact Mr. Reid at their earliest convenience.

TEENAGERS AREN'T SUCH HEAVY SMOKERS

In October of last year, an amazing research was conducted by the principals and teachers of Tulsa's school system. This research came in the form of questionnaires which concerned smoking and certain other social habits of teenagers. Although the test dealt with other things, the primary interest was concerning the percent of students who smoke and to what extent each one smokes. All 27,485 teenagers who took part in the research received and completed the test on the same day. This in itself was quite an accomplishment.

In the first year of junior high, 12% of the boys smoke while only 5% of the girls do. From their sophomore year of high school to their senior year the percent of male smokers increased 10% from 27% to 37% while the percent of female smokers heightened from 14% to 25%.

Another factor with which the questionnaire was concerned was the extent of smoking. It seems that smoking is somewhat moderate during the years of junior and senior high school. Of the approximately 31% who smoke, 27% smoke less than a pack per day.

★—Most Improved Cadets of the Month—★

Bill Duff
Cadet Captain Bill Duff, Madill, is the sophomore cadet of the month. Bill is married and he and his wife live in the campus apartments.

His other activities at Murray are vice-president of the freshman class, and is member of the college band.

While in high school at Madill, he was a four year letterman in football, basketball, and he also ran track. He participated in the band for six years and was a member of the All State band. Bill is majoring in pharmacy.

A. B. McReynolds
Cadet Staff Sergeant A. B. McReynolds, Honouliuli is the freshman cadet of the month. A. B. is majoring in Agriculture, and is very interested in Rodeo competition.

He is a member of the college Rodeo club, and Aggie club. His main interest is animals, horses in particular.

This award is presented each month to the cadet who makes the most improvement in drill, class work, and attitude.

Defeat isn't bitter if you don't swallow it.

This 'n' That

By Patsy Belcher

The Senior Class of Bray, Oklahoma, visited the campus last week. A welcome is always extended to all High School Seniors who want to come and visit.

The Angel Flight and ROTC Drill Team performed during the half-time ceremonies of the Murray-Eastern basketball game. Things went off very well, especially considering the number of new members.

School Spirit was especially high at the Eastern game. A group of boys lead all sorts of new "cheers".

Thanks to Lynne Shelton, Ardmore, and Karen Hall, Konawa, there were huge signs behind the bleachers at the last two home basketball games. These "Beat Cameron" and "Stomp Eastern" signs really looked great.

All who read "This 'n' That" in the last Aggielite, learned that Terry Smith, Wynnewood, had announced February 23 as his wedding date, but had not yet chosen the lucky girl. Well—Terry is now going steady with Lou Poe from Dickson.

A lot of the girls have been complaining about "charley horses" and sore muscles. Coach Robbins' Physical Education class must be on the ball.

The Beanties are really the rage now. I haven't seen many Beantie hairdos at Murray, yet, but keep expecting to see one any minute. Girls are wearing these hairdos, too, I hear. Might get difficult to tell which is which!

In addition to the Ritualistic Candlelight ceremony by which new members are initiated into Phi Theta Kappa, there was an informal initiation by the old members. The pledges said "Good Morning" to each teacher, each day, and carried "shoe-shine cloths" for the old members, if they should happen to meet them on campus.

Our busy Public Relations Director, Mr. Tom Wood, has been receiving mysterious notes from a mysterious "Phantom".

Mr. Lloyd Goss, History Instructor, has a new (or is it only?) speaker's stand in his classroom (room 102) in the classroom building. This stand was confiscated from another classroom by a student. Every student surely knows that Mr. Goss would never let such a thing enter into his grading system!

The Angel Flight was officially invited to Wilburton, Oklahoma, to visit with the Eastern A&M Angel Flight.

PHI THETA KAPPA initiated thirteen new members, using the traditional Candlelight ceremony. Phi Theta Kappa is a national honor society and is composed of the upper 10 per cent of the student body.

SPOTLIGHT

Linda Huebsch

Girl in this week's Spotlight is Linda Huebsch, sophomore business major, who is better known as "Evy" to Aggies, and as "Hippy" to Murray majoring in Physical Education and Coaching.

Linda is a member of Murray's Goal Diggers and College Choir. She also holds a part-time job as secretary to Mrs. Capitola Boyd, English instructor.

While attending high school at Madill, Oklahoma, Linda was active in Pop Club, Glee Club, and Future Homemakers of America. Last year as a freshman, Linda was an active member of both the College Choir and the Goal Diggers.

Linda comments on her two years at Murray: "I wouldn't trade them for anything. Murray has done more for me than anything else ever has. It has made me a much better person through its vocational training and its various student activities. I feel at home here."

Lloyd Smith

Lloyd Smith, son of Mrs. and Mrs. James M. Smith of Oklahoma City, is the boy to be spotlighted this week. He is a sophomore at Murray majoring in Physical Education and Coaching.

Lloyd, better known as "Lobo" to Murray students, played football four years at Chetaw High School and was a member of the Chetaw Letterman's Club for three years. At Murray he has played on the team his freshman and sophomore years. This year he is president of the "O" Club. He is also a Letterman in the A.F.F.O.C.

Lloyd's main interests are football, hunting, fishing, and all other types of sports.

After completing his education at Murray, Lloyd plans to attend East Central State College. After obtaining his diploma he plans to coach high school football and physical education.

Students enjoy buffet dinner

Results of a recent trial buffet dinner held in the college cafeteria were very satisfactory.

Listed on the menu were chicken fried steak, meat and cheese tray, ravioli and sauce, and barbecued wiemers. Vegetables included potato salad, baked beans, whole kernel corn, green beans, and carrots. Also served was a salad with choice of Thousand Island or French dressing, a relish tray, and a fruit bowl.

Either jelly or cake could be selected for dessert, and iced tea for drink.

Mr. Rex Helmer, college cafeteria manager, was well pleased with the small amount of food rejected by the students and faculty. He plans to offer another dinner of this sort during March.

SPORTS

Up and Down the Sideline

By Don Neal

Murray's annual high school invitational track meet has been set for April 11th. High school athletes from all over the state, are expected.

Murray state is to host a playoff game Wednesday night, February 26, between Connors Jr. College of Warner, Okla., and Weatherford Jr. College of Weatherford, Texas. This game will decide which team will compete in the regional Jr. College Basketball tournament to be held at Tulsa Edison High School in Tulsa, Oklahoma.

Murray State's Aggies have drawn St. Gregory's of Shawnee in the first round of the regional tournament. Bacone is the favorite to move into the National tournament sporting a powerful offense and a strong defense, but there are several teams around capable of knocking them out of the spot. Oklahoma JUCO conference leader O.M.A., St. Gregory's, and defending champion Murray are always tough and will not let Bacone walk off with it.

The football field is getting a new facelift this spring. It has been plowed under and will be planted later.

Baseball season is getting closer than most people think with major league spring training just a little over a month away. The baseball season at Murray is tentatively set to begin on April 15th. Most of the boys on the team are working out on their own until basketball season is over and then some of the basketball players can join the squad. Several boys have shown an interest in playing baseball and with the addition of the players on the basketball team, they should have a fair sized squad.

High school basketball teams around the state will be winding up regular season games in the very near future. District tournament games have been scheduled to begin on February 24, and to end on February 29. The Champions of these tournaments will move on to regional games, and then to the state tournament.

The loss of Ken Hubbs, Chicago Cubs infielder, was quite a blow to the sports world. Hubbs, 22, was in only his second year of major league baseball. He was rookie of the year in 1962, and a lot was expected of him by the Cubs.

Wilmoth hits 21 as Aggies rip Eastern 69-49

Murray State's Aggies, fighting to stay in contention for the Oklahoma JUCO conference championship, walloped Eastern A&M 69 to 49, February 17, at Tishomingo.

Eastern was Murray's fourth straight victim and ran their seasons record to 12 and 6.

Four Aggies were in double figures, led by Gene Wilmoth, Tuskahoma, with 21. Charles Thursty, Grand Prairie, chipped in 12 points. Alvie Nelson, Grant, and Wilford Anderson, Stroud, each had 10.

The Aggies were never headed as they built up a 30-to-11 lead with a little less than ten minutes left in the first half. But Eastern closed fast and Murray led by only 30-to-27 at half time.

With Eastern closing in fast during the second half, Murray's lead was cut to seven points at 62-to-45 with eight minutes to play when the Aggies went into their delay game and iced the contest from the free throw line.

What most of us need is more horsepower and less exhaust. Work done with little effort is liable to yield little result.

Aggies blast Paris 107-75

Tishomingo was a hot town, February 8, for that was the night the Murray Aggies blistered Paris Jr. College, 107 to 75.

Led by Gene Wilmoth, Tuskahoma, Tom McBride, Tahihina, and Wilford Anderson of Stroud with 26, 22, and 16 points respectively, the Aggies blasted Paris.

After building up a 45 to 32 lead, the Aggies came out and burned the cords the last half while dumping in 62 points while Paris was getting only 43.

All but two of the Aggies squad scored as coach Gene Robbins headed his bench.

Birdsong, Moffett, and Gray did the bulk of the Paris scoring, accounting for 49 points among them.

Aggies coast by Northern, 94-64

Murray State's Aggies opened up a 9 point lead with 15 minutes left and coasted to their fifth straight victory, February 21 against Northern at Murray 94 to 64.

The Aggies had four men in double figures, led by Charles Thursty, Grand Prairie, who hit 19 points. Tom McBride, Tahihina, and Gene Wilmoth, Tuskahoma, each had 14 points. Willie Jackson of Montgomery, Louisiana chipped in 10 points.

The Aggies were hot from the field, hitting 9 out of their first 10 shots. But then Northern began hitting and the Aggies went to the dressing room leading by 14, 47 to 33.

After a cold five minutes at the beginning of the second half, the Aggies started hitting again, but the bustling Northern team never stopped trying. With nine minutes to go, the Aggies had built their lead to 30 points, and the reserves held their own for the remaining 9 minutes.

Northern was led by Neal who had 19, followed by Naniss with 15 and Ninemire who had 10.

Northern to host spring rodeo

The NOJC Spring rodeo for amateur college and high school cowboys is scheduled April 24-25 at the college grounds at Tonkawa, announced James Marsh, college agriculture instructor and NOJC Ag Club sponsor.

Marsh said a Friday night performance is planned, with an afternoon performance, parade, and night performance Saturday. The rodeo is sponsored by the college Ag Club.

Last year collegiate performers entered from Tonkawa, Stillwater, Alva, Wilburton, and Miami and high schoolers came from several area cities.

The club is now working to construct stock and entertainment.

Crew holds slim half-game lead over Bootleggers

The Crew and the Bootleggers are running a close race for the Intramural Basketball championship. The Crew holds a slim half game lead, with 7 wins and no losses, while the Bootleggers are close on their heels with 6 wins and no losses. The Gold-brickers and the Go-Getters are fighting a close race for third place.

The Bootleggers and the Crew had easy times the past two weeks the Crew picking up 1 forfeit and the Bootleggers 2. Behind the shooting of J. T. Cotter, Sulphur hot shot, and Big Birdo Charles, Little Rock, the Crew ripped the Go-Getters 48 to 14 while the Bootleggers were blasting the D.A.'s 49 to 31.

Other scores for rounds 4, 5, 6 and 7 are as follows: Gold-brickers 1, Aggies 0; Rodeo 1, Dragons 0; Faculty 43, Fulton 34; Go-Getters 1, Rodeo 0; Gold-brickers 31, D.A.'s 29; Dragons 1, Faculty 0; Bootleggers 44, Ground-hogs 30; Crew 1, Fulton 0; D.A.'s 1, Aggies 0; Go-Getters 1, Faculty 0; Gold-brickers 30, Groundhogs 25; Crew 1, Dragons 0; Bootleggers 1, Fulton 0; Faculty 1, Rodeo 0; Groundhogs 1, Aggies 0; Fulton 29, Gold-brickers 22; Bootleggers 1, Dragons 0.

Murray to host playoff game

Next Wednesday night, February 26th, in the Murray College Fieldhouse there will be a playoff game, matching Connors Jr. College of Warner, and Weatherford Texas Jr. College. Admission to the Playoff game will be 75 cents for students and 50 cents for students.

The winner of this game will move into the regional tournament to be held at Tulsa Edison High School, in Tulsa, Oklahoma. The date for the tournament is set for March 5-7.

Murray College will play St. Gregory's of Shawnee at 3:30 on March 5th.

Aggies trample Cameron 56-46

Murray Aggies avenged an earlier loss to the Cameron Aggies, Saturday, Feb. 15th, by literally stamping them cold, 56-46.

It was a tight defensive game all the way as both teams stayed close during the first half. Murray built an early 16-10 lead, but saw it dwindle and fall behind by 21-19. Then Murray got hot and jumped into a narrow 31-29 lead at the break. Charles Thursty was the big gun the first half for the Aggies with 12 points and seven rebounds.

Murray limited the Lawtonians to a mere 17 points the last half and pulled away to an impressive victory. The top tally maker and rebounder for the game was Charles Thursty of the Aggies with 16 and 14 respectively.

The Aggies shot only 37 percent from the field, but relied upon a tough defense to pull out the triumph.

It was the third straight win for Murray and set them up for a big conference tilt with Eastern.

WELL, ISN'T IT WORTH A DIME to hear it all over the Union? Murray has a new stereo jukebox installed in the Student Union. Pictured with the old jukebox is Danny Reid, Madill, and Patsy Belcher, Wapanucka, is shown with the new.

Thought problem is featured in math contest

PROBLEMS

11. Which is larger, the tenth root of ten or the cue root of two?
 12. Dr. Lloyd Dross, who is always in a hurry, walks up an upwardgoing escalator at the rate of one step per second. Twenty steps bring him to the top. Next day he goes up at two steps per second, reaching the top in 32 steps. How many steps are there in the escalator?

Answers To Problems 9 And 10
 9. Area of larger square is 98.
 10. The general expression is N^2Z raised to the sixth power, where Z is any positive integer.

Example: If $Z=2$, 64 .

Murray edges Cisco Juco, 76-66

Murray State's battling Aggies, upset Cisco Jr. College 76-66 at Cisco, Texas, February 22 to run their winning streak to 6 games.

Wilford Anderson, Stroud, fired in 32 points as he led the Aggies to the 14th win in 29 starts. The big Aggie forward connected on 16 of 22 shots from the field to account for his total.

Gene Wilmoth, Tuskahoma hit 17 points and Tom McBride, Tahina, shipped in 13.

Cisco started fast and led by three with 9 minutes left, but Anderson's shooting pulled the Aggies ahead 33-30 and the Aggies were never slowed down. The halftime score read 42-41.

The Aggies took the second half tipoff and hit for a three point lead and slowly built up their lead. Then their deadly delay game took over and that was the game, 76 to 66.

The box score.

Aggies down Tech men, 90-59

Murray State walloped Oklahoma Tech of Okmulgee 90 to 59, February 13, at Okmulgee.

Charles Thursby, Grand Prairie, Louisiana, hit 22 and 19 respectively. The Aggies built a 46 to 20 halftime lead and coasted to an easy victory.

Gene Wilmoth, Tuskahoma, led the Aggies first 20 minutes with 20 points and Jackson held up the bulk of the load in the second half as he hit 13 points the last 20 minutes.

The Aggies poured in 39 field goals and 12 free throws in their total, and the Tech men hit 21 field goals and 17 charity tosses.

Murphy's APPLIANCES

CAMPUS SWEETHEART and escort, Floy Sliger and escort, Clyde Woodlridge, pose against the resplendent background provided by the Valentine's day dance. The two were selected by an election which included the candidates from most of Murray's organizations. The band shown in the background is the "Mutineers", a group of entertainers from Southeastern State College of Durant.

Sliger, Woodlridge campus favorites

Campus sweetheart, Floy Sliger, and her escort, Clyde Woodlridge, were officially recognized at the Valentine Dance, February 14, in the Murray student center. Floy was presented with a heart-shaped box of chocolate and a kiss from her escort while the band played, "Let Me Call You Sweetheart".

Other candidates for campus sweetheart were: Lois Willingham from Coleman, who is majoring in elementary education; Kerry McKee, from Tishomingo, also majoring in elementary education; Patsy Smith, from Lane Grove, who is majoring in medical technology; Julie Parkhill, from Mannsville, majoring in secretarial administration; and Jacquita Perry, from Tupelo, who is majoring in secondary English. The winning candidate, Floy Sliger is from Madill and is majoring in secretarial administration.

Candidates for escort include the following: Nolan Arthur, from Perkins, who is majoring in Agriculture; Ronnie Mullens, from Durant, also an Agriculture major; Terry

Smith, from Wynnewood, who is majoring in Animal Husbandry; Lomile Mayo, from Petrolia, Texas, majoring in Music; Aaron Hulstine, from Tupelo, who is majoring in Journalism; and the winning candidate, Clyde Woodlridge, from Wilburton, who is majoring in Physical Education. Charles Gail, an Agronomy major from Mannsville, substituted for Nolan Arthur in the coronation.

Music for the dance was provided by the "Mutineers", a music group from Southeastern State College in Durant.

Valentine's day was the theme, and the decorations, consisting of red and white crepe paper streamers and red hearts, emphasized this. Punch and cookies were served to the guests.

The poorest of all men is the one without a dream.

Annual Livestock Sale to include top animals

The Ninth Annual Murray College Beef Performance Test was concluded Friday, February 28, 1964 when 174 bulls were officially weighed off the 140 day test. The bulls representing the Hereford, Polled Hereford, Angus, Red Angus, Charolais, Charbray, Brangus, Santa Gertrudis and Milking Shorthorn breeds, had an overall average daily gain of 3.09 pounds per day. A new test record was set when a 15/19th Charolais bull owned by G. W. Banks, Clarksville, Texas ended the test with an average gain of 5.25 pounds per day. An Angus bull consigned by Murray Corbin, Tishomingo also set a new test record for his breed with a gain of 4.18 pounds per day.

One-hundred and eight of the top performing bulls of the test are consigned to sell in the Murray College Performance Tested Bull Sale at 12:00 Noon, March 14, Tishomingo, Oklahoma. To become eligible for entry in this sale, these bulls have met or exceeded the minimum Performance Registry International standards for weaning weight, 475 pounds; weight per day of age, 2.40 pounds; and gain on test, 2.60 pounds per day. The bulls consigned to the sale have an average weaning average per day of age of 2.75 pounds and have gained an average of 3.20 pounds per day on test.

Murray College had the top gaining pen of Hereford bulls with an average daily gain of 3.50 pounds and also the top gaining individual bull with a gain of 3.96 pounds per day. Other Hereford breeders with high gaining pens were Gus Martin, Coalgate, 3.27 pounds; George Coffee, White Deer, Texas, 3.23 pounds; K. P. Larsh, Roff, 3.23 pounds; and Homer Stallings, Milburn, 3.22 pounds.

The top gaining Polled Hereford pen was consigned by Bob Allee, Elk City. These bulls have gained an average of 3.56 pounds per day. Joe Edington, Barnsdall, is tied with Bob Allee on the high gaining individual Polled Hereford with a daily gain of 3.64 pounds. Other Pol-

led Hereford breeders with top gaining pens are W. F. Bowman, Lammasas, Texas, 3.42 pounds; David J. Simons, Waco, Texas, 3.36 pounds; Joe Edington, 3.27 pounds; Evert Prater, Paoli, 3.23 pounds; F & F Ranch, Coalgate, 3.19 pounds.

In the Angus division, Murray Corbin, Tishomingo, has the top gaining pen of three bulls at 3.61 pounds per day and the high gaining individual Angus with a daily gain of 4.18 pounds. Other Angus breeders who had top gaining pens of bulls were Carlton Corbin, Pittsboro, 3.43 pounds; Lee Flowers, Jr., Hobbs, New Mexico, 3.41 pounds; Clarence Burch, Mill Creek, 3.27 pounds; Lebert Shultz, Leawood, Kansas, 3.27 pounds; and Ned Biffle, Allen, 3.21 pounds per day.

In the Charolais-Charbray division, G. W. Banks, Clarksville, Texas had a pen of three bulls that gained 4.18 pounds per day. His high gaining individual bull gained 5.25 pounds per day. Mack Braly, Ada had two pens of three bulls each with average gains of 3.81 and 3.78 pounds per day.

Darold Butler, Pauls Valley had the top gaining Red Angus bull with a gain of 3.29 pounds per day. The only Santa Gertrudis bull on the test consigned by Maurice Finkle, Warner, gained 3.11 pounds per day, and a Milking Shorthorn bull owned by Jesse Arthur, Pauls Valley, gained 3.71 pounds per day.

The test is managed by Dr. Jerry Martin, held of the Murray Agricultural Department. The bulls are cared for by Murray students majoring in Animal Husbandry.

The Murray Aggie Club will be responsible for the handling of the bulls at the sale. The Aggie Club will also award trophies to Mr. G. W. Banks, for having both the high gaining bull and the high gaining pen of bulls.

The Aggie Club will also have concession stands, and will serve lunch at the sale, which is March 14, 1964.

East Central representatives visit Murray

Dr. Bill Tillman, Dean of Students at East Central State College of Ada, and Henry Wells, Public Relations Representative of the school, visited the Murray campus Monday, March 2, and talked with students concerning their Junior and Senior years at East Central.

A number of interested students talked to the two men about such things as housing, classes, and student loans.

BULLETINS

Murray students are asked to refrain from driving their cars in the area between the west wing of the Library Science Building and the Engineering Building. This area has recently been graded and the ground is soft. The graded strip is not to be used as a road, but for drainage purposes.

Wednesday, March 11, is positively the last day that 1964 graduates may furnish sizes for cap and gown rental. Participation in Graduation Exercises is mandatory! For once, there is no question as to "What will I wear?"

Wesley plans Easter Series

The Murray College Wesley Foundation will present a Lenten-Easter series on the times, teachings, and the resurrection of Jesus.

Beginning Wednesday, March 11, Mr. Lloyd Goss and Mr. Jack Ridley, of the Social Science Department at Murray, will be the discussion leaders on "The Family, the Economics, the Jewish church". It will be held at 6:30 p.m. in room 202 of the new classroom building.

Then on Sunday, March 15, there will be an evening meditation and devotion period in the same room, beginning at 6:30 p.m., also. On Wednesday, March 18, Rev. Leon Hill, of the First Baptist Church of Tishomingo, will lead a discussion on "Teachings of Jesus" or "Christian beliefs". It also will be in Room 202 of the classroom building at 6:30 p.m.

The following Sunday, March 22, there will be another meditation and devotion period in the same place.

The first event of the series will be led by Rev. Roy Weaver of the First Methodist Church of Tishomingo, over "Easter, the Salvation of Mankind." The Wesley Foundation asks that all interested persons attend all these programs.

BULLETIN

In recognition of the outstanding achievements of the members of the student body during the record semester of the 1963-64 school year, Monday, April 20, is hereby designated as "Student Achievement Day" at Murray College. There will be no classes on that date.

BULLETIN

The cafeteria will open at 4:45 this Friday, March 13, due to the Bull Banquet being held there that same evening. All students are urged to eat as soon as possible. The lunchroom will remain open until 5:30 to accommodate these students who get out of their last hour class at 5:00.

Baptists elect new officers

Baptist Student Union officers for next year have been elected.

Floy Sliger, Madill, will hold the responsible office of president of the organization. Herbert Legg of Tishomingo was elected vice-president; Betty Pickle, Madill, secretary-treasurer; and Louise McDonald, Madill, devotional chairman.

Song services will be led by Stephen White, Ardmore, and Gene Harris, Moore, will be responsible for all special activities.

These officers were nominated by a committee of five BSU members and officers, pastor advisor Leon Hill, and sponsor Ed Horton. Members of the committee were Tommy Barber, Patsy Belcher, Charles Cail, Shirley Griffith, and Lewis Parkhill.

Formal induction ceremony will be held at the First Baptist Church, Tishomingo. Date for the event will be announced later.

Members present topics during science program

Using a plastic model of the heart Vaden Morgan described the heart as to structure and function. Several facts were mentioned—for instance in 24 hours the heart uses enough energy to lift a 150 pound man 150 feet above the Empire State Building. A clogged coronary arteriole will cause an infarct or atrophied section of the heart. This is an heart attack.

Roy Cail gave an explanation of ultra violet light and its effect upon fluorescent minerals such as willemite, fluorite, sphalerite and scapolite.

Walter Morgan discussed the find of a fossil mammoth tusk in a gravel pit near Ryan, Oklahoma. The tusk was an estimated 13 feet long. A portion of it was exhibited. The mammoth, a type of elephant descended from an hog-like ancestor, existed until about 5,000 years ago in swampy areas of North America. The cause of their extinction is unknown.

Charles Cail presented a slide talk on White Sands National Monument which is located near Alamogordo, New Mexico. The sands are of special interest for two reasons. They are composed of gypsum rather than the usual quartz and they are close by the site of the first atomic test. Shown were views of the site of the first atomic explosion, several species of flora and fauna adapted to a gypsum substrate and views of shadows and ripples in the dunes as they appear early of a morning.

Student Senate moving, will occupy new offices

Engineers visit Texas Company

Mr. Harold Winburn and Mr. George Calvert, along with four members of the Engineering and Technology Club, visited Texas Instrument Inc. in Dallas on February 21.

Mr. Winburn and Mr. Calvert made the trip primarily to discuss the types of technical skills needed in electronics industries, such as Texas Instruments. In addition, they were seeking information concerning the type of training given to technologists at Texas Instruments. To acquaint them with the type of operations carried on at Texas Instruments, a morning tour was conducted of the manufacturing and engineering departments of the plant.

During the afternoon, Mr. Winburn and Mr. Calvert had a conference with Mr. Robert Cash, Plant Engineer; Mr. Martin Brieheil, Chief Design Engineer; and Mr. Austin Bonner, and Mr. Jack Patterson, of the technical training staff of Texas Instruments.

This conference disclosed that Texas Instruments wants to hire mechanical technicians and Drafting and Design Technicians with at least two years of college education. These potential employees should have a good background in English, Speech, Mathematics, Physics, Engineering Drawing, machine operations and some knowledge of materials used in manufacturing. Mr. Austin Bonner stressed the importance of English and Speech, because of the necessary communications between technicians and engineers and company executive.

The Texas Instruments representatives indicated that the basic scientific and mathematical background is absolutely necessary for their technicians. They indicated that without this training it takes about four years to train an employee, as compared to about six months for someone who has the post-high school training.

Employment opportunities are plentiful for the properly trained personnel and salaries for the industrial technician are high. A St. Patrick's Day dance, sponsored by the Engineering Club, will be held in the student union on March 17, at 7:30 p.m. Student's Special Services cards will be required for admission.

Currently a program stressing the importance of the use of seat belts is also being sponsored by the club.

College President speaks at meeting

Dr. Freeman McKee, President of Murray College, addressed the Kiwanis Club in Ardmore Tuesday, March 3.

Dr. McKee's topic was "Oklahoma State System of Higher Education", and the programs at Murray in particular. His speech also covered the three new chemical and mechanical courses that are scheduled for the school curriculum next fall.

Ludwig Eisenburg, Program Chairman of the Ardmore civic organization, introduced Dr. McKee to the 60 members present.

It has been announced by Raymond Cleveland, Dean of Students, that Murray's student senate will be allowed to assume new headquarters in the somewhat picturesque stone building located west of the college library. This small structure at present is in need of a few repairs, but the larger portion of the work it will require will be in the form of cleanup. The cleaning began Saturday morning, March 8. New installations will include mailboxes for all senators.

This in addition to a number of other items were discussed at the meeting of the student senate.

The senate suggested, and it was later approved that April 20 be selected as Students Achievements Day. This will be following a teacher's meeting held the preceding Friday thus allowing a "four day weekend".

Also passed during this session was a motion that the senate co-sponsor along with Tishomingo High School a concert by the brass choir of North Texas State University. This motion carried providing the concert is to be held here at Murray rather than at the high school. This choir was highly recommended by Jack Reid, Director of Murray's Music Department.

Dance planned for tonight

Phi Theta Kappa will sponsor a D J Dance Tuesday, March 10, in the Student Union Ballroom from seven until ten. The admission is the Student Social Activities Card.

At the March 3 meeting the Alpha Epsilon Chapter of Murray voted to accept four new chapters including Orange County Junior College, New York, Snow Junior College, Utah, Manette Junior College, Utah, and Columbus Junior College, Georgia, to the National Phi Theta Kappa.

The members present were Floy Sliger, Jacquita Perry, Kerry McKee, Patsy Belcher, Janie Hudson, Lewis Parkhill, Gilbert Sanders, Warren Phillips, Loyd Stone, and Nancy Lumpkin.

Those present discussed buying pins signifying their membership. No definite plans have been made.

Music Department in great demand

Friday, February 28th, Tishomingo's Chamber of Commerce Banquet was graced by the typically fine entertainment of the Balladiers and the Foursmen. Dean Raymond Cleveland acted as master of ceremonies.

In the near future, the Balladiers will perform for the "Bull Dinner" which will be sponsored by Murray's agricultural department.

March 17th, 7:30 marks the date and time of another appearance that the Balladiers will make. They will perform for the Texoma Association at Lake Texoma Lodge.

The Foursmen Quartet, consisting of James Davis, Phillip Fuss, Herbert Legg and Ben Smithson will harmonize for the District Rotary Convention held at Lake Texoma Lodge, March 27th.

Musical entertainment for the April 14th meeting of Tishomingo High School's PTA will be provided for by the Music Department.

A TYPICAL STUDENT?

Perhaps many students feel that Murray's student union is not elaborate enough to meet their maxims of good taste—nor is the campus landscaping scenic enough to warrant their appreciation. So, rather than see these above-mentioned places deteriorate—each individual gives them his own unique Midas touch.

With a likeness of his home environment in mind, the typical Murray student sets out to capture the domestic serenity of his own home in the student union. Shall we follow this gifted interior decorator from the time he arrives on the scene of the undertaking of his noble task?

Harken! The student is coming. Screeek! Blooey! (And he's through the door) Shuffle, shuffle—scrape (He halts to survey the exactness of the bulletin board) "No, that sign isn't proper at all," he says to himself. Taking pen in hand, he attempts to lend class to the sign by adding his signature, phone number and room number. But, the job is not well done until he x-es out some of the less important information contained in the sign (such as: Who, What and When). Shuffle, shuffle, shuffle—rumble! (He kicks aside a stool so he can stand at the counter.) "Coke." The lady inquires of him "Nickel, or dime?" Reply "Nickel, only put it in a dime-size cup—and gimme two straws instead of one."

Shuffle, shuffle, plunk—Boom! And he's seated at the usual table. After his friend recovers from shell-shock; friend acknowledges his presence with a grunt. "Slurp, slurp." But the straw isn't fast enough (just a status symbol) so he removes the drippy straw from his cup and slings it upon the table. (His friend never fails to catch a few drops on his white shirt.)

"Well, the Coke is down—now to decorate the table with a centerpiece." While friend has his head turned the good man disposes of his ice by—yep, sure enough—dumping it on friend's head. After the cup is smashed, straws bent and the ashes strewn, he sets the centerpiece ablaze, kicks his chair out of the way and ambles into the game room to resume his decorating scheme.

To his dismay he finds that the dilapidated jukebox does not play when it is kicked—it needs money. Now that he has appropriate background music he can carry on. His preference in furniture is "Prehistoric Modern". Only a dull roar is heard as he scoots chairs across the room. The cushions are given the comfort and durability test and are found to be impractical; however they are fairly useful when stacked three high, (excellent footrests). It wasn't easy breaking the leg off that chair—now it sets just right.

Exhausted from his arduous labor, the decorator reclines upon his "Prehistoric Modern" chair and enjoys a plug of tobacco. Paper cups are plentiful throughout the room—fine for the immaculate disposal of tobacco juice.

A short nap later, our expert awakens and realizes that it's class time. One powerful bound and he's up; the tobacco cup is down. Here is where everyone gets in on the decorating by spreading the lovely tobacco brown over the dull gray tile. Shuffle, shuffle, scrape—blooey! And he's out the door again.

Well, not much time for the campus landscaping remains but the scene is given a tremendous burst of color with the strategic arrangement of varied cake and candy wrappers. Just before entering the classroom building, our hero pauses—as though inspired—then discards his lab manual in the large yellow barrel labeled—"HELP KEEP OUR CAMPUS CLEAN."

Quality, like virtues, is frequently its own reward.

GUARD OPEN HOUSE

Federal inspection of Tishomingo's National Guard unit is scheduled at 7:30 p.m. next Wednesday and 2nd Lt. Billie Francis, commander, invites the public to witness the inspection.

Knowledge advances by steps and not by leaps.

This 'n' That

Patsy Belcher

There were probably more people watching (or listening to) the Sonny Liston-Cassius Clay fight than there were listening to Beatie records. This might be the most 'popular' event in Boxing history.

Poe Hall has two new residents, Martha Gvinn and Sue Harrison have moved from Patton.

Clyde Woolridge, better known as Woolie, says he heard the members of Phi Theta Kappa were all snobs. He made "bad" grades so he wouldn't be eligible to join, just so he wouldn't have to associate with them.

The beatie rage has hit. Both Judy Matheson and Jacquita Perry have beatie hairdos. Jacquita insists hers is a pixie, and Judy says she just got her hair cut, but maybe they're just modest.

They have new MURRAY COLLEGE sweatshirts in the bookstore. These are different from the blue, black, and gold ones we've had all year. The new gray ones are even reversible.

Since Floy Sliger was voted campus queen, she seems to have become quite popular. She has even had a proposal (that didn't come from our distinguished Student Senate President).

Housemothers seem to be talented in many fields. Amelia Poynter, housemother of Poe Hall, learned to work a rod and reel, tie a knot in a line for a cork, and fell in the water, all in one fishing trip. She still reports that she caught more fish than Alma Maierkurth, housemother of Fulton Hall. Mrs. Maierkurth, reports, however, that this is a mistake; She caught the most fish, even if they were small.

Jerry Jimenez became very popular when it was reported that he had the mumps. All his loyal friends returned, however, when they learned it was only a false alarm.

It's not long until the Student Senate election. Everyone should be thinking about the people they think are qualified for the offices, and be prepared to support their choice.

Dean Raymond Cleveland is planning to attend a meeting of the Southwest Association of Student Personnel, which will be held at Texoma Lodge on March 16.

Certain Poe Hall girls seem to have gotten the seasons mixed up. Judy Matheson, Freda Webb, and Henrietta Russell went swimming last week.

Tom Wood refused to leave the ten prunes in a sack by the tree between the Administration Building and the Classroom Building, which was the ransom demanded by the Phantom for the return of a "kidnapped" typewriter ribbon.

The language Arts Department has a new bulletin board located between rooms 305 and 307 in the administration building.

Dormitory residents who complain about the "facilities" should feel fortunate if they read the sign that was posted in the Student Union recently. Only one Shower room for both men and women, and it far too small.

Coach Robbins shouldn't have any trouble with his pants ripping during ballgames again. All he has to do is wear the pair he got through the mail soon after. They are large enough to give him room to move around a little.

Annual complete; editors spent

AaaaHHH! Last minute details all cleared away . . . Nothing to do but relax, Lewis and Dave, for the last page of the 1963-64 Trebleman is on its way to the publisher. The amused pictures, scrambled with paper scraps, create quite a lodge-podge all over the room. But no matter—time to clean up later.

Remember how excited you were when the first shipment was completed? Will you ever forget how Sweetheart in a recent election by the Murray student body.

After completing her education at Murray, she plans to attend Central State College at Edmond.

When asked about her outstanding qualities, Floy replied, "The only outstanding things about me are my feet and my ears."

"My primary goal in life is happiness; and aside from that I would like to be a successful writer and if possible, a great one," says Aaron Hulstine, a freshman majoring in Journalism.

He is the son of Mr. and Mrs. D. F. Hulstine of Tupelo, Oklahoma.

Aaron is well known on campus because of his 3.8 average at Murray. He is Student Senate representative for the Aggieelite, assistant editor of the Aggieelite, a member of Phi Theta Kappa, and works part time for Mr. Wood.

Aaron was also a candidate for the recent Campus King and Queen Sweetheart held by the student body.

After completing his education at Murray, Aaron plans to "just take it one step at a time."

"When the world hands you a lemon . . . make lemonade," sums up the philosophy of Floy Sliger, Madril.

Floy is the daughter of Mr. and Mrs. A. G. Sliger. She is a freshman majoring in Secretarial Administration.

By making a 4.0 average, Floy has an honored place at Murray. She also participates in many other activities on campus. She is an Aggie cheerleader, secretary of the freshman class, member of Phi Theta Kappa and member of the Aggieelite staff.

Floy was also chosen as Campus Sweetheart in a recent election by the Murray student body.

After completing her education at Murray, she plans to attend Central State College at Edmond.

When asked about her outstanding qualities, Floy replied, "The only outstanding things about me are my feet and my ears."

"My primary goal in life is happiness; and aside from that I would like to be a successful writer and if possible, a great one," says Aaron Hulstine, a freshman majoring in Journalism.

He is the son of Mr. and Mrs. D. F. Hulstine of Tupelo, Oklahoma.

Aaron is well known on campus because of his 3.8 average at Murray. He is Student Senate representative for the Aggieelite, assistant editor of the Aggieelite, a member of Phi Theta Kappa, and works part time for Mr. Wood.

Aaron was also a candidate for the recent Campus King and Queen Sweetheart held by the student body.

SPORTS

Up and Down the Sideline

By Don Neal

Seems as though the Murray track team is getting better every day and working out more and more. The team is looking forward to their first track meet. It will be the North Texas State meet in April.

One our varsity basketball players has a younger brother that is ripping the courts of the Talbina gym for a cool 22.6 average; he is also pulling down 12 rebounds per game. During the recent district tournament he hit 22, 37, and 19 points in three district games. Maybe we can talk to Jim Golsby and he can persuade Jerry to play for the Aggies next year.

The oldtimers were at it again the other night. Seems like they never learn their lesson. The Faculties of the Tishomingo schools and Murray College squared off in one of those knock-down drag-out basketball games, that comes closer to resembling a brawl. But this just goes to show how civic minded our Faculty really is. They will give their all to help a worthy cause.

Oklahoma Military Academy won the Oklahoma JUCO conference championship. Murray State College wound up second. It was a highly contested race with Murray sending OMA at Tishomingo and then being stopped at Claremore. Connors out scored the Aggies for their other loss in the conference.

Oklahoma State's Henry "Hank" Iba, director of athletics and basketball coach, won his 68th career victory with an 81 to 45 waxing of Nebraska.

Central State College of Edmond bounced into the N.A.A.A. playoff berth with a 74 to 61 victory over Southeastern. Central State is 22 and 3, and champions of the Oklahoma collegiate conference, and they will carry the state's banner into the national tournament composed of teams on March 9, at Kansas City.

Oklahoma City's 89'ers will report to their Cocoa, Fla., training camp on March 16th. The 29'ers will play 17 exhibition games, and will open regular season play in Oklahoma City on March 25.

Bootleggers grab roundball championship

Music Department

(Continued from page 1)

Jack Reid, who will be sponsoring the Murray Follies, urge each and every club, dormitory and faculty member to participate in the fun. Songs, dance routines, skits, pantomimes and comedy are all welcome for numbers in the program. Do organize your act and inform the Music Department.

The Bootleggers are the intramural basketball champions. They won the championship with a 34 to 31 win over the Crew and a 59 to 54 pasting of the Faculty. Jack Smith, Davis, Don Robertson, New Lima, and Charley Thompson of Bromide were the top point-getters for the champs, while J. T. Cotter of Sulphur led the Crew's scoring.

Another tournament is scheduled to be played this week, according to Jerry Stevens, Intramural Athletic Director from Choctaw.

Loop Standings:

	W	L
Bootleggers	10	0
Crew	9	1
DA's	7	3
Goldbrickers	7	3
Go-Getters	6	4
Groundhogs	5	5
Fulton Hall	4	6
Rodeo	2	8
Faculty	2	8
Aggies	2	8
Dragons	2	8

Scores of games played: Crew 1-Rodeo 0; DA's 50-G-Hogs 49; Fulton Hall 1-Aggies; Bootleggers 1-Go-Getters 0; G-Brickers 1-Dragons 0; Crew 35-Faculty 28; Bootleggers 1-Rodeo 0; Dragons 1-Aggies 0; G-Getters 27-G-Brickers 25; G-Hogs 1-Fulton Hall 0; Bootleggers 59-Faculty 54; DA's 1-Dragons 0; G-Brickers 1-Rodeo 0; G-Getters 1-Aggies 0; Bootleggers 34-Crew 31; G-Hogs-Dragons 0; G-Brickers 1-Faculty 0; Go-Getters 0-DA's 1; Aggies 1-Rodeo 0.

Aggies dump Connors 75-58

Murray Aggies overpowered a pesky Connors team, February 27 to win their final home game of the season, 75-58.

It was the 23rd straight win on their home floor dating back to the 61-62 season. It was the 12th this season. During those twelve this season the Aggies have averaged 80 points per game while yielding only 58.

During the game they saw a ten point lead in the first half dwindle to only a 31-23 halftime lead. Charles Thursby kept the Aggies on top as he completely controlled the boards and stuffed in 15 points.

Murray came out red-hot the first ten minutes of the second half building up a 63-40 lead, mostly on the outside shooting of McBride and Anderson who both tossed in 14 points each the second half. Murray then went into its delay game and Connors gained ground, but not enough and the Aggies took their 15th victory in 21 starts.

Murray has one more conference game left with Eastern. The Aggies also need some help from Eastern when they play O.M.A. with a win by Eastern over O.M.A. and then a win by Murray over Eastern would give the Aggies a tie for the conference.

Murray shows top increase

Enrollment in Oklahoma's public and private colleges climbed to 63,043 for the spring semester, an increase of 4,800 over last year's same period.

Murray State College, with an enrollment burst of 271 to 369, show-

BIG BOB DELVER, Tishomingo Public School superintendent goes high to take rebound from Tom Wood, Murray College public relations director, as Lloyd Goss, history instructor at Murray College, and Gerald Uley, grade school principal, look on. This game was contested as a historical project benefit and wound up a tie at 65 to 65.

Faculties tie in charity event

The faculties of Tishomingo High School and Murray State College squared in the Murray College field house in a charity basketball game. The game ended in a 65 to 65 tie. Lloyd "Crazylegs" Goss and Tom "the Silt" Wood led the Aggies Faculty in the rousing game. It was close from the starting buzzer, with neither team enjoying a comfortable lead.

Both teams were well spent from their unusual activity, but all agreed that it was worthwhile with all the proceeds going to charity.

ed the greatest increase in state operated institutions. This was a 36.2 percent increase.

Two other junior colleges also showed a remarkable increase. Cameron State of Lawton had an enrollment increase of 18.9 percent, from 1,329 to 1,539, while Oklahoma Military Academy of Claremore saw a 17.1 percent increase from 643 to 755.

The years teach much which days never know.

It's useless to put your best foot forward—and then drag the other.

Anderson leads Aggies romp over Eastern

Gene Robb's Murray Aggies closed out regular season play with a 63 to 52 victory over Eastern A&M at Wilburton, February 29.

Wilford Anderson, Stroud, led the Aggie scoring with 13 points, followed by Tom McBride, Talihina, with 11; and Charles Thursby, Grand Prairie, with 10.

The victory pulled the Aggie season's record to 16 and 6 and put them in second place in the conference behind O.M.A.

Leading the scoring for Eastern A&M was Brown with 13 points.

What an experience!

I was waiting—somehow I knew evil was lurking in the quiet. The silence began to wear on my nerves and I could almost hear a ringing in my ears. Then it came as I never knew it could. A gust of hot air hit me as the door flew open.

In my midst was a multitude of meaning, screaming creatures. I was alone—I knew I had to do something. There were so many of them. With terror and disgust I handled the cold, slimy things.

As I squeezed through the narrow opening a transformation took place. Burning objects surrounded me while the smell of flesh pierced my nostrils. I snatched up what I could and squeezed back through the opening.

The eyes of the creatures grew larger as they saw what I held. My movements were so rapid that my head spun—my sense of direction soon abandoned me—so I followed the agonizing howls issued forth from each tormented mouth. First I walked, then I ran dropping part of my load with each one, then hastening on lest I met with the violence each glare threatened.

From my hiding place I beheld with hypnotic fascination the behavior of each creature as he tore and shred the flesh and then scattered the remains asunder.

I waited and prayed.

Now I was exhausted; anything could happen. A clanking of metal resounded and they were departed just as suddenly as they came. I viewed the solitary calm with tear-rimmed eyes and gave thanks, for once again I'd made it through another rush hour in Murray's Student Union.

English class plans trip

Dean Cleveland's English class is planning a field trip to Woolaroc Museum in Bartlesville for the near future. Dean Cleveland said that the class would leave one week after basketball season is over. The objective of the field trip is to study the various forms of culture, language, etc. on display at the museum.

SPRING BOUQUETS are in full bloom. A few of the spring and summer fashions for the year were modeled by Marilyn Hamilton, Lyane Shelton, and Lois Black. These are only a few of the fashions modeled by the girls of the Angel Flight at the Spring Bouquet Fashion Show.

College officials visit area schools

Continuing the program of getting high school seniors interested in college and Murray College in particular, Dean Raymond Cleveland, and Tom Wood, Murray's Public Relations Director, visited Davis and Wilson High Schools Friday, March 6, in connection with the district-wide Career Conferences then being held.

The Career Conference is a program set up to help students in choosing their careers.

The following Monday, Cleveland and Wood went to Ardmore and spent the day talking to high school students at Ardmore High School and Douglas High School.

Praise warms out of a man the good that is in him.

In courting new customers, don't forget the old ones.

Styles presented at Angel Flight's spring show

A Spring Bouquet Fashion Show was presented by the Angel Flight Monday, March 9, in the new Home Economics Department at Murray State College.

Kerry McKee narrated the showing of spring and summer fashions from Armstrong's of Tishomingo. The clothes included spring dresses in pastels, skirts and blouses as well as shorts and capri sets, swim suits and lounging apparel.

The models were Nancy Lumpkin, Janie Hudson, Lyane Shelton, Lois Black, Karen Hall, Ramona Hertel, Francis Hancy, Freda Webb, and Patty Smith.

Also modeling were Patsy Blecher, Ola Mae Lamey, Rachel Jacobs, Sue Harrison, Julie Parkhill, Marilyn Hamilton, Shirley Griffith, and Judy Matheson, all members of the Angel Flight.

The theme was carried out in the decorations with a green lawn enclosed in a white picket fence. The spring flowers were in bloom setting off the fashion parade. Soft, appropriate music was played throughout the program.

Several of the Angels served refreshments donated by the College Faculty Dames.

The admission was magazines to be given to the hospital. The Angel Flight had taken on the project because of the scarcity of recent reading material for the patients.

★—Angels of the Month—★

Freda Webb
Freda Webb, Mannsville, is the sophomore angel of the month. She has the rank of Sergeant in the Angel Flight.

Miss Webb is secretary-treasurer of Poe Hall. She sings second-soprano in the college choir, and is a member of the Drama Club and Goal Diggers Club. She is homecoming queen candidate from the Home Economics Club. She also works in the Student Union.

Future plans are to attend Southeastern State College and upon graduation to be a teacher.

Patty Smith
Patty Smith, Lone Grove, is the freshman angel of the month.

Miss Smith is also majoring in elementary education and her immediate plans are to return to Murray in the fall.

She belongs to the Music Club and works part-time for Mr. Calvert.

The Angels are picked by the Angel Flight Selection Committee including Captain Charles Shockley, Major Billy Carter, Kerry McKee and Nancy Lumpkin. The selection is made on the basis of participation in the club projects and skill and improvement in drill.

"Where Most People Trade"

MRS. MARGARET LOKEY, Murray's instructor of vocal music, is the winner of a national anthem contest. Her anthem will be published in the Choir Herald. This is Mrs. Lokey's first attempt at commercial competition, but she has been nationally recognized for other compositions.

Anthem is published in Choir Herald

Lokey wins competition

OCW Choir presents program tonight

The famed glee club of Oklahoma College for Women will present a free public concert at 7:30 p.m. Tuesday, March 24, in the auditorium of Murray State College.

The concert is one of three to be given by the glee club that day and one of eight such concerts scheduled over a three-day period.

Mrs. Virginia Anderson, associate professor of voice, directs the glee club and Miss Sherrill Belle McKee of Tulsa is accompanist.

