

DISPLAYING their many plaques and trophies after winning over national livestock judging competition in Denver, Colorado are sitting: Chester Gibbs, Steve Ratchford, and Bobby Jones all of Davis. Standing are team members Roger Black, Super; Harold Fogelman, instructor; and Karol Finley, Lindsay.

Judging team takes honor at national livestock meet

Ratchford named 'Rookie of Year'

Wendell Ratchford, freshman from Davis, Oklahoma, has been selected "1968 Rookie of the Year" by the International Rodco Association.

Ratchford received a belt buckle from the association during a banquet held last Saturday night, January 18, in the Hotel Marion in Little Rock, Arkansas.

The award is made every year to the outstanding money winner in IFA rodeos which are held all over the United States. Ratchford won the award for his competition in bull riding.

Jet plane due campus display

The way has been cleared for Murray State College to obtain a Blue Angel F-11A aircraft for display purposes and to add interest to its newly acquired aviation courses, Congressman Carl Albert announced recently.

The congressman quoted navy sources as saying that when the Navy phases out the aircraft it can legally be given to the city of Tishomingo and the city in turn could display it at the college.

Original request for the aircraft was made by Dr. Clyde R. Kindell, Murray president.

The jet aircraft will be one of the type flown by ex-Murrayite (1958) Navy Lt. C. O. "Smoke" Tolbert of Reagan, a member of the Blue Angels until recently.

The plane's last flight will be to Ardmore Municipal Airport and from there it will be trucked or towed to the college campus.

—M.S.C.—

Murray student traffic fatality

A Murray College freshman was killed in a December 27 traffic accident in Oklahoma City while he was home for Christmas vacation. He was Daniel Webster Hunter, 18, of Rt. 2, Spencer. He was a passenger in a car driven by Luther Lee Hunter, Jr., 18, Spencer.

The crash occurred when a car pulled suddenly in front of an off-duty Oklahoma City policeman, Jimmy E. Christian, 28, on an icy bridge in northeast Oklahoma City. Christian put on his brakes and slid ahead on into the oncoming Hunter car. Christian died of his injuries the next day. Two women in the Hunter car were injured, as was Luther Lee Hunter.

VOLUME FORTY TUESDAY, JANUARY 21, 1969 NUMBER SEVEN

The Murray Aggieelite

Slogan sums up drive for 1,000 enrollment

"1000 BY '70" is everybody's slogan around campus lately and is being prominently displayed by stickers attached to car and pick-up bumpers, books, and suitcases. The slogan is an all out effort to promote the growth of Murray State to a student enrollment of 1000 by September 1970.

The slogan originated in the Office of Public Relations with the director, Kenneth Meeler, but soon spread to be a school wide effort of both student body and faculty. One of the more subtle suggestions the sticker carries is the picture of two footballs printed on them which some students have taken to mean that football might return to the college sports scene if the anticipated number is reached.

According to pre-enrollment figures released by the registrar, Harold Slack, early last week, the total head count was 615 at the time as compared with 524 at the same time a year ago. This increase of 91 represents a 17% increase from now. Though this percentage of increase is not expected to remain as large by the end of registration on January 28, Slack does feel that the figures are much more valid at this time and represent an expected increase.

Night class enrollment is to be taken tonight in Classroom 102 and enrollment figures will be added to the total. Other special enrollments may be made after the deadline of January 28 by special permission from the academic dean. The highest total head count for second semester was last year when the registrations hit 656. With many new students now enrolled and many inquiries about transfers, Slack feels that the full college enrollment could easily be 700 for the second semester by the end of registration.

—M.S.C.—

The Indiana State Police recently arrested a 25-year-old for no operator's license and improper vehicle registration. The trooper found the man had accumulated 23 traffic arrests and 16 license suspensions in eight years.

Valentine dance to follow basketball game on Feb. 13

The Valentine's Dance will be held February 13 directly after the basketball game with Connors State, according to Fred Nichols, president of the student senate.

Highlight of the annual dance will be the crowning of the Valentine Queen selected by the student body in a popular vote to be held the same day. As is customary, students will be allowed to vote for any three women students and the majority winner will rule as 1969 Valentine Queen.

Music for the dance will be provided by "The Henchmen," a college favorite group from Ardmore.

Last year's queen was Glenda Wilson from Maysville.

—M.S.C.—

Social Science club executive council to name president

The Social Science Club executive council will meet at noon tomorrow, Wednesday to make plans for replacing their president lost by midterm graduation. Gary Goforth, the first semester president, is transferring to East Central.

Other plans before the executive council and the club sponsors include speaker engagements for the second semester and a report on financial conditions of the club.

One of the main topics of discussion will be the summer trip scheduled to Seattle, Washington for a geography class and a committee will be appointed to study the itinerary. The trip is tentatively scheduled by college bus to leave in early June.

Another discussion topic will be a planned foreign student seminar to be held in the early spring to give Murray students a chance to hear from other lands.

Murray grad is Vietnam casualty

Russell Wells, a 1965 Murray graduate, was killed in Vietnam on Christmas Day, according to a recent letter to Mr. and Mrs. Carl Reubin from his wife, Barbara, who lives in El Paso, Texas.

Wells was a member of a U. S. Intelligence team doing reconnaissance work over Vietnam and had volunteered to make the Christmas Day flight. The plane ran into heavy ground fire and Wells died as a result of a shot through the plane, though the pilot was able to return and land the aircraft.

While at Murray Wells was an engineering major, a member of the football team, R.O.T.C., and O Club. He also served as a member of the student senate.

BULLETIN

Any student, particularly freshmen, interested in competitive debate for the second semester should contact Fred Poe in room AD308.

Mr. Poe is trying to form a debate squad for intercollegiate competition. He wishes to stress that a student does not have to be enrolled in the class to participate.

16 Sophomores are nominated for 'Who's Who'

Sixteen sophomores have been nominated for Who's Who in American Junior Colleges. The names have been submitted to the National Council of Who's Who in Tuscaloosa, Alabama and selection there will be announced when received.

The 16 were chosen from a list of 138 students that this year met the requirements to be considered. To be eligible for consideration a student must have a 2.25 grade average as a freshman, actively participate in activities of the college, demonstrate leadership in extra-curricular activities, show good citizenship, and be an over-all asset to Murray College.

The list submitted was voted on by the faculty and approved by the departmental chairmen.

—M.S.C.—

'Transfer Night' program to see college reps here

Murray State College through the Office of Public Relations will host a "transfer night" for students on Thursday evening, February 20.

Kenneth Meeler has scheduled a program which will begin at 7:00 p.m. with a general session in the Student Center Ballroom. At 7:30 p.m. the first of two one-hour sessions will begin according to room assignment schedules which will be made available at the meeting.

The second session will begin at 8:30 p.m. and close at 9:30 p.m. It is thought that all representative room assignments will be made in the Clyde Hall Building.

A representative from all of the state colleges and universities has been invited and is expected to be present for the discussion periods.

If you are interested in talking with these representatives you are requested to come by the Public Relations Office and enlist for the sessions.

—M.S.C.—

Murray airman is assigned to Tinker

Airman Roy L. Reaves, son of Mr. and Mrs. Earl Reaves of 505 N. Kemp, Tishomingo, has been graduated from a U.S. Air Force technical school at Sheppard AFB, Texas.

He was trained as a computer operator and has been assigned to a unit of the Military Airlift Command at Tinker AFB. The airman, a graduate of Tishomingo High School, received an A.S. degree from Murray State College.

His wife, Janice, is the daughter of Mr. and Mrs. James N. Pace, East 24th, Tishomingo.

LET'S TRY HALF-AS-HARD—

With the closing out of the old semester and the beginning of a new one will come many changes around the Murray campus. New faces will be seen in the old crowds gathered in the student union, the game room and throughout the cafeteria. At the same time, familiar faces will be missed from these same circles. Friends we have known from last year or as recent as this year will go on to other schools or will drop college completely.

Everyone completing this semester will surely ask himself a hundred times why he didn't do his best this semester like he had planned in the beginning, and start planning to really settle down this semester and dig into those subjects. This is really easier said than done as probably everyone has already found out, but there is still hope for next semester.

With the beginning of the new term, it should be everyone's goal to raise their grade-point to some extent. Who knows? If we all work half as hard as we really intend to do, those grades may really surprise everybody.

R.M.

WE CAN STAND THE STRAIN!

Somebody asked us why we didn't give news coverage to our dirty linen as we do our cleaner more favorable items. Why such things as dope on campus and night-time stabbings, beer drinking and gambling might live up a somewhat drab college newspaper, they said. And countered with the minority assumption that it might even rub off on a college student senate who can do nothing more than sponsor a few dances through the year. Action, they said, is where the students IS. And that about sums up their entire attack on the college press and student senate.

It seems to us that such "happenings" would be great for sensationalism, and we're certainly for our readers reading what we write even if it takes a little prime in getting them to do it. But to report sensational news with a minimum of facts, slanted facts, or no facts at all isn't our style and we don't intend to do it. And our "nose for news" has been bruised before, so we're no longer tender. We write it like it is if we know how it is or if we can get somebody on the staff to assume the authorship. If not, we don't, and it's as simple as that.

One good thing on our side is the well-known fact that most of our actions at our college are the type that brings favorable attention, a rapidly growing student population, and more graduates in influential positions throughout the country from year to year.

Murray College is growing and we can stand the strain.—Rudy Manley

During the past two years slightly more than 1,000 persons have died in traffic crashes each week. The number of motorcycles and motor scooters registered in the U.S. has increased 200 per cent since 1961 compared to a 30 per cent increase in all types of motor vehicles. In 1966 you could buy a Cadillac for \$650. A Ford cost \$2,500 that same year.

Speech teams win honors at Murray State tournament

Thirteen of sixteen teams entered in the Murray State Invitational Speech Tournament held here last Friday walked away with honors in at least one division of the meet.

Marietta High School and their coach, Helen Jo Banks, again captured the sweepstakes trophy by gaining more total points than other teams. The repeat champions garnered a total of 130 points.

This was the 5th annual speech event and this year drew approximately 230 high school speech students to the Murray campus.

The tournament was directed by Fred Poe and Janace Fogelman of the Language Arts Department. 'The tournament had quite a good response and a much keener competitive spirit than in previous years and we have plans now in making it a two day affair for next year,' Poe stated.

Speech divisions and their winners include in first through third order:

Debate: Marietta coached by Helen Jo Banks, Lindsay coached by Calvin Allen, and Stratford coached by Connie Mercer.

Poetry: Steve Gardner, Plainview, Susan Ragland, Hartsboro, and Jenesse Horne, Ada Junior High.

Humorous Interpretation: Toni Hendley, Drumwright, Billy Hicks, Stroud, and Lonnie Harris, Byng. Dramatic Interpretation: Connie Market, Stroud, Vicki Long, Yukon, and Marcy Melton, Stroud.

Standard Oratory: Don Minyard, Marietta, Marcia Mott, Marietta, and Marcia Hendrick, Stroud. Original Oratory: Mickey Thompson, Waurika, Susan Ragland, Hartsboro, and Linda Chaney, Yukon.

Men's Extemporaneous: Pete Stein, Cherokee, Ronnie Brawley, Plainview, and Mike Gibson, Drumwright. Women's Extemporaneous: Jane Freeman, Marietta, Pat Stratton, Yukon, and Marcia Mott, Marietta.

Humorous Duet Acting: Massey and McGee, Marietta, Harris and Buck, Plainview, and Butner High School.

Dramatic Duet Acting: Dickey and Smith, Waurika, Morrow and Moore, Drumwright, and Hendrick and James, Stroud.

So far at least, Hong Kong Flu is mostly just threat

Everybody is talking about it, but nobody seems to be getting it or doing anything about it. The Hong Kong Flu that is! According to the Oklahoma Department of Public Health, the complication rate for Hong Kong flu appears no more serious than past epidemics of Asian flu.

Not one case of the virus has been reported on the Murray campus and very few have been officially diagnosed across the state. Those most prone to its serious effects and complications are people with chronic heart, lung, and kidney disease, the elderly, and pregnant women. At the present time the State Health Department is recommending that the limited amount of flu vaccine be given to these groups first.

There is no specific treatment for the disease itself, but antibiotics are of value in the prevention of complications. The best treatment for the disease is the same as that of the common cold.

If you think you have the flu, the Oklahoma Medical Association recommends you call your physician, tell him your symptoms and then follow his advice.

—M.S.C.—

A truck, a four cylinder Saurer, first successfully crossed the American continent in 1911.

Would You Believe

By Janis James

... That during semester finals many Murray males found this motto quite appropriate, "Now is the time for all men students to come to the aid of their grades, or else, to the aid of their country."

... That semester tests decide quite a lot for the student —"To fail or not to fail, that is the question!"

... That the semester break was as much needed by instructors as by the students; the instructor to register grades and reconcile himself to be rougher next semester, and the student to relax and recuperate from the grades he received.

... That with the beginning of the new semester, the student may have a bright outlook toward it. Just think 18 new weeks to louse up!

... That it may be too late to worry about grades and mistakes made last semester, but it is much better to sleep on what you intend to do, rather than stay awake over what you have done.

... The error of age is to believe that experience is a substitute for intelligence, while the error of youth is to believe that intelligence is a substitute for experience.

... That no one knows the trouble we students have seen —but we keep trying to tell them.

... That the only one gracious way to accept an insult is to ignore it and if you cannot ignore it, top it, and if you cannot top it, laugh at it, and if you cannot laugh at it, it was probably deserved.

... That sometimes in the classrooms, trivial matters take up more time for discussion than do important ones, because the majority knows more about those.

... That the youth awaits eagerly the day when he is old enough to do things which he has always wanted to do, and the shock is when he discovers that he keeps on growing older after he is old enough.

Jim Stone attends O.E.A. conference

Jim Stone, social science instructor, attended the Oklahoma Education Association President's Conference last Thursday in Oklahoma City. The meeting was held in the O.E.A. Headquarters in the state capitol complex to give local unit presidents a chance to study the association constitution and by-laws.

Stone served as emissary for Arthur Vernon, local O.E.A. president. He said they studied legislative proposals and over-all activities of the O.E.A. in trying to get support from state legislators.

He attended the O.E.A. annual legislative dinner at the Skirvin Hotel where about 600 people, including Oklahoma House and Senate dignitaries, were entertained with about a one hour performance by the "Up With People" group. Stone had as his guest for the dinner State Representative Kenneth Converse.

—M.S.C.—

New York State Police now use radar to govern the speed of boats. From 1965 until 1965 seat belts were used in automobiles to prevent occupants from bouncing out on rough roads. In 1910, an Army airplane was equipped with a leather seat belt. In 1922, Barney Oldfield became the first racing driver to use seat belts and in 1935, the Automobile Safety League of America advocated factory installation.

Phi Beta Lambdas install officers at December meet

Wednesday night, December 11, Mrs. Doris Townsend set the pace for the Phi Beta Lambda installation of officers by introducing Debbie Estes, the state president of PBL, to the group.

Miss Estes was in charge of the installation. The officers installed were Student Senate Representative, Janene Hilton; Reporter-Historian, Cathy McDonald; Secretary-Treasurer, Donelle Putman; Vice-President, Bob Talley; and President, Debbie Estes.

After Miss Estes was installed, she was presented a gavel by Mrs. Mabel Lewis. And, as a token of their appreciation, the club presented Miss Estes with a president's pin.

The newly installed officers gave a brief explanation of the meaning behind Phi Beta Lambda. Miss Putman explained that the Greek letter "Phi" represents the future, Miss Hilton explained that "Beta" represents business, and Miss McDonald explained "Lambda" as chosen to represent leaders.

On completion of the explanations of the title, the entire group recited the Phi Beta Lambda Creed. After which, the members present received their membership cards.

Light refreshments were served by Pam Cox and Janene Hilton.

Sports Shorts

By Jackie Carter
It's cold, it's windy, and wet and it's only halfway through basketball season, but it's time for more sports to begin. The first day of second semester also marks the opening of baseball practice and track workouts. Murray baseballers finished 6-4 in the fall under new coach Ray Wilson and have good personnel for beginning spring workouts. Coach Nelson has a list of outstanding track returnees and both should have excellent seasons.

If you are a freshman, you might look forward to the opening of the swimming pool for next year. It should be great fun. Sophomores are envious.

While hunting and fishing aren't intercollegiate sporting events, they still are two great sports. A lot of Murray students can be found spending their leisure time around the lake or many creeks in the area. With quail season over, a lot of the students are out on Blue river after trout.

Men's and Women's intramurals have taken a slump in the last two or three weeks. Let's hope it was because of studying for the semester tests. Now that they are over, let's participate.

The Baltimore Colts probably felt like the Murray Aggie basketball squad did when they lost to the Oklahoma Boomers. Too much pomp and circumstance and too much Christmas turkey. A guy could have won a lot of money with the Jets.

—M.S.C.—

Intramural cage teams will start schedules Monday

Intramural basketball schedules begin next Monday with a roster including some 15 teams. Games will be played in Beames Hall beginning each night at 6:00 p.m. Bob Nelson is intramural director.

The teams will be divided into an American and National League divisions and will be played round robin, according to Coach Nelson. This means that a team must win its own league championship to enter the finals against the winner of the other league.

With 15 teams entered in competition, the intramural tourney should provide plenty of action.

—M.S.C.—

Home Ec club has open house to show skills of members

The Home Economics Club's annual Christmas open house for students, faculty, and guests was held in the Hall Building on December 18. This annual event is the last all school activity before the closing of school for the Christmas holidays.

Students enrolled in the home economics classes finished their semester projects early in time for them to be displayed at the open house. Displays included many arts and crafts projects from toothpick holders and floor candle holders to plastic garment bags.

Also on display was a variety of breads of all nations which were baked by students of the cooking classes.

Mrs. Rosalva Rainey, home ec instructor, said that the open house this year drew a larger crowd of viewers than in past years and provided them with more projects to see.

—M.S.C.—

In Roanoke, Virginia, a young woman was observed driving with a soft drink in her left hand and a lit cigarette in her right hand. As she sipped and puffed, she steered with her right elbow.

EXTERIOR OF THE AUDITORIUM is just about complete. Work on the interior is rapidly progressing.

Solitude, wherefore art thou? Busy Murray coed has frustrating search

Editor's Note: An assignment made in Mrs. Rood's English class provided the following:

by Janette Smith

Oh, solitude where are you? I have searched for you so long. A small isolated corner to call my very own.

I looked for you on Saturday morning, while preparing meals, washing dishes, making the beds, and relocating last week's dust. I thought surely I could find you in late afternoon. You should have preceded the marketing, or the ironing, or the laundering; but the chug-chug of the washing machine, and the hum-hum of the dryer seemed to drown you out completely.

Saturday night, oh yes; but from the fear of losing one's position on the front pew the next morning, I lost you once again in the shuffle. Could it have been while shining shoes, or setting hair? Maybe you were drowned in one of the gigantic bubble baths!

I searched again on the Sabbath

and even the scornful look of the pastor seemed to indicate that he knew I was unaware of the sermon.

Home again and the minutes have begun to fly; out of desperation I silently crept down the hall and turned to the right. Dare I venture into "no-man's land"? The click of the lock almost destroyed my plot to find you.

Ten seconds passed before the first knock on the door, and then almost instantly it was succeeded by the second and the third. I then realized the line was growing longer. They had found me, the little people that have to be fed, bathed, dressed, watered, and loved.

Oh, solitude: just you and I, one minute past the witching hour. The little people are in bed, the chug-chug and the hum-hum, and the one-eyed monster are finally at rest.

You will have to excuse my silence; I am at a loss for words when in the presence of a stranger.

Murray overwhelms Poteau for second season meeting

Darryl Fox's 26 points led the Murray Aggies past Poteau Junior College for the second time of the season last Friday night there 72-51. The 26 points of Fox was his highest this year and was high for the night. Poteau's Glynn Cole got 22.

The game went to defense again though and was in contrast to the earlier lashing Murray gave the Poteau crew when they were defeated here 94-35.

Hitting at a 48% shooting clip, the Aggies gained a 35-24 half-time score after spending the first two minutes of play trying to get their offense to work. Many turnovers in the earlier part of the game looked advantageous for Poteau, but they failed to capitalize on the errors.

Fox hit 12 of 16 field goal tries and two free tosses while the Aggies played every man on the bench. Leading Aggie scorer, Mike Johnson, got the least he has all season in 12, however at least half of the game he watched while reserves were getting valuable experience. Dave Evans had 9 points, Guy Berry 8, Elroy Simmons 6, Tom King

6, Allen Simpson 4, and Thomas Proctor 1.

Poteau's Kent Willis had 8 points and Gordon Honeycutt had 5 after Cole's 23.

The next home game will be Monday when the Ags meet the powerful Eastern Mountaineers.

'Last of Redwoods' Science club topic

"The Last of the Redwoods" was the topic of the last Science Club meeting for the fall semester held Thursday night, January 9.

Paul Park, science instructor, gave the lecture and presented a number of interesting slides made by him on trips during the summers.

The club set an all-time membership high this semester with a total of 164 students signing for membership in the club. The average attendance at each club meeting was over 100.

IN CALIFORNIA journey play, Elroy Simmons pleases the crowd with fine ball handling. Here he passes to Darryl Fox for a two point assist in downing Eastern Utah 66-61.

Second semester aviators will be taking to the air

A unique course offering is on the schedule for classes for the second semester and that is Aviation 112. This course will complete the sequence of aviation courses offered for the first time during first semester and will give those who finished the ground school instruction a chance to take to the air.

Airplanes for the flight training will be furnished by the Sam Turner Flying Service of Eaker Field, Durant. A Cessna 150 will be the primary instructional plane and flight lessons will be held Monday through Friday from the Tishomingo landing strip.

Harold Lakey, the first semester ground school instructor, will also serve as the flight instructor. He also will be instructing another ground school class two nights a week on the Murray campus.

To enroll in Aviation 112 (Flight), a student must make a \$500 deposit to cover such costs as club initiation, monthly dues, hourly plane rental, and the instructor's hourly rate. This fee also covers insurance on the student.

To enroll in Aviation 104 (Ground School), a student must enroll through the Registrar's office and meet regular admission requirements. Fees for this course are the regular hourly fee of other college courses.

On January 24 the current ground school class will be taking the FAA written exam at Southeastern State College, Durant.

—M.S.C.—

O.U. freshmen hand Aggies their second setback

The Aggie basketballers met with an undefeated and aroused freshman team at the University of Oklahoma and suffered their second defeat of the season. The setback gave the Aggies a 10-2 season record.

Mike Johnson hit on 12 of 16 free throws and canned 11 field goals to lead all scorers with 34 points. He was followed by Darryl Fox's 18 gained from the field.

The over-all team effort of the Boomers was too much for the tired Aggies to overcome. With four players scoring in double figures, led by Jack with 18, the Boomers built a 32-26 halftime lead which they never relinquished.

Strong second half shooting by Oklahoma's Mike Jones, who chipped in 12 of his 15 points in the second half, staked the Boomers with all the cushion they needed to coast in with a 64-61 victory. The win gave the sooner team a 3-0 record for the season.

—M.S.C.—

3 Champs crowned in Murray tourney for high schools

The Ft. Towson boys and Harts-horne and Caney girls won their respective divisions in the recent Murray State Invitational Basketball Tournament in Beames Hall.

Ft. Towson used a combined team scoring in two games to take the class A boys title. They defeated Tishomingo in the first round 58-37. In the finals they rolled over Madill 47-39. Gerald Tucker of Ft. Towson led all scorers with 21 points.

In class A girls' division, Harts-horne won the crown by defeating Antlers in a free-wheeling game 60-50. Pat Herndon scored 36 points for the winners while Bertha McIntosh and Lynda James had 24 each for Antlers.

In the closest finals of them all, Caney girls defeated Tushka 51-47 for the class B crown. Sue Bagley had 23 points and Ann Gansman hit 22 for Caney, while Linda Evans was high for Tushka with 27.

The economic loss resulting from traffic crashes in the U.S. for the first seven months of 1968 was \$7,670,555,020, according to the insurance Information Institute.

DON'T LOOK NOW

But you may be about to blow your life

An astonishing number of people make a stupid and tragic mistake. To put it simply, they jump into careers without really looking. The result—a dreary life of frustration and anger.

Can this happen to you? Could be—unless you can answer questions like these to your own satisfaction before you make your move: Are you really a Chief...or an Indian?

Do you belong in a big organization? Or a small one? Or do you belong by yourself?

Can you really stand pressure? There are a great many serious questions you must ask—and answer—about a career. But the most critical are the ones you ask yourself about you. Unless you can answer them honestly, it makes little sense to ask, for example, "What's it really like to be an investment banker?"

CAREERS TODAY can tell you what it's like to be an investment banker. More important, this meaningful new magazine can help you decide whether becoming an investment banker is even a sensible option for you in the first place!

It's a magazine about careers that starts not with jobs, but with people. And it's dedicated to the proposition that you must do your own thing...and that if you don't, you run the grave risk of blowing your life.

CAREERS TODAY is relevant. For people who are searching...from people who have discovered how to do their own thing.

How about you? Could you use a little truth at this point in your search?

Use the coupon below...or the coupon in the colorful brochure distributed with this paper...to enter your Charter Subscription to CAREERS TODAY, at the special Charter price of just \$5 for one year (11 issues) instead of the regular post-Charter price of \$10.

CAREERS TODAY
P. O. Box 2457, Terminal Annex
Los Angeles, California 90094

I'd like to become a Charter Subscriber to CAREERS TODAY. I understand that I pay just \$5, instead of the regular \$10 annual rate, and that this entitles me to receive CAREERS TODAY for one full year (11 issues).

Ag cagers take national tournament

The Murray State Aggie basketballers and Coach Marvin Adams returned from Imperial, California and the National Invitational Tournament held December 19-21 with the championship and the Most Valuable Player award in their possession.

The Aggie team gained the championship by downing Eastern of Utah, Laney of Oakland, and Imperial Valley College, the host team. Big Aggie center, Mike Johnson, with his record setting scoring and rebounding pace gained Most Valuable Player honors.

The opening day crowd was below expectations of the sponsoring Elks Lodge, but the quality of basketball exceeded their expectations. Larger crowds soon began to fill the Imperial Valley gym as pairings brought together the top teams of California with the best teams in the nation. Murray State entered the tournament ranked 3rd nationally and as the pre-tourney favorite. Yet, the Aggies were only able to subdue Eastern Utah's Eagles 81-72 and as usual when Murray is the favorite in a tournament, they entered it cold.

The game opened with Murray hitting four of their first five shots for an 8-0 lead and except for a ten second lead at 22-21, the Eagles were behind the entire game. The Aggies led by about six points most of the game. Eastern Utah pulled to within three early in the second half, but quickly fell nine back as the Aggie rebounding dominated both backboards.

The Aggies were also able to consistently work inside against the Eagles and seldom attempted a shot from more than 15 feet out. Mike Johnson led the Aggies with 37 points and Darryl Fox added 23. Elroy Simmons scored 12.

Shooting most of his shots from way outside, Ken Reynolds paced the Eagles with 24. Tom Shippis scored 19.

In other first round games Laney of Oakland had no trouble getting past Coffeyville, Kansas 74-67. Mercer County of Trenton, New Jersey, had to come from behind in the final five minutes to defeat Riverside, California 100-84, and the host IVC Arabs needed a three point play in the final 30 seconds to send Arizona Western to a 75-70 defeat.

LANEY WAS STRONG

Murray moved into the championship finals by whipping Laney of Oakland 69-41 in one of the more exciting games of the tourney. Laney was big and strong, but the smoothness and team work of the ball control Aggies kept the pace deliberately headed toward victory for them.

Again the Aggies were consistently able to work the ball well inside against Laney, and while troubled with turnovers, more than made up for the errors with good shooting.

However, it took a fine effort to defeat the Laney crew. Laney was trailing by 13, 56-57, in the second half with 7:11 left on the clock and looked bound for a lopsided defeat. But the Laney team got hot and pulled to within two, 52-50, with 4:30 left.

The Aggies took over at that point and kept Laney behind. The big play was a three-pointer by Darryl Fox with 2:00 left. The three points moved the Aggies into a six point lead. Laney never had the lead in the game.

Mike Johnson led the Aggies again this round with 34. Fox had 12 and Elroy Simmons and Melvin Imotichey each had 11. Sam Hill led Laney with 22. Otis Allison had 16 and Mike Douglas scored 11.

IVC AND MURRAY PLEASE FANS

In advancing to the finals of the N.I.T., Murray had become one of the most popular teams in the tournament and many of the area fans lost their allegiance to Imperial

VICTORIOUS AGGIES were presented the Championship trophy of the National Invitational Tournament in Imperial, California. The Aggies downed Eastern Utah, Laney of Oakland, and Imperial Valley, California.

O.M.A. 'game' is won on default

A long ride, a quick walk to the gym, a nice meal, and another long ride characterized Murray's eleventh basketball victory against only two defeats. The game between Murray and O.M.A. was forfeited to the Aggies because of "a conflict of schedules and inability to work out the conflict," according to Coach Adams.

This was to be the first conference game in defense of the Oklahoma Junior College crown won by Murray last year. The next home game and conference action will be Eastern on January 27.

In New York it is now illegal for either the driver or passenger in an automobile to imbibe alcoholic beverages while the car is moving on the highway.

Valley and cheered Murray to a 75-66 decisive win. A large percentage of the crowd was ex-Oklahomans and a few were ex-Murray students.

The game patterned itself to the first two rounds and the Aggies again found fairly easy sailing by controlling the ball while in possession and demoralizing IVC by controlling most of the rebounds.

It was evident early in this game that Mike Johnson would break his earlier scoring records by bringing down 9 of the first 12 rebounds and putting 5 of them back up for 10 quick points. At the end of the game he totaled 48 points by getting 19 field goals and 10 free shots.

IVC got within scoring distance only once during the game. At the half Murray led 30-25, but when they returned to the court and after increasing the lead by another 6 points, Darryl Fox got into foul trouble and was replaced on the court. The Aggies couldn't get their previously tough defense to jell and IVC pulled within 2 at 43-41 before Fox returned to contain the much publicized IVC star, Sam Robinson, who got only 6 points during the game. Four of these came after Fox had fouled out of the game with 4:32 left.

Murray scoring had Mike Johnson with 48, Elroy Simmons 9, Darryl Fox 9, Melvin Imotichey 7, Guy Berry 2, and Al Daniels 1.

IVC was led by James Speed with 25, Al Pottes 12, Joe Lavender 9, Sam Robinson 6, John Mills 6, Steve McClain 4, and James Watson 4.

ALLEN SIMPSON AND GUY BERRY ASSIST AS

Murray wins over Connors; tied for first in conference

Outstanding defense by Allen Simpson and Guy Berry helped contain the Connors basketball team last Thursday night in Murray's come-from-behind 67-60 conference victory. The win brought conference play for the Murray team to 2-0 and dropped the previously first place Connors Aggies to 2-1.

Four Murray Aggies scored in double figures in the see-saw contest. Mike Johnson led all scorers with 27, Darryl Fox had 12, Berry 13, and Elroy Simmons 12. Murray's other two points came on a field goal by Tom King with a 41-41 tie breaking jumper from the corner.

Mike Johnson is named tourney's 'Most Valuable'

Aggie center, Mike Johnson, brought home another trophy from the National Invitational Tournament in Imperial, California. The 6'-5" Aggie sophomore from San

SIG LIEN, National President of the Order of Elks, presents Most Valuable Player Award to Mike Johnson in N. I. T.

Francisco, Calif. was named the Most Valuable Player of the tournament and selected as the only Murray player on the All-Tournament Team.

"Mike had a tremendous tournament. I think the crowd and opponents gained respect for him in his first game when he got 37 points and 17 rebounds. The crowds continued to pull for him and us in the other games and even when we played the host team of Imperial Valley College, we had a large percentage of the fans on our side because Mike had had 34 points and 15 rebounds in the second game," Coach Marvin Adams commented.

In the three games Johnson hauled in 54 rebounds for the tournament high and 119 points for a 39.7 average for the high point honors.

With team work providing him the ball in close to the basket in the third game, he scored 48 points and again proved his ability to rebound by grabbing 22 off the back of the boards.

In the second game of the tourney Murray played Laney College of Oakland, California who had several players that Mike knew and had played against while in high school. "If we had to win any game of the tournament, we had to beat Laney. I wanted them to know we were there to win and that I was part of it," he said.

Track team will open season at O.C. on Jan. 31

The Murray State track team and coach Bob Nelson enter their first competition of the season on Friday night, January 31 at the Oklahoma City Jaycees' First Invitational Indoor Track and Field Meet at the State Fair Arena in Oklahoma City.

The meet is a two day affair, but Murray will participate in only one event, the 8-Lap Relay, at 9:30 on Friday. Coach Nelson hopes to take Steve Choate, Albert Hughes, Tom Turner, and Jerry McArthur who did outstanding jobs last year as freshmen members of the track squad.

Only new member expected to compete in this first meet is last year's all-state selection, Frank Washington from Wynnewood.

The meet is fully sanctioned by the NCAA, U. S. Track and Field Federation and the AAU. The teams participating have some of the best collegiate track and field athletes in the United States. It is possible that World and NCAA records will be broken at this meet, according to Ralph Higgins, Meet Director.

Finals will be held both nights so that each night will be a balanced program.

The contestants will be running on a new \$32,500 portable track now under construction in Boston, Massachusetts. This track, wood over aluminum, will be one of the finest in the nation, says Coach Nelson.

—M.S.C.—

Spring baseball to open March 1

The Murray Aggie spring baseball schedule has been released by Coach Raymond Wilson and includes thirty-two regular season games and two tournaments.

The Aggies will start the Spring season by meeting Grayson County on the home field on March 11. Two earlier scheduled games will be scrimmage games with Southeastern State on March 1 and 8.

The Aggies as members of the Oklahoma Junior Collegiate Conference will be meeting OMA, Northeastern, Connors, and last year's conference champions, Eastern A&M, during the regular season. The first tournament competition comes when Murray travels to the Bacone Invitational at Muskogee on April 2, 4, and 5. Outstanding teams entered there include Paris, Texas, Yankton, South Dakota, Pittsburg, Kansas, Grayson County, Southwest Christian of Dallas, Ranger, Texas and the host Bacone team.

Practice has not officially started, but pitchers and catchers are doing preliminary conditioning exercises to get in shape for the coming season.

—M.S.C.—

Ag squad is rated fifth nationally

This week's rating sheet sent from the National Junior College Athletic Association shows Murray State College basketball team ranked 5th nationally with a 19-2 record. In first place is San Jacinto, Texas 17-1 followed by Vincennes, Indiana 12-2, Northeast at Sterling, Colorado 10-0, and Phoenix, Arizona 15-0.

The rating sheet has Murray Aggies in 8th place defensively by holding their opponents to a 64.3 average.

Vernon Hurst joins faculty

Vernon Hurst

Mr. Vernon Hurst has joined the science faculty for the second semester and fills the vacancy created by the death of Mr. Paul Park.

Hurst will assume the regular class schedule of Mr. Park and will teach botany, biology, and entomology. He joins the MSC faculty after having been at OSU as a graduate assistant the first semester working on his doctorate.

Hurst is a 1959 Murray graduate and in 1961 received his B.S. degree in natural science from East Central State College, Ada. He received his M.N.S. degree in natural science from Oklahoma University and will continue his studies at OSU. He also has graduate work from Texas Christian University. Before coming to Murray, he worked as an instructor in the biological laboratories at OSU.

He is married to the former Claudette Heath of Tishomingo and they have two children, Tina 6, and Wayne 2. They have established a residence in the college campus housing.

His teaching experience includes six years at Marietta and one year in Swink, Colorado.

—M.S.C.—

Murray student dies in crash

A Murray State College student, Kenneth M. Ford, an Agriculture major and a 1968 Springer graduate, died Wednesday morning, January 22, in a one car accident north of Ardmore. Ford was traveling west on the truck bypass, when he missed the turnoff and ran into a ditch across highway 77. The fog was very dense and visibility was poor.

Funeral services were held at 4 p.m. in Bettes Funeral Chapel with Reverend Winfred Love officiating. Burial was at Lone Grove Cemetery.

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY TUESDAY, FEBRUARY 11, 1969 NUMBER EIGHT

Sixteen students are selected for 'Who's Who'

Sixteen students were selected for Who's Who at Murray State for their outstanding qualities on the basis of scholarship, leadership, and ability. They also were placed on the National Who's Who in American Junior Colleges.

To be nominated for Who's Who at Murray State a student must have maintained a 2.5 grade average for three college semesters. The total number chosen for Who's Who cannot exceed 2% of the student body. The students were nominated by the faculty and final selection was made by the department heads. The selection was based on their activities representing the college in social and class life.

Students receiving this award are: Michael Dean Armes, social studies major from Hugo; Waco Bridenstine, agricultural education major from Perkins; Paula Bridwell, music major from Tishomingo; and Debbie Estes, business major from Tishomingo.

Also selected are: Marc Garrett, electrical engineering major from Pryor; Karen Gossvener, music major from Healdton; Runae Kindell, language major from Pryor; Mike Lemonds, history major from Paden; and Rudy Manley, physical education major from Sikeston, Missouri.