The program will include a group of religious numbers, selections from "West Side Story" (Bernstein) and "The Music Man" and a group of specialties, including a duet, "Sisters" to be sung and danced to by Miss Nancy and Miss Ellen Everett of Binger; an ensemble to appear with "Seventy-Six Trombones" and a trio to sing "Tonight" composed of Miss Sandra Purvine of Oakwood, Miss Diana Evans of Hobart and Miss Elisa McClendon of Tuttle.

Murray schedules FFA contest

Scheduled at Murray for Thursday, April 9th, is the Southeastern District FFA Interscholastic Contest. FFA teams will be competing in the following: Crop Judging, Horticulture Judging, Livestock Judging, Meats Identification, Entomology Judging, Farm Shop Contest, Farm Management and FFA Public Speaking.

This contest is held at Murray annually. Any FFA member, if a bona fide high school student, is eligible to compete. Each school will be allowed to enter only one team or two individuals, if no team is entered.

Livestock judges attend Houston Fat Stock Show

Dr. Jerry Martin and members of the livestock judging team: Paul West, Lexington; Mike Hunter, Sulphur and John Cope, Macomb—engaged in a two day livestock judging contest beginning Thursday, February 27th. The contest was held in conjunction with the Houston Fat Stock Show, Houston, Texas.

Eighteen teams from junior and four-year schools were entered in the competition. Ten classes of livestock were judged which included: 4 classes of beef cattle, 3 classes of sheep, 2 classes of hogs and one class of quarter horses. Oral reasons were given on 5 of these classes. Results of the contest revealed that Murray's judging team placed 14th.

Phi Theta Kappa meet Thursday

Phi Theta Kappa will meet Thursday, March 26, at 7:00, in the Student Center Conference room. All members are urged to be present.

Important: Orders for pins, keys, sweatshirts, charms, and other symbols of membership will be taken at the meeting and mailed the next day. Decide soon and be prepared to order.

Wesley foundation to meet weekly

The Wesley Foundation invites everyone to attend the weekly meeting each Wednesday evening at 6:30. The meetings are held in room 102 of the Classroom Building and are sponsored by Mr. George Calvert, engineering instructor.

At present there is a series of Lenten-Easter programs being presented by local college and townspeople. The final program of the series is "Easter, the Salvation of Mankind". Reverend Roy Weaver, pastor of the First Methodist Church, will lead the discussion Wednesday, March 25.

Wesley Foundation also sponsors an evening meditation each Sunday at 6:30. The devotion is held in room 201 of the Engineering Building.

Col. Winburn participates in annual maneuvers

Lieutenant Colonel Harold Winburn who is head of Murray's Engineering Department as well as executive officer for the 2nd Brigade of the 45th Division from Ardmore took part in the annual map maneuvers in the 4th Army. These maneuvers, in which Colonel Winburn participated as a part of the Player group for the 45th Division, were held at Fort Sam Houston, March 20, 21, and 22.

BULLETIN

All individuals interested in transferring to OSU report to the Dean's offices between the hours of 11:00 a.m. and 2:00 p.m. Tuesday, April 14. Dean Randall Jones, the Dean of the Agriculture Department and vice-president of OSU along with 5 or 6 other Oklahoma State representatives, will be on campus to talk to students concerning OSU.

Faculty performances are follies attraction

Revival services held at B.S.U.

Revival services were conducted at Murray BSU six nights during the past two weeks. Bro. O. L. Jones, pastor of Weleka Baptist Church, was the evangelist for the services, and also for the two-week services at the First Baptist Church of Tishomingo.

Prayer meetings were also held in Haskell Lucas, Fulton, and Patton halls in connection with the revival.

BSU members are making tentative plans to attend Glorietta Baptist Assen'y, Glorietta, New Mexico, the last week in August. Reservation for it have been made at the camp grounds.

College officials plan Chicago trip

Dr. Freeman McKee, Murray College President, and Dr. Richard Murray, Academic Dean of Murray College, will leave for Chicago Friday, April 3rd to meet with the North Central Commission on Colleges and Secondary Schools during the week of April 5th through the 10th.

Judging Contest planned for area students

4H Club and FFA chapter members will be competing in a land judging contest to be held at the Tishomingo Wildlife Refuge, March 25th. Competitors will enter such phases of land judging as Land classification, land preparation, soil depth and soil stability.

Fishing Derby planned for April 6-14

A number of recommendations were made at the March 18th meeting of the student senate.

Prizes for the Fishing Derby which is to be held April 6th through April 14th were set as follows: A first prize of thirty dollars will be given for the most pounds of cleaned, edible fish; Second prize will be fifteen dollars for the largest fish, with no restrictions as to kind so long as it is an edible variety; Third and fourth prizes were ten dollars for the largest Black Bass and ten dollars for the largest Crappie. Student Special Services cards will be required for participation in this event. The Derby was planned for this particular time in order to be in accordance with the spawning habits of the fish which should provide excellent fishing. The weighing periods will be announced later.

Also passed at this meeting was a recommendation for the purchase of a cinemascop lens and an approval for a Music Club Picnic for March 26. The D-J schedule for March was cancelled because of a conflict in schedules.

Performances by faculty members are to be the main attractions for this year's Murray Follies, to be presented April 21. This will include a solo by Dean Raymond Cleveland, a faculty men's quartet, a piano recital by Mr. Jack Ridley of the Social Studies department, and a skit in which roles are reversed and the faculty becomes the class.

A committee has been chosen to be in charge of the Follies. David Williams from Gene Autry is chairman, with Jerry Jimenez from Taft, Texas, and Ben Smithson from McAlester as committee members.

Lewis Parkhill from Mannsville, who is to be Master of Ceremonies, is currently contacting clubs and encouraging them to present short skits. Each club that is planning to present a skit should contact David Williams before the spring holidays begin.

Musical events will include both the boys' and girls' Glee Clubs, as well as various solos and group numbers. College students will be admitted upon presentation of Student Special Services Cards.

The proceeds from the Murray Follies will be used to decorate the faculty lounge, which is located in room 302 of the Administration Building.

The Music department is also scheduled to present an "Evening of Music" for the Tishomingo Parent-Teachers Association on April 14. The girls' glee club will perform, in addition to various solos and groups.

Dean Cleveland speaks to area English teachers

Friday, March 13, Dean Cleveland visited the East Central College at Ada and addressed the English Section of the East Central District of the Oklahoma Education Association on the subject of "The Problems of Transition of English Composition from High Schools to Colleges".

Home Ec. girls serve at banquet

Members of the Home Economics Club served tea, coffee, and rolls at the Annual Bull Banquet held in the Murray cafeteria on Friday, March 12.

Five of the members helped Mrs. Jerry Martin set and decorate the tables for the banquet. Mr. Martin is head of the Agriculture Department at Murray. The girls who helped were: Freda Webb from Mannsville, Judy Matheson from Ardmore, Ola Mae Lamey from Coleman, and Frances Harbert and Sherry Horton, both from Tishomingo.

Personal letters will be written soon by the Home Economics Club members to high school students in Johnston County inviting them to visit Murray, encouraging them to enroll at Murray, and telling them about the college Home Economics Department.

The second hat workshop, sponsored by the Home Demonstration Council of Tishomingo, was held in room 103 of the Home Economics Department on March 20. The Home Economics girls served coffee to the guests.

COMMON TASK — UNCOMMON EFFORT

How can we expect to do a great thing well when we half do the little things? This is what we expect when we let the common task—the behind-the-scenes work—go by in search of the big, the titled tasks.

Our society has degraded the ordinary job, forgetting to put the uncommon effort into the common task, to make it large by doing it in a great way.

We look at only the surface of our collegiate tasks. We look to the titles, to the great deeds, to the finished product. In doing this we have forgotten the humble and tedious, yet most important task.

True happiness is sought for in every man's life. Through labor—the common or the uncommon—done to the best of ability and highest effort, this happiness may be found. By undertaking the tasks for which we are best suited, whether leading or following academically and socially, we are brought to know ourselves more completely, helped to find our happiness, and contribute to making our society truly great.

Room 108

Ah, a messy room—just like home to graze upon when I'm all alone—not that I really enjoy it, you see, but after a week-end it's the real me: not polished and dusted and fixed for a guest but ravaged, in turmoil, the place where I rest.

Sometimes I feel guilty and give it a clean-others I'm forced to, for my roomies are mean. But black is not white and a spade is a spade most of the time my bed isn't made. My shoes are wide scattered, I powder the floor, I don't do my ironing and I don't shut the door.

But right now I'm laughing, as I lie on my bed for the unruly upheaval is their doing instead. In truth I'm well pleased as I look the scene o'er but I'll have to act solemn when they hit the door. Then I'll rant and I'll rave and they'll never guess how tickled I am with this terrible mess.

Most Improved Cadets of the Month

Robert Stiles
 Robert Stiles, airman 1st class from Idabel is the freshman cadet of the month.
 Robert is married and has one child named Robbie. His wife's name is Jo Ann.
 Robert is an agriculture major at Murray college, he plays on the college baseball team.
 While in high school he was a two letterman in football. He also participated in FFA activities, in

Danny Manning
 which he held the offices of reporter and president.
 Danny Manning, sophomore cadet from Ardmore is the sophomore cadet of the month of March.
 While in high school he was a member of glee club.
 He attended Oklahoma State University before transferring to Murray State. His major is general education.

This 'n' That

Mrs. Mahoney has been censored by the Student Senate for stealing the sponsor's brief case and swivel chair.

Miss Billie Sue Heffington and Denton Blevins, both of Tishomingo, have announced May 30 as their wedding date.

Mr. Lloyd Goss, our 'popular' history instructor, is truly the absent minded professor. All year he has been encouraging his students to read *The Angry Scar* and all the time he had the book checked out himself.

Anyone who is missing a set of keys (or two sets of keys), a fountain pen, or a pair of black gloves should contact the lost and found department in the Business Office.

Mrs. Mahoney became alarmed recently to find a table missing from the library. She first called the Jim Mihura, who was innocent, before calling Dean Ray Cleveland, who wasn't so innocent. The table had been confiscated by the Student Senate for its new office. The table is now missing from the Office. I wonder what could have happened to it now?

Waiting in line in the cafeteria can be dangerous. If you don't believe it, just ask Larry Sandefur. He even got his glasses broken. You should follow the crowd, Larry, most of them don't run into the wall.

The library has received recently a quantity of new fiction for all students who like to read.

Only three more days until spring vacation. One full week of rest without having to worry about studying. This might not be so good for some of us, however, since the nine-weeks grades reach home about the same time we do.

There are scholarships available to Southeastern. All sophomores who are interested should see Dean Cleveland as soon as possible.

Rebuttal

Shoes scattered on the floor...
 Dust settled on the chest-of-drawers.
 Now as my eyes explore,
 I know that here lies a chore.

My roomies, God Bless them all,
 Really have themselves a ball,
 As they listen to me scream,
 "That this 'n' room has to be cleaned."

Room check tomorrow,
 Rach has to draw,
 Betty has studying to do,
 And our little Shirley has B.S.U.

With a dust rag and broom
 I begin to transform the room.
 First the floor, then the desks,
 And now I can rest.

Today is room check, I think as I awake,
 Oh, how my head aches
 As I look at the room that has been hit by
 FOUR earthquakes.

Math Problems

- Problems:**
13. What three integers when added or multiplied give the same answer?
 14. Give six (6) different integers divisible by 7, 11, and 13. What's the secret?
- Answers to Problems:**
11. Raise both to the 30th power. You will readily see that the cube root of two is larger.
 12. There are 80 steps in the escalator.

SPOTLIGHT

Janie Hudson

Mike McCauley

Janie Hudson is the girl to be spotlighted this week. Janie, daughter of Dr. and Mrs. T. A. Hudson of Tishomingo, is a freshman majoring in general education.

Janie is well-known around campus for many reasons. She holds the title of Cadet Colonel of the Angel Flight. She is also a member of Phi Theta Kappa, Goal Diggers, Student Senate, and the Vocal Music Trio.

Being selected Homecoming Queen was one of her greatest honors this year. Janie is also among the Top Ten at Murray.

As Cheerleader, Janie has had many happy and unforgettable moments.

Plans for the future are still undecided for Janie.

To Mike McCauley, Murray sophomore from Menands, New York, leisure time is practically an unheard-of thing. Most of his time is spent on his major study, animal husbandry, and ROTC Drill Team responsibilities. Mike is also vice-president of the Goal Diggers, an active member in the ROTC Chorus, Aggie Club, and the DA's intramural team. March 19, Mike was one of four ROTC cadets selected to participate in a T-33 test flight at Perrin Air Force Base, Sherman, Texas.

Nevertheless, Mike still has fun in spite of numerous studies and activities whenever he can go horseback riding, swimming, water skiing, or can find a good match for a game of tennis.

Mike explains why he came to Murray State this way: "I had always gone to all-male schools, and I figured it would be fun to go to a co-ed college where I could meet a lot of girls. Well . . . Anyway, I was interested in its ROTC program

and its pre-vet courses. I'm happy I came to Murray, but I regret not being able to transfer my credits to Cornell University back home."

Mike plans to attend Oklahoma State University after graduation from Murray this spring and continue his study of A. H. He also plans to enter advanced ROTC training.

Mike is known as "Yank" to most Murrayites. Since he prefers to be called Mike, he rationalizes his problem by telling himself, "Put up with it, fella. They're just jealous 'cause we won the war!"

Often the chip on a person's shoulder is just bark.

SPORTS

Up and Down the Sideline

By Don Neal

The baseball team is working out every day to get in shape for their first game April 13. They hope to pick up a few scrimmages before then.

The tennis courts are getting a good workout, with a great many Murray students taking advantage of them every afternoon.

Luther Campbell, Detroit Freshman, has yet to be beaten in track competition this season. He has entered two meets and won them both with jumps of twenty feet or better both times.

The field house is being put to good use. Almost every night there are several varsity players and a few has-beens trying to get in shape.

This reporter and a friend were out on the track the other day. We ambled over to the pole vault pit. My friend and I had vaulted a little in high school, and we thought we would give it a try. The baseball team lost a pretty good player. My friend did so well that Coach Ladd persuaded him to come out for track.

Plans are being finalized on the annual Murray State Invitational track meet to be held on April 11. The college will award medals to individuals and trophies to team champions. This meet annually draws some of the finest athletes in the state.

The baseball team with four returning starters returning has a fine nucleus to build around. Those returning are Bob Parkhill, Mannsville, Nick Petro, Penn.; Dave Ralston, Ardmore; and Jim Gotsdy, Talihina.

Murray's track team is looking forward to the conference track meet to be held in the near future. Murray State returning to the track wars after a few years absence is fielding a strong team with several top prospects in each event. The team has made a good showing in the track meets it has attended, finishing second twice, behind North Texas State and Southeastern State.

Gene Robbins, Murray basketball coach, attended the National Junior College Tournament, held at Hutchinson, Kansas.

Aggies are second in triangular at Durant

The Murray Aggies, with a lot of spirit and determination, placed second in a triangular track meet at Durant March 12. The triangular meet consisted of Southeastern, Eastern and Murray. Southeastern won the meet by taking first place in eight events, Murray came in second and placed first in four of the remaining six events.

Cotton Wade, a freshman from Marietta, took first place in the High Hurdles and tied with teammate Russell Wells from El Paso, Texas for first in the Low Hurdles. Other first places were won by Luther Campbell of Detroit, Michigan and Harry Boyd of McKinney, Texas. Campbell won the broad jump with a leap of 20ft. 6in. Boyd, and Warren Phillips, collected several points for the Aggies in the Shot and Discus events. Boyd won the Shot-Putt and Phillips placed third. In the Discus throw Phillips won second and was backed by

Boyd with third place. The team results were as follows: 440 Relay—Southeastern, Murray Eastern Mile—Southeastern, Eastern, Southeastern 440yd. Dash—Southeastern, Eastern, Shot—Murray, Eastern, Murray, 100yd. Dash—Southeastern, Eastern, Murray, High Jump—Eastern, Murray, Murray, High Hurdles—Murray, Eastern, Eastern, Low Hurdles—Murray, Murray, Eastern, 800 Relay—Southeastern, Murray Eastern, Eastern, Southeastern, Murray, Discus—Southeastern, Murray, Murray, 220yd. Dash—Southeastern, Eastern, Murray, Mile Relay—Southeastern, Murray, Eastern, Broad Jump—Murray, Eastern, Southeastern.

He who follows another is always behind.

A woman's promise to be on time carries a lot of weight.

Take things as they come, if you can handle them that fast.

Catholics nose Murray, 78-76

Tulsa—The Murray Aggies closed out their basketball season Thursday, March 5th by losing a heart-breaker to St. Gregory from Shawnee, 78 to 76.

The game was close all the way with both teams hitting a terrific percentage. St. Gregory hit 30 of 51 for 59% and Murray hit 31 of 57 for 54%.

Although Murray lost they were able to control the boards with a 30 to 14 edge in that department. Wilfred Anderson and Charles Thursby led the charge with 11 and 10 respectively.

Charles Thursby led Murray with 23 points tying his high of the season. That was 12 points over his seasons average.

Murray finishes the year with 16 wins and only 7 losses.

Gene Wilmoth of Murray was elected to the all-tournament team.

Wilmoth leads Murray Aggies in '64 season

Gene Wilmoth, 6'2" sophomore from Tuskahoma led the charge for the Murray Aggies during her 1963-64 basketball season.

During the season Wilmoth, a 1962 All-stater placed in the top five in all of the four major departments. He placed first in scoring with 374 points for an average of 17 points per game. He also won the free throw accuracy department with an eye-popping 84.7 percent.

The only other player to place in the top five in all departments was Wilfred Anderson from Stroud. He placed first in field goal accuracy with a net-burning 52.6 percent.

Scoring	G	P	A
Gene Wilmoth	22	374	17.0

Baseball team ready for action

Murray's baseball team is in its second week of practice getting ready for the baseball season which starts April 13th. They have been taking infield and batting practice but haven't scrimmaged any yet. Kenneth Eltichison is assisting Coach Robbins and has been running the team in practice while Coach Robbins has been away.

The players are out for the following positions: John Juby at first base, Bob Parkhill and Herb Legg at second base, Randy Kee and Jim Gotsdy at third, Shannon Saxon is at short stop, Ronald Henson, and Danny Matherson in left field, Robert Stiles, Don Roberson, and Joe

Murray thinclads are rounding into shape

Coach Benton Ladd's 1964 track team is beginning to round into shape after three weeks of practice. Murray did not have a track team last year and the college will take primarily freshmen track men to its meets.

There are approximately fifteen boys going out, and they participate in the following events: Broad Jump—Harry Boyd, Tommy Nelson, High Hurdles—Cotton Wade, Low Hurdles—Cotton Wade, Russel Wells, Bland Scott, 440 Relay—Bland Scott, Cotton Wade, Harry Boyd, Guy Hillman, Mile Relay—Don Keys, Troy Criner, James Davis, Luther Campbell, 440—Birdo Charles, James Davis, Troy Criner, 880—Emanuel Clever, Mile—Tommy Nelson, Shot Putt—Warren Phillips, Harry Boyd, Discus—Warren Phillips, Harry Boyd, 100yd. dash—Guy Hillman, Bland Scott, Harry Boyd, 220—Bland Scott, Harry Boyd, Guy Hillman, Pole Vault—Jacky Smith.

Wells in right field, Nick Petro, Don Neal, and Richard Benedict at center field, and pitching is Nick Petro. Jim Gotsdy Herb Legg, Randy Kee, with Dave Ralston catching.

HARD AT WORK. The above students are members of Murray's student senate and are engaged in the recent cleaning of the stone building which is to be the new headquarters of the group. The small structure is located west of the library. Left to right the laborers are David Ralston of Ardmore, Gilbert Sanders of Oklahoma City, and Patsy Belcher from Wapanucka.

Rules were different then . . .

Forty years ago

As anyone can readily see by this article, Murray has done anything but stand still during the past forty years. There are definitely grounds for controversy as to which direction this progress has traveled, but certainly any assertion that the school has stood still would in no way be correct.

A portion of the 1924-25 Catalog goes as follows: "Idleness, loafing, and general indifference are not countenanced or tolerated. . . . Discipline partakes of a military nature. Inspection of the rooms is made every day of the week and military calls are used for meals, for rising in the morning, and for going to bed at night. Students are required to do two hours of study in their rooms without visiting or receiving visitors each night. Punishment for infraction of rules and regulations includes a number of methods. For some offences extra duty of some kind of work is required and for other offenses confinement to the campus is assessed.

"Parents and guardians are instructed that students are not per-

Housemothers like their own cooking

"It's your turn." "No, it's your turn." "Well, maybe it's Mrs. Haynes' turn." This seems to be the main question of the housemothers—Just whose turn is it?

The Murray housemothers have been taking turns cooking meals for each other.

There seems to be only one problem. Mrs. Haynes doesn't have a kitchen. She's having to start her meal early enough so that she can cook each item in her one pan on her one burner. It seems to be a problem to Mrs. Haynes but the other housemothers think that it's no excuse. Maybe she could just take them out for dinner.

This has been going on for quite sometime now. It's different and the house mothers seem to enjoy it very much.

mitted to go home without permission from school authorities, and then only when such permission has been requested by a parent or guardian. Students are not permitted to keep automobiles at the school or in the town of Tishomingo."

Past holds fond memories for cheerleaders

Maybe you think all the cheerleaders have done this year is stomp on the floor, jump up and down, and yell, but just let me tell you!

The year started out fine. Football season was close at hand and seven nervous girls led cheers before a room of silent selection members. Whew, were we glad when that was over and we all made it!

The motto was immediately "Roswell, or Bust" and we almost did. Finally after much begging and pleading we had the car packed with suitcases, a wonderful sponsor, cheerleaders in high spirits, and a . . .

Our hotel must have been built before Columbus discovered America, the beds were so soft that we slept on the floor and the bath water was a little red, but somehow we survived for the game the next night.

After the game we exhaustively started home. Unfortunately it is not as easy to drive a bus while asleep as it is to walk, but as dawn came we woke up a little. About that time, the back doors of the bus flew open and we had in front of us a bouncing football helmet and equipment bags. Just seeing a cheerleader walking down the highway carrying a football helmet at five o'clock in the morning was enough to wake anybody up!

Come to think of it, we had several awakening experiences. Probably the most remembered was the ball of fire rolling down the road as the "Blue Goose" burst into flames. Nothing has ever been so terrifying as we clutched each other and said a silent prayer that they would all be safe and alive. We all learned a little about ourselves that night as death fluttered her wings close by.

The day the cheerleaders changed places with the football players was a riot. It is too bad everyone could not have seen the boys learning the yell. By the time the assembly came, they had found new muscles even football practice had not discovered and were not sure whether it was the arm or the leg that was supposed to fly out in "Give me the Blue." The girls were not left out in preparation either. We learned the game does not start on the field, but in the dressing room with the struggle into the uniforms. After three changes we finally got the pants on frontwards and pads in place, but it was unanimous that no tackle could hurt more than those ridiculous monstrosities.

Do you find it hard to look yourself in the mirror and see the truth? If you do, just ask a football player, they will do it for you! Mr. Park, do bugs really fascinate you that much? Now stay off my grass, people, and maybe you can wear my green and orange—for extra good behavior the pink socks and whistle are thrown in. Or the exasperation of "Bells, Bells, Anderson, Don't you know your plays!" This will remain in fond memories for years to come.

With the prospect of added excitement, not needing to wear three pairs of socks, two pairs of gloves, two sweaters, three blouses, and blue legs. Basketball season began.

We would never have admitted it, but maps do help sometimes. Once we went eighty miles out of the way and payed seventy cents to do it! Someday the highway commission should explain it to us. Another time, we took a thirty-mile scenic drive because Y's are fas-

Annual livestock sale proves successful

Want to know? Ask librarian

"I'd like to re-check my library book," says the college freshman; but wait! Where is the book? Oh no! He must have left it lying on the table in his room. Well, no sweat, the librarian should know how to re-check a book without him having to lug the heavy thing over the library.

"Yes," she says, "just tell me who the author is."

"Uh, I think it started with a B. Browning?—no, Bronson?—no. It could have been Darwin. I'm not sure, but I remember it was a blue book and it's about this thick."

The librarian is standing by patiently, while the student rambles on. "What day did you check it out?" she asks.

"Oh! I remember that," the delighted student exclaims, it was the day it rained."

Then there is the student who has utterly wracked his brain for an idea for a research theme. No ideas. Guess he'll have to just go ask the librarian for a subject. The librarian is very helpful. About an hour and 1,093 subjects later, the student has a brainstorm.

"I know!" he says with a pleased look. "I'll write it on the evils of alcoholism."

Mary is a very broad-minded girl so she decides to give her research theme on religion. Over to the library to see if the librarian can help her find some reference material. (Mary has heard of the reader's guide to periodical literature; but who wants to look up all those references?) The librarian is very understanding (sympathetic, really). "Yes," she says, "we have a lot of literature concerning religion. But wouldn't it be easier to narrow your subject to a particular phase of religion?"

Mary has to think this over for awhile so she reads the jokes in all the Post magazines. Forty minutes later, it hits her. She hurries to ask the librarian for material on the Totentanz religion of Timbuctoo.

"That's more like it," smiles the librarian. "Now we'll just look in the reader's guide."

Well, if the librarian wants to look up the references, that's just fine with Mary. What a smart li-

brarian! She has finally found something.

"Oh, really though, that's not a very good subject. I think I'll give it a smoking," says Mary, and casually strolls out of the library.

Some students, it is true, know just exactly how to use the card catalog. They know about the Dewey Decimal system and can find the precise location of just any book. "I think I'll read *Gone With the Wind*," one such student decides. He goes and looks it up in the card catalog according to title. (He has forgotten who the author is.) Remembering all the numbers, he saunters over to the book shelves. Oh! horror of horrors! the book isn't there. He'll just have to see the librarian about this. She walks over to the same shelf, and gets down *Gone With the Wind* for the student. It was two books away from its designated place.

Such is the problems of the college librarian. Or is it really a problem? You'll have to admit, a few good laughs make any job more interesting.

Few people travel the road to success with out a puncture or two.

Probably one of the most embarrassing situations was when we had to stop for car trouble. We decided to eat while we waited and when finished we all jumped in the car ready to go. The attendant said he had fixed the flat spare tire, so we all gave him a bright, cheery smile and thanked him and took off. About five miles down the road the silence was broken as one girl spoke all their thoughts—we did not pay him! I bet that "thankyou" was the surprise of his day, and he is probably still telling about it.

Cheerleading is a great experience and we hope some good to the players. In fondness we remember and realize memories are made of this.

The 9th Annual Murray College Bull Sale was held Saturday, March 14, 1964. One hundred and six bulls grossed \$59,055. This was an average of \$537.00 per bull. Angus bulls were the highest selling breed, averaging \$668. Horned Herefords averaged \$474.00 while polled Herefords averaged \$449.

Murray Corbin, Tishomingo, Oklahoma consigned the highest selling bull of the test. This bull sold for \$2,900 and was purchased by Harvey Ranch, Vinita, Oklahoma. Clarence Burch, of Mill Creek, had an Angus bull that sold for \$2,550 and was purchased by Baca Land and Cattle Company, Los Alamos, New Mexico.

Dr. Harvey Price, Ada, Oklahoma, consigned the top selling Hereford bull purchased by J. M. Gibson, Broken Arrow, Oklahoma, for \$1,900. The top selling polled Hereford bull was consigned by Evert Prater, Paoli, Oklahoma and was purchased by American Breeders Service for \$1,375. The top selling Charolais bull was consigned by G. W. Banks, Clarksville, Texas, and was purchased by Jim Rowe, Triple AAA Ranch, Strome Alberta, Canada, for \$2,500.

Lillian Lee and Sons, St. Cloud, Florida was the top buyer of the sale. This buyer purchased 5 lots for a total of \$5,250. A. P. Williams, Alex, Oklahoma, purchased 12 lots for a total of \$610; Somerset Plantation, Newellton, Louisiana purchased 5 bulls for a total of \$3,370 and Red River Cattle Company, Texarkana, Texas, purchased 8 bulls for a total of \$2,605.

We would like to extend our appreciation to the buyers who purchased bulls in this year's sale. Also we extend our appreciation to the auctioneers and the ringmen who did an outstanding job in getting the bulls sold.

brarian! She has finally found something.

"Oh, really though, that's not a very good subject. I think I'll give it a smoking," says Mary, and casually strolls out of the library.

Some students, it is true, know just exactly how to use the card catalog. They know about the Dewey Decimal system and can find the precise location of just any book. "I think I'll read *Gone With the Wind*," one such student decides. He goes and looks it up in the card catalog according to title. (He has forgotten who the author is.) Remembering all the numbers, he saunters over to the book shelves. Oh! horror of horrors! the book isn't there. He'll just have to see the librarian about this. She walks over to the same shelf, and gets down *Gone With the Wind* for the student. It was two books away from its designated place.

Such is the problems of the college librarian. Or is it really a problem? You'll have to admit, a few good laughs make any job more interesting.

Few people travel the road to success with out a puncture or two.

EDITORIAL

We students have always known that Murray is one of the best colleges in the nation. Everyone else will recognize this fact now that it has been granted membership in the North Central Association.

Until now, a student leaving Murray might have had some difficulty in transferring some of his credits, because the college to which he transferred had no way of knowing how well these classes were taught. Membership in North Central, however, assures all students that they will have no trouble; all credits are readily transferable to any college in the nation.

We want to thank the college administration and faculty, and all those who have "labored long" for their help in making this achievement possible. Most of us probably don't even realize how much work and effort has actually been put forth by these people. The study and appraisal took years to complete.

This membership means much to the college itself, but we, the students and those who will be students in the future, are the real winners.

B.S.U. OFFICERS FOR THE 1964-65 COLLEGE TERM. From left to right: Steven White, Music Chairman; Floy Sliger, President; Louise McDonald, Devotional Chairman; and Gene Harris, Social Chairman. Herbert Legg, Vice President not pictured.

O.C.W. receives warm welcome

Hospitality shown toward the girls from O.C.W. was tremendous. The girls were warmly invited into the girls' dormitories. Rooms were arranged for the girls, where they rested and visited with the girls.

Food in the cafeteria even seemed a little better, maybe it was just because the girls were so pretty and nice.

Their program was very good most of student body attended. Immediately after the program the girls left for Texoma Lodge. They later appeared in Dallas.

Several girls at Murray have received letters from the girls inviting them to visit O.C.W., and thanking them for the hospitality shown them, during their stay here.

College teachers meet at Norman

Junior College teachers from all over the state of Oklahoma will converge on Norman, Okla. this Thursday, April 16 for the Oklahoma Junior College Workshop.

The teachers from the various institutions will get together and share their various ideas in particular areas.

Murray's President Freeman McKee will preside at the opening session.

Angel Flight to march in Ardmore parade

The Murray State Angel Flight drill team will perform in the Annual Ardmore Rodeo Parade, Wednesday, April 15.

Plans are being made for a party in the near future for the members of the Flight and their dates.

Home Ec. club to sponsor dance

Home Economics Club members fixed a centerpiece for the buffet dinner served in the Murray College cafeteria on March 26.

Mrs. Rainey, Home Economics Club sponsor and Home Economics instructor, assisted Mrs. Vera Taylor, Home Demonstration Club agent for Johnston County, in a bread-making workshop held in the foods lab in the Classroom Building on March 30. Then, on the following Wednesday, April 1, Mrs. Rainey helped Mrs. Taylor with the County 4-H Club dress review.

Mrs. Mary Mangum, a representative for O.G.&E. in Durant, gave an electric range demonstration in the foods lab of the Home Economics department on April 6. The Home Economics students were served a complete meal by Mrs. Mangum.

Home Economics Club members decorated a table, complete with centerpiece and prepared the punch and part of the cookies for the open house and the art show which was held in the Murray College Library on April 13.

The Home Economics Club will sponsor a D. J. dance in the Murray Student Union on April 21. Student special services cards will be required for admission.

Baptists will install officers

Next year's officers for the Baptist Student Union at Murray State will be formally installed tomorrow evening, April 15, at the First Baptist Church, Tishomingo.

Installation service will be conducted by Tommy Barber, this year's BSU president, Leon Hill, church pastor, and Mrs. Ed Horton, wife of BSU's faculty advisor.

Officers to be installed are: Floy Sliger, Madill, president; Herbert Legg, Tishomingo, vice-president; Betty Pickle, Madill, secretary-treasurer; Louise McDonald, Madill, devotional chairman; Stephen White, Ardmore, music chairman; and Gene Harris, Moore, social chairman.

Outgoing officers include Tommy Barber, Madill; Patsy Belcher, Wapanucka; Virgil Kennedy, Harrah; Gregory Cupp, Oklahoma City; Shirley Griffith, Roff; and Jerry Race, Floydada, Texas.

College registrar attends meeting

Mrs. Louise Craven, Murray Registrar attended a meeting of the Oklahoma Association of College Registrars and Admission Officers, April 10, 11, at Lake Texoma Lodge. Mrs. Craven participated as a consultant in the Records Management section of the meeting. 48 representatives of 22 Oklahoma colleges were present for the meeting.

Murray College granted North Central membership

Laughs unlimited is Follies goal

Make way for the Murray Follies—everyone! And we do mean EVERYONE! "Yes, we have really got some surprises—a few things that will make people jump and very little seriousness involved. You will laugh, and laugh and LAUGH" comments Chairman of the Follies, David Williams.

An unlimited effort on the part of each—chairman, participant and assistant—is the desired mechanism that will make this years follies even greater than the last.

We urge you, each and every one, to attend. Over 22 choice acts will fill the entertainment bill.

You absolutely won't want to miss—Murray Follies, April 29th, in the college auditorium. Students will be admitted on Student Activity Cards or 25c, adults will be charged 50c.

Wood visits Madill seniors

Faculty member, Mr. Tom Wood, and Floy Sliger, a freshman at Murray, spoke to seniors at Madill High School Tuesday, April 7.

The program was designed to encourage graduating seniors to attend college somewhere, with particular emphasis being placed, of course, on the favorable aspects of college life at Murray State.

Murray representatives were received with cordial and warm response.

Murray receives long sought-for recognition

North Central Association of Colleges and Secondary Schools announced Tuesday, April 7, that Murray State Agricultural College, Tishomingo, has been admitted to the Association.

The North Central Association is an accrediting agency which recognizes institutions of merit by granting them membership. The North Central is a nineteen state regional accrediting agency. Only 469 colleges and universities out of 731 in the nineteen states are members of the North Central Association.

Membership has come to Murray College as a result of several years of self-study and appraisal, and the recommendation of an independent team of educational evaluators.

Dr. Freeman McKee, President of Murray College, and Dr. Richard Murray, academic Dean, were in Chicago the week during the time the North Central Associates were deciding if Murray would be granted membership. They returned to Murray April 8, after hearing the good news.

New policy is adopted by library

The Library committee at Murray College Library recently established a policy for lending books to people from off the campus.

Adults in Tishomingo may borrow books on their signature.

Students in Tishomingo public schools may check out books on presentation of a card signed by the parent, agreeing to pay for any books lost or damaged by their children.

Out-of-town adults or students may borrow books by depositing a check for the cost of the books, to be returned to the borrower when books are checked in.

Anyone may come into the library to use reference books, periodicals or other library materials. Murray College Library has been getting in a large number of new books lately which include the following: *The Inexhaustible Sea* by Hawthorne Daniel and Francis Minot, which is the story of the sea and its endless resources; *Mathematical Discovery* by George Polya, is on understanding, learning, and teaching problem solving; and a biography of Stephen A. Douglas, the man who might have become Lincoln's running mate in 1864, and President later, if his life hadn't been interrupted by an untimely death in June of 1861.

The Library also has: *Indians of the Southwest*, by Pliny Earl Goddard; *Great Ideas Today*, by Adler and Mortimer J. Hutchins; *The Doctors Mayo*, by Helen Clapesattle; and many, many more.

You can believe easily that which you hope for earnestly.

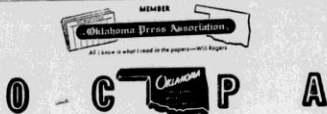

He who bravely dares must sometimes risk a fall.

STUDENT SENATE FISHING DERBY. Tom Barber, Madill, and Ken Keelion, Ardmore, are seen here trying to compete for some of the many prizes to be awarded by the Murray Student Senate today for the Fishing Derby. Fishing tackle and cash will be some of the prizes awarded.

WAS MARK TWAIN RIGHT?

Mark Twain once asserted that the greatest difference between man and the lower forms of life can be exemplified thusly: if a man should happen upon a starving dog and should take compassion on it, feed it, care for it and cause it to prosper, the chances are good the dog will not bite the man.

Some recent acts of flagrant disrespect for our country's flag, here on campus, seem to support this supposition admirably well.

One such incident involved a controversy concerning students removing their hats while our ROTC is having retreat. That such a controversy should arise is nothing short of disgraceful.

This atrocious act displays ignorance to a disgustingly unparalleled degree. To have been found on the campus of an institution which endeavors to lift man even farther in his struggle for a better life serves only to render the malefaction doubly appalling. Ignorance due to lack of sufficient learning can perhaps be pardoned, but knowledgeable infractions can in no wise be sanctioned.

"Old Glory" is not a piece of cloth to be regarded simply because custom or force of habit calls for such. It is symbol of all that man has rightfully striven for since he has emerged from the caves. When this ceases to be true, respect will no longer be called for.

Man has risen to unequalled heights in what we would look upon as civilized living, but has he, in that ascent, lost one of the few elements that separate him from the beasts—has he lost the ability to pay due respect?

FFA Contest attracts 800

Approximately 800 high school FFA boys packed Beames Hall, Murrays fieldhouse, for the annual FFA Contest held by the college, Thursday, April 9th.

Wendell Blair, agronomy instructor for Murray Agricultural students, warmed the boys up with several of his favorite jokes. The Balladiers, popular folk-singing trio

from Murray, were showered with pennies and applause after giving their performance to the crowd. Instructions and directions pertaining to the contest were submitted by Mr. Blair before the students filed out to engage in competition.

Winning competition was placed under twelve categories as follows:

CHAPTER MEETING CONTEST
 —1. Long Grove, 2. Calvin, 3. Sulphur.

BANKERS PUBLIC SPEAKING
 —1. Poteau, 2. Holdenville, 3. Elmore City.

CO-OP PUBLIC SPEAKING—1. Poteau, 2. Latta, 3. Wapanucka.
FFA PUBLIC SPEAKING—1. Davis, 2. Wynnewood, 3. Stigler.
CROPS CONTEST—1. Keota, 2. Wapanucka, 3. Stuart.

ENTOMOLOGY CONTEST — 1. Holdenville, 2. Moss, 3. Stuart.

HORTICULTURE CONTEST — 1. Holdenville, 2. Talihina, 3. Springer.
FARM MANAGEMENT—1. Moss, 2. Calvin, 3. Tishomingo.

DAIRY JUDGING—1. Stratford, 2. Midwest City, 3. Roff.

MEATS JUDGING—1. Talihina, 2. Holdenville, 3. Madill.
LIVESTOCK JUDGING—1. Latta, 2. Caddo, 3. Stratford.
FARM SHOP—1. Maysville, 2. Caney, 3. Latta.

150 FFA teams participated in judging. The winner of the most accumulated points in the contest was Holdenville and the Vocational Agriculture Instructor is Joe Rauniker.

Luck happens when preparation and opportunity meet.
 Youth is not a time of life, it's a state of mind.

This 'n' That

By Patsy Belcher
 Mrs. Mahoney, Our faithful Librarian, seems to have more troubles than anyone around. Recently while shopping, she dropped a coconut on her toe. The real problem, though, was convincing a fellow shopper that it really did happen, and she hadn't lost her mind.

The fishing derby, its plain to see, is underway. But really Mr. Reid, the idea is to catch the fish yourself, not to 'buy' one from someone else.

It seems that everyone is trying to get in on the fishing, even the housemothers. Amelia Poynter, of Poe Hall, is still having troubles learning the game, however. The fish are in the water, not the tree-top, meak.

Many of us perhaps don't realize the importance of our being accepted into the North Central Association. This makes any credit from Murray readily acceptable by any other college or university in the Nation.

Maybe you haven't noticed, but there are new pictures in the 4-H hall of fame. Pictures of Darlene and Randy Pipes of Coleman are now above the bulletin board outside the business office.

Pennington Creek can be dangerous. If you saw Louise McDonald from Madill limping around last week, you'll understand what I mean. At least that's what she says!

The library has literally boxes of new books. These books will be processed and put on display as soon as possible.

Michael Hoffman, a Murray graduate, was one of the winners in a recent Oklahoma State University Poultry Judging Contest.

Everyone should feel like starting to really study after the four-day weekend on April 17-20 due to the JUCO teachers' meeting and Student Achievement Day, especially since this is so soon after the week-long spring vacation.

The follies this year should make quite a program. There are a number of club skits to be presented in addition to entertainment by the Music department. There may even be enough acts to merit an intermission.

The Music Department is scheduled to present the program at the PTA meeting tonight in the Tishomingo High School.

SPOTLIGHT

Frances Haney and **David Ralston** at Murray. Frances plans to attend East Central State College at Ada.

Frances is the daughter of Mr. and Mrs. H. C. Haney of Clarita, Oklahoma. She is sophomore at Murray majoring in elementary education.

As Captain of the Angel Flight and President of the Goal Diggers, Frank has made her honored place at Murray. She is also a member of the Home Economics Club and a reporter for the Aggielite.

When asked what she liked or disliked about Murray, Frances replied "Well, I guess I like everything about Murray."

After completing her education

David Ralston, of Ardmore is the boy to be Spotlighted this week. He is a sophomore majoring in business.

David is president of the Officer's Club, Student Senate representative from the sophomore class, co-editor of the annual David is a member of Murray's baseball team, and stressed the fact that he was catcher.

When asked about what he liked most here at Murray he said "the friendly atmosphere, friendly people, and his good friends."

After graduating from Murray he plans to attend O.S.U.

Saxon leads Murray past Southeastern

OMA-Murray split games

After losing the first game of a twin-bill by the score of seven to three Murray came back to take the second game ten to three.

In the first game the Aggies made a lot of errors which may have cost them the game.

In the second game Murray got off on the right foot when they scored five runs in the first inning, climaxed by a long double by John Juby. The Aggies went on to win behind the fine pitching of Jim Godsbey.

Ada, Hobart win Murray track crown

TISHOMINGO—Ada and Hobart ran away with the annual Murray State high school track meet here Saturday, April 11.

Ada was able to double their nearest opponent, Shawnee. Ada racked up 58 points while Shawnee scored 29. Durant ran a close third with 24 point.

In the "B" class Hobart upset highly-rated Madill by outscoring them 53 to 33. Sulphur finished far back in third place with only 12 points as Hobart and Madill completely dominated the track meet.

Ada showed they were the team to beat in the "A" class by jumping off to a quick lead by winning first in the high jump and shutout. Danny Jones of Ada tied for first in the high jump was far below his normal as he only jumped five feet eight inches. Jones has been over six feet two inches this year.

In the "B" class, Thomas Gaines of Hobart blistered the track by setting a new meet record in the 100 yard dash by coming in with a 9.7. This breaks the old record of 9.8.

The track meet was very successful with 30 schools entering the events.

Bug collectors chasing insects for entomology

Mr. Paul J. Park's entomology students have begun working on their bug collections for this semester. Those who have not studied entomology may not understand the purpose of all this insect chasing, labeling and mounting. According to reference books, insects do a great deal of crop damage in the U.S., and for that matter, all over the world. As recently as 1955, the total annual loss in the U. S. due to the work of insects is estimated to be as much as \$4,000 million dollars.

In order to combat and control insects, one must be able to recognize species, have knowledge of their function, and put that knowledge to use effectively. Through this entomology course, students are given access to several learning devices: lectures, charts, plant exhibits, powerful microscopes, mounted specimens plus a slide projector and a collection of 2x2 Kodachrome slides which is gradually increasing in number due to the effort exerted by Mr. Park. Recently, the library has been stocked with several up-to-date books dealing with entomology.

Professor Park invited a reporter to tour his entomology lab while it was in action. From the leaves of an ivy vine growing in the lab he procured a long-tailed mealy bug for microscopic observation. What had apparently been a small white flake to the naked eye, revealed itself to be a large white creature with legs and feelers, beneath the magnified lens of a microscope.

An unusually silent group of young men were bent over their bug collections piercing not-quite-dead insects with straight pins and scanning reference books for those difficult Latin names.

Upon each insect, labels are fastened stating the county in which the bug was found, date collected and the name of the collector. The second label bears the name of the bug. When one of the fellows was questioned about his interest in the project he blithely granted, "You've got to be buggy to do this."

If your conscience won't stop you, pray for cold feet.

The only thing more expensive than education is ignorance.

Up and Down the Sideline

By Don Neal

The Murray Aggie baseball team after two home double-headers goes on the road for a game at Northern Jr. College, Wednesday at Tonkawa. This will be their third conference double-header in less than a week.

The track team is looking forward to the conference track meet to be held at Oklahoma Military Academy in the near future. They have had a very successful season and should do fairly well in the conference meet.

In case Jim Godsbey hasn't told you, his brother was named to the high school basketball All-State team. Jerry led his team in scoring with a 22 point plus average.

Murray State's college rodeo, sponsored by the Rodeo club will be held April 30, May 1, and 2. The stock has been contracted with Adrian Parker, noted stock contractor from St. Joe, Texas. It promises to be a very exciting rodeo. For further information contact Jean Stafford, Murray State College, Tishomingo, Oklahoma.

A group of Murray Rodeo students competed in the Colbert Rodeo, April 9. Those participating were: Fred Willis, A. B. McReynolds, Joe Elrod, Albert Willis and Kenneth Huffman.

Murray College opened their conference schedule Thursday April ninth with a double header with OMA. OMA took the first game 7 to 3, and Murray came back in the second game with a 5 run first inning to take the second game 10 to 3. This pulls the Aggies record to 1 and 1 in conference and 2 and 2 overall.

Murray's baseball, track, and tennis teams participated in a sports day at Eastern yesterday. The results are not available at this time, but will be published in the next issue.

I have looked at the records of the two leagues and come up with what I think will be the winners of the two league pennants. In the American league it looks like the Yankees as usual, but in the National is a close with any team capable of winning it all. But this reporter is going to stick his neck out and pick St. Louis, and Milwaukee to fight it out for the pennant with St. Louis taking all the marbles.

SCHEDULE OF SPRING SPORTS 1964

April 13—Murray vs Eastern (Baseball and Tennis)	Wilburton
Quadrangular Track Met (Murray, Eastern, OMA, Connors)	
April 15—Murray vs Northern (Baseball)	Tonkawa
April 21—Murray vs Connors (Baseball and Tennis)	Warner
April 24—Conference Track Meet Murray vs Eastern	Tishomingo
(Baseball and Tennis)	
April 28—Regional Track Meet	Shawnee
May 1—Murray vs Bacone (Baseball)	Tishomingo
May 7-9—Regional Baseball Tournament	Miami

Local libraries observe "week"

In observance of National Library Week, the Tishomingo High School, Murray College, and Chickasaw Multi-County Libraries held an open house in the Murray College Library Monday, April 13, from 7:00 till 9 p.m.

On display at that time was a special collection of books about Oklahoma, and an exhibit of paintings on loan from members of the Ada Artists' Association.

Refreshments were served by the Murray College Faculty Dames assisted by the College Home Economics Department.

The library committee responsible for the open house were Mrs. B. O.

Banks, Tishomingo High School, Mrs. Murrelle Mahoney, Murray College; Mrs. Billie Day, Mrs. Mary Hunt, and Carl E. Reubin, Chickasaw Multi-County, and Mrs. J. C. Cobb, member of the library committee. Students in the Home Economics Department provided table decorations and centerpiece.

Mrs. Sybil Alloway, Mrs. Rosalva Rainey, Mrs. Dorothy Peters and Miss Beulah Zimmerman, Murray College staff members, served as hostesses.

The public was invited to attend.

★—Angels of the Month—★

**Nancy Lumpkin**

Nancy Lumpkin, a Sophomore from Ardmore, has been chosen as Angel of the month. Miss Lumpkin is the Commander of the Angel Flight and was Right Guide during her Freshman year at Murray.

As a Freshman, Nancy was active in Phi Theta Kappa and Goal Diggers, as well as Angel Flight.

She is the current Phi Theta Kappa Secretary, a member of the Goal Diggers, Drama Club and is an active cheerleader. Nancy is working for Coach Robbins and Coach Ladd, as she did as a Freshman. She was also the Sophomore Class's candidate for Homecoming Queen.

Nancy is an English major and plans to teach in this field after two more years of college. She is undecided as to where she will attend school next year.

The Angels are picked by the Angel Flight Selection Committee, which includes Captain Charles Shockley and Major Billy Carter. The selection is made on the basis of participation in the Club's projects and improvement in drill.

**Kerry McKee**

Kerry McKee, president of the Angel Flight, has been chosen angel of the month.

Miss McKee moved to Tishomingo during her junior year where she completed high school as salutatorian. She was also active in the high school band, a majorette, homecoming queen, and among the yearbook favorites.

Some of Miss McKee's activities at Murray include member of Phi Theta Kappa, Goal Diggers pep club, Music Club, Drama Club, and Girls' Trio. She also participates in the Girls' Chorus and the Mixed Chorus. She worked on the Yearbook Staff, attended numerous football and basketball games as a Murray cheerleader and is representative of Drama Club to Student Senate. Also she works for Mr. Ridley, in the history department.

Kerry McKee was a candidate for Honorary Colonel as well as Valentines' Campus Sweetheart.

Miss McKee plans to work this summer and return to Murray to work on her Elementary Education major in the fall.

ponents: a Museum, an Archive and an Institute.

According to the Corporation announcement, the Institute of the Library will further one of President Kennedy's deepest concerns—his continuing attempt to bring together the world of ideas and the world of affairs; the world of scholarship and the world of decision. This purpose consistently animated his life, and no cause could better serve his memory.

Students will raise funds for Kennedy library

Spontaneous requests by college students on many campuses have resulted in the organization of a National Student Committee for the proposed \$10 million John Fitzgerald Kennedy Library in Boston, it was announced yesterday by the Kennedy Library Corporation.

The national committee will coordinate student drives in late April on 2,100 campuses throughout the nation as their part in the public campaign to raise the necessary funds. On completion, the Library will be turned over to the United States Government to be operated as part of the National Archives.

Jim Staton has been appointed chairman of the Kennedy Library Committee to direct the drive at Murray State College.

The site of the Library on the banks of the Charles River in Mr. Kennedy's native city was chosen by him shortly before his death. The building, in addition to an austere and beautiful memorial room, will include several working com-

The Institute will strive to bring intellectual and public affairs closer together in a diversity of ways—through lectures and seminars by professors, politicians and public servants of all parties and from foreign countries; through professional chairs; through meeting rooms for undergraduates interested in politics and public affairs; through fellowships for scholars, American and foreign; through visitors-in-residence; through organization of study groups and conferences bringing together scholars and practitioners to consider vital issues; through a publication program; through literary and public service awards; and through a variety of other means.

Any student interested in participating in this drive should contact, Jim Staton.

More summer jobs available in '64

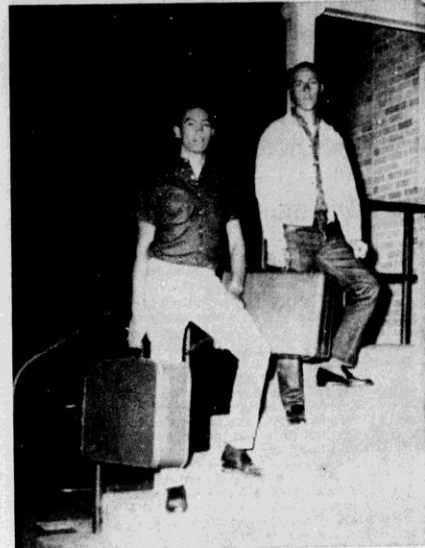

There is an increase of approximately 10% in summer jobs throughout the United States available to students and teachers in 1964 over last year. The greatest increase is found in summer camps, summer theaters, and resorts in the New England and North-Central states.

A limited number of jobs are open at the New York World's Fair; students who want to go to the Fair can obtain a job in the eastern states within "day's off" distance of New York. Some campus plan a trip to The Fair as a part of their planned program of activities.

The 1964 "Summer Employment Directory" lists 35,000 specific summer job opportunities all over the country, name and address of the employers which offer them, salary, and a sample letter of application and personal data sheet to assist in making application. Employers are listed at their request and they invite application from college students.

Students who would like to obtain an individual copy may ask for "Summer Employment Directory" at the bookstore or order by mail by sending \$3.00 to National Directory Service, Box 32065, Dept. C, Cincinnati, Ohio 45232. Mark "rush" for first-class mailing.

Opinion is that high and mighty name which rules the world.

STUDENTS RETURN: Murray college students returned to the Murray campus, Sunday, April 5, to begin classes April 6, after a nine day Spring vacation. Seen here are Gene Wilmoth, Sophomore, Tuskhahoma, and Alvie Nelson, Freshman, Grant.

Now available... a special opportunity TO REPRESENT AVON COSMETICS ON CAMPUS

By special arrangement with the college, an opportunity is offered to a resident student to represent Avon, world's largest cosmetic company. This girl will enjoy a unique earning opportunity: an exclusive franchise to offer fellow students Avon's famous cosmetics on campus. Because Avon has an international reputation, the high quality cosmetics, not available in stores, are in great demand. They are the newest, the best, beautifully packaged, and fully guaranteed. Student Representatives in other colleges are pleased with the acceptance of Avon, and with their substantial earnings.

ROUGH AND TUMBLE action is shown here by Joe Elrod of Murray, previewing some of the coming attractions the Murray annual rodeo, is to be held at the fairgrounds area, April 29-May 1 and 2.

Many activities planned for annual college rodeo

Leadership school trying for cadets

For the future officer candidates, the last three weeks have been trying, to say the least. Murray's officer hopefuls, for next year, have been participating in ROTC Leadership Lab, a preparatory course in ROTC leadership.

The cadets have been marching each other back and forth across the college campus and on a few occasions have marched each other into shrubs, mud-puddles, flowerbeds, and clotheslines.

This year's officers were the instructors of the one hour classes which consisted of a short lecture on the day's subject, and the rest of the period was devoted to the cadets marching each other. Each student was given from 5 to 10 minutes to march the rest of the class, and to practice on his command voice.

At the end of the 10 sessions (which ended Thursday) the instructors rated each of the students and this rating will be used in determining their rank next year.

Murray receives visiting students

Fifteen seniors from Wanette and six seniors from Tupelo visited Murray Campus Thursday, April 23.

Raymond Cleveland, Dean of Students at Murray, addressed the visitors in the auditorium, giving them information concerning the Murray curriculum and activities.

All of the visiting students were guests in the Murray cafeteria along with their sponsors.

It is expected that both Tupelo and Wanette High Schools will contribute students to Murray College next year.

Successful men believed in success long before they achieved it. The difficulties of life are intended to make us better, not bitter.

Sophomores honored at tea

Tishomingo Daughters honored the sophomore girls of Murray College, the Tishomingo High School senior girls and other guests at a tea Thursday, April 23, in the Community Room of the High School.

Doctor Fontella Kimbell, Dean of Students at Oklahoma College for Women, gave a review of her Two-year Teacher's Exchange sponsored by Ford Foundation to East Pakistan. Dr. Kimbell introduced Pakistan geographically and then told educational conditions, the folk customs and the role played in their society by women.

After a question and answer session the program ended with a demonstration and exhibit of dress and other souvenirs of her Pakistan trip.

School library hunting for missing magazines

The time has come again when the Library sends their magazines off to the bindery in order to have them bound. But some of the magazines have been misplaced and there is a campaign on to try to get copies of the missing issues. If anyone has any of the following magazines they wish to donate to the Library, we would appreciate their checking with the Library.

The Saturday Evening Post: October 27, 1962, November 17, 1962, December 1, 1962, December 8, 1962, April 2, 1963, May 4, 1963, May 11, 1963, May 18, 1963, May 25, 1963, June 1, 1963, June 15, 1963, and July 7, 1963.

Speech contest planned May 1

Southeastern College will host to the Carl Albert Original Oratorical contest of the third district Friday, May 2, 1964 at 3:30. Fifty dollars plus a small, gold medal will be given to the winner. The second place winner will receive a silver medal.

Friday, May 1, 1964 is the date set for the contest at Murray State. The winner will receive \$25.00. The contest will be held in room 301 in the administration building.

DELEGATES from Murray State Student Senate look over one of the many college scrapbooks featured at the annual O.I.S.A. Convention held at Central State College, Edmond, April 9 and 10.

Gibson, McKee elected, run-off slated for Veep

Danny Gibson

Office seekers nervously await election returns

Student Senate office seekers experienced quite a nerve-racking day as students cast their votes in the conference room Thursday, April 23.

Last minute campaign posters were up, speeches had been made, and still the fingernails received the usual abuse-biting. Though straw ballots had been circulated, candidates still had no idea what the results of the official election might be. In a sense, these students tasted of the bitter tang of defeat and the sweet savor of victory as hopes intermittently soared upward and plunged downward.

As election results are announced, it is the Aggieelite's hope that these candidates, both the victorious and the defeated, will be ameliorated mentally and spiritually as a result of their arduous efforts.

Attend the Follies

Let's all turn out for the Murray Follies TONIGHT at 7:30 in the college auditorium. Students, bring your activity cards or 25c Adult admission is 50c. See you there.

Danny Gibson has been elected president of the Student Senate for the 1964-65 school year. Danny is a Pre-Med major from Tishomingo. His opponent was Janie Hudson, also from Tishomingo.

There will be a run-off on Tuesday, April 28, from 10 a.m. until 2 p.m. to determine who the vice-president will be. The Candidates will be Van Wilhite, an education major from Amarillo, Texas, and Paul West, an Aggie major from Lexington. Don Neal, from Davis, ran a close third.

Kerry McKee, an Education major from Tishomingo, was unopposed for the office of Secretary.

Retiring officers are Lewis Parkmill, Mannsville, and Wanda Crenshaw, Idabel. Larry Heard, who was vice-president, transferred to Oklahoma State University at midterm.

The new officers will begin work at the beginning of the fall semester of next year.

Danny says of the election, "Of course I am happy about it, and I sure do thank everyone who helped. We will see if we can't keep it going at least as good as it was this year. We will try to keep it as it should be."

Kerry says, "There isn't much I can say since I didn't have a opponent, but I will try to do the job as it should be done."

Student Senate Representatives attend O.I.S.A.

The Oklahoma Inter-collegiate Student Association Convention held April 9, 10 at Central State College, Edmond was attended by President Lewis Parkhill, Mannsville; representatives Kerry McKee, Tishomingo, Janie Hudson, Tishomingo, and Wendell Hambrick, Ardmore. Loyd Goss, sponsor of the Murray Student Senate, accompanied the group.

The Friday afternoon groups discussed designing of a State Seal for the O.I.S.A. Interrelations of cultural exchanges for the colleges, and new goals and purposes of the O.I.S.A.

That evening a banquet with a dance following was held for the delegates, and a talent show was given by Central State College.

A general session to amend the Constitution and to elect new officers was held Saturday morning. Lance Robards, Phillips University, was chosen as President.

Among the proposed and adopted resolutions to aid the colleges and universities of Oklahoma are: an inter-collegiate cultural exchange program, leadership training clinics during the fall and spring terms for training prospective campus leaders, a coordinator system for the exchange of newspapers and information concerning other campus activities, and a display of individual Student Senate activities be shown at conventions.

The delegates felt they had profited greatly by attending the meeting and with the information and enthusiasm gained could better support Murray's Student Senate.

No one is too big to be kind and courteous, but many are too little.

IT'S OUR TURN NOW!

For many of us spring is a wonderful time. At least there is relief from winter's long seige; the landscape is brightened and life is once again worthwhile. In our newly-found exuberance we may fall prey to forgetfulness and fail to recall that it is also a time of sadness for many—sadness brought on by the passing of an era and fear of the future's uncertainty. I speak of 1964's abundant crop of high school seniors.

Most of us can recall with comparative ease the melancholy sadness, the innumerable perplexities of fearful decisions and most of all, the bitter thoughts of something that was irrevocably lost. These are inevitable occurrences which always accompany the harrowing experience called transition. No amount of kindness will comfort them, for it is not solace they seek. They desire a return of the reassuring certainty once theirs.

We who have so recently felt these same dream-shatterings can offer, to some degree, the certainty they would have. For not so long ago their problems were ours. Our present status is probably due to a helping hand offered during the height of our plight. Now it is our turn to offer the hand. A sympathetic listener and a few words spoken out of experience are frequently the answer to one of life's myriad dilemmas.

LEADERSHIP AND CO-OPERATION NEED!

Leadership and co-operation in our college organizations on Murray campus has dropped off to such a weak standard that few projects of class or club are promoted promptly and efficiently. One person is usually left holding a bag of responsibilities given him by those who make proposals for action but expect someone else to work for them. Certainly, this lack of unity and vigor has rusted club machinery.

Through our fallacious reasoning we foster projective attitudes toward the leader or the sponsor—in other words, he's to blame when anything goes amiss; after all, isn't he running the whole deal? Yes, he's running the project because you don't vote—you don't attend meetings—you don't give your support! But, on the other hand, from your organization "membership", you desire to receive recognition—to deal out unauthorized criticisms—and to secure for yourselves benefits and privileges.

When you fail to get satisfaction from an affiliation, examine your worthy contributions before stabbing your sponsor in the back. Did you exercise your right to vote? Did you attend meetings faithfully? And did you step in to work cooperatively for the good of the club? No? Then you may consider yourself as being the rust of your organization machinery. Remember, "You get out of life exactly what you put into it."

Ardmore couple recently married

Karen Colleen Woolery and Freeman Joe Baker, a freshman student at Murray, were recently married in Mary Neblack Baptist Chapel in Ardmore by the Rev. Earl Goff. The couple is now residing in Ardmore. The bride graduated from Dickson High School and her husband graduated from Ardmore High.

This 'n' That

By Patsy Belcher
Measles aren't just for kids. Mrs. Margaret Lokey, instructor of vocal music, had a case of the three-day variety.

The city of Tishomingo is in the process of repairing the Swinging Bridge. The Swinging Bridge has been closed in recent years because of neglected repairs. Access to the recreation area formerly reached by the bridge now is reached by a two-mile detour.

Wadell Altom, who graduated from Murray last year and was cadet colonel during the second semester, has been awarded a \$300 scholarship as the most outstanding junior majoring in soils at Oklahoma State University.

It seems that about all the students are doing for recreation now that the annuals are here, is sit in the union and sign those belonging to their friends. The annual staff is planning a dance dedicated to the signing of annuals. Everyone should be able to get the autographs they missed all those nights in the union.

Albert Willis, a freshman from Ringling, is in critical condition after an automobile accident during the four-day weekend.

The campus was well decorated last week with posters announcing the various candidates for Student Senate officers. Some of these posters were definitely unique.

The freshman class seems to be having all kinds of trouble raising money for the prom. They are now thinking of a "slave day" in which all Freshmen are expected to participate.

I hear that Coach Robbins has a weak stomach, and sometimes he just doesn't care for Mr. Lloyd Goss's jokes.

Everyone (especially Deans of students) should keep one eye always on his candy jar. The phantom just might strike there next. They say certain kinds of glue make it simply impossible to get the lids off containers of this kind.

College faculty members (even football coaches) should know how to spell. Of course, everyone will agree with Coach Ladd that 'Phantom' is a tricky word, but it is contained in most dictionaries.

There may be a real feud between the math and history departments before the year is out. Gerald Alloway, math instructor, seems to have lost some cigars. Part of them belonged to Lloyd Goss and Jack Ridley of the history department, and you know what that means.

John Stephen is the name chosen by Dr. Richard Murray, academic dean, and his wife Joanne, for their son who was born March 28.

Walter and Jean Morgan also have a new son, Walter Allen Morgan, Jr. He was born April 16, and weighed 9 lbs, 14 ozs. Walter Sr. is a Sophomore at Murray.

We would all like to express our sympathy for Mr. John Fletcher, who lost his mother last week.

It's very often the last key in the bunch that opens the lock.

One thorn of experience is worth a whole wilderness of warning. Egotist: One suffering from I-strain.

It's fine to believe in yourself—but don't be too easily convinced.

SPOTLIGHT

Guy Hilman

Guy Hilman, of Frederick is the boy to be Spotlighted this week. He is a sophomore majoring in Physical Education.

Guy is a member of the O Club, and a member of Murray's Football and Track teams. He stressed the point that he was a member of the Football team.

When asked about what he liked most here at Murray he said "The friendly atmosphere, and friendly people here at Murray."

Guy is the son of Mrs. Henrietta Hilmon of Frederick, Oklahoma. After graduating from Murray he plans to attend Southwestern.

Ola Mae Lamey

Ola Mae Lamey, from Coleman, is a very active member of her sophomore class and of Murray's student body.

Ola Mae contributes much to the Home Economics Club and the Music Club. She is secretary-treasurer of the Goal Diggers and also a member of the Angel Flight.

When she finds time, she enjoys and does a great deal of designing and making her own clothes. She tentatively plans to enroll at Southeastern State College, Durant, this fall.

Because of her unwavering devotion and interest in Murray State, the Aggielite features Miss Lamey in this week's "Spotlight."

Most Improved Cadets of the Month

Nolan Bullard

Nolan Bullard, freshman agriculture major from Elmore City is the April Cadet of the Month. Bullard was awarded Jr. Master farmer. He was named to the who's who selection on campus, holding an average of 3 point or better. After graduation from Murray he plans to attend Oklahoma State University.

Cadet Capt. Virgil Kennedy

Cadet Captain Virgil Kennedy of Harrah is the sophomore cadet of the month.

Virgil is quite active on campus. In addition to being Commander of the Color Guard, he is the Engineers' Club representative to the Student Senate, secretary-treasurer of BSU, a member of the College Choir and works for Mr. Horton. He was a member of the Drill Team during the first semester and has been an instructor in Leadership School.

Virgil, who is majoring in Engineering likes tennis, hunting and folk music, and worked for a local newspaper while in high school.

His plans for the future include attending Oklahoma State University next year and taking Advanced ROTC.

Studies vs Fun

Spring has arrived in full force on Murray Campus. Bermuda shorts have replaced the old Winter garb and spirits seem to have risen with the temperature; but no wonder! It is certainly a welcome change to be able to look out and see green grass, and to hear birds singing in the trees.

Many of the students have been taking advantage of the warm weather and going swimming in Pennington Creek. This may be rushing the season a bit, but it sure is fun.

It is really hard to imagine anyone studying when campus life in itself is so hectic and there is so much else to do. Political campaigns, track meets, baseball, practice for the coming follies, plans for the Freshman-Sophomore prom, and just simply enjoying the sunshine is taking up much of the time lately; but the Spring-fever-stricken student must remember that research themes and book reports will be due soon and semester finals are only about a month away.

It is up to you as a student at Murray to decide which is more important—studies or fun.

BACK UP GEARY, you're going to fall in! Since the Fishing Derby rules didn't specify where to fish, Geary Wallace of Waurika, found one of the best and most comfortable places on campus to fish. Geary won the thirty dollar prize for the most pounds caught with 115 pounds of dressed fish.

Highlights of College Life For 1963-64 at Murray

Top Academic Achievement —

DR. FREEMAN MCKEE, President of Murray College, presents the top ten academic students of the 1963 college term with the customary plaque. Left to right, beginning with the back row: Ramona Hertel, Fillmore freshman; Gladys Figg, freshman from Coleman; Floy Sliger, freshman from Madill; Aaron

Hulstine, freshman from Tupelo; Kenneth Dolezalek, freshman from Whitesboro, Texas; Lewis Parkhill, sophomore from Mannsville; Patsy Belcher, sophomore from Wapaucka; Gary Barnett, sophomore from Ardmore; Ronald Mills, freshman from Newalla; and Philip Dohrer, freshman from Dustin.

Top students are honored In special awards assembly

A number of students received recognition for achievement in various fields of endeavor at a special awards assembly on May 15. Dr. Richard Murray, Academic Dean, was master of ceremonies.

The first awards were presented by Mr. George Calvert, instructor of mathematics and engineering. The engineering awards for outstanding achievement were given to two freshmen, Richard Rose from Shawnee and Robert Hackney from Davis. Dwayne Miles, from Olney, received a book of tables for being the outstanding Math Student.

A new word dictionary was given to Ronnie Stinson, from Lane Grove, for submitting the most correct answers to the Math problems printed in each edition of the Aggieelite.

Kay Evers received a scholarship from Southeastern State College for \$50 each semester of the 1964-65 school year.

The "crew" received recognition as the outstanding intramural team during the school year.

Major Billy J. Carter and Captain Charles Shockley presented the R.O.T.C. awards. Two freshmen and two sophomores were recipients of the Chicago Tribune awards. The freshmen to receive the

awards were Bob Wells from Harrah; and Donald Henson from Kingston; Sophomores were James Stator from Hendrix, and Virgil Kennedy from Harrah.

The Air Force Times award went to cadet major Michael McCauley from Menards, New York. Ronald Mills from Newalla received the ROTC associate medal. The General Dynamics award presented to the outstanding cadet for advanced ROTC went to Gary Bob Barnett from Ardmore.

A certificate of merit was given to the Angel Flight commander, Nancy Lumpkin from Ardmore.

Coch Gene Robbins presented the conference trophy in track to Dr. McKee on behalf of the college.

Dr. Murray and Dr. McKee then presented the awards to the Top Ten students for the second semester. Gary Bob Barnett, from Ardmore, was first with a 4.0 average. Others were: Ramona Hertel, Fillmore; Floy Sliger, Madill; Lewis Parkhill, Mannsville; Kenneth Dolezalek, Whitesboro, Texas; Ronald Mills, Newalla; Philip Dohrer, Dustin; Patsy Belcher, Wapaucka; Aaron Hulstine, Tupelo, and Gladys Figg, from Coleman.

Murray Achieves Milestones in '64

In the first half of 1964, Murray made two giant steps in growth. First, the campus was modernized and improved with several brand new buildings, additions and wings on older buildings.

Second, and equally important, Murray was accepted as a member of the North Central Accrediting Association. These two milestones will be vitally important to you as a student here.

To make it easier for students who need financial assistance to attend Murray College, a number of scholarships, loans and student positions are available. For information on these, or on admission procedures, write to Dr. Richard Murray, academic dean. You are invited to visit the campus at any time, and will receive a cordial welcome.

Murray is Growing Grow with us

★—New Facilities are available

★★—Murray is accredited

★★★—Enrollment is growing

★★★★—Faculty is increasing

★

The educational program offers an Associate in Science degree upon graduation from Murray after two years of study; or a curriculum which may be applied to a degree at a four year college.

★

MESSAGE FROM THE PRESIDENT

At the beginning of the 1963-64 academic year the Aggieelite carried a message of Welcome from the president's office.

I would now like to express my appreciation to the Student Body for its fine spirit of enthusiasm and cooperation. You, as a group, can look back with pride in your accomplishments. Murray has recently received the highest accreditation possible from the North Central Association. We have seen the completion of new buildings and the addition of new equipment. Our academic and activities programs have kept pace with other improvements.

We hope that our new Freshman group will come to Murray with a desire to provide as many contributions to the school as those now leaving. Our returning students should continue their good work and be ready to help the new Freshman group adjust rapidly and to provide the leadership necessary to continue improvements.

We now say, "So Long" to our graduates and we hope they will continue to be boosters for Murray College.

FREEMAN MCKEE

Tom S. Wood	Publisher

There are a lot of new faces on the campus this week both from far and near. I want to welcome you new students to a different way of life, and, also, to our college. Soon I hope you new students will say 'our college', also.

Through the hustle and bustle of the first few weeks at Murray, there will be little time for homesickness or unsteadiness. Because in welcoming you to Murray, I am introducing you to a new and faster way of life than you have had previous to this first year at college. Also, in welcoming you to college, we leave it up to you whether you make a go of it or not.

All of you are familiar with the old saying, "All work and no play make Sally a wall flower". So get up and get out and take part in the activities we have planned for you freshmen of 1964-65. During the year we will have more things to do, more things to attend, but right now I want to sincerely welcome each of you to Murray College.

Dan Gibson,
 Student Senate President, 1964-65

I am grateful for this opportunity to express my genuine, heartfelt appreciation to the student body of Murray College for allowing me the privilege and honor of serving you as President of the Student Senate for this past school year.

It has been a good year for me; one full of work and what I feel has been progress — a perhaps small, hesitant step forward — but a step forward; one which many of you can reflect upon and feel a warm, proud sense of personal satisfaction because you have had a part in it. A year of planning, growth, achievement — and this is only a beginning.

To you who do not and indeed cannot feel proud, due to your own reluctance, shortsightedness and complacency I would say this: to the sophomores it is sad that you have cheated yourselves, for you do not have another opportunity here and the loss has been yours; to the freshmen, you are more fortunate—you do have another opportunity. Do not fail to take it! Don't make the same mistake of sitting idly by, complaining. Good things don't just happen; they are the results of careful planning, cooperation and hard work. This is your school, you are a part of it—I challenge you to shoulder your responsibilities and have a part in making the next step a giant one! —Lewis Parkhill

THIS WAS THE YEAR THAT WAS—

Well, Aggies, it's been a great year from beginning to end. All of us have gained much during our year at Murray, whether from the intellectual classes of Tom S. Wood or the counseling service of Goss Ridley, Inc., who give advice and help (?) to the lovelorn.

There has been a variety of activities designed to appeal to everyone. The Girls of Poe Hall got up at 4:00 a.m. for a sunrise breakfast, and the boys of Haskell Lucas stayed up until 4:00 a.m. for a bedtime "snack."

For the students who like sleuthing, there was the mysterious phantom who seemed to evade everyone who took up the chase. There were card games of all kinds for the "gamblers." For the Music lovers, the Murray Balladiers could always be counted on for a song, or two, or three, or . . . The pool tables in the Union even gave the girls a chance to become the best of "sharks."

There were even activities for the intellectuals. There was an art exhibit and a library open house, as well as Teas for the girls. There was the ROTC trip to San Antonio where the boys visited all sorts of "intellectual" places.

For the athletes and the "wish I were" athletes, there were various kinds of intermural sports which the fabulous faculty team lost. For a different kind of sports, there was the fishing derby and all-school picnics.

I think all of us will agree (although some won't admit it) that this has truly been a great year, and one that we won't forget soon.—Patsy Belcher

SHOWN HERE is the industrious Aggelite Staff typing copy and sizing up another edition of the college newspaper. Left to right are: Patsy Belcher, Editor; Don Neal, Sports Editor; Aaron Hulstine, Assistant Editor; and Mary Putman, Copy Editor.

Aggelite Staff Selects Campus Top Ten News Stories of Year

The Aggelite staff has chosen the top ten stories for the year. There were many important stories, but we believe these to be the best:

Of course the most important story is our acceptance into North Central Association. This membership makes Murray an accredited junior college ranked with the best in the nation. It relieves the students of any possible problem in transferring their credits.

The acceptance of the Aggelite and The Hanging of the Green was another big step for Murray. This is a business membership which lists the AGGIELITE with the largest and most outstanding newspapers in the state.

The Baptist Student Union laid plans for a new building which should be completed by the fall semester of 1964-65.

Dr. Freeman McKee was elected president of the Junior College section of the Oklahoma Education Association, and Dr. Richard Murray was elected secretary. Tom S. Wood was elected vice-president of the

public relations section of the OEA. Mrs. Murelle Mahoney was appointed Oklahoma representative to the American Library Association.

Rabbi Norbert L. Rosenthal of Temple Israel in Tulsa, Oklahoma lectured on the beliefs and practices of Jews and Judaism during Religious Emphasis week.

Janie Hudson was crowned homecoming queen and the Officers' club float "Orbit Eastern" won first place at the annual event.

Danny Gibson, Paul West, and Kery McKee were chosen as the new Student Senate Officers at the annual election.

Three students from Ardmore and one from Madill were recognized for having 4.0 grade averages at the awards assembly for the first semester.

Two editorials were chosen for the top ten stories, "A Thangid", which was written by Jacqulyn Perry deals with the importance of a good name and self-respect.

The four most important dances of the year were the Valentine's Dance for which the "Mutneers", a dance band from Southeastern College in Durant, played; the Homecoming Ball with "Wesley Reynolds and the Houserockers", a band from Oklahoma City; the R.O.T.C. Ball with the "Blue Rondo", a dance band also from Southeastern; and the recent Freshman-Sophomore prom with "Johnny Guitar and the Checkers", a band from Oklahoma City. These four were all formal or semi-formal occasions.

Campus Favorites —

CAMPUS SWEETHEART AND ESCORT, Floy Slinger, Madill, and Clyde Woodridge, Wilburton, pose against the splendid background provided by the Valentine's Day dance. The two were selected by an election which included candidates from most of Murray's organizations.

College year keeps Students busy

Every month of the 1963-64 term at Murray was packed with student activities.

Football season got off to a rocking start with the Homecoming Ball held in the Murray gymnasium. Also in September, the student senate sponsored an auto derby and an all-school picnic.

October was as lively as September with football games and the Phi Theta Kappa dance held in the student center on October 22. The Aggies Club sponsored a bingo party in the Murray cafeteria on November 25.

Throughout December, the Murray students were all busy preparing for the Christmas holidays. Prizes were given to the dorms which were most appropriately decorated. Haskell Lucas Hall won first prize and Patton Hall won second into the Oklahoma Press Association a memorable ceremony presented in the Murray auditorium as a token of the approaching Christmas season and New Year.

Murray gained a number of new students at the beginning of the second semester. On January 23, a Welcome Dance, in honor of these new students was given by the Student Senate.

The week from February 17 through 21 was devoted to religious emphasis on the Murray campus. Visiting ministers talked to the students in the various dorms and a Rabbi addressed the entire student body in the auditorium.

The Engineering Club sponsored a D. J. dance in the student union on March 17.

Geary Wallace won first prize for the most pounds of fish caught during the fishing contest sponsored by the student senate during the week from April 20 through 25. April 27 through May 1 was soap box week on Murray campus. Throughout this week the campus was covered with posters put up by the candidates for the Student Senate officers for the term of 1964-65.

A rodeo, sponsored by the Aggie Club lasted from April 30 through May 1.

The four most important dances of the year were the Valentine's Dance for which the "Mutneers", a dance band from Southeastern College in Durant, played; the Homecoming Ball with "Wesley Reynolds and the Houserockers", a band from Oklahoma City; the R.O.T.C. Ball with the "Blue Rondo", a dance band also from Southeastern; and the recent Freshman-Sophomore prom with "Johnny Guitar and the Checkers", a band from Oklahoma City. These four were all formal or semi-formal occasions.

Various movies were sponsored by the Student Senate throughout the year. And of course, the dorms on campus sponsored their own Christmas parties, hayrides, etc.

Indeed, the 1963-64 term at Murray was a fun-filled time. Everyone was kept busy, to say the least. In addition to dances, fish fries, dorm parties, the folles, football, baseball, and basketball games, rodeos, intramural sports, and various club activities, the students have provided their own fun by engaging in snowball fights and swimming in nearby Pennington Creek.

It is certain that the Murray students make any year what it is; so with the fine set of incoming students plus the Murray freshman who will be sophomores at Murray next year, the 1964-65 term at Murray should be as much fun and as successful as the past year has been.

Looking for faults, like charity, should begin at home.

There is no personal charm so great as a cheerful temperament.

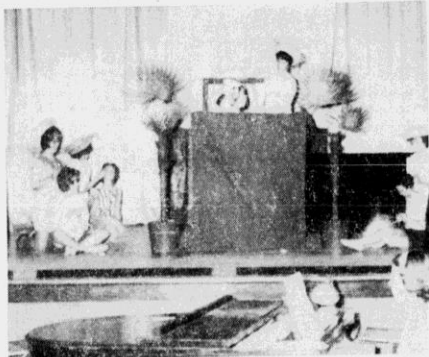

Music Plays Important Role in College Life

MRS. MARGARET LOKEY leads the mixed choir through several stirring selections from Handel's

"Messiah". Murray's Music Department was in charge of the Annual Christmas Program.

Wash—Wash—Wash—

KERRY MCKEE, is "Washing that man right out of her hair." The Murray Follies are an annual event at Murray. Mrs. Lokey, and Mr. Reid are sponsors of the Follies. David Williams, Gene Autry, was director. Louis Parkhill, Mannsville, was master of ceremonies.

Balladiers Popular—

THE MURRAY BALLADIERS. This group participated in many local shows, and appeared on television. Left to right, they are Lonnie Mayo, Petrolia, Texas; Gerardo Jimenez, Taft, Texas; Ronnie Mayo, Petrolia, Texas.

Murray "Follies" Smashing success

Just as all Murrayites had hoped—the Follies was a smashing success as predicted. There was a considerable amount of complications in getting this main attraction in swing. For one thing, the Follies sponsor, Mrs. Margaret Lokey, contracted the kids' disease-measles—about one week before the Follies were scheduled to be staged. Jack Reid, Head of the Music Department, obligingly took the lead during Mrs. Lokey's absence.

Sincere thanks and appreciation is extended to David Williams, Director of the Follies, for the magnificent job he did in promoting the success of the show.

Lewis Parkhill, master of ceremonies, conducted a program which allowed not a dull moment. Even the jokes—were funny.

Yes, as it was meant to be, the Follies this year were a scream. In times to come, actors and actresses who participated in the Follies "may forget what they said there—but they can never forget what they did there!"

Maybe men are better drivers than women, but you never hear of a woman wrecking a car because some man on the corner had nice legs.

Freshman Prom—

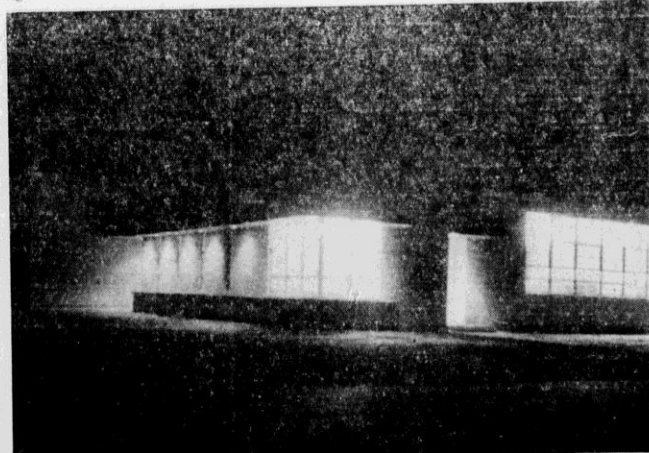

MURRAYITES ENJOYED DANCING to the music of Johnny Guitar and his Checkers at the Freshman Prom. Several students are shown dancing under soft lights in the gaily decorated Student Center Ballroom.

"Lady Known as Lou"—

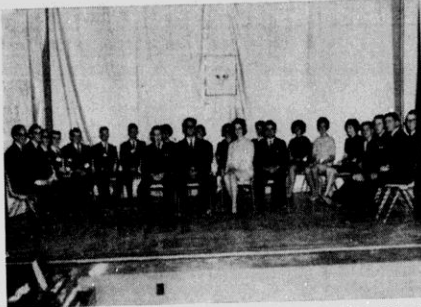

BARTENDER CHARLES CAIL is prepared to bounce drunken brother, Roy, out of "Joe's Bar." Jerry Winchester, "That lady known as Lou", sits on the lap of Kenneth Huffman as Nolan Arthur tickles the ivories. Don't worry people, this is only a scene from the Murray Follies.

THIS FINE STRUCTURE, appropriately named the "Music Building", provides space for Murray State's Music Department. Four practice rooms, a band room, two offices and a classroom are contained in

the building. Classes in Music Appreciation, Music Theory, History of Music and rehearsals for the band and various choral groups are also held here.

Activity Schedule Full at Murray College

PHI THETA KAPPA installation of new members, using the traditional Candlelight ceremony. Phi Theta Kappa is a national honor society composed of the upper 10 per cent of the student body. The officers for 1964-65 are President Ronnie Stinson, Lone Grove; Vice-President Jacquita Perry, Tupelo; Secretary Floy Sliger, Madill; Student Senate Representative Ramonia Hertel, Fillmore; Reporter Janie Hudson, Tishomingo; Social Chairman Warren Phillips, Mountain View.

Student Senate has revised Constitution

Murray's Student Senate has completed the revision of its constitution. A number of changes have been made, and ratification of those changes by the student body was made in a campus-wide election, Tuesday, May 19. Modifications were made concerning qualifications for Senate officers, elections, and office vacancies. Phi Theta Kappa members have been made ex-officio members of the Senate. The number of activity points allotted to each office and activity have in most cases been raised. Uniform rules have been set up for special election procedures.

Wilmoth named to All-District honor

Gene Wilmoth, Tuskahoma Sophomore, received an award from the National Junior College Athletic Association, certifying that he has been selected for All-District Honors in Region II Basketball. Wilmoth received the award May 19th from the Region II Director, Horna Thomas. Wilmoth led Murray to a respectable 16-7 season and a second place finish in the conference.

THE ABLE OFFICERS and sponsor of this year's Student Senate did a commendable job in presiding over the college's governing body during the 1963-64 college year. Left to right are: Lewis Parkhill, Mannsville, President; Lloyd Goss, Sponsor; Wanda Crenshaw, Idabel, Secretary; and standing is Larry Heard, Roff, Vice President.

Home Ec. Dept. has busy year

Home Economics Club members and girls taking home economics classes are kept active at Murray College. The new home economics department, complete with a modern all-electric kitchen and one in which gas appliances are used, recently was presented with a new G.E. range, a Frigidaire refrigerator, and a Maytag washer and dryer, all from O.G.&E. in Durant.

Throughout the year, the Home Economics Club has been kept busy making centerpieces for various school activities such as the Annual Staff Dinner, sponsored by Mr. Fletcher, English instructor at Murray, the Chamber of Commerce Banquet, the Annual Bull Banquet, open house at the Murray College library, and several buffet dinners served in the Murray College cafeteria.

In addition to this, the Home Ec. Club also wrote letters to high school students in Johnson County inviting them to visit Murray and telling them about the college Home Economics Department; and they sponsored a dance in the Murray student union during the course of the 1963-64 term at Murray State College.

Student Senate joins in Kennedy Library campaign

Murray's Student Senate is participating in the John F. Kennedy Memorial Library fund-raising campaign, along with thousands of other campus organizations throughout the country.

People wishing to donate to this worthy cause will find an exhibit and donation box in the Student Union. Information about the Kennedy Library, which is to be built at Harvard University, can be found at the exhibit.

"Mardi Gras" theme for dance

Balloon and crepe paper streamers filled the ballroom of the student center Thursday night, May 14, for the Freshman-Sophomore prom. Mardi Gras was the theme chosen by the freshman class for the dance in honor of the sophomores who will be leaving Murray campus this year.

Johnny Guitar and the Checkers, a band from Oklahoma City, played for the dance which lasted from 8:00 to 12:00. The prom was a semi-formal occasion.

Hobbs to Address Murray Grads

Commencement exercises for sixty-three graduates of Murray State College will be held in the college gymnasium Thursday evening, May 28, 1964, at 8:00 pm. Mr. Dan S. Hobbs, Research Assistant for the Oklahoma Regent for Higher Education will present the address. A reception for the graduates and their parents will be held in the student center immediately following the commencement exercises.

No man has a good enough memory to be a successful liar. You can't hurt a customer by letting him know he's important.

Rodeo Action —

ROUGH AND TUMBLE ACTION is shown here by Joe Elrod of Murray. The rodeo is one of the annual events held at Murray and is sponsored by the rodeo club. The rodeo club and aggie club sponsor many events on the Murray campus.

Agriculture students maintain rapid pace

Murray's Agricultural Club together with the Rodeo Club has maintained a rapid pace throughout this college year. Aggie activities have contributed generously, both academically and extra-curricularly, to the well-being of our college institution.

Headed by President Mike King, Madill, the Rodeo Club met at 7:00 p.m., September 9th, to discuss business of this first meeting. An invitation was accepted by the club to ride as a club in the Oklahoma State Fair. White western shirts with "Murray College Rodeo Club" in blue lettering on the back were purchased for the occasion.

Attractive pre-law major, Patty Hammond, of Norman, was elected by the Aggie Club to represent them in the Homecoming Queen race.

Sulphur freshman, Mike Hunter was chosen president of the Murray County Swine Breeder's Association — an office which seldom goes to one so young.

Another highlight of the year was the 9th Annual Murray College Beef Performance Test which was officially underway October 12th.

Tuesday night, October 15th, members of the Rodeo Club met and discussed plans for a new Rodeo Arena to be located in front of the barns.

The first 28-day weighing of the bull performance test took place at Murray College November 8th.

January 27, 1964, was the date upon which the Murray State College Livestock Judging Team participated in a livestock judging contest held in Fort Worth, Texas. Individually, Paul West rated 13th high while John Cope was 16th.

Concluded Friday, February 23, 1964, was the Ninth Annual Murray College Beef Performance Test. 174 bulls were officially weighed off the 140 day test.

Dr. Jerry Martin and members of the livestock judging team: Paul West, Lexington; Mike Hunter, Sulphur; and John Cope, Macomb — engaged in a two day livestock judging contest held in Houston beginning Thursday, February 27th. Murray scheduled the Southeastern District FFA Interscholastic

Contest on Thursday, April 9th. 4-H Club and FFA Chapter members were invited to compete in a land judging contest held at the Tishomingo Wildlife Refuge, March 28th.

What a Day! Approximately 899 high school FFA boys packed Bemmes Hall, Murray's fieldhouse, for the Annual FFA Contest held by the college, Thursday, April 9th.

Perhaps one of the most memorable events of the Rodeo Club activities was the Murray Aggies' Annual Rodeo. The horses were just as wild and woolie as they are at any rodeo, competition was stiff, and of course, there was a minimum of injuries. This year's Rodeo Queen was Miss Phyllis Lawson of Bennington. She was presented with a ribbon banner, a dozen American Beauties and a lingering coronation kiss from Ronnie Mullens, vice-president of the Rodeo Club. And who are the people on campus known as the rough riders? None other than the six brave girls who volunteered to climb aloft unladen calves and ride till body departed from steer. Sue Harrison outlasted them all and claims she's lucky enough to try it again.

Doctor Martin's Dairy Judging Team has something to crow about this year. They placed second in the Annual Junior College Dairy Judging Contest conducted at Oklahoma State University, Saturday, May 9, 1964. Members of the Murray team were Nolan Arthur, Perkins; Kenneth Huffman, Blanchard; and Tommy Linam, Marlow. Larry Potter of Calera and Jerry Winchester of Maysville judged as alternates. Kenneth Huffman is to be congratulated for placing as the third high individual in the entire contest. Also, Nolan Arthur tied for the fourth place standing. Evidently, this has been a good year for the Aggies.

Keep Freedom In Your Future

Air Force ROTC Group Has Active Year

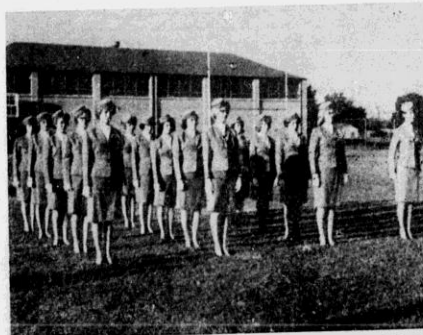

ROTC Group In Action —

CADET COLONEL KENNETH JENSEN, Ardmore, was selected as the commander of the 20th AFROTC cadet group for the second semester. He is shown with the Honorary Cadet Colonel Janie Hudson, Tishomingo. Jensen is one of the many cadets who received promotion for the second semester.

THE AIR FORCE Reserve Officers Training Corp of Murray State College in review. Headed by Cadet Colonel Gary Bob Barnett of Ardmore, the group includes all qualified male students of the college. The Band, Drill Team, Color Guard and Angel Flight are a part of this same program and are open to all interested students.

COMMANDER OF THE ANGEL FLIGHT, Nancy Lumpkin, Ardmore, stands to the far right of the Angel Flight Drill Team. These girls marched in a number of parades held on the streets of Tishomingo, Ardmore and Madill. Members of the Angel Flight volunteered to serve coffee at several functions throughout the year. Recently, the girls took a pleasure tour of Perrin Air Force Base, located in Sherman, Texas.

Air Force Group, Angels visit Perrin and Randolph

The activities of the Angel Flight are varied and interesting as well as fun. As a drill team, the Angels performed at many parades including the Armistice Day Parade at Madill, the Shrine Rodeo Parade at Ardmore, and the Homecoming Parade for Murray. The Angel Flight performed during half-times at football and basketball games and had an exhibition drill at the Eastern A&M vs. Murray Basketball game.

The Angel Flight Club undertook several projects. They sponsored a style show featuring clothes from a local department store charging as admission magazines for the hospital in Tishomingo.

The Angels helped the ROTC Cadets with the Military Ball held in December. At this Ball the Honorary Colonel elected by the Cadets from the Angel Flight was crowned.

Near the end of the year a field trip was taken to Perrin Air Force Base. The Angels had a guided tour of the Base and explanations and demonstrations of the equipment. After dinner in the Officers' Club they returned to Murray with a better knowledge of the activities and functions of an Air Force Base.

Thirty-five Murray College AFROTC cadets flew on two Air Force C-29 planes to San Antonio, Texas for a tour of Randolph Air Force Base.

They went to a briefing at eight o'clock over the T-38 Supersonic jet trainer, for training jet pilots.

Then they visited the synthetic ground trainer where several cadets made some test flights in them.

At nine o'clock they toured the base emergency fire station where they viewed the apparatus used and were given a first hand view of a jet helicopter. They saw the T-38's in action, and looked over the aircraft on the ground.

They visited the officers club and had some refreshments and then went to the parachute shop where they watched the packing of the chutes. From there to the administration building where they had their picture taken by the photographer, then to lunch.

After lunch they boarded a bus to Lackland A. F. B. where they toured the base used to train basic Air Force recruits for active duty.

(Continued on Page 8)

AFROTC Group has top year

Busy has been the word for this year's AFROTC group. A year of training has brought the boys from cadets unlearned in military ways to knowledgeable second-year men well on the way toward becoming officers.

The Band, Drill Team, Color Guard, and Angel Flight are all a part of Murray's ROTC program, and all have participated in various activities ranging from a parade in Ardmore to halftime activities during a basketball game with Eastern State College of Wilburton.

In addition to receiving an award for having the best float in the Homecoming parade, the ROTC also had their candidate elected Homecoming Queen.

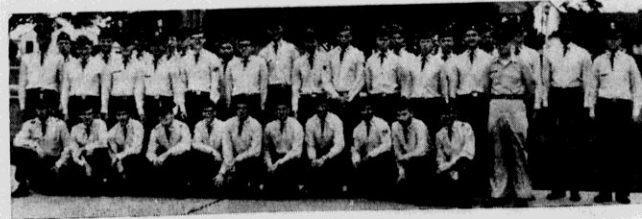

Several cadets were selected to make field trips to Air Force bases in Wichita, Kansas and San Antonio, Texas. A number of qualified cadets were privileged to receive a chance to fly in T-38 training jets.

But the crowning event in Murray's social year is always the ROTC Military Ball. This year was no exception. A band from Southeastern College provided music for the ball, during which Jane Hudson was selected as Honorary Cadet Colonel.

Gary Bob Barnett, Cadet Colonel from Ardmore, received the Ernest Claypool Young scholarship to go toward his education which is to be continued at Oklahoma State University.

Quick thinkers become leaders; he who hesitates is bossed.

Cadets Travel —

THIRTY-FIVE Murray College ROTC cadets, at Randolph Air Force Base, Texas. They spent two days in San Antonio, Texas. The cadets toured the flight lines at Randolph and visited other bases in the area.

They also viewed the T-38 jet trainer plane, the only supersonic trainer plane in existence. This was only one of the many activities that the ROTC sponsors for cadets that show promise in their ROTC work.

Top ROTC Student —

GARY BOB BARNETT, Ardmore, receives the General Dynamics award for outstanding cadet in advanced ROTC from Captain Charles Shockley as Major Billy Carter looks on. Mr. Barnett, who was the Cadet Colonel first semester of the 20th AFROTC Cadet Group at Murray State College, was also awarded a grant of \$234 by the Ernest Claypool Young Foundation to continue with the Air Force Advanced ROTC program at OSU.

Going to College Has Meaningful Side

DR. FREEMAN MCKEE, President of Murray State College, is welcomed to the nation's largest regional educational accrediting agency, the North Central Association of Colleges and Secondary Schools. Greeting him as a representative of a newly accredited school is Ralph C. Johnson, President of the North Central Association. Murray College was one of 68 schools to receive accreditation by the Association at the group's 69th Annual Meeting the early part of April in Chicago.

Murray College granted North Central membership

North Central Association of Colleges and Secondary Schools announced April 7, that Murray State College, Tishomingo, had been admitted to the Association.