Fred Nichols, math major from Lone Grove; Ted Nichols, computer science major from Lone Grove; Jerry Pardue, chemistry major from Roswell; Marilyn Perry, English major from Madill; Marilyn Pigg, elementary education major from Coleman; Ingrid Ritchie, pre-medicine major from Tishomingo; and Tom Turner, chemistry major from Holdenville were also honored in the selection.

—M.S.C.—

BULLETIN

U.S. Senator Fred Harris will speak on "Young People and the Future of Oklahoma" at the student assembly at 3 p.m. Monday.

INTERNATIONAL CLUB sponsor, Charles Marshall, discusses with Angel Borja the area of Mexico he is most familiar with. Borja will study here this year and Marshall plans a trip to his country in the summer.

Mexico bank aids second brother to attend Murray

A new and interesting student on our campus this semester is Angel Villar Borja from Mexico City. Borja came to Murray on a scholarship from Nacional Financiera S. A., a bank in Mexico City and Borja's former employer. He worked mornings for the bank in their import tax office and spent his afternoons working as director of

public relations for the federal district of Mexico City, the capital of Mexico.

Borja is married and has one son three months old. He left his family in Mexico City, but plans to have them join him here at the end of this semester if possible. He plans to establish a home in Tishomingo until his education plans at MSC are completed. "I want to stay here until I am finished and then perhaps transfer to Central State, but first I want to get all I can here. I want very much to get my B. A. in the United States, but will later go to France or Germany to continue my education to the doctorate level. My purpose is business administration, but I want a knowledge of all of these countries, especially their languages."

He said that people who studied languages were usually more interesting to him.

He was complimentary of Charles Marshall, MSC foreign language instructor and sponsor of the Inter-

Paul John Park

Heart attack is fatal for Murray science dept. head

Final rites were held here on January 28 for Paul John Park, Murray State College faculty member since 1935 and head of the department of sciences. Mr. Park suffered a heart attack Friday afternoon and died at the hospital here on Saturday, Jan. 25. He was 39.

He attended grade and high schools in Stillwater and received a bachelor's degree from Oklahoma State University. He received a master's degree from the University of Colorado and was working toward a doctorate.

Born Nov. 4, 1909 in Alfalfa county, Mr. Park was a life-long resident of Oklahoma. During World War II he served in the navy as a pharmacist mate. He married Mary Ann Henderson at Norman on Dec. 4, 1937.

He was a Presbyterian. Survivors include his wife, Mary Ann, two daughters, Carol, of the home, and Annette, Dallas; a son, Bob, at sea with the U. S. Navy, and a brother, H. Clay Clark, Guyton, Mexico.

Memorial services for Mr. Park were held on the Murray College campus Monday afternoon and classes were dismissed Tuesday in honor of the instructor. Services Tuesday morning at the Presbyterian-Christian Church were conducted by Rev. Overton Love Turner, former pastor of the Presbyterian-Christian church here and now of Skiatook, assisted by Rev. Roland Earsom. Burial was in the John Ross family cemetery south of Tahlequah.

Pallbearers were Don Martin, Jim Mihura, Ralph Benham, Stanley Wilson, Robert Pearson and Howard Johnson. Honorary bearer were M. C. Courtney, Clive E. Murray, Clyde Hall, Grady Cogdill, Hearn Chisholm and Earnest Rush.

Here are those who made 'Who's Who' from Murray State

LET'S MAKE IT WORTHWHILE

An addition has been made to the Murray College Constitution by a unanimous vote of the student senate. The same topic has been added in the by-laws also.

Article VI of the constitution previously did not state a specific time or place for candidates for student senate officers to give their nomination or acceptance speeches. As a result, not many people knew just what an officer felt was needed on Murray's campus. If students who attended Murray last year will remember, the senate election was not emphasized as being very important, and candidates were giving speeches as students passed by them while going through the lunch line. Some candidates even played tape recordings.

The new addition has set aside a specific time and calls, also, for a particular place where all of the student body will have a better chance to get acquainted with each candidate and hear their points of view. This is the reason speeches of this type are planned and given.

This year when the date is set aside for the purpose of nomination speeches, every student should consider it his duty to take a few moments out of the day and listen to what each candidate has to offer and make this year's election worthwhile.

BUDGET HACKING—

A bill introduced recently in the Oklahoma Senate to limit enrollments in Oklahoma colleges to 75,000 was killed by the Senate last Monday—and the author of the bill resigned in protest as chairman of the sub-committee on higher education.

The bill, introduced by Sen. Bryce Baggett, D-Oklahoma City, in effect was to alert the people of Oklahoma to the emergency needs of higher education in the state. He told the Senate that by killing his resolution they were in effect agreeing with Gov. Bartlett's budget request for next fiscal year and that higher education does not need more money.

It looks from this angle that business managers and administrators across the state will be hacking away at an already hacked budget. And colleges wanting to grow, as we at Murray do, must put forth an extra effort to maintain what we have, the best we can.—R.M.

A GENIUS FOR FRIENDSHIP—

Every instructor has three great obligations. He must continually research, he must keep a fresh mind, and he must know his students as individuals whom, if he can, he will gain as new friends.

We have lost an instructor in Paul J. Park. He stayed abreast with his work by re-examining the ultimate principle of his subject. The freshness of mind was evident in his lectures, his criticism, his discussion. He thought that no teaching work he did could be truly successful on a purely official plane.

He was not prepared to divide his life into compartments, into some of which the student could not enter. He entertained them, talked with them, gave them the sense that he was eager to offer counsel. It was of course, exacting labor and it meant a heavy call on his time.

There are innumerable students all over the country to whom Murray State College will always mean certain days in "P. J.'s" room where his genius for friendship helped reveal the mystery of education.

In Memoriam

PAUL JOHN PARK

Campus Service

On Monday, January 27, at 3:00 p.m. a memorial service was given on the slope behind Poe Hall for MSC science instructor, Paul J. Park, who died Saturday, January 25, of a heart attack in Johnston Memorial Hospital.

The Reverend Faris Weaver, local Methodist minister and religious faculty advisor, opened the service with scripture reading and prayer.

Afterwards, Fred Nichols, Student Senate President, Ralph Benham, faculty member in the science department, and Dr. Clyde R. Kindell, president of the college, delivered eulogies.

Linda Spurgeon, Freshman from Ft. Worth, Texas, sang "Now I Belong to Jesus" followed by a meditation period led by Reverend Weaver. The Ensemble then sang "How Great Thou Art" and Reverend Weaver gave the closing prayer.

One of the characteristics of Mr. Park that I appreciated most was his concern. He was concerned with beauty and constantly worked to conserve plants and animals in nature so their beauty might be enjoyed now and in future years.

Mr. Park did not just teach biological science at Murray State for over thirty years but instead he taught young men and young women. He was concerned with each student. He searched for the potential in each student and concerned himself with guiding them to the peak of their potential.

Paul was concerned with the welfare of his fellow teachers and always accepted more than his share of the difficult tasks. I have often heard Paul say, "A teacher cannot just do the things he enjoys, some of the work is unpleasant, but each teacher should have at least one assignment each day which is thoroughly enjoyed." He tried to create this type of situation.

Mr. Park's concern will continue to live in the lives of former students, students and fellow workers at Murray State.

His concern has blessed each of us.

—Ralph Benham

We are assembled here today in memory of Mr. P. J. Park, chairman of the science department here at Murray State College. Perhaps some of you did not know Mr. Park as an instructor or as an individual. However, I was fortunate enough to have him as an instructor as well as a friend. Mr. Park was devoted to his job of teaching and equally devoted to being a friend to everyone.

I was enrolled in a class under Mr. Park last semester and I can truly say that I have never had a class so interesting and enjoyable. Although he took his job seriously, he would always find time for a little humor. Perhaps this distinguished him from the rest of the instructors.

I have known many students who have left Murray State and have forgotten the names of their instructors, but all of them remembered one, P. J. Park. Mr. Park will be as well remembered by all the students from Murray, as any other instructor that has ever been at Murray.

Mr. Park formed many friendships while at Murray. All of whom respected him with the utmost dignity. He has gone from this life and place physically, but I can assure you, his memory will live for many years in the hearts of all his associates and most of all in the hearts of his many friends.

—Fred Nichols

INSTRUCTOR Harold Lakey congratulates Glenn Orr, Tishomingo freshman, on completion of the first flight in Aviation 112. Actual flight training began this semester after ground school was completed first semester.

Would You Believe

By Janis James

... If you are paying more for student union fees and enjoying it less, it might do you good to know that others are doing the same.

... That student identification cards cost the same for the second semester as they did for the first—even if you already had one—and you don't get another. Our student senate must be rich.

... That the change in prices of meals for those without cafeteria tickets has slowed outsiders from eating there. The faculty must be bringing sandwiches.

... That the pattern you are involved in is apt to stay with you with no great improvement for the rest of your college days. Easy come, easy go.

... That it was a task to decide on 16 hours, get the adviser's approval, pay the fees, buy the books, and go to class after the strenuous finals week. Graduating sophomores are lucky people.

... That people came to America to get rich (among other reasons); they did not arrive rich. Students come to college to get rich (among other reasons); they did not arrive rich.

... That with the accident rate and the divorce rate as high as they are, a good case can be made for instruction in both driving and marriage. When does the second class meet?

... There is no point in trying to return to the 19th Century to find a cure for money ills. No one could seriously suggest nowadays that colleges should be restricted to the brilliant few, or to a small social or economic group.

... The only way to be effective in combatting a continuance of this type of column is to write a letter of protest NOW to the editor, Mr. Rudy Manley. Of course, the force of your letter will be discounted if you have been advised to write such a letter.

... That I was told to keep this column timely?

Jurors to come from audience and decide outcome of drama offering

A Drama Club production, "Night of January Sixteenth," will be presented during the first week in March with Janace Fogleman and Fred Poe as directors.

With the courtroom as a setting, the question being considered is whether or not Karen Andre, played by Carol Blackburn of Duncan, murdered her one-time employer. Her defense attorney is Robert Bland of Antlers, while Waco Bridenstine, Perkins sophomore, portrays the district attorney.

Mrs. Fogleman feels that this production will have more audience appeal than previous plays because of the fact that the jury, who will try the case, will be chosen from the audience attending each night. The jury will decide on the innocence or guilt of the defendant.

"Night of January Sixteenth" was previously presented on Broadway with persons such as Helen Keller, Jack Dempsey, James Roosevelt and Babe Ruth as jurors from the audience.

COMPUTER DISCUSSION — The computer's value in educational institutions was discussed for two days recently when several Oklahoma college presidents, including Dr. Clyde R. Kindell (left), president of Murray State College of Agriculture and Applied Science, Tishomingo, attended a computer conference in the University of Oklahoma Merrick Computing Center.

Sponsored by International Business Machines, Inc. and OU, the conference Jan. 21-22 featured such program personalities as Dr. Herbert R. Hengst (center), OU associate professor of education and assistant dean of the College of Education, and Dr. Charles Warlick, associate director of the University of Texas Computing Center.

Murray joins in plan to share in computer facilities

Murray State is to participate in an experiment on ways of supplying computer facilities to small colleges for instructional use. The program will be financed by a grant from the National Science Foundation and managed by the Southern Regional Education Board's computer science project.

The two-year project will explore the educational potential of a time-sharing computer terminal. Murray State should have a remote terminal that will be connected with a computer at the Merrick Computer Center at the University of Oklahoma.

The project will involve presentation of basic computer concepts for general education students, making the computer facilities available for instruction and research in all college departments, and provide hardware and instruction for an in-depth study of computer concepts during a two-year data-processing course of study.

Wayne Day was in Edmond Friday for a meeting with other college computer directors on the campus of Central State.

Official word on the grant application is expected around March 1 and will allow Murray officials to start installation of equipment.

—M.S.C.—

Driver education course under way

Driver education has begun this semester after approval by the Board of Higher Regents for it to be added to the curriculum.

The popular course is being taught by Marvin Adams and includes classroom and actual automobile training. It affords students training to qualify them to obtain an Oklahoma drivers license and also for those already licensed to improve their proficiency for insurance reasons.

Cars for the class use will be two Dodge Polaras furnished through the courtesy of Mr. Orville Spann, owner of Spann Motor Company of Ada. They were obtained after Dr. Clyde Kindell, president of the college, had extended invitations to area automobile dealers to participate in the program by furnishing vehicles to be used for educational purposes.

The class formed early and meets for classroom instruction on Tuesdays and Thursdays with the driving lab to be in the afternoon, according to Adams.

—M.S.C.—

Xi Lambda members fill vacancies in secondary offices

Bob Talley, president of Xi Lambda, Murray State's chapter of Phi Beta Lambda, conducted his first meeting Tuesday, January 28 at 6:30 p.m.

Talley presided over the election of Jackie Carter, vice-president and Miss Joyce Brown, secretary-treasurer.

The main purpose of the meeting being accomplished, the group then discussed their donation to "Save the Redwood" and various other items of business, many relating to the State Convention to be held in Oklahoma City in March.

Reports of the Norman Leadership Conference held earlier in the year were given by Janene Hilton and Cathy McDonald with occasional comments from Mrs. Mabel Lewis who sponsored the group at the conference.

Mr. Nichols took group pictures for the Tribesman.

Twenty-three members, including four new members and Mrs. Doris Townsend, co-sponsor were present at the meeting.

Murray voice student is presented in public college sophomore recital

The public was invited to attend the sophomore soprano recital of Mrs. Paula Bridwell presented Tuesday, Feb. 4, at 7:30 p.m. in the Student Center ballroom at Murray State College.

Mrs. Bridwell is a graduate of Hobbs (New Mexico) High school where she was soloist with the a cappella choir and the Trebletones. She has sung the mother's role in the college production of Menotti's Christmas opera, "Amahl and the Night Visitors," and was soprano soloist in the Easter oratorio, "The Seven Last Words of Christ," presented last spring.

A member of the Murray State College mixed ensemble, Mrs. Bridwell has entertained at many functions on the campus, in Tishomingo and area towns. She has studied voice with Miss Juanita Teal of Denton, Texas, and is presently a student of Dennis Toews at Murray. She is a member of Sigma Phi Alpha and plans to attend Oklahoma State University in Stillwater next fall.

Her husband, Larry, is also a Sophomore at Murray majoring in animal science, and she has one daughter, Dawn.

The program included four operatic arias, two German lieder

Mrs. Paula Bridwell

by Schubert, "Summertime," from the opera "Porgy and Bess" by Gershwin, and concluded with "The Hills are Alive" by Rogers.

Accompanists were Miss Karen Gossvener of Healdton and Miss Linda Spurgeon of Fort Worth, Texas, Miss Gossvener and Miss Paula Waddle of Ardmore assisted with piano solos.

Former Murrayite is on the way up

U. S. Foreign Service officer Leamon R. Hunt, a native of Sulphur, has been recommended for a service appointment by President Nixon.

Hunt, presently assigned to the U. S. Department of State as assistant executive director of the bureau of Near Eastern and South Asian Affairs, is the son of Mrs. Zola Hunt of Sulphur.

He is a graduate of Sulphur High School and Murray State College. Since entering the Foreign Service in 1948, he has served in Israel, Turkey, Ceylon, Ethiopia, Costa Rica, Syria, and Lebanon.

Poor spelling will tell if you have neglected dictionary

By Cathy McDonald

When the members of Phi Beta Lambda and Future Business Leaders of America have their annual State Convention in Oklahoma City in March, competition will be strong in a number of events, one of which is a "Spelling Relay" for Future Business Leaders of America.

As Mrs. Mabel F. Lewis was chosen by a state committee to compile a list of fifteen hundred words to be used in the contest, she has had "spelling on her mind." As a natural outcome of the task, Mrs. Lewis seized the opportunity to emphasize the importance of correct spelling by commenting:

Will your teacher or your prospective boss in an office raise your grade or your pay because you invent new ways to spell "February" or "loveable"? The answer is obvious. When you develop the habit of spelling every word the right way, (not the wrong way as in the examples), you are definitely appreciated.

With the complex spellings we find in English, the habit of correct spelling just does not carry us far enough. We have to develop another habit—the dictionary habit. The habit of using the dictionary requires a little more time and a little more effort; but, absolute accuracy in spelling will pay dividends.

The one thing demanded of you who have had educational advantages is that you be able to spell.

In your daily work or in social situations you may not need to be able to add a column of figures. Few people will care. Your knowledge of economics can be nil. You edge of economics can be nil. You may not know the difference between an atom and an abis, an atom and a molecule. But if you can't spell, you're in trouble.

Incorrect spelling is heavily penalized in our society—so heavily that it keeps people from getting jobs they want or prevents them from moving up to better positions. Inability to spell gives people com-

Entries invited in Carl Albert speech contest

All students at Murray are invited to enter the local Carl Albert Speech Contest to be held sometime during the latter part of February. This event is held annually on campuses of the six colleges in Congressman Albert's congressional district.

The winner of the local contest will receive \$35.00 and an opportunity to participate in the district contest which will be held at Central State, Ada, later this semester. The winner of the district contest will receive \$75.00 and a gold medal. Second place winner will receive a medal.

Students interested in entering the contest locally are encouraged to contact Fred Poe or any member of the Language Arts faculty to obtain additional information about the event.

Students just as unsureness of proper methods of dress and social behavior.

The accepted system of spelling is accepted because the overwhelming majority of English words are spelled in only one way; all other ways are wrong. Enough people have learned to spell correctly to make it difficult for those who can't. Mrs. Lewis said she, as well as other educators, strongly believes in every word correctly spelled, but perhaps that some of you would agree with former President Andrew Jackson who once angrily commented that it is a poor mind which cannot think of more than one way to spell a word.

14 Teams battle in intramurals

Champ playoff is scheduled to be played March 18

Eighty-five players representing 14 teams make up this seasons Men's Intramural Basketball League. The teams have been divided into American and National Leagues, with seven teams in each league. The winners of both leagues earn the right to represent their respective leagues in the championship playoff to be held Tuesday, March 18th.

Members of the American League are: Raiders Return; Tshomingo Trotters; Rusty Raiders; McKee Hill Bandits; Faculty's Red Riders; and the Stamp Bumpers. In the National League are the Hornets; Magnificent 7; Warlords; Horn Rejects; Genghis Khans; Midgets; and the Brown Frogs.

Games are scheduled for Mon., Wed. and Fri. nights with the exception of the championship game. There will be three games a night at 6:00, 7:00 and 8:00 P.M. Each team will play a total of six games, one against each member of their league. The pre-season favorite is the Magnificent 7 of the National League. They support the leagues tallest player in 6'7" John Irving, and have one of the quickest teams in either league. The Red Riders, Faculty, Brown Frogs, and Warlords also are top championship contenders.

Thus far the Hornets and Magnificent 7 have each posted one victory, over the Genghis Khans and Midgets respectively. In the American League the Faculty holds the League lead with victories over the Raiders Return and Rusty's Raiders. The Red Raiders and McKee Hill Bandits are each 1-0.

—M.S.C.—

Murray collects two Texas wins

The Murray Aggies went to the road and when they returned home they had extended their winning streak to six games, at the expense of Ft. Worth Christian and Ranger Jr. Colleges.

Murray traveled first to Ft. Worth Christian and there jumped to a quick lead, extended the margin to 42-32 at halftime and then coasted to a 76-66 victory.

Eloy Simmons and Darryl Fox paced Murray to their big halftime lead by scoring 28 of the 42 points between them. Fox ended as the game's leading scorer with 21 followed by Simmons and Mike Johnson with 19 and 17 apiece. Fort Worth's leading scorer was Ron Thompson with 14.

Adams' squad then moved on to Ranger where things weren't as friendly. The game started out as a see-saw battle between the two clubs. The shooting of Darryl Fox and Mike Johnson offset a tremendous effort by Ranger's Gene Knolles but the Aggies still found themselves trailing 40-38 at intermission.

The second half Murray found the going tough as they were unable to pick up much ground on Ranger. Mike Johnson, big Aggie center, paced the Aggie comeback in the second half. He picked up 10 field goals and added 3 free throws to account for 23 second half points, but the real difference of the game was Ranger's Knolles. With Fox playing a tight defense on Knolles the Ranger ace was held to 12 points in the second half. With 5:47 left in the game Knolles picked up his 8th foul of the game, and from there on Murray picked up speed.

The twin victories pushed the Aggies' record to 17-2 for the year.

TYPICAL ACTION in intramural basketball as scrambling for a loose ball is furnishing plenty of excitement for fans each night in Beames Hall. Games start at 6:00 p.m. each night.

Instructor views business offerings at Northern State

Mrs. Mabel F. Lewis visited Friday at Northern State College, Tonkawa. The effective mid-management program offered by the department of business at Northern was surveyed by Mrs. Lewis.

The business department at Murray would like to keep pace with the business trends of all types of enterprises by offering a course or courses in the principles of management that have general applicability—basic management philosophy and decision making; principles involved in planning, directing, and controlling—to the recent concepts in management.

"The requirements for salaried managers and officials have far outpaced the need for self-employed proprietors, who, in fact, have been declining in number," Mrs. Lewis said, "and business course offerings will be studied by the department in hopes of improving their quality."

—M.S.C.—

Aggies stave off Northern surge to win 'No. 15'

Solid play, with four players scoring in double figures, helped Murray withstand a second half Northern whirlwind and give the Murray basketballers a 77-69 victory over a spirited Northern team at Tonkawa.

The Aggies waited to a 42-24 halftime lead with Eloy Simmons and Mike Johnson leading the even balanced attack with 10 and 11 points. But then the trouble started.

The Aggies could not pick up where they left off and it was nearly disastrous. Northern came on strong in the second half as they outscored the Aggies 45-35 in the second half. Northern pumped through 12 field goals to 11 for Murray. Thanks to buckets by Guy Berry and Johnson and timely free shots by Simmons, the Ags were able to squeak by with their fourth victory in a row and fifteenth out of 17 for the season. Johnson was high scorer with 20 points followed by Darryl Fox with 17, Simmons with 16 and Berry with 14.

The American Farmer Degree is awarded to about 450 outstanding FFA members each year. Only one member in a thousand may receive it.

April rodeo is planned by club

The Murray Rodeo Club met last night to discuss the college rodeo which is scheduled for the last of April. The rodeo is an annual event that attracts college cowboys from all colleges in Oklahoma.

It was the first meeting presided over by new club president, Dwain Farris. He introduced the other new officers in Russell Bemo as vice-president, and Patsy Cross as treasurer.

The club, in addition to planning the rodeo, discussed their recent order for club jackets which are scheduled to arrive shortly.

Anyone wishing to join the club, may do so at their next meeting or by contacting any of the new officers.

Fox and Evans get 35 points to sink Poteau by 72-51

Darryl Fox and Dave Evans combined for 35 points in leading Murray to an easy 72-51 victory over Poteau Junior College. Fox earned 26 points, 14 in the last half, to lead all scorers. Evans came off the bench to pour through 9 points in the second half.

The victory gave the Aggies their third win in a row and 14th of the season against two losses. The Aggies jumped off to a 35-24 halftime lead which they never relinquished.

Glynn Cole led Poteau scorers with 23, while leading Aggie scorer Mike Johnson managed only 12 points.

national Club where he found mutual friendship. Though business administration is his major field, he first wants to learn all he can of the English language and enrolled in a 3-hour course of Spanish under Marshall. He felt that through English translations and by being around people who were interested in his language, he could learn to speak English.

Borja had a brother who attended Murray about three years ago and who recommended he come here. The brother, Mario, is now assistant vice-president of the bank sponsoring him in the U.S. Last year, he had the opportunity to attend a language institute in Los Angeles for about 3 months. He could have continued there but decided to come here because all the students in the institute were foreign students and he didn't get a chance to speak English.

Through the International Club and Mr. Marshall, he has met Murray students who have taken him home with them over weekends. "Family life customs are very different. Children are watched closer by their parents in Mexico," he said.

—M.S.C.—

NOTICE

All graduating sophomores who have not done so should stop by the public relations office and make arrangements to meet with the college representatives who will be on our campus the evening of February 20. The office will be open throughout the day on Tuesday, Wednesday, and Thursday for this purpose. Mr. Meeler would especially like to have your appointment before February 14 to be able to establish a schedule.

—M.S.C.—

"Learning to do, Doing to learn, Earning to live, Living to serve" is the official motto of the Future Farmers of America.

Sport Shorts

By Jackie Carter

Albert Hughes and Jesse McCauley have departed from Murray to further their studies at the University of Oklahoma and Central State College respectively. Hughes, one of the fastest sprinters on the Aggie squad a year ago, received his scholarship with just one semester remaining at Murray. McCauley, also a sprinter and one of Murray's top hurdlers will continue his efforts this spring for the Central State Bronchos. Despite the loss of these two performers, Murray still possesses probably the strongest cinder squad of Oklahoma Junior Colleges, and one of the finest in the nation.

Murray baseballers fared but a little better in semester transfers. Second baseman Ronnie Buchanan and first baseman Gary Roye have left the squad, but newcomer David Kerr, of Ada, is expected to fill some of the slack left by the two. Kerr previously attended Oklahoma State University.

Murray basketballers have gained sole possession of first place in the Oklahoma Junior College Conference with a 5-0 record. With three conference games remaining, the Aggies would need only a victory over Northern last night or against second place Connors Thursday night to gain the crown outright. The nationally ranked Aggies stand 18-2 for the season with losses to Northeastern A&M and O.U. frosh. They currently have a seven game winning streak going for them with three games this week. Mike Johnson, 6'5" center, leads all Jacc cage scorers with a 20 point average. Jacc teams are heading into the final stage of action with the Region II junior college tournament the eight berths call for two at large teams, containing the best won-lost record against junior college competition, to be picked from Oklahoma. The next six spots will go to the next two clubs in the Oklahoma Junior College Conference, two in the B-State and two among the junior college league in Arkansas.

Ground work has begun on the new rodeo arena. The arena is being built just south of the baseball field in the northeast part of Tishomingo. The arena is being built by members of the Murray State Rodeo Club who have donated their time and effort to the project.

So far during intramural basketball season only one injury has been recorded. Raymond Wilson, while trying to play for the Faculty, suffered a severe (?) ankle injury. It hasn't affected his class or baseball practice attendance.

Although the specific schedule has not been released, Aggie basketballers will be playing 34 games and competing in 2 tournaments. The team will be challenging Bacone for the Region II baseball crown which Bacone has won four years in a row.

—M.S.C.—

AGGIES MARCH ON!

Darryl Fox, playing another magnificent game both offensively and defensively, led the way for Murray to post its seventh straight victory, 85-73, and up their season's record to 18-2. Fox tied for game scoring honors with Greg Lowery of O.M.A., with 28 points. He also pulled down 13 rebounds to lead the Aggie squad in that department.

Mike Johnson scored 18 points; 12 rebounds, and Dave Evans had 18 points; 8 rebounds.

At the end of the first half, the score was 45-33, Murray; final score was 85-73.

Sophs confer on transfers with 11 college reps

A transfer night jointly sponsored by the Student Senate and Phi Theta Kappa was held Thursday night, February 20, for graduating sophomores. The purpose of the program was to allow the students to meet with representatives of the college of their choice.

The eleven colleges and universities across Oklahoma participating and their representatives were: The University of Oklahoma, Dr. William Price, Dean of Admissions and Records; Mr. Elton Davis, Director of Financial Aids; Dr. Gerald Braver, Assistant Dean of Arts and Sciences; Mr. Harold Bone, Assistant Dean of Engineering; and Mr. Jack Cochran, Director of Special Events.

Other representatives were Oklahoma State University, Mr. Raymond Giron; Southeastern State College, Mr. M. G. Smith; Oklahoma Panhandle State College, Mr. Tom Wood; Southwestern State College, Mr. Mark Mouse; The University of Tulsa, Mr. Charles E. Malone; East Central State College, Mr. Bill Tillman; Oklahoma College of Liberal Arts, Mr. Richard W. Massa; Oklahoma Baptist University, Mr. Gordon Hatcher; Central State College, Mr. Bill Hauser; Cameron State College, Mr. J. D. McLemore; and Oklahoma City University, Mr. H. Eugene Gibbons.

Phi Theta Kappa hostess for the representatives were: Betty Anderson, Carol Brown, Cheta Harner, Bernadon Cleveland, Linda Russell, Brenda Jones, Glenda Russell, Janice Payne, Linda Spurgeon, Janene Hilton, and Anna McCarthick.

—M.S.C.—

NOTICE
All students on this campus are invited and urged to write for the AGGELITE. Yes do not have to be enrolled in courses to do so and if you have an interest in writing any type of article, you are encouraged to contact Kenneth Nichols, newspaper advisor, AD303.

Coach Nelson Wants Track Recruits

'Night of January 16th' will offer new thrills to Murray playgoers

Patrons Serve on Jury Play
Local Citizens to be Drawn by Lot As Performance Starts

Something new in theatricals will be the feature of the evening when the Drama Department of Murray State College presents "Night of January 16th" in the Ballroom of the Student Center on Tuesday and Wednesday evenings, March 4 and 5. There have been plays before with vague endings, but this is the first one in which the audience takes an active part in its development and conclusion. Attractive and talented Carol Blackburn portrays the leading part as a girl on trial, and the jury selected from the audience is given the task of deciding her guilt or innocence.

As they get their seats at the box office, patrons may leave their names as candidates for jury duty. On the evening of the performance these names will be given to the clerk of the court who places them in a drum and the twelve that are drawn by lot are selected to serve. The Clerk addresses the audience and explains that twelve of them will be called upon to come up on the platform and take their places in a regular jury box just as they would in a legitimate court trial, are sworn in, and listen to the testimony.

Between the acts the jurors are led off to a small deliberation room. Each act represents one day of the trial. Just before the ending of the third act the jury retires for

the last time to render a verdict. They vote after a short discussion, and although legally a unanimous decision for a verdict is required, for the sake of dramatic brevity a majority vote is taken as decisive for this trial.

When "Night of January 16th" was first presented at New York it was feared that this innovation might not prove popular. Women might not like to have their escorts leave them to sit in a jury box, and patrons might prefer to watch the play from the auditorium rather than the stage. But such fears proved groundless. Not only would the public serve on the jury gladly, it was pulling wires to get the chance. Each performance averaged a hundred candidates, and so no time was there a clown in the jury box to spoil the performance. The chief problem created by the juries was their restlessness. The jurors liked to stroll about the lobby between acts, but of course that could not be permitted, since jurors must be strictly removed from any possibility of influence or pressure brought to bear upon their decision. Also in this case they must be on hand for the rising of the curtain.

A tabulation of the verdicts given during the Broadway run of the play shows that acquittals outnumbered convictions three to one. Since the evidence is so evenly balanced (on only two occasions were there unanimous verdicts) this probably reveals a public bias against capital punishment.

Be careful men, it's Sadie Hawkins week!

MURRAY STATE COLLEGE TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY TUESDAY, FEBRUARY 25, 1969 NUMBER NINE

Senator Harris visits campus

U. S. SENATOR FRED R. HARRIS emphasized the need for education at the student assembly and declared that advances in learning had prepared the 18 year old to vote. The man and the speech received a standing ovation.

"We have a lot to be proud for; but we have a lot to be hopeful for" were words of U. S. Senator Fred R. Harris who visited and spoke on the Murray campus Monday, February 17.

Senator Harris encouraged higher education because of the fact that eleven thousand fewer jobs will be offered next year than were offered this year. He stated that a person with a high school education only will need to be retrained three or four times in his lifetime in order to remain employable.

Promoting industrial affairs has been one of Harris' main objectives since being elected senator, and he would like very much to see industries moved to small towns or cities rather than in the large metropolitan areas around the U. S. He stated that 30% of our people now live in small towns or communities, but 50% want to and cannot because of the fact that they cannot find jobs there.

One very important issue mentioned by Senator Harris was the fact that he feels very strongly in favor of the eighteen year olds being allowed to vote. Seeking out the ideas of young people is important to him because he feels that possibly the older generation has not done all it can do to make these United States as good as they can be.

"It isn't enough to be dedicated, you must be involved in things which interest you," were also Harris' words as he went on to express his idea that Oklahoma is the coming great state of this country, and that the students of Murray can be proud because they will be the leaders of this great state.

In closing Mr. Harris left a quote for all who attended the meeting to think about, and possibly for all Oklahomans to adopt as their theme: "I love Oklahoma. I love every grain of sand. I love each blade of grass. I am proud of her past. I am confident of her future."

49 New members initiated into Phi Theta Kappa

The Alpha Epsilon Chapter of Phi Theta Kappa met Wednesday to fill offices vacated by mid-term graduation. Linda Sanders filled the office of president. Betty Anderson will be the new secretary and Mike Lemonds will serve as reporter.

About 70 members and guests of Phi Theta were treated to a bus trip to Ardmore last Monday night for a get-acquainted dinner at the Clayton House. Sponsors, Janace Fogleman, Leon Ward, and Kenneth Meeler accompanied the group. The party was a preliminary to initiation night.

On Wednesday night, forty-nine new members were initiated into the organization. This was the largest number of new initiates into the Murray chapter.

Guest speaker was John Fletcher, professor emeritus and former chairman of the Language Arts Department. He spoke to the group about how wisdom affects decision making and how important knowledge has become in the last few years.

KINDELLS HAVE SON

Murray State College President Clyde R. Kindell and Mrs. Kindell are parents of a son named Michael Benson born Saturday at Valley View Hospital, Ada. The Kindells are parents of two other children, Gary 13 and Kay 9.

Woman who gets the man also to pay for tickets

By Jeanne Derringer

Today is the second day of Sadie Hawkins' Week and with all the fun and excitement planned for the week, it will be a small wonder if normal class routine can be maintained. Yesterday's main event was an after-supper race where females chased down their favorite male and carried him before a "Marrying Sam." The paper went to press long before results could be obtained, but it was noticed that many were trying to find places to hide.

Today is the day for men to be found though, for they may be invited to a movie with the girl of their choice and the girl picks up the entire tab.

Tomorrow a hog calling contest will be held in front of the student union building at 6:00 p.m. Everyone is eligible to enter, though no prizes were announced and nobody would comment about expected competition.

Thursday all students will attend classes dressed as hillbillies and that evening women will again ask the men for dates to the dance where a prize for the best costumed hillbilly will be awarded. The dance will be in the ballroom.

One of the main attractions of the dance will be the judging of the beard growing contest and after a couple of week's scratching many will be happy when it's over so most of the stubble can be removed. Interest in the contest has been growing rapidly since two faculty members are entered and each has vowed to win.

The dance will end for another year the celebration of Sadie's week.

—M.S.C.—

Patty Anderson is queen for B.S.U.

B.S.U. held its annual Sweetheart Banquet, last Tuesday night at the First Baptist Church, Tishomingo. The highlight of the program was the crowning of the queen for 1969, Patty Anderson, B.S.U. president. Tom Turner, conferred the crown and the queen was escorted by Butch Story.

Attendants were Linda Spurgeon, escorted by Russell Bern and Linda Sanders, escorted by Tobe Simpson.

Entertainment for the evening was provided by a trio from Oklahoma Baptist University called Susie, Mark, and Terry. The speaker was Vic Moreland, Sulphur.

MR. JOHN FLETCHER felt right at home when he addressed the Phi Theta Kappa initiates Wednesday night. He spent 25 years at Murray as professor of English and saw many Phi Theta Kappans.

CUTS OR NO CUTS?

It is apparent that absentees are becoming a real concern with students and faculty at Murray College. Letters that inform parents of a student's excessive absence have been mailed and include possible consequences.

Several instructors have expressed opinions that range from allowing one cut per credit hour of the course to keeping it on an individual basis from instructor to instructor. Some believe that if a student is absent from class more than three times and has a valid excuse, and informs the instructor of his problem, his grade point should not be dropped. And the age-old argument continues back and forth, with students and faculty, some agreeing and some not caring enough to express opinion.

Any student really interested in his education will not cut class or attend strictly because of a hard rule that says he must. The argument is that some might be more capable of missing classes than others and the individual instructor should be the judge.

IT'S A HELL OF A YELL!

It seems that sometimes during an athletic event the magic bubble is broken. At the Murray-Eastern game the bubble was shattered. The wild reaction of some fifteen shortsighted people with poor judgment casts a lot of unfavorable attention and comments on a total student body riding high in the number one position.

In a program that must have taken much work to get ready and a lot of hours practice by some 60 or so students who wanted so much to entertain the visiting fans, it ruined the effort of their labor when the small group of Murray fans and cheerleaders stood to give their infamous yell of "Give 'em Hell Aggies" during one of their songs.

If "Give 'em Hell Aggies" is the only cheer to be offered during the entire year, we need either to find some new material or not offer any at all. Since we do have a successful team and are number one, it really offers no originality to add to that single offering that "We're Number One!"

With the Region II meet coming on March 6, 7, 8 it affords plenty of time to prepare a new set of yells or not go at all. There are plenty of fans who have a larger vocabulary and can cheer without such language.

LETTERS TO THE EDITOR
CHAMBER OF COMMERCE
 Post Office Box 948
 Calexico, California 92531
 January 21, 1969

President
 Murray State College
 Tishomingo, Oklahoma
 Sir:
 As a member of the tournament committee during our recent Elks National Junior College Invitational, I had opportunity to observe and work with, all the teams in the tourney.
 I had the great pleasure of meeting your coach and players, and observing them during their stay in our area.
 I would like to take this opportunity to commend you and the people of your college district, for the quality of the young men and adults representing you.
 Coach Marvin Adams is a gentleman and sportsman who gained

the respect and admiration of all of us who came in contact with him. His players conducted themselves as gentlemen, and were the favorites of the crowd even while playing, and winning, against the home team.