The North Central Association is an accrediting agency which recognizes institutions of merit by granting them membership. A school is accredited by the voluntary association after demonstrating its ability to follow its stated purposes and meet criteria relating to such matters as educational philosophy, library facilities, curriculum, faculty, guidance, administrative organization and adequacy of support. The NCA schools currently enroll more than three million students in colleges, universities and high schools.

Dr. Norman Burns, Executive Secretary of the North Central Association, reports that a new total of 3,692 high schools and 480 colleges and universities are now accredited by the Association in 19 states stretching from Arizona to West Virginia.

Faculty members receive grants

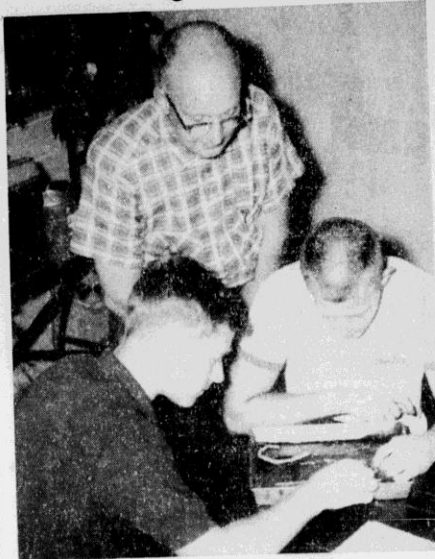

Three members of Murray State's faculty have been awarded study grants.

Mr. Ed Horton, math instructor, has received a grant from the National Science Foundation Institute for college teachers in the amount of \$1500. He will study nuclear engineering at Texas A&M College from June 1 to July 10. Then he will travel to the University of Arkansas to study mechanical engineering from July 13 to August 21. Mr. Horton will receive 12 hours credit for his work, six hours from each college.

Jack Ridley, instructor of social science, will study for eight weeks, June 10 to August 10, at the University of South Dakota. His tuition, books, and other fees will be paid by the East Asian Institute.

George Calvert, math and engineering instructor, has been awarded an \$1,800 study grant from the Ford Foundation. The loan is granted to college teachers of engineering who have their master's degree and are planning a career of college teaching in the United States or Canada. Calvert will study at the University of Oklahoma for 12 months, beginning with the 1964 Fall term.

If it is whispered or shouted, it isn't worth listening to.

MR. PAUL J. PARK, head of Murray's Science Department, will be teaching general zoology and field zoology at East Central State College, Ada, during the months of June and July, summer of 1964. He will be replacing one of the college's permanent instructors for the two months and will be back at Murray for the 1964 Fall term.

NEXT YEAR'S STUDENT SENATE OFFICERS, along with the Senate's sponsor, Mr. Jack Ridley, are shown planning ahead for the many activities of the coming year, all of which must be approved by the Senate. Left to right are: Paul West Vice President; Kerry McKee, Secretary-treasurer; and Dan Gibson, President.

Baptists begin Student Center

Work has begun on the new BSU center, the first at Murray State.

Groundbreaking ceremonies were held Sunday, May 24, with Leo Hill, pastor of the First Baptist Church, Tishomingo, officiating. Guest speakers for the event included several notable figures of the community and church.

Foundation for the building will begin around the first of July, when completion of the building architectural drawings are expected to be completed, and actual construction of the new building, to be located at 422 Murray Drive, is hoped to be completed by the beginning of the fall school term, 1964.

Other special guests at the groundbreaking ceremony were the administration and faculty of Murray State College, associational pastors, and the associational missionary.

DURING "NATIONAL LIBRARY WEEK" at Murray, the Ada Art Club displayed many sketches and paintings in the college library. The Murray library has added a great deal of new equipment this year, and many new volumes and publications have been purchased.

Murray Grads top scholars

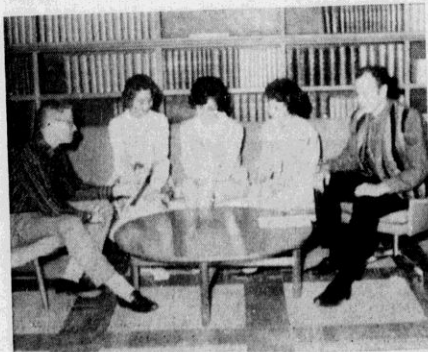

Several past graduates of Murray State College have achieved recognition as outstanding students at various colleges in the state.

Mickey Rowe, a Tishomingo chemistry major currently attending Southeastern State College in Durant, has received a fellowship for over \$3000 for study next year at the University of Oklahoma. After finishing next year's study, Mickey will have still another to go. A second year fellowship will provide \$4000 toward his Ph. D., if he qualifies.

Patrick Albert Sharp, a Murray graduate now studying at Oklahoma, has received the Lehn and Kink Gold Medal Award which is a plaque given to the highest-ranking senior who is majoring in Pharmacy.

Mickey Rowe

B.S.U. OFFICERS for the 1964-65 college term. From left to right are: Steven White, Music Chairman; Betty Pickle, Sec.-Treasurer; Floy Sliger, President; Louise McDonald, Devotional Chairman; and Gene Harris, Social Chairman. Herbert, Legg, Vice President, is not pictured.

Athletes and Fans Enjoy a Great Year

TROY CRIDER, Wichita Falls Freshman, is shown catching a pass during the Oklahoma Military Academy football game, highlighting rough and tumble action during 1963 football season.

Football team shows growth

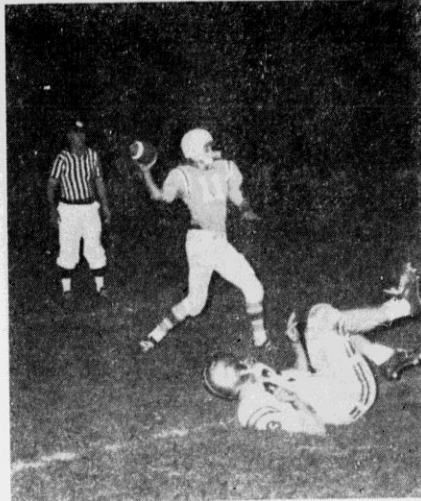

The Murray Aggies wound up the 1963 football season with a record of two wins, eight losses, and one tie. It was a long season for the Aggies as they lost their first three games by scores of 32-0, 41-0, and 23-0, by New Mexico Military Institute, Cameron and OMA respectively.

But they came back the following week to defeat a good eastern club 6-0, on Homecoming night. The lone touch down came on a pass from Dale Runyan to Woody Wilson which was good for twenty yards. The other Murray victory was a 14-13 victory over Connors which was their best game of the year.

In other games, the Aggies lost to Northern 13-12 and 14-13. Eastern bounced back and beat Murray, 21-0, to make it a split. Texarkana defeated the Aggies 41-0 and Connors also beat the Aggies by a score of 41-13 in the final game of the season.

The lone tie was with OMA. The score ended up a 13-13 tie.

The way to be understood is to be understanding.

DALE RUNYAN, all conference quarterback from Sulphur, set to throw a pass while an Eastern lineman looks on. Woodie Wilson, Denison, caught the pass for the touchdown that beat Eastern 6-0.

Intramural sports keep students busy

The sports-minded Murray students have had a very active intramural program. The Crew won all-around championship, with high places in the cross country, winner in football, runner-up in basketball, runner up in volley-ball, and runner-up in tennis. The Bootleggers were second with high places in all and champions in basketball.

The football race was nip and tuck all the way with the Crew edging the Bootleggers 6 to 0 in the last game of the season, after Alvin Nelson had won the Cross Country to start things off. The Crew tied the All-Stars 0-0 in 20-degree weather.

The Dragons came from no-where to win the volleyball.

The basketball race wasn't too tight after the Bootleggers beat the Crew and Faculty. The Bootleggers had an easy time, and won undefeated.

Tennis wasn't too far away and everybody was ready. The D.A.'s won the doubles, and Mike McCauley won the singles for the D.A.'s also.

After such a fine year of intramural sports under Lloyd Smith, Choctaw; and Jerry Stevens, Choctaw, intramural athlete directors, it seems difficult to reason that it could be better. But they offer more events for next year.

A man is not paid for having brains—but for using them.

When contentment enters, progress ceases.

JOHN JUBY, Sperry, Sophomore first baseman for the Murray Aggies, slides safely into third base, during action of the Murray-Oklahoma Military Academy contest.

Saxon leads Murray baseball; Team finishes season with 4-8 record

The Murray Aggies baseball team finished the season with a (4-8) record.

Murray took wins from Southeastern, Oklahoma Military Academy, Eastern and Connors.

As a team this year they batted (.229) with 75 hits in 329 times at bat. Shannon Saxon and Randy Key were the only two players to bat over the "300" mark. Saxon had a blistering (.375) with 15 hits in 40 trips to the plate, while Key hit (.314) with 11 hits in 35 trips.

Murray's worse enemy was their own glove as they made 61 errors in 12 games.

Dave Ralston was the big run producer as he drove in 10 runs, followed by Herbert Legg with 8 and Shannon Saxon with 7.

	ab	r	h	rbi	avg.
Shannon Saxon	40	5	15	7	.375
Randy Key	35	2	11	2	.314
Herbert Legg	33	10	9	8	.273
Dave Ralston	34	8	9	10	.265
John Juby	38	4	9	4	.237
Danny Mathis	13	0	3	1	.231
Nick Petro	36	11	8	1	.222
Jim Godsbey	25	4	5	2	.200
Richard Benedit	29	1	4	1	.138
Bob Parkhill	15	4	2	0	.133
Robert Stiles	20	0	2	1	.100

THE "CREW." These four students are members of the 1963-64 Murray College Intramural Champions. Receiving the plaque from President McKee are: Greg Cupp, Oklahoma City; J. T. Cottor, Sulphur; Carey Lambeth, Norman; and John Juby, Sperry.

GENE WILMOTH, Tuskahoma scores in opening game with Paris, Texas. Murray College won this game on its way to the Texoma Juco Tournament Title. Shannon Saxon of Mannsville and Martin Moore of Warner are shown in background.

Basketball team ends season with 16-7 record

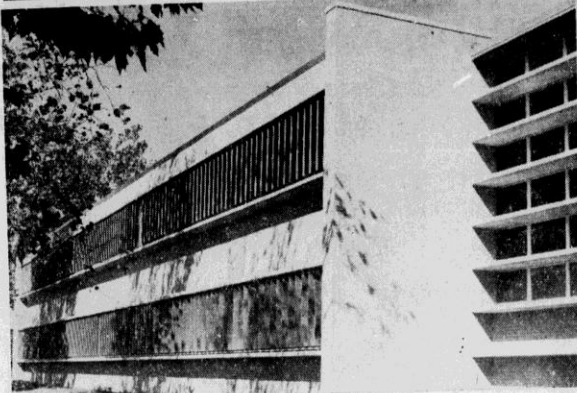

After a rather slow start the Murray Aggies basketball team compiled a good 16-7 record for the 1963-1964 season. The Aggies opened the season by winning the Texoma Juco Tournament at Tishomingo. The Aggies came back from the Christmas holidays with a 3-3 record, but lost only four of the remaining seventeen games. In the tournament at Tulsa the Aggies were beaten by only one

point in the first round of play by St. Gregory's who went on to the finals and played Bacone.

The Aggies had four boys with a ten point or more average for the season.

Gene Wilmoth a 6'2" sophomore led the scoring for the Aggies with an impressive 17.5 points per game.

The Aggies maintained a 74 point offensive average and a 62.3 defensive average.

A SIDE VIEW of the new Classroom Building. This modern-styled building was completed and put into use during the past year. Made of permanent fire-resistant masonry, the structure houses the Home Ec-

onomics Department, Business Department, Language Laboratory, as well as offices for the instructors of these departments. Air conditioning adds to everyone's comfort in the new building.

HARRY BOYD, Freshman from McKinney, Texas was quite a booster to the Murray track team this year. He was beaten only once in the shot-put event in six outings. Murray was winner of the JUCO track meet held at Murray.

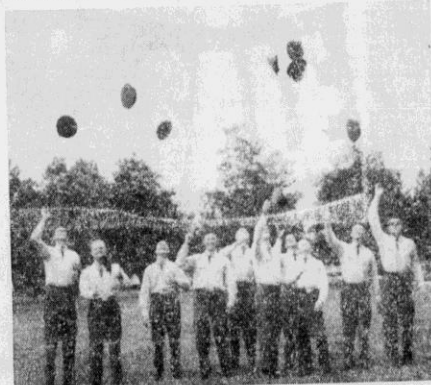

Track team "1964 Champs"

Murray College's track team, as it turned out, had a very successful season.

Murray does not award scholarships in track but put together a track team this past year which was good enough to win the conference.

Coach Benton Ladd gathered boys from the football and basketball teams and a few others, and was able to run away with conference track meet by beating their nearest contender by 17 points and placed very well during the entire season.

Members of the team were: Harry Boyd, McKinney, Tex.; Guy Hillmon, Frederick; Bland Scott, Wauka; Cotton Wade, Marietta; Russell Wells, El Paso, Texas; Don Keys, Texoma; Luther Campbell, Detroit, Michigan; Birdo Charles, Little Rock, Arkansas; Troy Criner, Wichita Falls, Texas; Willie Jackson, Montgomery, Louisiana; Jackie Smith, Davis; Warren Phillips, Mountain View; Charles Thursty, Grand Prairie, Texas; Clyde Woodbridge, Wbarton; and Woody Wilson, Denison, Texas.

THE LAST TIME! Murray College's ROTC Officers cheer after their last drill. All are Sophomores and for many it was their last one. But for one like Gary Barnett (third from right) it has just begun.

Pre-enrollment set, open until Aug. 15

Pre-enrollment, which began on May 15, will continue through August 15. Those students who pre-enroll are offered a greater selection of courses. Payment of fees is not required for pre-enrollment.

Those students who have ACT results available at the time they pre-enroll will have a greatly simplified registration procedure. Those students will pick up their enrollment packets and pay their fees at registration time in September.

Students who do not have their ACT results available when they pre-enroll will go through the regular registration procedure.

Wesley members meet weekly

The Wesley Foundation is a campus organization sponsored by the Methodist Church. The Foundation consists of weekly meetings to provide better spiritual development on campus. For these meetings there are usually special speakers or discussion leaders. At Easter time there was a special series by different town ministers.

Also sponsored by the Wesley Foundation are the evening meditations each Sunday. A devotion is given by one of the members of the members of the Foundation.

MAJOR JACK CARTER, Commander of the AFROTC Detachment No. 670C and Professor of Air Science the last three years at Murray College has been transferred to Europe. He and his family will leave Tishomingo the first of July.

Major Carter to leave Murray; go to Germany

Among the most distinguished men on our campus is Major Billy J. Carter, who for the past three years has been in charge of Murray's ROTC program.

Major Carter has had plenty of experience in the Air Force. He started as a flying cadet in 1943, flew as a navigator during World War II, and received a commission in 1944 at 19 years of age. He left the Air Force after World War II to complete his college work. He graduated from the University of Wichita Kansas with a BS degree in 1948.

While finishing college, he was a member of the Wichita Police Department, became treasury agent upon completion of college, and was a member of the Kansas Air National Guard which was activated in 1950 because of the Korean War. Because of his police experience, Major Carter was assigned to Security and Law Enforcement until his ROTC assignment.

Since 1950 he has spent three years in Japan, received the Bronze Star, Korean Presidential Citation, and the United Nations Medal. He spent three years in Washington where he received the Air Force Commendation medal and spent one year on the command staff. He also spent three years in headquarters USAF in Wiesbaden, Germany, before his arrival in Tishomingo in May, 1961.

Major Carter became a regular Air Force officer in 1955 and will have had 19 years of service in July.

Although ROTC and teaching is a little out of his regular line of work, Major Carter has done an excellent job at Murray. Under his leadership a larger number of students have gone into advanced ROTC and regular Air Force work. In addition to raising interest in ROTC, he has helped to sponsor many college and club events. This includes not only Angel Flight and ROTC sponsored events, but such things as providing

transportation for cheerleaders to ball games, etc.

This year completes Major Carter's assignment to Murray, and he, with his wife Betty and Daughter Kathy, will return to Weisbaden.

ROTC Group—

(Continued from Page Five)
They toured the barracks also and then had refreshments in the recreation room.

Then on to Kelly field, where they toured the biggest land based plane ever built which has a 232 foot wingspan. This plane was capable of carrying 100,000 tons of cargo at a speed of 300 miles per hour. Then they went to the Alamo in downtown San Antonio, and back to base.

The Cadets who made this trip were able to spend two nights in San Antonio or stay on base and take part in the many recreational activities, including swimming.

Captain Charles Shockey was the escort officer for the tour. He is the assistant Professor of Air Science at Murray College.

ON BEING THOUGHTFUL!

Film, dance, picnic planned

The Student Senate of Murray College has big plans for the first week of school. There will be a movie North of the Administration building at 8:00 p.m. Monday evening. The movie is entitled "Cat On A Hot Tin Roof" starring Elizabeth Taylor, and Paul Newman.

There will be a dance on the tennis courts, east of the field house Wednesday evening from 8:00 to 10:00 P.M.

Thursday at 2:00 P.M. there will be an all-school picnic at Round Robin Ranch which is located about 10 miles northwest of Tishomingo. There will be swimming, skating, and golf available. Students are to furnish their own transportation.

Murray awarded science grant

United States Senator Mike Monroney and United States Representative Carl Albert have announced that the National Science Foundation, Washington D.C., has awarded a Grant of \$1,000 to Murray State Agricultural College, Tishomingo, Oklahoma. The Grant will be matched with funds from the college.

These funds will be applied to the purchase of new equipment in biology, chemistry, and physics.

Dr. Freeman McKee, President of Murray, stated that this grant will enable Murray college to further improve and equip the science department. Also we would like to express our appreciation to Senator Monroney and Representative Albert for their interest in Murray College and education."

BULLETIN

Every student should check the bulletin boards and carefully observe the instructions for registrations.

ALL students must pay their tuition before they may attend class and before they are officially enrolled.

Dormitory students are required to pay for their room and board IN ADVANCE, however this may be done in quarterly payments of \$56.25. These payments are due on Sept. 1 and 2, Oct. 1, Nov. 1, and Dec. 7. New cafeteria cards will be issued on these dates. If a student pays for the entire semester at one time he will be issued a special cafeteria card which need not be renewed during the semester.

BULLETIN

Students driving automobiles on the Murray campus will be required to register vehicles in the Dean of Students office after September 21, and not later than 5:00 P.M. September 28. Cost of the registration and decal will be 25c.

All automobiles not registered by September 28 will be given violation notices and required to pay 50c for the first offense; 1.00 for second offense, and 3.00 for third offense.

To know how to suggest is the art and you can sell anything.

Wisdom is knowing what to do next.

WELCOME TO MURRAY STATE

Record pre-enrollment and inquiries indicate that Murray State Agricultural College is experiencing its largest growth in several years.

It is evident by the class size that more and more students recognize the need for additional education. Test scores indicate that our present student body is well prepared and has an aptitude for further preparation. We, of the Administration and Staff, extend a warm welcome to all our students and wish to offer professional and personal assistance whenever possible.

We hope that each student will enter the year with a desire to get the most from the various scheduled activities and academic program. In order for you to benefit most, you should get acquainted with all of us and create as many listing friendships as possible. The various churches and merchants of Tishomingo have always extended a welcome, and we know that they too, are willing to help you in many ways. Be prepared to give all your loyalty to your college and it in turn will be able to help you for many years.

Sincerely yours,

Freeman McKee
FREEMAN MCKEE
President
Murray State Agricultural College

Six new instructors join Murray faculty

Six new instructors have joined the Murray faculty for the 1964-65 college year according to Dr. Freeman McKee, Murray president. R. B. Brisco will replace George Calvert in the Engineering department. Calvert is on a leave of absence to attend the University of Oklahoma and work on his doctorate. Captain Bruce Medley will assist Major Charles Shockley who has been promoted to Major and made commanding officer of the Murray AFROTC Detachment. Mrs. Katy Rood will be a new addition to the language arts department and will teach English and speech. James Archer is a new addition to the science faculty and will teach chemistry and physical science. Robert Pearson has been added to the music department, and will teach vocal music.

Wayne Canaday will be assistant football coach, head baseball coach. (Continued on page 4)

Registration begins; First classes start Thursday

Night classes organize Sept. 2

Evening adult classes for the first semester of the 1964-65 college term at Murray State College, Tishomingo, Oklahoma will be organized September 2 at 7:30 p.m. in the college Library. Dr. Richard Murray, Academic Dean, will be in charge of the organization of the classes. Interest has been shown in courses in Spanish, social studies, busness courses and welding; however, classes will be organized according to demand.

BULLETIN

All full time students will be required to have student identification cards this semester. This card will have a picture of the student and other identifying data. A full time student is one enrolled in 12 or more credit hours.

Procedure for acquiring the cards is as follows: after completing enrollment, students go directly to room 101 of the administration building, where pictures will be taken, payment made, and cards issued.

The payment of a two dollar fee per semester will enable students who have this card to be admitted to all special activities as well as regular activities.

Janie Hudson selected to lead Angel Flight

Janie Hudson, Tishomingo Elementary Education major, has been selected as Commander of the Angel Flight for the 1964-65 college year.

Janie was elected Honorary Cadet Colonel of the Murray AFROTC Detachment last year and was also the representative for the ROTC Officers' Club float that placed first in the Homecoming festivities.

Miss Hudson was honored as the 1963 Homecoming Queen, and has also been active as a Cheerleader, Student Senate Representative, Phi Theta Kappa member, and member of the College Choir and Girl's Trio.

Testing and orientation for freshmen will began on Monday, August 31.

Those freshmen who have pre-enrolled and had their ACT prior to August 31 may complete their registration on Tuesday if they have no changes to make in their schedule of classes. Registration for these students will begin in the library according to the following schedule. Students with last names beginning with A through E will register from 1:00 to 1:45; F-K will register from 2:30 to 3:15; and R-Z will register from 3:15 to 4:00. Students who have not pre-enrolled, pre-enrolled returning students, and pre-enrolled new students who did not have ACT prior to August 31 will register on Wednesday, September 2 in accordance with the following schedule: A-K from 8:00 to 11:30; L-Z from 1:00 to 4:30. New students should enroll as follows: A-K from 8:30 to 11:30; L-Z from 1:00 to 4:30. The students in the above categories will report to the library to begin registration.

Testing Scheduled

The testing and orientation schedule for the first week of the 1964-65 college term for all freshmen has been announced by Mr. Harold Winburn, Director of Counseling. Monday, August 31, at 8 a.m. all students who have not taken the ACT test will assemble in the college library for instructions.

All students who have had ACT will report to the college auditorium at 9 a.m., August 31. Following a brief assembly, these students will be administered the California Mental Maturity Test in the classroom building, according to the following schedule: A-E, CR 102; F-I, CR 204; J-O, CR 106; P-T, CR 202; and U-Z, CR 104.

A make-up session for students who have not taken ACT will be held at 8 a.m., Tuesday, September 1 in the classroom building 102. A make-up for the California Mental Maturity Test is scheduled for 9:45 a.m. on the same date according to the following schedule: A-J, CR 202; and K-Z, CR 204.

Music Dept. searches for musical talent

Mr. Jack Reid, head of the Murray Music Department, and Mr. Robert Pearson, vocal music instructor, are encouraging all students who have had previous training in music to enroll in band or chorus. Students who are interested in music, but have a conflicting schedule should check with Mr. Reid or Mr. Pearson. One hour of credit may be earned by students who participate in either the Band or Chorus.

Trio, ensembles, quartets, etc. will be selected from the chorus personnel.

If you like to sing and if you like to play an instrument, see Mr. Reid or Mr. Pearson. They would like to see you and talk with you about enrolling in band and or chorus.

Don't work harder—work smarter!

STUDENT SENATE officers for the 1964-65 College Year, along with the Senate's sponsor, Mr. Jack Ridley, are shown planning ahead for the many activities of the year, all of which must be approved by the Senate. Left to right are: Paul West, Vice President; Kerry McKee, Secretary-treasurer; and Dan Gibson, President.

DEEDS ARE BETTER THAN PLANS!

"Small deeds are better than great plans." This brief but famed quote can perhaps lend more of the proper significance to your entrance or return to college than any which my insipid cleverness might conceive. Everyone has a tendency to slight his accomplishments because of their apparent failure to reach the dreamed-of proportions we would have for them. The seeming smallness of your action—whether it is beginning or continuing college—Belies the actual importance of deeds which could easily prove the difference that means a life of fulfillment rather than a dissipated lifetime. Beginning is always hard and continuing is often harder, so have no illusions as to the effort that will be demanded of you.

You have shown your sincerity and revealed at least a glimmer of potential by sending enrollment to an unparalleled high. There remains only for you to prove this sincerity and develop your potential until it becomes a reality instead of a possibility.

The larger enrollment has already prompted an increase in the activities which contribute greatly to the leisurely side of college life. But no amount of endeavor, however vast, by others can expiate a lack of interest and participation by the students. You will find that life everywhere has the same remarkable consistency; your returns will never exceed the worth of your giving.

And now I would like to offer a perhaps latent but nonetheless genuine welcome to Murray College. Given the proper opportunity, life at Murray will enlarge and better your life in a manner you may possibly find surprising.—Aaron Hulstine.

A SINCERE WELCOME

There are a lot of new faces on the campus this week Both from far and near. I want to welcome you new students to a different way of life, and, also, to our college. Soon I hope you new students will say 'our college', also.

Through the hustle and bustle of the first few weeks at Murray, there will be little time for homesickness or unsteadiness. Because in welcoming you to Murray, I am introducing you to a new and faster way of life than you have had previous to this first year at college. Also, in welcoming you to college, we leave it up to you whether you make a go of it or not.

All of you are familiar with the old saying, "All work and no play make Sally a wall flower". So get up and get out and take part in the activities we have planned for you freshmen of 1964-65. During the year we will have more things to do, more things to attend, but right now I want to sincerely welcome each of you to Murray College.—Dan Gibson, Student Senate President, 1964-65.

EX-AGGIE SPEAKS OUT—

I am grateful to be allowed one last parting word as past Student Senate President and also for the opportunity to welcome all of you to Murray College.

Let me congratulate you on your choice, for you are a part of a NEW Murray College; part of a new era of growth that holds great promise; promise in all that it offers you now, and promise of the future. Promise in the form of almost unlimited opportunities for educational, spiritual and social advancements; promise that can only be realized by diligent use of your wisdom and knowledge, your will-for-work, your co-operativeness and participation.

For without your own personal initiative, without grasping tenaciously every available opportunity that is offered, even the greatest of promises can be dulled, dimmed and perhaps lost.

May I caution you not to make the mistake of watching complacently as opportunities go by; your year at Murray can be just a productive and enjoyable as you are willing to make it!

At the risk of sounding repetitious to many sophomores, let me say that Murray is *your* college, you are part of it, you can make your future and Murray's glow, not only with promise-but fulfillment.—Lewis Parkhill, Student Senate President, 1963-64.

Science Club has many benefits for those who join

The student with an interest in science, whether as a hobby or career, is urged to join and participate in Science Club activities. According to the club constitution, students taking one or more science courses are eligible for membership. Club dues are fifty cents per semester.

Possible benefits for active members include such items as a trip to a meeting of the Oklahoma Academy of Science, meeting with one or more visiting consultants in some professional aspect of science, field trips to installations of technical or applied science, attendance of an outstanding science symposium, and motion pictures of scientific activities.

DR. FREEMAN McKEE, President of Murray State College, is welcomed to the nation's largest regional educational accrediting agency, the North Central Association of Colleges and Secondary Schools. Greeting him as a representative of a newly accredited school is Ralph C. Johnson, President of the North Central Association. Murray College was one of 68 schools to receive accreditation by the Association at the group's 68th Annual Meeting in Chicago.

Student employees must report to Deans office

All students who have been assigned campus jobs must report to the office of the Dean of Students for Work Slips authorizing campus employment. They must report not later than Friday, September 4, according to Raymond Cleveland, Dean of Students. Students who have been assigned jobs in the cafeteria, dormitories, or on the farm, must report not later than noon, Monday, August 31.

Drill team, band need cadets

All Freshman and Sophomore Air Force ROTC students interested in the ROTC drill team or band should apply to the Cadet Officers at the first meeting of the leadership laboratory. These groups need to be organized as soon as possible to prepare for future programs, according to Major Charles Shockley.

Murray College granted North Central membership

North Central Association of Colleges and Secondary Schools has announced that Murray State College, Tishomingo, had been admitted to the Association.

Wells Selected Cadet Colonel of AFROTC Group

Bob Wells, Harrah Sophomore, has been chosen for the office of Cadet Colonel of the 20th AFROTC Cadet Group for the first semester of the 1964-65 college year. This is the highest rank a cadet can reach while at Murray.

Cadet Wells is majoring in Veterinary Medicine. He was on the AFROTC drill team during his freshman year, and was also in the baseball team. Discussing plans for the college year, Cadet Colonel Wells stated: "Each year at this time a great responsibility falls on the shoulders of one of the sophomores to be Group Commander. This is an honor every freshman cadet hopes he can attain and also one of the great challenges. This year, due to the increased number of cadets, we sophomores are looking forward to greater achievements from the AFROTC Group. Most of the success of the Cadet Group comes from the co-operation of the freshmen members."

JOIN CAMPUS CLUBS
 Murray Students are encouraged to participate in campus activities. Organizations are available to all full-time students. A full-time student is one who is enrolled in 12 or more semester hours.

Organizations recognized by the Student Senate are Music Club, Engineers Club, Aggie Club, Rodeo Club, Home Economics Club, Dramatic Club, Lettermans Club, Science Club, Goal Diggers Pep Club, Angel Flight, and the Officers Club.

PHI THETA KAPPA is a national honor society composed of the upper 10 per cent of the student body. The officers for 1964-65 are President Ronnie Stinson, Lone Grove; Vice-President Jacquita Perry, Tupelo; Secretary Floy Slinger, Mad II; Student Senate Representative Ramona Hertel, Fillmore; Reporter Janie Hudson, Tishomingo; Social Chairman Warren Phillips, Mountain View.

Farm production college livestock have good year

Despite hot dry weather throughout much of the summer, production of crops and performance of the livestock has been satisfactory.

An improvement to the college sheep flock was the purchase of 10 young Hampshire ewes from Panhandle A&M College. This addition should improve the overall quality of the flock.

Murray College beef and dairy herds have held up exceptionally well despite dry grazing conditions through July and August.

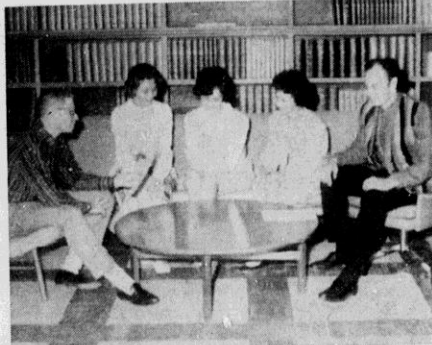

The Murray College Bull Test will be held again this year with approximately 160 bulls entered in the test. Interest is becoming greater throughout the country in tests of this type judged by the many breeders and beef industry officials coming to view the college facilities.

Crop production at the College Milburn farm has been quite satisfactory. Despite somewhat adverse conditions before and during harvest time, the small grains averaged 35 bushels per acre. Early milo yielded excellent in spite of the dry conditions throughout most of the growing season. Yields of grain averaged 50 bushels per acre. Corn is expected to yield comparably.

Hay production held high until dry conditions severely cut the growth. Attempts to irrigate the alfalfa fields have been partially successful. However, it is expected that sufficient water will be applied to the alfalfa in the near future to bring production back to normal.

Production on the native grass meadow totaled 3,300 bales of hay. Improvement practices have been put into effect that is hoped will improve production.

In an effort to increase the carrying capacity on the Reagan pasture, brush and weed seedling control on bermuda grass pasture was continued. Other improvement work includes grass sprigging on the detention dam and light stocking rates during dry conditions.

RELIGIOUS ACTIVITIES play an important role in the lives of Murray students. Pictured above are the B.S.U. officers for the 1964-65 college year. From left to right are: Steven White, Music Chairman; Betty Pickle, Sec.-Treasurer; Floy Slinger, President; Louis McDonald, Devotional Chairman; and Gene Harris, Social Chairman. Herbert Legg, Vice President, is not pictured.

Intramural teams organize Sept. 16

The intramural sports will soon be in full swing again and all teams are urged to get organized and ready to go. The teams must have at least seven players and not more than ten. The names of the teams must be entered not later than Wednesday, September 16 to the intramural director, Coach Gene Robbins.

The teams are not only for the boys, but girls also are encouraged to organize and participate.

The cross country race will be held on September 17, and the touch football season will begin September 21 and end November 24.

Students not participating are urged to turn out and take part in the sideling activities.

Turf improved on football field

An improvement program began early this year on the Murray College football field has progressed very satisfactorily. Coach Benton Ladd, who labored untiringly throughout the summer on the improvement work, is due much credit for the excellent condition of the field.

The field is almost completely covered with a dense turf of bermuda grass with very little weed infestation.

A summer program of constant watering, fertilizing, and mowing has been carried out with the end result being a bermuda turf dense enough to withstand the rigors of football games.

Goal Diggers need active members

Tryouts for Cheerleaders of the Goal Diggers Pep Club will be held Monday, September 7, at 2:00 P.M. on the college football field. Any boy or girl who has maintained a "C" average either their senior year in high school, or freshman year in college, is eligible. All interested students should submit their names to Tom S. Wood, club sponsor, in room 303, of the Administration building.

Returning lettermen spark '64 Aggie football team

Several big linemen and some experienced backs are expected to spark the 1964 Aggies to a winning season. Those expected to see the most action are the following sophomore lettermen: Harry Boyd, 200 pound all conference halfback from McKinney, Texas; Don Key, 191 pound fullback from Texoma, Oklahoma; Bland Scott, 178 pound halfback from Waurika, Oklahoma; Cotton Wade, 168 pound wingback from Marietta, Oklahoma; and Russell Wells, 175 pound wingback from El Paso, Texas.

Also Grady Grigory, 200 pound guard from Broken Bow, Oklahoma; Forrest Pever, 185 pound linebacker from Shawnee, Oklahoma; Warren Phillips, 230 pound linebacker from Mountain View, Oklahoma; Bruce Love, 187 pound linebacker from Nowata, Oklahoma, Van Wilhelm, 178 pound linebacker from Amarillo, Texas; and Luther Campbell, 205 pound end from Detroit, Michigan.

Benton Ladd, Aggie coach said, "I feel that although our sophomores are not large, they are very tough, and we must build our team around them, both offensively and defensively. If I had to point out the sophomores that I thought were going to be the best players this year, I would have to point to all of them, because they are all tough and capable. Most of the boys were on our championship track team last Spring. They want to win, and realize what it takes to win. Many of these boys started for us last year as freshmen. Most of them are at least ten pounds heavier and have valuable experience."

"We do have one All-Conference player back with us this year. Harry Boyd. Harry had a good year last season and we are expecting a great deal from him this season. I think most of our sophomores will make a place for themselves on our defensive team."

"When we talked to prospective freshmen this past spring, we were concentrating on large linemen. We think we found a few. In commenting about our freshmen I would say that they are larger than the average athletes we have had in the past. Many of them have several years of high school experience in starting positions. Many of these boys must come through for us if we are going to have a winning team. We are going to do everything possible to get them ready. We are counting on our sophomores to help us with this."

"The first things that we want to find out about all of our boys is who is the toughest, which ones are the workers, and who is the most dependable. After we find out these things, we are ready to put together a team. We hope to accomplish this the first week."

"We have about twelve boys coming to Murray as try-outs. These boys should make it tough on the rest of the squad, because they are trying to win scholarships as well as positions on the squad."

"We have developed a challenge system whereas any player on the squad can challenge another player at his position to an offensive or defensive contest. This way if a boy wants to make the team, he cannot be overlooked."

BYRON L. MAYBERRY, 1962 graduate of Murray College, prepares to part on a jet orientation flight as part of his AFROTC summer training at James Connally AFB, Tex. Cadet Mayberry, a member of the AFROTC unit at the University of Oklahoma, is undergoing four weeks of indoctrination in various phases of operations. The 21-year old cadet will be eligible for a commission as an Air Force second Lieutenant upon completion of AFROTC training and graduation from the University.

New instructors

(Continued from page 1)
and will teach psychology and American history.

Mr. Brisco received his Bachelor of Science and Masters degrees from Houston University and has done graduate work at Southeastern Oklahoma, University of Alaska, and North Texas University.

He has taught 14 years in the public schools, worked as an engineer for 6 years, and served 5 1/2 years in the U. S. Air Force.

His home is Atoka, and he is married to the former Lahoma Burns of Broken Bow. They have 5 children: Susan, 14, Debra, 13, David, 8, Pamela, 6, and Patti, 4. They attend the Methodist Church.

Mr. Brisco will teach Math and engineering.
Captain Medley's home is Enid, where he graduated from high school in 1954. He attended Cameron Junior College, and played varsity basketball. He received his Bachelor of Science Degree from the University of Oklahoma in math. He played varsity basketball while attending O.U.

Captain Medley has been in the Air Force since 1959. He served in Ohio, Italy, Germany, and Alabama, before coming to Murray. Before coming to Murray, Captain Medley coached and played basketball. He was second high scorer in Germany with 25 points average per game.

He is married to the former Fay Corne of Spartanburg, South Carolina and they are active members of the Baptist Church.

Mr. Archer attend Navarro Junior College on a football scholarship. He received his Bachelor of Science Degree from East Texas State College, Commerce, Texas, and has done graduate work at East Texas State.

As an undergraduate student, Mr. Archer was an instructor in general chemistry, organic chemistry, and physical science laboratories. As a graduate student he held a full graduate assistantship, and was a lecture instructor in physical science. He will teach general chemistry and physical science at Murray.

Mr. Archer is married to the former Patricia Boone, of Athens, Texas.

Mrs. Rood is a graduate of Oklahoma College for Women, Chickasha, where she received her Bachelor of Science Degree, and re-

ceived her Master of Teaching degree from Southeastern State, Durant. She has also done graduate work at the University of Oklahoma.

Mrs. Rood has traveled throughout the Western and Eastern areas of the United States.

All of Mrs. Rood's teaching has been in public schools in Oklahoma and she has worked for the Navy at Norman.

She has one daughter, Melva, who is married. She will teach English and Speech.

Mr. Pearson received his Bachelor of Arts from Panhandle A&M College. He has done graduate work at Oklahoma State University and Southeastern State College.

He will teach theory of music, and vocal music at Murray. He taught in the Adams Public Schools for four years.

Mr. Pearson was active in vocal and instrumental music in college, and was active in many college organizations. He was selected to the Who's Who in American Colleges and Universities. He is also a member of the Masonic Lodge, and very active in professional organizations.

He is married to the former Carolyn Brune of Guyton and they have two girls, Valerie, and Stephanie, 3 months. They attend the Baptist Church.

Wayne Canaday, former football coach at Chandler, has been employed as assistant football coach, and head baseball coach for the 1964-65 college year.

Mr. Canaday received his Bachelor of Science degree at Southwestern State College, Weatherford, and also done graduate work at Southwestern. He served three years in the United States Marine Corps. He played quarterback at Northern Junior College for two years, and also played quarterback at Southwestern for 2 years.

Mr. Canaday was head football coach at Chandler for one year, and assistant coach for 1 year. His football team won six and lost four during the 1963 season. He was baseball coach at Chandler and his teams compiled a two-year record of 22 wins and 4 losses and 1 tie.

He is married to the former Carolyn Mulkey from Blackwell, and they have one son, Jeffrey Wayne, 2. They attend the Methodist Church.

DR. FREEMAN MCKEE, President of Murray College, presents the top ten academic students of the 1964 college term with the customary plaque. Left to right, beginning with the back row: Ramona Hertel, F. Imore freshman; Gladys Pigg, freshman from Coleman; Floy Sliger, freshman from Madill; Aaron

Hulstine, freshman from Tupelo; Kenneth Dolezal, freshman from Willsboro, Texas; Lewis Parkhill, sophomore from Mannsville; Patsy Belcher, sophomore from Wagoner; Gary Baraki, sophomore from Ardmore; Ronald Mills, freshman from Nowata; and Phillip Dehor, freshman from Dustin.

Coeds needed for Angel Flight

Murray Angel Flight drill team consisting of full-time female students of Murray College will be organized as soon as possible, according to Major Charles Shockley, Murray Detachment Commander. The Angel Flight is organized as a campus club, and has Student Senate representation. Members of this group will be selected by a committee consisting of members of the faculty and the ROTC Detachment.

SELECTED VOLUNTEER COEDS at Murray are members of the Angel Flight. This unit is associated with the AFROTC program at Murray, and performs precision marching at college activities. Interested coeds should apply in the AFROTC office.

Aggieite wants student news

The Aggieite staff encourages all campus organizations to turn in news items to the Aggieite office located in room 303 located in the Administration building. The staff wishes to point out that only the news of which they are aware can be printed. Your co-operation will be appreciated.

Rehabilitation Rep to be on campus

Area Representative for the State Vocational Rehabilitation Department will be on the Murray campus this week. The representative will be in the Registrar's office to consult with any student who now has assistance from the rehabilitation program, or any student who may qualify for this program.

Health insurance plan is available for all students

A Blue Cross and Blue Shield Insurance plan especially for students of Oklahoma colleges and universities is now being offered to Murray College students.

Any full-time student, enrolled for 12 or more semester hours in any accredited Oklahoma college is eligible to join the program. Dues for Blue Cross-Blue Shield will be \$24.00 a year, payable \$12.00 semi-annually.

Any student interested in this program should contact the business office as soon as possible.

PICTURED above are the six cheerleaders chosen for the 1964-65 college year. Left to right, top row; Pamela Summers, Sabaur; Janie Hudson, Tishomingo; Floy Sliger, Madill; Lisa Kreppe, Mt. Vernon, Ohio; Mary Harbert, Tishomingo; and Kerry McKee, Tishomingo.

Cheerleaders selected for coming year

Six lively girls were selected as cheerleaders at the first pep club meeting of the 1964-65 college year. They were selected by a committee consisting of the college faculty, and were evaluated according to voice projection, vitality, and form.

The fortunate six are: Kerry McKee, head cheerleader from Tishomingo, Kerry, a sophomore, served as a Murray Aggie cheerleader her freshman year, three years as high school cheerleader, and attended cheerleaders clinic one year.

Also, Janie Hudson, a sophomore from Tishomingo, served as an Aggie cheerleader her freshman year, and two years as high school cheerleader. Floy Sliger, a sophomore from Madill, served as Aggie cheerleader her freshman year, and high school cheerleader two years. Lisa Kreppe, a freshman, from Mt. Vernon, Ohio., Pamela Summers, a freshman from Sulphur, who was a cheerleader during her senior year and attended cheerleaders clinic one year. Mary Harbert, a freshman from Tishomingo, served four years as high school cheerleader with two years cheerleading clinic experience.

Record college count is recorded at Murray

Wells chosen Cadet Colonel; others selected

The 20th AFROTC group has selected cadet officers for the first semester of the 1964-65 term.

Bob Wells of Harrah, Oklahoma was chosen to the highest office of cadet Colonel. The office of Lieutenant Colonel is held by Jerry Winchester of Maysville.

Cadet Majors are, operation officer, Ronald Mills, Newalla; Administration Service Officer, Gilbert Sanders, Oklahoma City; Personnel Officer, Gerardo Jimenez, Talt, Texas; Stephen White, Ardmore, Inspection Officer; Don Neal, Davis, Information Officer; William Face, Ardmore, Band Commander; Dan Orr, Madill, 40th Squadron Commander; Van Wilhelm, Amarillo, Texas, 41st Squadron Commander; Warren Phillips, Mountain View, 42nd Squadron Commander; and Dan Gibson, Tishomingo, 43rd Squadron Commander.

The rank of cadet Captain is held by: Eldon Archer, Tecumseh; Lynn Johnston, Tishomingo; Paul West, Lexington; Jessie Felan, Pauls Valley; Tommy Bennett, Gunter, Texas; Robert Hackney, Davis; Jim Delano, Healdton; Donald Henson, Kingston; Dwayne Miles, Coalgate; and Bruce Payne, Norman.

Cadet first Lieutenants are: Kenneth Keeton, Ardmore; Larry New- (Continued on page 4)

A record number of college students have enrolled at Murray College this fall. At the close of the enrollment period on September 24, there were 549 students enrolled.

523 of these students were day students and 21 were enrolled in night classes. Female enrollment has risen to 144 and male student enrollments are 405.

In the 55-year history of Murray, only 3 years have seen enrollments which could approach the heights attained during the current year. A close examination of the enrollment data for those years reveals some rather interesting information.

In 1933-39 there were 505 students on campus, 37 of which were high school students and 43 were vocational students.

The year 1939-40 showed an enrollment of 522 which included 10 high school students.

During World War II, in 1942-43, 120 college students were enrolled. There were also 11 high school and 423 Army-Air Force or Technical Training students.

The 43 percent increase this fall verifies the tremendous increase of the current year's enrollment over the fall enrollment of 1963-64.

Dr. Richard Murray, Academic Dean, attributes the increase to at least three factors. More students are of college age and are actually enrolling in college. The expanded and improved facilities of the college have attracted more students. A high percent of students who began college last year are continuing their education at Murray.

Nearly states of Texas and Arkansas are represented by a large number of students. Students from six other states and three other countries are also present on campus. Murray has drawn students from Louisiana, New Mexico, Florida, Pennsylvania, Michigan and Ohio, with students also from Iran, Cuba and Mexico.

Artists organize club on campus

Artists on Murray campus, who formerly had little opportunity to express themselves, have been introduced to a cozy haven in the administration building. This artist colony is composed of experienced and inexperienced persons who will meet each Monday at 4 o'clock p.m.

Under the sponsorship of Mr. John D. Fletcher, the Art Club met and elected officers Monday, September twenty-first. Mrs. Joan Shuman of Ardmore, a freshman majoring in Elementary Education, was elected to the office of President. Serving the club as Student Senate Representative will be Harold Lumpkin, Ardmore. Harold is a freshman majoring in Hotel Management.

Presently, the group is sketching still life in perspective. In the future they plan to undertake in, charcoal, water, color and oil painting. Membership is open to all students interested in art. Those who desire to learn are extended a cordial invitation to join in the experience.

You can't push yourself ahead by patting yourself on the back. Most jobs are done by committees of one.

Salesmen who get down to brass tacks usually rise rapidly.

Activity points system changed by revision

A number of changes have been made in Murray's Student Body Constitution some of which are minor and of a technical nature, but some of the more significant changes will possibly have a pronounced effect upon the student body and should, therefore, be brought to light.

The student senate has been given power to make recommendations in all matters concerning student welfare.

Meetings of classes and organizations to elect representatives to the student senate may be held no later than the second week of school. Any club not reporting class officers by the end of the second week, to the student senate, will lose student senate representation and organizational status for the current semester. Vacancies among class or club representatives will be filled within two weeks. Failure to comply will result in loss of student senate representation and organizational status for the current semester.

Any group of students desiring to form a club will be admitted to

\$20,000 boost is given to student loans at college

Murray State College has been allocated \$39,600 for student loans from the National Defense Student Loan Fund according to an announcement made jointly in Washington last week by Senators Mike Monroney and J. Howard Edmondson and Cong. Carl Albert.

The amount is an increase of more than \$20,000 over that made available last year, according to Jim Mihura, college business manager. Mihura said the loans are available to needy students of good scholastic standing in amounts up to \$600 a year, or \$800 a year if married. The loans bear 3% interest and are repayable during a 10 year period, beginning a year after leaving college.

This year's allocation will be sufficient to aid 120 students, Mihura said. Last year 91 qualified for loans and two years ago the number was 54.

club status upon presentation and ratification of a constitution.

Any representative missing two consecutive Senate meetings will be removed.

Phi Theta Kappa is removed as an active club in campus activities and is to be considered as a strictly honorary society. In recognition of their attainments, members of Phi Theta Kappa are ex-officio members of the student senate. They may attend all meetings, discuss all problems, but are excluded from voting.

Although the maximum number of activity points remains at 30 points, the number of points allotted to certain offices and activities have been changed. The activity points are as follows:

Secretary of Student Senate	15
President of Student Senate	20
Vice-President of Student Senate	15
Editor or co-editor of Aggieelite	15
Editor or co-editor of Tribesmen	15
Student Senate members	15
President of Class	15
President of Club	15
A.F.R.O.T.C. Cadet	15
Yell Leaders	15
Other Officers including R.O.T.C.	5
Membership in club or organization	5
Special elections for campus favorites, campus sweetheart, etc.	shall be held in the following manner:

- Nominations are to be made by secret ballot within the various clubs.
- Club officers are to count these ballots and, keeping the results secret, submit the name of their candidate to the Secretary of the Student Senate.
- Names of persons nominated by the various clubs will be placed on the ballot.
- Elections of this type are to be held from 10:00 a.m. until 2:00 p.m.
- Two persons, one of whom is a member of the faculty, are to be present at all times. Any clubs which do not adhere to the Student Senate rules concerning the scheduling of events will be suspended from club status until reinstated by the Student Senate.

Early pace proves busy for Dr. McKee

Dr. Freeman McKee, president of Murray College, attended a meeting of the Aggie Education Workshop, Sept. 17, 4:00 p.m. held in the Classroom Building.

September 23, at 1:30, in Atoka, President McKee attended a meeting of the Production Credit Association. He spoke at this regional meeting about "Higher Education."

September 25, at 8:30 a.m., Pres. McKee and Dr. Richard Murray attended a conference in Norman. This conference, "Goals on Higher Education in Oklahoma," was a continuation from last June. The Citizens' Advisory Group will be helping to establish "Goals on Higher Education in Oklahoma."

Have you noticed that your parking permit states that Murray is "Oklahoma's Fastest Growing Junior College"?

Campus anxiously awaits Homecoming festivities

All clubs will be required to have the names of their homecoming queen candidates registered in the dean's office by Friday, Oct. 2, at 4:00 p.m.

Campaigning by the various campus organizations will then begin in earnest.

Homecoming week, beginning Monday, Oct. 5 and lasting through Thursday, Oct. 8, will be full of activities for Murray students.

Introduction of the candidates for homecoming queen will be sponsored by the Home Economics Club in the student center at 7:30 p.m. on Monday.

Election of a queen will begin at 9:00 a.m. and last until 4:00 p.m.

in the student union on Tuesday. Should a runoff election of candidates be necessary, that election will be held in the student union on Wednesday.

A buffet dinner will be served in the cafeteria at 5:00 p.m. on Thursday, October 8.

The homecoming football game will be played on Thursday, October 8, at 7:30 p.m. between Northern College and Murray on the Murray football field. The students' choice for homecoming queen will be crowned during half-time of that game.

After the game, a band will provide the music for a sock hop which will last from 10:00 until 1:00 in the gymnasium.

A COLLECTION OF BORROWED WISDOM

If I could justly lay claim to wisdom as one of my virtues, I would have little trouble writing editorials. But any illusions I may once have retained concerning superior intellect on my part have long since vanished into that misty limbo of nothingness where most dreams go. So, to avoid the common fallacy among writers of writing when they actually have nothing to say, I have hit upon the ingenious idea of reviewing some of my favorite quotations, among other things.

It was Aristotle who said, "It is not one swallow or one fine day that makes a spring, so is it not one day or a short time that makes a man blessed and happy."

Somewhat cynically Voltaire noted, "Young men are easily deceived, for they are quick to hope."

Henry Thoreau professed a desire to live deeply so that he would not, when he came to death, discover that he had not lived.

In a moment of profound inspiration R. W. Emerson stated, "Insist on yourself; never imitate. In every work of genius we recognize our own rejected thoughts."

An anonymous practical philosopher gave this definition of an automobile: "A machine for transportation that has a 200-inch wheel base and is about the width of a prostrate pedestrian."

Ambrose Bierce dubbed the act of apologizing, "To lay the foundation for future offense."

George Bernard Shaw claimed that the best reformers are those who commence on themselves.

Oscar Wilde said this of bigamy, "Having one wife too many, Monogamy is the same."

The reckless, debonair Lord Byron commented, "Cash is virtue."

A writer — unknown to me — penned these phrases about college: "The land of the midnight sons. A college professor is a man paid to study sleeping habits among students. A college graduate is a graduate of an institution of higher learning who finishes college and his father at about the same time."

The noble Solomon expounded, "Let thy speech be short, comprehending much in few words." An axiom possibly applicable to editorials also.

BUT THIS ISN'T ANY FUN!

Are you attending college with a sense of direction in mind? Do you realize the importance of having a sense of direction? No one can tell you, a person attending college, what to do with your life unless you yourself know what you can and want to do. If you haven't searched your soul for a few answers; it's high time that you do so.

Was it your decision to attend this college? It should have been. If you honestly have no desire to attain academic superiority, then consequently you will not. There is nobody here to bathe you, call you to meals or stand over you with a sledge hammer so that you'll study tomorrow's lesson. What you do with your time is your prerogative. But don't expect to get anymore than you have given.

Of course, you can throw in the towel if you see that your studies are going to interfere with your "fun". However, THIS IS NOT A FUN HOUSE. Good students are sometimes lonely people. Before you denounce college education consider your future regrets—then read these lines:

"If you think you're beaten, you are;
 If you think you dare not, you don't
 If you'd like to win, but think you can't,
 It's almost a cinch you won't,
 If you think you'll lose, you're lost,
 For out in the world, we find
 Success begins with fellow's will.
 It's all in the state of mind.
 If you think you're outclassed, you are;
 You've got to think high to rise
 You've got to hustle before
 You can ever win a prize.
 Life's battles don't always go
 To the stronger or faster man;
 But soon or late the man who wins
 Is the one who thinks he can."

Science Club elects officers

New Science club officers were elected Wednesday, September 16. Officers elected were: Bob Miles, Ardmore, president; Philip Dobrer, Dustin, vice-president; Frances Dorrer, Lebanon, secretary; Joyce Childs, Roff, reporter; Norby Williamson, Lindsay, Student Senate Rep.

Newly elected officers met September 17 and discussed plans for club activities.

Harkins elected president of Home Ec. Club

The Home Economics Club had a meeting with sixteen present, Sept. 16, at 2:00 in the Sewing Lab.

New officers are: Betty Harkins, Tupelo, president; Elaine Bodine, Wanette, vice-president; Louise Smith, Fort Worth, Tex., secretary-treasurer; Mary Harbert, Tishomingo, reporter and student senate representative from the Club.

Mrs. Rainey is in charge of the Home Economics department. No definite plans have been made for club activities.

Use your library; It's real cool

The library (happily) missed last year's hectic show down cruise the first week of school. This fall we launched comparatively smoothly into the current of activities, not having to dig out of the debris of remodeling, nor move books from packing boxes, and nooks and crannies where they were stashed during the upheaval.

Already this year a number of students have formed the habit of coming to the library to study, perhaps lured by the air conditioning these warm September afternoons and evenings. A feature that is getting a big whirl is the new record player which music students keep turning at a steady clip of 33 RPM. Luckily it has ear phones, or else the library staff would know the instruments of the Orchestra as well as Mr. Reid by now.

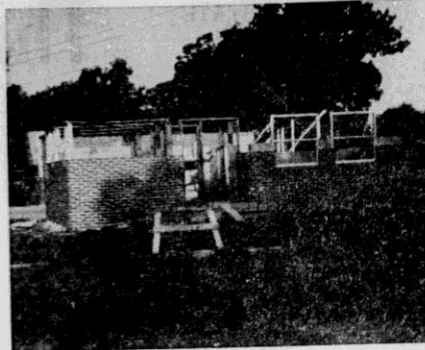

Also several instructors have already handed out reading lists and assignments, sending groups of students scurrying over to find a book on ancient Egypt, or 20th Century Germany, with 500 pages in it." One of the librarian's regular tasks is to sell them two books, or one book with 501 pages. It isn't easy. After all, what can they do with that extra page?

The Murray library now has about 12,000 volumes, including books in most subject fields, reference books, and bound volumes of magazines. It subscribes to about 70 magazines, and several newspapers. Last year, nearly 1000 new books were bought and processed, including a good selection of recent fiction for pleasure or classroom reading.

The library has a few advantages over your room as a place to study, namely the following:

1. Air conditioning (hurry while it's still hot!)
2. Peace and quiet;
3. Books!
4. Plenty of good seating, even some easy chairs.
5. Some of the best looking student assistants on campus (female), who are willing and eager to help you.

So welcome to the library! Learn your way around, and make it your study headquarters, the sooner the better. Your grades will show the results.

NEW BAPTIST STUDENT UNION is well under way. The structure is being built by the Churches in Johnston and Marshall counties.

Rise in enrollment brings more scholarships

According to George Stone, President of the Oklahoma Farmer Union, the scholarships for \$100 per semester for this year went to Stan Standridge, Chickasha, and to Mike Estes, Chickasha. Requirements for this scholarship are based on writing a summary over booklets which must be turned in each year for a 3 year period, attending Farmer Union camp for 3 years, and maintaining a "C" average.

General Education is the major of freshman, Mike Estes. Mr. and Mrs. James N. Estes are his parents, Chickasha. Mike is interested in the field of teaching.

Stan is a sophomore majoring in elementary education. His parents are Mr. and Mrs. Jake Standridge, Chickasha. This is the second year that Stan has been awarded this scholarship.

Each year, Regent Scholarships are awarded to students who were either valedictorian or salutatorian of their graduating class. These scholarships are for \$50.00 per semester. Those students receiving this scholarship for the first semester are:

John Alexander, Ravia; Sarmie Jo Belcher, Atoka; Sammie Kaye Deaton, Purcell; John Leroy DeLano, Haldilton; Betty Jane Dewlano, Mannsville; Thomas Lee Esberne, Stoneville; William Fitts, Burneyville; Geneva Sue Gamble, Terrell; and Donnie Lee Gardner, Lone Grove.

Also receiving this scholarship were: Carol Ann Genn, Ardmore; Joseph A. Green, III, Dibble; Mary Harbert, Tishomingo; Teddy Wayne Hartsfield, Coalgate; Carolyn Hausler, Ardmore; Durwin Horton, Coalgate; Carolyn Johnson, Gene Aury; Mak Koehler, Wanette; Kenny LaMar, Oklahoma City; Virginia Lou Mackey, Atoka; Linda Moore, Harrah; Paula Robinson, Tishomingo; Floy LaTrelle Slinger, Lebanon; Louise Smith, Fort Worth, Texas; John Williams, Lexington; Janice Hooper, Lexington; and Kenneth May, Graham.

Business and Professional Scholarships are awarded to students on the basis of need and scholastic average. These are for \$50.00 per

semester and are awarded by Tishomingo businesses and organizations. The following students received these scholarships.

Darrell Archer, Tecumseh, Leora's Laundry, Wheeler Radiator, and W. E. Daniels; Sex Xan Arnold, Ardmore, Reeves Insurance Co.; Billy Earl Beal, Centrahoma, Roger Barker and Joe Caskey; James Colbert Bynum, Tishomingo, May Flower Shop; Joyce Childs, Roff, Shadle Drug Store; Kenneth Dolezalek, Whitesboro, Texas, Rotary Club; Donald Eldridge, Lexington, Bolin Barber Shop and Chuck's Grocery; Ramonia Hertel, Fillmore, Cobb Drug Store; Aaron Hulstine, Tupelo, Capital-Democrat; and Paul Frank Lambert, Tishomingo, Cobb Lbr. & Hdw. Co.

Others receiving a scholarship are: Jimmy Doyle Mayberry, Lexington, Hacker's Cleaners and Stamps Dry Goods; James Ross, Tishomingo, Texoma Tire & Supply Co.; Jack M. Shadle, Tishomingo, First State Bank; Pat Stinson, Marietta, Lambert Oil Co.; Ronnie Stinson, Lone Grove, Walter Calhoun and B & R Supply Co.; Lloyd Stone, Paden, Full Tuition by the Farmer Students' Association; Charles Taylor, Tishomingo, Smith and White Grocery; Thomas Earl Wiginton, Paden, Hutchens Chevrolet Co.; Barry Buchanan, Hooker, Bell-Wiseman Clinic; John Tadlock, McMann, Hart's Electric; Anna Ramsey, Shawnee, Tishomingo Daughters and Holisso; Tommy Hammond, Grandfield, Armstrong and Co.; Marilyn Moore, Tishomingo, Epsilon Sigma Alpha; and Larry Sandefur, Amarillo, Texas, Dr. F.E. Webb.

SPORTS

Up and Down the Sideline

It may be a rather interesting Fall. Northeastern A&M, who was the preseason pick to repeat as National Champions, went out in their first game against O.M.A. and got beat 13 to 7. This jumbled up the whole works, as previously it was to be Northeastern 1, and Cameron 2. Cameron looked great in knocking off Dodge City and Murray, and to top it all off O.M.A. marched out and let Eastern beat them. This makes the Oklahoma JUCO race outlook even tougher with a better balanced league than ever before.

Ardmore pulled a stunning victory out of a hat when they knocked off Lawton 30 to 16. This was the first time in over three seasons that Lawton had been beaten by an Oklahoma team.

Intramural action got under way last week, but the interest is not as keen as it has been in the past. More teams are needed to make the competition greater for the college trophy. If you have a team, or may be interested in forming a team, contact Terry Elazonde in the AggieLite office.

The Oklahoma Collegiate Conference looks tough again. Central State from this angle has the inside track, and has to be the team to beat Northeastern, last year's champions, and East Central hold the dark horse roles and the others trail behind them.

Intramural teams announced

Eight team captains have turned in names of their teams and players that will participate in the intramural sports held on Murray campus.

The intramural sports program consists of cross country, football, basketball, volleyball, tennis, badminton, track, and horseshoes. Here is a list of the teams that will be participating. Paul Lamberts, Rodeo Club, Bootleggers No. 2, Rough Necks, Aggie Club, Fulton Hall, Preston Parkers, and the Faculty.

The intramural schedule for the 1964-65 college term, unless canceled for some reason, will be as follows: September 17, 1964-Cross Country Run. September 21-November 24-Touch Football, December 9-January 23, 1965-Volleyball, February 1-March 25-Basketball.

April 12-Track Meet. April 13, April 27-Tennis Tournament and Badminton Tournament. April 28-May 20-Horseshoes.

OMA topples number one team

Oklahoma Military Academy of Claremore combined their ground and air forces Thursday night, September 10, to shoot Northeastern Oklahoma A&M out of the number one spot among the nation's junior colleges by a score of 13-7, in Oklahoma's Junior College curtain-raiser.

Halfback Richard Dunlap scored on a 60 yard pass-run play from quarterback Larry Chinn and later romped 41 yards for another touchdown.

Poe to hold top office of Patton Hall

Lou Poe, sophomore English major from Dickson, was re-elected president of Patton Hall. Elected to the office of secretary-treasurer was sophomore, Kerry McKee, an elementary education major from Tishomingo. A freshman science major, Billy Anderson, Dibble, is the new social chairman for the dorm. These girls will be the officers for the complete term of 64-65.

New rules authorized by Dean Cleveland are now in effect. Quiet hours are from 8:30 p.m. to 7:30 a.m. and lights are out at midnight. These rules should induce set study habits.

Pep Club chooses new officials at Sept. 9 meeting

Election of Pep Club officers was held Wednesday, September 9, at the football stadium.

Three sophomores and one freshman, all from Poe Hall, were chosen, with Barbara O'Dell, a sophomore, as president; Julie Parkhill, a former cheerleader at Murray and also a sophomore, as vice-president; Sue Harrison, a sophomore, as secretary, and Pamela Sherrard, a freshman, as the club's Student Senate representative.

Members of the Pep Club will be expected to attend all Murray football and basketball games. The club members plan to dress similarly in Murray sweatshirts and dark-colored slacks or skirts.

Rodeo Club reorganizes

The Rodeo Club met in the Student Union Conference Room, September 9, 1964, to reorganize and elect officers. The newly elected officers are: President, A. B. Reynolds; Vice President, Darrell West; Secretary, Julie Parkhill; Treasurer, Billie Anderson; Reporter, Van Chew; and Student Senate Representative, Ronnie Roberts.

Discussions were held concerning the construction of an arena to be built at a later date, and the annual Murray College Rodeo. Mr. Blair is the Rodeo Club sponsor.

Aggie Club chooses West as president

Officers for the Aggie Club were elected September 9, 1964, at a meeting held in the Student Union Conference Room.

Thirty seven members attended and elected the following: President, Paul West; Vice President, Mike Hunter; Secretary and Treasurer, Jim Altom; Reporter, John Cope; and Student Senate Representative, Harley Stuart.

Dr. Martin, the club sponsor, discussed the activities sponsored by the Aggie Club and urged every member to do his share and help to build up the Aggie Club.

All students interested in Agriculture are invited to join and help make this the strongest club on campus.

Kindness breeds kindness.

Cadets edge Aggies 20-13

Oklahoma Military Academy edged the Murray Aggies in a squeaker played here September 24 by a 20-13 score.

Murray overcame a twenty point deficit in the fourth quarter by scoring two touchdowns in the final five minutes.

O.M.A. scored in the first quarter on a thirty-three yard pass play from quarterback Larry Chinn to halfback Fran Lynch. The remainder of the quarter was just exchanging punts for both teams.

The Cadets second touchdown came in the second quarter when Larry Chinn tossed forty-seven yards to fullback Richard Dunlap near the goal line and he had no trouble scoring.

The third quarter saw O.M.A. on the move via the airways again. The Cadets third touchdown was a carbon copy of their second. This time Chinn threw to Dunlap from sixteen yards out.

Murray's passing game started to jell in the fourth quarter with Marvin Esmond and Gary Lively alternating at the pivot. With a little over five minute left to play, Lively tossed ten yards to end Brian Johnson to post Murray's first six pointer. Halfback Harry Boyd made the conversion kick good and Murray trailed 7 to 20.

Defensive co-captain Van Wilhelm and Boyd got their heads together and decided to try an outside kick on the following kick off. Boyd's kick traveled the required ten yards and was covered by Wilhelm giving Murray the ball. The Aggies final touchdown came with less than two minutes remaining when Marvin Esmond hurled a strike to halfback Billy Wood in the end zone.

The kick was wide and Murray was on the short end of a 20 to 13 score. Murray guard Forrest Pever played an outstanding game on defense making nine unassisted tackles. Halfback Harry Boyd carried twelve times for forty one yards.

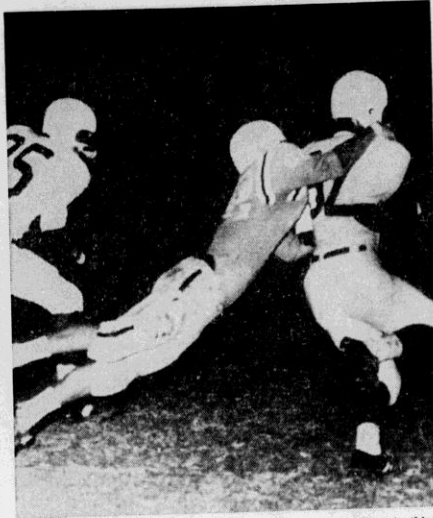

The passing of Quarterbacks Esmond and Lively along with halfback Billy Woods accounted for most of the Aggie attack. They completed twelve of thirty-one aerials for one hundred sixty-one yards.

Boy-girl ratio has dropped from five to one to four to one.

BLAND SCOTT, Murray Halfback stops a Cameron touchdown in third Quarter at Lawton September 19. Cameron won 40 to 13.

Quarterback club tackles big project for T.H.S., College

Quarterback Club members voted Monday night to purchase two new pieces of equipment, a Whirlpool Bath for Tishomingo High School and a Medcosonator for Murray College. Both machines will be installed this week and the coaching personnel will be trained in their use.

The Coaches feel these two pieces of equipment will be well worth their cost to the Club as they can be used in the treatment of the majority of bumps, bruises and sprains resulting from football, basketball, track and baseball.

Total cost of both machines will exceed \$1,000. This amount is to be met primarily by the sale of membership tickets to the club. Devitt Wood, president, urges all parents and interested people to attend the weekly Monday night meetings. They are held in the new Music Building on Murray College campus at 7:30 p.m.

During the program each week the coaching staff of both schools appear and discuss games of the week. Films of previous games are shown and explained by the coach.

When in doubt, do the friendliest thing.

Cameron defeats Aggies 40-13

The Cameron Aggies defeated the Murray Aggies 40 to 13 in a game played at Lawton Saturday, September 19.

Harry Boyd intercepted a Cameron pass on the Cameron thirty yard line and returned it to their twenty one. It took Murray seven plays to take the ball into the end zone with quarterback Marvin Esmond picking up the last yard over right tackle. The point after was good and Murray led 7 to 0.

Scoring twice in the first quarter, Cameron led Murray 13 to 7 going into the second frame. Murray had to punt from their own thirty on a fourth and two situation. The Cameron Aggie safety fumbled the ball and Luther Campbell, Murray end, picked up the ball on the run and did just that for fifty-four yards to post Murray's second and final six pointer of the night.

Cameron seemed to be scoring at will in the first half but Coach Ladd made some adjustments during the intermission. Murray limited The Nation's Number Two Junior College team to thirteen points in the final half.

Touchdowns were scored by Cameron on runs of five yards, three yards, one yard and thirty nine yards. One touchdown, on a fifty yard punt return, was Cameron's longest run of the night. The final score was on a twelve yard pass.

The worst buy is an alibi.

"YUK IT UP FRESHMAN, YOUR ON CAMERA." The four unfortunate freshmen pictured above from left to right are: Matty Loffer, Madill; Gretchen Hixon, Ohio; Sue Millsor, Ohio; and Lisa Kreps, Ohio.

Angels predict dynamic agenda

Interviews were given to a host of prospective Angel Flight members by a panel consisting of R.O.T.C. personnel and faculty members. Those granted membership are: Lois Black, Darlene Cohen, Jane Dewbre, Rosetta Favors, Marilyn Hamilton, Sue Harrison, Jenna Jo Hellack, Ramona Hertel, Janice Hooper and Rachel Jacobs.

Also recruited were Teena Miklaucic, Linda Moore, Helen Nubine, Julie Parkhill, Betty Sue Pilman, Paula Robinson, Pamela Sherrard, Louise Smith, Patty Smith, Pama Summers and Clair-eda Weaver.

Monday, September 21, at 5:00 p.m. the Angel Flight came to order for its first drill and election. Now holding the office of president is Sue Harrison. In the vice-president position: Ramona Hertel. Louise Smith was elected secretary-treasurer and Patty Smith will serve as Student Senate representative.

Following the election of officers, Commander Janie Hudson took the floor. The club was shown samples of accessories which will be purchased in the future to complete drill regalia. Commander Hudson disclosed to the group that a merit system will be used to judge progress. More time will be consumed in precision drilling. Overall, the R.O.T.C. staff plans to make the Angel Flight a more efficient club.

A second meeting of the Angel Flight was brought to order at 5:00 p.m., Wednesday. Business at hand was the election of a candidate from the Angel Flight ranks to represent them in Homecoming Queen competition. Pama Summers, a freshman from Sulphur was the fortunate one.

Miss Hudson briefed members present on tentative drill dates and the importance of preparation in order to march for the Homecoming football game in the near future.

New school catalogs for 1964-65 were received during the opening week of school. Several hundred copies have been distributed to highschools, other colleges, companies, and individuals, as well as to Murray students, instructors, and freshmen orientation classes.

Fulton Hall Officers elected

Fulton Hall elected officers at a dorm meeting September 22. A. B. McReynolds took over position of president with Russell Wells as his vice-president. Other officers elected were James Jones, Secretary-Treasurer; Ricky Robb, Student Council Representative; Aaron Hulstine, Reporter.

Also, they were briefed by Mrs. Magerkurth on the rules and regulations of the dorm and the campus.

Who's Next?

According to national figures six out of every ten enrolling freshman will drop-out of college before he finishes his first year. One of the main factors which has been found to be a cause of this number is the unsuccessful adjustment of the individual to college life. It has been found that a student who participates in the activities of the college and establishes a good schedule from the start has a better chance of finishing his goal. Also, an effort should be made to develop good study habits, in order that we may obtain the maximum benefit from our college life.

Wells chosen--

(Continued from page 1)
ville, Lexington; Gene Harris, Oklahoma City; Richard Benedix, Harrab; John Ames, Mannsville; Russell Wells, El Paso, Texas; Ronnie Mayo, Petrolia, Texas and Lonnie Mayo, of Petrolia, Texas.

Cadet Master Sergeants are: Ernest Duff, Madill; Richard Rose, Shawnee; Raymond Elkins, Oakland; Kenneth Dolezalek, Whitesboro, Texas; W. F. James, Mannsville; Phillip Dohrer, Dustin; Claus Wade, Marietta; Launt Ellis, Ringling; and Forrest Pever, Shawnee.

Cadet Technical Sergeants are: James Lewis, Connersville; George Ford, Milburn; John Cope, Macomb; Emil Farris, Shawnee; Elmo Gains, Stroud; Grady Gregory, Broken Bow; Earl Scott, Waurika; and Alvie Nelson, Grant.

To become officers, these boys attended a leadership school held during the last semester of last year. The cadet Colonel is chosen by the ROTC instructor. The staff is then selected by the cadet Colonel with recommendations from the Air Science instructors. The staff then selects the rest of the officers.

New officers elected for Poe Hall

Poe Hall met September 1, and elected officers for the coming year. Patty Smith was elected president with Barbara O'Dell serving as vice-president.

Others holding office are: Bobbi Sliger, Sec.-Treasurer; Lois Willingham, social director; and Sue Harrison, decorating chairman.

Recent rains lend new distinction to Murray students

The residents of Haskel-Lucas Hall are the only students in Oklahoma who can boast of having a lake within a few steps of their dormitory.

A small lake has formed at the north end of Haskel-Lucas due to the rain we have been receiving over the last two weeks. Let's hope none of our students chance into it late some night.

Poe and Patton rig initiation for '64 Frosh

What are these girls dressed for—Halloween? No. A masquerade party? No. Initiation?? Yes, that's it! Murray sophomore girls in both dormitories thought that freshmen girls would remember their first year in college more vividly by observing a three day initiation.

It all started with a thundering of feet down the halls, the patterning of a running shower and a hearty "Heave ho, into the showers you go!" With rolled hair dripping and clothes water-soaked those frosh who had crossed the line of no return were recruited to the initiating posse. When this process was completed, each wily freshman was handed a mop or broom and told to "clean up the joint" with no further ado.

For some girls this initiation was a novel experience; others were familiar with the goings-on. Nevertheless, each one burned night oil while diligently concocting a costume which would look terrible for the next day. Teachers were evidently delighted or shocked by the hour as bare feet pattered into classes. All eyes took in each ghastly hair-style of the day. Despite their peculiar garbs, the girls were cheerful and some were reportedly seen having a good time of it.

Engineers elect new officers

The Engineers' club met Thursday, September 17, and elected officers for the 1964-65 college year. The officers are: Dwayne Miles, president; Richard Rose, vice president; Ken Dolezalek, secretary treasurer; Tommy Freeman, reporter; and Ray Elkins, Student Senate Representative.

A wise man will make more opportunities than he finds.

It is harder to conceal ignorance than to acquire knowledge.

To grow up means learning to live with impossible problems.

**This is the average man.
The men studying him aren't.**

Putting together thousands of measurements, Air Force scientists designed this "typical" head. Its purpose? To help provide better protective equipment for Air Force flying personnel.

But the young men working on this project are far from average. As Air Force officers, they are working in a field that requires a high degree of technological insight.

The fact is, most Air Force jobs today call for advanced, specialized know-how. And they give young officers the opportunity to un-

dertake vital missions of great responsibility.

For instance, an Air Force scientist may be exploring the complex field of aerodynamics. Another may be engaged in bioenvironmental engineering. A third may be studying the technology of nuclear weapons.

How many other professions give a young man such important work to do right from the start?

You can get started on an Air Force officer career by enrolling in Air Force ROTC. For information, see the Professor of Air Science.

U.S. Air Force

VICTORY OVER NORTHERN — Page 3

Dewbre is homecoming Queen

Student Senate ponders myriad important issues

At the Student Senate meeting held on October 6, the Aggie's club and the Art club representatives were absent.

Pep club had charge of selling mums for homecoming and the dance. Freshman class asked for the concession stand for the game.

Student Senate is still debating the issue whether or not to lend money to the Rodeo club to build a new rodeo arena.

The "O"-club discussed the possibility of a "Road-runner" dance. Any club that wishes to sponsor an event for November should turn in their plans before the Student Personnel meeting which will be held on October 20.

The next Student Senate meeting will be held in approximately two weeks.

Haskell Lucas chooses Wilhelm for president

Officers for Haskell Lucas Hall have been elected. They are Van Wilhelm-President, Warren Phillips-Vice President, Forrest Pever-Secretary Treasurer, and Larry Sandefur-Student Senate Representative.

Van and Larry hail from Amarillo, Texas; Forrest and Warren are Oklahoma boys, Forrest lives at Shawnee and Warren in Mountain View.

Van is majoring in Secondary Ed., Warren in Physical Ed., Forrest in Pre-Pharmacy, and Larry in Transportation Design.

Hudson wins B.&P.W. award

Janie Hudson, a sophomore from Tishomingo, has been awarded the B. and P.W. scholarship for the third consecutive semester. This scholarship is awarded by the Business and Professional Women's Club of Tishomingo and covers tuition for the 1964 semester of college. It is awarded on the basis of good citizenship and scholastic achievement.

Home Ec. sponsors "Autumn Leaves"

The Home Economics Club met and discussed plans for Homecoming, September 23, at 2:00. They decided to sponsor the presentation of the queen candidates. It was held on Monday, October 5, and the theme was "Autumn Leaves." Refreshments were served. The Club's candidate was Louise Smith, a freshman from Fort Worth, Texas.

Future plans for the Home Ec. Club include a bake sale, and possibly a concession stand at a football game. Other plans will be made at future meetings.

Honor students hope for rise in membership

Phi Theta Kappa, an honor society made up of students in the upper ten per cent according to grade point, plans to be more active in scholastic areas of entertainment than ever before. The members agree that extra-curricular activities sponsored by the organization should consist of informative talks by visiting guest-speakers or programs having intellectual value.

Students who are eligible for membership this semester are: Jimmy Altom, from Ada; Philip Dohrer, from Dustin; Kenneth Dolezalek, of Whitesboro, Texas; Robert Hackney, from Davis; Jema Hellack from Tishomingo; Ronald Henson from Kingston; Dwayne Miles from Coalgate; and Ronald Mills from Newalla.

Also eligible for membership are: Gladys Pigg from Coleman; Ronald Roberts from Tecumseh; Bill Smithson and Stephen White, both from Ardmore; Cotton Wade, from Marietta; Lois Willingham, from Coleman; and John Ames, from Mannsville.

Those eligible may become a member of Phi Theta Kappa by paying a fee of \$6.00 and participating in the initiation to be held in the auditorium on Wednesday, October 14, at 8:50 a.m. Initiates are strongly urged by present members to join and participate actively in this organization developed to emphasize intelligence and scholastic achievement.

Peever elected 'O' Club prexy

The O Club held its first meeting Tuesday night and elected officers for the coming year. Forrest Pever, sophomore from Shawnee, Oklahoma was elected president. Other officers are as follows: Vice-President, Bruce Love-sophomore from Nowata, Oklahoma. Secretary, Van Wilhelm-sophomore from Amarillo, Texas. Treasurer, Grady Gregory-sophomore from Broken Bow, Oklahoma, Student Senate Representative, Warren Phillips-sophomore from Mountain View, Oklahoma, and the reporter is Don Hale a sophomore from Antlers, Oklahoma.

Plans were discussed for the homecoming parade and nominations for a queen were taken. The O Club usually sponsors a fish fry and dance later on in the school term.

Faculty Dames hold first meeting

The Faculty Dames held their first monthly meeting in the faculty lounge Monday evening, September 22.

After a short business session, the guests played bridge.

Hostesses for the evening were Beulah Zimmerman, president; Mary Horton, vice-president; Frances Mihura, secretary-treasurer; and Capilola Boyd, reporter.

Refreshments were served to seventeen members.

Janie Dewbre

Yearbook workshop will be sponsored on Murray Campus

Murray Junior College, Tishomingo, will be host to a yearbook workshop October 17, in the new classroom building on Murray campus.

The journalism department will be responsible for all plans of the workshop.

Workshop sessions will be conducted by the Taylor Publishing Company.

No fee will be charged for the one-day workshop which will start with registration from 8:30 to 9:30 a.m. with regular sessions scheduled for 9:30 to 3:30 p.m.

All interested yearbook staff members in the state are urged to attend. For information pertaining to attending, all interested persons are asked to contact Tom Wood, director of public relations of Murray College.

New equipment introduced into student union

Strike! This word is now heard often in the Student Union ballroom by prospective bowling champs. In case you haven't seen it yet, a Mini-Bowl has been placed in the Union. Also, new, is another ping pong table. These novelties will provide students with hours of enjoyment.

Hey, something's missing! The Union is now minus the counter stools. This is to aid students in ordering during the rush hours.

Rodeo Club sponsors Queen of Homecoming

Murray's annual homecoming festivities officially began Thursday afternoon, October 8. Students and faculty members donned their Sunday best for a Smorgasbord evening meal which was served in the college cafeteria.

Immediately thereafter, a reception for visiting parents was held in the student union ballroom. Hung from the ceiling of the ballroom was a banner in blue and white which read, "Welcome Parents."

Following this reception at 7:00 p.m., Aggie fans attended a pep assembly prior to the Murray vs. Northern football game. Tishomingo High School's famed band provided invigorating music throughout the entire game.

Pre-game ceremonies were initiated by the Air Force R.O.T.C. drill team and women's Angel Flight.

Sitting room was hardly to be found, as the stadium seated students and visitors to full capacity.

During half-time ceremonies, which were also presented by the drill team and Angel Flight, the long-awaited coronation of the homecoming queen took place. Strangely enough, at the last minute a dark horse candidate was admitted into the field in a red Model "T". It seems that Ma (Audrey) Gaines, housemother of Haskell Lucas Hall, made the scene for an encore appearance. However, the sign "1964" on her car indicated that Ma was slightly overdue for the contest.

The four queen candidates were chauffeured onto the field and escorted through the drill team ranks. Participating in the finals were: Janie Dewbre, Mannsville; escorted by Darrell Weast, Lisa Krepes, Mt. Vernon, Ohio; escorted by John Tadlock, Kerry McKee, Tishomingo; escorted by Larry Sandefur and Linda Moore, Harrah; escorted by Harold Lumpkin. Former queen, Janie Hudson of Tishomingo, was escorted onto the field by Danny Gibson, president of the Student Senate, and Paul West, vice-president of the Student Senate. After a deliberate pause, Mr. Gibson stepped out and took the hand of Miss Dewbre. Gibson and West, placed the crown and presented a bouquet of red roses then gave the overjoyed Queen Jane an official coronation kiss.

Miss Dewbre, a freshman majoring in elementary education, is the daughter of Mr. and Mrs. John Dewbre of Mannsville. Janie was the candidate representative of the Rodeo Club.

Murray's 3-0 victory over Northern College added considerably to the jubilation of Murray fans.

Immediately succeeding the victorious game, a sock hop sponsored by the Pep Club was held in Beam's Hall, the College gym. The Allusions, a top-notch dance band from Ardmore, provided Murrayites with splendid entertainment and music by which to "cut the rug".

Angel officers are announced

Angel Flight members met in the gymnasium Thursday, October 1, with Major Shockley and Commander Hudson presiding over the meeting. Student Senate representative, Patty Smith, brought a vote to order on the acceptance of a merit system which was compiled by those holding office in the Angel Flight, Cadet Colonel Bob Wells and Lieutenant Colonel Jerry Winchester. Favor was shown the system by a unanimous vote.

Commander Hudson presented a novel approach to furthering publicity of the Angel Flight as an active group on campus. This was the suggestion: That Angel Flight members don full uniform at least once a week from 8 a.m. until 12 p.m. Members considered the idea as a worthwhile experiment; thus they voted to wear uniforms on Tuesday, October 6th.

Following the voting and discussion, Major Shockley was called before the group to announce those officers chosen to be in command this semester. Patty Smith of Lone Grove will serve as Captain. Next in rank is Lieutenant Sue Harrison, Terral; Ramona Hertel, Milburn; holds the rank of Sergeant.

After closing the meeting, Miss Hudson held a rigorous drill in preparation for the half-time performance which was given at Eastern A&M College's homecoming game. Each Angel has been given an officer's training manual. Those who desire to be officers in the next semester will especially find many helpful instructions contained therein.

ATTENDANCE NEEDED!

Do you want your club or organization to have a voice in our Student Senate? It is of great importance that representatives attend each Student Senate meeting.

Our Student Senate is the governing body of this college. Would you elect a representative to Congress if that person would attend infrequently? The answer is "NO". So, why keep a representative in Student Senate who rarely attends?

How could our Student Senate support a club whose representative is never present? Many clubs ask for the support of the Student Senate but cannot gain this support for the simple reason that the club's representative is not there to present requests. How does the Student Senate know what the students want unless the representatives are there to voice the students' opinions?

It is also up to the representatives to keep the students informed as to the contents of the meetings. You, the student body, should see that your representative attends and reports each meeting.

The constitution which governs our Student Senate states: "Any representative missing two consecutive meetings will be removed". Representatives, think twice before you miss a meeting!

Representatives, back your club by attending each Student Senate meeting!

Beef performance test draws 148 top animals

A total of 148 bulls representing nine different beef breeds have been consigned and delivered to the Tenth Annual Murray College Beef Performance Test. Most of the bulls were consigned by livestock breeders in Oklahoma, but there are a few herds represented from the states of Texas, Kansas, and New Mexico. The breeds represented are Herefords, Polled Herefords, Angus, Red Angus, Charolais, Charbray, Brangus, Santa Gertrudis, Milking Shorthorn and Beef Master. This is the first year that the test has included a representative of the Beef Master breed on the test.

At the present time the bulls are in the third week of a three week warm-up period. During this period the bulls have been vaccinated, wormed, sprayed, identified by tattoo and neck chin, and allotted to their respective pens. The bulls will be officially weighed onto the test on October 13. The test will run for 140 days during which the total gain of the bulls will be measured and their average daily gain for the period calculated.

Many of the top performing bulls on the test will be consigned to the Annual Murray College Performance Tested Bull Sale that will be held on March 20, 1965.

The test includes Herefords from George Coffee, White Deer, Texas; Maurice Finklea, Warner; Paul Daeuer, Panhandle, Texas; Dr. G. T. Easley, Sulphur; Gus Martin, Coalgate; Glenn McDaniel, Tishomingo; K. P. Larsh, Roff; Homer Stallings, Pontotoc; Dr. Harvey Price, Ada; Murray College, Tishomingo;

Joe Edington, Barnsdall; S. B. Sims, Colbert; Joe Holmes, Ada; Evert Prater, Paoli, and W. F.

Bowman, Lampassa, Texas have consigned Polled Herefords to the test.

The single Brangus bull consigned to the test came from R. D. McDonald, Clarksville, Texas.

The Charolais-Charbray consignment of bulls are owned by Mack Braly, Stonevill; Maurice Finklea, G. W. Banks, Clarksville, Texas; Robert and Donna Wood, Meeker; and Butler Cattle Company, Trenton, Texas.

The Angus breed had the largest representation, with bulls coming from Jack McCroskey, Stillwater; Libert Shultz, Overland Park, Kansas; Grady Harris, Mobeetie, Texas; A. F. Flint, Bard, New Mexico; Newell Fickler, Kinta; Carlton Corbin, Fittstown; Lee Flowers Jr., Fittstown; Bennett and Hutchens, Tishomingo; Murray College, Tishomingo; Other Chaffin, Davis; Clarence Bott, Lawton; Montgomery Bros., Granfield; Clarence Burch, Mill Creek; James P. Dunigan, Bonham, Texas; Murray Corbin, Tishomingo; Bob Hartley, Vinita; Lynne Parker, Antlers; and Jack Young, Shawnee.

Jesse Arthur of Pauls Valley consigned the only Milking Shorthorn of the test.

Two more breeds also have only single representation. They are Santa Gertrudis and Beef Master, belonging to Maurice Finklea of Warner and Albert Sells of Wynnewood, respectively.

John Hammer, Marshall; Roy Beeby, Marshall; George Chiga, Guthrie; and the Red Plains Cattle Company of Guthrie all consigned Red Angus to the test.

Bachelor: A man who believes in wine, women, and so-long.

Science Club plans semester program

Science Club meetings will be held twice a month on the second and fourth Tuesdays in the Library Science classroom, at 7 p.m.

The Science Club will explore the Horizons of Science. Beginning September 29, the first film on Horizons of Science was shown. It was entitled "Neutrons and the Heart of Matter," the film explored the nature of matter and the significance of the neutron's behavior, with Dr. Donald J. Hughes of Brookhaven National Laboratories narrator.

The second Horizon of Science is entitled "The Flow of Life," and was shown October 13. This film shows the basic research in the microcirculation of the blood and the capillary beds, with Dr. Benjamin Lwifach of the NYU College of Medicine and his associates.

"Exploring the Edge of Space" is the title of the third Science club film to be shown Oct. 27, in Room 102 of the Library Science building at 7 p.m. This film shows the application of plastic balloon technology in space reconnaissance at 100,000 feet by aeronautical engineers. Otto C. Winger of Minneapolis will be the narrator.

Engineers plan revisions for constitution

Wednesday, September 16, the Engineering Club met and appointed a committee to rewrite the club's constitution. A minimum charge of membership dues was also set for the coming year.

Due to the outstanding attendance at the meeting it was decided to elect the officers for the coming year. Those elected are: President, Drayne Miles from Coalgate, Okla.; Vice-president, Richard Rose from Shawnee; Secretary-treasurer, Ken Dolezalek of Whitesboro, Texas; Student Senate Representative, Raymond Elkins of Madill, Okla.; and Tom Freeman of McAlester, Okla. will serve as reporter.

Meeting time for the engineers has been set for the first and third Thursday of every month. Membership is still open, and everyone is welcome to join in what will be another exciting year for the Engineers.

Classes visit college library

Students are finding out just how much they need their Library. Mrs. Mahoney says, "The Library has been used more this year already than it has been in the past couple of years." All of the Orientation classes have been over to find out just how the Library works.

Uninvited guest leaves dorm upset

Saturday night, October 3, the housemother of Fulton Hall, Mrs. Magerkurth, was frantically called to come up to the third floor. It seems that a snake had found its way into a boy's closet. The housemother, with the help of three other boys, knocked the snake out of a window with a broom. Mrs. Magerkurth, thinking that the snake might crawl back into the basement, got two boys to help her catch him. Afterwards they delivered the snake to Mr. Park in the science laboratory to determine the type of snake it was. One boy was so scared he turned his lights on, and wouldn't go to bed until his roommates came in.

At 10:30 a.m. on the 11th of November, four units of the 20th Air Force ROTC group will march in the Veteran's Day Parade at Madill.

SPOTLIGHT

Kerry McKee

Larry Sandefur

"To face all of life's challenges with a smile and a big stick," is Kerry McKee's philosophy.

Kerry, a sophomore from Tishomingo, is the daughter of Dr. and Mrs. Freeman McKee.

She participates in many activities on campus. She is head cheerleader, Secretary-Treasurer of Student Senate, Secretary-Treasurer of Patton Hall, member of Phi Theta Kappa, active in the Music department, she has been on the Dean's Honor Roll for two semesters, and is secretary for the Athletic Department.

After completing her education at Murray, she plans to attend Panhandle A. & M. at Goodwell. Her major is elementary education with

a minor in music. When asked to comment on Murray, Kerry replied, "I like the warm and friendly atmosphere at Murray."

Larry Sandefur, who has kind word and smile for everyone, is from Amarillo, Texas.

He was elected Sophomore Class President, Student Senate Representative from Haskell Lucas Hall, and is a member of Art Club.

Larry plans to attend Art Center School in Los Angeles, California, after graduating from Murray. His goal is to be an auto designer.

Larry has no particular philosophy—He just "likes living". Asked what he liked best about Murray, he replied, "Kerry".

Aucoin elected freshman reporter

The freshman class met September 23 at 7:30 p.m. Roger Aucoin was elected class reporter and Darlene Cobin was chosen to represent the class as candidate for homecoming queen.

Dues for class members were discussed, and the class decided to sponsor the Halloween dance, October 27. Workers for the concession stand, sponsored by the class at the homecoming game, Thursday, October 8, were appointed.

Murray coeds undergo surgery

Lou Poe and Gretchin Hixon from Patton Hall have both been in the hospital for surgery.

Lou, who is from Dickson, was in the Ardmore Osteopathic Hospital for an appendectomy.

Gretchin, from Mt. Vernon, Ohio, is in the Mercy Hospital in Oklahoma City undergoing surgery for thyroid cysts. She would appreciate letters and cards. The Aggielite, the faculty, and the student body wish her a speedy recovery.

"Where Most People Trade"

SPORTS

SPORTS TID BITS

By Johnny Triplett

Oklahoma is well represented in the national Junior College top ten this week with Cameron number one team in the nation and Northeastern A&M number three.

The St. Louis Cardinals won the National League pennant for the first time in eighteen years. Cardinal manager Johnny Keane gives most of the credit to Bernie Shultz, 38 year old ace relief pitcher, for the uphill march at the end of the season.

The Daily Oklahoman printed a letter last Thursday from a fellow in Dallas calling the OU football players all kinds of feminine names and just giving the Sooner boosters—in general. It seems that John Cronley could find something to print other than letters from a schizophrenic.

Members of the Murray AFROTIC gave the Aggies rousing support in the first home game against O.M.A. This support was well appreciated and some feel that it should be scheduled at other home games.

The Oklahoma Collegiate Conference is very well balanced this year. From this angle, it looks like Central State, East Central State, and Northeastern State have a very slight edge on their conference foes.

Aggies down Mavericks in homecoming contest

Murray Aggies used a ball controlling offense and one of the best defense in the conference to down the Northern Mavericks October 8 by a 2-0 score.

Every spectator of the Murray homecoming game could tell by the end of the first quarter that two well-matched teams had met on that night, and it would be a game of defense, penalties, and excitement.

Late in the third quarter, Murray downed a punt on the Maverick five yard line. The first play from scrimmage netted the Mavericks minus two yards. Northern's much heralded fullback Jesse Ackers then tried to slant off tackle and was ganged by eleven Aggies in his own end zone with 4:45 remaining

to be played in the third quarter. This was to be the only scoring done in the ball game.

The Aggies moved the ball well on the ground at times. Tony West picked up fifty-six links on eight carries, and Allen Casey had fifty-eight yards on fifteen carries.

The game in figures:

Murray	Northern
First downs	11 7
Rushing	179 79
Passing	8 96
Passes:	
Attempted	12 21
Completed	2 7
Intercepted by	3 1
Fumbles lost	1 1
Penalties	67 63
Murray	0 0 2 0-2
Northern	0 0 0 0-0

Aggies scurry past Mountaineers 10 to 8

Murray Aggies used a hardnosed defense and capitalized on Eastern Mountaineers' mistakes to upset the then undefeated conference leaders at Wilburton in a homecoming game October 3 by the score of 10 to 8.

Linebacker Van Wilhelm caused a fumble on the first play from scrimmage and giant tackle Ivory Young fell on the ball to give Murray their first possession in the game. The Aggies moved the ball from the Mountaineer's forty-five to the ten yard line where the offense bogged down and fullback Harry Boyd booted a field goal to put Murray ahead 3 to 0.

Eastern then moved the ball on the ensuing kickoff from their own thirty yard hashmark to their forty-four where quarterback Larry Bickford connected with halfback Dick Temple for a fifty-six yard touchdown. The extra point attempt was missed and the score at the end of the first quarter was Eastern 6 and Murray 3.

The Aggie's touchdown came in the second quarter after safetyman Cotton Wade intercepted an errant Mountaineer pass at approximately mid-field. With quarterback Marvin Esmond as field general, Murray moved the ball to Eastern's seventeen where Esmond hurled a strike to halfback Bob Smith on the three where he carried a man on his back into the end zone. Boyd kicked the point after, and Murray took a half time lead of 10 to 6 into their dressing room.

Eastern A&M coach Joe Thomas brought a determined offense back onto the field for the second half,

but Murray coach Benton Ladd had his defense equally determined. The Mountaineers, with fullback Ray Fratarangelo running from the shotgun formation, moved the ball to the Aggie three yard line where the Aggie defense stiffened and forced the Mountaineers to surrender the ball on downs. This was the only serious threat made by the conference leaders in the third quarter.

With three minutes remaining in the ballgame, and Murray leading 10 to 6, the Aggies found themselves in a punting situation on their own seven yard line. Coach Ladd decided to purposely down the ball in the end zone and give Eastern a two point safety rather than risk a blocked punt. By giving up the two points, Murray received a free kick from their own twenty yard line. The gamble paid off and the game ended with Murray on the big end of a 10-8 score for their first win of the season.