Again, congratulations on being crowned champions of our national event, and be certain in the knowledge that you have a group of outstanding representatives for your school.

Sincerely,
RICHARD F. MONTEJANO
 General Manager
 Calexico Chamber of Commerce
 —M.S.C.—

Working Women Read Newspapers More than non-working housewives. A recent survey shows that newspapers are an excellent source of information for the lady whose time pressures are great. The local newspaper provides the working girl with important short-cuts to shopping and other information.

Board of Regents expresses sorrow over Park's death

RESOLUTION

WHEREAS, on Friday, January 24, 1939, Mr. Paul John Park, Chairman of the Department of Sciences of Murray State College, Tishomingo, Oklahoma, departed this life;

WHEREAS, Mr. Park had been a member of the faculty of Murray State College since 1935; and
 WHEREAS, he was fifty-nine (59) years of age at his death; and

WHEREAS, Mr. Park attended grade and high schools in Stillwater, Oklahoma, and received a Bachelor of Science degree from Oklahoma State University and a Master of Science degree from the University of Colorado and was working toward a doctorate degree; and

WHEREAS, Mr. Park was a veteran of World War II, serving in the Navy as a Pharmacist Mate Third Class; and

WHEREAS, he is survived by his wife Mary Ann and two (2) daughters: Carol, of the home; Anette, of Dallas; Bob, a member of the United States Navy, at sea with the Navy; and a brother H.K. Park, of Guyman, Mexico; and
 WHEREAS, the loss of Mr. Park is of great consequence to the College and his influence will be missed in the development of the Department of Sciences at the College.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges, That:

1. That the Board expresses its regrets at the death of this academician and recognizes the Colleges loss by the passing of this man.

2. The Board expresses its sympathy and condolences to the wife and family of Mr. Park because of his death.

3. A copy of this Resolution shall be forwarded to the wife and family of Mr. Park and a copy shall, also, repose in the Board's official records as a permanent tribute to this outstanding citizen and teacher.
 Executed this 8th day of February, 1969.

Board of Regents for the Oklahoma Agricultural and Mechanical Colleges
BURKE HEALEY, Chairman
 ATTEST
Forrest McIntire, Secretary
 —M.S.C.—

Pre-College group spends Saturday on Murray campus

Each year a group of high school seniors from the Shawnee area, who attended the summer session at Oklahoma Baptist University, participate in the Upward Bound Program. Murray State was host to this group and their advisors Saturday.

At a general session at 9:00 a.m. the students were welcomed to Murray by President Kindell and were given information about our college and junior colleges in general by Public Relations Director Kenneth Meeler, Financial Aids Director Don Martin, and Dean of Students Wayne Canaday.

After the general session the group took a Coke break and visited with other members of the college staff. Those interested in particular areas of study were given tours of that department by a faculty member and the students were given the opportunity to ask about their fields of interest.
 —M.S.C.—

To a newspaper, service to the community is always paramount. A bookstore received this request by mail: "Please send me the name of a book on hygiene. I'm afraid I have it."

LITTLE MAN ON CAMPUS

"YOU CAN'T KICK US OUT OF COLLEGE, POPS - WE AIN'T EVEN ENROLLED."

Would You Believe

By Janis James

... That dorm mothers pay rent on their apartments just for the honor of getting to live with us 24 hours a day? Wonder if teachers pay rent on classrooms?

... That dorm mothers tend to overlook a lot of things, but never more than once? Most see so much in the foreground, they let the background worry about itself.

... That dorm mothers are first mothers for nine months of college life? Real mothers just get the chance a fourth of the year.

... That dorm mothers have to be counselors, first aid specialists, postmen, telephone operators, seamstresses, maintenance supervisors, tutors, cooks, and friends to everyone? Any more?

... That dorm mothers are my favorite people?

... That Mr. Stone is becoming a "grizzly" instructor, and one does not have to scrutinize him closely to see the transformation? Rip Van Winkle started this mess.

... That Mr. Alloway and Dr. Zimmerman must be slipping since there were 12 on the President's Honor Roll, 60 on the Dean's List, and a whopping 49 new members initiated into Phi Theta Kappa?

... That those who are studying less and enjoying college more, will probably do a complete turnaround at the nine weeks... maybe?

... That the Tribesman staff has been on the war-path trying to meet yearbook deadlines? Too many chiefs and not enough Indians.

... That I voted to keep this column and got elected again?

Engineering club plans Dallas trip

The Engineer Club met last week to discuss their planned trip to LIV in Dallas. The trip is scheduled for March 11 and will include a tour and luncheon at the industrial site.

Alan Farrell, president of the club, informed the paper that club jackets have been received and distributed. The jackets are navy blue with a white emblem displaying the engineering and technology insignia.

The next scheduled meeting will be held in the engineering building on March 4.

Science club to hear guest speaker

James Telford, Science club president, urges all members to attend the meeting Thursday night, February 27.

Mr. Earl Craven, former manager of the Tishomingo National Wildlife Refuge, will be the guest speaker. The topic will be "Travels in Europe," following the Science club's theme for the semester, "Far Away Places." Mr. Craven will show slides he and Mrs. Craven took in Europe.

The Science club welcomed a new co-sponsor, Mr. Vernon Hurst.

Scribe floored by secret of Murray Aggies success

By Jackie Carter

As I was sitting in Beames Hall waiting for Coach Marvin Adams to return, I was talking to myself about the Aggies, their season, their players, and their chances of returning to the National Tournament at Hutchinson, Kansas. Just sitting there in the cold silence of the gym, I heard a strong voice say, "If you want the real story behind this year's team just ask me!" When I turned around I was startled to see no one other than myself in the gym. Again I heard, "If you want the real story, ask me! I know lots of things, but never get a chance to speak." In a short time, I found myself, a perfectly sane (or supposedly sane) individual, conducting an interview with a basketball court.

As we began talking I soon discovered that this was his first interview with a sports writer. He said he envied their easy and fun traveled life (I didn't have the heart to tell him how misled he had been). He then told me how he had seen and heard many things from many types of people during his tenure at Murray State which dates back to 1958. And then he

told me everything I wanted to know about this year's team.

"I believe this year's team would have to rank as one of the best all-around teams to play here at Murray. In comparison to last year's team, and I don't like comparisons for their lack of honesty, this season's squad doesn't have the height nor have they scored at the torrid clip per game as last year's team. But, on the other hand they have a greater balance and one of the best defenses ever played on me." I then asked him to be a little more explicit about this year's squad. He was a little shy and reluctant in his answering and I had to nearly break my back to get the answer out of him; then I was sorry, because after he got started, he rambled on and on.

"I hate to seem boastful or full of conceit but I believe I am a major cause of the Aggies' success this season. As you know, we have won ten straight home games without a loss. I think that is a great tribute to any coach. The only three games we have lost thus far have been on foreign courts, and only one of those was to a Jr. College." "Do you think this will hinder the

team when they travel to Tulsa for the Regional Tournament in March?" I asked. "It shouldn't too much, because the last few practices I have been trying to prepare the team for this."

"You see being a basketball court here at Murray would be awful boring if it weren't for the good teams produced by the coaches. I am able to devote my full time to basketball as we do not have wrestling, and just this year we have begun preparation for gymnastics. Without participation in these other sports, I am able to devote my full time to basketball. I must admit I miss not having wrestling here. It is such a fun-filled sport. I wish we could get this sport at Murray. Such enthusiasm as this I really like because everyone in the stands has their eyes beaming on me and yelling. But, regardless, back to the roundball squad."

"For the past couple of weeks I haven't been giving them quite as much and I've been just a little slower than usual also." I then wondered just how this would help the team. His explanation was precise and to the point. "First of all by reducing my floor spring I hope

to make such members as Evans (Dave), Johnson (Mike) and Fox (Darryl), be able to jump more from their spring of their own bodies than from the push I am giving them. Then when they move to the unfriendly surroundings of Tulsa, which is very partial to St. Gregory's, they won't be at a disadvantage. You know just one loss and you are eliminated for good."

I told him that was very good reasoning because I knew that the team could not afford a loss at such a crucial time as the Region II Tourney, but I didn't understand his slowing up. "You see if I slow up my speed it helps the smaller members of our team move with greater speed and finesse. You know we have the greatest defense in all of the Oklahoma junior colleges, and we were last rated 10th in the nation for our defense. This is a great tribute to Coach Adams for his instilling this basic and necessary part of the game in his players, and to myself for withstanding the pressure put to me. We know that when our shooting is sub-par we carry rely on our tight man-to-man defense."

I was really startled at this point because I never really gave much consideration to the type of court, whether it was home or away from home, that a team played on. I asked if he wished to say anything else about the team or coach before I left. "Well, I guess I should say that Coach Adams is really a fine coach to work under. We have gotten along fine this year except for his yelling at a few practices. I haven't had any trouble with his hitting me with a towel or stomping on me and kicking me. Maybe it's because of his coolness that has made us work together well this year and have such a successful season. I would like to tell all your Aggie readers that when the team travels to Tulsa, March 6, 7, and 8, that everyone possible should attend the games. The team will need all the support you can give them since they will be playing on such an unfriendly court as in Tulsa. I wish I could be disassembled and taken to Tulsa for the team to play on, but since I can't it will be up to our team and your enthusiastic support to carry them through!"

VALENTINE SWEETHEART, Janene Hilton, was escorted to the coronation dance by Larry Williamson. Miss Hilton was chosen as the student body sweetheart by popular vote.

Valentine Sweetheart Is Crowned—

Janene Hilton, Tishomingo freshman, was crowned Valentine Sweetheart during the dance held immediately following the Murray-Cornors basketball game February 13.

Balloting took place in the student union with students voting for the "sweetheart" of their choice. On the same ballot students were asked to vote for their favorite Campus Personalities, a feature of the yearbook. These selections are to be announced when the year-

books are distributed.

Fred Nichols announced Janene as the queen selection and she was crowned by Larry Williamson, her escort for the evening. Named as attendants were: Shirley Bashara, Blanchard freshman; Floetta Griffin, sophomore from Battiest; Linda Sanders, Trybille sophomore; and Joyce McCarrell, Marietta sophomore.

Music was provided by the Henchmen, and the event was sponsored by the Student Senate.

Phi Beta Lambdas to attend conclave

Phi Beta Lambdas are making plans to attend the State Phi Beta Lambda and Future Business Leaders of America convention in Oklahoma City, March 21-23.

Preparations are underway for fund raising and an official declaration of intent to enter delegates to the State contest. Delegates have not been selected as yet. The meeting is to be held in the Skirvin Hotel.

International club visits 'Big D'

Approximately twenty members of the International Club traveled to Dallas last weekend to hear Carlos Montoya, famed flamenco guitarist. After the performance members ate at a Mexican restaurant.

Weekly meetings are held by the club for persons who are interested in learning to speak Spanish. Individuals interested are urged to contact Charles Marshall.

Mixed Ensemble has busy schedule for entertaining groups

The Mixed Ensemble, a part of Sigma Phi Alpha, gave a 45-minute program for the Business and Professional Women's Club of Madill Tuesday night, February 18. A variety of songs were presented, including folk singing.

Thursday, February 20, they sang for the transfer program.

On the 27th, they will present a high school assembly in Purcell, and on the 4th of March, a high school assembly will be given in Marietta.

Sigma Phi Alpha will host a guest pianist, twelve-year-old, Kathleen Allin from McAlester, on the 27th of this month.

March 18th is the date for Mr. Monte Hoke from Southeastern State College, nationally recognized for his work in ceramics, to present a program for Sigma Phi Alpha in the Art Room at 7:00 p.m.

—M.S.C.—

Mayor wonders how to get jet fighter plane moved here

Mayor Lee Rowe was notified recently by a Navy Department representative in Washington that an F-11 aircraft would be delivered to the Ardmore air field "within the week" for the city of Tishomingo.

Now Rowe is trying to figure out how to get the jet fighter plane from Ardmore to the Murray College campus where it is to go on display. A carrier-type plane, the wings fold and its wing span may not be a problem, but Rowe wonders how long a truck bed it will take for the plane and how to avoid going under low bridges enroute here.

The aircraft is one being phased out by the navy's crack flight demonstration outfit, "The Blue Angels." A former Murray College student, Lt. C. O. "Smoke" Tolbert USN, of Reagan, was recently a member of the Blue Angels. Their phased-out planes are given to cities requesting them. Dr. Clyde Kindell, Murray president, asked Rowe to request the plane for display at the college to promote interest in the college's aviation program.

—M.S.C.—

There was a small, nicely worded ad in a Parisian evening paper. "What every young girl should know before she married. Sent in plain envelope." And in a few days each girl who ordered one received a cook book.

60 Get B's or better to be on dean's honor roll

Some 60 students representing 37 Oklahoma cities have qualified for the Dean's Honor Roll at Murray for the fall semester. To be eligible for the honor roll a student must have been enrolled in not less than 15 hours and have no grade lower than B.

The semester saw the largest number ever listed on the distinguished list.

Listed on the roll by Harold Slack, Registrar, were the following:

Tishomingo: Andrew Robert Armstrong, Rody A. Bailey, Virginia Lou Cox, Don L. Franks, Sharon Kay Goodwin, Kbosor Jatala, Anna Lou McCarthick and John Iva Upton.

Madill: Donald Gene Ayres, Larry Lewis Bostick and Jesse Lee Sandetur.

Ardmore: Imogene Baxley, Larry Wayne Franklin, Debra Lynn Kramer and Darla Jean Roberts.

Wilson: Carol Jane Brown and Mark Alan Roberts.

Wapanucka: Gary Neal Baughman, Ronald David Faulkenberry and GeJuan Dean Leverett.

Mansville: Linda Jeanne Deringer.

Coleman: Marilyn Annette Stanley and Janice Kay Whitmore.

Hugo: Michael Dean Armes and Sherra Kaye Bates.

Eagletown: Donivan Ray Bradshaw.

Harrah: Neva LaNita Busin.

Marietta: James Mitchell Caldwell.

Beaumont: Dennis Adell Chandler.

Reff: Milburn Danny Childs.

Coalgate: Wilburn Don Clapp.

Sulphur: Bernard Cleveland and Jerry Ray Edwards.

Atoka: Larry Robert Dillon.

Oklahoma City: Roger Milton Epps, Jimmy Allen Porter and Eddie Ray Scott.

Shawnee: John Anthony Farris and Freddie Eugene Karcher.

Kingfisher: Karol Wayne Finley.

Carney: Bennie Lemoine Green.

Tecumseh: Marcus Grimes.

Burseyville: Su Ann Hall.

Soper: Ronald David Hammock.

Boswell: Clela Joy Horner, Gordon Dale Pardue and Jerry Edwin Pardue.

Gene Autry: Laura Ann Howard.

Caddo: Brenda Faye Jones.

Pryor: Yvonne Runae Kindell.

Murray grad aids New Mexico blind in math, science

One member of the New Mexico Braille Service is a Murray graduate. Mrs. E. M. Chapman, Albuquerque, recently attended a workshop in Kansas to learn the Nemeth code, the braille system for the symbols of math and science. She is now a qualified Nemeth braille.

She has transcribed literary braille for the N. M. service for five years and wanted to try some more complicated phase of braille when the workshop opportunity presented itself.

Mrs. Chapman, who says she was not particularly a math whiz during her days in junior college at Murray, explains, "You don't have to be able to work the problems in math, physics, or chemistry. You just have to be able to learn the system so you can set down completely and accurately the information needed. As with all braille, it takes a lot of stick-to-itiveness."

—M.S.C.—

Poetry Press seeks student entries from over nation

Any student attending either junior or senior college is eligible to submit his verse to the National Poetry Press for their Spring Competition. There is no limitation as to form or theme, although shorter works are preferred by the Board of Judges, because of space limitations.

Each poem must be typed or printed on a separate sheet, and must bear the name and home address of the student, as well as the college address. Entrants should submit the name of their English instructor.

Manuscripts should be sent to the Office of the Press, National Poetry Press, 2310 Selby Avenue, Los Angeles, California, 90034. April 10, is the closing day for submissions.

—M.S.C.—

When the going gets tough, the tough get going.

Paden: Michael Thomas Lemonds.
Edmond: Jerry Doyle Pack.
Boise City: John David Smith.
Moore: Edward Ray Stury.
Railton: Jerry Dwayne Thurman.
Headton: Johnny Dale Welch.
Davis: Joel Mack Wilson.
Cushing: Billy Cannon Wright.
Perkins: Robert Dale Longan.
Springer: Treva LaVerne Smith.

Recruits are sought for wide open places on track team

The plea is being made by Coach Bob Nelson for any male student interested in track events or who think they have talent in one of the areas of track to check out equipment and join his team workouts. Nelson has only thirteen members now out for the team after a highly successful last season that saw most of the team graduate.

Gone from last year's Region II and Conference winning team are top performers, Ronnie Pinckard, weight man; Robert Swope, pole vault; Gary Wyatt, hurdler; Don Hatcher, sprinter; Fred Yeagley, quarter-mile; and Albert Hughes, sprinter. These positions are now wide open for this year's team.

Outstanding men for this season include Tom Turner, one of the best 880 men in junior college circles, Steve Choate, a very fine sprinter and relay man, Jerry McArthur, an outstanding broad jumper who expects to go better than 25 feet this year, Gary Farris, a hurdler with wins on his record and Gary Cope, a weight man.

In addition to the returning soph. Murray will have some of Oklahoma's finest high school track stars as freshmen. These are: Frank Washington, Wynnewood, Meet of Champions winner of the high hurdles, Tommy Taylor, Broken Bow, Meet of Champions winner of the 200 yard dash, David Smith, Boise City, a very fine all around trackster concentrating on the 400-dash, Eric Reubin, Tishomingo, a good prospect for the 440 and 800 runs, Mike Hailey, Bartlesville, a pole vaulter with a 14' high school record, and Jim Riley, Marietta, and James Fuller, Tulsa, will be new weight men.

Comparing this year's prospective team with last, Coach Nelson had this to say, "Although we have some individual performers we are expecting great things from, we definitely do not have the strength and balance we had last season. We are shallow in depth and would like to encourage anyone interested in helping us to come join us."

—M.S.C.—

Murray teams place in track and field meet

In the recent Oklahoma City Jaycee Track and Field Meet, Murray had two teams entered in the only event open to junior college competition and placed first and second in the meet.

Junior colleges could enter a special 8-lap relay that was approximately 8/10 of a mile race. Entered as the "Murray Athletic Club," a team composed of Tom Turner, Steve Choate, Greg Graham and Tommy Taylor won the first place and a team entered as "Murray State" with Jerry McArthur, Dave Smith, Frank Washington and Eric Reubin placed second.

This was the first experience for the trackmen who are looking toward track meets on March 1 in the Ft. Worth Recreational Meet at Ft. Worth, the Temple Invitational Meet at Temple, Texas on March 15, the Featherie Relays at Ranger, Texas on March 22, and the Arkansas Relays at Fayetteville Arkansas on March 29.

—M.S.C.—

ON TO TULSA!

It would be a good project for some club on campus to come up with some way of transporting a cheering section to the Region II Tournament in Tulsa on March 6-7-8. The Aggies need our support and want us there. Let's go!

TRACK WORK-OUTS are being held on the high school field while new track facilities are under way at the college. Here Gary Farris tries the low hurdles. Farris was an outstanding trackster last year.

Bob Nelson

Eastern goes to overtime before falling to Ags

Murray basketballers finished the '68-'69 conference season in one of the most exciting fashions Tuesday night, Feb. 18, when they downed Eastern A&M at Wilburton in overtime 66-58.

Trailing most of the game, the Ags kept to their smooth ball control game which has carried them through most of the year. The Aggies came on strong in the last few minutes of regulation play to tie the score 55-55 at the end of that period.

In the overtime period Elroy Simmons broke the game open for his team and the Aggies trailed by at 66-38 to take the game from the aroused Eastern Mountaineers. The win gave the Aggies an unbeaten conference record at 8-0. On the year, the nation's 5th ranked team possesses 21 wins against 2 defeats with two games remaining.

Murray had to play catch up ball throughout the game as Eastern jumped off to an early 8-4 lead. The Mountaineers built this to a 29-25 half-time lead.

Murray fought hard during the second period, but could never break on top and trailed at 54-51 before tying the game at 55-55 before the buzzer. The overtime period was a different story as Simmons put the blaze on. He scored 17 points in the game with 7 of them in the overtime. Johnson held high point honors with 25 and Toke Simpson had 10 gained early in the game that helped keep the Aggies in the early stages of the game.

Connors downed 80-71 in homer

Murray won its last home conference game by defeating Connors 80-71. The game was played at a brisk pace throughout as Murray jumped to a quick lead and held on to a 41-33 halftime advantage.

Dave Evans was the big spark in the first half which ignited the Aggies on their way to their 9th straight triumph of the year. He scored 14 points in the first half. Elroy Simmons finished the game with 18, 12 of which came in the second half as Murray was trying to keep the pace set by the Connors Aggies.

Larry Tate of Connors was tied for game scoring honors with Darryl Fox of Murray. Each pumped in 22 points.

Drop One to K-State Frosh
The Aggies once again traveled away from home and once again found the going rough. Travelling north to Manhattan, Kansas, the Aggies faced a tough and strong yearling crew at K-State, who played them at their own game of defense.

With Mike Johnson putting in 12 points in the first half, the Aggies still found themselves trailing by three at 38-35. The best was yet to come when rugged defensive play by both squads caused the scorers' averages to dwindle and the Aggies to be dealt their third road loss of the year. Never quite adjusting to the target, Murray went down to defeat 66-56. Johnson led all scorers with 19 followed by Scott and Hall of K-State Frosh with 16 each.

The loss gave the Aggies a 20-3 record and set a climactic stage for their final at Eastern last Tuesday night.

—M.S.C.—

Studying never hurt a grade. Every man carries with him the world in which he must live.

SPORTS

By Jackie Carter

Ping-pong is a virtually unobserved sports activity at M. S. C. Though the glamour of this sport is not as bright as in others, those who play it, play with as much enthusiasm as players in any sport. It is frequently played by Murray faculty members, with Mr. Vernon (even if he does move slow) boasting that he is the best. If you ever get time to challenge him and beat him, don't brag about being number one. There is another member of the faculty who being modest, wishes to remain anonymous, but can beat Vernon at least 4 out of 5 times.

While we're on the subject of games, the local recreation room is the meeting place for all the pool sharks. As you set foot into the room, you lose the feeling of being a college student and suddenly feel like a small-town boy in the city. You can always be sure of finding some willing person to play; the sharks are always looking for new fish.

Maybe action should be taken by some of the city fathers to help some of the irresponsible young adults to stay out of trouble. Thought should be given to the construction of a quarter-mile drag strip. Interest is high among Murray racing buffs for this type of program. It would give them a chance to spend their time doing something of interest.

Racing is a fine sport and in it a person cannot just go out and act silly and immature, but he must be able to handle himself as well as his car. He develops his mechanical ability as well as testing his reflexes and driving ability. A drag strip would give them the opportunity to work constructively during their spare time.

Shapje! Most times it's pitiful. Facilities are excellent and available to those who wish to better their health. A new swimming pool is near completion and there is available to the students the chance to work with weights in the basement of McKee Hall. Starting a weight program and sticking with it could prove beneficial to you. Basketball intramurals, volleyball, tennis — you name it — are waiting on you.

Girls' intramural basketball games begin March 6

Six teams are entered in the girls' intramural basketball program with games scheduled to begin at six o'clock Wednesday, March 5. Practice nights were Feb. 11, and 18th to get the teams in shape for the ruggo play, so there cannot be any excuses when a team comes up on the short end of the score.

Marilyn Stanley's "Goal Sinkers" will meet the team of Linda Zackery to start things off at 6 p.m., March 5. Nancy Holloway's "Northings" will face Mrs. Hull's "Faculty" team at 7 p.m., and the "Extra's" team will clash with Laurie Adams' "Odd Ones" to round out the first night's activities. Other games for the teams are scheduled for March 11, 12, 18, with the play off of winners set for March 19. Attendance of players for each team is of great importance, in order for games to be kept on schedule.

Indian youths to hold parley here all-day Saturday

What does the term "Red Power" mean to you? What is power?, and What is an Indian?, will be questions discussed on Saturday when high school Indian students from area high schools will gather on the campus. Seventy-five or 80 students will form discussion groups in the meeting of "Oklahomans for Indian Opportunity."

Mrs. Dorothy Bealmear, Youth Director, Bureau of Indian Affairs, will be meeting with the group as will Mrs. Dessie Hull, Murray woman's counselor, who is in charge of the day's activities.

Four different discussion groups will be formed and led by Murray students Wilma Poe, Joyce Brown, Melvin Imdichey, and Russell Beano. The groups will discuss world unrest, power, Indian identity, and leadership. The meeting will last from 9 a.m. to 4 p.m.

Spring prom is to be held on Friday, May 2

The Student Senate From Committee has announced plans to follow the theme of "Evening in the Park" for their annual dance affair scheduled for May 2.

Tom Turner, chairman of the committee, said that the formal dance will be held in the ballroom and will feature the dance band known as the "Ho-Dads." The popular musical group has been featured in the past at Murray State's prom night.

It is expected that preliminary plans and the announcement of these plans will generate interest in the party that is open only to Murray students and their dates. It is nearly a full-time job getting preparations made for the dance and good attendance for the affair is expected, according to Fred Nichols, senate president.

The dance will begin at 9:00 p.m. and will continue until 1:00 a.m. During this time a college photographer will be available for individual pictures that can be purchased through the Aggie-lite office.

—M.S.C.—

College press to meet, get awards

This Friday, March 21, the Oklahoma Collegiate Press Association will be holding its annual newspaper awards presentation program on the campus of Northeastern State College, Tahlequah.

Students attending the convention will hear speakers that are considered experts in their fields. After registering and attending a short business session, groups interested in hearing of reporting techniques can hear James Campbell, Manager, United Press International Bureau of Oklahoma City, those interested in sports writing will hear Bob Hurt of the Daily Oklahoman, or attend a session about women in journalism by Gloria Brampack, an Oklahoma City advertising executive. In a later session, students will be given the opportunity to hear Bob Ruggles, education writer of the Daily Oklahoman, John Stone, editor of the Muskogee Daily Phoenix, or Lloyd Tomberlin of the Hunter Publishing Company.

The Aggie-lite has entries in editorials, sports, features, and news categories. These entries were sent to the O.S.U. journalism department to be judged in the contest. Each year the Aggie-lite is fortunate enough to win in some area and last year won second place in editorials and third over-all. Competition includes all Oklahoma colleges.

Murray will be represented at the luncheon and meeting and awards presentation by Rudy Manley, editor of the Aggie-lite, Jeanne Deringer, freshman editor, Ross Saiz, photographer, and Jackie Carter, sports editor.

—M.S.C.—

Control of weeds to be explained

On March 25, 1969 a chemical weed control meeting will be held in the Library Science Building in Room 102, at 7:00 p.m.

Mr. R. L. Dalrymple, an agronomist with the Noble Foundation in Ardmore will be the principle speaker. All interested persons may attend.

VOLUME FORTY TUESDAY, MARCH 18, 1969 NUMBER TEN

CAST of the spring drama production, "Night of January 16th," is pictured following the opening night performance of the popular play directed by Janace Fogleman. The play was presented on March 4-5 in the student union ballroom and the audience helped serve as jurors.

Murray to host speech contest

On April 1, 1969 Murray State College will host the Southeast District F.F.A. Interscholastic Speech and Chapter Meeting Contest. In this contest the members of seventy-six F.F.A. Chapters that will be participating, will hold what they consider to be a model meeting. This portion of the contest will be judged by some out-of-district F.F.A. instructors.

The speech portion of the contest will be based on the following categories: Co-operatives, Soil Conservation, Banking, Dairy, and Green-hand.

The faculty members from the language arts department will judge this contest and are: Mr. Fred Poe, Mr. Leon Ward, Mrs. Janace Fogleman, Mrs. Katy Rood, Mrs. Alma Hogan, and Mrs. Mary Slack. Specialists from the various fields will inform the judges as to what is required from the speakers. Mr. Wendell Blair, Agriculture instructor will co-ordinate the activities.

If the last number of your 1969 Oklahoma license tag is three, March is the month for your safety inspection.

Student Leadership group and faculty will confer

Send-off assembly is given basketball team and its coach

A send-off assembly was held in Beames Hall at 9:00 a.m. Friday in honor of the National Tournament bound basketball team and its coach, Marvin Adams.

Fred Nichols, student senate president, introduced the cheerleaders who in turn led the crowd in a few yells before presenting a couple of interesting pep skits.

It was also announced that a spirit trophy would be awarded to the club, organization, or dorm that had the most present at the tournament in Hutchinson, Kansas. A count was to be made at the Friday night game, if Murray is fortunate enough to get there.

The student senate used this method of expressing their appreciation to the team and its coach.

—M.S.C.—

The nation's traffic deaths in November, 1968, totaled 5,410—a new record for any month.

Why are YOU in college?

In a recent poll taken by the Government 213 classes of Mr. Arthur Vernon, a total of 395 persons responded to questions on why they came to college. Of this total 106 were female and 289 were male students. The results uncovered a surprising bit of information about some of the questions asked.

Attaining a higher paying job was the main interest of 147 male students who responded to the poll as their number one reason for being here. The females chose as their reason to gain knowledge (education).

Each set of questions was different for males and females, but both sets were designed to gain a knowledge of why students come to college. Out of a list of nine questions submitted to each group, only the first two were of necessity

different. Males were asked if they came to avoid the military and 14% responded that they did. The higher paying job question accounted for a whopping 30.8%. Females were asked if they came to get married and only 4.44% replied positively to it. The reason to gain knowledge polled 30%. Males wanted to gain knowledge by 25.3%.

The poll showed that 74% of the males came because their parents wanted them to and 17.5% of the females are here for this reason. You might could add to these totals the fact that 2.1% males and 3.8% females came to escape their parents.

Neither of the facts shocked the pollsters though because each respondent had his own connotations to apply to the questions.

Only 4.4% males as compared to

15.2% females came because they wanted to come and 1.9% males and 4.7% females had nothing else to do, so they came along with the others. Many of these came to gain self-confidence with the females about 2 1/2% less confident than their male associates. Females wanted to broaden their social life by 6.6% while males weren't given the opportunity to respond to that.

7.6% females and 4.9% males marked the column titled other reasons as their choice. It would prove as pure speculation to try and guess any of these.

Vernon was asked to make a comment about the results of the poll, but wouldn't say anything except that he thought it was "probably

(Continued on Page 4)

Judging team wins honors at Houston show

The Murray State Judging Team has returned from the Houston Livestock Show and Rodeo with another long list of awards and trophies. The team earlier had won many honors at the Denver Livestock Show.

The team at Houston won 2nd in sheep judging, 2nd in horse judging, 3rd in swine judging, and 3rd in the over-all contest. Individuals Stephen Ratchford, Davis, and Karol Finley, Lindsay, outscored many other competitors to take away trophies and high honors from the meet. Ratchford was the second high individual of twenty-two teams there. He won second in judging quarter horses, third in sheep, and fourth in beef cattle. Finley won second in judging swine, fourth in sheep, and was named the fourth best man of the entire contest.

Other members of the team were Mike Hughes, Stratford, Bobby Jones, Davis, Roger Black, Soper, and Chester Gibbs, Davis. The team is coached by Harold Fogelman.

The trophies are on display in the president's office.

—M.S.C.—

Club moves rodeo date to May 9-10

The Rodeo Club has sanctioned a rodeo for the 9-10 of May. This is the annual sports affair for the club and will draw high school and college cowboys from across Oklahoma as it has in the past.

Club senate representative Rick Jones said that this year's activity is being moved to the earlier part of May in hopes of getting better weather conditions so crowds can attend in a little more comfort than last year. Last year the rodeo was plagued with rain and cold wind.

Each club on campus is urged to select a candidate for rodeo queen to represent them at the rodeo. The queen is annually selected by ticket sales alone. Jones said each club was permitted to keep 10% of the sales they make for their own use and the other 90% goes to pay expenses of the rodeo.

The International Club will sponsor the concession stand on both rodeo nights.

A dance will end rodeo week and it will be held in the armory directly after the last performance on the night of the 10th.

—M.S.C.—

Two from Murray get scholarships at Oklahoma U.

During the recent junior college conference at the University of Oklahoma—one point approved by the conference was the establishment of a special scholarship program for junior college students.

This scholarship covers the cost of sixteen hours for two semesters at the University of Oklahoma. The scholarship has a total value of \$384 a semester.

The two students at Murray State College that were selected to receive the University of Oklahoma Leadership Award are Mark Alan Roberts and Betty Anderson.

Roberts is a sophomore with a pre-med major. He is the son of Mr. and Mrs. Mark A. Roberts, Wilson. Miss Anderson is a sophomore with an elementary education major from Blanchard. She is the daughter of Mr. and Mrs. Vance O. Anderson, Rt. No. 3, Blanchard.

A BIT OF EARNED PRAISE—

We invite you to look forward and back at your college career to date with full appreciation of what Murray is and means to you. The quality of your education should afford confidence with the certainty that you will find true vocational happiness.

The common denominator of success—the secret of success of every man who has ever been successful—lies in the fact that he formed the habit of doing things that failures don't like to do. The things that failures don't like to do are the very things that you and I and other human beings, including successful men, naturally do not like to do. But they must be done.

Let us bear in mind the fact that men go to college primarily to maintain a comfortable standard of living for themselves and their families.

Quality instruction comes from quality instructors and it stands to reason with our many achievements as an institution thus far this year that "school is keeping." Maybe this is the reason so many people are choosing Murray for their first two years of college. We've got one of the finest of facilities of any institution in the Southwest. R.M.

WE MUST STRIVE—

It has been said that cities are corrupt and small towns are fresh, pure, and wholesome. This is definitely untrue. A city is more corrupt only because there are more people. Proportionately, small towns are just as corrupt.

In our own Texoma area, for example, and specifically Tishomingo, we have present, certain corrupt factors. Among these factors are attempted suicides, drug usage, stealing, premarital sex, and other forms of immorality.

What is to be proven by digressing to any of these methods of escape? And what is to be proven by desiring escape? It is old hat, but running away from problems seldom solves them. A responsible, mature man or woman remains to combat the problem face to face. In this way, one's problem is always eventually solved, and thus, he possesses the pride of accomplishment.

Tishomingo is a friendly community, but it is definitely not a sweet, pure, heaven-on-earth. The problem must be solved, but, being realistic, there is no one sure-fire way to do this. Yet, it can be certain that if each individual is compassionate to his fellowman regardless of race, creed, or social standing, we will see at least a small change in our community. And, at the risk of sounding banal, even say a small change is worthwhile, because "from little acorns grow mighty oaks."

Compassion is understanding and friendliness. This is not a hard state to achieve as man is basically a sociable and concerned animal. It is only the inward and outward pressures and indifference of society which pull him into a web of being seemingly unconcerned.

It is only because we are wrongly concerned with what others will think of us.

Compassion is a "sympathetic consciousness of others' distress together with a desire to alleviate it." Understanding and knowing of a problem is not enough to erase it. One must strive to alter bad conditions into better ones.

We can better our community—it merely requires conscious effort.

—Linda Crockett

LETTERS TO THE EDITOR

Dear Editor Manley:

A question has entered the minds of some students about the cheerleaders because of one of your latest editorials. The lack of variation in cheers and perhaps the wrong kind was pointed out.

You failed to mention the fact that there is an enormous lack of support from Aggie fans. This can not be blamed on any group, but on the individual. How can cheerleaders be expected to express any great desire to please the students when nothing is done for them in return?

These people so free with their criticism should ask themselves just how much have they done for the spirit of M.S.C.? The greatest chance is it wouldn't even be worth measuring. Leaders cannot lead when they have nothing of value to follow them. It takes more than just a few people to spark a college into realization that just a shout here and there cannot be called support.

Your editorial was pointed, I only wish it had been in the right direction.

Sincerely,
NANCY HOLLOWAY
Cheerleader

Editor's Note: The editorial was meant to criticize the timeliness and appropriateness of such a yell during a choral presentation that really had no connection to the athletic event. And we think that with the proper leadership our entire student body could be taught maybe four or five different yells. Mimeograph them and distribute them before the game.
—M.S.C.—

Volunteers sought for speech team

Fred Poe and Janace Fogleman are preparing a speech team to enter a junior college speech tournament at Eastern Oklahoma State College. The date of the tourney has not been officially set, but the tournament will include debate, oratory, interpretation, and extemporaneous speaking. All junior colleges in Oklahoma will be invited to enter.

Any student at Murray interested in competing should contact either Poe in room 308 or Mrs. Fogleman in room 301.

B.S.U. group at youth conference

Linda Spurgeon, Debra Tarr, Mike Mullinax and Rusty Bemo, members of the Murray Baptist Student Union, traveled to Fort Worth last Friday to attend the Youth Mission Conference held at Southwestern Theological Baptist Seminary.

There were two main sessions held. One on Friday night and Saturday morning, and a number of short meetings of which they attended and enjoyed.

It is hoped that a larger number will be able to attend the next conference.