Harry Boyd had fifty-nine yards rushing, Van Wilhelm had nine tackles and two blocked punts, Forrest Pever had nine tackles and one intercepted pass, Ivory Young had six tackles and a fumble recovery, and Cotton Wade had seven tackles and two pass interceptions in the game.

To pick one outstanding player in the contest, would be impossible. The general feeling of those who saw the game is that if you pick the coaching staff and the forty odd players who make up the football squad, you will have the most outstanding people of this well-played game.

Close decisions mark intramural football action

The Paul Lambert intramural football team won their first game on a penetration decision over the Preston Parkers.

Edward Pirtle, a freshman from Ardmore, intercepted a pass and ran it down to the fifteen yard line for the winning penetration.

The Preston Parkers had a couple of defensive stand-outs in Danny Gibson, a Tishomingo sophomore, and Preston Parker, a freshman from Oklahoma City.

The Aggie club also won their first game on a penetration decision over Fulton Hall as Dean Kennedy, a freshman from Healdton, Oklahoma was outstanding on offense and defense for the Aggie club.

The Bootleggers edged the Ruf-neks 8-0 for their first victory. The Bootleggers scored on a pass from Quarterback Jackie Smith to Don Neil. Smith and Neil are both sophomores from Davis, Oklahoma. The extra points were made good on a pass from Smith to Don Robinson a sophomore from Wewoka, Oklahoma.

In addition to football play, the cross-country race provided some interesting action among the intramural ranks.

Dutch Langston was the winner of the annual intramural cross-country run held here at Murray College. Dutch is a freshman from Marietta, Oklahoma and represented the Ruf-neks in the event.

The next three places went to the Bootleggers, as Tony Metcalf, a freshman from Wynette, Jack Smith and Don Neal both sophomores from Davis, took second, third, and fourth place. Gilbert Sanders, a sophomore from Oklahoma City took fifth place in the contest.

Good manners are made up of small sacrifices.

VICTOR BLACKWELL, freshman from Shawnee, takes a swing at the Northern Maverick car with a sixteen pound sledge hammer at a sophomore fund-raising project last week.

Car smashing proves profitable

Students last Wednesday and Thursday took their vengeance out on the Northern Mavericks. The Sophomore class sponsored a car wrecking last week on the east side of Patton Hall. Students were charged five cents a lick to hit a 1950 Chevy, on loan from Hutchens Chevrolet, labeled "Northern Mavericks".

Selling licks has proved to be very profitable, and is definitely adding to the Sophomore funds. The money will be used throughout the year on various class projects.

Middle age: When the girl you smile at thinks you are one of her father's friends.

Support your Pep Club!

"Lipstick! Powder! Perfume!" Transformation ready to begin. If a little make-up will help a girl out, wonder what more than a little will do? This question found its answer in a rousing pep assembly held before the game with Eastern.

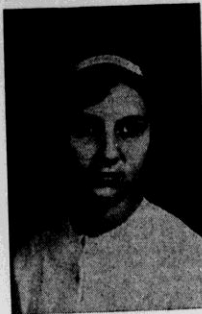

Sue Harrison, with the help of Julie Parkhill, shows the student body how to prepare for a date with a Murray football player. This was the theme used by the Goal Diggers Club to stimulate school spirit. It really is that much trouble boys. Appreciate us.

Thirteen pretty coeds vie for queen's title

Competition, Campaigning, Color—these are the words connected with the annual Homecoming Queen contest. Thirteen attractive coeds were vying for the coveted title. These young ladies were selected by each organization on campus, and introduced formally on Monday night, October 5, at a ceremony held in the college auditorium. Decorations and scheme were supplied by the industrious Home Economics Club. The theme of the program was "Autumn Leaves". President of the Student Senate, Dan Gibson, was master of ceremonies.

Sue Harrison lead the program with a vocal rendition of "Wash that Man Outa My Hair", accompanied by Marilyn Hamilton on the piano. Throughout the program golden-throated warblers entertained. Such as Lisa Kreps with "Over the Rainbow", Clairdea Weaver with "Climb Every Mountain", and Kerry McKee with her version of "Out of my Dreams". Darrel Archer, noted for his ability as a singer, acted as pianist for the performers and also provided background music.

Those candidates introduced Monday night were:

Billie Anderson, a freshman majoring in science, from Dibble, Oklahoma. Billie is active in Pep club, Music club, and Rodeo club. Her parents are Mr. and Mrs. Vance O. Anderson. The Music club chose Billie as their candidate.

Dana Blankenship, a freshman from Plainview, Oklahoma, majoring in Business Administration represented the Pep club. She is active in Pep club. Her parents are Mr. and Mrs. Robert Blankenship.

Darlene Coben of Atoka, was the representative from the freshman class. Her major is Secretarial Administration. Darlene's parents are Mr. and Mrs. Mike Coben.

Janie Dewbre, represented the Rodeo club and is a freshman from Mannsville. Janie is a member of Angel Flight, Goal Diggers, Rodeo

club, and also serves as the Student Senate representative from Poe Hall. Janie's parents are Mr. and Mrs. John Dewbre.

Lisa Kreps, represented the Engineer's club and is a freshman from Mt. Vernon, Ohio. Her major is Elementary Education. Lisa participates in Music club, choir, Pep club, and serves as a Murray cheerleader. Lisa's parents are Mr. and Mrs. Lawrence Kreps.

Kerry McKee, a sophomore from Tishomingo, represented the Phi Theta Kappa Honor Society. She is an Elementary Education major and Music minor. Kerry is serving as Secretary-treasurer of the Student Senate and head cheerleader. Her parents are Dr. and Mrs. Freeman McKee.

Sue Millisor, a freshman from Mt. Vernon, Ohio, represented the Officer's club. Sue is majoring in Elementary Education. Her activities include: Vice-president of the freshman class, member of the Pep club, and a member of the Music club. Mrs. Betty L. Millisor is Sue's mother.

Linda Moore, representative of the Art club, is a freshman from Harrah, majoring in Secondary Education. Linda serves as Secretary-treasurer of the freshman class, is a member of the Angel Flight, and also the Pep club. Mrs. Jessie Moore is Linda's mother.

Jacquita Perry, a sophomore from Tupelo, was the representa-

tive from the "O" club. Her major is Secondary English. Jacquita is year book editor, Organizational Editor of the Aggie-lite, Vice-president of Phi Theta Kappa and a member of the Art club. Mr. and Mrs. Willie T. Perry are her parents.

Floy Silger is a sophomore Business Education major from Madill. She represented the Sophomore class. Her activities include: cheerleader, sophomore class secretary, and secretary of Phi Theta Kappa. Floy is also president of the Baptist Student Union. She is the daughter of Mr. and Mrs. A. G. Silger.

Louise Smith, a nominee from the Home Economics club, is a freshman from Fort Worth, Texas. Louise is a Home Economics major with a minor in English. Offices she holds include: secretary of the Home Economics club, secretary of Angel Flight. Louise is also a member of the Goal Diggers and the Rodeo club. Her parents are Mr. and Mrs. T. F. Smith.

Patty Smith, represented the Aggie-lite newspaper, and is a sophomore Elementary major hailing from Lone Grove. Patty is both Captain and Student Senate representative of Angel Flight. She is a reporter on the Aggie-lite, president of her dormitory, and parliamentarian of the Goal Diggers. Her parents are Mr. and Mrs. Velton

C. Smith.

Pama Summers, a freshman from Sulphur, represented the Angel Flight. Pama is a member of Angel Flight, a member of the Goal Diggers, and also serves as a cheerleader. Her parents are Mr. and Mrs. Leonard Summers.

Election polls were opened Tuesday, October 6, in the foyer of the Student Union. Four girls were in the run-off election held Wednesday, October 7. The remaining candidates were: Janie Dewbre, Lisa Kreps, Kerry McKee, and Linda Moore.

Ex-Aggies editors of college papers

W. B. Daugherty, Editor of the *Southeasters* at Southeastern State College in Durant, and Patsy Belcher, Organizations Editor of the *East Central Journal* at East Central State College in Ada, are former students of Murray. W. B. was 1962-63 Editor of the *Aggie-lite* and Patsy was Editor in 1963-64.

Will Power: The ability to eat one salted peanut.

RICARDO GONZALEZ, a freshman from Camaquey, Cuba, Ricardo fascinated the Aggieelite's staff with his interesting relation of the strange sequence of events that have brought him to Murray. His story, in this issue, should prove equally fascinating.

Quest for new life leads freshman to Murray

Ricardo Gonzalez, of Camaquey, Cuba, was the 500th student to enroll at Murray College. This was quite a record-breaking feat in itself because the 1964-65 enrollment at Murray has far surpassed that of previous years. However, for Ricardo, this experience means much more than merely breaking a record. He considers himself fortunate in being able to attend a college in a country not ruled by communist dictatorship and tyranny.

Life in Cuba was, for the Gonzalez family, a comfortable existence; this was, of course, before the infiltration of communistic ideas into their country. The climate in Cuba is very mild the year round, the country has a high standard of living, and the entire country has become extremely Americanized with the possible exception of American customs and ideas of dating. (In Cuba, a young couple must be constantly chaperoned by either an elderly lady or a younger brother until their marriage.)

The Gonzalez family, consisting of Mr. and Mrs. Gonzalez, Rinaldo, who is twenty-two years old, Eduardo, twenty-one, Ricardo, eighteen, Carlos, sixteen, Alberto, twelve, and a sister, Bertha, who is eleven, moved to Miami, Florida in 1960 after their property in Cuba had been confiscated—Ricardo uses the word, "stolen"—by the government. Members of the family flew from Havana, Cuba, where their luggage was closely inspected by government officials, to Miami, Florida where they lived for two and one half years before moving to Oklahoma City where Ricardo graduated from N.W. Classen High School.

In Miami, Ricardo, despite some difficulty with the language barrier, attended high school and participated in a Pan-American Club which was organized to create better public relations between Latin-American countries and the United States.

Ricardo likes the United States

very much and has adjusted quite well to a somewhat different way of life; however, he, like all persons whose lives have been disrupted by outside force, longs to go back to his home and his old acquaintances.

The one thing Ricardo likes best about the United States is the freedom of a Democracy, freedom to activity fight Communism and its spread. He, like his oldest brother, Rinaldo, who fought in the Bay of Pigs invasion and spent twenty months in Castro's prison, is willing to join in organized combat to overthrow Castro and his Communistic rule and win again for Cuba the peaceful existence that it once knew.

Parking area is not being used

Students, if you will open your eyes you will see a sign in front of the library. This sign reads "NO PARKING AT ANYTIME", and that is exactly what it means. This problem can be solved very easily. Behind the small stone building, located to the west of the library entrance, there is ample parking space. Some students have been parking their cars on the edge of the grass, and the backs of their cars are protruding out into the street. If one will look carefully he will not see a sign saying "KEEP OFF THE GRASS", so get on the grass and park your cars up against the parking curbs provided. Take heed! Obey the law and help Murray cut down on one of its biggest problems—parking.

WELCOME BACK!

Johnston County Memorial hospital is now minus one tonsilectomy patient. Miss Marilyn Hamilton of Tishomingo, can once again be heard joyfully clamoring about Poe hall. Welcome back Marilyn! We missed you.

Amateur artists anxiously await January display

Membership in the Art Club remains open to all who are interested. Although a scant thirteen constitute the roll call, a steady increase is expected. The club has been divided into two sections: the beginners and the advanced.

Plans have been advanced to have an Art Club exhibit January 11. Each club member will be required to display three compositions done in any media he chooses. There are three categories into which one of each composition should be entered. They are: still life, landscape, and a work of individual preference. All supplies and materials will be furnished by each member for his own art work.

Club dues of one dollar per semester will be charged in order to cover any advertisement expense that the club incurs.

Anyone who desires membership should contact J. W. Fletcher or Joan Shuman.

Achievement Day November 30th

Student Achievement Day has been designated as Monday, November 30. This will extend our Thanksgiving vacation to six days.

November 2-6 will be Aggie Week. Highlight of that week will be a contest for the best western-dressed boy and girl, which will be judged before the dance that will be held on November 5. The dance will last from the time the game is over until midnight.

Officers' club plans a dance for the month of November. The Engineer's club will sponsor a movie on Monday, November 9. Sadie Hawkin's Week has been postponed until spring.

Student Senate representatives from the following clubs were absent from the October 19 meeting: Officers' club, Aggie club, Poe Hall, Engineer's club, Home Ec. club, and "O" club.

Col. Berry takes semi-annual check of ROTC program

Colonel Berry, Professor of Air Science for Division 670, made the first of his semi-annual visits to the Murray campus on October 15.

Colonel Berry visits the Murray campus semi-annually to check on the operation of this sub-division. He arrived on Thursday October 15, and spent the entire day discussing the ROTC program with instructors.

Water system is renovated

James Construction Company of Oklahoma City is the contractor for the renovation of Murray's water system. The cost is estimated at \$34,000.

And up-to-date filtering system will replace the old filtering plant. Also, a new chlorinator will be installed. The settling basin will be covered completely to insure protection against invading insects.

It is approximated that it will be completed before December.

A FINE EXAMPLE of the musical talent to be found on Murray's campus. Left to right the singers are Darrel Archer of Tecumseh, Ronnie Mayo of Petrolia, Texas, Janie Hudson and Kerry McKee both from Tishomingo, Lonnie Mayo of Petrolia, Texas, and Gerardo Jimenez from Taft, Texas.

Murray sponsors education meet

Dr. Freeman McKee, president of Murray College, was chosen as chairman of the annual statewide Oklahoma Education Association meeting scheduled for October 22 and 23 at Tulsa.

Dr. Murray, academic dean at Murray, served as secretary at the meeting which was, this year, sponsored by Murray State College.

Instructors from Junior Colleges throughout the state met from 10:00 a.m. until 11:30 a.m. on Friday, October 23, in the New Civic Center in Tulsa. Dr. Loyd Williams, from the University of Oklahoma, spoke at this meeting.

Murray College, as sponsor of the meeting, was responsible for a short musical program which was presented under the direction of Mr. Reid and Mr. Pearson, both music instructors from Murray. College students who participated in the program were: Jerry Jimenez from Taft, Texas, and Ronnie and Lonnie Mayo, brothers from Petrolia, Texas; Darrell Archer, a freshman from Tecumseh; and Kerry McKee and Janie Hudson, both from Tishomingo.

Editor Lokey says "New ideas rule the news world"

John Lokey, editor and publisher of Tishomingo's Capital-Democrat, addressed the Journalism students on October 15. October 12-16 was Newspaper Week throughout the country.

He related some of his experiences as a journalist. His occupation has taken him to the Vatican in Rome, and into the office of the late President Kennedy. Mr. Lokey's father was also an editor of a small town newspaper.

Mr. Lokey said newspaper men are always criticized by the public. The newspaper world does not necessarily need experience—but new ideas. Newsmen belong to the only profession that does not require a license. Mr. Lokey gave the students some new concepts concerning the world of journalism.

"The smallest deed is better than the grandest intention."

Jokes, dogs and a broken bass add to Music Program

When the curtains opened, the vocalists on stage burst forth with a rousing folksong, "This Land is Your Land". Sharing the program with the Balladiers, were Darrell Archer, Kerry McKee, and Janie Hudson, Lonnie Mayo, Ronnie Mayo, and Jerry Jimenez who comprise the Balladiers, continued with a hand-clapping song, "Pre-historic Bum". The theme song from the southern California nudist colony was banned rather quickly, "Ole Joe Clark", sung by the Balladiers, was next on the program. Kerry and Janie accompanied by the Balladiers harmonized on an old Civil War ballad, "Suzanne". It seems that Dr. McKee's little dog, Sissie, was so enthused that she too wanted to be on stage performing.

The atmosphere for the next three lyrics was that of romance with a touch of sadness, "The Last Leaf", a solo by soprano, Kerry McKee. Janie Hudson provided the sound of the castanets for the background along the music from the Balladiers. An accomplished young man, Darrell Archer accompanied himself on the piano for two of his own compositions, "Brown Eyes" and "Sentimental Mood". The Balladiers dedicated "Way Down Yonder" to the Aggie club, Ronnie Mayo picked the banjo for this instrumental.

During the next hootenanny song, "Roving Gambler", the Balladiers became so zealous that Lonnie accidentally pulled the bridge from the bass fiddle. With everyone, including the audience, singing "This Land is Your Land", the curtains closed.

These students represented Murray at the State Teachers' Meeting held in Tulsa.

AND MANY MORE!

Poe Hall girls honored Mrs. Poynter (Meak) with a surprise birthday party October 11. This was preceded by a hardy lecture on new rules and regulations. With tear filled eyes Meak's only reply was, "After I have been so mean?" Not mean, just being a good house mother; and that's why Poe Hall wishes you many more happy birthdays. May they all be bright and sunny.

Take life as you find it, but don't leave it that way.

DON'T READ THIS!

Rumor has it that Murray students don't actually read the Aggielite. Particularly, that they don't read the editorial page. I wonder if this is true. Incessantly, we, your fellow classmates, put our blood, sweat and tears into these editorials in order that we might bring something of value and interest into your lives.

Who knows what you may chance upon obscurely confined to this corner of the page. Perhaps an eternal truth will be brought to light. Once in a while we attempt to be funny—you might even laugh. Do you ever disagree violently with our view points? If this is the case, write your Aggielite editor.

Located directly at the top in the left-hand corner of the first page of this paper are the words, "Student Voice of Murray State Agricultural College". This simply implies that each student has a right common to every American, yet seldom taken advantage of. It cannot be infringed upon. Freedom of the press is unlimited. Use it!

MORALS: TO EACH HIS OWN

During the time involved in the production of a single issue of the Aggielite, it is inevitable that one should become involved in many discussions and arguments. A short while ago, during one such discussion, I was informed that a certain idealistic reporter was entertaining some equally idealistic notions concerning the writing of an editorial directed unfavorably toward the oft-criticized area of today's morals. In a none too rare burst of cynicism, I quickly expressed disapproval of such an endeavor and then dismissed the idea entirely. Later, while questing for a subject of suitable merit for an editorial, I encountered once again the idea of a writing on morals. But the criticism of morals is a path frequented unsuccessfully by too many writers. The criticism is many times stale and lacking in originality, with the writer often doing nothing more than meddling.

It matters little if I consider today's moral standards to be in an appalling state of depravity. If brilliant writers have confronted people with their obvious moral failings without seeing any pronounced change in public behavior how can I possibly hope to find success where they saw only dismal failure?

It is the deeply-imbedded opinion of this writer that everyone is endowed by the creator with a set of morals which are never in-appropriate and that long tirades against violations of these morals are foolish and also somewhat presumptuous, telling the reader nothing that he does not already know. Any change in the conduct of such a violator is unlikely to be prompted by a writer's clever argument.

And so, dear reader, because of these improbable beliefs you have not been subjected to another dreary lecture on morals.

Students find library to be quite useful

One wouldn't realize how much our Library is used unless they work in the Library or read a report put out by the Librarian, Mrs. Mahoney. After reading the Library Report for Sept. 2-30 it is surprising to see the number of times our Library is used.

The Library was open 15 days and 11 nights. The number of times the Library was used by the students each hour is revealed by an hour to hour count. In the morning there was 482, second hour: 321 third hour; 190 fourth hour and in the afternoon hours 250 fifth hour; 248 sixth hour; 236 seventh hour; 145 eighth hour. During the day hours there was 1872 times that the Library was used and during the evening hours it was used 1543 times making a total of 3415 times that the Library was used. The faculty used the Library 75 times.

Students checked 202 non-fiction and the faculty checked out 7. The students checked out 87 fiction books and the faculty checked out 3 fiction books making a total of 299 books checked out. Average withdrawals of books: non-fiction per student .368; fiction per student .153; non-fiction per faculty .333; fiction per faculty .143.

There were 46 periodicals in circulation. At 9 a.m., Sept. 23 there was 60 volumes in use and at 3 p.m., Sept. 21 there was 87 volumes in use. There was 159 books catalogued and added to the stacks during the month of September.

It is not true, Journalists may be quite amusing

With the expressed purpose of refuting the idea that all journalists are dull, colorless folk, interested only in the compilation of prosaic facts, a certain Aggielite reporter, sometimes known as the "idealist", delved deeply into her creative abilities and amazingly enough came up with a creation. Due to a marked shortage in copy and a benevolently inclined editor the following poem is submitted to your critical review.

Life of a Journalist
 I am a journalist
 Say, I am always on the go
 See the journalist
 Watch him hurry-scurry
 Busy, busy journalist
 Always peering, inquiring
 Work, work journalist
 Time is running out
 Copy, copy editor yells
 Write, write journalist
 See the journalist
 Feel sorry for him
 Poor, poor journalist
 Paper is finally out.
 The man who says what he thinks is courageous and friendless.
 Never live in hope or expectation with your arms folded.

Hits Close to Home
 In a nationwide check with drivers whose cars had seat belts, it was found that only 50 percent of the drivers use them at all times. For long trips 76 percent of those checked said they use them. Apparently a great many drivers ignore the fact that three out of four traffic deaths occurs within 25 miles of the drivers' homes.
 Too many people think about security instead of opportunity.

SPOTLIGHT

Cotton Wade

Lois Willingham

"To work hard and to be rewarded accordingly," is the primary goal in the life of Cotton Wade, a sophomore majoring in Social Sciences.

He is the son of Mr. and Mrs. Milvin Wade of Marietta.

Cotton is well known on campus because of his prominent position on the Aggie football team and his friendly attitude toward others.

When asked what he liked best about Murray he simply replied, "The friendly atmosphere."

After completing his education at Murray, Cotton plans to take life, "one step at a time."

The best job insurance is work well done.

"Stand tall! Think tall! Live tall!" sums up the philosophy of Lois Willingham of Coleman, Oklahoma.

Lois is the daughter of Mr. and Mrs. G. J. Willingham. She is a sophomore majoring in Elementary Education.

By making a 3.5 average, Lois holds an honored place at Murray. She is also active in many campus activities including the Goal Diggers Club, the Home Economics Club, and serves as social director of Poe Hall.

After completing her education at Murray, she plans to attend South-eastern State Teachers College where she will obtain her masters degree.

Connors downs Aggies in conference play 21-7

Connors' halfback, Ronnie Thompson, crossed the goal line on a three yard run with 4:54 left in the first quarter Thursday night, October 15, at Warner in what proved to be a long hard game for the Murray Aggies. Connors Aggies won the contest 21-7.

The first Connors touchdown drive started on their own twenty-six yard line and took exactly twenty-three plays, climaxed by Thompson's three yard run for the score.

Halfback Don Deaton slammed over from one yard out for Connors second six pointer of the night with 9:45 remaining in the second quarter in a drive that covered fifty-six yards in seven plays.

With twenty-six seconds left in the first half, Murray quarterback Gary Lively, finding all his receivers covered, scampered twenty-three yards around his left end to pay dirt. Tailback Harry Boyd's conversion kick was good and Connors led at halftime by the score of 14-7.

Murray kicked off to Connors to start the final thirty minutes of play, and it was Connors' fastest sprinter, halfback Don Deaton, who took the ball on his own three yard hashmark, ran parallel to the goal line, and snaked ninety-seven yards up the side line to round out the scoring for both teams. Connors halfback Bob Barbour had a perfect

night with his educated toe making all three kicking attempts good for the three extra points.

The only bright spot for the Murray Aggies offense during the game was the pass receiving of Bob Smith and Billy Tuggle. Smith caught three passes out of six attempts, and Tuggle grabbed three out of four.

Linbackers Forrest Peeper and Van Wilhelm, halfback Cotton Wade, guard Bruce Love, and tackle Roger Aucion played their usual good game on defense. Peeper led the tacklers with ten. Cotton Wade, with nine tackles, intercepted a pass in the fourth quarter and returned the ball sixty-eight yards for Murray's biggest ground gaining play of the night.

Murray's next game is at Claremore against O.M.A. October 29.

The game in figures:

	Connors	Murray
First downs	12	8
Yards rushing	227	-1
Yards passing	36	137
Passes:		
Attempted	7	22
Completed	2	10
Intercepted by	1	2
Punts	6 for 38	10 for 38
Fumbles lost	1	2
Penalties	75	105
CONNORS	7 7 7 0-21	
MURRAY	0 7 0 0-7	

Sherrard draws drill diagram for half-time

Twenty Angel Flight members met in the football stadium, Wednesday, October 14. Miss Hudson, Angel Flight commander, distributed diagrams of the drill routine which will be performed during the half-time of the Murray versus Eastern football game scheduled for November 5. The game will be played on Murray's home field.

Miss Pamela Sherrard of New Orleans, Louisiana, submitted the idea for the routine and designed the diagram which is in use.

Merits and demerits which have accumulated since the new constitution was written were posted on the R.O.T.C. bulletin board in the basement of the Administration Building.

Tuesday, October 20, uniform day, was observed from 8:00 a.m. until 12:30 p.m. The group drilled at 5:00 o'clock Tuesday evening.

Wednesday, October 21, the Angel Flight met for further preparatory drill.

Good manners and soft words bring many a difficult thing to pass.

Seat Belts Popular
A nationwide poll shows that twice as many cars have seat belts in them today than had them just a year ago. Nearly 19 percent of the cars on the road today have seat belts. A year ago only nine percent had them.

We don't count a man's years until he has nothing else to count.

SPORTS TID BITS

By Johnny Triplett

The Cardinals won! After clinching the National League Pennant on the last day of regular season play, the Cardinals put even more dramatic touches to the World Series. Third baseman Ken Boyer furnished the power, and outfielder Curt Flood and catcher Tim McCarver furnished the speed for a seventh game victory over the Yankees.

New York center fielder Mickey Mantle set two World Series records this year. Mantle collected three homers to take the lead in that department and took the lead in "most hits in World Series play" with forty-two.

Yankee manager Yogi Berra was fired from his job on October 16; three hours later, Cardinal manager Johnny Keane quit his job. In an unprecedented move, the Yankees have named Johnny Keane as their manager for the 1965 season.

Talk about unprecedented moves and million-to-one shots! How about Kansas University's last play win over Oklahoma University? With eight seconds showing on the scoreboard, Kansas quarterback Bob Skahan skirted his left end for twenty-six yards and a touchdown. Kansas ran the two point conversion try over with no time left on the clock to win 15-14.

Tulsa University quarterback Jerry Rhome was named NCAA "back of the week" last week. Rhome ran for two touchdowns and passed for seven more against Louisville University.

Maladroits win over Coleman

The Murray Maladroits overpowered a pesky Coleman independent basketball team October 29 to win their first game of the season at Coleman by a 42-39 score.

Coleman came out red hot in the first half and led 33-24 at intermission, but player-coach Lois Willingham brought a highly determined team back onto the court for the final two quarters, and limited the home team to only six points for those two frames.

Members of the Maladroits are: Lois (coach) Willingham, Henrietta (business mgr.) Russell, Ramona Hertel, Jackie Hipps, Alice Brown, Paula Robinson, and Bobby Slinger.

Coaching clinic planned Oct. 31

The second annual High School basketball coaching clinic will be held at Murray State College on Saturday, October 31. Registration will begin at 9:00 a.m., the program then will be turned over to a group of coaches who will speak and demonstrate various phases of the game.

Coaches who will speak are Gene Davis, Fort Towson High School; Jack Ray, Moore High School; Bill Allen, Tulsa Webster High School; Bob Brumley, McAlester High School; Harold Owens, Pawhuska High School; Dick Dozier, Duncan High School; Kenny Bridges, Lawton High School; Claudell Overton, Capital Hill High School; Doug Duggar, Tulsa Memorial High School; Tynes Hilderbrand, Natchitoches High School; Natchitoches, Louisiana; and Max Marquardt, Norman High School.

Many helpful ideas can be gained at this clinic by coaches, team members, and any interested fans present.

At 7:00 p.m. Mr. Leo Higbee, Assistant Secretary of the Oklahoma High School Athletic Association, will conduct a meeting with coaches and officials on basketball rules interpretation and mechanics of officiating.

There will be no fees or charge of admission. The public is invited.

A smile adds to your face value.

Bootleggers lead Intramural play

With the intramural football program a month old now the Bootleggers are out in front of the pack with an impressive 5-1 record, losing only to the Rodeo club.

The Ruff-Neks and Aggie club are tied for second, each with a 4-1 record. Records of the teams are as follows:

Team	W	L
Bootleggers	5	1
Ruff-Neks	4	1
Aggie Club	4	1
Rodeo Club	3	2
Preston Parkers	3	2
Faculty	1	1
Fulton Hall	1	3

How you can receive a check signed by Uncle Sam twice a year

When you buy an H Bond you can be sure of receiving your first interest check in six months—and every six months till maturity. Every year the U.S. Treasury mails out more than 3½ million interest checks worth \$149 million to the folks holding Series H Bonds.

Why buy Series H Bonds? H Bonds are especially

good if you're living on a retirement income or want to invest for current income.

If you own E Bonds you can trade them for H Bonds at anytime. (A nice feature of trading is you don't have to pay tax on the accumulated E Bond interest until your new H Bonds mature or are cashed.)

Guaranteed growth. Your Bond money now earns 3½% interest held to maturity. Your money can't be lost because Uncle Sam replaces destroyed Bonds. And you can get your money with interest anytime you want it. Every Savings Bond you buy is a share in a stronger America. Why not ask your banker for all the details?

HOME ECONOMICS GIRLS busy enjoying the fruits of their labor. The equipment in the background provides an excellent example of the facilities available for students interested in this field.

Murray hosts area high schools at yearbook seminar

Saturday, October 17, a Yearbook Workshop was held on the Murray Campus. There were seventy-six students and their advisors present for the workshop.

Registration began at 8:30 and lasted until 9:30. Following registration an opening session was held in the auditorium, at which time the students were welcomed to the College by Dr. Freeman McKee. Mr. Barclay Curtis, of the Taylor Publishing Company, briefed them on the contents of the workshop. After the opening session Mr. John Clark, from the American Publishing Company, discussed Covers, Layout and Theme Development. In the next group session Mr. Jerry Carrol, from the Taylor Publishing Company, went over Picture Plan-

ning, Cropping and proportion with the group. During the last session of the morning Mr. Barclay Curtis and Mr. Jerry Carrol co-lectured and answered questions about Copy Preparation.

After a luncheon break the group attended a wrap-up session and a drawing for prizes in the auditorium.

The following schools attended: Bokchito, Marietta, Colbert, Lone Grove, Wilson, Stratford, Tishomingo, Kingston, Caddo, Thackerville.

Also attending were students from Murray and Mr. Chuck Choate, a faculty member from Southeastern State College at Durant.

"You've never kissed me like that, Mary. Is it because the lights went out?" "No, it's because my name isn't Mary."

Fear of change is a brake on progress.

Capitola Boyd is honored as top '64 tutor

Mrs. Capitola Boyd, a dedicated instructor of English at Murray College, has been selected by members of the campus faculty as the Teacher of the Year.

Originally from Clarksville, Texas, Mrs. Boyd came to Oklahoma as a youngster. After graduating from Kingston High School, she remained in Kingston where she taught both grade school and high school for sixteen years.

In 1937, Mrs. Boyd went to Madill High School where she was an English instructor until 1957. While in Madill she served as a student council sponsor and as president of the Classroom Teachers in Madill. She was State High School Student Council Sponsor for three years and State Executive Secretary of the Student Council for two years. She was on the State Board of Classroom Teachers for three years.

Mrs. Boyd joined the Murray faculty in 1957. Both her Bachelor's and Master's degrees were earned at Southeastern State College. She has done post-graduate work at Oklahoma University, Oklahoma State University and Southeastern State College.

Since her affiliation with Murray, Mrs. Boyd has been a sponsor of the Goal Diggers, sponsor of Phi Theta Kappa and vice-president of the Faculty Club. Currently, she is a member of the Faculty Dames.

Mrs. Boyd is an active member of the Eastern Star. For a number of years she was on the Executive Committee for Rainbow Girls.

With these words, Mrs. Boyd emphatically refers to her experience at Murray: "Every day I have enjoyed thoroughly my teaching career in Murray. I enjoy working with the administration because each has ability, compassion, initiative, and the desire to keep Murray an outstanding college."

"My philosophy is to abide by the Golden Rule—to champion the unfortunate and to make life brighter for those within my work."

Longer hours of darkness in November brings added danger for pedestrians. Your Oklahoma Highway Patrol urges those who walk after dark to wear light-colored clothing on carry a light.

Most Improved Cadets of the Month

The most improved AFROTC cadets selected for the month of October are, Cadets Ted Belvin of Pauls Valley, and Mike Hunter of Sulphur, Oklahoma.

Ted Belvin, a Freshman, is majoring in General Education, and is a resident of Fulton Hall.

Mike Hunter, a Sophomore, is majoring in Agricultural Education and is Vice-President of the Aggie Club, also Mike is active in the Rodeo Club. He is married and lives on campus in the college apartments.

These boys were selected from grades, drills, and over all participation in the AFROTC program.

Six cadets fly from Perrin

Thirty Murray Air Force ROTC cadets left Friday, October 23, for a jet orientation flight at Perrin Air Force Base, Texas.

A bus furnished by Perrin provided transportation for the thirty cadets. They left the Student Activities Building 6:00 A.M. Friday. Six cadets completed their flights Friday afternoon. The cadets who didn't fly Friday had a brief tour of Perrin Air Force Base arranged, and will have their flights scheduled in November.

Chairmen chosen by Engineers

In an effort to plan a program for the coming year, the Engineering and Technology Club met October 15. It was decided to divide the program into three general classes: Physics, Chemistry, and Math.

Pat Malloy and Dwayne Miles are chairmen of the physics division, with Ken Dolezalek and Robert Moore in charge of Chemistry. The math division has been entrusted to Dwayne Miles and Richard Rose.

Along with the regular programs, film strips pertaining to engineering will be shown. Dates for these programs will be posted in advance and any students who are interested are encouraged to attend.

A merry heart doeth good like a medicine.

ROTC has a brighter side

The 20th Air Force ROTC group have their program well under way for the 1964-65, term. This program was originated to train officers in reserve for the armed forces. This kind of program was first used before the civil war.

For many cadets who qualify for advanced training, this will have been more than just an interesting course, it could mean a commission in the Air Force, and the start of a proud and interesting career.

For the rest of us, even if we don't like the uniform and the marching, before the semester is over we will have learned many important things which will always help us in whatever field of work we go into.

The famous liberty bell was cracked with tolling for the death of Chief Justice John Marshall in 1855.

THE MURRAY STUDENTS picture above are members of the recently established History seminar, sponsored by Mr. Jack Ridley, History instructor.

College Cadets to hold ceremony on Veterans Day

November the 11th will be a busy day for certain units of the 20th AFOTC group. At 10:30, The Angel Flight, The Drill Team, The Color Guard, and The Band, will march in a Veteran's Day Parade at Madill. Later in the day, at 1:30, these four units will also participate in a Retreat Ceremony on the Murray campus.

Classes will be dismissed to attend the ceremony at 1:15. Class instructors will accompany their classes to the ceremony. Immediately following the ceremony students will return to their classes.

Science Club film shown

Exploring the Edge of Space, was a Science Club film shown October 27. The film showed the application of plastic balloon technology in space reconnaissance at 100,000 feet by aeronautical engineers.

The next film to be shown November 10, in the Library Science Building Room 102, is entitled "The Mathematician and The River." An illustrative problem in applied science, flood control in the Mississippi, is used to show the relationship between the "abstract" world of mathematics and the "real" world of nature.

Check those nooks for library books

Murray seems to be populated with a number of absent-minded but studious people who forget to bring back their library books. The library sends out reminders each week, and when your book is overdue as long as a 30 days, you are sent a bill. However, if the book is returned, you will save yourself—and the library—quite a little pocket money and a lot of paper work! So check in all the nooks and crannies, you may have a few little overdue gems stashed away in the closet or under the bed.

BULLETIN

According to Dr. Richard Murray, Academic Dean, school will be dismissed Wednesday, November 25, at 11:59 a.m. The holiday will end and classes will resume Tuesday, December 1. During this period all dormitories and the cafeteria will be closed.

Drama students will ham it up November 17

Be on the alert for something different November 17, when the Murray drama students make their first stage appearances.

No, you won't be squirming around in your seats waiting for the end to come. Only two one-act performances, each lasting approximately twenty minutes, will be presented.

Still one more thing fellows and girls—it's free. Actors and titles are a mystery. To learn more, drop in to the auditorium Tuesday night, November 17.

Rodeo Club to hold jack pot roping Nov. 21

The college Rodeo Club is sponsoring an open jack-pot roping Saturday, November 21. There will be some of the best horses and ropers from this part of the country competing. Stock will be furnished by Ken Lance, a former trick roper, and still famous calf roper.

Entry fees are, \$17.50—A roping; \$12.50—B roping; \$12.00—Head and Heel; and \$5.00 entry for Barrel Racing.

Admission will be 50c for everyone over 12 years, and everyone under 12 will be admitted free.

New facilities added to Home Ec.

Donell Ligon, home representative for Oklahoma Natural Gas Co. demonstrated the Koloric Range which has been installed in the Home Ec. Department. The film shown by her showed the features of the range which has an Ultra-ray Oven said to have a "burner with a brain."

Another addition is the new dining table and chairs which is Danish Modern and made of walnut.

The Home Ec. Club will host, and serve refreshments at the "Sew It With Wool Contest," Dec. 19, which will be held in the sewing lab.

Expectations are for living room furniture and drapes in the near future.

Remarkable words often come from people of few words.

JACQUITA PERRY, TRIBESMAN EDITOR, second from the left above, makes plans for additional pages to be mailed to the yearbook publisher. The first 16 pages have been mailed early so that colored pictures may be used in the Tribesman.

BELLY UP to the bar partner! A group of drugstore cowboys and cowgirls are gathered at the student union during Western Week sponsored by the Aggie Club.

Mayo Twins head '64-'65 Music Club

President of the 1964-65 Music Club is Ronnie Mayo with Lonnie Mayo serving as vice-president. Ronale and Lonnie were active members of the Music Club last year and participated in many musical events. Ronnie and Lonnie are both sophomores from Petrolia, Texas. Gretchen Hixen, freshman from Mount Vernon, Ohio, is the secretary for the club. She participated in several musical events while in high school and is now a member of the college choir.

Sophomore, Ernie Duff from Madill, is the Student Senate representative. Ernie has been in the R.O.T.C. band for two years and has been an active member of the Music club while at Murray. Elected as reporter was Marilyn Hamilton, sophomore from Tishomingo. This year she is accompanist for the college choir.

The Music Club discussed many interesting projects for this year. They hope to attend a concert or stage show either in Oklahoma City or Dallas. Community concerts are also on the agenda. This year promises much for the Music Club and the members are looking forward to its many activities.

Nov. 9 deadline met early by yearbook staff

Work on the 1964-65 college yearbook, the Tribesman, has so far proceeded at a rapid pace. The first sixteen pages of the annual have already been shipped far ahead of the November 9 deadline. Staff members expect to submit pictures of the student body for publication by the end of next week.

"Campus Paths" is the theme chosen by the staff for this volume of the Tribesman. This theme will be followed throughout the book depicting college life as it appears to the average Murrayite.

March 1 is the fourth and last deadline to be met by the yearbook staff. Students can expect to pick up their copy of Volume XVII of the Tribesman some time during the last part of April or the first of May.

This year's annual, because of the large quantity ordered by students, will contain no advertising, leaving more pages than ever before for shots of the student activities which go to make up an interesting and valuable yearbook.

Western Week highlighted by Aggie dance

The week of November 2 through November 5 was designated as Western Week at Murray. Those students who wanted to wear their western duds during Western Week. A dance, after the Eastern and Murray football games, was held in the Student Union and lasted until 12:00. During the dance a contest was held to determine who the best dressed western characters were. This is just one of the many different events that take place at Murray each and every semester. If you didn't take the chance to participate in Western Week, be prepared to have a part in the future events to take place such as Frontier Week and Sadie Hawkins Day.

November brims with activities

On November 4, at 5:00 p.m., roll was called for this fifth Student Senate meeting. Vice-President, Paul West, was the only absentee.

Saturday, November 21, the Rodeo club will sponsor a roping contest at the arena. A representative from the North Central Association is to be on our campus, November 10-11. Officers' club will hold a "Road-Runner" dance on November 24.

The Art club plans an Art exhibit with a guest speaker in January. Phi Theta Kappa is in the process of building a picnic area behind Bessie Poe Hall.

At 5:30 p.m., the meeting was adjourned.

Goal Diggers to buy jackets

Barbara O'Dell called the Goal Diggers Club to order October 23rd. The purpose of the meeting was to discuss the possibility of buying jackets for the cheerleaders.

After a prolonged discussion this proposal was adopted. The club decided to buy the jackets, making this their main project.

It was also decided to buy awards for the cheerleaders at the end of the year.

You can't keep your eye on the ball and the clock at once.

COST OF PIPER TOO HIGH —

There is a thief on Murray campus operating in the game room of the student union. I check my own purse several times a week only to find that every cent which I possess (or possessed) has been filched by this mercenary but beguiling machine of the devil.

Several students are powerless servants of the juke box just as others are confirmed alcoholics and drug addicts. It can't be merely a genuine love for fine music that compels a person to cast away a quarter of a dollar at a whack just to hear the same trash over and over. One could be justified in saying that juke boxitis is a reflexive disease developed from restlessness and the need to be noticed when one is in the student union.

Now I realize that songs such as "The Dodo", "My Bucket's Got a Hole in It" and "Do-wah-diddy" have undeniable classic beauty. Perish the thought that we students should exclude popular music from our cultural interests. But is it reasonable to continue paying a dime for one song or a quarter for three songs that last three minutes or less? One quarter and one dime plus a student identification card will buy a student more than an hour of entertainment at the theatre. Two quarters will usually gain one person admission to a dance with a live band offering two or three hours of recreation.

In conclusion, I would suggest that we refrain from throwing money into the juke box until the rate per song is brought down to a nickel as it should be in all colleges.

**College president
convention speaker**

Dr. Freeman McKee was principal speaker last Thursday at the Eighth District convention of Federated Women's Clubs of Oklahoma held at Lake Texoma Lodge.

Dr. McKee's theme was "Outer Limits," about how colleges will be extended in the near future. Three ideas of this speech were:

1. to take care of expanded enrollment
2. to offer more diverse programs because of the complexity and more demand for services.
3. to offer or secure additional faculty in order to provide for the first two above.

At this meeting Kerry McKee and Darrell Archer sang.

At a board meeting Wednesday night, Kerry McKee, Janie Hudson, Jerry Jimenez, Lornie and Ronnie Mayo sang as a part of the entertainment which had a Hawaiian theme.

Monday, Dr. Freeman McKee attended in Oklahoma City, the Presidents' Council, a regular monthly meeting of all college presidents, and the primary concern is a budget discussion for the next two years.

**Spooks, faculty
attend BSU party**

BSU sponsored a Halloween Party Wednesday evening, October 29 at 7:30, in the new BSU building. The party started with a tour of the new building. Ten spooks left the BSU building for a walk through the cemetery. When they arrived at the Baptist Church they learned that they had acquired two more spooks on their journey through the cemetery. After arriving at the Church, a pair of monster glasses was presented to Kenneth Keeton as first prize for the wierdest costume.

According to Pat Yow, some of the games were pretty wild; seems she bumped her head on the ceiling in the "airplane ride". In the "apple bob" contest, Capt. Medley and Reverend Hill had a wild time bobbing for apples. The fact that they were blindfolded could have hindered them in discovering there were no apples in the tub. Joan Shuman, Pat Yow and Louise Wilcox were surprised to discover that in the game, "kiss the ring of King Alibab", the ring wasn't on his finger at all, it was on his toe.

Cokes and cookies were served to the spooks and special guests, Capt. and Mrs. Medley and Mr. and Mrs. Jim Mihura.

The BSU has their Social Chairman, Gene Harris, to thank for the planning of their exciting entertainment.

On the serious side, and to close the party, a prayer was given by Floy Sliger, President of the BSU.

SPOTLIGHT

Bruce Love

Bruce Love, a sophomore from Nowata, Okla., is the boy to be "spotlighted" this week. Bruce, a Physical education major, receives most recognition as President of the O Club.

At Murray, he also participates in football and the ROTC band.

Upon graduation from Murray, Bruce plans to attend Northeastern State College. After obtaining his degree in physical education, he plans to take life as it comes and, "whoop it on".

Rachel Jacobs is the girl being featured in this week's spotlight. She is the daughter of Mr. and Mrs. Lee James of Kiowa, Okla-

Rachel Jacobs

homa. When asked about her philosophy of life, Rachel simply replied, "To thine own self be true".

She likes Murray very much and regrets having to leave after graduation. The sincere student and faculty relationships are very important to Rachel, and she feels the college best serves those students who really need academic assistance.

Upon graduation from Murray she plans to attend East Central State College where she will continue her education. She hopes to someday be a professional artist and writer. Her ultimate goal is to give the world something no one else can give.

**Please don't drag
that ring around**

We received our senior rings in April of 1962. At the time, I was a junior in Madill High School. And who usually gets possession of the long-awaited gem? The girl you go steady with. One doomed day, on her way to school, she lost it. Together we scanned every stretch of ground between her home and school. After a fruitless search, I placed several ads in the local newspapers. I even walked the streets up and down with my eyes peeled for the ring.

A couple of weeks ago, I received a letter from the Norman, Oklahoma police station. It seems that an honest athlete had found a 1963 Madill High School senior ring with the initials D.E.R. engraved on the inside. He had placed it in custody of the police, who in turn locked the ring in a safe. In order to claim the ring, I would have to go to the Norman police station and identify it—the letter stated.

I was the only person in the graduating class of 1963 who had the initials D.E.R. I'd like to think that the ring must be mine. In two weeks I will go to Norman. I'm certain that the quest will be well worth it to me. In the meantime—please don't drag that ring around!

Initiative is doing the right thing without being told.

By Jacquita Perry

Nine week's exams are finally over. It's hard to tell whether students are more relieved to have testing out of the way or to be rid of the 8:30 curfew for female dorm residents.

A pink blaze on the dance floor of the student union Wednesday night fascinated and held the attention of some of our Murray boys. Oh well, maybe they just like pink!

The past few weeks has seen several former Murray students back at their old stomping grounds. It seems that people just can't get away from that "friendly atmosphere". Welcome back anytime, Murrayites.

Linda Huebsch and Phillip Fuss, both graduates of Murray, have set their wedding date for December 20 at the Madill Baptist Church.

Attention Baptists! The new B.S.U. building opened for use Sunday, November 8. All students, however, regardless of religious preference, are cordially invited to attend.

It has been reported that Kelly Reeves, a freshman from Anson, Texas, is an outstanding student at Murray—we saw him out standing in the rain Thursday.

Can YOU STOP in Time? SLOW DOWN and LIVE!

SPORTS

SPORTS TID BITS

By Johnny Triplett

Tulsa Golden Hurricane quarterback Jerry Rhome has been picked as NCAA "back of the week" twice in the past three weeks. The golden armed passing wizard completed 35 of 43 passes for 488 yards against helpless Oklahoma State while breaking four individual major college records:

1. Completions—Bettered the record of 34 set by Dick Norman of Stanford against California in 1959.

2. Passing yardage—Bettered the old mark of 407 yards set by Larry Rakestraw of Georgia against Miami of Florida last season.

3. Total yardage—His 488 yards passing and 16 yards rushing gave him an over-all total of 504 yards for the day breaking the record of 490 set by Penn's Red Bagnell against Dartmouth in 1959.

4. Accuracy—No passer has ever had so few misses while attempting that many passes, according to the NCAA service bureau.

The 6-foot, 180-pounder was picked in 1963 by both the Dallas Cowboys of the National Football League and the New York Jets of the American Football League.

Cameron College of Lawton has been put on the list of possible Junior Rose Bowl teams along with seven other teams outside California. Each year a team outside California is picked to play against some California junior college team in the post season bowl. Cameron is undefeated for the season with 8 wins.

The Murray Aggies travel to **Tonkawa Thursday night** to take on the Northern Mavericks. The Mavericks stand 2-3 in conference play this year with wins over Connors and Eastern and 4-3 over-all for the season.

Joe Don Looney who was a problem child at Oklahoma University and for pro football's New York Giants is still causing trouble. Looney was put on one year's probation in Baltimore Municipal Court after being convicted of assault. The National Football League rookie was fined \$100 for assault on a hotel guest of a neighbor and \$50 for breaking in the door to the neighbor's apartment. Looney was reported to have admitted that he had "had a few beers". Some of us perhaps thought that maybe the 6-foot 2-inch, 236-pound fullback was being persecuted by coaches in the past, but now—? ? ? ?