The B.S.U. meets daily at 12:30 for a song and short devotion. All are welcome.
—M.S.C.—

Susann Canada is contest finalist

Miss Susann Canada has been chosen as one of five finalists in the Calendar Girl of the Year contest at East Central State College. She is a senior transfer student from Murray State College and was elected as Miss October on the ECSC campus. She was sponsored for the title by Zeta Tau Alpha.

Calendar Girl of the Year is one of three top titles to be obtained on East Central campus.

Would You Believe

By Janis James

... Some people think it's great to see their name in print? One of these days I hope the editor will let me donate my entire column to listing all those folks.

... It is really amazing what the girls in a dormitory will do on a Sunday afternoon? Students used to stuff telephone booths.

... That powder-puff football used to be the thing at M.S.C.? Maybe Patton Hall could challenge a combined team from Poe and Fulton.

... Spring break must be just around the corner? Already we hear gripes about the cafeteria food.

... The voice of the last cricket across the frost is one kind of good-by? And at night on the steps of Poe Hall is another.

... That not one dorm mother called to say they appreciated all the nice things said about them last issue? And they really didn't ask us to say it either.

... People almost universally agree that promises must be kept? Scan all you hear today and see if they practice what they preach.

... That veal cutlets come from pigs? Most people wouldn't, but I thought I'd try you anyhow. A secretary thinks that. Don't tell.

... We don't hear much any more on the war on poverty? Do you suppose they have gone to work? Vietnam?

... That my boss thinks we're going to win the National Tournament this week at Hutchinson? I believe everything he says. Pray for him and me too!

... It's hard to get much sleep or rest in a dorm room? A wakeful brain elaborates pain.

Class watches government in action at State House

Seeing the state capitol and hearing the Senate and House of Representatives debate on riot control measures was the highlight of a trip to Oklahoma City last Tuesday by a number of students in Arthur Vernon's government class.

The group was greeted at the capitol by State Representative Kenneth Converse. He escorted the class to the House chamber where they were welcomed by House Speaker, Rex Pittett and introduced to the House and spectators en masse. After listening and watching a short session of committee debate, the group toured the Historical Society Building across the street from the capitol. Here, they stayed

an hour viewing the various antiques and artifacts, many of which were beneficial in Oklahoma territorial and early statehood days. The group returned to the capitol building to have lunch in the cafeteria.

At the afternoon session, the class was provided a sound proof room overlooking the House chambers and a lecture was provided to explain functions and procedures of the House. Converse also addressed the group and answered questions about various bills that will soon be before them. After watching the representatives work, the group moved on to the Senate room and observed proceedings there.

Scotty Landgraf receives Noble Foundation award

At last week's meeting of Phi Theta Kappa Scotty Landgraf was presented the Samuel Roberts Noble Foundation Award for outstanding achievement in the field of agronomy while attending Murray State College. The award, a \$300 scholarship, was presented on behalf of the Ardmore foundation by Wendell Blair, agriculture departmental chairman at Murray.

In presenting the award to Landgraf, Blair explained to the group that the award was for scholastic achievement in the science option and that it was presented to the recipient during the second semester of the sophomore year. At that time, he said, \$100 was awarded and upon transfer to Oklahoma State University, Landgraf would receive \$200 per semester during his junior and senior year.

In lauding Landgraf for his accomplishment in winning the award, Blair said that minimum requirements read that the winner must have completed at least 30 hours with an accumulative grade point

of 3.0 at Murray and must have selected agronomy (science option) as his curriculum or be qualified to pick up the study at O.S.U., maintain a 2.72 grade point average his junior and senior years and possess those qualities of personality and character that reflect credit on his chosen profession and college.

The Samuel Roberts Noble Foundation has been a leader in agricultural improvements for many years in southeastern Oklahoma. It is presently engaged in biomedical research and agricultural consultation and research.

A bill has been introduced in the California General Assembly which would limit wheel chairs and invalid tricycles to speeds of 15 miles per hour.

In Portersville, Pa., the local newspaper carried this admonition for its readers, "If you do not wear seat belts, be sure to wear a soft felt hat to protect your ears as your head goes through the windshield."

Win Regionals with Simmons & Johnson on All-Tournament Team;

Aggies go after National title today

WINNERS AGAIN and Again and Again! The Murray Aggies received the championship trophy for the third time this year in downing Phillips of Arkansas to take the Region II Tournament last week 77-71. Earlier the Aggies won the Texoma Tournament and the National Invitational in El Centro, California.

Howard J. C. is first opponent at Hutchinson, Kans

The Murray State Aggies, ranked sixth nationally with the Region II Jr. College championship to their credit, begin first round play this afternoon in the National Jr. College Tournament at Hutchinson, Kansas. The Aggies will meet Howard County, of Big Spring, Texas at 3:30 today in the opening round of the National Tourney. A win would place the team into the quarter-finals at 9:30 p.m. tomorrow night. The Aggie squad finished 3rd in the National Tourney last season, losing only to eventual champion San Jacinto, Texas, by one point.

The Aggies, owners of a 26-4 record, for the second year in a row clinched a berth in the National Tourney by capturing the Regional II crown. The top-seeded Aggies downed Phillips, of Helena, Arkansas, 77-71 in the finals.

Breeze Past Southern Baptist

Murray opened the Regional II Tourney by defeating Southern Baptist, of Walnut Ridge, Arkansas, 95-64. The Aggies raced to a 29-9 lead with nine minutes gone in the game then extended it to 36 points at 7:37 with 10:32 left.

All-American candidate, Mike Johnson scored 25 points as the Aggies picked up their 24th victory of the year. The loss ended Southern Baptist with a dismal 5-20 record.

Adams cleared his bench early in the game, and 10 players finished in the scoring column. Darryl Fox hit 22 for the Aggies and Guy Berry contributed 13.

Murray-Eastern

In the second round Murray seemed to do a complete turnaround of the night before. Playing Eastern State College, who defeated St. Gregory's of Shawnee the first night 83-82, and whom the Aggies had defeated twice previously this year, neither Murray nor the Mountaineers were able to score at the rapid rate of the first game.

With 15:01 remaining in the first half Murray found itself trailing for the first time in the tournament, 2-0. The Aggies fought back and with 10:00 minutes left in the half possessed a 5-4 lead. A free throw by Sam Sibert of Eastern tied the game at 5-5 and both teams exchanged baskets before Murray could pull out an 11-9 lead with 6:00 minutes remaining.

Poor outside shooting plagued both teams as the score ended 19-19 at the half. After intermission the Aggies were able to pull themselves up enough to overcome the Mountaineers by a final 56-47 outcome. From the floor Murray shot a cool 41% while Eastern could manage only 21%. Eastern star, and all-tourney team selection Earnest Pettis managed only 12 points against the strong Murray defense. The Aggies had 3 men in double figures, led by Johnson with 18. Elroy Simmons and Fox each added 11 and 10 respectively, while Berry clipped in 7 points before fouling out. In the other semi-final game, Phillips overcame an 8 point halftime deficit by scoring 13 straight points at the start of the second half, then earned a hard fought 105-97 overtime victory over Commers.

Finals a Thriller

The finals pitted the tournament's leading scorer Almer Lee of Phillips against the tourney's best defense and was a thriller as expected.

Murray, working for consistent early shots around the bucket, gained (Continued on Page 4)

SPORTS

By Jackie Carter

Next intramural activity to be conducted will be either an eight-ball or snooker tournament. One previous pool tourney was held this year with Ted Pickard of Blanchard defeating all opposition. It seems two in a row would be a most difficult task to accomplish.

In making amends to an earlier edition about health and fitness; it seems that although space is available for the men of McKee Hall, weights are not. Persons who have their own weights can use the facilities that are there, however.

Wanda Candler and Laura Howard recently won the Student Senate Spade Tournament which increased their pro earnings by \$15. They easily defeated Tommy Garrett and Jerry Brown who took the second place money of \$10. I had to settle for third with my partner, Fred Wheeler. It was my partner's fault.

Murray State's women's basketball team with Marilyn Stanley, Janice Whitmire, Elsie Troutman, Sharon Gale, Wilma Poe, and Joyce Brown as starters will enter an AAU tournament at Moore the 27-28-29 of March. About 20 teams will enter and a first, second, and third place trophy will be presented. There also will be a trophy for the most valuable player. Dessie Hull is the coach.

Baseball season is under way and thus far the only clear, warm days have been on practice days. Now that games are under way, old Mr. Sun won't cooperate. At the first game against Grayson County the temperature dropped from about 60 to 35 degrees within an hour. Maybe by May frostbite will leave us alone and the sun will decide to help us out.

NAMED TO THE FIRST TEAM as center of the Region II Tournament and also named Most Valuable Player of the tourney is Mike Johnson, San Francisco sophomore who has paced the Aggies in three tournaments this season. Johnson was named MVP of the National Invitational and Regional II. Teammate Elroy Simmons, Ft. Worth sophomore also was named to the Regional II team as guard. Simmons earlier had been selected as MVP of the Texoma Tournament. An all-conference team is being selected by the coaches and will be released next week.

Mike Johnson a spark plug for victorious Aggie team

Mike Johnson, 6'-5" Murray State forward from San Francisco, California, has just led Murray to its second consecutive Oklahoma JUCO Conference championship. Johnson was the main spark in Murray's perfect 8-0 conference record and 26-4 season.

Johnson, for the second year in a row, heads the Regional II all-tournament team. Mike was select-

ed the Most Valuable Player, also for the second year in a row, as he scored 66 points in 3 games. One other Aggie was selected to the all-tourney team. He was guard Elroy Simmons. In the finals Simmons scored 15 points and had 9 rebounds while contributing 5 assists.

Other players chosen were: Almer Lee, Phillips; Earnest Pettis, (Continued on Page 4)

Childs elected president of Phi Theta Kappa

Danny Childs, a Roff agricultural economics major, was elected president of Phi Theta Kappa for next year at a recent meeting of the club. Those elected to assist Childs in the activities of Phi Theta Kappa next year were vice president, David Smith, a social science major from Ardmore; secretary, Carl Blackburn, an English major from Duncan; Jerry Thurman, Student Senate Representative, an electrical engineering major from Rattan; and Brenda Jones, Reporter, a drafting and design major from Caddo. These newly-elected officers will have the responsibility of guiding the largest Phi Theta group at Murray State.

Wendell Blair presented a \$500 scholarship certificate to Phi Theta Kappa Scotty Landgraf for his outstanding achievements in the field of agronomy while attending Murray. The award was provided by the Noble Foundation of Ardmore.

The remainder of the meeting was devoted to the plans for the Murray delegates to the national convention of Phi Theta Kappa, which will be conducted at Columbia, Missouri, beginning April 13, 1969, until April 15. Five delegates from Murray will accompany Mr. Kenneth Meeler, one of this year's sponsors, on the trip. The delegates are President, Linda Sanders; Secretary, Betty Anderson; and the newly-elected President, Secretary, and Student Senate Representative.

—M.S.C.—

Basketball—

(Continued from Page 3)

ed a strong momentum and built up a slim 39-33 halftime lead. The Aggies were able to toss in 13 of 17 from the charity line.

Phillips remained in strong contention from the outside shooting of Lee, who had 15 points at intermission, and Ray Wilkerson who had 10, 6 straight from the free throw line. The second half was evenly matched as both teams scored 38 points.

With Murray leading 73-69 with 34 seconds left, Tom King sank 2 free tosses to put the game and the Regional II championship on ice for the Aggies.

Lee was the leading scorer with 27, followed by Murray's Johnson with 23, Fox with 21, and Simmons with 15. As a team Murray hit on 25 of 44 for 57% from the field. With Phillips also pumping in 25 field goals, the Aggies' six point advantage came at the charity stripe where Murray connected on 27 of 39 compared to 21 of 37 for Phillips.

Janace Fogleman

Janace Fogleman is selected as 'Teacher of Year'

Unit O.E.A. Teacher of the Year honors have been bestowed upon Janace Fogleman, speech and English instructor of the language arts faculty.

Each year the Oklahoma Education Association fetes the honor recipients at a banquet held in the spring in Oklahoma City where a state-wide selection is made to receive the honor. Mrs. Fogleman will represent the Murray chapter of the O.E.A. at the selection banquet. Dr. Beulah Zimmerman was last year's selection.

Since coming to Murray in 1967, Mrs. Fogleman has become a favorite instructor with students and faculty. She has served as a student senate sponsor and worked as drama club co-sponsor. Her latest work with this group was in the presentation of "Night of January 16th," which required many of her after class hours.

She has taught in the public schools in Oklahoma, Tennessee and Kansas. She received her B. A. degree at Northeastern State College, Tahlequah, and has done graduate work at Wichita State University. She is also a member of the National Education Association.

Class may witness Mummies production

The 213 Introduction to Literature classes of Mr. Poe and Mrs. Hogan are entertaining the idea of attending a production of Henrik Ibsen's "Hedda Gabler" at the Mummies Theatre in Oklahoma City. The play production runs from April 4 to April 27. There are no final dates set, but it will be during these dates. Several other classes have visited the Mummies Theatre. The music classes saw "The Sea Gull," a short time ago. This affords the student a professional look at play production and gives him a better understanding of the story which he wouldn't otherwise get from just reading.

—M.S.C.—

Goal Sinkers are leading women's intramural play

Top teams are breaking away from the others in the current sessions of women's intramural basketball. The top team at present seems to be the Goal Sinkers with Marilyn Stanley as captain and top scorer. Running them a close second is the Faculty with Dessie Hall acting as captain. Both of these teams have proven their ability on the court and both are undefeated. The Sinkers have more height and a little more shooting power.

One record must go tonight though when these teams clash at 7:30 in Beames Hall to decide which is the best and which can remain undefeated.

The best team in the league will have their names engraved on a plaque which will be placed in the trophy case in the gymnasium. The members of the winning team will also receive individual trophies for their effort in intramural play.

The intramural play-off tournament will begin on April 2.

—M.S.C.—

Mike Johnson—

(Continued from Page 3)

Eastern; and Curtis Ford, Connors. Johnson, an all-city and all-state player at George Washington High School, San Francisco, is considered one of the finest basketball players to lead a mid-western junior college.

During his two years at Murray State, Johnson has 1,353 total points to lead teammates with a 54-9 team record for the two years. His freshman season, the team won the Texoma Junior College Tournament, finished first in the Oklahoma JUCO Conference, won the Region II Tournament which gave them a berth in the National Tournament at Hutchinson, Kansas, where they finished third losing only to San Jacinto, Texas by one point.

Mike was named the Texoma Journal's Most Valuable Player and named to the second team of the Region II all-tournament team. His freshman year he averaged 19.8 points per game and had a 15.1 rebound average.

Returning to Murray as a sophomore with more confidence, Mike boosted his average this year to 25.6 points per game while hauling down an average of 13 rebounds. The height of the season, for Johnson, came while leading Murray State to first place in the National Invitational Tournament at Imperial, California. The big forward was named the Most Valuable Player of the tournament and was placed on the all-tournament team. In the three games of the N. I. T., Johnson hauled in 54 rebounds for the tournament record and scored 119 points to set a tournament scoring record. In the finals of the N. I. T., Johnson set a one game tournament record while scoring his own personal high of 48 points and getting 22 caroms.

Ex-wrestling coach twists clay; Pot party held by Sigma Phi Alpha

If you ever considered being a potter or had the desire to work with clay and kilns, you should have been at the meeting of Sigma Phi Alpha last Thursday night.

Mr. Monte Hoke, a faculty member at Southeastern State, presented a demonstration and lecture to the group about molding pots and the work of various potters around the United States including Indian and white artists.

During the talk, Hoke, molded a pot from a potter's wheel that he had made. His discussion centered around the fact that molding is a relatively inexpensive mode of art and by scrounging around for pieces of equipment it takes very little investment to produce the finest pieces of pottery.

Hoke is a native of Michigan and spent fifteen years as a high school wrestling coach before turning his efforts to the art area.

New to the faculty at Southeastern this year, Hoke spent the four previous years as high school wrestling coach at Del City. He became interested in teaching art and pottery while at Del City and produced many state contest winners while there. His own personal production has been over a ten year period, but he always wanted to teach pottery on a college level.

His pottery and art work has national renown and has been displayed over the entire United States. He said that the most expensive pot he ever sold was \$150 and the cheapest was one he gave away.

Some of the pots he had on display for the group were priced from \$7.50 to \$45. He said "It's mostly a man's world because women didn't like to get their fingernails worn down by the abrasive clay."

He was presented to the group by Larry Milligan, M.S.C. art instructor.

—M.S.C.—

Ag students help in area junior livestock shows

Several Murray Agriculture students have been in demand during the past two weeks in many junior livestock shows and contests across southern Oklahoma. On Saturday, March 1, Wendell Blair accompanied Gary Crane, Waco Bridenstine, Rick Jones, Danny Childs, and Tom Vietzhe to Pauls Valley, where the students served as contest officials for the livestock judging contest which was won by the Lindsay F.F.A.

On Friday, March 7, a group of students composed of Karol Finley, Stephen Ratchford, Chester Gibbs, and Bobby Jones traveled to Duncan to conduct a contest for that area.

Judging showmanship at some of the area shows has been Karol Finley at the Johnston County show, Stephen Ratchford at the Carter County show, and Mike Hughes at the Murray County show.

Litter doesn't throw itself away, litter doesn't just happen. People cause it—and only people can prevent it. "People" means you.

Keep America Beautiful.

Murray salutes the F.F.A.!

Who's Who set will be feted at dinner April 9

Next Wednesday night at 6:30 the college will host Murray State's members of Who's Who in American Junior Colleges at a formal dinner in their honor.

Sixteen students from our campus were honored as recipients of the award this year. They were selected on the basis of scholarship, character and participation in student activities.

Dr. Clyde Kindell, president of the college, will address the group on the necessity of high scholarship and Dean Wayne Canaday will talk briefly about student activities.

Other members of the college staff invited to attend the dinner included departmental chairmen and administrators.

—M.S.C.—

Delegation to attend conclave

On April 13-15, Linda Sanders, Betty Anderson, Danny Childs, Carl Blackburn, Jerry Thompson and David Smith will be accompanied by Kenneth Metzler to the National Convention of Phi Theta Kappa.

The convention will be held at Columbia College, an all women's college, at Columbia, Missouri.

The trip to the national convention is the best trip any Phi Theta Kappa can experience as a member of the organization, says the club president, Miss Sanders.

The Murray club members will have the opportunity to meet other Phi Theta Kappans and to discuss their college experiences as members of the honorary group. In fact, the purpose of the meeting will be to acquaint all chapters of PTK with activities occurring on a national scale.

After returning from the national convention the group will attend the state convention to be held April 26. This group will meet at St. Gregory's College, Shawnee.

—M.S.C.—

Popular bookstore manager resigning to be near spouse

One of the most popular college staff members will be leaving her position on April 15. Berniece Cleveland, bookstore manager, has resigned her position to join her husband, Eldon, who has taken a new position as area extension entomologist for five Oklahoma counties with headquarters in Cordell.

Mrs. Cleveland came to Murray on January 1, 1967 to be bookstore manager after the death of Mrs. Rubye O'Bryan. Since that time she has been friend and counselor for many who stopped by the union store to visit with her. She shared mutual problems with many of them by having enrolled in many classes while at Murray. Her plans now include becoming a part-time instructor at Oklahoma School for the Deaf, Sulphur, until the end of the current semester when she can join her husband in Cordell. She plans at that time to enroll at Southwestern State College to continue her education.

The Cleveland's are the parents of two; Bernard, a Murray State freshman, and Steven, a junior at East Central State.

Mrs. Carolyn Canaday has been working with Mrs. Cleveland for the past week and will assume her duties on the 15th. She is the wife of Murray Dean of Students Wayne Canaday.

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY TUESDAY, APRIL 8, 1969 NUMBER ELEVEN

The Murray Aggieelite

1,100 members meeting here for district contests

Today Murray State College is playing host to the second portion of the Southeast District F.F.A. Interscholastic Contest. Last Tuesday, April 1, the first portion of this contest was held; this included the speech and model chapter meeting contest.

The second part of this contest will include approximately 1,100 F.F.A. members from about 55 chapters. Seventy-six of these make up the Southeast District and the remaining participants are chapters that were invited to the meet. Mr. C. A. Collins, Southeast District F.F.A. Supervisor, will assist Mr. Wendell Blair and Mr. Harold Fogleman in co-ordinating the activities of the contest.

The contest will be divided into the following categories: The crop judging and identification will be judged by Mr. Tom Carey, Guthrie F.F.A. Advisor. The horticulture judging and identification will be conducted by Mr. George Hedger, horticulturist with the Noble Foundation in Ardmore.

The poultry judging contest will be conducted by members of the poultry department from Oklahoma State University. The dairy cattle judging contest will be judged by members of the dairy cattle judging team, also from Oklahoma State University.

Mr. Vernon Hurst, science instructor at Murray, will assist in the entomology judging contest. The farm shop contest will be judged by Mr. Joe Reid, engineering and technology instructor at Murray. The rural electrification portion of the contest will be conducted by Mr. R. B. Briscoe and Mr. Gary Brown, also engineering and technology instructors at Murray.

Mr. Ronnie Sullivan, Southeast Electric Co-operative and Mr. Joe Naumker, agriculture mechanics specialist for the State Department of Vocational-Technical Education.

Library gets new shelving

On Monday, March 31, there were some pretty confused people on the Murray College campus. The library had been rearranged and all of the old metal shelving had been replaced with much more attractive hard-rock maple shelving.

However, the shelving, ordered last fall, arrived disassembled and Tom Taylor, Otis Russell, George Erichsen, and Chisholm Underwood had to devote the good part of three days to assembling it. While this was going on the three librarians, Mrs. Mahoney, Mrs. Alloway and Mrs. Ream were busy taking all the books from the old shelves and getting them ready to put in the new shelves.

The periodical room will be moved over to the new wing of the library; and the old periodical room will be turned into a listening room. The addition of this new wing will double the size of the library.

The library has been rearranged according to the Library of Congress Classifications. This arrangement provides study tables close to the various areas of knowledge. The new wing of the library will provide individual study carrels for the serious students.

In addition to the new shelving, a seven part check-out desk, also of hard-rock maple has been provided. This new desk will make it easier for the librarians to handle all the incoming and out-going books.

Pollsters find prep schools ideas are similar to college

By Rudy Manley

The last edition of the Aggieelite carried a poll conducted on campus by the Government 213 class of Arthur Vernon. The poll carried interesting results of 395 college students on why they came to college.

The poll offered such information that males chose to come to college to obtain a higher paying job by some 30.2% and females chose to come to gain knowledge by 39%.

Pollsters Ron Meyers and Marc Garrett were so intrigued by the results of the poll they persuaded Vernon to make arrangements with Tishomingo High School Superintendent Pete Littlepage to allow them to conduct the poll among sophomore, junior and senior students planning to attend college. The results would give them comparisons of any trend changes between what a high school student thinks he sees in attending college and what he actually experiences after at least one semester of college work behind him.

A total of 193 high school students responded and 105 of these were males. Of this 105, 32 or 29.3% agreed with their college contentment, whereas that to obtain a higher paying job would be their purpose. The 88 females were close to the college set with 23.8% choosing to gain knowledge. High school males wanted to gain knowledge by 26.03% while college males chose it by 25.2%. High school females were asked if they would come to obtain a higher paying job.

Other questions submitted to the younger group produced very similar results.

(Continued on Page 3)

TWO MOSS F.F.A. members help Wendell Blair, agriculture chairman, set interscholastic trophies on display. District and invited F.F.A. chapters are competing today for some 60 top trophies and awards.

Former Students to hold annual banquet May 17

Murray State's former students will hold their annual banquet on May 17 in the student union ballroom, according to Thomas G. Taylor, president of the alumni group.

Taylor said that Dr. J. Stanley Clark, a professor at Oklahoma Christian College, former director of the Federal Aviation Agency in Oklahoma City, and former Murray student will give the principal address at the dinner meeting scheduled for 7:30 p.m.

Former students are urged by Taylor to get their reservations in as soon as possible. Tickets for the affair will be \$2.50 each and may be obtained by sending cash or check to Kenneth Nichols, Murray State College, secretary of the organization.

—M.S.C.—

Last rites are held for Dennis Dunn

Graveside rites were held Monday, March 31 at Hopkinton, Massachusetts for Dennis Dunn, 19, a sophomore at Murray State majoring in physical education. Dennis died of cancer of the kidneys after a lengthy hospital confinement in Hopkinton.

He was born and reared in the Boston area and came to Murray on the suggestion of a friend from his hometown who had been a student here earlier. He went home for Christmas vacation, became ill and was hospitalized for what was diagnosed as cancer.

While at Murray, Dennis served as a proctor in Haskell Lucas Hall his freshman year and was active in the drama club's stagecraft class.

His parents are Mr. and Mrs. William Dunn, 200 W. Main, Hopkinton.

Bar-b-que 'san' under canvas is on menu for today

The Aggie Club of MSC will have a tent on campus today to sell and serve bar-b-que, drinks and bar-b-que sandwiches. The club is using the proceeds of sales from this venture to provide funds for their annual FFA banquet.

Club members will have the full responsibility of manning the booth and preparing the food for sale. All FFA students on campus today for the interscholastic meet are invited to stop by the tent for lunch.

Sighs and signs of spring in abundance on campus

By Linda Crockett
Green leaves and grass are springing up, peach blossoms spill their clean fragrance thru the air, and days are more often now filled with the warm scent of sunshine, and refreshing coolness of wind.

Robins and woodpeckers are joining sparrows now in hopping, flying, searching for worms, and chirping spring melodies.

Smiles erop up on faces more frequently now; peoples' hearts are lighter, despite the constancy of problems.

Young couples stroll hand-in-hand, speaking silently, and thrilling to the beauties of Mother Nature.

Soon carefree people will pack picnic lunches and take a pleasant Sunday afternoon ride to Devil's Den, or other favorite spot.

All this is spring and spring fever. This and more-like students sitting, chin-on-hand, dreamily gazing out dirty classroom windows, wishing to be outside with the sun on their backs and the wind de-lightfully mussing their hair, and perhaps, trying again that favorite fishing hole.

Spring, also, means to the housewife, the task of spring housecleaning. It's wash and scrub, sweep and dust, from attic to basement. It's

beating rugs, rehangng cleaned drapes, and always preparing meals and caring for children.

Spring brings with it, too, the most important of Christian festivals, Easter, which commemorates the resurrection of Christ, and corresponds to the Jewish Passover.

The word "Easter" in English comes from the dawn goddess, Eostre. Easter does not occur on a fixed date. It was decided in 325 in the Council of Nicaea that Easter should be the Sunday after the first full moon following the vernal equinox, which occurs about March 21. Easter is never earlier than March 22 nor later than April 25. This year, of course, it occurred on April 6.

Other religious holidays preceding and following Easter are Ash Wednesday, the seventh Wednesday before Easter and the first day of the Lent, and Holy Week, which is the week before Easter and includes Palm Sunday, Maundy Thursday, Good Friday, and Holy Saturday.

We have already enjoyed our spring vacation and Easter weekend with its sunshine, cleaning, rest and good times and now once more we place our noses to the ground, and go back to the salt mines.

YOUR NEXT STEP IS IMPORTANT—

With this semester rapidly coming to a close, it is time for many graduating sophomores to be taking interests in another college. While it is true that not all of the sophomores will want to attend college elsewhere, they should ask themselves just exactly what they want out of life. Getting in too big of a hurry at this time could be a costly error.

While it is not true that every person who drops college will be a bum for the rest of his life, it is true that a college education will give him a better opportunity to support a family, or lead a more comfortable life.

Choosing a college is a very important decision to make. The prospective junior should learn something about the college he wishes to attend. Turning down a college because old friends did not attend there or are going someplace else is not a very good reason. New people offer new friendships and new challenges. Meeting these may be a big job, but with two years of experience, things do not really look so dull.

Think about it.—R.M.

WHAT'S GOING ON—NOW?

Every now and then when one asks the question "Why?" when trying to come up with an explanation for some of the events of today, he might come up with better answers by going back to some pages in history.

One of our readers has passed along one page of history, recently printed in one of the state's newspapers, which could explain some of the more current events. From a file on "Communist Rules for Revolution," which was obtained by the armed forces in Dusseldorf, Germany, back in 1919, were these words of direction to the revolutionists:

"A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.

B. Get control of all means of publicity and thereby:

1. Get people's minds off their government by focusing attention on athletics, sexy books and plays and other trivialities.
 2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
 3. Destroy the people's faith in their national leaders by holding the latter up to contempt, ridicule and obloquy.
 4. Always preach true democracy but seize power as fast and ruthlessly as possible.
 5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.
 6. By specious argument cause the breakdown of the old moral virtues: honesty, sobriety, continence, faith in the pledged word, ruggedness.
- C. Cause the registration of all firearms on some pretext with the view of confiscation of them and leaving the population helpless."

The above was first printed by the Bartlesville, Examiner-Enterprise back in 1919. Does anyone still wonder what's behind some of the disorders of today?—J.D.

Goal is good, how to get there still not found:

Communication gap still exists?

"What we have here is a failure to communicate." This is the famous line from a recent and popular movie hit, "Cool Hand Luke." This movie was a smash with college students and the line is frequently heard around the campus today, but of late it has had a significant meaning.

The Student Leadership Conference established a few weeks ago to allow students a voice in college affairs was (or has been at least) an over-exaggerated method of gathering ten or so students and faculty to sit around and agree with each other that we all agree with each other.

The panel was established to give the students a voice in dealing with problems and frictions that arise between the "educators" and the "educated." It was agreed the panel would meet twice a month unless a special meeting was deemed necessary.

Any of the ideas of the panel have yet to be presented to the faculty and as of now it seems the ideas of the group are kept within the group. The whole idea is really nothing new, but one that several other colleges and high schools around the country have put into practice. Most have proved to be of no success for the same reason—follow the leader and join the group.

Of course, it is perfectly possible to maintain ideas without garbage labels, and to open the minds of students by seeing that they hear both sides of every case. The two most prominent faculty participants are Dean of Students Wayne Canaday and foreign language instructor Charles Marshall who both agree that they are hoping for something fruitful to develop from this type of forum.

This panel could be the most effective group on the campus and it could, also, well be the biggest flop ever attempted. The success or failure depends entirely upon the cooperation of the students and instructors. If a student has a complaint which he refuses to bring up before the panel for discussion he is defeating the purpose of the whole set-up. In the same respect, if an instructor refuses to discuss his problems the panel will fail.

It is hoped that the panel will add insight to some of the campus problems, but with the following example, it will take some extra thought: The question was asked, "Are you prejudiced?" and the answer followed, "I could answer no with a perfectly good conscience, for I had just made up my mind that I am a convert to the 'civil rights' movement spreading from California to New York." And from here it went, "I agree with Jack." "Yes, I agree with Jack." "Yes, Jack said exactly what I wanted to say."

Jack didn't even know what he had said.

—M.S.C.—

Benham gets grant for higher math, physics course

Mr. Ralph Benham will be at the University of Washington, at Seattle eight weeks this summer, from June 15 till August 15, studying advanced physics and mathematics. This will be sponsored by the National Science Foundation for junior college physics teachers.

Mr. Benham thinks that this will be an opportunity to learn some of the latest methods and developments in the science field. He also thinks that this will be an opportunity to associate with physics teachers from other junior colleges and learn some of their methods of teaching and of their activities.

Would You Believe

By Janis James

... Report is that if the Russians do not increase the output of babies in 300 years the Russians will become extinct. If so that will solve one of the world's problems.

... The average person knows more about sports than he knows about government. Too many know nothing about either.

... Marriage will sober those who are intoxicated with love. A woman loves a dog because it can't talk back and finds no fault with her.

... There is not another individual in the world with whom you agree entirely on every subject. Leadership conference participants are no exception.

... It is difficult to secure your rights without others believing you are interfering with their rights. When a man thinks he is right and a woman thinks she is right it takes a lot of arguing to prove the man wrong.

... The less clothes a woman wears the more it costs to dress her. We learn more from observation and experience than any other way of learning.

... Wise is the man who buries his mistakes and seeks new ways to make new mistakes.

... Ever since the first dollar was made the problem has been the equal distribution of it. According to newspapers around the state, teachers are worrying if their time will ever come.

... No one is better misinformed than the guest at a Murray club meeting. The problem in every family is knowing which one is the genius.

... Too many people spend time like they do money—for nothing. It couldn't be more obvious than at conferences where nothing is accomplished.

... Mr. Vernon wants to get his chauffeur's license so he can drive the college bus. Too many family trees have produced nothing but nuts.

... Mr. Poe must be worried about something. One day he takes charleston lessons from Mrs. Hogan and the next day he jogs. It's funny to watch him do either.

... Students who circulate petitions about one thing or another can easily find others who are willing to put their names on it. Somebody said if they were to sit on the front sidewalk, it wouldn't take long to have fifty others join them. They wouldn't even ask why.

LETTERS TO THE EDITOR

Dear Editor:

There has been some discussion over some instructors' policy of assigning term papers to students who do not join their particular club. Some people feel that it is to the discretion of the instructor to make outside assignments, whatever they are. The instructors don't do this to hamper the student or to take up time; they do it to try to teach us. They could just as easily make it imperative for us to do both, instead of giving us the advantage of choice. This may be one of the many advantages that we have overlooked concerning this policy, and all the advantages revolve around one idea—teaching us more about the subject we are studying, and making it interesting, and easy for us to learn.

First of all, we will be familiarized with current happenings that are pertinent to the subjects we study in class, whether it be by discussion, or research.

This policy allows you to asso-

ciate with people who share the same interests as you, will allow you to take a more active part in campus life, and will create new interests in the lives of many students. It gives you an opportunity to know your instructor and the librarians better. This will be of great help to many students who shy away from asking help from their instructor, and therefore, they try to wade through the difficulty alone, and often their problem goes unsolved.

This policy will improve you scholastically, for it allows you to learn more than you would just by attending class. It allows you to take a more active part in campus activities and associate with more people with the same interests, to make new friends, and create new interests, to become familiar with the library facilities and workers, teach you the correct way to prepare a term paper, and will improve the instructor-student relationship which makes Murray an outstanding college.

Sincerely yours,
BECKY GRAVES

Marine Corps has new program for college men to obtain commissions

Phi Thetas to host high school seniors at Murray

The Murray State chapter of Phi Theta Kappa, national junior college honorary fraternity, will be host to selected high school seniors on a visitation weekend beginning Friday morning.

The campus chapter has 86 members. Each is to invite a high school senior from his or her town who has indicated interest in attending Murray State.

Registration will begin Friday, April 11, and be followed by a dance that night. The dance will be in the ballroom from 8:00 p.m. to 11:00 p.m.

A special program for the seniors has been arranged for Saturday morning. After lunch, there will be group discussions of various phases of college life.

The weekend winds up with a picnic Saturday afternoon.

Kenneth Meeler, faculty sponsor, said this is the first time the organization has sponsored an event of this kind. If successful, it will probably become an annual affair, Meeler said.

—M.S.C.—

NOTE TO STUDENTS:
PLEASE BEAR WITH US!

The long awaited day has finally arrived. Today a large truck backed up to the door of the library and unloaded many cartons of new furniture for the existing wing of the library. This furniture was ordered last fall and we have been anxiously awaiting it. It was ordered from Myrtle Desk Co. and was made in their factory in North Carolina.

Included in this shipment was a large check-out desk consisting of seven units to take care of the books coming in and going out of the library. There is a new book cart, stools, a dictionary stand and all new shelving. The metal stacks will be replaced with new hard-rock maple shelving finished in cinnamon.

When all these things are in place the library will be much more attractive, but, until then, all the books must be moved, all shelves must be put in place and when you ask us where to find a book, WE may not know. After submitting you to the construction of the new wing it seems unfair to ask you to bear with us again, but it will all be over soon—and we think the end results will be worth it.

Librarian
MURRELLE MAHONEY
—M.S.C.—

ENGINEERS TO VISIT DAM

On April 19, the Engineering Club of Murray State will take a field trip to the Denison Dam. The purpose of this trip is to give the members of the club an opportunity to inspect the hydro-electric generating plant of the dam.

President Alan Farrell will assist the sponsors, R. B. Briscoe, Gary Brown, and Joe Reid, in co-ordinating the activities for the field trip.
—M.S.C.—

4-H DRESS REVIEW HELD HERE

Blue, red and white ribbons were being displayed by some 400 county 4-H members as they paraded about the Murray campus last Wednesday during their annual 4-H Club dress review.

Gay Beard, Johnston county agent, and Vera Taylor, county home economist were in charge of the day's program which included all schools in Johnston county.

Wiley Hacker, Fishemingo businessman, served as judge for the review.

The Marine Corps has just made available a new program through which qualified young men without a baccalaureate degree, may become commissioned officers in the U. S. Marine Corps. The new program, appropriately named the Officer Candidate (Scholarship) Program, sets forth all the prerequisites whereby a student desiring officer training may submit his application for enrollment.

Enrollment requirements are the same as those for Officer Candidate Course, for both ground and aviation assignments with the following exceptions:

(1) Age—On the date of appointment to commissioned grade, applicants must be at least 20 and not more than 24 years of age.

(2) The baccalaureate degree requirement is waived for this program. All applicants must possess at least a grade point average of 2.3 on a 4.0 scale (or the equivalent) of college level studies which will be transferable to a regionally accredited four year institution. The minimum acceptable grade point average is 2.3 on a 4.0 scale (or the equivalent).

The program is directed toward the graduate of a two year college. It offers two year college graduates a means through which they can become Marine Officers and also affords them the opportunity to complete the baccalaureate studies at the termination of initial obligated service as a commissioned officer.

However, the Marine Corps policy of "Staying in School" overrides this program since it is felt that a man can better serve his country as well as benefit himself with a college education.

Members of the Officer Candidate (Scholarship) Program are required to attend 16-weeks of pre-commissioning training at Marine Corps Base, Quantico, Virginia. After successfully completing training, the individual is commissioned to the grade of 2nd Lt. and incurs three year active duty obligation.

More information can be obtained by contacting Captain Donald R. Davis, Officer Selection Officer as CE 6-2311 extension 436 (Collect) Oklahoma City, Oklahoma.
—M.S.C.—

Eastern to host speech tourney

Eastern Oklahoma College is host to a junior college speech tournament set for Saturday, April 12, will have to contend with Murray's top calibre speech students as will other Oklahoma junior colleges at the contest.

Murray speech students will enter debate, men's extemporaneous, women's extemporaneous, interpretation and original oratory.

The MSC contestants are under the direction of Fred Poe and Janace Fogleman. The events the students will participate in are the same events scheduled for the Phi Ibo Pi national honorary forensic tournament for junior college students held later in the year.

All Oklahoma junior colleges will be invited to attend the tourney and it will be the first entry by Murray State.

Mrs. Johnnie Wray will be director of the speech meet for Eastern.
—M.S.C.—

SPEECH TOURNAMENT HELD

The FFA annual speech tournament was held at Murray last Tuesday, April 1. The various divisions and winners are as follows:

Public Speaking, Johnny Jackson, from Calera; Co-op, Glen Surmner, Moss; Soil Conservation, Larry Carter, Calera; Dairy, Gary Carter, also from Calera; and Greenhand, Steve Weger, Calera.

B.S.U. places 3rd at East Central basketball tourney

Murray State Baptist Student Union placed third in the state basketball tournament held March 14 and 15 at East Central State College, Ada. The B.S.U. women's team came in sixth.

The men's team advanced to the semi-finals where they were defeated by East Central B.S.U., who won the tournament. In advancing to the semi-finals, Murray defeated Oklahoma University, Eastern State College and Southeastern State College to bring home the third place trophy.

Larry Bowin, a member of the MSC team, was chosen for the all-tournament team. He was selected on individual play merit and on sportsmanship.

Forty-two teams from colleges and universities over the state were entered in the annual event.

The women's team was defeated by Northwestern on Friday night, but came back with wins over Northeastern A&M and Northeastern State, finally to lose to Central State.

Murray men participating included Mike Hughes, Larry Bowin, Dwight Ainsworth, Gary Montgomery, Gary Girton, Russell Bemo, Joe Parsons and Willie High. Murray women were Betty Durrington, Patty Anderson, Linda Sanders, Linda Spurgeon, Glenda Campbell, Debra Tarr, Anna McCarthick, Belinda Smith, Janice Payne and Karen Johnson.
—M.S.C.—

Pollsters find—

(Continued From Page 1)

lar results. They wanted to avoid the draft by 5.72% to college response of 14%. This was an indication that perhaps when draft notice increases their chances of staying out of military service. And the college student who before would not admit it, now does.

A larger percentage of high school females wanted to escape their parents as did the college females (4.55-3.8%). Males didn't indicate too strongly by either poll that escape was their purpose (1.90%-2.1%).

1.1% females and 3.17% males in high school now think they won't have anything else to do when time comes and 1.9% males and 4.78% females in college now came because this proved true in their case. Not many high schoolers think they can come to have a good time. Only 2.6% females and 3.7% males intend to spend their time "living it up."

To broaden social life, because parents wanted college, to gain self-confidence and other reasons made up a total 24% female interest and 14% male interest. A similar result was obtained from the college group.

Females in high school are interested in marriage by 2.3% and college women increased this only by 4.44%. When asked if this was reliable information, most, on an off-the-record basis admitted that a college man would be the preferable husband, but the questionnaire made it a mandatory choice among things they considered more important than marriage.

Males in high school think college is the place to achieve athletic goals by 6.96% and this percentage of the group questioned has this as the primary reason for attending college.

The poll might have been indicative of a more informed, goal-oriented set of future college students. May they all, regardless of choices, enroll at Murray State to gain these early desires.
—M.S.C.—

All-American honor is awarded Aggie's Johnson

Mike Johnson, 6-5 center mainstay for the Aggies this season, has been named to the first team All-American National Junior College basketball team. The selection of Johnson for the high honor topped a string of honors won by him this season, the most recent of which was being named to the All-Star squad of the National Junior College Tournament at Hutchinson, Kansas.

Johnson had several honors bestowed upon him this season. First came in the National Invitational at Imperial, California when he was selected for the all-tournament team and Most Valuable Player by establishing several tournament records. His three-game series there produced 119 points to set game records and his one game high there was 48 to set another. Mike was also voted on the all-regional team and Most Valuable Player of the region. Another honor came by being placed on the all-conference squad.

As a freshman, Johnson had similar success by being placed on most everybody's "all-everything" that year. During his two years at Murray he has tossed through a total of 1,333 points while leading the Murray Aggies to a 60-10 team record for the period.
—M.S.C.—

Fine Arts club hears talented child in recital

Kathleen Allin, 12 year old daughter of Mr. and Mrs. Bear Allin, McAlester, has won many honors with her outstanding piano playing, the most treasured honor being an invitation to play a recital for the Fine Arts club. (Sigma Phi Alpha) last Tuesday night.

Dennis Toews, who teaches vocal and instrumental music and his wife, Dorothy, who teaches piano at Murray, heard Kathleen play on the Oklahoma Music Teachers Association Winners' recital at a district convention last November and invited her to present a recital for the Murray club.

Kathleen has an enviable record of superior grades, having entered all the music auditions that have been available to her.

In five Guild Auditions she has played National programs (which includes memorization of 14 pieces) for four years. She has made Superior grades twice and Critic Circle (superior plus) grades three times.

Kathleen was awarded a gold composer's head pin for the five years and her picture is in the Guild annual for 1968. She has many other piano achievement awards.

She is a seventh grade student in Puterbaugh Junior High School and has always been an outstanding student. She plays the flute in her school band, takes part in art contests and has won honors in track.

Intramural b-b championship is up for grabs

The intramural basketball championship tournament bracket has been drawn up by intramural director, Bob Nelson, and play began last night. The tournament is the result of league play for the semester and should decide the team to be named intramural champions. Regular season play pitted the National League against the American League and the tournament brings together the top four teams of each league.

In first round action last night and in the first game at 6:00 p.m. the Migdets, 3rd place NL, played the Bandits, 2nd AL. The second game at 7:00 p.m. had The Frogs, 2nd NL, playing Rusty's Raiders, 3rd AL. The game at 8:00 p.m. saw The Seven, 1st NL, fight it out with the Faculty, 4th AL, and the 9:00 p.m. offering pitted the Warlords, 4th NL, against The Riders, 1st AL. The paper was at press before results could be gained.

Semi-finals games start at 7:00 p.m. tonight in Beames Hall and finals will be held on Thursday at 3:00 p.m.

The same rules and regulations will be followed in the tournament that were in effect during regular season play.
—M.S.C.—

F.F.A. meet—

(Continued From Page 1)

will help in judging the farm electrification contest.

Mr. John McGraw, Work Unit Conservationist with the Soil Conservation Service, and Mr. Dent Burgess, soil scientist from Tishomingo, will conduct the land judging contest. Personnel from Oklahoma State University will be conducting the farm management and farm structures contest—both being written examinations. The livestock judging portion of the contest will be conducted by Mr. Harold Fogleman and the members of the judging team from Murray State.

Banquet April 15

On April 15, at seven-thirty p.m. in the college cafeteria there will be a banquet for all the winners in the Interscholastic Meet and their chapter advisors.

Speaker for this occasion will be Mr. Burke Healey, registered Hereford breeder from Davis and past Chairman of the Board of Regents for Oklahoma A. & M. Colleges.

The awards that are to be presented at this banquet will be given on an individual, over-all, team and individual basis.

FFA Contest Locations

The following is a location for the events in the Interscholastic meet:

1. Crops, Ballroom Student Union.
2. Horticulture, Library Science 107 and 111.
3. Livestock, Farm.
4. Poultry, Farm.
5. Dairy, Farm.
6. Meats, Meats Laboratory.
7. Entomology, Library Science 103.
8. Farm Shop, Engineering Bldg.
9. Electrification, E n g i n e e r i n g Bldg.
10. Farm Management, CR 102.
11. Land Judging, Northeast of meats lab.
12. Farm Structures, CR 104.

—M.S.C.—

ILL CLERK DUE BACK AT WORK

Dorothy Clark, Chief Clerk, is expected to return to work this week after being hospitalized since Tuesday, April 25, in Johnston Memorial Hospital with pneumonia.

Miss Clark was expected to be released from the hospital over the weekend and was to spend some time recuperating at home before returning to her college duties.

Murray Aggies win 4th at Nationals

Whip defending champions from San Jacinto

SPORTS

By Jackie Carter

Cowboys and cowgirls! It is time to get your shootin' irons and spurs out, 'cause rodeo season officially opened as of Saturday, March 13. Grayson County Junior College opened it with a three day performance which saw many MSC cowboys on hand to vie for prize money. Some of the local cowboys such as Wendell Ratchford, I. R. A. Rookie of the Year, Mike Anderson, Rick Jones, Butch Graham, Steve Blanton, Russell Bemo and Dwain Farris are ready to go.

Waiting on trackmen to make tracks—

TRACK MANAGER, Paul Johnson, and Coach Bob Nelson appear cold and dismal as they wonder about this year's prospects. Track facilities are still inadequate and the weather has been disagreeable.

Control, control, and control was the word during the National Tournament at the Sports Arena in Hutchinson, Kansas when Murray State took the floor for each of their four games. In the final game for the Aggies, they took a 65-56 revenge victory over defending champion San Jacinto College of Pasadena, Texas.

It was the same San Jacinto team that knocked the Aggies out of the running last year in the National Tournament. Mike Johnson, Elroy Simmons, Darryl Fox, Dave Evans, and Tobe Simpson remembered that when they stepped on the floor to play.

Johnson turned in his usual performance, hitting 24 points.

Teammate Darryl Fox turned the spade that shoved the Texans out of the tournament.

It was Fox's moves inside and under the basket as well as his rebounding agility against San Jacinto's All-American candidate Bob Nash that sparked the Aggies. Nash couldn't do anything right for the Ravens.

The Aggies' zone defense limited Nash to 14 points. His average during the season was 23.

Murray trailed only once during the game. San Jacinto jumped off to a 6-0 lead. Murray tied the score at 6-6 and the Aggies led from that point.

Adams could have been the only coach at the tournament running the control game.

With some 7,500 fans watching, the Aggies were receiving cheers from the Kansas fans during the final four minutes of the game when Murray held a slim 3-point margin.

Murray led the Ravens by three points for most of the game after the last tie at 19-19 with 12:10 left to play in the first half.

The Aggies took a 25-22 lead at halftime and held on for dear life for the next 18 minutes. In the final four minutes, Murray controlled the ball with a delay game which drew fouls from the Texans.

San Jacinto came within three points at the 5:26 mark and appeared to be gaining momentum. Elroy Simmons put up a shot from 29 feet, the ball missed and San Jacinto's Nash and Murray's Fox went up for the rebound. Fox out jumped the 6-7 Texan and the 6-4 Aggie tipped in the shot to put Murray ahead by five.

After that play, Nash and his entire team appeared to have given up. Murray controlled the game and hit almost at will from 10 feet out. Johnson and Fox could almost turn around and hook either way they wanted to score in the final four minutes.

The tournament fourth place trophy was an outstanding achievement for the Murray team after a highly successful regular season. Play in the National Tournament was fast and rugged and, of course, had the nation's very best.

In the first round game Murray defeated Howard County of Big Springs, Texas 71-68. Second round action saw the Aggies dropped from the championship bracket by only five points losing to a big team, Burlington, Iowa 67-62. Rallying back in the consolation semi-finals, the Aggies gained a strong victory over the hometown crowd and team of Hutchinson, Kans in an overtime 88-86. And of course the thriller final game with San Jacinto and the win 65-56.

Murray tracksters are bound to get better breaks than they have so far this season. On March 15 at the Temple Relays they were rained out as they were earlier at the Ft. Worth Relays. On March 22 at Ranger MSC could only get by with a few places to earn 5th in the meet. At the North Texas Track and Field Meet on March 29 they froze out, but still won 3rd in the sprint medley, 4th in the mile relay, and 5th in the 440 relay. On April 12 they travel to N.E.O. to compete there and again on April 19 they go to Northern. Conference competition will be on April 26 at Eastern A&M.

Hard-hit by transfers and lack of depth is causing new head baseball coach, Ray Wilson, lots of worry. The baseball Aggies now stand 1-9 (before Muskogee tournament over the weekend) with their only victory posted over O.M.A. in a split doubleheader by losing the first game 3-0 and winning the second 4-3. Wilson still has a lot of optimism about his extremely young team and thinks the rest of the season will prove a different story.

Certainly sincere congratulations are in order for our own first team all-american center, Mike Johnson. He has brought a lot of recognition to our college this year across the United States. By being Most Valuable Player in three tournaments and voted all-american adds a lot of prestige not only to himself, his college, but also to a very valuable first year head coach, Marvin Adams. Johnson helped Adams and Adams helped Johnson prove that young, energetic, willing to work hard, coaches and players are valuable assets to any college team. Congratulations to both for a job well done!

Just one more little note. The only other all-american Murray Aggies that we can find note of came off the first team that Murray sent to the National playoffs. One was Negal King, now athletic director at Bacone College and the other was Roy Irons, a vocational-technical education supervisor in Idaho. Both played on the 1948 runner-up team in the Nationals. King was a forward and Irons, center. Any alumni know any more than we do? Let us know.

Riding's fun, getting off is—

RODEO FANS can expect a lot of action at this year's Spring rodeo. The two-day affair is scheduled for May 9-10 and will feature high school and college cowboys.

LITTLE MAN ON CAMPUS

DAMMIT, BLANKMORE -- TH' NEXT TIME YOU SCHEDULE A FIRE DRILL -- DO A LITTLE RESEARCH ON TH' NUDE MODEL.

DISPLAYING 3rd place trophy won at the Y. W. C. A. Tournament in Oklahoma City are team members l-r: Janice Whitmire, Marilyn Stanley, Coach Dessie Hall, Eloise Troutman and Sharon Gale. Susan Nelms helped win the trophy, but was not available for the picture.

Dr. Bob G. Hill

Murray will get Academic dean

Dr. Bob G. Hill, has been appointed Dean of Academic Affairs at Murray State College, effective May 1. The Board of Regents for Oklahoma State University and the A&M Colleges took this action at its regular meeting April 11.

Hill comes to Murray State from North Carolina State University where he completed requirements for the Ph. D. degree.

A native Oklahoman, he attended Eastern Oklahoma State College in 1940, and was graduated from East Central State College in 1951 with a B.S. degree in Biology, from the University of Oklahoma in 1954 with a Ed.M., and from Oklahoma State University with a M.S. in Natural Science in 1957. His doctoral study has been in Entomology with a major in Taxonomy.

Hill has been the recipient of a number of awards in the field of science and agriculture research. Among them were a National Science Foundation Scholarship and a USDA Research Assistantship. He has authored several research publications pertaining to entomology, and has discovered two new insect species which bear his name in their scientific classification. His 16 years teaching experience covers all levels of instruction, from principal of an elementary school at Hughes, Okla., to the Chairman of the Department of Arts and Sciences, College of Agriculture, Hialeah Senior University, Hialeah, Florida.

Dr. and Mrs. Hill will move to Tishomingo in early May. Mrs. Hill is the former Betty Boggs of Wilburton. The Hills have three children.

—M.S.C.—

Visitation day for prep seniors held on campus

Phi Theta Kappa and the Student Senate sponsored a successful visitation day last week. The purpose of this day was to give prospective senior students a chance to visit Murray's campus.

The students' activities were well planned starting with registration from 9:00 to 10:00. At 10:00 a general assembly was held with master of ceremonies, Becky Cox. Linda Sanders P.T.K. president, gave the welcoming address, followed by a speech from Danny Childs on "What is Phi Theta Kappa?" After the speech the officers of Phi Theta Kappa were introduced. The seniors listened to talks by Student Senate President, Fred Nichols, Harold Slack, Registrar, and Don Martin, Director of Financial Aids. Dean of Students Wayne Canaday extended a welcome to the visitors and talked briefly about campus policies.

At 11:45 they had lunch and entertainment in the ballroom. From 2:00 to 5:00 group meetings were held and at 5:00 there was a picnic on the campus lawn.

To close the day's activities a dance sponsored by the Student Senate was held from 8:00 to 11:00.

Vote in Student Senate election today!

VOLUME FORTY TUESDAY, APRIL 25, 1969 NUMBER TWELVE

Top positions to be determined in run-off vote

At the close of election polls last Wednesday in the student senate races for next year, three offices were filled and two thrown into a run-off. In the run-off election to be held today the positions of president and vice-president will be decided.

Candidates on today's ballot for president are Steven Ratchford and David Smith and for vice-president, Ronnie Faulkenberry and Cleta Horner. Ratchford is an agriculture major from Davis and Smith is a math major from Boise City. Faulkenberry is a Wapanucka general education major and Miss Horner, a general education major from Boswell.

This year's campaign drew a large number of contestants with four in the president's race, four in the vice-president's race, and two running for treasurer. The only positions uncontested were secretary and parliamentarian. Pam Cox had filed for the secretary's chair and Bill McConnell took the parliamentarian place without opposition while Janice Payne was elected treasurer over Roba McCurry.

Each candidate and campaign manager had been given the opportunity to present their views to the student body in a general assembly program last Tuesday. The program was planned by this year's student officers with Fred Nichols, student body president, in charge of the introduction of speakers.

The preliminary election was held on Wednesday, April 23 to decide the run-off places.

—M.S.C.—

First computer equipment due here on May 2

May 2 is to be the arrival date of the first piece of equipment for the computer science department. The new program is being established on campus and is expected to be in partial operation during the summer term with total operation by fall.

The purchase of the equipment is through a \$22,000 grant from the National Science Foundation. This first equipment will be installed by the middle of May and will be tied into the terminal complex of the computer training center of the University of Oklahoma.

O.U. will set up a 20-hour training course to familiarize local instructors on its operation.

The new program will be a part of a cooperative effort of twenty small colleges in the south and southeast United States to experiment with the use of computer aids in education.

The first courses programmed are the summer mathematics courses and will be tied to O.U. via direct cable.

Wayne Day, math instructor at Murray State, has just returned from a trip to Atlanta, Georgia where 19 of the 20 colleges involved sent representatives to discuss the problems of the system and learn from each other problem solutions.

—M.S.C.—

SMELLS POT

The U.S. Customs agency in California has a police dog trained to find marijuana by smell. The dog has been used effectively at the Mexican border and several international airports where she has detected caches of marijuana hidden in suitcases, automobile door panels, beneath fenders and in other locations.

Graduate students from O.U. spend day observing us

On April 24, a group of graduate students from the University of Oklahoma spent the day on the M.S.C. campus. These people are approximately half of a class entitled, "The Study of American Junior Colleges." The class was conducted by Dr. Herbert Hengst. All fifty members of the class are either doctoral students or master students.

The class, however, was too large for all of them to come to Murray; so last Tuesday one-half of the class visited Northern Junior College with the same purpose in mind. Sometime in the next two weeks this class will also visit a private junior college, probably St. Gregory's at Shawnee. This will give the students an opportunity to study the structure of both private and state junior colleges.

Dr. Kindell, Dean Canaday, Harold Slack, Jim Mihara, and Kenneth Meeler all spoke to the group and invited them to ask questions of any phase of the campus activities of their interests.

The class was separated into ten groups. Each of these groups was assigned to study certain aspects of the college. For example—four of the groups were sent to study the systems, parts and the processes of the college as a whole.

—M.S.C.—

Yearbook issue set for May 21

The 1969 Tribesman should arrive and be ready for distribution on Monday, May 21, according to the editor, Anna McCarthick.

Students who have purchased a yearbook are urged to have their receipts of purchase in order to make distribution faster. As usual, the books will be distributed through the business office. When the books arrive proper notice will be given.

The books this year will feature a full color cover of campus scenes, a color opening section, and eight additional activity pages, according to Miss McCarthick.

WHILE THE O.U. class members of Dr. Herbert Hengst were about the M.S.C. campus gathering information about the junior college, Dr. Hengst found some time to take advantage of his art talents. For several years now, the class has come to our college to study first-hand the working systems of junior college operation.

Milligan to give one-man art show on campus prior to European tour

As a part of Fine Arts Week, May 1-5, a one-man art show will be on display in the ballroom. Larry Milligan, Murray art instructor, will display several pieces of his work during the week.

Milligan comes to Murray in 1965 after teaching four years at Lawton. He has his B.A. degree from Southwestern State College, Weatherford, his M.Ed. degree from East Central State, Ada, and additional graduate work from Oklahoma University, Norman.

His art has been displayed throughout the state at various sidewalk art shows and in 1967 he was invited to present a one-man show at EastCentral. He has, since 1961, entered and won awards for his art at the Greater Lawton-Ft. Hill Art Show, one of the most recognized displays in Oklahoma.

Milligan has been invited to serve

as summer lecturer at East Central State and will leave on August 1 for a 24-day trip of Europe. The trip, provided to him by a grant from Title III of the Higher Education Act of 1965, will give him an opportunity to study architecture and museum art of western civilization. He will study art exhibits in France, Spain, Italy, Greece, and Egypt.

His family will accompany him to Miami, Florida where he will leave by jet for Madrid. They will go to Toa Alta, Puerto Rico to visit Mrs. Milligan's parents.

Delegation attends Nat'l. convention of Phi Theta Kappa

Six Phi Theta Kappa officers accompanied Kenneth Meeler recently on a four day trip to Missouri. They attended the 51st National Convention of PTK held at Christian College, Columbia.

The group attended workshops, tours, an awards banquet, the election of national officers, and were treated to a dance in their honor on the night before they left.

Approximately 3,000 students from across the United States attended the conclave and the Murray chapter had the distinction of being the only representative from Oklahoma. Plans are now underway for the local unit to attend the convention next year in Florida.

The group consisting of Jerry Thurmond, Danny Childs, Dave Smith, Carol Blackburn, Linda Sanders, Betty Anderson, and sponsor Kenneth Meeler left April 12 for their three day session. These people were chosen to represent the Murray College chapter as present and future officers of the group.

TISHOMINGO DAUGHTERS registered high school senior women and Murray sophomore women at their annual tea Thursday. The tea is an annual affair in honor of the women graduates of the two schools and gives the club women a chance to meet the students.

YOU HAVE A DUTY TO PERFORM TODAY—

With the run-off election of Student Senate officers on hand today, voters over the campus should be aware that these officers are important in next year's student administration of Murray College.

We, as students, have a responsibility to Murray, as do voters of the national government. If students want a voice in their college government, they should take time to consider the candidates for office in an adult way.

Contrary to popular belief, the offices of the student senate are not filled by the most popular persons on campus, but the persons students feel are more qualified and want to see Murray as a better institution. Things change around colleges just as they do everywhere, and qualified leaders in the student senate are very important.

Voters should take time to find out just exactly what a candidate stands for and will uphold if he is elected. If possible the candidate should be asked personally about his goals and standards for a growing college.

Don't let your vote go uncounted. Every person on campus should be seen at the polls today. Before you go, take into consideration the candidates and their qualifications. Give some thought as to who you want representing you. Even if you are a sophomore you have a responsibility to Murray College of next year.—R.M.

IT'S NOT DEAD AFTER ALL!

Army chief-of-staff William Westmoreland spoke April 9 at Kansas State University, and an interesting event took place.

Near the end of his speech three students hung a red, blue and yellow Viet Cong flag from a balcony railing a few seats from the speaker's stand. A few moments later, another student seized the enemy flag and ripped it from the railing.

It was a disgraceful act to have put up the enemy flag, but a great deed for a student to rip it down.

It is one thing to debate and dissent against the Viet Nam war, but completely another to respect the flag of our enemy who is killing hundreds of young American men.

It was apparent the audience of approximately 4,500 Kansas State students agreed, for they cheered and applauded the ripping down of the flag.

Only a small minority was represented by those three students, and the majority by the one student.

This is demonstrated by the tremendous reaction to the offering of "Reader's Digest" magazine, which provided small American flags to be stuck on car windows.

Now, only three months after the offer was made, the small flags can be seen everywhere.

The overwhelming presence of these flags demonstrates that true American patriotism is not dead after all.—B.J.

C. O. (Smokey) Tolbert

Jet plane will land on campus but just how?

The swept winged F-11 Jet, that was flown by Lt. C. O. (Smokey) Tolbert, a former student at Murray State, has arrived at Ardmore Air Park, to be dismantled for transfer to the campus where it will be on display.

The F-11 is a blue painted "Gruman Cougar" and it was a part of the precision flying group known as "The Blue Angels." The Navy is phasing out the F-11's and is giving Tolbert's to the City of Tishomingo. Tishomingo is to display the craft on the campus of Murray State, the plane's final and permanent resting place. It will also represent the new aviation department of the college.

Tolbert flew this plane as a part of the Blue Angels high speed close precision team, including speeds up to 600 and 700 miles per hour, at unusually low altitudes, nerve tingling split second timing on near-collision courses and paper thin spacing between planes. This craft's performance was witnessed by hundreds of thousands of persons in cities throughout the nation.

It will be brought to campus when decision can be made on how to transport it here. One of the problems in handling the large craft will be how to pass through overhead bridges enroute to the city.

—M.S.C.—

Billy Poindexter accident victim

Services are to be held at Albuquerque, N.M., today for Billy Ray Poindexter, 44, former Johnston countyman who was electrocuted Sunday in an accident in his dairy barn.

Poindexter, who owned and operated a 450 head dairy herd at Albuquerque, was washing one of his stainless steel milk trucks while it was hooked up to a 220-volt power line to run its refrigeration unit. He was found dead in a pool of water and on examination the entire truck proved "hot" from the power line.

He was born at Pontotoc Nov. 23, 1924, the son of Mr. and Mrs. W. C. Poindexter. He was a graduate of Pontotoc High school and Murray State College and served four years in the army during World War II, receiving a Bronze Star for valor in Germany. Prior to moving to Albuquerque 10 years ago, Mr. Poindexter had lived at Nida, Anadarko and Granite.

In addition to his parents, survivors include his wife, Gloria, and five children, Ray of Portland, Ore., Wayne, Jimmy, Bobby and Dianne, all of the home; a sister, Mrs. Don Martin, Tishomingo; and four brothers, Turner Poindexter of Wilson, Charles and Richard Poindexter of Tulsa, and Jim Poindexter of Houston, Texas.

Would You Believe

By Jan's James

... The schedule of second semester final examinations is out? Tests begin Monday, May 19 and end on Wednesday, May 21. And graduation is that night. Do you suppose one might be pulled from the pompous line?

... That several good speeches were heard during the election campaign of senate officers? Some campaign managers might make better candidates.

After Dixon High boys won 2nd and their girls won first in the Carter County Conference the fans and school treated the teams to a bar-b-que banquet in Ada? One team I know can win 4th at nationals and not get a mayonaisse burger.

... That Murray State has always had alumni, community, and student body support for their nationally recognized basketball teams? The team had six fans attending during the national tourney.

... That by reading the weekly faculty newsletter one might get the idea that recruiters put many miles of shoe leather around the state?

... A recently over-heard conversation between a student and teacher with the teacher doing most of the talking: "After reviewing your classwork, I'm convinced the only hope you have of passing is to work hard on your library reports, do extra home work, study as you've never studied before—and swipe a copy of the final."

... That about 1,000 questions have been answered this week about the arrival of the 1969 TRIBESMAN? Wonder where all these folks were when it was being put together?

... About May 20 you will be getting your last edition of the Aggielite for the year? It will be a souvenir edition of highlights of the year. My column will still be in and I'm still trying to persuade my boss about those names.

... There are only fourteen days of school left? What will you do this summer? And next year? Some teachers are hoping you study hard and keep up the grades for they dread the thought of you being drafted.

LITTLE MAN ON CAMPUS

Application made for new dorm for Murray coeds

Dr. Clyde Kindell, Murray College president, releases information on recent application to Housing and Urban Development Headquarters, Ft. Worth, Texas, for funds to build a new women's dormitory on campus.

The new dormitory will be a three story brick structure, and will house approximately 150 women. The new dormitory will be located just west of Poe Hall.

Construction cost of this new facility will be \$702,000, exclusive of furnishings and landscaping. Funds for the project will be provided under Title Four of the College Housing Act of 1950.

There is no completion date set as yet, and construction will begin soon after the letting of bids, if Housing and Urban Development approves the application.

—M.S.C.—

Unique history books obtained

The library at Murray State recently had an opportunity to purchase some Oklahoma history books, plus others from the University of Oklahoma Press. This purchase is a unique one for Murray as some of these books are quite difficult to obtain. A few examples of these unique books are *Ten Grand Mothers* by Mariato, *Western Words* by Adams, *Indian Place Names*, by Pyljard, and *The Life and Legend of Buffalo Bill*, by Russell.

These books were purchased from funds donated by the William H. Murray Foundation. They will be on public display for the Library Association meeting at Lake Murray Lodge, a meeting which librarians from all over the state will attend.

—M.S.C.—

Five siren blasts indicate approach of severe storm

A reminder that five blasts of the city's five sirens still are the signal for an approaching tornado or severe storm was the spring-time warning made today by Police Chief Vernon Raper.

The sirens are blown to warn of approaching storms on advice of the Weather Bureau or other qualified sources. The "all clear" signal after danger of a storm is past is one blast of the sirens.

—M.S.C.—

Club plans trip to aircraft centers

The Engineering and Technology Club held a recent meeting to discuss plans for a trip to Oklahoma City.

The club will spend a morning visiting the Aero Commander plant and will also visit Tinker Field Air Base while there.

The afternoon will be used for club entertainment and a party is planned at Springlake Amusement Park.

F.F.A. Annual Awards Banquet was another accomplishment this year with some 60 awards given to outstanding high school students who gathered to receive them. The banquet address was made by Burke Healey, member of the A&M Board of Regents. Master of ceremonies was Harold Fogleman, agriculture instructor, and Wendell Blair introduced the guests.

Winners among 1,050 FFA students in contests here on April 8 revealed

The Murray State Agriculture Department was host to the 1969 F.F.A. Interscholastic Contest held Tuesday, April 8. 1,050 students from approximately 85 schools attended the meet. The top overall honors fell to Ripley, Guthrie, and Stillwater, while Canadian, Stuart, and Tishomingo took the District.

The teams competed in 12 different divisions. In crops, Doug Foster, of Keota, took the In-district title while the over-all winner was Jim Aniol, of Guthrie. In entomology the In-district winnings went to Bobby Talley of Stuart, with Roger Matheson of Ripley winning the over-all class. In the Farm Shop contest Pennington's team took the In-district title with Guthrie winning the over-all title. In Livestock judging Soper's Scott Elliot took the In-district winnings with Don Ferguson of Lindsay winning the over-all bracket.

The Tishomingo team won the In-district Dairy contest, and the Ripley team took the over-all title. Canadian's Jerry Stafford won the Meats contest while the Vinita team took the over-all winnings. Mike Stuart, of Seminole took the In-district Poultry title, with Stillwater's Leroy Van Zant winning the over-all bracket.

In Horticulture, the Holdenville team took the In-district winnings, as Kim Kornhaas led the Springer team to win the over-all bracket. Madill's Orin Van Winkle won the In-district Farm Electrics contest, with John Reager, of Morris, taking the over-all title. Sam Trent led the Caney team to win both the In-district and over-all land contests. The Roff team took the In-district Farm Structure title, while Dennis Ringwald, of Ripley led his team to win the over-all bracket. In the Farm Management contest the Moss team, led by Phillip Lee, won the In-district title and the over-all title.

The F.F.A. Banquet was held in the cafeteria Tuesday night, April 15. Harold Fogleman and Wendell Blair were the masters of ceremonies and presented, with the help

of Dean Canaday, the individual winners and winning teams with awards and trophies. Following the award service, Dr. Kindell and Cleo Collins spoke to the group.

Fund to assist faculty members

Word has been received from the office of Congressman Carl Albert, that Murray State has been awarded a grant of \$50,000 for the purpose of faculty development and student services improvement.

The Act that authorizes this grant is Title Three of the Higher Education Act of 1965. Murray State made application to the department of Health, Education and Welfare last October, and it has been in process since that date.

The purpose of this grant is to allow selected faculty members to return to school with partial financial assistance and to bring in new instructors to fill vacancies created while the regular faculty member is away.

There will also be new instructors brought in to allow development of new programs in selected departments.

—M.S.C.—

Group of Sophs pre-enroll at O.S.U.

On April 18, Harold Fogleman, animal science instructor, took a group of some thirty sophomore agriculture majors to Oklahoma State.

While Fogleman attended a meeting concerning state college agriculture curriculums, the sophomore students pre-enrolled for their junior year's work at O.S.U.

A junior college transfer day is set aside each year for state junior colleges to send students interested in attending O.S.U.

—M.S.C.—

Plant science class visits foundation

On April 22, the Agriculture 114 (plant science) class took a field trip to Ardmore and visited the Noble Foundation. The purpose of the trip was to review the consultation and research program which is carried out by the agricultural division of the research center.

Gary Simmons, a former Murray student and now director of the agriculture division for Noble, conducted the tour.

—M.S.C.—

Nearly two million men, women and children have died on the nation's highways

Reid's new home is given housewarming

Jack Reid, Sociology instructor at SISC, celebrated the completion of his new home Friday, April 18, at 7:00 p.m., in a house warming given by Jessie Blair and Janace Fogleman.

The Reid's new home is Spanish style. All the light fixtures, and some tile flooring came from Mexico.

As an old Mexican tradition, the house was blessed in a ceremony by Reverend Alvarez of Mexico while here for a revival service.

All of the college faculty and secretarial staff were invited to the housewarming.

Teresa Kay Tribble

Tribble-Treadaway wedding will be an early June event

Mr. and Mrs. Charles Hallmark of Tishomingo announce the engagement and approaching marriage of Teresa Kay Tribble to Antoine J. Treadaway, son of Mr. and Mrs. E. C. Treadaway of Shreveport, La. An early June wedding is planned following the close of the spring semester, at Cameron State College at Lawton, where both are students. Miss Tribble is the daughter of Mrs. Hallmark and the late J. B. Tribble of Tishomingo.

The bride-elect is a 1967 graduate of Tishomingo high school, attended Murray State College for one year where she was a cheerleader. She is presently a junior at Cameron majoring in home economics and was recently selected ROTC Honorary Cadet Lt.-Col. for Cameron's Company K.

Mr. Treadaway is a 1965 graduate of Jesuit high school in Shreveport, attended Murray College, where he was selected a member of "Who's Who in American Colleges" and was chosen All-American in football during 1966 and 1967. He is presently a junior math major and an outstanding member of the Cameron Aggie football team. Following graduation Mr. Treadaway plans to go into aeronautics.

CAN YOU NAME ME?

Anyone interested in a free pass to the Murray College Rodeo on May 9-10? If you can name me in a poem of at least 25 words and have your entry in the Aggiefile office before noon on Wednesday, May 7, I'll talk my boss into supplying the ticket. If you can't write have a friend write for you and use your name.

WAITS 'FORE' CARS?

Motorists driving along Interstate Highway 64 in Virginia recently were slightly amazed to see a golfer standing on the median waiting for traffic to clear so he could hit his ball back to a nearby golf course.

How America's red-white-and-blue collar workers help keep America strong.

In May 1941, top representatives of America's labor unions met with Henry Morgenthau, Jr., Secretary of the Treasury, and pledged their support of the Payroll Savings Plan for U.S. Savings Bonds.

Today, organized labor still endorses and actively supports the program. And the Payroll Savings Plan, just an experiment in 1941, now proudly boasts 8 million members, mostly union people, sharing a personal interest in their future and their country's.

With the Payroll Savings Plan, saving for the future is downright easy—and painless. How can you spend money you don't even see?

When you sign up, a small part of your money is tucked away every payday. Automatically. And starts earning you interest of 4.15% on every Bond you buy and hold to maturity.

Bonds grow quickly. So when you need the money for important, personal things, the money is right there—ready to help pay for them.

Important things like a new home, education, that dream vacation—or your retirement.

Most important, Bonds are helping our men in Vietnam. Buy Bonds on the Payroll Savings Plan where you work and you'll find yourself in pretty good company.

And dollars ahead.

Going rough at Bacene for Ags

Murray baseballers found the going rough and tumble as they were unable to post a victory in three outings of the Bacene Tourney. Ten errors resulted in eight unearned runs as the Aggies dropped three close decisions, all to Texas clubs.

Ranger Junior College won 4-2 over the Aggies and then consecutive losses to Southwest Christian 3-2 and Plano 8-4 cost the Aggies any favorable press during the tournament.