DePaul, a first-time entry in the All-College Basketball tournament at Oklahoma City, has been seeded No. 1, Oklahoma City University No. 2, Xavier No. 3, and Creighton No. 4.

DePaul posted a 21-4 record last season, finished ninth in the final Associated Press poll, and lost to New York University in the quarter-finals of the National Invitational tournament at Madison Square Garden.

The hosting Oklahoma City Chiefs, who bowed to Wichita in last winter's finals, are the only team back from the 1963 All-College field. The 29th staging of the event will be held at the Municipal Auditorium December 28, 29 and 30.

Gene Mauch, who led the Philadelphia Phillies to their highest standing in 14 seasons despite a late-season slump, was named National League "Manager of the Year" for 1964 in the annual Associated Press poll.

The Phillies wound up in a second-place deadlock with the Reds, one game behind St. Louis. That was the highest since 1950, when they won the pennant under Eddie Sawyer.

Cadets smother Aggies in league tilt 40-6

Oklahoma Military Academy quarterback **Larry Chinn** passed for three touchdowns and kicked four extra points to spark the conference-leading Cadets to a 40-6 victory over Murray in a contest played at Claremore Oct. 29.

Murray Aggies were never really in the game as Cadet wingback **Richard Dunlap** raced around right end for 38 yards to start the scoring with 7:44 left in the first quarter.

Murray failed to move the ball on their next three possessions, and the Cadets took over on their own 34. OMA gained 11 yards on their first two plays; then halfback **Fran Lynch** romped 55 yards around left end for the Cadets' second 6-pointer of the night.

Chinn connected for touchdown passes with first his left end and then his right end during the second period, and OMA led Murray 26-0 at intermission.

Murray halfback **Harry Boyd**

slammed over from two yards out to put the Aggies on the score board with 7:31 left in the third quarter.

OMA decided to give their reserve backfield some playing experience, and the Cadet quarterback **Dave Wright** passed 16 yards to his right end standing in the end zone for the final counter of the game.

The game in figures:

	OMA	Murray
First downs	13	9
Yards rushing	265	79
Yards passing	159	110
Passes:		
Attempted	24	19
Completed	10	6
Intercepted by	3	0
Punts	3 for 38	8 for 26
Fumbles lost	2	0
Penalties	55	19

Like horses, humans can't kick and go forward at once.

There's no future in any job—it's in the jobholder.

Research program backed at Murray

Murray State College of Tishomingo has joined many schools of the state in scheduling participation in "Formation Research." This is a project to help raise funds for the work of the Oklahoma Medical Research Foundation, according to **Jim Lookabaugh**, state chairman.

A voluntary collection was taken during half-time intermission of Murray State's football game against Eastern A&M on November 5, 1964.

Sponsored for the 12th year by the Oklahoma State Coaches Association, a majority of the Oklahoma high schools, plus Oklahoma State University and several of the state colleges are taking part in the venture.

During the past eleven years over \$115,000 has been raised in this manner. The money raised last year (\$4,542.05) provided a laboratory in the three story addition to the hospital building of the foundation. It is marked by a plaque crediting the room to the schools of the state.

"Oklahomans may well be proud of their Foundation, which is doing important work in cancer, heart disease, muscular dystrophy and many other diseases, and the school folks of the state are showing a fine spirit of community service, making possible a real contribution to the work designed to help "That More May Live Longer," Lookabaugh said.

Aggies knot Eastern in conference tilt 6-6

Murray quarterback **Dent Gibson** cut over left tackle and into the end zone three yards out with 26 left to play in the first quarter last Thursday night at Tishomingo as the Aggies tied Eastern A&M 6-6.

Aggie halfback **Cotton Wade** took a Mountaineer punt on the Murray 30 yard line and snaked 58 yards down the left sideline to the Eastern 12 where he was pulled down from behind to set up the score for Murray.

With 4:20 remaining to be played in the first frame, Eastern halfback **Robert Fratarangelo** hauled in an Aggie punt on the Murray 41, and raced into the end zone untouched to supply the Mountaineers with their only points of the contest. The extra points were missed by both teams.

The sparse crowd was not exposed to much fancy or spectacular running by either team as mother nature had dumped approximately 2 inches of rain onto the field, and the footing was uncertain.

Aggie coach **Benton Ladd** expressed some satisfaction with the play of his defensive team, however noted that the offensive team did not move the ball well consistently.

In the last quarter, with Mountaineer quarterback **Larry Bickford** operating from a spread formation, Eastern moved the ball almost the

length of the field on 11 plays only to have the clock run out of ticks when they got to the 3 yard line.

The game in figures:

	Murray	Eastern
First downs	4	11
Yards rushing	95	146
Yards passing	31	34
Passes:		
Attempted	4	11
Completed	2	3
Intercepted by	0	1
Punts	7-32	8-32
Fumbles lost	0	1
Penalties	30	15

Aggies meet Northern Nov. 12

Murray Aggies move to **Tonkawa Thursday, November 12**, to play the Northern Mavericks in a conference tilt. The Aggies defeated Northern October 8 in a home game by a score of 2-0. The Mavericks now stand 4-3 for the season and the Aggies 2-4-1.

A rolling stone may not gather moss, but it picks up ideas.

Great minds have purposes, others have wishes.

The best way to get ahead is to have one.

Now available... a special opportunity TO REPRESENT AVON COSMETICS ON CAMPUS

By special arrangement with the college, an opportunity is offered to two resident students to represent Avon, world's largest cosmetic company. These girls will enjoy a unique earning opportunity: an exclusive franchise to offer fellow students Avon's famous cosmetics on campus. Because Avon has an international reputation, the high quality cosmetics, not available in stores, are in great demand. They are the newest, the best, beautifully packaged, and fully guaranteed. Student Representatives in other colleges are pleased with the acceptance of Avon, and with their substantial earnings.

Louise Smith

Angel members awarded medals

Miss Louise Smith of Fort Worth, Texas has been selected from the Angel Flight ranks as "Angel of the Month". Louise is the daughter of Mr. and Mrs. T. E. Smith, Fort Worth, Texas.

Such an award will be presented monthly by the A.F.R.O.T.C. Those receiving this award will be judged on the premises of merit accumulation, co-operation and improvement.

Major Charles Shockley presented Miss Smith and seven sophomore Angel Flight members with decorations at the November 3 meeting. Lois Black, Milburn, received a second semester bar. Those persons who received a third semester bar are as follows: Marilyn Hamilton, Tishomingo; Lieutenant Sue Harrison, Terral; Master Sereant Ramonia Hertel, Milburn; Major Janie Hudson, Tishomingo; Rachel Jacobs, Kiowa; Julie Parkhill, Mannsville and Captain Patty Smith, Lone Grove.

Lieutenant Colonel Jerry Winchester was in charge of the thorough uniform inspection which was scheduled at this meeting. Each Angel received two merits for personal appearance.

Captain Patty Smith will have charge of the Angel Flight when they join the Veteran's Day Parade in Madill, November eleventh. Murray R.O.T.C. Cadets and Angel Flight will hold a Veteran's Day Review on the college campus. Lieutenant Harrison will initiate commands for the Angel Flight.

To make your dreams come true, wake up!
You drift toward the rock, you row toward success.

Abdollah Falsafi, who is twenty years old, is from Gorgan, Persia, or as it is known today, the country of Iran.

Before coming to Murray, Abdollah spent three months in New York City where he applied to many colleges throughout the country. His original plan was to attend Utah State College with a friend of his.

Gorgan is mainly an agricultural area. Abdollah is a student of agronomy and after completing his major at O.S.U., he plans to return to his country to help his father, Mehdi Falsafi, who is a farmer and merchant.

Abdollah has two brothers, Kazem and Rahman, and three sisters, Akhtar, Oyra, and Sedigh.

In Iran, English is required throughout high school. Their school system is very similar to our own. They attend six years of elementary school and six years of high school.

Iran is much the same as America in regard to food, social life, and the dress of the people. Abdollah remarked that there were fewer dances and that the dating custom is similar to our own. He also said that "the food was good for him" but he missed his native rice. The men dress nearly the same as here but many of the women in rural areas still wear native costume. When asked to comment on the position of women in his country, he replied, "The majority of the women are housewives and very few have jobs. The husband is the dominant head of the family." Abdollah finds everything in America "good".

Essay contest open to students

In an effort to encourage youth of America and to stimulate their ideals into the truest meaning of patriotism and good citizenship, the Ladies Auxiliary to the Veterans of Foreign Wars announced today a new annual Americanism Award competition open to high school and college students. A total of \$2,000 in cash and three gold medals will go to three top national winners. Citations will be given to 10 other participants.

Any student between the ages of 16 and 19 years who attends a private, parochial, public high school or college may enter the award contest.

Each entrant must fill out an application to be obtained through the local Auxiliary and submit in writing not more than 300 words on the subject, "In Education Rests the Future of America."

The recipient of an award will be selected on the basis of his or her keen sense of purpose and worthiness as an individual. Applicants must show genuine interest in family, community, national and world affairs, display a sense of responsibility, truthfulness and loyalty and ability to present new ideas with sincerity.

All applications are to be returned completed to the local Auxiliary by March 15, 1965. The local winner will be entered in district competition, the district winner in state competition. The application winner first place in each state will be entered in the national contest. National awards are: First, \$1,250 cash and gold medal; second, \$500 cash and gold medal, third, \$250 cash and gold medal, and 10 citations for honorable mention. State and local award winners receive additional Auxiliary prizes which vary with the community.

Rules folders on the 1964-65 Americanism Award contest may be obtained from local Auxiliary units, or by writing to the Americanism Award Department, V.F.W. Auxiliary, 406 West 34th Street Kansas City, Mo. 64111.

LOE NANCE, A PRETTY FRESHMAN coed from Ardmore, is considering a record cover in the library listening room. Loe is majoring in Speech Therapy.

Record room busiest place on Murray campus

"Who's coming in now?"

"It's the Toreador."

"No, it's the bull."

"Aw, it's them gypsies singing while they're fixin' to tell their fortunes with those cards."

"Oh, I can't tell the gypsies from the bull I'm going to flunk this test for sure!"

Such distressed comments as these issued constantly out of the listening room in the library for the past week or so. The record player traveled millions of miles around and around in a circle, as the three hour album of the opera "Carmen" was repeated again and again.

Harrassed groups of students kept gathering until the small former library office bulged at the seams, and grew steamy and tropical as a telephone booth. The librarian moved the listeners out into the reading room until the eight headsets ran out. Still the group got bigger, with some students crouched on the floor, and others perched on chair

arms and the table trying to get their ears to a headset. At this point they had to be evacuated again, to be sent back into the periodical room so that the door could be shut, the air conditioner turned on, and the speaker plugged in. Each time the door opened a rollicking flood of music of the Habanera or the Toreador song floated out into the reading room.

Mr. Reid had told his class that he would drop the needle down on the record at random, and they would have to describe the scene taking place. One thing about it, if the whole class flunks, as they seemed to fear, they can turn their time to account by staging their own production of "Carmen". Any one of them could probably sing all the parts.

And if they happened to get confused on the test and mark the entrance of the bull down as the changing of the guards, at least they soaked up some culture in the process, as did everyone else within hearing distance. Several students were heard to remark that they didn't like it at first, but after hearing it untemped times they began to enjoy it.

Which, after all, was the point of the whole thing. So what's an F on a test, anyway?

Murray students attend OSU press meeting

WINS AWARD
The Murray College Aggieelite was awarded Third Place Sports Writing in the Junior College Division of the Oklahoma Collegiate Press Association, held at Stillwater, Friday, November 20.

Nearly 150 student journalists, among which were 6 students representing Murray, from 15 state colleges met at Stillwater Friday and Saturday for the annual Oklahoma Collegiate Press Association conference.

Sponsored by the OSU School of Journalism as a service to collegiate publications, the conference featured 16 professional sessions covering student newspaper and yearbook publishing problems as well as awards competition in 11 categories.

Members competed in news, editorial, feature and sports writing; news, feature and sports photography; advertising layout, and for best all-around newspaper and yearbook.

Highlighting the conference were Friday talks by John H. Calburn, editor and publisher of the Wichita Eagle and Phil Dessauer, associate editor of the Tulsa World. Dessauer discussed the social role of the newspaper at the luncheon meeting, while Calburn spoke on "The New Look in Journalism" at the awards banquet.

Saturday morning, experts on newspapers, yearbooks, advertising copy and layout, and photography conducted critical sessions on a rotating schedule.

While there were 4,089 accidents in Oklahoma during August of 1964 compared to 3,864 during August of 1963, there were fewer deaths and injuries. The 1964 death toll for August was 68 compared to 82 in 1963 and the number of injured this year was 1,710 compared to

College animals high in first 28-day weighing

The first 28-day weighing of bulls consigned to the Murray College Bull Test was November 10 and with a few exceptions, the bulls are off to a good start on their 140-day feed test, according to Dr. Jerry Martin, test manager.

There are 145 bulls on this year's test with nine different breeds represented.

Former Murrayites receive national recognition

Two Murray State College graduates have been listed in Who's Who Among Students in American Universities and Colleges at Southeastern State College in Durant.

Bobby Carpenter, a junior, and W. B. Daugherty, a senior at Southeastern, have both appeared on the dean's honor roll there.

In order to qualify for the national Who's Who honor, students are required to be classified as a Junior or a Senior, retain a high grade point, be active in campus activities, and must show potential as future leaders.

Carpenter, a 1962 graduate of Murray, played football for the Aggies and is now playing quarterback for the Savage team. In addition to playing football for Murray, he also went out for track, was vice-president for the Stoics Club, vice-president of the sophomore class, represented the M-Club in the student senate, was a member of the Engineering Club, and was voted Murray's most attractive boy in 1961-62.

Daugherty, who graduated in 1963, was a former editor of the Murray Aggieelite, did extensive work on the Tribesman for 1962-63, acted as president of the Goal Diggers Club, student senate representative for the freshman class, second vice-president of the Baptist Student Union, and was awarded Top Student in Activities at Murray.

Of the 63 persons killed in Oklahoma traffic crashes during August, 50 were male and 13 were female.

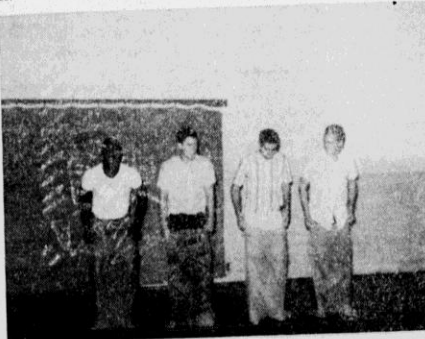

Rafters rocked at student body 'pep' session

Beames Hall in the evening of November 18, was filled with the electrifying magic of school spirit. Students filed into the main section of the bleachers to the rally music of the College band.

The cheerleaders dressed in the blue and white football jerseys, led the ecstatic students in a number of school yells. Sophomore football players were given a triumphant introduction to the applauding students.

Competition was keen among sophomores and freshmen not only in yells but also in the sack race. Four boys and four girls were chosen from each class to compete for the \$10.00 prize. Eight sophomores hopped to a victory to obtain the prize. Even Coach Ladd and Coach Robbins joined the race to lose to Van Wilhelm and Cotton Wade by a slip of balancing.

Of the 7,338 drivers involved in Oklahoma traffic crashes during the month of August, 2,742 or about 25 percent were under the age of 25.

POISED FOR ACTION are four members of Murray's football team. These and other antics were added entertainment at a pep assembly held in Beames Hall, Wednesday, November 18. Left to right, the athletes are Harry Boyd, McKinney, Texas; Van Wilhelm, Amarillo, Texas; Ron are Barry Boyd, McKinney, Texas; Van Wilhelm, Amarillo, Texas; Ron

Dept. heads attend Dec. 1 conference

Mr. Alloway, Mr. Winburn and Dr. Murray will be in Stillwater, December 1, to attend the Inter-College Conference. Staff members from the state will discuss the various curricular changes in the institutions.

The Board of Regents meeting for all A&M Colleges will hold its regular monthly meeting at Stillwater November 27, and Dr. Freeman McKee will attend.

Dr. McKee will attend the Primary Advisory Council in Oklahoma City, November 24 at the Higher Regents Office. The purpose is to discuss the faculty survey recently completed.

Home Ec. Dept. looks toward filled schedule

The Home Demonstration Clubs of Johnston county will have their annual Achievement Day December 11. A banquet will be held in room 103 of the Classroom building and the theme will be "Foreign Cooking." Mrs. Rainey is to give two demonstrations on Mexican food.

December 19, girls from several counties will compete for a prize in the "Sew It With Wool" contest. The Home Ec. Club will serve refreshments. Betty Campbell, a member, will enter a 100% wool coat.

Donell Ligon, on December 7, will present a program in room 101. Classroom building at 1:30. She will show slides on Italian and French food.

December 21, Donell Ligon will give a 45 minute presentation on Christmas Cookery, in room 101 of the Classroom building at 1:30.

December 4, a remodeling clothing workshop will start at 9:30 in the Classroom building room 103. It will be sponsored by the Home Demonstration Agent, and the Home Ec. girls will serve coffee. In the Home Ec. Club's last meeting they decided to raise money among themselves to pay for expenses.

Roadrunners play Nov. 24th dance

The AFROT Officers Club of Murray will sponsor a dance in the gym November 24. The dance has been set to begin at 8 p.m. and end at 11:30 p.m. All students attending will be required to dress semi-formally.

A well-known band, Jim Edgar and the Roadrunners, will be the featured musical artists. This is one of the best known bands in the state of Oklahoma.

For the first eight months of 1964 Oklahoma showed a six percent increase in traffic deaths compared to a 12 percent increase in

presented. The majority of the bulls are Hereford, Angus, and Charolaise. Many of the top gaining bulls will be consigned to the annual Performance Tested Bull Sale scheduled following the end of the test on March 20, 1965.

In the Hereford division, K. P. Larsh, Roff, has the top gaining pen of three bulls with an average gain of 3.93 pounds per day. Gus Martin, Coalgate, has a pen of three bulls that have gained 3.63 pounds per day for the first period. This pen of bulls are by his TR Zate Model 48 bull. Murray State College and K. P. Larsh have individual Hereford bulls with average daily gains of 4.54 pounds. The College bull is by the W. R. Watson Derrnut 14 bull. Other Hereford breeders with top gaining bulls are: Dr. G. T. Easley, Sulphur, 4.11; K. P. Larsh, 4.11; Gus Martin, 3.93; Glenn McDaniel, Fitzhugh, 3.93; and Paul Dauer, Panhandle, Texas, 3.75.

In the Polled Hereford division, Evert Prater, Paoli, has the top gaining pen with a daily average of 3.57 pounds. His three bulls are by his JEP Gold B Pres. bull. Breeders with top gaining Polled Hereford bulls are: Joe Holmes, Ada, 4.46; S. B. Sims, Colbert, 4.29; Evert Prater, 4.11 and Joe Edington, Barnsdall, 3.75.

Murray State College, Tishomingo, has the top gaining pen of Angus bulls with an average gain of 4.11 pounds per day for the 28-day period. Murray Corbin, Tishomingo, has the second and third ranked pen of Angus bulls that have gained 3.87 and 3.75 pounds per day. Other top gaining pens of Angus bulls are: Othor Chaffin, Davis, 3.63; A. F. Flint, New Mexico, 3.63; Clarence Burch, Mill Creek, 3.57; A. F. Flint, 3.57; Bennett & Hutchens, Tishomingo, 3.51; and Lebert, Schulz, Leewood, Kansas, 3.51. Breeders with top gaining individual bulls are A. F. Flint, Bard, New Mexico, 4.82; Murray College, 4.64; Othor Chaffin, Davis, 4.46; Lebert Schultz, 4.46; Murray Corbin, 4.29; Lee Flowers, Jr., Pittsboro, 4.11; Clarence Burch, Mill Creek, 4.11; Murray Corbin, 4.11; A. F. Flint, 4.11; and Murray State College, 4.11.

In the Charolaise-Charbray division, Mack Braly, Ada, has the top gaining pen of three bulls. These bulls have gained an average of 4.73 pounds per day. Other breeders with top gaining pen of three bulls in the Charolaise division are Maurice Finklea, Warner, 4.47 and G. W. Banks, Clarksville, Texas, 3.61. Those with high gaining individual bulls are Mack Braly, 5.71 and 4.29; Maurice Finklea, 5.54; Robert Wood, Meeker, 4.64 and Butler Cattle Company, Trenton, Texas, 4.29.

R. D. McDonald, Clarksville, Texas has the only Brangus bulls on test. He has 2 pens of 3 bulls each that have gained 3.99 and 3.51 pounds per day.

One pen of milking Shorthorn bulls consigned by Jesse Arthur, Pauls Valley, have an average gain of 3.21 pounds per day and two Santa Gertrudis bulls consigned by Maurice Finklea have gained 4.29 and 3.75 pounds per day.

The only Beef Master bull on the test was consigned by Albert Sells of Wynewood. This bull has gained 3.75 pounds per day.

The 56-day weighing will be on

CAN HANDLE MATH, BUT ENGLISH WHIPS THEM

Most of the nation's top, high-school graduates will be well prepared for college science and math courses, but nearly half are so poorly trained in English that they must take college remedial courses in English.

Of 9,000 Freshman entering one of our larger colleges, 5,000 had to be enrolled in remedial English courses to bring their English up to par.

This is a great problem; it is a problem which faces every campus in our nation. Like any other problem, this one has a cause, and there has to be a cure.

Maybe students don't consider English important. Most say, "I can read and write, why should I study nouns and verbs." Perhaps the answer to it can be found within our high-schools.

The main problem is just this: most people simply do not realize the importance of English in our lives.

We, the students of today, are some day to control the world as its adult generation. In our great number lie our future leaders, doctors, lawyers, teachers, mothers and fathers.

We face an exciting challenge; there is no way we can avoid this challenge; we must prepare to meet it. First, let us ask ourselves a question. What is of importance to us? What is the main shaping force in our lives? Language is the answer. Words are the main shaping force in our lives.

A person can never fully grasp the immense power words have on us.

Now, as students we are having opinions formed of us; these are important, but even more important are the opinions we form for ourselves. Words and language greatly affect these opinions.

Words are symbols of ideas, the more ideas you are familiar with, the more words you know.

There are still a few more questions I want to ask you and have you think about. First of all: What did you come here for? Second: Are you going to be successful? Third: Do you have a fluent, powerful, and effective vocabulary? As a general rule, successful people have superior vocabularies.

Success is a word, also it is a goal all of us hope to some day achieve. Most all people understand how words are so important to them, but very few people actually work to better their word power.

A FEW ANSWERS, PLEASE

While scanning the pages of a similar small-college publication mere chance led my gaze to these words: "We are the generation of the mortals, sucking through twisted straws the knowledge of immortality." More lines of like substance followed. It could hardly have been beauty or words or thoughts which snatched and held my interest; for the poem was lacking completely in beauty of any sort. No, my reading was forced by that evil fascination one feels while looking at some loathsome creature or subject. For a moment I was ashamed of being human.

Such damning philosophy is not infrequently expressed. Many contemporary writers provide us with little else. Why they expound with meaningless repetition and metaphysical style this philosophy of the dead I cannot say. To accept their thesis one would be forced to believe that humanity is a jaded and dying race, which, in its death throes, must search among the drags for anything new and peculiar. If these thoughts are true, there is no point in existence and the speaking of beliefs such as the one mentioned above is vanity and nothing more.

I am not a conservative soul whose longing for certainty prevents the knowledge that progress comes only when questions are raised. I suggest, quite simply, that for too long questions have been posed with no one providing the answers.

Campus Capers

By Jacquita Perry
Murray's aspiring young short-story writers are now being given a chance to display some of their skill and technique. Mr. Fletcher, of the English department, should have quite an amusing time reading and evaluating stories, ranging from the hilarious to the tragic, turned in by members of his literature classes.

Some of our Patton Hall girls have turned fortune-teller over the past week-end. The future has been well looked into with the aid of dominoes, cards, and a book from our own Murray library. It cannot be denied that the library is a storehouse of knowledge—but knowledge of the future?

The high cost of "plugging the jukebox" has at long last been lowered somewhat. Students may now play their favorite hits for a dime each or four for a quarter. You'll have to admit, four is better than three, although six is certainly more reasonable.

The new sharpshooter machine in the student union affords an amusing pastime for would-be riflemen. However, it shouldn't be too much a challenge for "Dead-eye Slinger".

Ping Pong is not usually considered a dangerous sport, however, it seems that the game has taken on certain new qualities here at Murray. One of our students was quite severely, though not critically, injured while participating in the game last week.

Patton Hall makes hay in November

Twenty-three Patton Hall residents, their dates and housemother, Mrs. Haynes, organized Monday night, November 16, to load on two hay wagons bound for the picnic area of the refuge.

Several of the more confused couples, upon arrival to the picnic grounds, were caught up in a controversy over the direction from which they had come. At least one out of four guesses was right.

The fellows acted as chefs for the occasion while the gals garnished hot dog buns for the burnt offerings. Smoke from the fireplace threatened to suffocate the after-dinner loafers, so the party moved out to the playground section. Many of the couples found the swings and see-saws to be quite a refreshing recreation, having been deprived of such apparatus since grade school.

After tring of the playground, the spunky gang proceeded to play outdoor games. "Flying Dutchman" seemed quite amusing until a number of male athletes announced that they were weary. So the next game played was "Rhythm"—but most of the participants didn't have it.

Eight o'clock saw the entire party loading back onto the hay wagons to resume what might be described as a perilous journey. Hay flew hither and thither as blithe jokers posted one another and pounced upon onlookers with fists full of dusty hay. Needless to say, the bedraggled look was the dominating mode on this occasion.

Amid scuffling and laughter the tractor-propelled wagons halted in back of the student union at 9

SPOTLIGHT

Jacquita Perry

Ronnie Stinson

Murray College boasts a number of capable and deserving scholars. Jacquita Perry is recognized by the Aggie Spotlight as being one of these persons. Jacquita is the daughter of Mr. and Mrs. Willie Perry, Tulelo, Oklahoma.

Nineteen year old Jacquita is a Secondary English major in her sophomore year. She serves as vice-president of the college honor society, Phi Theta Kappa. As Editor of the yearbook and Organizations Editor of the Aggielite, Quita (as she is most often called) must budget her valuable time and keep abreast of occurrences as well.

Not only does Quita stand on laurels of top academic achievement, but also her benevolent manner and industrious spirit have endeared her to a host of acquaintances. The "O" Club chose Quita as their candidate for the Homecoming Queen election.

In her leisure moments, this lass engages in card playing and is credited with being a notorious shark. "I love the outdoors and would rather go swimming and camping out than anything," adds Quita. She finds that the nearby wildlife refuge is one of the most attractive fringe benefits attendant Murray.

Following her graduation from Murray, Quita plans to enter East Central State College in Ada. Her philosophy of life is summed up in Longfellow's, "A Psalm of Life." She professes that her fondest ambition is to "... leave some foot prints on the sands of time."

Raffle is planned by the Music Club

Murray's Music Club discussed many activities for December at the meeting held on November 17.

First, a hamburger fry is being organized for the Music Club, Choir, and Band. This will take place in the first week of December.

Secondly, the club is planning a trip to Dallas in order that they may watch the "Kingston Trio" perform.

Finally, the club plans to raffie a turkey and ham for Christmas. These two delicacies will be donated by Mr. Reid, Head of the Music Department.

It is difficult to estimate how much time was employed in the task of disentangling particles of grain and straw. However it was all in a night's fun and all participants should recover in the near future.

Ronnie Stinson, a sophomore from Lone Grove who is majoring in Business Administration, occupies this section of the Spotlight.

Ronnie is the son of Mr. and Mrs. Bill Stinson of Lone Grove, Oklahoma.

His main hobbies include hunting and just having fun in general with basketball listed as his favorite sport.

When asked what he likes best about Murray he simply replied, "the people".

Ronnie plans to attend Oklahoma State University next fall, with the hopes of someday becoming a successful business executive.

Southeastern hosts Murray dramatists

Drama students received an invitation last week from Billy Sue Harmon, Director of Drama at Southeastern College in Durant, to attend the presentation of three one-act plays taken from the Theatre of the Absurd, by Southeastern's speech department.

The three plays presented on the new arena stage in the Fine Arts building at Southeastern were: "The Bald Soprano", by Eugene Ionesco; "Zoo Story", and "The American Dream", both by Edward Albee.

Seven speech and drama students attended the plays on Tuesday night, November 17, sponsored by Mrs. Rood, of the speech department at Murray.

These three plays, taken from the Theatre of the Absurd, all depict characters facing unusual and perhaps absurd circumstances; however, "Absurd", in this sense, as applied to the theatre, means a situation in which man finds himself out of harmony with life rather than ridiculous. All of the plays appealed strongly to the emotion and implied a lesson concerning our everyday way of life in general.

SPORTS TID BITS

By Johnny Triplett

OU just doesn't have it this year! They've got no knock-out punch. Neely sure doesn't look like an All-American to me. How come Grisham picks up all these yards and never makes a touchdown? They'll break the all-time record for fumbles this year. Boy, if OU still had Thomas, McDonald, Harris, Tubbs, Looney and all those guys! Now they were ball players! These are just some of the comments heard regularly by some of us. What people must realize is that no one stays on top for always, and you can't live in the past. Maybe OU hasn't won as many games and you figured they would, but I don't think that anyone that has seen all their games will say that they have let down during the games that they have lost. No team—unless it be Southern California—can truthfully say that OU has been easy. I think that we should be thankful for the prestige that the fine OU football teams have brought to our state, and continue to give them our moral support—just as we did when they were winning those 47 games in a row. Lecture ended.

Oklahoma will be well represented in the bowl games this year. OMA has accepted a bid to play Phoenix Junior College in the Shriner's Bowl in Savannah, Ga., and Cameron will play in the Junior Rose Bowl Game at Pasadena, California. The winner of the Oklahoma Collegiate Conference will play in the All Sports Bowl in Oklahoma City, probably against some frontrunner in the Lone Star Conference. And Tulsa, with multi-talented Jerry Rhome, is being scouted by two bowl game officials.

Football season has ended at Murray, so now everyone can devote their full support to the Murray basketball team. Despite the large number of freshmen on the squad, I feel that any and all support we can give to this year's team will be well rewarded.

Aggies stumble behind second half barrage

Girls' basketball tournament to be held next week

Twenty-four high school girls' basketball teams are entered in a six-night invitational tournament that opens Monday at Murray College. Gene Robbins, athletic director, announces. The teams will be competing in three separate divisions.

Tournament play begins at 1 p.m. on Monday, but at 6 p.m. during the remainder of the schedule. Admission will be 75¢ for adults and 35¢ for students and children.

Entered in the tournament are: Class A—Tushka, Konowa, Coalgate, Bowlegs, Tishomingo, Ravia, Mill Creek and Wynewood.

Class B—Wapanucka, Gene Autry, Riverside, Turner, Soper, Davis, Kingston and Ft. Towson. Class C—Lone Grove, Coleman, Springer, Marietta, Grant, Mannsville, Leon and Caney.

First round pairings during the first three days of the tourney are as follows:

Monday, Nov. 30
1 p.m.—Leon vs. Caney
2:15 p.m.—Coleman vs. Lone Grove
3:30 p.m.—Turner vs. Riverside
6:00 p.m.—Grant vs. Mannsville
7:15 p.m.—Kingston vs. Ft. Towson

Tuesday, Dec. 1
6:00 p.m.—Springer vs. Marietta
7:15 p.m.—Ravia vs. Tishomingo
8:30 p.m.—Coalgate vs. Bowlegs

Wednesday, Dec. 2
6:00 p.m.—Mill Creek vs. Wynewood

7:15 p.m.—Tushka vs. Konowa
8:30 p.m.—Soper vs. Davis
Thursday and Friday nights, Dec. 3 and 4, the tournament will enter semi-final rounds with championship games in the three divisions to be played Saturday night, Dec. 5.

Murray College students will be admitted to the tournament for 35¢ when ID cards are presented.

Aggies blitz Connors 34-13 in final game

The Murray Aggies unleashed their version of Jerry Rhome Thursday night at Tishomingo as they downed the Connors Aggies 34-13.

Aggie freshman quarterback Marvin Esmond opened up with a devastating passing attack at the outset of the game, and didn't let up all night. He connected on 15 of 27 tries for a total of 267 air yards. Esmond threw second-quarter touchdown passes to Russell Wells and Cotton Wade of 8 and 9-yards to take a half-time lead of 14-6 over Connors.

Freshman end Luther Campbell grabbed an Esmond pass with 8:25 left in the third, and romped 59 yards into the endzone to supply the Aggies with touchdown number three. Halfback Harry Boyd kicked one of his four extra points of the night and Murray led 21-6.

With one second left to be played in the third, Boyd punched over from the one after defensive end Bernie Mathias recovered a Connors fumble on the 4-yard line.

The Aggies scored with six minutes left in the fourth when Esmond hurled another strike to Wells that went 79 yards. End Cotton Wade threw a key block to spring Wells on the Connors 10-yard line.

With this win the Aggies finished the 1964 season with a 3-5-1 record.

	Mur.	Connors
First Downs	14	6
Yards rushing	91	55
Yards Passing	232	75
Passes Attempted	33	25
Passes Completed	16	5
Passes Intercept.	4	3
Fumbles Lost	1-3	2-2
Punts	6-35	6-28.7
Penalties	4-15	6-26
Mur.	0	14
Conn.	6	0

Murray opens basketball season on Dec. 4 with only three sophomores

Murray Aggies start their basketball season December 4 against Ft. Worth Christian College at Ft. Worth. The Aggies will play nine games at home this year, not counting the Texoma JUCO Tournament Dec. 8-9.

Aggie coach Gene Robbins answered "mediocre" when asked what kind of season he expects to have. "We have some tall boys, but all are lacking in experience. So far only one sophomore is on the starting team", he further commented. "If we can learn to execute our basic fundamentals properly, I feel we can have a fair season, but I also feel that too much can be expected of a team with only three sophomores on the roster", he said.

The Murray State roster for 1964-65: Alvie Nelson, 5'10", Grant, Okla.; Shannon Saxon, 5'10", Mannsville, Okla.; Willie Jackson, 6'2", Montgomery, La.; Junious Simon, 6'2", Houston, Tex.; Daniel Jordan, 6'2", Houston, Tex.; Wayne Williamson, 6'0", Idabel, Okla.; Terry Elizondo, 5'10", Hugo, Okla.; Louis Lillie, 6'3", Houston, Tex.; Doug Nowell, 6'3", Savanna, Okla.; James Johnson, 6'6", Tyler, Tex.; James Blue, 6'3", Wannette, Okla.

PICTURED WITH COACHES Wayne Canaday and Benton Ladd are Van Wilhelm, Forrest Pever and Cotton Wade, co-captains of the 1964-65 Murray football team.

Football team loses 8 gradidders from '64 team

The Murray Aggies football team will lose eight graduating sophomores this year.

Harry Boyd, Russell Wells, Cotton Wade, Warren Phillips, Forest Pever, Van Wilhelm, Bruce Love, and Grady Grigory have all played their last junior college football game for Murray State. All these sophomores have done a fine job during their two years at Murray, and will be missed both on campus and on the football field next year.

One of the hardest running backs in the JUCO Conference for the past two years was Harry Boyd of McKinney, Texas. This 5'11", 190-pound halfback made the All Conference team in 1963, and will, in all probability, be a repeater this year.

Russell Wells hails from El Paso, Texas. Russell was named honorable mention to the 1963 All-Conference team, and has been one of the stalwarts at halfback this year.

He will continue his football playing at Clemson University.

Cotton Wade, 6'0", weighs in at 172-pounds, and comes from Marietta, Oklahoma. Cotton was also named honorable mention to the All-Conference team in 1963. Sparkling at defensive halfback this year, he was selected by his teammates to serve as one of the three co-captains.

Warren Phillips weighs 235-pounds, and measure 5'11". Warren was one of the "big boys" at fullback and tackle last year, but was injured during the second game of the season this year against O.M.A., and has not seen much action during the 1964 season because of this.

Forrest Pever, playing at his line-backing position this year, is a 5'11", 180-pounder, and claims Shawnee, Oklahoma as his home. Forest also was elected by his teammates to serve as co-captain. He was one of the surest tacklers in the conference this year, and led the Aggies in this department in many of their games.

Van Wilhelm is 5'10", 170-pounds of dynamite, and I am sure that all the backs in the conference will attest to this fact. Van was consistently one of the Aggies most dependable players on defense this year. He also, along with Cotton and Forest, was elected co-captain this year.

Bruce Love of Nowata, Oklahoma, is 5'11", and weighs 185-pounds. Bruce did an outstanding job at guard and linebacker this year. He is called "The Bruiser" by his team-mates, and rightly so. Last, but not least, is Grady Grigory. Grady measures 6'2", and tips the scales at 205-pounds, and is on loan from Broken Bow, Oklahoma. Grigory is another who was unfortunate enough to receive an early-season injury, and didn't fully recover before the season ended.

Also: Ardel England, 6'7", Oklahoma City; Hal Grant, 6'9", New Orleans, La.; Bobby Roberts, 6'0", Gene Autry, Okla.; Elmer Liebl, 5'11", Loyal, Okla.; David Alexander, 6'11", Brookshire, Tex.; Terry Coker, 6'2", Lexington, Okla.; and Love Denton, 6'2", Oklahoma City, Okla.

Six High-School All-Staters are listed among the group: Alvie Nelson, Willie Jackson, Junious Simon, James Johnson, Hal Grant, and David Alexander.

Murray Aggies basketball schedule for 1964-65:

Date	Opponent	Place
Dec. 4	Ft. Worth Christian—there	
Dec. 8-9	Texoma JUCO — here	
Dec. 14-15	Hardin Simmons—here	
Dec. 18-19	San Angelo Col.—there

Maladroits win second in row

The Murray Maladroits, led by Henryetta Russell's 27-point spree, defeated a fine Milburn Independent Girl's basketball team at Milburn November 11, by the score of 49-33.

The Maladroits had an advantage of 19-14 when they came back red hot for the second half, and outscored the Milburn team 29-19 for the final two frames.

The game in figures:

Player	Position	Fg	Ft	F	Tp
Alice Brown, F		1	1	0	3
Janie Hudson, G		0	0	0	0
Lois Willingham, G		0	0	3	0
Jackie Higgs, F		0	0	0	0
Ramonia Hertel, G		0	0	1	0
Hank Russell, F		13	1	1	27
Bobby Sliger, F		3	4	0	10
Billie Anderson, F		4	0	0	8

All went native on Thursday night

What happens when students at Murray are tired of having "nothing to do"? Here's what took place Thursday night, November 12. Seemingly, a multitude of thrill-seekers had gathered in the unaccommodating booth-sized lounge of Patton Hall.

What had begun as a feat to challenge the capacity of the small room advanced into a spirited convention to create enthusiasm and togetherness. Spectators who flocked in to catch a glimpse of an apparent chaos were shoved into the center of the gathering to be introduced and welcomed.

Principles organizers and speakers at this rendezvous were Billie Anderson, Dibble; Sue Harrison, Terral; and Sue Millisor, Ohio. Cheering and applause was intermittent. Had a band been there, such spirit would have been unparalleled by even the Goal Digger's Club. One centralized theme dominated the mass movement, "Let's all get together when there's nothing to do."

Meeting adjourned around 9:00 o'clock and the convention dispersed in single file. A census was taken which disclosed the fact that approximately sixty students had occupied the room. After forming ranks outdoors which would have shocked the efficiency of the R.O.T.C., the rebellious crew marched around the campus counting cadence and singing "Jody, Jody—where you been?"

Dean Raymond Cleveland encountered the restless band of Murrayites and demonstrated his usual gusto and exuberance. He led a spirited yell for the Aggie football team which was, at that moment, on the battlefield of the Northern Mavericks in Tonkawa.

This meeting was fairly successful in conveying that there is a shortage of amusing things to do. Perhaps now that the nine weeks grade sheets are out, similar conferences will convene to support the theme that, "There is something to do—if we'd do it!"

There was a total of 4,069 traffic accidents in Oklahoma during August. Of these 2,608, or more than half, occurred within the corporate limits of cities. However only 15 persons were killed in these urban crashes while 53 were killed in rural accidents. But 970 persons

Students offered pleasant summer as Sooner Guides

A statewide competition to choose Oklahoma's outstanding college men to represent the state at the 1965 season of the New York World's Fair is underway with the distribution of application forms to every college and university in the state.

A total of 32 Sooner Guides and 10 alternates will be named to go to the fair—an increase of more than 30% over the number of Guides chosen for the 1964 season.

"The Sooner Guides were, without question, one of the most successful features of the Oklahoma exhibit during the 1964 season", Robert S. Boyd, executive director of the Oklahoma World's Fair Commission, Inc., said. "We're anxious to attract the same high caliber of student this year, so that a new group of students may help Oklahoma put its best foot forward."

"Since more students will be chosen this year, the chances are better for every applicant."

Requirements for service as a Sooner Guide are simple, Boyd pointed out. All male students, except freshmen and married students, are eligible, so long as they are in good standing with their college or university and are in good physical and mental condition.

Guides will serve a period of three months, April 15 through July 15 or July 15 through October 15. Arrangements will be made to allow students chosen as Guides to leave school early, or to enroll late the following year.

Guides will be furnished transportation to and from New York, and will be provided with a place to live. They will receive a monthly salary of \$250.

Deadline for applications will be December 1, according to Boyd. After that time, each applicant will be assigned a time and place for a preliminary interview. Initial interviews will be conducted in mid-December in Oklahoma City by teams of judges, each grading all applicants on a pre-arranged point system.

One special interview will be conducted early in the Christmas vacation, to allow students attending out-of-state colleges to compete.

Finalists will be announced after each series of interviews, and the finals competition will be held in Oklahoma City the last week in December.

Applications are available on the Murray College campus through the Dean of Students Office, or may be received by contacting the Office of the Governor in Oklahoma City.

During the first eight months of 1964 Oklahoma drivers drove 9,090,000,000 miles which is a nine percent increase over the same period of 1963.

New vistas open for students of language

Dowling's Company of Oklahoma City installed the language laboratory recently.

This is the latest method of teaching a foreign language. It is also used by the shorthand classes and may be used by the drama and speech students.

There are individual booths which enable the student to listen and record. The teacher coaches them by use of an inter-communication system. Individual remedial work may be given to some students either with pre-recorded tape or with his own voice. Special tests may be given, requiring a group of students to record their responses to a given exercise.

Individual booths are equipped with earphones, a microphone, and switches for program selection. Four of the booths are equipped with tape-recording instruments.

The master tape containing the drill is placed on a central unit (console). Students all work at the same speed. The teacher can switch to an individual student to check his progress and make suggestion or corrections.

Some of the rules that are strictly observed in the laboratory are: Books other than language texts or pencils are not allowed in the laboratory and no experimentation with tapes or equipment is permitted.

Melvin Taylor, who has had experience in electronics, operates the switchboard in the afternoons for students who want extra laboratory work. This laboratory is a great step forward in the developing of language arts.

Cigaret packages are means to end in Angel project

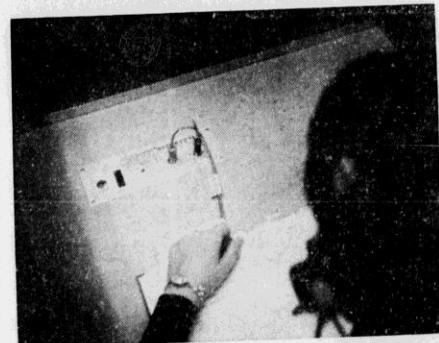

Angel Flight members congregated to discuss worthy projects and outside activities at the November 16 meeting. A committee of six volunteered to undertake the cumbersome task of writing a new constitution for the organization.

President, Sue Harrison, called for suggestions for a rather indolent crew. However, faces brightened when some alert member submitted a most appealing idea for consideration. A project to help obtain a wheel chair for the clinic in Wilson, Oklahoma was championed and proclaimed.

Several thousand cigarette packages are needed as coupons for the purchase of the wheel chair. Every person who smokes is asked to save those cigarette packages and deposit them in receptacles which will be erected by the Angel Flight and placed in buildings throughout the campus.

MELVIN TAYLOR has shown a deft hand at operating the control board in the language laboratory. His skill and congeniality as an operator have proven quite an asset to the Language Department.

REMARKABLE SIMPLICITY of the individual booth is exemplified in this shot which looks into a booth occupied by Nelba Baker. Care is being taken to protect the entire laboratory from malpractice.

GARY JACKSON is a picture of concentration as he puts to good use the facilities only recently installed. Spanish and Shorthand classes are taking advantage of the new laboratory.

"MY HEART bleeds for you," declares Lisa Krens as Stanley Standridge eyes his manuscript with cool disregard. This is an on-the-scene shot from a rehearsal of "Balcony Scene".

Foreign students attend conference

Abdolah Falsafi of Gorgan, Iran; Richardo Gonzalez of Camaquey, Cuba; and Alejandro de la Rosa of Mexico City accompanied by Murray's Dean of Students, Raymond Cleveland, had the privilege of attending the International Students' Conference in Oklahoma City on November 18. This informative program for foreign students is sponsored annually by the governor's office of the state of Oklahoma.

Orations were delivered by three speakers in the morning session. Each main branch of the government (state & federal, legislative, judicial, and executive) was represented and expounded upon. Governor Bellmon spoke in behalf of the state and federal branch. Other speakers were Mr. Drew Mason who presented a discussion on the executive branch, Mr. Dale Cook who represented the judicial branch, and Mr. Robert Haught who discussed the legislative branch. Following the detailed explanation, the floor was opened for three hours of questioning which was administered by inquisitive students.

Luncheon was served banquet style compliments of the Western Electric Corporation. The remainder of the afternoon was invested in a guided tour of the Capitol Building. Governor and Mrs. Bellmon were hosts to a reception in their home that evening at 6 o'clock.

The three youths who attended this convention brought back with them a deeper understanding of Oklahoma's governmental process. Many Murrayites hope that, in the future, all college students will have access to such a valuable privilege.

President McKee to participate in panel discussion

Dr. McKee will be a member of a panel to speak to the Department of Higher Education of the Oklahoma Education Association. His topic for discussion is "For Whom Higher Education Opportunities Should be Available". The meeting will be held on December 12, at the Continuing Education Center at Oklahoma University, Norman.

One-act plays grace Murray Thursday night

Thursday night, December 10, two one-act plays will be presented by Murray's Drama Department.

Students and adults will enjoy watching "Smokescreen" and "Balcony Scene"—especially at the low, low price of nothing!

Come to the college auditorium Thursday night, sit yourselves down and lean back. "We have a really big show."

Wood maintains strenuous but interesting pace

Friday, December 11, Tom Wood, Murray's public relations director, will address the Carter County English teachers at their annual Carter County teachers meeting. The topic of his address will be "Requirements for Freshman English Students".

On December 15, Mr. Wood plans to speak to the FFA leadership Conference at Davis. It is expected that approximately thirty schools will attend his conference.

This time he will speak to the chapter reporters on, reporting chapter news and chapter public relations.

The following day, December 16, Mr. Wood will speak at the Broken Bow FFA leadership conference. He will address the chapter reporters on chapter public relations and news reporting.

Murray teachers participate in teacher's meeting

Friday, December 11, Mr. Gerald Alloway and Paul J. Park will address the annual Carter County Love County teachers meeting.

Mr. Alloway's speech will be entitled "Math Requirements for Freshman Students." In his speech he will stress the importance of a firm mathematical background for those students planning to enter college.

Mr. Park's speech will be entitled "Science Requirements for Freshman Students", stressing necessity of a strong science program for those students hoping to attend college in the future.

Military ball scheduled for December 19th

Miss Jenna Jo Hellack, Tishomingo, was presented the Angel of the Month Award by Captain Medley at the December 2 conference. Jenna now has proof of her contributions for she can pin the medal on her long-awaited uniform which arrived very recently.

Several drills in succession will be called preparatory for the next performance which will be given by the Angel Flight at the JUCO Tournament, Wednesday, December 9.

A group photo will be taken of the Angel Flight squadron December 7 at 12:45 p.m. This picture will be used for personalized Christmas post cards from the Angel Flight.

Three Angel volunteers will act as hosts to the "Sew it with Wool" contest which will be held December 19.