Throughout the three game series the Aggie batters were able to pick up only 14 hits. Dave Burgess and Tony Mendel each had 4 while Billy Lewis and Russell Davis contributed 2 each, with one of Davis being a home run.

Aggie pitchers combined for 21 strikeouts in the three games while issuing 15 bases on balls. They gave up 15 runs in the tourney, eight of which were unearned.

The Aggies found themselves trailing 3-0 in the bottom of the sixth inning when Bubba Tidwell pinch-hitting for Perry Allen walked and moved to second on a single by Burgess. A walk to Joe Quinton and a bases loaded single by Billy Lewis produced two runs and narrowed the Ranger gap to 3-2.

Hanger's pitcher, Green, then retired the next three men in a row to get out of the inning. They gained an unearned run in the seventh for the final 4-2 count.

In the second game Murray grabbed a quick 1-0 lead when Burgess singled and with one out went to second on a single by Lewis and scored when Mendel lashed out a double to left center. The lead held for 4 1/2 innings, but in the bottom of the fifth Southwest Christian picked up three runs on three hits and two walks. Murray rallied, but could only come 3-2. Murray's last run came on a bases empty homer by Davis.

In the final tournament game, Murray fell behind 1-0 on an unearned run in the first. The Aggies picked up one run in the top of the fourth, but fell victim to three more unearned runs in the bottom of the fourth to fall behind Plano 4-1.

From here on, Murray was unable to gain ground and fell victim by a final 8-4 count. Murray used three pitchers with Jackie Carter tagged with the loss.

—M.S.C.—

Carter allows one hit to the Saints

Behind the one-hit pitching of Jackie Carter and a grand slam home run by Rudy Manley in the first and a home run by Sam Maines in the third, the Murray Aggies downed the St. Gregory Cavaliers 14 to 1.

The Aggies exploded the first inning for six runs with two hits. One of these hits was a base clearing grand slam by Manley. The Cavaliers helped also by handing out five bases on balls.

In the second inning the Aggies collected two more runs on a triple by Tony Mendel, and a sacrifice fly by Manley.

The third was another big inning for the Aggies as again they received six runs. Murray pounded the ball for four hits including Maines' home run.

The Cavaliers got their only hit and only run in the bottom of the fourth. Dangelo, the Cavaliers' first baseman and also clean-up man, was the only person that could scratch a hit out of Carter. They knocked in Drenth who was walked earlier in the inning.

Carter was the winning pitcher and went all the way. Jernick was the loser and was helped along by three other pitchers. Manley led all batters at two, for three including a grand slam homer.

Red Riders gallop to first place in intramural tourney

Men's intramural basketball games ended last Thursday night with Ted Nichols' Red Riders taking first place in the eight team tournament playoffs.

The Riders' first place trophy came by a slim one point margin which defeated the Magnificent Seven 43-42. The Seven were leading at half-time, but could not control the shooting of Tom Turner in the second half and lost the game after Turner's 12 point spurt.

The Frogs took third place in the intramural tournament.

—M.S.C.—

Fine pitching leads Aggies to twin-bill sweep

Paced by two sparkling pitching performances the Murray Aggies raced to their first twin-bill sweep of the year over Northern. The Aggies took the wins 10-3 and 2-0. Both wins pushed the conference record to 3-2 and left them in slight contention for the conference title.

Perry Allen pitched a four hitter while striking out 19 in the first game to pick up his first win of the year. The game had an added attraction with Tony Mendel's three run homer in the third inning and Allen's bases empty blast in the sixth line cleared the '355' sign in center field.

The Aggies collected 12 hits in all with Billy Lewis getting two singles and a double to lead the way.

Northern's only threat came in the fifth when with two out, they scored three runs on a double walk and two singles, before Allen struck out the final man.

In the second game the hits weren't as frequent, but the pitching stayed its ground. Russell Davis, getting his third win of the year, retired the first five men on strikeouts and went on to pitch the two hit shutout.

The Ags picked up the runs Davis needed in the fifth when with one out, Sam Maines reached base on an error and three straight singles plated him for a 1-0 lead. Maines also scored the only Aggie run in the top of the seventh and ended 2-0.

—M.S.C.—

Basic rules, team rosters for men's softball released

Basic rules of play and a team roster have been released by Coach Bob Nelson governing the Men's Intramural softball program started yesterday afternoon. All games are scheduled at the baseball field north of town.

The basic rule list states that games are to be five innings. A coin will be flipped before each game to designate the home team. No walks will be allowed and a player cannot leave base until the ball crosses the plate. A player must remain on third until he is batted in or a ball is overthrown. Any team ten minutes late to the field will forfeit and all other common softball rules will be in effect.

The roster includes team names, The Losers, MSCS, Kitchen Krews, No Hitters, Good Guys, Has Beens, Swiftys, Top Cats, and the Faculty.

—M.S.C.—

Plight of Indians in N. Dakota told

Dr. Ronnie Moose spoke to the Social Science Club here, Monday. He spoke of the Indian people in North Dakota, and the deplorable conditions in which they live. According to Dr. Moose, it is the responsibility and duty of each citizen to improve the lot of these people.

Murray trackmen place 3rd in Juco Eastern State Relays

LITTLE MAN ON CAMPUS

ON THE OTHER HAND—SOME OF THE SCHOOLS ARE QUITE OPEN ABOUT SUBSIDIZING THEIR ATHLETES.

Weather factor in Aggie loss

Eastern State College of Wilburton downed the Murray Aggies 5 to 1 in a rain-plagued contest. The second game of the series was postponed due to the weather.

The Aggies threatened in the bottom of the first when lead-off man, David Burgess slammed a single into right-center field. Burgess stole second as Joe Quinton struck out. Billy Lewis then reached base on an error and Burgess went to third. Then the rally ended with the next two men going down in order.

In the third, Eastern exploded for two runs with only two hits as the skies exploded with the start of a continuing rain which made playing conditions almost impossible. A wild pitch and three bases on balls by Aggie pitcher, Russell Davis, helped the Mountaineers with their big rally.

With Rudy Manley in relief of Davis in the fifth, Eastern managed two more runs via walks and

errors in the sixth. Murray's lone run was scored in the last half of the sixth inning. Billy Lewis led off with a walk, and with one out Sam Maines drew a base on balls. Both runners advanced and Bubba Tidwell drew the third walk of the inning.

Pinch hitter Presley Price then singled into right field scoring Lewis as Manley flew to left field for the final out.

Eastern picked up one run in the seventh to push the final count to 5-1. The loss dropped the Aggies to 1-2 in conference and 2-11 for the year. Davis was tagged with his second loss of the season making his record 2-2. Davis and Manley combined for 9 strike outs.

—M.S.C.—

TUNE IN EXAM ANSWERS? Dick Tracy's wrist radio has finally become a fact in police circles. A two-way police radio small enough to fit on a person's wrist has now been developed and is in use.

May 15th has been designated as Peace Officers Memorial Day by Presidential Proclamation.

In the Eastern State Relays last Wednesday, Murray trackmen placed third overall in the Oklahoma Junior College Conference competition. Murray finished with 44 points behind Northeastern A&M with 90 and Eastern State with 63. Northern placed fourth with 8.

Team scoring for the conference meet follows:

Shot—1. Adams, NE, 45-41; 2. Cope, Murray; 3. Hogan, NE.
High Jump—1. Colbert, Eastern, 6'1"; 2. Ponder, Murray; 3. Clem, Northern

Broad Jump—1. Colbert, Eastern, 22-9/4; 2. McArthur, Murray; 3. Riggs, NE

Javelin—1. Driscoll, NE, 157-6; 2. LaCoe, NE; 3. Mathis, Eastern
Discus—1. Hogan, NE, 128-4; 2. Adams, NE; 3. Cope, Murray
Pole Vault—1. Kastle, NE, 13-6; 2. Street, NE; 3. Haley, Murray
440 Relay—1. Northeastern, 42-8; 2. Murray; 3. Eastern

120 IH—1. Washington, Murray, 15.4; 2. Farris, Murray; 3. Street, NE

440 IH—1. Street, NE, 55.9; 2. Goad, NE; 3. Washington, Murray
100—1. McClendon, Eastern, 9.9; 2. Harris, NE; 3. Choate, Murray

1 Mile—1. Rocha, Eastern, 4:26.6; 2. Millspaugh, NE; 3. Lloyd, NE
440—1. Robinson, Eastern, 49.1

2. Hohart, NE; 3. Reubin, Murray
800—1. Turner, Murray, 1:55.2
2. Neighbors, Eastern; 3. Woods, Northern

220—1. Harris, NE, 22.1; 2. McClendon, Eastern; 3. Brown, Northern

2 Mile—1. Lloyd, NE, 10:23.3; 2. Rocha, Eastern; 3. Holt, NE
1 Mile Relay—1. Eastern, 3:22.4
2. NE; 3. Murray

Triple Jump—1. McClendon, Eastern, 42-3/4; 2. Colbert, Eastern.
3. Thornton, NE

Women's volleyball action under way

Women's intramural volleyball games started last night in Beames Hall and will continue through Thursday. League championships should be decided at 6:00 p.m. and 8:00 p.m. that night.

Four campus teams have entered the meet and action starts each night at 6:00 p.m. Teams entered include the Sudden Beauties, the Nothings, the Enemies, and one called the Faculty.

A little learning can be a dangerous thing... for you!

You may think you'll go places with a small education. But you're wrong! Starting to work with a too-small education is like running a race in cement track shoes. It's almost a sure bet you'll come in last in the race for the good paying jobs.

Today, to get a good job you need a good education. A good education is the first thing employers ask for. It proves you've got what it takes to handle a good job... a good-paying

job... a job that really goes someplace. So, if you're in school now... stay there! Learn all you can for as long as you can. If you're out of school, you can still get back in the running. There's plenty of valuable training available outside the classroom. To get the facts, see the Youth Counselor at your State Employment Service. Or visit a Youth Opportunity Center, which has been set up in many cities to help you.

To get a good job, get a good education

Summer classes enrollment open until June 2

Pre-enrollment for summer classes ended Friday with a total of 53 pre-registered to begin classes on June 3. Any student wishing to pre-enroll for summer school must now clear all requests through the office of academic dean, Dr. Bob Hill.

Registrar, Harold Slack, says that if the trend continues as in the past, the larger part of summer enrollment will be made on the last regular registration day, June 2. Last year's summer classes drew 98 students.

In releasing summer class figures, Slack also emphasized that pre-enrollment for the fall term was higher by some 110. The figure is based on the same period last year. He accounts this to a larger freshman class percentage choosing to get in early for the classes of their choice.

Listed as summer class offerings by Murray State are the following by department and teacher:

Business
Courses offered in Business will be under the instruction of Mabel Lewis. All will be three hour courses and will meet daily. Beginning Typing, Production Typing and Introduction to Business are the courses to be offered.

Language Arts
Katie Rood will be in charge of the courses offered by the Language Arts department, which will include English Composition, Introduction to Literature and Principles of Speech.

Mathematics
Willard McDaniel will instruct in College Algebra, Plane Trigonometry and Intermediate Algebra.

Physical Education
Personal Health and First Aid are the courses scheduled under Marvin Adams. Both are two hour courses and will meet four times per week.

Science
General Chemistry and General Physical Science will be taught by Beulah Zimmerman. These classes will meet daily and will also have a lab time assigned.

Social Science
Arthur Vernon and Jack Reid will team up in the Social Science department as it is offering the widest variety of subjects for the summer session. Mr. Reid will conduct classes in American Government and Introductory Psychology. Mr. Vernon will instruct classes in Development of Western Civilization and American History. The field study of the geography of the Northwestern states and Canada will begin on June 28 and continue through July 18 with a motor trip through these areas.

Music
Fundamentals of Music, Music Appreciation and Individual Piano or Organ Lessons will round out the summer program with classes being instructed by Dorothy Tewes.

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73450
VOLUME FORTY TUESDAY, MAY 26, 1969 NUMBER THIRTEEN

Tour to Canada is part of Social Science Dept. offer

A tour of the northwestern states and Canada has been arranged for a part of the social science department's summer offering. The tour, under the sponsorship of the department and Murray College will be under the supervision of Mr. Arthur Vernon, social science department chairman.

Departing on June 28 from the college, the group will travel north by motor coach with expectations of reaching Pierre, South Dakota for the first overnight stay.

The 30-day tour will cover many interesting historical places including national parks, port cities, mountains and rivers. It will also include a visit to Chinatown with the participants having a free day to spend

looking around San Francisco. A day will be spent in Vancouver and Calgary. They will return to Denver, Colorado on the 27th day and have a couple of days there before returning to Tishomingo.

The trip not only offers an interesting summer vacation, but includes 3 hours credit in Geography 232 from Murray State. Tour price is \$250 per person and includes transportation, entrance fees, insurance and accommodations. The price does not include meals, tips or other personal expenses.

If interested in further information about the trip you may contact Arthur Vernon, Social Science Department Chairman, Murray State College.

To be speaker—

J. Randell Riddle

From ushers in final activities

The Student Senate started the last-of-school activities and exercises off with a bang on Friday, May 2, with the annual Spring Prom in the ballroom of the student union.

The affair was attended by a large group of former students and invited guests, as well as Murray students. Murray sophomores were the honored guests at the annual affair.

The prom followed the theme of "summer gardens." The room was decorated to look like a garden with beautiful flowers, lawn furniture, a wishing well and a fountain. A special senate committee was in charge of the decoration.

Music was provided by the Mad Hatters, a popular group with Murray students.

Senate President Fred Nichols declared the prom to be one of the best of its sort in the past several years.

Plan to get in the swim at Murray's new pool next fall!

Murray exercises on Wednesday in new auditorium

The sixty-first annual commencement exercises at Murray State College will be held at 3 p.m. Wednesday, May 21, in the college's new auditorium. Dr. Clyde R. Kirdell, president, announces. Degrees are to be granted 135 graduates.

The colorful new air conditioned John W. Fletcher auditorium seats 800 persons and is equipped with elaborate stage and lighting aids. The building is named to honor a long-time Murray speech and drama instructor now retired and living in Tishomingo.

Delivering the commencement address will be J. Randell Riddle, instrument supervisor, Petty Geophysical Company, San Antonio, Texas.

Riddle, after graduating from Murray College, earned a degree in aeronautical engineering from Oklahoma State University. He worked with United Air Lines both in the United States and abroad. His present position keeps him in contact with seismic field crews over much of the United States and Mexico. He has been an active pilot since 1944 and holds membership in the Society of Exploration Geophysicists.

Wayne Canaday, dean of students, will present awards and diplomas will be conferred by John Burwell, Mabel, chairman of the Board of Regents.

Members of the graduating class ("indicates 3.5 grade point average or higher, "indicate 3.0 or higher are:

- Ainsworth, Richard Dwight
- *Anderson, Betty Louise
- Anderson, Mike Trent
- Anderson, Patricia Ann
- Armes, Michael Dean
- Armstrong, Andrew Robert
- Ashby, Albert Neal
- Baker, Gary Lee
- Belleck, Richard Daniel
- Beshear, Elmer Cleo
- Bivens, Lonnie Ray
- Black, David Lawrence, Jr.
- Blakeley, Robert Wayne
- Bian, Robert Wayne

Male faculty eyes overnight retreat to Beavers Bend

Tentative plans are being made for an over-night retreat for male faculty members at Beavers Bend State Park, north of Broken Bow.

At present, the trip is planned for May 28-29 with arrangements being handled by Kenneth Meeler, Transportation will be provided those wanting to attend.

Meeler requests that faculty members wishing to attend contact him before noon, May 21, to allow him time to complete plans.

TAKE IT ALONG AS A REMINDER—

When you march down the aisle on Wednesday in the new Fletcher Auditorium, you'll be on your way from here to somewhere, and most of you have already a pretty fair idea of where. We hope you make it as you have it planned. We believe you can.

It's right that you should think about what there is yet to do, and where there is yet to go. But as you go along, from time to time, we hope you'll want to recall these years you have spent here, and that's why this final issue of your unworthy news rag is rigged out the way it is. We hope you'll see fit to take it along as an occasional reminder of what you and the rest of the ole gang did to while away your time here.

You've been a hustling bunch, making plenty of good news. The parts of it we failed to find, and the parts that we chronicled inaccurately, are of course our fault. We've been trying to learn this, like you have your lessons. We're right proud to have had you, and to know you as we have.

—Rudy Manley

HAVE YOU NOTICED?

As we pass by the north side of campus I wonder if we ever notice the flag pole with Old Glory waving from it? In our hurry, scurry, rush to get ahead world we probably take little notice of such things.

As our flag remains there unnoticed by everyone, except the man who runs it up and down each day, it seems to ask, "Why don't you people ever notice me? Don't you know that I stand for the greatest country on this sphere; a country where you enjoy the freedoms that other people just dream of? You seem to take my presence for granted just as you take your freedoms and privileges for granted. Your forefathers never exhausted so much time and effort to secure these freedoms, for you simply to accept them. You must do more! You must make sure that every American knows what this country stands for—the things that have made it great and keep it great. You must make sure that every citizen understands that freedom is not free. There can be no freedom without sacrifice, no rights without responsibility, no rewards without effort."

The late President Hoover once said, "Our greatest danger is not from invasion of foreign armies. Our dangers are that we may commit suicide from within by complacency with evil. Or by public tolerance of scandalous behavior. Or by cynical acceptance of dishonor. These evils have defeated nations many times in human history."

As Old Glory waves above our campus it seems to pray, "Allow me to stand here for many years as a symbol of this great country and its freedoms, and remind these students, the nation's new leaders, to take the responsibility of preserving our democratic way of life."—Bill McConnell

SCRIBES SAY 'BYE' FOR NOW—

This is all for now, insofar as your would-be news chroniclers are concerned. And herewith goes our best wishes to the best bunch of boys and girls we've ever scrutinized, collectively at least. You've been tops, and have kept your newsmaking doings within the range of our ability to cover adequately—we hope we did.

Now, if there's ever been a time when you wondered who the heck wrote that, we can and want to tell you now it was the collective eye of some of these. While we reveal that, we also reveal the gang of those who always wish you well.

It has been Karen Johnson, Herman Edge, Bubba Tidwell, Loran Hacker, Diane Fox, Bill McConnell, Brenda Jones, Russell Bemo, Paula Stewig, Linda Crockett, Larry Williamson, Rebecca Graves, Jimmy Kight, Billy Lewis, Susan Brisco and Butch King.

Graduating Soph waxes eloquent on Murray memories

"When shall we three meet again, in thunder, lightning or in rain?" Yes, it's been very enjoyable, this being with you this year and last. We've been through lots together: fuses, trials and tribulations (during test time) and the hard feelings over little things that didn't amount to very much, but seemed so big to us at the time; that three o'clock dinner we had fried eggs, popcorn—and all the trimmings—that night when we played mouse and I fell down stairs, making more noise than the devil and all his angels, I betcha; then the time you dared me to take a bath in the lavatory—some bath!

The books we read, the shows we attended; and the hours we spent on the campus together. We had a slight case of sun-burn as a result—get the slight part doncha?

Yes, smartie you tried to make me think that macaroni grew on trees in long brown pods, and that jelly was made from gourds—didn't you? Well I didn't believe that, but I did believe that prunes grew under ground—so there. An honest confession is good for the soul, but hard on the reputation.

Woo! Woo! This swinging on sheets is dangerous business, but gosh, what fun! See arms and sides galore—oh well, such is the life of a college girl, anyway.

Those paper dolls we cut out—quite a liberal education in itself, wasn't it? And those after "lights-out, girls," stories with all the giggling.

The way you kept thumping me on the nose and leading me around by the hair of the head. They way I fussed, but I loved it.

For this my second home, I'm thankful. It was a bit hard adjusting myself to it, but now that it's all about over, a little lump creeps up and a strange feeling forms in my throat. "It's hard to part when friends are dear," but somewhere along ways are dear," but going to meet again, for this is a small world, after all.

Maybe a name will be forgotten and time will have marked a change, but we knew each other once, so let's smile and make each other remember some of the incidents and experiences we went through together.

My heartiest wish for each and every one of you is that you'll be able to live life to the fullest and claim every joy and comfort it has to offer, and that somewhere farther on down the walk we'll meet again.

—M.S.C.—

Senate group takes convention trip

Student Senate officers and sponsor, Kenneth Meeler, recently returned from a two day trip to Northeastern A&M at Miami.

The group attended the state student senate convention and met with representatives from five other Oklahoma junior colleges. They were given a tour of the campus and then participated in electing new state officers.

In the evening they attended a cookout at Grand Lake and went swimming in the college pool. The following day they gathered to discuss senate business.

Those members representing Murray State were Cleta Horner, Fred Nichols, Stephen Ratchford, Mike Pierce and Bill McConnell.

—M.S.C.—

96% "Upure"

A recent check of 100 hitchhikers by Arizona police reveals that 84 had criminal records and 12 others were either AWOL from the service or were juvenile runaways.

Would You Believe

By Janis James

... That in spite of increases in pay and decreases in working hours, some student employees only show up on pay day?

... That army, airforce and marine recruiting officers have arrived early, waiting on grades to be posted?

... That Mr. Day is starting his own Twiggy fan club as soon as school is out? He wants to be ready for fall enrollment.

... That we may be the swallow that didn't make the summer, but take a look at tomorrow night, just as an instance.

... In order to avoid arguments, and maybe bolster a falling reputation as hard-headed realists, we'll concede for the moment we can be run-over once in a while. But show no inclination to be pushed around.

... That Campus Corner is becoming quite a spot? You know, that's where Bernadon wears shorts and Chesie puts bugs down everybody's backs.

... That I'm told Ted Nichols has a weird way of dancing? He never knows where he'll be the next minute. Proms have to come and go.

... That Lewis Price hangs around Patton Hall quite a lot. Must be something on his mind.

... That the music department should be complimented on their many activities of the year? There is something about that whole show that would let you know that many were contributing their bit.

... There are some pretty stony hearts beating 'neath those red jackets, as the poet sayeth.

... That Loyd Hilburn and his armadillo were giving quite a show about midnight the other night until the procter got there. It was cur-tain.

... I hear the top turkey cut a few tail feathers off some up and coming goldblers? Student deans have the same old problems year in and year out.

... It has come time to say goodbye? Permanently? I sure do hate to, I've got more to say and no more time to say it. Deadlines on every dang thing have to be met. Giving up this column surely will be the worst thing that could ever happen to me. You better be good though, or I'll come back and getcha'.

LETTERS TO THE EDITOR

Editor:

This school year has nearly reached its end and I think I can say for everyone that it has been a good year.

I would like to offer my thanks and appreciation to the students and faculty who are chiefly responsible for the success of their student senate and senate activities. Every activity or event sponsored by the senate was highly successful. This was due to the help and cooperation that was received when asked for. I don't think a senate or individual could ask for any better cooperation from the administration and student body than we received this year at Murray.

The newly elected officers are competent and dependable people who are ready to accept the tasks necessary to have a productive year of senate business.

I would also like to express my thanks to the faculty who have

Fred Nichols
1969 Student Senate President

helped me as a student as well as senate president. And of course, the senate members themselves who have caused this senate to be the greatest at any college.

Best wishes to you all and may Murray continue to grow and be recognized for its accomplishments.

—FRED NICHOLS
Student Senate President

'Best we ever had,' sponsor says of student rodeo held in new arena

Termining the student rodeo held here the past weekend, "The best we ever had," Wendell Blair, sponsor of the Murray State College Rodeo club, praised the new arena constructed by Johnston County Rodeo club members and stated, "Members of the Rodeo club and I are grateful to the many, many individuals and organizations who helped us."

Even the weather gave the student rodeo its blessing this year in contrast to most years when rain or cold winds hampered the show. Blair said that paid admissions during the two nights amounted to "about \$1,000."

Wendell Ratchford, Murray State student from Davis, won the rodeo's All-Around Cowboy title.

Order of placing in the events were as follows:

Bareback Riding—Wendell Ratchford, 1st; J. O. Craven, East Central, 2nd; Jimmy Cleveland, Cameron, 3rd.

Steer Wrestling—Wendell Ratchford, 1st; Ab Deacon, OSU, 2nd; Colin Howell, OSU, 3rd.

Call Roping—Abe Deacon, OSU, 1st; Bob Reynolds, East Central, 2nd; Colin Howell, OSU, 3rd; Jimmy Cleveland, Cameron, 4th.

Bull Riding—Mike Kirby, Murray State, 1st; Ronnie Costloe, Murray State, 2nd; Wendell Ratchford and Steve Shephard, both of Murray, tie for 3rd.

Barrell Racing—Wally Gilmore, Sulphur, 1st; Beverly Barnes, Marietta, 2nd; John Craven, Ala, 3rd.

Relay Races—Friday night Durant won over Gene Autry; Saturday Tishomingo won over Madill.

Tess Jones, Murray State cod from Davis was Rodeo Queen. Eddie Graham of Bray and Bob Roberts, Madill, both Murray students, crowned the show.

—M.S.C.—

Of 190 persons killed in traffic crashes during the first three months of 1969, 90—or 43.3 percent—were 25 years or younger.

Motorists whose car tags end in the number five should have their vehicles checked for safety during the month of May.

COMPUTER SCIENCE facilities have been established on the Murray campus in the instructional resource center for a two year experiment on ways of supplying computer uses for small colleges. Shown with Dr. Clyde Kindell (left) are Dr. Herbert Hengst (center), OU associate professor of education and dean of the College of Education, and Dr. Charles Warlick, associate director of the University of Texas Computing Center, in one of many computer discussions in getting the program set to begin with the fall term of classes. Wayne Day, math instructor, has been appointed special investigator to handle the Murray program.

CARNIVAL FUN came from the concessions sponsored by campus clubs in the Home Ec Club evening affair. Thirteen booths provided plenty of action. The booth sponsored by the publications club made a good profit with Anna McCarthick and Jackie Carter retrieving dolls for Judy Smithers and Brenda Jones.

RODEO CLUB'S annual high school and college rodeo featured lots of thrills and excitement and was termed a success by club sponsor, Wendell Blair. Participating cowboys split a total of \$1,140.00 in the two-night event. Murray State cowboys swept the bull riding event and placed in many others while taking more than 50% of prize money offered (\$600).

STUDENT SENATE Vice-President Tom Turner had the pleasure of presenting Arthur Vernon this year's trophy as "Meanest Teacher." Vernon was chosen by the student body to receive the "trophy" after a campus vote had narrowed the field of nominees to six. Director of Public Relations, Kenneth Meeler, (background) was m.c. during the basketball hall-time presentation.

MIKE PIERCE and Marc Garrett sang a variety of melodies to win "Campus Talent '68". Switching from solos to duets, the pair teamed on pop, folk and country-western music to please the crowd and take first place.

WORKMEN are shown in the early stages of construction of the new instructional resource center. The new wing of the library-science building is just part of a total construction program that saw a new auditorium and swimming pool added to the Murray State facilities this year.

NEWEST ADDITION to Murray State College is Fletcher Auditorium. Named after John W. Fletcher, former speech and drama instructor, the auditorium will seat approximately 800 persons and will provide a stage for drama and musical productions. The graduating class of 1969 will be the first class to use the facilities for commencement exercises.

DISPLAYING THIRD PLACE TROPHY won at the Y.W.C.A. basketball tournament in Oklahoma City are team members. l-r, Janice Whitmire, Marilyn Stanley, Couch Dessie Hull, Eloise Troutman and Sharon Gale. Susan Nelms was not available for the picture, but helped win the team competition. Women's basketball had more interest this year than in previous years.

PROSPECTIVE FLIGHT students talked with their instructor Harold Lahey, before actual flying took place. Aviation is a new experience at Murray State and much enthusiasm has developed from it with most of the students continuing on to the second semester of instruction where much of their time is spent in actual flying.

MURRAY STATE LIVESTOCK judging team won many high honors for their ability in various contests. Here the team members show the trophies and plaques won at the National contest in Denver, Colorado. Members seated left to right are: Chester Gibbs, Steve Hatchford and Bobby Jones. Standing are Roger Black, Harold Fogleman, instructor; and Karol Finley.

ALL-COLLEGE ENTERTAINMENT was provided through a variety of assembly programs this year. The stage provided Campus Talent '69, drama productions, musical programs, recitals and guest speakers an opportunity to come before our student body in a number of interesting shows.

Former Murrayite ready for Vietnam

Pfc. Bill J. Hall, former sports editor of the Aggrielite, and now a member of the U.S. Marine Corps, visited the campus Thursday while home on leave from Camp Pendleton, California.

Hall is a member of the 5th Fleet Marine Force, infantry segment, and on his termination of leave will report for shipment to Vietnam. He has just completed intensive training as a rifleman. He was cross-trained in machine gun and radio communication.

Hall, from Marietta, graduated from Murray in May, 1968. While a student here he was active in the journalism club, art club, and was a member of the Murray baseball team.

He just recently married Mary Campbell of Turner who will reside in Marietta until his return from Vietnam.

—M.S.C.—

Club members see lumber operations

A trip to a lumber mill ended the activities of the year for the Social Science Club last Monday.

The club and its sponsor, Mr. Arthur Vernon, spent the morning at Wright City touring Dierk's Lumber Mill where they were shown all phases of the lumber industry from tree selection in the forests to the mill for process and the finished product. One interesting aspect of the tour was each student was allowed to watch a log go completely through the mill and finish out as lumber ready to be put in kilns for curing.

After the tour of the mill the group continued on to Beaver Bend State Park for lunch and a study of the types of soil and terrain found in the area. They also viewed the Broken Bow Dam while on the trip.

Ralph Benham heads Murray OEA unit

Science instructor, Ralph Benham, has been elected to serve as president of the Murray O.E.A. unit for next year. Benham joined the Murray faculty this year after teaching several years in the Ardmore school system.

He will be assisted by Wayne Day, vice-president, Mary Slack, secretary, Kathy Rood, treasurer, and Jim Stone, delegate to the

state convention.

The officers were selected from names appearing on a list of nominees submitted by the O.E.A. nominating committee.

—M.S.C.—

Mrs. Judy Cook and Mrs. Dale Fall and Tara of Yakima, Wash., Mrs. Jo Shipley and Karen of Bremerton, Wash., and Tom Hughes of Ellensburg, Wash., were to return home today after spending the past week with their parents and sister, Mr. and Mrs. Jeff Hughes in Ravia and Mr. and Mrs. Dean Sweat and Jimmie Dale in Tishomingo.

Scholarships Up To \$8500.00 Are Now Available!

Two college scholarships with a potential value of \$4,500 to \$8,500 each are now being offered by the Oklahoma Association of Electric Cooperatives.

These grant-work-loan scholarships are open to male college students interested in a management career in the rural electric cooperative program. Applicants must be enrolled in an Oklahoma college or university beginning with the 1969 fall term.

Each scholarship offers the following:

- Grant — \$500 each semester
- Work — \$1,000 each summer
- Loan — \$500 in junior year; \$1,000 in senior year
(Both are interest-free)

One-half of the loans will be forgiven for each year the recipient works in the rural electric cooperative program after graduation.

Deadline for applications is June 15.
Scholarships will be awarded August 1.

Applications are available at:

Oklahoma Association of Electric Cooperatives

2726 N. Oklahoma, Oklahoma City, 73105 — Phone 405-528-4441

Photo memories of 68-69 term

CAMPUS DAY QUEEN CANDIDATES: The student body was given the task of selecting one of these beautiful women as Campus Day Queen '68. Janene Hilton, far right, was chosen queen and crowned during halftime of the Murray-Pe'cau game. Other candidates were Debbie Estes, Nancy Holloway, Linda Spurgeon and Imogene Baxley.

4TH NATIONALLY. Champions of the National Invitational, Champions of Texoma Tournament, Champions of the Region II Tournament, Champions of most everything sums up the year in basketball at Murray State. Team members earning the honors under Coach Marvin Adams were Glen Finney, Darryl Fox, Dave Evans, Mike Johnson, Pervis Calhoun, Guy Berry, Tom King, Bubba Tidwell, Thomas Proctor, Melvin Imoichey, Elroy Simmons and Alan Simpson. Bob Lowler was team manager.

PRESENTATION OF "NIGHT OF JANUARY 14TH" in early March served as the spring semester full production of the drama club. The popular play, directed by Janace Fogleman (second from left), was presented two nights and gained audience appeal by having the trial jury selected from among those attending the production.

Murray State tying into O.U.'s computer facilities

Murray State College of Agriculture and Applied Sciences at Tishomingo is entering the growing field of computer science. The junior college has been awarded a \$24,960 National Science Foundation grant to support a two-year Murray State experiment to tie in with the University of Oklahoma's computer facilities in Norman.

Announcement of the arrangement between the two institutions was made today in Tishomingo by Dr. Clyde R. Kindell, Murray State president, and in Norman by Dr. James W. Sweeney, OU director of Computer and Electronic Data Processing Laboratories.

The Murray State-OU project is part of an over all experiment in the Southern Regional Education Board's computer science project, involving a number of other colleges, on ways of supplying computer facilities to small colleges for instructional uses.

Sweeney and Wayne Day of the Murray State Math Department are principal investigators of the Murray State-OU project. Murray State becomes the first college in Oklahoma to tie in with the OU Merrick Computing Center and the first Oklahoma college to become involved in the SREB project.

Kindell, who in January attended the first computer conference for Oklahoma college presidents held at the Merrick Computing Center, said the NSF grant will provide Murray State a chance to pioneer in areas of computer utilization.

"It is hoped that computer sci-

ence will be developed here to the extent that facilities will be provided to the majority of students and faculty in problem-solving in their respective disciplines and will provide both with an opportunity to expand their knowledge in the uses of the computer," Kindell said.

An International Business Machines 1650/36 remote access terminal has been installed in the Murray instructional resource center. It is connected by leased wire to the IBM 360/40 computer in the Merrick Computing Center on OU's north campus in Norman. Plans call for the remote terminal to be used by Murray State instructors and students for instructional problems and institutional research projects.

The time-sharing basis arrangement between the two institutions also enables Murray State to have full access via its remote terminal to the data banks in the Merrick Computing Center.

Another objective of the NSF-supported program is to provide the hardware and instruction for a study of computer concepts during a two-year computer science course of study being considered for inception in Murray State's academic curricula.

In the proposal submitted to the NSF, Sweeney and Day pointed out that graduates of the Murray State computer science program will be able to pursue advanced work in the field at OU, which offers the doctor of philosophy degree in information and computing science.

NSF funds will cover the cost of the remote access terminal with a card reader, two data sets, a telephone line from Murray State to the OU computing center and installation of the equipment.

The cost of computer time of the IBM 360/40 used by Murray State will be covered by NSF funds and an OU contribution. OU's other financial contributions cover the cost of renting a transmission control unit and the training of Murray State instructors in the use of the IBM 1650/36 remote terminal.

Murray State will budget funds for salaries, indirect costs, supplies and space.

Larry G. Greenwell, head of the Merrick Computing Center education and external development section, began a series of training courses on May 15 at the college, and instructors from each academic department are attending the courses.

The curriculum consists of Introduction to RAX, Introduction to Computer Programming, Basic Fortran IV, RAX Terminal Orientation and RAX Workshop.

Helping Greenwell instruct the courses is John Hadley, Oklahoma City, a member of the IBM Education Team.

Johnson to probe radioactivity

Mr. Howard Johnson has announced that he has accepted a grant from the National Science Foundation to study at the University of Texas at Austin. Mr. Johnson, currently instructing chemistry at Murray, will study the movement of strontium as it is taken up into the cell by using radio-active isotopes of strontium.

The importance of this work is to find out how strontium 90 accumulates after a radio-active explosion. Mr. Johnson applied to the University of Texas for the grant and opportunity to study in this capacity. The hours accumulated by Johnson will apply toward his doctorate degree. He currently holds a masters degree of Radiation Science. After the summer's work, which begins June 5 and continues through the latter part of August, Johnson will return to Murray State where he will again teach in the chemistry department.

NEW ACADEMIC DEAN, Dr. Bob G. Hill, with Mrs. Hill and Dr. Clyde Kindell greet members of the Murray faculty and local civic leaders at a tea in his honor May 6. Dr. Hill joined the Murray State staff on May 1 after completing his doctoral requirements at North Carolina State University.

Aggie baseball team ends up 3rd in regional test

Murray's baseballers finished their season after clinging to a small hope of snaring the regional crown. Against Oklahoma City Southwest in the opening game of Region II play, the Aggies quickly fell behind as starter Jackie Carter issued three walks and allowed three hits good for three runs in the bottom half of the first inning.

In the top half of the second inning Tony Mendell cracked a triple with one on and one out, and was thrown out himself trying to stretch it into a homer. Trailing 3-1, Carter had more control trouble in the second as he walked the first two men he faced. Perry Allen quickly came on and except for 1 run in the sixth had little difficulty in retiring the Southwestern batters.

The final score ended 4-3 and sent Murray into the losers' bracket of the double-elimination tournament.

Against St. Gregory's in their next game, the Aggies gave up four runs behind starter Russell Davis. The freak inning started when Davis struck out the first man he faced, but a dropped third strike by catcher Mendell and a wild throw to first, allowed the batter to reach base. Before the errors could be stopped the Cavaliers held a commanding 4-0 lead.

Little did the Cavaliers know that the 4-0 lead would not hold up against the determined Aggie nine. A two-run homer by Billy Lewis was the highlight of the game as Murray scored two runs in the first and sixth innings and one in each of the other innings to bomb St. Gregory's by a score of 8-4.

In all, Murray collected 10 hits and were led by David Burgess with three.

Perry Allen picked up his second win of the season in relief, as he relieved Davis in the second and shut out the Cavaliers on no hits through the last six innings.

At this time all teams were eliminated except Eastern, Connors and Murray. Eastern had no losses, while Connors and Murray each had one.

Murray met Eastern in their second game of the day and it once again looked as if the hitters were going to illuminate the action. The Aggies hit for three runs in the bottom of the first, running to seven the consecutive number of innings they had scored. But here the Aggies couldn't continue their pace, and meanwhile the Eastern crew seemed to pick up the slack.

A combination of seven walks, by starter Davis, and Carter who came on in the sixth, along with six passed balls and 5 errors led to the downfall. The final score read 10-3 and ended the Aggie season.

Although the baseballers weren't too successful in their campaign for this year, things do look bright for next year's season. Only three sophomores will be lost by a team made up entirely of freshmen.

—M.S.C.—

Slide-rulers have annual spring feed

The Engineering and Technology Club held its annual spring banquet Tuesday night, May 6 in the Cafeteria.

Dr. Don Phillips, head of the College of Engineering at Oklahoma State University, discussed opportunities available to students pursuing a career in the fields of engineering or technology.

Other guests introduced by Ferrell were President Kindell, Academic Dean Bob Hill, and the advisors of the Engineering and Technology Club, R. B. Brisco, Joe Reid and Gary Brown.

Darryl Fox

Tom Turner

Rudy Manley

Sets fast pace in Regional

FINISHING FIRST in the second heat of the 220 Dash is Tom Taylor of Murray in the Region II tournament at Eastern Oklahoma State College. Taylor did not place with competition in the first heat. Other Region II firsts went to Jerry McArthur in the broad jump at 22.5, Gary Farris in the 120 high hurdles with 14.9 and Tom Turner won the 800 run at 1:53.

SPORTS

By Jackie Carter

Mike Johnson is probably one of the most widely sought after junior college basketballers in the country. Although Mike has yet to make up his mind on which campus he will attend, he has visited such campuses as Drake, Bradley, Washington and Kansas State. These are just a few of the nearly one hundred schools that have contacted the big 6'5" San Francisco sophomore. He finished out his highly successful two year junior college with one of the greatest honors that can be bestowed. He was named to the first team All-American Squad.

Now that it's near the close of the year it is also the close of intramurals. Only three sports are yet to be decided: men's softball, women's softball and women's tennis. Winners of the others have been Brown Frogs-football; Red Riders-basketball; Ted Pickard-eight ball tourney; Jackie Carter-tennis singles; Pat Boland and Fred Karcher-doubles tennis. Women's winners were not released as playoffs were still being held.

The rains of the past week should leave everyone with the spirit of fun for the last week of school. While the water is up, the sun is hot and Pennington Creek should be the perfect spot for idle afternoons. Diving, swimming and sunning are the three sun sports most appealing to everyone and this last week should be full of it.

Last weekend was the opening of the new Rodeo Grounds. Bareback riding, bull riding and roping were some of the featured events that helped get the Murray State rodeo off to its start Friday night.

Steve Shepard and Robert Blan were twenty-five dollars richer after a Colbert Rodeo. Shepard placed first in bareback riding and Blan was first in bull riding.

Good Luck Grads!

Three Murray athletes given book recognition

The Outstanding Americans Foundation announces that three Murray State College athletes, Darryl Fox, Tom Turner and Rudy Manley, have been selected for inclusion in the 1969 edition of "Outstanding College Athletes of America."

"Outstanding College Athletes of America" is sponsored by the non-profit Outstanding American Foundation. John Putnam, one of the Ten Outstanding Young Men of America for 1966, and president of the Foundation, said, "It is the purpose of 'Outstanding College Athletes of America' to recognize and honor the all-round abilities of the young people who have distinguished themselves in the sports competitions of our colleges. These young people carry the mantle of their school, their state, and their nation each time they participate in competitive sports."

All three Murray athletes have proven themselves worthy of this award throughout the year both while actively participating in sports competition and displaying leadership ability in the every-day tasks.

The criteria for which all three men were chosen included: the athletes' sports achievements; leadership ability; athletic recognition; and community service.

"Outstanding College Athletes of America" stands as a tribute to the young athletes who have accepted the challenge of excellence.

Murray thinclads place third in regional meeting

A strong team from Northeastern Oklahoma A&M College of Miami surged ahead in the field events and followed up in running events to win the Regional II track meet at Eastern Oklahoma State College Saturday. NEO finished with 90 points, outdistancing Eastern's 85, Murray's 53 1/2, Northern's 23 1/2 and St. Gregory's 5.

Eastern's Tommy Colbert and NEO's Ken Hogan were the only double winners. Colbert won the high jump and triple jump and Hogan won the discus and the javelin. All times and distances were new records except the broadjump, discus, shotput, 440 relay and the 220.

First and second place winners qualified for the National Meet in Garden City, Kansas, Thursday, Friday and Saturday, May 15-17.

Results of the Regional Meet were:

Broadjump—Jerry McArthur, Murray, (22.5); Tommy Colbert, Eastern; Mel Riggins, Northeastern A&M; Tom Taylor, Murray.

Discus—Ken Hogan, Northeastern A&M, (125.7); Gary Cope, Murray; Dan Cokeley, Northeastern A&M; Paul Adams, Northeastern A&M.

Pole Vault—Dan Kastl, Northeastern A&M, (13.0); Nolan Street, Northeastern A&M; Mike Mailey, Murray; John Lehr, Northeastern A&M.

Javelin—Ken Hogan, Northeastern A&M, (164.10); Dan Kastl, Northeastern A&M; Don Mathis, Eastern; Steve Watson, Northeastern A&M.

Shotput—Paul Adams, Northeastern A&M, (46.8); Ken Hogan, Northeastern A&M; Gary Cope, Murray; Rob Perryman, Eastern.

Triple Jump—Tommy Colbert, Eastern, (44.5/3); Jerry McArthur, Murray; Roy Dröberstedt, Northern; Brian Hobart, Northeastern A&M.

High Jump—Tommy Colbert, Eastern, (6.1); Kenneth Clem, Northern; Sam Ponder, Murray; Don Mathis, Eastern.

440 Relay—Athletic recognition; and community service.

"Outstanding College Athletes of America" stands as a tribute to the young athletes who have accepted the challenge of excellence.

—M.S.C.—

The name "jalopy" for an old car is said to have originated in the early 1900s. A shortage of automobiles in Mexico led to the shipment of old cars from the U.S. to Jalapa, Mexico, for resale.

100 Yard Dash—Gerald Young, Northern, (9.4); Mel Riggins, Northeastern A&M; Gerry McClendon, Eastern; Steve Choate, Murray.

120 High Hurdles—Gary Farris, Murray, (14.9); Frank Washington, Murray; Rex Good, Northeastern A&M; Sam Thornton, Northeastern A&M.

800 Relay—Northeastern A&M (Riggins, Daniels, Harris, Thornton), (1:30.6); Murray, Northern, Eastern.

440 Dash—Mike Robinson, Eastern, (48.5); Eric Reubin, Murray; Brian Hobart, Northeastern A&M; Doug Hamilton, Eastern.

440 Intermediate Hurdles—Nolan Street, Northeastern A&M, (57.8); Mike Isbell, Northern; Frank Washington, Murray; Rex Good, Northeastern A&M.

800 Run—Tom Turner, Murray, (1:58.0); Charles Woods, Northern; Larry Neighbors, Eastern; Mike Simmons, Northeastern A&M.

200 Dash—Gerry McClendon, Eastern, (22.0); Gerald Young, Northern; Mel Riggins, Northeastern A&M; Larry Harris, Northeastern A&M.

Two Mile Run—Terry Ziegler, St. Gregory's, (9:56.7); Roger Millsap, Northeastern A&M; John Rocha, Eastern; Tom Lloid, Northeastern A&M.

1 Mile Relay—Eastern (Hamilton, Mason, Morris, Robinson), (3:20.2); Northeastern A&M; Murray.

The Murray Aggieelite

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY ONE TUESDAY, SEPTEMBER 9, 1969 NUMBER ONE

Twelve Faculty Added to Staff

Changes in Buildings, Grounds Proceeding

The physical appearance of Murray State College is one of constant change. The college has been modified this summer by new construction, remodeling and landscape.

A track that will eventually meet NCAA requirements is being constructed south of McKee Hall. The quarter-mile track will be equipped with a 220 yard straight away, broad-jump pit and equipment for field events.

The infield will be crowned, sloped and sodded with bermudagrass. The track will be constructed of several layers of preparatory soil and materials and will be finished with red-dog cinder. Bob Nelson, track coach, predicted a completion date in late September or early October.

Nelson also added that the track would have an estimated value of \$25,000 but cost much less than half that figure because most work was done by college employees.

The physical education department will be expanded this year because of the addition of a 7,500 square foot building to house a new-

ly constructed swimming pool. The pool will be used in the curriculum for teaching swimming and will also be available in the afternoons and evenings for student and faculty use.

Both remodeling and new construction projects were begun on the 16,000 volume library during the summer.

The present section has added individual study carrels, two seminar rooms, a new office, a large conference room and a library work room. It will also house a double classroom for audio-visual classes.

The library will be open from 8:00 to 12:00 a.m., 1:00 to 4:30 p.m. and 7:00 to 9:30 p.m. Monday through Thursday. The library will observe the day time hours on Friday but will not open Friday night. The library is closed on Saturday and Sunday.

A 60 car capacity parking lot has been constructed between Beames Hall and the Spencer Auditorium.

The parking area will primarily serve the residents of Haskell Lucas Hall but will also provide park-

ing for basketball games and events held in Fletcher Auditorium.

The remodeling projects include work on the business office, Patton Hall, Haskell Lucas Hall, McKee Hall and Beames Hall.

The business office has added a new xerox copier that will be available to the faculty. Each department will have a key that will allow use of the copier. An IBM sorter and a key punch board will be added to up-date business procedures. A 402 accounting machine will also be installed.

The modification of the counter and relocation of the clerk's desk have also been completed.

Haskell Lucas Hall has undergone extensive decorating. Over a hundred gallons of paint have been applied to the rooms and halls. Jim Conway, building supervisor, estimated that 600 man-hours had been spent on the building.

Patton Hall and McKee Hall have been painted in areas that needed re-working.

Beames Hall has undergone extensive floor treatment. New tile has been installed in the offices and halls to match the new area of the swimming pool addition.

Conway said, "The grounds are in good shape. We have done a lot of minor and major work on the landscape but we still have a lot more to do."

The drainage system between the Administration Building and Haskell Lucas has been completed. Over 45,000 square feet of St. Augustine grass has been sodded in this area. St. Augustine was used because it will continue to grow in the shade and under trees.

In addition, the large hedge south of the tennis courts was removed to allow the campus to be visible from the road.

Other major building projects which are under study and in the process of being approved include the complete remodeling of the Administration Building and the construction of a new girls' dorm.

The interior and exterior of the Administration Building will be re-finished.

The girls' dorm is to be built in the park area directly behind Poo Hall.

Life, for most of us, is a continuous process of getting used to things we hadn't expected.

Twelve new faculty members joined the staff for the 1969-70 academic year boosting the total number of faculty and administrators to 45. Eleven joined the staff on a full-time basis with one member teaching part-time.

Miss Johanne Brannan will teach voice, music theory and music appreciation. Miss Brannan holds a bachelor's degree in music education from Abilene Christian College, Abilene, Texas and masters of music education from North Texas State.

She taught elementary music in the public schools of San Angelo, Texas for one year and choral music at Ft. Worth Christian College for two years.

Assistant basketball and head basketball coach will be Wayne Cobb. He holds a BS degree and a Masters degree from Southeastern State College where he was named to the Oklahoma Collegiate All-conference basketball teams for two years. He also received NAIA All-American Honorable Mention his senior year.

Cobb's teaching experience includes two years at Chattanooga, one year at Sulphur and one year at Southeastern State College as a graduate assistant.

He and Mrs. Cobb, an English teacher at Tishomingo High School, have one boy six years old.

Terry Lee, instructor in physical education, comes to Murray from Arkansas. He holds a bachelor's degree from Henderson State College, Arkadelphia, Arkansas and a masters degree from the University of Arkansas.

He taught physical education one year in the public schools in Fayetteville, Arkansas. Mrs. Lee is a former elementary teacher. The couple has one child, seven months old.

Tom Lane will teach journalism and sponsor the Aggieelite and the Tribesman. He holds a BS from Midwestern University, Wichita Falls, Texas and a masters from Central State College.

Lane's teaching experience includes three years at Oklahoma City and one year at Duncan. He has also been employed with the Daily Oklahoman as an educational consultant and with the Oklahoma City YMCA.

Mrs. Lane is a former elementary teacher. They have one son, Kerry, age 6.

Richard Phillips will teach flight training. He is a certified FAA flight instructor. The long-time rancher and resident of Madill will use his own plane to teach flying from the Tishomingo air strip.

Assuming the duties as business manager is Brian Kenney. He holds the bachelors degree from East Central State College and a masters in business education from Oklahoma State University. While at OSU, he served as a graduate assistant and worked in the office of student loans.

Kinney also worked in the advertising departments at the Sulphur Times Democrat and the Ada Evening News.

The Kinneys' have two children, Mark, 5 and Glenn Dale, 2. Teaching New and Old Testament will be Rev. Jim Rich, pastor of the First Baptist Church of Tishomingo. Rev. Rich holds a BA degree from Oklahoma Baptist University and a Bachelor of Divinity Degree from Southwestern Baptist Theological Seminary in Ft. Worth, Texas. He has pastored churches in Oklahoma City, Duncan and Ad-dington.

Perry Don Ross will teach in the engineering and technology department. He served four years in the U.S. Navy and holds a BS and a Masters Degree from East Central State College, Ada.

He has been an industrial art teacher at Lindsay, Oklahoma, for the past seven years. Ross and his wife reside at 302 W. 8. They have two children, Rickey, six and Shelly, three.

Teaching primarily in the area of European history will be Rex Morrell. Morrell holds a BA in history from Southeastern State College and has earned 80 hours in European history toward his Ph.D at Oklahoma University. He attended O U on a National Defense Educational Assistance fellowship.

Morrell is assuming the teaching load of Arthur Vernon who is on sabbatical leave. He and Mrs. Morrell, a former high school teacher, have one son, Peter, 10 months old.

John Edwards will teach American history and government. He holds a BA from North Texas State University and has earned 36 hours above his BA at East Texas State.

Edwards has served for the past two years as a graduate assistant at East Texas State.

His wife will attend Southeastern State College to finish her degree.

Coming to Murray with six years teaching experience at Lindsay is Leon Semkoff. He holds a BS degree from Southwestern State Col-

lege and one year at Duncan. He has also been employed with the Daily Oklahoman as an educational consultant and with the Oklahoma City YMCA.

Mrs. Lane is a former elementary teacher. They have one son, Kerry, age 6.

Richard Phillips will teach flight training. He is a certified FAA flight instructor. The long-time rancher and resident of Madill will use his own plane to teach flying from the Tishomingo air strip.

Teaching New and Old Testament will be Rev. Jim Rich, pastor of the First Baptist Church of Tishomingo. Rev. Rich holds a BA degree from Oklahoma Baptist University and a Bachelor of Divinity Degree from Southwestern Baptist Theological Seminary in Ft. Worth, Texas. He has pastored churches in Oklahoma City, Duncan and Ad-dington.

Perry Don Ross will teach in the engineering and technology department. He served four years in the U.S. Navy and holds a BS and a Masters Degree from East Central State College, Ada.

He has been an industrial art teacher at Lindsay, Oklahoma, for the past seven years. Ross and his wife reside at 302 W. 8. They have two children, Rickey, six and Shelly, three.

Teaching primarily in the area of European history will be Rex Morrell. Morrell holds a BA in history from Southeastern State College and has earned 80 hours in European history toward his Ph.D at Oklahoma University. He attended O U on a National Defense Educational Assistance fellowship.

Morrell is assuming the teaching load of Arthur Vernon who is on sabbatical leave. He and Mrs. Morrell, a former high school teacher, have one son, Peter, 10 months old.

John Edwards will teach American history and government. He holds a BA from North Texas State University and has earned 36 hours above his BA at East Texas State.

Edwards has served for the past two years as a graduate assistant at East Texas State.

His wife will attend Southeastern State College to finish her degree.

Coming to Murray with six years teaching experience at Lindsay is Leon Semkoff. He holds a BS degree from Southwestern State Col-

lege and one year at Duncan. He has also been employed with the Daily Oklahoman as an educational consultant and with the Oklahoma City YMCA.

Mrs. Lane is a former elementary teacher. They have one son, Kerry, age 6.

Richard Phillips will teach flight training. He is a certified FAA flight instructor. The long-time rancher and resident of Madill will use his own plane to teach flying from the Tishomingo air strip.

Assuming the duties as business manager is Brian Kenney. He holds the bachelors degree from East Central State College and a masters in business education from Oklahoma State University. While at OSU, he served as a graduate assistant and worked in the office of student loans.

Kinney also worked in the advertising departments at the Sulphur Times Democrat and the Ada Evening News.

The Kinneys' have two children, Mark, 5 and Glenn Dale, 2.

The Aggielite

(Subscription—Fifty Cents (50¢) Per Semester)
Published twice monthly during Sept., Oct., Nov., Jan., Feb., April, May, Once during Dec. and March. None published during June, July, and August.

The AGGIELITE is a laboratory newspaper published by the journalism classes at Murray State College, Tishomingo, Oklahoma 73460.

CO-OPERATION WOULD ALSO BE COMPLIMENTARY

The Murray State campus is beginning to look more and more like a university campus. The grass is being cut and edged, the flower beds are being cleaned, the shrubs are being trimmed and buildings are being cleaned and painted.

Much of the credit goes to Jim Conway, building and maintenance supervisor, and his entire staff. The work they are doing is sure to cause the student body and faculty to exhibit more pride in Murray and to help keep the campus as clean as possible.

GIVE YOUR SUPPORT—EVERY TIME!

Friday of this week the Murray State baseball team coached by Wayne Cobb will play host to Bacone Junior College and Grayson County Junior College. To a degree the spirit and enthusiasm of the student body can be judged by the support that it gives to the sports that usually take a back seat to basketball. The team needs our support.

So do many of the other activities that occur on campus. A vibrant, learning student body is one that supports every Murray endeavor, whether it is an art show, an essay contest, a rodeo or what ever the activity. Murray State deserves our loyal support.

A SITUATION WE ALL MUST FACE—AND SOLVE

No one denies that parking is a problem at Murray State College. In fact, there are very few colleges and universities where parking is not a major problem.

The problem can only be solved when finances and space are made available. But until that time, the best way to work together on the situation seems to be to park in the properly designated places.

It is perhaps tempting for a student or faculty member to park in an area that he knows is not proper. However, when that occurs, it only makes originally authorized cars park in someone else's place.

So, until the situation is eased with more parking, the best solution seems to be to enact self-discipline upon ourselves and park our automobiles in authorized areas.

Staff Adds Personal

In addition to 12 new faculty members, Murray employed four additional staff members for the 1968-70 school year.

Jim Conway will serve as superintendent of Buildings and Grounds. Conway has been employed for the past six years with the Oklahoma Paper Company. He worked as a salesman for the company serving the southern and eastern parts of Oklahoma. He has gained extensive training and experience in the field of building maintenance through the merchandizing of building supplies with the Oklahoma Paper Company.

He is a factory trained representative of Johnson Wax and has

Fogleman to Judge Livestock at Muskogee, Durant

Harold Fogleman, instructor in agriculture, has been invited by Muskogee State Fair to judge the junior steer show and the junior barrow show on September 15 and 16.

The steer show will consist of about 80 entries from all parts of Oklahoma. The winners in the barrow show will be selected from approximately 200 entries.

Fogleman will also judge steers and barrows at the Bryan County Fair on September 11 at Durant.

directed numerous clinics for maintenance personnel throughout the state.

He and Mrs. Conway have established residence on campus. They have two children: Vicki Lynn, 16, a sophomore in high school and Jim Jr., 13, an eighth grader.

Mrs. R. W. Mootooth will serve as the cafeteria manager. Mrs. Mootooth comes to Murray after having served as cafeteria manager at Northern Junior College and as an independent restaurant owner and operator.

Serving as housemother in Poe Hall will be Mrs. Doris Cude of Ardmore. Mrs. Cude has previously served in the same position at Cameron State College in Lawton.

Fulton Hall will be directed by Mrs. Lois Denson who comes to Murray from Wapanucka.

Murray Dames to Begin Activities With Ladies' Tea

The Faculty Dames has formally changed its name to Murray Dames. The change was announced by Mrs. Betty Hill, president.

The change was made because it better fits the organization Mrs. Hill said. Last year the membership included the wives of faculty members and women faculty. This year the membership will consist of all ladies connected with Murray State College. This will include ladies who are employed by the college or ladies whose husbands work at Murray.

The purpose of the organization is to promote and encourage social involvement of its membership and girls enrolled at Murray.

Mrs. Hill said the three traditional meetings are a get acquainted party for the members of Murray Dames, a tea for the girls enrolled and a graduation tea.

In addition to the three traditional meetings, the organization meets monthly.

A wide mouth and a narrow mind often go together.

1,100 ACRES WORKED

Farm Prepares For Students, Classes

The Agriculture Department property has undergone extensive repair during the summer. The south farm, consisting of about 100 acres, has been the area of most drastic change. Two machinery sheds have been torn down to make room for new working pens for cattle.

The new steel post and cable pens have been carefully designed

Sophs Outnumber 68-69 Pre-enrollees

Pre-enrolled sophomores number 50 above the figures of last year while the freshman class lagged a little behind last year's pre-enrollees Harold Slack, registrar announced.

"The figures are estimates as of Wednesday, September 3.

Rojane Gilmore, assistant to the registrar, estimated that Murray State would be near or above last year's enrollment.

"We will have an accurate count sometime next week," she stated.

Enrollments in science and math classes are exceptionally high according to Mrs. H. Louise Craven.

Slack also said this year's enrollment had fewer students who pre-enrolled but failed to officially enroll.

Twelve—

lege and a MA from Kansas State Teachers College. He will teach general college math and intermediate algebra.

The couple reside on campus and have two children, David, 7 and Mark, 3.

Jim Schammerhorn will teach general chemistry. He graduated from Wichita State University where he received a bachelor of science degree. Schammerhorn taught on an assistantship while earning his masters degree at Wichita State. He also has completed one and one half years of past graduate study at Purdue University.

At the present time the college is lacking a women's physical education instructor and counselor.

"We are in the process of talking with an interested instructor and should have some definite arrangements by the time classes start," Dr. Hill said.

Dr. Hill also stated that he was very pleased with the academic qualifications of the new staff members and felt the additions complemented the entire staff.

Failure of veterans to notify both the VA and the post office of their change of address results in millions of dollars worth of checks being returned to the VA annually.

Yearbook Increased To 160 Pages

The Murray State yearbook, The Tribesman, will be entirely revamped this year. It will be enlarged by eight pages and will have a student, faculty index included, Tommy Lane, yearbook advisor said today.

It will have an originally designed embossed cover and will contain four-color photographs in the opening section.

Lane also announced that students who are interested in serving on the staff should contact him in the journalism office. Experience is not necessary and one hour credit is received by those who enroll in the yearbook workshop.

LITTLE MAN ON CAMPUS

Faculty Returns to Classroom, Travel

In an attempt to keep pace with the knowledge explosion in their particular fields, eighteen Murray State Faculty members returned to the classroom and travel circuit this summer.

Mrs. Murrelle Mahoney, Librarian, participated in three library workshops and institutes. Midwestern University, Wichita Falls, Texas was host of the week-long workshop on "Automation For Medium and Small Libraries."

Wisconsin University was the site of a two-week institute on "Film and Audio-Visual Media." The meeting was sponsored by the Health, Education and Welfare Department.

Mrs. Mahoney also toured several libraries on the West Coast. The tour was designed to acquaint participants with African studies programs and automation circulation systems.

Fred Poe, Language Arts Chairman, attended the second session of summer classes at the University of Arkansas. He did graduate studies in the field of speech.

Mrs. Rosalva Rainey, instructor in home economics, studied at East Central State College. Mrs. Rainey acquired eight hours in costume design and literature.

Oklahoma State University was the institution attended by Joe Reid, instructor in engineering. Working on a masters degree, Mrs. Alma Hogan attended East Central State College.

Business education instructor, Mrs. Doris Townsend, attended Southeastern State College.

Charles Marshall, language arts instructor, attended the summer session at McGill University, Montreal, Canada. Marshall's study was in the field of French.

The art galleries of Europe served as the classrooms for Larry Milligan, art instructor. Milligan spent approximately a month at the world famous galleries of Paris, Athens, Rome, Florence, Madrid and Venice.

Ralph Benham, science instructor, attended a physics institute at the University of Washington at Seattle.

Director of Student Aid, Don Martin, participated in a seminar dedicated to understanding student unrest at Michigan State University. The seminar was sponsored by Executive Systems, Inc., a management consultant company.

Editor's note: an in-depth report of the conference will appear in a later edition of the Aggelite.

Robert Pearson, music department chairman, Wayne Day, Director of Federal Programs, and Vernon Hursi, science instructor, attended a four-day institute at the University of Tennessee, Knoxville. The purpose of the meeting was to develop new methods of teaching with the use of computers.

Stan Wilson, science instructor, received eight graduate hours credit in zoology while studying at the Oklahoma University Biological Station at Lake Texoma. Wilson studied under a grant awarded by the National Science Foundation.

Working under a \$39,000 grant sponsored by the National Science Foundation, Gerald Alloway, math department chairman, and Willard McDaniel, math instructor, attended a week-long institute for junior college math teachers at Oklahoma State University.

The purpose of the grant is to unify the content of math courses offered by Oklahoma's private, independent and state junior colleges. Seven on-campus meetings have been set by the group. Murray State will serve as host on February 13 and 14.

Those colleges that participated in the August institute were Oklahoma Military Academy, Northern, Connors, Bacone, St. Gregory and Murray.

Two additional Murray faculty members are on a year's leave of absence to pursue doctor degrees. Arthur Vernon, social studies chairman, is studying at East Texas State University and Dennis Toews is working in the field of music at Oklahoma University.

Sophomore Yearbook Pictures Will Be Made On Monday, September 22

Intramurals Begin September 22

Men's touch football will kick off the 1969-70 intramural program on September 22 Terry Lee, physical education instructor, announced today.

Clubs, organizations and independent teams must file a team roster of at least seven and not more than ten players with Lee in Beames Hall.

Any Murray student is eligible to participate in any of the intramural programs as long as they are not a varsity letterman in that particular sport. Also, anyone who is rated as a professional in the sport he wishes to enter is considered ineligible.

Deadline for team entries is September 11 at 4:00 p.m.

Lee stated that pads, helmets and cleats of any kind could not be worn.

The games will be played on the area between Beames Hall and Fletcher Auditorium, the former football field.

Each team will be required to furnish an official for their games.

Other men's intramural sports on the drawing board are volleyball, basketball, softball, table tennis, badmitten, tennis, swimming, track and pool. Lee commented that the number of events offered will depend primarily on interest and participation.

The beneficiary of G.I. insurance will receive monthly payments if the veteran has not informed VA that he wants "Option One" which provides for a lump sum payment.

OKLAHOMA 1969 HUNTING SEASONS

- MOURNING DOVE**
Dates: September 1 to October 30, 1969, inclusive.
Bag Limit: 10, 20 in possession.
- RAIL**
Dates: September 1 to November 9, 1969, inclusive.
Bag Limit: 25 daily in aggregate, 25 in possession.
- WOODCOCK**
Dates: November 2, 1969 to January 5, 1970, inclusive.
Bag Limit: 5 daily, 10 in possession after first day.
- COMMON SNIPES**
Dates: October 15 to December 3, 1969, inclusive.
Bag Limit: 8 daily, 16 in possession.
- GALLINULE**
Dates: September 1 to November 9, 1969, inclusive.
Bag Limit: 5 daily, 30 in possession.
Shooting Hours: One-half hour before sunrise to sunset daily.
- TEAL**
Dates: September 1 to September 9, 1969, inclusive.
Bag Limit: 4 daily, 8 in possession.
- QUAIL**
Area: Statewide, 1969
Dates: November 20 through January 15, 1970 (26 specified days).
Shooting Days: State law limits hunting to Mondays, Thursdays, Saturdays, Thanksgiving Day, Christmas Day and New Year's Day (Title 29, Oklahoma Statutes of 1961, Section 520, as amended 1968).
Bag Limit: 10 daily, 20 in possession after first day. No person shall have more than one day's bag limit of quail in possession while in the field or returning from a one-day hunt.
Shooting hours: Sunrise to sunset daily. **Shottguns only.** The shooting of quail while birds are resting on the ground, commonly called "pot shooting," is prohibited. No game birds or other wildlife may be shot from or across public highways or railroad right-of-ways.
- PRAIRIE CHICKEN**
Dates: Greater—December 6 and 7, 1969. Lesser—November 1 and 2 and December 6 and 7, 1969.
Bag Limit: 2 birds daily, 4 in possession.
Shooting Hours: Daylight to dark daily.
Method of Taking: Shotguns or long bows and arrows only.
- PHEASANT (Western Sector—Cimarron, Texas and Beaver Counties)**
Dates: November 8 through 16, 1969, inclusive.
Bag Limit: 3 cocks daily, 9 in possession.
Shooting Hours: 10:00 a.m. CST to dark.
Method of Taking: Shotguns or long bows and arrows only.
- (Eastern Sector—Harper, Woods, Woodward, Alfalfa, Grant and Kay Counties and that portion of Ellis County north of Highway 51)**
Dates: November 20 to January 15, 1970 — Mondays, Thursdays, Saturdays and Legal Holidays.
Bag Limit: 1 cock daily, 3 in possession.
Shooting Hours: 7:00 a.m. CST to 6:00 p.m. CST daily.
Method of Taking: Shotguns or long bows and arrows only.
- OKLAHOMA DEPARTMENT OF WILDLIFE CONSERVATION**
- WILD TURKEY (Fall Season)**
Dates: November 15 and 16 and 22 and 23, 1969.
Bag Limit: 1 tom turkey per season.
Shooting Hours: 7:10 a.m. CST to 4 p.m. CST daily.
Method of Taking: Shotguns, rifles or long bows and arrows with landowner option.
- WILD TURKEY (Spring Season)**
Dates: April 23 to May 3, 1970, inclusive.
Bag Limit: 1 tom turkey per season.
Shooting Hours: 5:00 a.m. CST to 7:10 p.m. daily.
Method of Taking: Shotguns, rifles or long bows and arrows with landowner option. No baiting allowed during either season.
- COTTONTAIL RABBIT AND SWAMP RABBIT**
Dates: October 15, 1969 to March 1, 1970, inclusive.
Bag Limit: 8 daily, 16 in possession.
Shooting Hours: Daylight to dark daily.
Method of Taking: Shotguns, rifles, live traps, slingshot, long bow and arrow and hand-propelled missiles.
- JACKRABBIT**
Dates: August 1, 1969 to April 1, 1970, inclusive. Statewide with the exception of Cimarron, Texas and Beaver Counties where there will be no closed season.
Bag Limit: None.
Shooting Hours: Daylight to dark daily. No limitations in Cimarron, Texas and Beaver Counties.
Method of Taking: Same as cotton tail and swamp rabbit.
- SQUIRREL**
Dates: May 15, 1969 through January 1, 1970 inclusive.
Area: Statewide.
Bag Limit: 6 daily, 12 in possession after first day.
- SKUNKS, CIVIL CATS, OPOSSUMS AND BADGERS**
No closed season.
- BEAVER**
Dates: December 1, 1969 to March 15, 1970.
- RACCOON**
No closed season in area north of U. S. Highway 66 and west of Interstate Highway 35.
Dates: November 1, 1969 to March 1, 1970, inclusive in area north of U. S. 66 and east of Interstate 35.
December 1, 1969 to January 31, 1970, inclusive in area south of U. S. Highway 66.
- RED FOX, GREY FOX, MINK, MUSKRAT**
Dates: December 1, 1969 to January 31, 1970, annually.
- OTTER AND KIT FOX**
No open season.
- DEER — Gun**
Dates: November 22 through November 30, 1969, inclusive.
Bag Limit: 1 for the season, possession some.
Shooting Hours: Daylight to dark daily. Statewide except in special hunt and closed areas.
- DEER — Archery**
Dates: October 18 through November 16, 1969, inclusive.
Bag Limit: 1, possession some. Statewide except in special hunt and closed areas.
Shooting Hours: Daylight to dark except in special hunt and closed areas.

Welcome to Murray!

LITTLE MAN ON CAMPUS

THE BEST ADVICE I CAN GIVE YOU RIGHT NOW IS FOR YOU NOT TO PAY YOUR ROOM RENT MORE THAN A DAY IN ADVANCE!

Aggielite Seeks Staff Personnel

The Aggielite is an official publication of Murray State College. It is financed in part through student fees.

The paper is produced primarily by students enrolled in journalism class but will welcome students to serve on the staff that are not currently enrolled in journalism. Tommy Lane, Aggielite sponsor, said today. Those students interested in serving on the Aggielite staff should contact Lane in the journalism office located on the third floor of the administration building.

Lane emphasized that prior journalism experience is not essential but a willingness to work and achieve is necessary.

The Aggielite is published twice monthly, the second and fourth Tuesday of each month but will not be published during vacations or exam periods.

Fall Baseball Starts Friday

The 1969-70 fall baseball season opens at Murray Friday, September 12 with the invasion of Bacone Junior College and Grayson County Junior College, Grayson, Texas.

The three teams will clash in a round-robin, each team playing two games. The action will get underway at 2:00 at the Murray diamond.

Bacone is the national runner-up in junior college championship play and will be tough this year.

Wayne Cobb will field his first Murray club which will be made up of five or six returning lettermen but will reach into the freshman ranks for most of his prospects.

New daisymen will be Mike Flowers, an all-state pitcher from Stonewall and pitcher, short-stop, Larry Wade from Comanche.

Returning from last year's club will be outfielders Billy Lewis, Dave Burgess and Sam Mains, pitcher Russel Davis, catcher Bubba Tidwell, infielders Mel Bradford and Joe Quinston.

People are like steamboats—they too loudest when they are in a fog.

Staff Begins 69-70 Academic Year

The entire Murray State staff met Wednesday, September 27 to officially kick-off the 1969-70 academic school year. The meeting was the first in a series that were held during the three day workshop.

Welcoming the faculty and staff for the first time was Dr. Bob Hill, academic dean who came to Murray last May.

The staff elected a special events committee which consists of Kenneth Meeler, Harold Slack, Mrs. Dorothy Peters, Dr. Beulah Zimmerman, Mrs. Joan Kimbrough, Marvin Adams and Dorothy Adams. Jack Reid and Harold Fogleman were elected by the faculty to serve on the administrative council and Tommy Lane was elected to serve as the Murray representative on the Oklahoma Council of Junior Colleges.

Many a writer takes a year off to do a novel when he could buy one for a couple of dollars.

If you don't believe you're over the hill, listen to a nine-year-old explaining orbital rendezvous to his younger brother.

Canaday, Martin Discuss Student Services

Wayne Canaday, dean of students and Don Martin, student aid director, today released notices to both on-campus residents and commuters concerning student relationship with their offices.

Martin stated that all students who are employed must secure a work slip from the student aid office. The work slip is necessary before the business office can release salaries earned by students.

"Parking is always a problem at Murray. We hope we have helped solve some of those problems this year," Canaday remarked.

Parking decals are required of all automobiles that will be parked on campus. Decals can be purchased in the dean of students' office located in the Student Center. Decals are \$1.50 each and must be placed in the lower right-hand corner of the rear windshield. The cost of parking decals doubles after September 12 Canaday said.

Appropriate parking areas have been selected and are marked. Parking for Haskel Lucas Hall,

marked LH, is behind, in marked area north and in the new parking area north and east of the dormitory. McKee Hall parking, marked MH, is in front of the dormitory and Student Center. Poe Hall, BH, Patton Hall, PH, and Fulton, FH, are located adjacent to the buildings. Commuters' parking is marked C and is located north of the campus and northeast of the library. Staff parking is marked S.

Canaday also advised those students that trade cars or change dormitories to remove the old decal and exchange it for a valid one at no cost.

Tickets will be issued for violation of parking and traffic regu-

lations. The specific amounts are established in the student handbook.

Dean Canaday also announced the hours for the snack bar, game room and cafeteria. The snack bar will be open from 7:30 a.m. until 4:45 p.m. and will reopen from 7:00 p.m. until 10:00 p.m.

The game room will allow the same hours but will not open until 9:00 a.m. The cafeteria will serve breakfast from 7:00 to 7:45, lunch from 11:30 to 1:00 and dinner from 5:00 to 8:30 p.m. Individual meals may be purchased in the cafeteria at the rate of 75c for breakfast and \$1.00 for lunch or dinner.

FOR FULL TIME STUDENTS...