The R.O.T.C. Ball is scheduled for December 19. "An Evening in Paris" is the theme which has been selected. Formal and semi-formal apparel is appropriate for the occasion. Combined efforts of the R.O.T.C. cadets and Angel Flight members should render this year's ball a smashing success.

Christmas season arrives again

After months of waiting, the Christmas season has finally arrived and the campus can be frequently heard singing Christmas carols, as was the case at Poe Hall Tuesday night, December 1. Darrell Archer furnished the music, while the girls of the dorm happily sang along.

Mrs. Poynter (Meak), House mother of Poe Hall, seemed especially happy that night. Maybe it was because of her new granddaughter, who by the way, arrived at ten o'clock Tuesday morning.

At any rate, the tingling feeling that comes with the Christmas season is here once again and is apparently welcomed by everyone.

GERARDO JIMINEZ, known more often as "Jerry," is a second semester sophomore at Murray. As the picture would indicate, Jerry's chief interest lies in the field of music. This interest and an easily perceived amount of talent have brought him recognition as a member of a Murray folk-singing group, the Balladiers.

Pre-enrollment period designated as Dec. 14-19

Student Senate sets schedule

First and third Tuesdays of every month at 12:30, Student Senate will hold its meetings in the Student Union Conference room.

Saturday, December 19, Student Senate will serve refreshments for the "Sew It With Wool" contest.

A pep assembly will be held at 6:30 p.m. on December 8 in front of the Student Union. This will be before Murray plays in the J.U.-C.O. tournament. Another pep assembly is being planned for December 14.

Student Senate is planning a "Pizza Party" for the members before the Christmas holidays.

The December 1 meeting was adjourned at 1:00 p.m.

Murray students tour the state

Five of Murray's talented students have made a whistle-stop goodwill tour of the state.

Kerry McKee and Janie Hudson, the two female vocalists, were accompanied by the Balladiers; Ronnie Mayo, Lonnie Mayo, and Jerry Jimenez, Mr. Pearson, College Choir director, was the instructor who went with the group.

Some of the schools visited were in the towns of Goodwell, Beaver, Hooker, and Tyrone. The students left on December 2, and returned December 5.

BULLETIN

According to Mr. Jim Mihura, all charges for this semester must be paid by December 1, 1964. If these fees and charges are not paid, a charge will be made of \$1.00 initially. Also those who have not yet paid for their Annual will be charged the initial \$1.00 penalty. The annuals were to be paid for by December 1.

Pre-enrollment of returning students will take place from December 14, through December 19 according to Dr. Richard Murray, academic dean. New students will be pre-enrolled from December 14, through January 15. The second semester will commence Tuesday, January 19, with registration and orientation. Classes will begin January 20.

Enrollees will pick up Enrollment Packets at the Registrar's office and be referred to their advisers. If a change in advisers is desired, Mr. Winburn, the Director of Counseling, should be consulted.

After completion of all papers, the student should return them to the Registrar's office where they will be checked and collected.

Students may pay fees at any time during the pre-enrollment period, or until January 15. Those who do not pay fees during the pre-enrollment period, or before January 15, will pay in accordance with a prescribed time schedule on registration day.

After pre-enrollment any changes in courses will be made only on Registration Day or thereafter.

Reserve program representative schedules visit

Friday, December 11, a representative of the Naval Aviation Officers Selection Team from the Dallas Aviation Depot has a scheduled appointment in the student center. The representative will be available for conference with any interested sophomores from 8 a.m. to 4:30 p.m.

He will be here with the expressed purpose of informing qualified students on the many possibilities and opportunities of the Naval Aviation Reserve Officer Candidate program. Two fields in particular have proven of exceptional interest. A program for pilot training applicants and another for naval aviation observer applicants are of chief concern. To be available one must have obtained status as a college sophomore and be attending an accredited college or university. For further information contact Mr. Harold Winburn.

College yearbook well on way

Several major sections of the college yearbook, the *Tribesman*, have been completed and sent in for publication. These sections include campus shots, faculty members, activities, and all class pictures.

Staff members are already making plans for all succeeding pages and expect to submit the entire yearbook for publication far ahead of the final deadline.

Take time to read—it is the source of wisdom. The road to success is always under construction.

SPOTLIGHT

Forrest Pever

Patty Smith

Patty Smith is a sophomore of Murray and is the daughter of Mr. and Mrs. V. C. Smith of Lone Grove. Her major is Elementary Education and she is undecided as to which college she will go on to. The choice will be between East Central or Southeastern, though. There she wishes to get her master's degree and then to teach in a Junior college.

Patty is president of Poe Hall and is a member of the disciplinary committee of Poe. She is captain of the Angel Flight and is the student representative of Angel Flight. She is a member of the Pep Club.

Believe me this girl has interest! Patty likes to play "football," and she likes basketball, roller skating, bowling, and riding horses.

The thing Patty likes most about Murray State, in particular, is the co-operation between the faculty and the students.

Patty thought for a while about her philosophy of life, and then

she finally replied "Above all respect yourself as an individual."

Forrest Pever, line-backer and tri-captain for the Murray Aggies, holds our spotlight this time.

Forrest is a nineteen year old sophomore, and he is the son of Mr. and Mrs. Forrest Pever, Sr. of Shawnee. He is majoring in Pharmacy here at Murray and hopes to finish his last two years at Southwestern.

He says that his big interest lies in football, and that he likes the great outdoors and its many activities. Forrest also likes art.

"Try as hard as possible to accomplish your goals in life," is Forrest's philosophy of life. His immediate ambition is to finish college and to be a real success.

Other than football activities, Forrest is president of the O' Club, and secretary-treasurer of the Haskell Lucas Dorm.

As a whole Forrest says he likes the friendly environment of Murray State College.

Campus Capers

By Jacquita Perry

Glenn Barry feels that he is much more photogenic than Murray's water tower. Perhaps we can get a shot of the two together sometime.

Is anyone aware of an alleged "Leader of the Laundromat" residing on Murray campus? Not every campus has one.

The Christmas spirit has arrived early on our fair campus. Plans are already being made for the exchange of gifts and the decoration of dorms.

Football players, Rachel Jacobs, and Warren Phillips, competed Wednesday in an exciting foot race on the football field. The athletes displayed their skill amid shouts and yells from fans and interested onlookers.

Who would believe that one of Murray's reputable students would accept a nickel bribe? One more business deal like that, and she could plug the juke box.

Johnny Triplett really looks like the typical sports editor and reporter now that he is sporting (with great dignity), a new felt hat.

Mr. Lloyd Goss, former history instructor at Murray, is reportedly having quite a hectic time on the big O.U. campus. It seems that the O.U. sidewalks weren't built for absent-minded bicyclers.

Teen-age boys in Europe are now wearing make-up and letting their hair grow long. They must not possess the masculine traits which are taken for granted on Murray campus. What do you say, boys? Think the fad will ever catch on here?

Almost half of the students enrolled in the Bachelor of Liberal Studies degree program for adults at the University of Oklahoma live in other states. The program includes 13 weeks of residence study.

The College of Engineering at the University of Oklahoma will move into its new center early in 1965.

EDITORIALS - - -

ARE COLLEGE STUDENTS RESPONSIBLE?

A responsible person, according to Webster's New World Dictionary, is one who is dependable, able to distinguish between right and wrong and to think and act rationally.

Let us consider the average college student. Most are able, as a general rule, to distinguish right from wrong; and almost as many, it may be presumed, are capable of thinking and acting rationally.

The third aspect of responsibility, however, is somewhat broader than the others. Dependability, involves much more than thinking clearly, or knowing what is socially or morally acceptable and what is not. Proving that one is dependable involves taking on positions that require accountability to others.

Now comes the question, "Who am I accountable to?" This question may be answered by answering other questions such as, "Who really counts on my being an efficient worker? Who do I want most to please; to whom do I owe dependability?" These questions may all be answered simply, "myself", while seeing that parents, teachers, co-workers, and friends are certainly concerned and should, by no means, be excluded from the list of "rational" answers.

Is the average college student really dependable? . . . Can he be relied upon to produce quality to his greatest ability? Can he be expected to turn in assignments promptly and in presentable form? Can he be expected to attend classes regularly? Does he remember such small things as checking library books in on time? . . . If these questions can all be answered, "yes", then we can say that the average college student is a highly responsible individual and can be relied upon as a leader of tomorrow.

ACRES OF DIAMONDS

In our home we have a recording of the speech "Acres of Diamonds" that was given more than fifty years ago by Russell H. Conwell. In this speech Mr. Conwell tells the story of Ali Hafad as was told to him by one of his Arab guides on a trip up the Tigres-Euphrates River. The story goes like this:

Ali Hafad, a wealthy yet contented farmer, was wealthy because he was contented and contented because he was wealthy.

One day a priest visited the farmer and told him his theory of how the world was formed. The subject changed to diamonds when the priest told of their beauty and their great value. He told Mr. Hafad that one diamond would buy him one county and many diamonds would buy many counties. That night Ali Hafad went to bed a poor man. Poor, not because he had lost anything, but because he was now discontented.

The next morning Mr. Hafad ask the priest how to find diamonds. "Go find them" was the answer. "Where?" was the next question asked of the priest. The old priest said "You will always find diamonds in the white sands that runs through high mountains."

So Ali Hafad sold his farm, left his family with a neighbor, and went in search of diamonds. Several years later a poor man stood on the shore of the Bay of Barcelona Spain and as high tide came in he could not resist the temptation to cast himself in. This poor, starved man was Ali Hafad.

Although this was the death of Ali Hafad, this is not the end of the story, for in the meantime, the man who bought the Hafad farm had led his camel into the garden to get a drink one day. As the camel drank, Hafad's successor saw a flash of light. He alighted from his camel and promptly picked a rough, black stone from the water. He took it home, polished it, set it on the mantel and promptly forgot it. Sometime later the priest came back to visit. The first thing he said was "A diamond! Has Ali Hafad returned?" Hafad's successor said "No Ali Hafad has not returned and that it not a diamond." The priest said "I know diamonds and that is a diamond." Together they rushed into the garden and found many more and beautiful diamonds.

This story is true, for this was the discovering of one of the more famous diamond mines of the world.

Had Ali Hafad stayed at home and dug in his own garden, dug in his own cellar, dug on his own farm he would not have had to become a poor man, he would not have had to killed himself for he could have found acres of diamonds on his own farm.

No matter who we are or where we live we can find acres of diamonds of opportunity in our own backyard if we will only look for them.

Acres of diamonds within yourself are measured in a widening circle with you as the center. You can find these opportunities in your family, in your neighborhood, in your job, in your community, and in your country.

You can find these opportunities in yourself and you can take them and work hard at the task of cultivating them and you will not have to cross the globe to find your purpose in life.

SPORTS

SPORTS TID BITS

By Johnny Triplett

The Junior College All-American team has been selected, with Murray opponents placing four on the elite list. Larry Chinn, OMA quarterback; Vernon Moore, Cameron fullback; Larry Cox, OMA tackle; and Fred Cheek, Cameron halfback are listed among the top 22 junior college players in America. I wonder just how many of these gridgers are actually more talented than the shifty Fran Lynch of OMA.

OCU AND OSU are off to shaky starts in the young basketball race after losing games to SMU and Southern Illinois, respectively. OCU's Ware produced 23 points and Wells deposited 20 points in the game. Coach Abe Lemons is expecting a lot from these two tall boys, and most feel he will get it.

The 40-13 shellacking of OMA by Phoenix Junior College in the Shriner's Bowl on November 26, was a surprise to the Murray football players as well as OMA supporters. Most of us figured that OMA could play a team as good as Cameron a real close game.

The Murray basketball schedule calls for two games at home with Hardin Simmons University on December 14 and 15, following the Texoma JUCO Tournament here on December 8 and 9. Everyone is reminded that a little school support can go a long way toward winning a close game.

Former Aggie basketball star Gene Wilmoth is continuing to score points in the double figure bracket. Wilmoth has led the Southeastern Savages in scoring in two of their first three games with 23-points in one game and 19 in the other.

East Central fell victim to Sul Ross in the All Sports Bowl Saturday by the score of 21-14.

Taffylegs down Country-Hicks in Powder-Puff game

With some fine running by Juanita Andrews and Rachel Jacobs the Taffylegs beat the Country Hicks in a powder puff football game held at Murray on November 23.

The game went scoreless for almost three quarters. With 4:10 left in the third period Andrews carried the ball across the goal line from 15 yards out. The conversion was no good. The Country Hicks received the ball and drove it all the way to the Taffy Legs 10 yard line where they fumbled. The Taffy Legs took over and quarterback Andrews faked a pass and ran it across to make the score 12-0. Barbara O'dell, fullback for the Taffy Legs, carried the ball for the extra point and made the score 13-0 going into the final quarter. The Country Hicks battled hard,

even though they were behind 13-0. Julie Parkhill, the speedster for the Country Hicks, carried the ball for a 55 yard touchdown, but was called back because of an off sides penalty.

The Taffy Legs scored their third touchdown with only 20 seconds left in the game. Rachel Jacobs carried the ball across from the eight yard line to make the score 19-0.

Taffy Legs	Country Hicks
First Downs	8 3
Yards Rushing	211 105
Passes Attempted	1 2
Passes Completed	0 0
Passes Intercepted	0 0
Punts	2 3
Score by quarters:	
Taffy Legs	0 0 13 6-19
Country Hicks	0 0 0 0-0

KEEP FREEDOM IN YOUR FUTURE

Murray blasts Ft. Worth 78-57

The Murray basketball team started off the season in fine fashion last Friday night by downing Ft. Worth Christian College 78-57.

Louis Lillie, freshman from Houston, Texas, was leading scorer with 22-points. The 6'3" forward hit 10 out of 11 field goal attempts and two free throws. Ardel England was second with 10-points.

The Aggies held at halftime advantage of 41-29 over the Falcons. With 7 minutes remaining in the game, Coach Robbins cleared the Aggie bench and put his reserves into the game.

MURRAY'S 1964-65 BASKETBALL squad as appears from left to right. Bottom row: Wayne Williamson, Alvie Nelson, Terry Elizondo, Daniel Jordan, Junius Simons and Shannon Saxon. Middle row: Louis Lillie, David Alexander, Bobbie Roberts, Terry Coker, Love Denton and Junior Liebel. Top row: Coach Gene Robbins, Willie Jackson, Doug Nowell, Hall Grant, Ardel England, James Johnson and James Blue.

Murray hosts JUCO tourney; opener tonight

The Texoma JUCO Basketball Tournament will be held at the Murray College Field House on December 8-9. The charge for admission will be one dollar for adults and fifty cents for children. Murray students will be admitted free when ID cards are presented.

The schedule pits OCU Frosh against Paris Junior College, and Murray against Midwestern University JV on the first night's billing.

December 9 will see OCU Frosh goin' up against Midwestern UJV in the first game, with Murray and Paris rounding out the schedule.

The tournament begins at 7:00 p.m. both nights.

Bowlegs, Lone Grove, Gene Autry win Tourney

The Murray Girls Invitational Basketball Tournament ended Saturday night with Bowlegs, Lone Grove, and Gene Autry the victors.

A large partisan crowd literally shook the rafters with their yells of encouragement in the Class A championship game between Tishomingo and Bowlegs. Tishomingo

could only manage four field goals the entire game, and none in the last half.

Winners and runner-up:

Class A: Champion-Bowlegs; Tishomingo runner-up. Class B: Champion-Lone Grove; Caney runner-up. Class C: Gene Autry; Ft. Towson runner-up.

Sorry Bland --

Bland Scott's name was not included on the list of graduating football players in the last issue. This was unintentional, I assure you.

Bland measures 5'10", weighs 175-pounds, and is from Waurika, Oklahoma. He was unfortunate enough to be injured in an early season practice, and did not get to see much action this year. Switching from offense to defense this year, Bland excelled at his half-back position, and the number 22 was a very familiar number to see when the players were unpling after a tackle.

Former Murrayite receives awards for journalism

W. B. Daugherty, editor of the Aggie-lite throughout the 1962-63 term, accepted a total of five awards at the O.C.P.A. contest at Oklahoma State University on November 20 at Stillwater. Daugherty, a senior at Southeastern State College in Durant, is now editor of the college newspaper there.

Southeastern's paper was entered in the contest, sponsored by the Oklahoma College Press Association, for the first time in ten years. Four certificates were received by the college for the following categories: editorial writing, feature stories, sports writing, and sports photography. In addition to the certificates, Daugherty was presented with a gold trophy for having the most accurate newspaper entered. Only one error, that of using the word squad, instead of squadron, could be found in the nine stories consisting of a total of 63.25 column inches and 142 sentences submitted by the Southeastern paper. This trophy is a rotating one and must be won three times in succession before any college will be allowed to retain possession of it. It is a new award, presented for the first time by the judges of the O.C.P.A. contest.

Daugherty was commended by Dr. Heath, O.C.P.A. Director, in behalf of the Southeastern paper for its outstanding rating in the contest which included a total of twenty-two competing colleges and universities throughout Oklahoma.

College group sets plans for speech tourney

Plans for a high school speech tournament have been announced by Mr. John Fletcher, Chairman of the Murray college Language Arts Department. The tournament will be held February 5-6. Invitations to attend the tournament are being sent to area high schools.

Events in the tournament will include: one act plays, individual events, and debate.

Interested high schools should contact John Fletcher or Tom S. Wood, Murray State College.

Sometimes the height of wisdom is to do nothing.

"Show some college spirit . . . that's what you get paid for."

ROTC travels to Wichita

Captain Medley, and 35 cadets from Murray will leave December 10, for a 2 day visit to McConnell Air Force base at Wichita, Kansas. The cadets will be given a tour of the Strategic Air Command Base Thursday when they arrive, and will spend Thursday night there. Friday, the cadets and Captain Medley will return to Murray.

Girls busy with plans for holidays

At a recent dorm meeting, Patton Hall girls projected into festivities for Christmas by exchanging names and by organizing committees to plan for a dorm party. Decorating the dorm for the holidays was also discussed.

Science Club shows film

The Science Club met November 24, in the Library Science Classroom (102) to show the Film "New Lives for Old," a picture showing research in cultural anthropology. It was the story of striking change experienced in a 25-year period by the Manus people of the Admiralty Islands, and of the society's adaptation to a new way of life.

Merry Christmas and Happy New Year

Christmas spirit decks the halls at Murray College

Christmas has come to Murray's campus. At night, nearly every building is aglow with Christmas decorations.

On the front of the Administrative building the words "Murray Christmas" are enclosed by a tree of Christmas lights. The Music building is adorned with lights in the window panels and around the shrubbery.

At Patton Hall, the theme for the decorations is "Peace on Earth", which is interpreted by a painting on the lounge mirror. Greenery decks the staircases, entwined by lights. The entire dorm is cast into the Christmas feeling with a blue lighting effect.

Red and blue lights deck the porch of Poe Hall. The blue front door has a golden bell that chimes "Silent Night". Inside, the theme is "The Legend of the White Rose" which is carried out by a Bible, a vase of white roses and blue candles.

A wreath with the face of Santa Claus in the center is placed over the entrance of Fulton Hall. Tinsel is draped in front of the building which glows with Christmas lights.

A cross of white lights stands outside Haskell Lucas Hall. Two trees, one on each of the stairs, are lighted at night with the colors of Christmas. Greenery is strung from the windows and around the staircase at the front of the building.

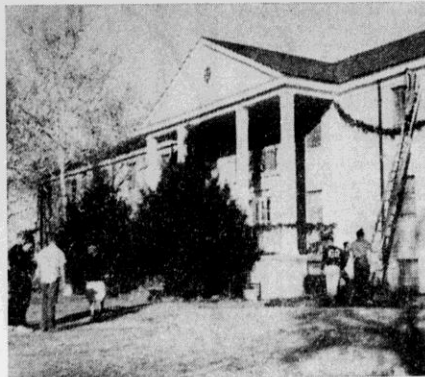

Prizes were awarded for the best decorated dormitory.

Folksinging group performs for high school students

At 10:00 a.m. Tuesday, December 15, Murray's Folksinging Group performed at the Tishomingo High School. The Balladiers; Jerry McKee, Janie Hudson, Jerry Jimenez, Ronnie and Lonnie Mayo, opened with a rousing song, "This Land is Your Land". Next on the list of numbers was, "Great Historic Bum". A Spanish love song was presented by Jimenez. Kerry and Janie sang "Suzanne" followed by "Roving Gambler", sung by the entire group. Ronnie performed with a banjo solo, and Jerry sang "Trials and Sorrows".

Jerry next whistled for the song, "Whistling Gypsy". Kerry sang a solo, "The Last Leaf". The Balladiers ended the program with a Christmas spiritual, "Oh, What a Beautiful City". The sponsor for the folksingers is Mr. Pearson, Head of the Vocal Music department.

The world "crusade" comes from the Latin word "crux," meaning "cross." The Cross of Christ was the official badge of those who joined the Crusades to the Holy Land during the Middle Ages, says World Book Encyclopedia, and the expression "taking the cross" meant becoming a crusader.

RESIDENTS OF HASKELL LUCAS Hall are caught in the process of contributing to the holiday atmosphere as they go about decorating their dormitory under the appreciative gaze of dorm mother Audrey Gaines.

Mr. Rainey looks toward new year with Ed. D. degree

Dr. Bill Rainey

Mr. Bill Rainey, head of Murray's Business Administration Department will be formally accorded a Ed. D. degree from the University of Oklahoma during ceremonies to be held in June. He recently completed all of the work on his degree.

Now in his tenth year of teaching at Murray, Mr. Rainey is a graduate of Hugo High School and holds an Associate of Science degree from Murray. The remainder of his formal education consists of Bachelor of Arts and Bachelor of Science degrees from Southeastern State College, a Master of Education degree from East Texas State College and a Master of Business Education degree from North Texas State.

An active member in numerous professional organizations such as the International Society for Business Education, Mr. Rainey has written approximately thirty articles which have appeared in various business publications.

These activities and his duties as a college instructor comprise only a portion of the busy schedule Mr. Rainey keeps.

Bulls on test at Murray undergo 56-day weighing

Bulls on performance test at Murray State College at the 56 day weighing on December 8 had an average daily gain of 3.44 lbs. The bulls were weighed by Jack Ryan, Johnston county agent. The 56-day gain represents a slight increase above what the bulls had at the end of the 28 day period.

Following the weighing, a meeting of the Southern Oklahoma Beef Performance Testing Association was held to discuss advertising for the coming bull sale set for March 20.

In the Hereford division of the test, Paul Dauer, Panhandle, Texas, has the top gaining pen of 3 bulls at this stage of the test. These bulls have gained an average of 3.83 lbs. per day, and were sired by his JPC Husker Domino 19 Bull. George Coffee, White Deer, Texas has the second high pen of 3 bulls with an average daily gain of 3.69 lbs. Coffee's calves were sired by his C Larry Princes Bull. Other Hereford breeders with high gaining were K. P. Larsh, Roff, Oklahoma, 3.63 lbs and 3.60 lbs; Gus Martin, Coalgate 3.49; and D. G. T. Easley, Sulphur 3.42. K. P. Larsh also has the top gaining individual Hereford bull at 4.29 lbs. per day. Murray State College, has the second ranked Hereford bull sired by their R. Watson Dermot 14 Bull with an average daily gain of 4.20 lbs. per day. Others with high gaining individual bulls were George Coffee, 4.10 lbs; K. P. Larsh, 3.93 lbs; Glenn McDaniel, Fitzhugh, and Dr. G. T. Easley, Sulphur 3.84 each.

In the Polled Hereford division, S. B. Sims, Colbert has the top gaining bull with a high daily gain of 4.20 lbs. This bull was sired by his HR Choice Mixer 19 Bull. Joe Holmes, Ada, has the second top

(Continued on page 4)

Phi Theta Kappa sets atmosphere for Christmas

Phi Theta Kappa is sponsoring the yuletide music which is being piped over Murray's campus during ten-minute class breaks. Mr. Robert Pearson, vocal music instructor, is in charge of the project.

Students who are Phi Theta Kappa members have been taking shifts between classes since Monday morning in order to keep the broadcasting apparatus operating from Mr. Jack Reid's office.

Heavenly strains will float over Murray Campus until noon Wednesday when classes will be dismissed for the Christmas holidays.

Linda Moore selected Honorary Cadet Colonel

Linda Moore

Murray's R.O.T.C. Coronation Ball was held in Beames Hall, Saturday night, December 19. The gala affair was inaugurated by a receiving line composed of Group Administrative Officer, Gilbert Sanders, Cadet Colonel Bob Wells and Jenna Hellack, Dr. and Mrs. Freeman McKee, Dr. and Mrs. Richard Murray, Dean and Mrs. Raymond Cleveland, Major and Mrs. Charles Shockley and Captain and Mrs. Bruce Medley.

Dancing commenced at 8:00 p.m. The Al Good Band from Oklahoma City provided fine music for the occasion.

Linda Moore, freshman from Harrah was crowned honorary cadet colonel by cadet colonel Bob Wells. Linda is active in Angel Flight, Pep Club, and Dramatics at Murray.

Attendants to the Honorary Cadet Colonel were as follows: Janie Dewbre, Mannsville; Paula Robinson Tishomingo and Patty Smith, Lone Grove.

The name "Christ" comes from the Greek word for "Messiah," according to World Book Encyclopedia.

Christmas program presented Monday by Music Dept.

Monday, December 21, at 8 p.m. the college music department gave its contribution to the festive Christmas season by presenting its annual Christmas program.

The choir, under the direction of Robert Pearson, sang a selection of six songs. These selections included: "Little Drummer Boy", "Pat-A-Pan", "Fum, Fum, Fum", "Behold that Star", "Do You Hear What I Hear" and "Amen."

Mary Rushing sang a solo entitled "O Holy Night", followed by a trumpet solo, "Wond'rland by Night", by Ernie Duff.

Darrell Archer presented one of his original compositions as well as the beautiful selection of "White Christmas".

Immediately following, Linda Moore gave an outstanding reading followed by a performance of the Folk Singers consisting of: Janie Hudson, Kerry McKee, Jerry Jimenez, with Ronnie and Lonnie Mayo. Their selections consisted of: "Today", "The Last Leaf", "Christmas Wishes", and "Sing Along with Santa".

In conclusion the music department sponsored an all-college caroling session. Almost every student attended this session and everyone obviously enjoyed the gay Christmas spirit.

Scholarship awaits deserving student

The Agricultural Department is currently in the process of selecting a sophomore Animal Science student to receive a \$100.00 scholarship award. This scholarship is to be given annually by the Oklahoma Livestock Marketing Association.

The student to receive this award will be selected on the basis of grades, student activity, and need. The award will be presented at the Annual Awards Assembly to be held sometime in January.

Murray included in joint study

On Monday, December 7, 1964, Dr. Ray Warner, specialist on program organization of the United States Office of Education was on campus.

His visit was in connection with a joint study being conducted by the United States Office and the American Association of Junior Colleges. This study is concerned with the Junior College Personnel Services. Murray was one of twenty-five junior colleges in the nation which were visited.

The followers of Christ first received the name "Christians" at Antioch, Syria. One of the first Christian communities outside Palestine grew up here, reports World Book Encyclopedia.

WHATEVER YOU MAKE IT!

In three references I looked, with dying hopes, to find the meaning of Christmas. One spoke of feasting and festivities. The second author noted with pungent wit that Christmas is the single day in 365 that we try to include the charity and goodness which should have been imbued in our lives throughout the year. Still another writer babbled of ancient customs and yule logs.

The most obvious revelation of these facts is that the holiday known as Christmas, when viewed with scholarly objectivity and detachment, apparently has no connection with the birth of Christ.

"Why, then," we are sure to ask, "is it known as Christmas?"

The answer is simple but somewhat paradoxical. The birth of Christ is the significance we have attached to this particular holiday. This can be reduced to even lower terms. Every trend or movement is the sum of the activated desires of many people. From this we may conclude that Christmas today is what we have made it.

Is it too commercialized, meaningless, merely another point in the endless succession of holidays? If any of these thoughts can be answered in the affirmative there is little need for funeral thoughts. Since Christmas is a concept, it can, like most abstract things, be fashioned according to our individual inclinations.

The latent and perhaps trite thought I have sought to present is this; Christmas can be whatever you make it.

A PRIME EXAMPLE of Murray's fine dairy herd, this cow is approaching many production records. She is shown by Mr. Gene Needham at the college's barn.

Texoma Oryx Norma follows mother's footsteps—maybe

A College Jersey cow who recently completed her 305 day lactation period produced a total of 10,140 pounds of milk testing 5.1 percent butterfat. Her butterfat production was 516 pounds. This represents a very good production

record. The girls may be interested in her name. It is Texoma Oryx Norma and she was 6 years old on October 1, 1964. Her dam is still in the milking herd and has a lifetime record of over 80,000 pounds of milk. At the current No. 1 milk prices for 5.0 percent butterfat milk, she has produced \$4,168.00 of milk in her lifetime. Like Mother—Like Daughter—we hope.

Campus Capers

By Jacquita Perry

Mattie Loffer is a sharpshooting expert. Can any of you guys top three perfect games in a row?

Steve White Doc. White has come up with a sure cure for black leg. It's amazing what library research can do for one.

O-Club initiates provided entertainment at the basketball game Tuesday night with their somewhat enlarged version of "two-bits".

One of the guests at an off-campus Christmas party Monday night suggested that saurkraut and weiners be served. He likes to feel at home, especially on Monday nights.

Any economic geography student should be able to distinguish between a rhino and a hippo, or a crocodile and an alligator, and know the official term for bee-raising.

The Aggielite staff wishes all of you a very MERRY CHRISTMAS and a HAPPY NEW YEAR!!!

New trails, new thrills, await Hostellers

The American Youth Hostels has just released a new folder, "High-road to Adventure, the Hostel Way", which describes the 1965 Summer sponsored trips program. This brochure outlines 14 itineraries in the Americas and 20 others in Europe and Asia. These low-cost trips vary in price from \$170.00 for a four week bicycle and train trip in New England to \$1,090 for a two-month trip to Japan. The trips are planned especially for students and teachers. Groups are small, numbering 8-11 people and time is allowed for independent travel if desired. The folder is available from the American Youth Hostels, a non-profit association organized for charitable and educational purposes. It is located at 14 West 8th Street, New York 11, New York.

"In the past 30 years," reports Frank Cosgrove, executive director, "young Americans have traveled more than 70,000,000 miles on biking, hiking, canoeing and skiing trips, seeing the world the hostel way and enjoying the thrill of new trails. What is more important, in addition to keeping fit and having the finest type of recreation, they have gained an understanding of the people they meet and the countries they visit." In the words of the Secretary of the Interior, Stewart Udall, a member of the AYH National Board, "Hostellers test themselves against the land."

AYH is affiliated with the International Youth Hostel Federation and represents the IYHF in the U.S.A. Anyone desiring to use youth hostels abroad may secure his membership card by contacting AYH at 14 West 8th Street, New York 11, New York.

Newspapers make a big difference in the lives of everyone because newspapers serve everyone in so many special ways.

It's your right to know—our duty to inform. For you as for us, truth must remain the weapon of democracy.

AT THE FACULTY DAMES TEA Thelma White receives tea from Mrs. Richard Murray as Rosetta Favor and Carol Berryman wait. The tea was held at the McKee residence December 14.

Coeds pleased with gift paxs

Getting something for nothing rarely happens. But it is happening to the coeds at Murray College. What makes the occurrence particularly pleasant is that the "something" is personally useful . . . a kit containing "good grooming" items.

All the coeds are receiving these kits from STUDENT GIFT PAX, a marketing organization conducting a national sampling program in which Murray College is participating.

Some one million students at selected colleges and universities throughout the country are receiving these kits as part of the program. All of the items contained in the kits are nationally advertised products and are supplied by a number of the largest and best known manufacturers in the respective fields covered.

Faculty Dames are hostesses to tea honoring students

Monday, December 14, in the home of Dr. and Mrs. Freeman McKee, a tea was given by the Murray College Faculty Dames honoring resident co-eds and commuting women.

Spiced tea, coffee and dainty tea cookies were served buffet style from two to five p.m. This social afforded an opportunity for freshman, sophomores and commuting women to familiarize themselves with one another and the Faculty Dames.

SPORTS

LOUIS LILLIE goes high to hit a fadeaway shot in second night action of the Texoma Juce Tournament. The above shot took place during a game with Paris Junior College in which the Aggies used a strong second half to give the Paris club their second defeat in as many nights.

OCU edges Paris in Juce tourney

The first game of the Juce doubleheader held at Murray College December 8, was won by O.C.U. freshmen. The chiefs eased by Paris, Texas 80-76 in a thriller that saw Paris down by 20 points at one time during the second half, but came storming back to pull within four points of the chiefs when the final buzzer went off. Floyd Bridges was high man for O.C.U. with 18 points and Ron Koper followed with 10.

The second night of the doubleheader saw Midwestern Junior varsity edge the chiefs by a score of 37-75, the first loss for the O.C.U. freshmen.

Mathis led the Midwestern scoring with 18 points and did an excellent job in the rebounding department.

Bridges was the leading scorer for the chiefs with 16 points, he was closely followed by Ron and Henry Koper with 10 each.

Christians make up the largest religious group in the world, reports World Book Encyclopedia.

Aggies down Paris in JUCO Tourney 82-65

The Murray Aggies had to finish hard and fast December 9 at home to down the pesky Paris Junior College Dragons 82-65.

It was the third straight victory for the Aggies after earlier downing Ft. Worth Christian College and Midwestern University Junior Varsity.

Leading the Aggie attack were Louis Lillie with 21 points, Doug Nowell 19, Sleepy Simon 17 and Ardell England 15.

Murray came out cold for the first half of the game and at one time trailed the Dragons 38-35, but pulled ahead 40-39 to end the first half.

Louis Lillie began finding the range in the second half getting 8 points from the field and 6 from the charity stripe.

The Box Score:

Paris (65)	Fg	Ft	Pf	Tp
Irvin	3	4	6	3
Gray	3	2	5	3
Jones	1	0	1	2
Bigbie	4	7	11	4
Trull	3	3	3	5

Saxon	0	3	5	2
Grant	0	0	1	2
Williamson	0	2	2	0

College relocates baseball field

The Murray College Baseball Field is being relocated immediately south of the present location. Along with leveling the area, bermuda grass will be planted in the spring. Besides baseball, the field will be used for a practice football field.

Murray trips Midwestern in first home game

The Murray Aggies outgained the Midwestern University Junior Varsity Indians in a game played in the Murray field house December 8 by a 76-54 score.

The Aggies broke into a 10-point lead the first five minutes of the game. Midwestern pulled within four points with six minutes remaining to be played in the first half, but the Aggies again pulled together to gain a 45-36 half-time advantage.

Leading scorer for the Indians was Don Wall with 12, Charles Mathis and John Bozzer each added 7 and Chick Vaughn 6.

The outcome was just about decided when Ardell England and Doug Nowell went to work in the second half. England gathered 8 points and Nowell 7 before the second period was 9 minutes old.

England was high-point man for the Aggies with 27 points. Nowell was next with 15 and closely followed by Jordan with 12.

The Score Box:

Midwestern (54)	Fg	Ft	Pf	Tp
Wall	6	6	4	13
Mathis	1	5	5	7
Bozzer	2	3	0	7

Ada cowboy wins roping title

On the chilly afternoon of November 21, the Murray State College Rodeo Club held a jackpot roping contest.

Approximately twenty-five cowboys participated in the following events: calf roping, heading and heeling, and barrel racing.

An Ada cowboy, Paul Morrison, turned in the fastest time in the calf roping that of ten seconds.

For those who do not know what jackpot roping is, it simply means roping for prizes, usually money.

The Rodeo Club plans to have another jackpot roping near January 1, 1965, and invites everyone cowboy or not, to come to the rodeo grounds and try their luck.

Aggies deal Hardin-Simmons double-loss

Murray started fast and finished fast December 14, and that combination was enough to stop the Hardin-Simmons Jr. Varsity 69-49, and again December 15 by a 73-55 score in two games played in the Murray field house.

For Hardin-Simmons, it was the fifth and sixth losses of the season, but for the Aggies it was the fourth and fifth straight wins of the young season.

Hardin-Simmons never threatened in the first game as the Aggies steadily built up their lead with strong shooting on the part of Ardell England, Doug Nowell and Alvie Nelson.

With the Aggies leading 67-45 and 11:32 remaining to be played, Murray coach Gene Robbins put his delay game into effect and the Aggies didn't take another shot from the floor. The score ended 69-49.

The second game was something else as Hardin-Simmons pulled ahead of the Aggies momentarily with 7:53 left in the first half 16-15. The first half ended with Murray owning a half-time advantage of 24-21.

Coach Robbins brought a determined and red-hot team onto the floor for the final period of play, with Ardell England and Doug Nowell each collecting 14 points.

Murray opened up a 14-point lead with 6:40 remaining to be played, and with 5:44 left, the Aggies again went into their well known delay game with the score 60-47.

WILBURTON — Oklahoma Military Academy and Eastern Oklahoma A&M College placed seven and six players on the 23-man all-conference team selected by Oklahoma's junior college coaches.

OMA, which gave up a forfeit and lost to Eastern A&M, won the Oklahoma Junior College Conference race for the second consecutive year. The Cadets of Red Rogers lost a post-season game to Arizona's Phoenix College Thanksgiving, 13-41, in the first annual Peach Shrine Bowl at Savannah, Ga.

Northern placed five to the all-conference team, Murray landed three and Connors placed two.

Nineteen other players received honorable mention from the coaches in a meeting at Shawnee Friday.

OMA's representatives on the team include Rico King, 170, tackle; Richard Dunlap, 180, halfback; Larry Chinn, 170, quarterback; J.C. Stubbs, 165, halfback; Dwight Teakell, 175, linebacker; Larry Cox, 235, and Fran Lynch, 155, halfback.

Eastern A&M's Mountaineers finished second to OMA in the conference race and was the only team to defeat the Cadets in regular season play, 19-7, but lost a rematch, 33-6.

Making the team for Eastern are Leonard White, 220, end; Mark Kosmos, 220, tackle; J. L. Williams, 200, guard; Walter Swiderski, 185, linebacker; Rudolph Bridges, 160, halfback, and Larry Wisdom, 185, guard.

Northern's representatives are Bobby Rogers, 220, tackle; Lance Rollins, 190, guard; Charles Driskill, 185, center; Ray Buchanan, 170, halfback, and Eugene Williamson, 260, tackle.

Murray placed Harry Boyd, 195, fullback; Cotton Wade, 175, halfback, and Van Wilhelm, 175, linebacker, on the team and Connors was represented by Joe Gill, 155, halfback, and Mac Branscum, 185, linebacker-guard.

Honorable mention honors by schools are: OMA—Ray Kirk, tackle; Jack Pointer, tackle; Bill Collier, tackle; Johnny Johnson, guard; and Claude Trindle, safety.

EASTERN — Norman Clayborn, end; Mack Steele, halfback; Kenneth Shoate, end, and Dewayne Pendley, guard.

MURRAY—Forrest Peever, linebacker; Russell Wells, halfback; and Ivory Young, tackle.

NORTHERN—Fred Elston, halfback; Mike O'Brien, end; Jeral Hansen, quarterback; and Cecil McCoy, end.

CONNORS — Ronnie Thompson, halfback; Rudy Turner, tackle; and Don Deaton, halfback.

"Where Most People Trade"

THE BRADLEY TWINS, James and John, concentrate on the decoration of a pair of small evergreens which will soon adorn the interior of Haskell Lucas Hall. Prizes offered in a contest for the best decorated dormitory lead an air of friendly competition to the activities.

O-Club plans active year

Prospective lettermen submitted to a grueling, or at least trying experience last week—namely, O-Club initiation. Officers, Bruce Love, Forrest Pever, Warren Phillips, Van Wilhelm, Grady Grigory, and Don Hale, forced the aspiring lettermen to wear bermuda shorts, turned wrong-side-out no less, one shoe and one sock, and a couple of blue paint stripes around clean-shaven legs. The conspicuously clad initiates provided entertainment by singing Christmas carols in the cafeteria and leading yells at the basketball game Tuesday night. They were also seen sitting in uniform lines directly inside the student union, refusing, for some reason, to communicate with, or even touch any female college student. It was suggested that all initiates refusing to conform to rules and regulations set up by the old members, would be treated to a dip in nearby Pennington Creek.

As the initiation progressed, the athletes indulged in an m & m rolling contest in the gym, and displayed their ability to meow or bark like the animals they were persuaded to enact in the union.

New members—those who survived the initiation process—include: Roger Aucoin, Jim Baldwin, Phil Belt, Robert Bowen, Gary Buckner, Donald Day, Marvin Esmond, Dent Gibson, Richard Grey, Bryan Johnson, Don Kinsey, and Gary Lively. Also, Ronnie E. Westfall, Quinton McDaniel, Bernie Mathias, Kelly Reeves, Farington Snipes, Billy Tuggle, Jimmie Wolfe, Ivory Young, Bland Scott, and Cotton Wade.

Honorary members include: Wayne Canady, Johnny Triplett, Sherman Spencer, and Harvey Kirk.

O-Club officers have announced that this year's letterman club will be more active than ever before.

Aggie class tours college farm

Mr. Blair's Agronomy 204 Crop Production class toured the college farm at Milburn, Oklahoma, December 21. The purpose of the annual field trip is to point out crop rotation practices, crop production practices, maintenance of soil fertility, seed bed preparation, and tilling practices.

Homemakers find manifold uses for IBM cards

Home Ec. students have been in the process of making various kinds of centerpieces which are made from materials such as nylon net, tissue wrapping paper, and styrofoam.

One of the centerpieces which is a "Tophary," stands within a container upon a wooden stem. It is rounded at the top and is made of nylon net, or tissue wrapping paper. These are done in colors of green, red, and white.

IBM cards were used for the making of wreaths and Christmas trees. The Christmas trees are sprayed with gold paint and have glitter on them. The wreaths are sprayed in the color desired, such as blue or gold, and also have glitter on them.

Styrofoam centerpieces are done in colors of pink, brown, gold, and they show nativity scenes or Santa Claus and his reindeer.

The use of candles, angel hair, glitter, paint sprays, and small ornamental Christmas bulbs and other Christmas decorations have made it possible to create beautiful decorative centerpieces.

Cooking classes, for their Christmas project, are making Christmas candies, cookies, and breads.

The sewing class is making Christmas aprons, throw pillows, stuffed animals, and table runners of felt.

Spanish classes are making pinatas, which are paper mache figures usually filled with candies.

ANIMAL SCIENCE MAJOR TO RECEIVE SCHOLARSHIP

The Agricultural Department is currently in the process of selecting a sophomore Animal Science student to receive a \$100.00 scholarship award. This scholarship is to be given annually by the Oklahoma Livestock Marketing Association.

The student to receive this award will be selected on the basis of grades, student activity, and need. The award will be presented at the Annual Awards Assembly to be held sometime in January.

Coasting, remember, means that you are going downhill.

Bull Test--

(Continued from page 1)
gaining bull at 4.10 lbs sired by his CIR Rolitrend 22 Bull and Joe Edington, Barnsdall, has a bull that has gained 3.94 lbs per day. Joe Edington also has the top gaining pen of Polled Hereford bulls with an average gain of 3.51 lbs. per day. Everet Prater, Paoli has the second top pen of Polled Herefords with a gain of 3.42 lbs. Prater's bulls were sired by his JEP Gold B PRES Bull, a bull that has consistently sired top gaining calves.

In the Angus divison, Murray Corbin, Tishomingo, has the top 3 bulls with an average daily gain of 4.10 lbs. per day. These bulls were sired by his Emulous Bob K Pride Bull. Murray State College, has the second top pen of Angus bulls at 4.04 lbs. per day. These bulls were sired by Clarence Burch's Geordas of BAR 156 Bull. Others with high gaining pens of 3 bulls were Murray Corbin, 3.84; Clarence Burch, Mill Creek, 3.71; Jack McCroskey, Stillwater, 3.68; and Carlton Corbin, Fittstown, 3.66. Murray State College, and Lee Flowers, Jr., Fittstown, has the top gaining individual Angus bulls with a daily gain of 4.55 lbs. per day each. Lebert Shultz, Leawood, Kansas, and Murray Corbin have bulls that have gained 4.29 lbs. per day. Other Angus breeders with high gaining Angus bulls are Clarence Burch, 4.10; Murray Corbin, 4.10; and Jack McCroskey, Murray Corbin, Murray College, A. F. Flint, Bard, New Mexico, with bulls that have gained 4.00 lbs. per day. Breeders with bulls that have gained 3.93 lbs. per day are Clarence Burch and Carlton Corbin.

In the Charolaise-Charbray division, the breeders with the top gaining pens of three bulls are Mack Braly, Ada, 4.32 lbs.; Maurice Finklea, Warner, 4.10 lbs.; and G. M. Banks, 3.77 lbs. per day. Individually the top gaining Charolaise bull was consigned by Mack Braly. This bull has a daily gain of 5 lbs. for the first 56 days. Other breeders with top gaining Charolaise-Charbray bulls are Maurice Finklea, 4.91 lbs.; Robert Wood, Mecker, 4.46; Mack Braly, 4.20; Maurice Finklea, 4.10; and G. W. Banks, Clarksville, Texas 4.00 lbs. per day.

In the Red Angus division the top gaining bulls were consigned by Red Plains Cattle Co. and George Chiga, Guthrie. These bulls have gained 3.48 lbs. per day each. Roy Beeby, Marshall, has a Red Angus bull that has gained 3.39 lbs. per day.

The Milking Shorthorn pen consigned by Jesse Arthur, Pauls Valley have gained an average of 3.33 lbs. with one bull in the pen at 3.75 lbs. per day.

One of the two pens of Brangus bulls consigned by R. D. McDonald, Clarksville, Texas have gained 3.51 lbs. per day. The top gaining bull in this pen has gained 4.10 lbs. per day.

The top Santa Gertrudis bull consigned by Maurice Finklea has gained 3.48 lbs. daily, and the Beef Master bull consigned by Albert Sells, Wynnewood has a daily gain of 3.30 lbs.

The next weighing will be the 84 day weighing on January 5.

It makes a big difference to merchants whether or not customers are attracted to their stores . . . they use newspaper advertising to make this happen.

DECEMBER'S CADETS of the Month, James Bynum, front, and Emil Farris, are shown receiving congratulations from Group Commander Bob Wells.

Most Improved Cadets of the Month

The most improved Air Force ROTC cadets chosen for November were, Cadet Master Sergeant Emil Farris Jr., a sophomore from Shawnee, and Cadet James Bynum, a freshman from Tishomingo. Emil Farris is a 1963 graduate of Bethel High School near Shawnee, Oklahoma. Emil is majoring in Drafting and Design and plans to continue his education in that

field after his graduation from Murray.

Bynum graduated from Tishomingo High School in 1964. He is majoring in math and hopes to finish his education at a senior college, but is a undecided which senior college he will attend.

These boys were selected from grades, drills, and over-all participation in the AFROTC program.

Careful driving not "kid stuff"

Automobiles, as we all know, are among man's greatest progressive steps. Since its invention, the early "horseless carriage" has been greatly improved, making it the powerful, speedy means of conveyance that we know today.

The automobile has made the annual family vacation a prominent aspect of the American way of life; it has enabled college students and workers to commute from suburban areas to the cities; it has greatly accelerated transportation throughout the world; it has indeed, contributed to the small world of today.

Our friend, the automobile, will safely convey most of us to our respective homes in comfort and safety over this holiday season, and will likewise bring us back quickly and safely.

The automobile, though, is our friend only if we made it so. It is too often made a menace to society and a hazard to highway travel by people who are thoughtless, inconsiderate, in a hurry, or simply reckless.

Remember, traffic rules are not among the "rules which are made to be broken"; they were set up and are enforced for our safety and protection. We, as drivers, are responsible for making our automobiles friends, or enemies, conveniences or killers.

Let's all drive carefully, have a MERRY CHRISTMAS, and come back January 4, retaining our Christmas cheer.

Newspapers—the only news medium which puts information in your hands in a retainable form to be read and digested when they need it and have time for it.

Alloway attends Regents meeting

Mr. Alloway attended a meeting in the offices of the Oklahoma State Regents for Higher Education December 15. He conferred with representative of other Junior Colleges over the state to establish a uniform system for numbering courses in math. Mr. Alloway was the mathematics representative for Murray College.

AFROTC trip to Kansas postponed

The Air Force ROTC Trip to McConnell Air Base last Friday, December 11, was postponed because of bad flying weather. Captain Medley informed the 35 cadets that another trip would be scheduled next semester to another installation and that they will have priority over other cadets.