BUYS GENUINE BLUE CROSS and BLUE SHIELD PROTECTION

SINGLE COLLEGE STUDENTS

A special program is available for college students who are enrolled in at least 12 hours and who are single. It costs only \$2.75 per month, and provides full-coverage, genuine Blue Cross & Blue Shield protection 12 months a year... in-school or out-of-school... on-campus or off-campus... in transit from home to campus or back... any place in the country. It's the best student health protection plan of all. The time to enroll is NOW. Send the coupon for complete information.

MARRIED COLLEGE STUDENTS

For a married student who is enrolled in at least 12 hours of college work, a special plan is available which covers spouse and dependents. It costs a little more because it has more benefits, and is tailored to the responsibilities of marriage. It includes wife or husband and children, plus maternity benefits. For married students, it's the best health protection plan of all. Check into it NOW, and enroll. Send the coupon for full information.

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY ONE TUESDAY, SEPTEMBER 23, 1969 NUMBER TWO

Accidents Plague Murray Campus

Charles Miller, a Murray State College freshman, lies unconscious today in an area hospital, a victim of excessive speed. The eighteen-year-old youth from Oklahoma City was rushed to Johnston Memorial Hospital, where he remains in critical condition, following a one car accident which occurred at approximately 5 p.m. Tuesday, Sept. 2.

Nursing Consultant on Campus Today

Murray State College is one step nearer to establishing an associate degree program in nursing.

The step was made by the Monday arrival of Miss Bernadene Hallinan, Consultant with the National League for Nursing, New York.

Miss Hallinan's visit has been preceded by a year's work and study.

Murray initiated plans for the program with the Oklahoma Board of Nurse Registration and Nursing Education in Oklahoma City last December. The Board advised Murray to continue to work toward the establishment of a program and has assisted in preliminary plans.

The program has the enthusiastic support of hospitals and physicians in Tishomingo, Ardmore, Sulphur

and other surrounding towns. Some hospitals, doctors, and interested individuals have contributed funds to help finance the feasibility study.

The Southern Oklahoma Development Association has also added its support and leadership to the proposed degree plan.

Johnston Memorial Hospital and its staff have worked diligently to see the program become a reality.

Miss Hallinan will consult with the college concerning other appropriate and necessary steps to be taken in establishing the degree plan.

The plan envisions that the enrollee, upon completion, would be eligible to meet the requirements of the Oklahoma Board of Nurse Registration and Nurse Education which would lead to the R.N.

ing a gradual curve.

According to the official report, the Miller vehicle slid 70 feet then swerved to the left, struck the roadside embankment and overturned. The tiny car slid an additional 24 feet on its roof, righted itself, and came to a stop 78 feet off the road in a grassy field.

State Trooper Wilson, of the Oklahoma Highway Patrol, said the unconscious youth was found about 40 feet from the spot where the car came to rest.

Wilson cited excessive speed as the accident's cause and reported that serious injury might have been avoided had seat belts been in use in the Miller vehicle.

Joe Ludy Windsor, 19-year-old Murray State College freshman from Marlow, was in Johnston Memorial Hospital this week with a broken back after being injured when he lost control of his car Friday afternoon north of Ravia on Highway 12.

Vernon L. Crume, 18, freshman from Comanche, totalled his '65 Oldsmobile the night of Sept. 9 when he lost control and slammed into a tree 4½ miles east of Tishomingo. The tree bore a sign asking, "Eternity where?" but Crume escaped with cuts, bruises and a few missing teeth.

BSU Begins New Program

Twenty Murray State College students were caught "red handed" today, taking part in a campus demonstration.

The demonstration occurred only a short distance from the Murray State campus, in and around an attractive brick building known as the Baptist Student Union. The ideals supported were good-natured fun and Christian fellowship, and the only plot was one of service to Murray State College, the nation, and to God.

Rev. Ted Maas, ringleader of the "demonstration" and director of the BSU, was assisted in the deed by the Union's officers: newly elected for the Fall semester; President David Smith, of Boise City, Vice-President Eddie Scott, of Oklahoma City, Secretary Debbie Tarr, of Bennington, Enrollment Chairman Mike Millanix, of Ardmore, and Mission Chairman Russell Bemis, of Konawa.

Since it originated, almost four years ago, the BSU has been the connecting link between the student, the home, and the church. Throughout those four years, "demonstrations" similar to the one taking place today, have added much to the spirit and atmosphere of Murray State.

Rev. Maas, who is pastor of the Bullard Chapel Baptist Church, and who donates a large amount of his time in direction of the organization, remarked of the Union members, "We're not a bunch of 'Holy Joes' frowning on laughter and hip stick, but a group of wholesome, likable young men and women."

Don Ryan

Nancy Middleswarth

Two Faculty Added To Staff

Wayne Canaday, dean of students, announced this week the addition of Don Ryan to the Murray faculty.

Ryan will serve as assistant dean of students and men's counselor. His duties in this area will begin December 1.

At the present time he is serving as counselor with the Neighborhood Youth Corps.

Ryan is a native of Oklahoma City. He holds a BA degree in English from Oklahoma State University and a masters in English from Western State, Gumption, Colorado. He attended Western on a graduate assistantship and has done some substitute teaching in El Reno.

Ryan will office in the financial aids department. He and Mrs. Ryan have one son.

Chris, two years old.

Dr. Bob Hill announced last week the appointment of Mrs. Nancy Middleswarth as women's physical education instructor and girls' counselor. She attended high schools in Frankfurt and Weiskirchen, Germany. Mrs. Middleswarth received her Bachelor of Arts degree from East Central and is working on her Masters at the University of Oklahoma.

Prior to Mrs. Middleswarth's coming to Murray, she held teaching positions at Madill High School and the Oklahoma School for the Deaf.

Mrs. Middleswarth is also in charge of the girls' intramural program. She is married to Terry Middleswarth, the East Central trainer and track coach.

Sophomore Class Largest In History

The present sophomore class is the largest sophomore class in the history of Murray State. Preliminary figures indicate that more than 250 sophomores have already enrolled. Harold Slack, registrar, indicated that number may increase by the time enrollment closes.

Freshmen enrollees are behind last year's figures. The present enrollment (as of Tuesday, September 16) is 735 compared to 775 at that same period last year.

The Language Arts department

Work Program Helps Provide College Cost

Over 200 Murray students will earn approximately \$60,000 on the Student Work Program this year. According to Don Martin, Director of Financial Aids, the federal government grants \$35,000 towards this program. The remaining \$25,000 comes out of state funds.

The one goal of the work program is to provide money for direct college expenses. Extra spending money should be obtained on off-campus jobs.

Students work on full-time or on half-time basis. Full-time involves working 40 hours a month or two hours a day. Half-time involves working 20 hours a month or one hour a day.

The employment in the various department areas are Cafeteria, 27; Dorms and Student Center janitors, 27; Proctors, 21; Building janitors, 18; Farm, 12; Fine Arts, 10; Physical Education, 10; Student Center, 10; Library, 8; Language Arts, 7; Science, 7; Engineering, 6; Public Relations, 6; Math, 3; Business, 2½; Business Office, 2½; Agriculture, 2; Registrar, 2; Social Science, 2; Student Aids, 2.

offers 40 classes and is assigned 4 teachers. The department has 815 students enrolled.

Two instructors teach the 6 classes offered by the Agriculture department. The classes have 183 students.

The 14 classes of the Engineering department have 60 students. Three instructors are in the department.

The business department, with two full time and one part time instructors, have an enrollment of 203 students in 10 courses.

Four teachers are in the Fine Arts department. The department offers 23 courses with 350 enrolled. In addition, the music instructors have 66 students enrolled in private instruction.

The Social Studies offers 23 classes taught by 6 full time and 2 part time instructors. The department has 810 students.

The Science department offers 24 courses with 597 students enrolled. The department is staffed by 6 full time and one part time teachers.

Four full time and one part time instructors make up the Physical Education department. A total of 510 students are enrolled in the 19 classes.

The Math department employs three full time and one part time instructors. The sixteen classes have 321 students.

Freshmen Elect Class Officers

The 1969-70 Freshmen class conducted the election of class officers Wednesday, September 17, in Fletcher Auditorium. Elected were president, Gary Cannon, Healdton; vice-president, Tolle Nunn, Seminole; secretary-treasurer, Beth Howell, Ardmore; student senate representative, Janice Gentry, Ardmore. Class sponsors are Mrs. Mary Ann Slack, Ralph Benham, and Vernon Hurst.

The Aggelite

(Subscription—Fifty Cents (50c) Per Semester)

Published twice monthly during Sept., Oct., Nov., Jan., Feb., April, May, Once during Dec. and March. None published during June, July, and August.

The AGGIELITE is a laboratory newspaper published by the journalism classes at Murray State College, Tishomingo, Oklahoma 73460.

Editor Jeanne Derringer
 Assistant Editor Lee Montgomery
 Adviser Tom Lane
 STAFF Charles Autaubo, Alpha Lou Brumley, Edwin Garrett, Lewis Jenkins, Mary Kinnebrew, Barbara Ann Lindgren, Gary Eugene Michie, Robbie Pitts, John Thomas Rhyne, Linda Rodgers, Joetta Whitford, Rebecca Graves, Loran Hacker.

SELF DISCIPLINE, A DECLINING ART—

Perhaps one of the most important lessons that this generation can learn is personal self discipline.

The fine art of personal discipline seems to be a declining one. Many expect others to discipline them instead of imposing self discipline.

One does not expect to see self discipline exhibited by a dog, a cat or other animals. But one should be able to see it exhibited by intelligent, talented individuals who are attempting to live and grow in an intellectual, social environment such as a college campus.

This discipline is not needed by just students. Parents, teachers, leaders and the average citizen need to learn that our society would be a better one if it practiced the fading art of self discipline.

BASEBALLERS EXHIBIT SELF DISCIPLINE—

Speaking of self discipline, (see editorial above) the students (a total of 4) who attended the Murray baseball games last week saw discipline.

The young men who donned the Murray State uniforms abound in self discipline. They were on the field because they wanted to play and wanted to represent you and the school.

Of the 15 or so that play only five of them are on scholarship. These players are a good example of discipline. **THE HOT LINE, A JOURNALISM EXPERIMENT—**

The Aggelite plans to experiment with a column called *The Hot Line*. Its purpose is simply an opportunity to allow students or faculty to seek intelligent, honest information.

It will work this way: Anyone wanting to have a reasonable question answered may write the question out and drop it by or mail it to the journalism office.

The Aggelite staff will seek out the most qualified person who is available to answer the question. The question and answer will appear in the same edition of the Aggelite.

Please sign the letter and give your address where you could be reached in case additional information is needed.

Musical Groups Begin Forming

Organizations within the music department are in the process of being formed.

The mixed ensemble under the direction of Mrs. Dennis Toews will be called "The Entertainers."

The purpose of the Entertainers is to provide off-campus publicity. They will perform for high schools, clubs, civic organizations, radio, and television during the school year. Tentative plans are being made for the group's trip to Mexico.

Members as a result of the vocal auditioning are Paula Waddle, Teresa Wilson, Belinda Smith, Paula France, Linda Rouniree, Anna Mc Cartick, Carol Blackburn, Steve Davis, Manuel Ruiz, Bobby Roberts, Johnny Welch, Douglas Summers, David Lawson, Larry Rogers and Monica Reed.

Instrumentalists are Larry Freeman, drums; Gary Michie, string bass; Carol Stubbs, piano; and

Keith Corley, guitar.

The pep band is under the direction of Robert Pearson and student director, Bobby Robertson. It will provide spirit and entertainment at the home basketball games.

The college chorus is under the direction of Pearson.

The chorus will present two concerts this semester, one at Thanksgiving and one at Christmas. In addition members will play important roles in the musicals planned by the department.

Several musicals will be presented this semester as a combined effort of the fine arts department. These presentations will include the best of Broadway review. The first will be presented on November 14, 15, and 17.

Mrs. Toews wants all persons interested in working in any capacity on-stage or off-stage to come by the music department.

LITTLE MAN ON CAMPUS

"AND AT OUR VERY LAST MEETING THE PRESIDENT ASSURED THE FACULTY THERE WOULD BE A DE-EMPHASIS ON SPORTS."

Smoking Immoral Survey Reports

An ever increasing number of cigarette smokers feel there is something morally wrong with smoking cigarettes, a recent Public Health Survey, revealed.

According to the Associated Press the percentage of male smokers who thought it morally wrong rose from 16.4 per cent in 1964 to 45 per cent in 1966, while the percentage of women smokers who believed it

wrong rose from 13.2 per cent in 1964 to 44.7 per cent in 1966.

The moral issue here is that it is morally wrong to do something that is harmful to your body or health. The government requires that companies print the following warning on cigarette packages: "Caution: Cigarette smoking may be hazardous to your health."

Also, the Federal Communications Commission ruled that time must be given to non-profit organizations, such as heart fund, cancer society, etc., to warn the public of health hazards.

In a survey at Murray State College some of the students and instructors were asked questions about cigarette smoking.

One co-ed said she thought about the warnings and for a while, it slowed her down, but now she is smoking as much as she ever did. She said that she was smoking before the warnings came out, and now it is too hard to quit. She feels that cigarette smoking is dangerous. She does not feel that pipe or cigar smoking are as dangerous as cigarette smoking because most people do not inhale pipe or cigar smoke.

Another student said he did not think the warnings had any effect on the people that smoke or at least his friends. He does feel that cigarette smoking is dangerous and that pipe and cigar smoking are also dangerous. In his opinion, pipe and cigar smoking is more dangerous than cigarette smoking because the tobacco is stronger.

One member of the faculty said that the warnings did not have any effect on his smoking and the only affect it had on his friends was to slow them down for a while.

About a million smokers quit smoking every year and about a million start every year, but estimates this year show that about two million smokers will give up the habit.

It's not the weight of the load you carry, it's the way you carry it.

Kindness is a language that the mute can speak and the deaf can hear.

Male mosquitoes live on flowers, while females live on animals.

A gem cannot be polished without friction, nor man without trials.

JC Evaluation Team Visits

A junior college study team authorized by the Oklahoma State Regents for Higher Education visited the Murray campus last week.

The team members were Dr. James L. Wattenbarger, Director of the Institute of Higher Education, University of Florida, and Gerald Williams of the Chancellor's office.

The study is being conducted to establish guide lines for the establishment of other junior colleges in Oklahoma, to inventory junior college resources currently available in Oklahoma and to develop a Master Plan for the providing of comprehensive junior college education.

The Regents have received applications for the establishment of state supported junior colleges at Altus, El Reno, Poteau, Sayre, Seminole, Woodward, Ardmore and Capitol Hill.

The implementation of the study will depend on the Oklahoma State Regents for Higher Education, the Oklahoma Legislature, the Governor and the people of the state.

The timetable established by the Regents is in the institutional visits stage at the present time.

September and October will be spent writing the report.

The Master Plan will be established in November.

The completion of the study is projected on November 25.

Freeman Leads Sigma Phi Alpha

The Sigma Phi Alpha elected officers at the September 16 meeting. The president, Larry Freeman, called the meeting to order. The following people were elected to office: Johnny Welch, vice-president; Carol Stubbs, secretary; and Carol Blackburn, student senate representative.

Mrs. Toews encouraged students to buy tickets for the community concert.

Members discussed ideas for a carnival booth. Bobby Robertson was named head of a committee to develop ideas.

Paula Waddle is in charge of a committee to prepare an initiation for new members.

The next meeting will be on September 30th.

Dames Hold First Meeting

The Murray Dames met at 7:30 Monday night Sept. 15, in the Home Economics Department at Murray State for the first regular business meeting of the year.

Hostesses for the first meeting were the club officers. They were Mrs. Betty Hill, president; Mrs. Joann Kindell, vice president; Mrs. Hae Dena McDaniel, sec.-treas.; Mrs. Virginia Bracken, reporter; and Mrs. JaNene Day, parliamentarian.

Several items of business were discussed and activities for the coming year scheduled.

In the past, the Murray Dames have assisted students in their activities and participated in numerous service projects. Added to this year's agenda will be several money-making ventures to help finance the service projects.

A costume party and box supper are planned for the October meeting.

A social hour followed the business meeting.

FREEMAN INVITES MUSICIANS

Larry Freeman, sophomore music major, is forming a jazz combo. He invites anyone who plays a sax, trumpet, or trombone to contact him at the music department.

Patton Dormitory Elects Officers

Fifty-one girls were present Wednesday evening for the annual Freshmen Initiation Party in Patton Hall. Twenty-four girls were initiated at the party.

All kinds of games and stunts were planned for the occasion.

Elections of officers were held at the dorm before the party. The newly elected officers for the forthcoming year are president-Janice Payne, Lone Grove, sophomore; vice-president-Monica Reed, Marietta, sophomore; secretary-treasurer-Pam Cox, Duncan, sophomore; Brenda Jones, Caddo, sophomore and reporter - Mary Kinnsbrev, Pauls Valley, sophomore.

Mrs. Dorothy Adams, hostess of Patton Hall, furnished the refreshments following the initiation activities.

Murray Hosts B&PW Meeting

On Sunday, September 14, Murray was host to the Annual Fifth District Conference of the Business and Professional Women's Club. The theme of the conference was "All Systems Go".

The meeting was presided over by Elsie Parker, fifth District Director. The main address was given by Louise Robison, past state president. The welcoming address was given by Clyde R. Kindell, MSC President. Mrs. Margaret Lokey, Tishomingo, provided the entertainment.

The Fifth District is made up of chapters in Waurika, Ardmore, Davis, Tishomingo, Sulphur, Healdton and Madill. Ardmore and Healdton were the only ones without any representation at the conference.

Dames Host Welcome tea

The Murray Dames were hostess at a reception held in the student Union Ballroom, Monday Sept. 22, to welcome the women students to Murray State College.

This traditional event has previously been held as a "Welcome Tea" in the afternoon. The decision this year to have an evening reception was an endeavor to make it more convenient for all to attend.

The housewives of the women's dorms were asked to serve. They were Mrs. Doris Cude, Poe Hall; Mrs. Dorothy Adams, Patton Hall; and Mrs. Lorene Denson, Fulton Hall.

Decorations were designed by Jack Irby, Madill florist, and carried out the Fall theme.

Alpha Epsilon To Enter Float Contest

On September 16, the MSC Alpha Epsilon Chapter of the Phi Theta Kappa held their first meeting of the 1969-70 school year. Plans were made to enter a float in the Chickasaw Festival and for the induction of new members from the spring semester. Also discussed were plans for contributions to the brother fraternities in Mississippi, devastated by Hurricane Camille.

The Phi Theta officers for this coming year are Danny Childs, president; David Smith, vice-president; Carol Blackburn, secretary-treasurer; Brenda Jones, reporter and Jerry Thurman, Student Senate Representative. Sponsors for the organization are Mrs. Janace Fogelman and Kenneth Meeler.

The best way to tell a donkey is by his lack of horse sense.

THESE PRETTY ICE CAPETS, famed for their precision skating, are featured in the new Ice Capades show opening September 19 at the State Fair of Oklahoma for six evenings and three matinees through September 24. Advance tickets are now available at the State Fair, and seat tickets secured in advance of the fair include free fair admission.

Senate Sponsors Float Contest

The Student Senate announced today that it would sponsor a campus float contest October 11.

The contest will be in conjunction with the annual Chickasaw Indian Festival sponsored by the Tishomingo Chamber of Commerce.

Steve Ratchford, senate president, said that cash awards would be awarded. First place will be \$15, second place \$10, and third place \$5.

Entries are open to any organization or residence on campus. Entries must be filed with the Student Senate no later than September 26.

The theme of this year's Festival is "Our Indian Heritage."

The floats will be judged Saturday morning and will then enter the parade downtown.

Former Students Receive Awards

Watrene Thomson and Linda Scribner, Murray students of last year, were recently named second and third place winners in the Indian Cultural Association's essay contest.

The Association received entries from many colleges and universities throughout the U. S. So many, in fact, that evaluation took almost a year.

First place winner was from Newcomb College, New Orleans and fourth place from West Liberty State, West Virginia.

Murray State was the only college with two winners.

Mrs. Mary Ann Slack, English instructor, was instrumental in the entries. She encouraged and assisted the students.

Mrs. Thomson received a \$25 cash award and a certificate.

Mrs. Scribner received a cash award and a certificate.

The first state to abolish capital punishment was Michigan in 1847.

OKIE Program Spreads to Merry England

The OKIE program is taking England by storm!

The following articles, which support that statement, are taken from "Over The Mersey Wall" a column by Cathy Habington in The Liverpool (England) Echo of August 20 and 25, 1969:

The Scouser and the Okies

"Only two people in this country possess an Okie pin. One is Liverpool's Lord Mayor, Alderman Stephen Minion. The other is the man who presented the pin to him, Ron McMeekin, who has just returned home after acting as unofficial, spare-time Liverpool ambassador to Tulsa, Oklahoma.

"Ron, taking with him his wife, Margaret and their three children, went out to Oklahoma as district representative of an international car-hire firm, determined to demolish any remaining American myth that England was London.

"He gave talks on his home-town to Tulsa Chamber of Commerce and prompted an exchange of city magazines between Tulsa's and Liverpool's publicity officers.

"His most popular consular activity was forming Tulsa's first soccer league.

"Now that he's back home—house-hunting and explaining that, happy though he was in Tulsa, a dyed-in-the-wool Liverpudlian like him couldn't bear to stay and lose his Scouse citizenship—Ron is timing to make Liverpool aware of Tulsa.

"His first step was the presentation to Alderman Minion of a letter of greeting from Tulsa's Mayor—and that Okie pin.

"Everyone in other states calls Oklahomans 'Okies'—so they've made the word their new state emblem—in a tiny lapel badge in gold.

Former Murray Students Receive Scholarships

Betty L. Anderson and Mark Alan Roberts, recent graduates of Murray State, have been selected to receive Junior College Leadership Awards for study during the 1969-70 academic year at the University of Oklahoma.

OU recently developed a program which provides \$384 scholarships for outstanding students selected by junior college administrators. Winners are selected on the basis of leadership and grades. Each grant bears the name of the sponsoring institutions—for example, the Northern Oklahoma College-University of Oklahoma Leadership Award.

Recipients will take part in a program sponsored by James Paschal, director of special programs at OU. They will attend meetings in which they will be encouraged to continue to develop their leadership abilities. They also will serve as advisers as OU creates additional programs in cooperation with junior colleges, and they will represent OU in visits to the junior colleges from which they were graduated.

Money for the Junior College Leadership Awards is provided by the OU Alumni Development Fund, a program in which OU alumni make contributions annually to finance student aid, research projects and purchase of special equipment for the university.

Mrs. Nancy Middlesworth is taking a survey of the women's dorms to determine what intramural sports will be offered and the nights and times.

Nature has given to me one tongue, but two ears, that we may hear from others twice as much as we speak.

—Epictetus

The best excuse is the one you never make.

If you're going in circles, maybe you're cutting too many corners.

Poe to Speak at English Meeting

Fred Poe, head of the Language Arts department, will be the featured speaker at the annual Language Arts Conference on October 4. Poe will speak to the general assembly on the topic, "The Teaching of Writing Becomes Increasingly Important in Today's Classrooms."

Approximately 30 or 40 schools will be represented at the conference, which will be held at the Put-erbaugh Junior High School in McAlester.

The Annual Conference is sponsored by the Oklahoma Educational Association, the State Department of Education and the Oklahoma Council of Teachers of English.

Other cities which will hold similar conferences are Alva, Guymon, Hobart, Norman, Stillwater and Vinita.

Jeanne Derringer

Derringer Named Aggilette Editor

Jeanne Derringer, sophomore, was appointed Aggilette editor for 1969-70 according to Tom Lane, Aggilette sponsor.

Miss Derringer served on the newspaper staff last year as Freshman editor. She is a '68 graduate of Mannsville High School. She has been an active member of various campus organizations. She is a Language Arts major and a Journalism minor.

Phi Beta Lambda Elects Officers

September 15, the MSC chapter of the Phi Beta Lambda held its first meeting of the 1969-70 school year. The purpose of the meeting was to elect officers for the coming year. Elected were Charles Joplin, vice-president; Karen Johnson, secretary; Debra Kramer, treasurer; Karen Sunderland, reporter and historian; and Bock McKinley, student senate representative.

Sponsors for the club are Mrs. Doris Townsend and Mrs. Mabel Lewis.

Expanded Night Classes Offer Opportunities for Part-Time Students

Night enrollment is being conducted at Murray State College. Any high school graduate or adult 21 years old or older may enroll. The courses carry regular resident College credit. The cost is \$6.75 per credit hour.

Enrollment can be made at the college or by phone. Enrollees should contact Mr. Harold Slack at 371-2371 or Madill 465-3223.

Drivers Education 102 to be arranged

Cheerleader to be Chosen October 8

Prospective cheerleaders will hold an organizational meeting, Wednesday, September 24 at 3:00 p.m. in the gym.

Mrs. Nancy Middlesworth, physical education instructor and cheerleader sponsor, said that any student interested in trying out for 1969-70 cheerleaders should attend the meeting.

"The present plans call for five girls and two boys to be selected," Mrs. Middlesworth stated.

The official tryouts will be held on Wednesday, October 8. A committee selected by the sponsor will judge the entries.

Murray Falls To Experienced Foes

The Murray State baseball team got off to a slow start September 12 by taking it on the nose from Bacone Jr. College and Grayson County. Bacone dominated the game with its pitching and hitting winning with a score of 9-1. Grayson County College, Sherman, defeated Murray the second game 6-2.

September 13 Murray fell to

Eastern State College, Wilburton. Eastern won the first game 9-1 and barely squeezed by the second game 5-4.

Coach Wayne Cobb reported all the bits look good and maybe better than can be expected at such an early date.

"At present, we are just not ready; we have a lot of sore arms and need to work lots of kinks out," Cobb said. Perry Allen has come back from last year and is going to help the squad with his pitching Cobb added.

The team has only five and a half scholarships and the other players are on the team because they just want to be.

"I know they are trying hard and are gaining lots of experience for the next game," Cobb added.

Coach Cobb commended his freshmen ball players because they are playing without any scholarships. The freshmen players are Randall Christian, Jackie Benson, Larry Wade, and Eddie Muncieff.

The sophomores this year are Lynn Stevenson, Presley Price, Jim Hill, David Burgess, Joe Quinton, Melvin Bradford, Sam Mains, Tony Mendel, George Tidwell, Russell Davis, Howard Crawford, Jack Lemonds, Billy Lewis and Perry Allen.

Rodeo Club Selects Bemo; Plans Activities

Wednesday, September 10, the Rodeo Club held an organizational meeting to elect officers for the coming year. Elected were Russell Bemo, president; Tom Vasy, vice-president; Peggy Buchanan, secretary; Rae Don Smith, treasurer; Mike Priest, reporter and Cieta Horner, student senate representative.

Following the election of officers the club discussed plans for some of the activities they intend to sponsor this year. Sponsors for the club are Harold Fogleman and Wendell Blair.

Aggie Club Elects Officers

September 16 the MSC Aggie Club held its organizational meeting to elect officers. Elected were Karol Finley, president; Martin Van Meter, vice-president; Roger

Black, secretary - treasurer; Mike Childs, student senate representative.

Sponsors for the club are Wendell Blair and Harold Fogleman.

Poe Hall Selects Officers

Recently the residents of Poe Hall held an all-dorm meeting to elect officers for the coming school year. Elected were Peggy Buchanan, president, Ardmore sophomore; Linda Rodgers, vice-president, Oklahoma City freshman; Wilma Poe, secretary - treasurer, Ada sophomore; Debra Kramer, student senate representative, Ardmore sophomore; and Linda Deringer, reporter, Mansville sophomore.

Also elected was a disciplinary board. The purpose of this board is to handle all minor infractions that arise in the dorm. Elected were Lorraine Sunderland, Norman freshman; Laurie Adams, Bokchito sophomore; and Imogene Baxley, Ardmore sophomore.

Amy Increases Fogleman Family

Anelia Anne Fogleman was born Sept. 6, at Johnston Memorial Hospital. She weighed 7 pounds and 9 1/2 ounces and was twenty-one inches long. "Amy" is the first child for Mr. and Mrs. Harold Fogleman who have been on the faculty for three years.

Harold Fogleman is an instructor in the Agriculture department. Mrs. Fogleman teaches English and Speech. She returned to the classroom Sept. 17.

Children should never be punished with a definite end in view.

LITTLE MAN ON CAMPUS

Graduation Cuts Deep Into Basketball Roster; Five Sophomores Return

The "big guns" of the Murray Aggies are gone. Graduation shot them down. Coach Marvin Adams' basketball plans will be built around his freshmen players. With only five returning sophomores, Adams will be depending on his younger players to complement his team.

The returning sophomores are Guy Berry, a 6'3" forward from Wapanucka; Melvin Imotichey, 6'1" guard from Sulphur; Tom King, 6'2" guard from Barnard, Kansas; Thomas Proctor 6'2", a guard from Fort Worth, Texas and Bubba Tidwell 5'10", a guard from Rell.

Eleven freshmen will be vying for starting positions on the team. Fred Barr 6'5", from Steelville, Missouri; Jimmy Dill 6'2"; from Bokchito; Alonza Ferguson 6'3";

from Montgomery, Alabama; Earl Gilmore 6'7", from Chipley, Florida; Steve Harwell 6'7", from Lewisburg, Tennessee; James Hunter 5'10", from Colbert; Larry Jackson 6'2", from Montgomery, Alabama; Gary James 6'1" from Temple; Roland Millins 6'5", from Akron, Ohio; Marvin Peterson 6'3", from Akron, Ohio and Charles Tabbs, a 6'5" Atlanta, Georgia player.

Adams said that the fast break will be used as his main strategy, but pattern plays will be worked on also.

The Murray Aggies will travel to Denison, Texas on November 17 to open the season with Grayson County College.

Pack to Lead Sophomores

On Monday, September 15, at 12:30, the Sophomore class held a meeting in the auditorium of the Administration Building. The purpose of this meeting was to elect class officers.

The new officers for the 1969-70 class of sophomores are: Jerry Pack, Edmond, president; Larry Bostick, Madill, vice - president; Marilyn Stanley, Coleman, secretary-treasurer; and David Smith, Boise City, Student Senate Representative.

The sponsors for the class are Leon Semkoff, Gerald Alloway, and Willard McDaniel.

Haskell Lucas Hall Elects Officers

The residents of Haskell Lucas Hall met Wednesday evening to elect dormitory officers and Disciplinary Board.

The elected officers are Melvin Adams, president; Robert Nunn, vice-president; Paul Quinton, secretary-treasurer; and Jerry Holland is the new Student Senate representative.

Members of the Disciplinary Board are Wilcie Williams, David Lawson, Chris Bolles, Russell Bemo, Alan Robertson, Glenn More, Ronald Brown, Ralph Tullis, Fred Buntun, James Kinney and Paul Johnson.

Better not try to be flowery; remember, that's only one stage away from becoming stinky.

LITTLE MAN ON CAMPUS

Intramural Football Begins as Toads Defeat Codgers, 6-0

Intramural football started Sept. 15 as the Toads shut down the Codgers 6-0 by a pass from Joe Quinton to Sam Mains.

M.S.C. was trampled by the Jets 12 to 0 with Marvin Peterson scoring both runs, the second of which was a pass thrown by Charles Tabbs.

The Team rosters for the football season are as below:
The Brown Souls: Capt.-Greg Graham, Eric Reubin, David Smith, Robert Boyd, Rodney Richardson, Alexander Booker, Greg Wemar, Frank Washington and Charles Yates.

Pickard's Packers: Capt. - Jerry Pickard, Clinton Ray, Bob Ayers, T. L. Woodward, Olen Wells, Larry Wells, Danny McIntyre, G. W. Freems, Leon Vaughn and Gene Kimberly.

Bembers: Capt. - Barney Wyatt, Mike Bivins, Glen Bolin, Lon Campbell, Danny Woods, Joey King, Mike Rush, Ronnie Shannon, Billy Duncan and Doug Gray.

Greasers: Larry Bostick, Ronnie Faulkenberry, David Wallis, Jim Green, Marvin Jackson, Gerry Gertain, James Fuller, Jimmy Lowe and Gerry Hodge.

Herby Toads: Capt.-Joe Quinton, Steve Elliot, Mike Stone, Doyle

Mosier, Don Grider, Lynn Richards, Glenn Richards, Sam Mains and R. Bailey.

Joe and the Jets: Capt.-Gary Cannon, Ronald Mullins, Gary Larson, Harold Fogleman, Bobby Smith, Charles Manley, M. Peterson, Jerry Raper, Charles Tabbs and Earl Gilmore.

M.S.C.S.: Capt.-Rickey Lyle, Andy Wood, Lynn Lowery, Kinny Reeder, Donald Guy, Gary Parish, James Fuller, Bob Sperry, Gary Harley and Dale Shipman.

The Cuddly Codgers: Capt.-A. Lewis Jenkins, Thomas Chaney, Rusty Demo, David Lucas, Ronnie Brown, Dale Pope, Toddy Pyle, Harrison Owen, Chester Dean and Keith Lewis.

Other intramural sports are to be volleyball, basketball, softball, table tennis, badminton, tennis, swimming, track, and pool, if participation is sufficient to provide competition.

Any Murray student may participate in any of the intramural sports as long as he is not a varsity letterman in that sport or considered a professional.

Trophies are to be awarded to each individual on the winning team.

MURRAY STATE COLLEGE ★★★★★ TISHOMINGO, OKLAHOMA 73460
VOLUME FORTY ONE TUESDAY, OCTOBER 14, 1969 NUMBER THREE

City Donates Grumman Tiger to Murray State College

Murray State College has an Angel. A F-11 swept wing Grumman Tiger, No. 6 of the Navy's famed "Blue Angels" precision flying group, will find a permanent home on the Murray campus. At the present time the "Angel" has run aground in its journey home.

On March 21, Lt. "Smoky" Tolbert flew the plane into the Ardmore Airpark in a breath taking exhibition of aerial maneuvers, thrilling the spectators as he had millions of others across the nation. The show was the farewell performance of the once proud leader of the Blue Angels. She had been phased out of service. Lt. Tolbert said she was "too old and slow

now to perform to maximum capacity. Since that time Murray's Blue Angel has been waiting until enumerable details can be worked out to transport her from the Airpark to a place on Murray's campus, where she will be mounted and refurbished to become a lasting tribute to the United States Navy and to her pilot, Lt. Tolbert.

It all started in 1957, or perhaps even further back, with a young man who wanted to fly more than anything else in the world. He came to MSC to prepare for his entrance to the Naval Academy. His name was Clarence O. "Smoky" Tolbert, son of Mr. and

Mrs. Elvie Tolbert of Reagan. Congressman Carl Albert appointed Smoky to the U. S. Naval Academy at Annapolis, Md., where he graduated in 1962. After receiving his wings in 1964, he was assigned to Attack Squadron 216, the "Black Diamonds", where he made two combat cruises to Vietnam aboard the USS Hancock. He also made one Mediterranean cruise aboard the USS Saratoga. Tolbert has 145 combat missions and more than 425 carrier landings. He was awarded the Silver Star, the Distinguished Flying Cross, 14 Air Medals, the Navy Commendation Medal, the Navy Unit Citation and the Vietnamese Service and Campaign Medals. During his 1967-68 tour of duty he flew with the Blue Angels. After leaving the Blue Angels he was stationed at Kirkland AFB, Albuquerque, N. M. with the Naval Weapons Evaluation Facility, in the capacity of a test pilot.

Lt. Tolbert resigned from the Navy in September, 1969. He is now employed by the American Airlines at Dallas, Texas.

On one of his visits to Tishomingo Smoky mentioned to his friend John Lokey, editor of the Johnston County Capital-Democrat, that the F-11 Grumman Tigers of the Blue Angels were being phased out and he would like to see one of the planes at Murray State. John Lokey called Clyde C. Kindell, president of Murray State College, and discussed the idea with him. They both agreed that it would be an adornment to the campus and would be an encouraging factor with the newly instituted flight program offered at the college.

Deciding it would be wonderful to have one of the famed Blue Angels on campus, and acquiring the airplane was a decidedly different task.

The first letter went out on Oct. 16, 1968. These first inquiries brought little encouragement that Murray would get one of the airplanes. In fact they were told that it was against policy for the government to give one to an institution of this sort. The F-11 swept wing, Grumman Tiger, when phased out, were put on static display in cities only.

They went back to the conference room, this time with the Mayor of Tishomingo, Lew Rowe. Mayor Rowe agreed that Tishomingo would make the request for the airplane and then donate it to the college.

Further correspondence with the Naval Department, still left little hope that Murray would be the recipient of one of the prized planes. Many larger cities had made the request and there were so few of the planes to be given.

Through the efforts of Lt. Smoky Tolbert, John Lokey, and President Kindell the plane was donated to Murray State College through the city of Tishomingo.

Perhaps the final, and decisive argument came in a letter from John Lokey to his World War II Commander, Vice Admiral Thomas P. Connolly, in which Lokey stated that Tishomingo and Murray were a deserving community "where we have no draft card burners". Confirmation came early in 1968. Lt. Tolbert's own "No. 6" was to be

(Continued on Page 3)

CHEERLEADERS ELECTED for the 1969-70 school year are, (standing left to right) Linda Rogers, Alpa Brumley, Sharon Wade and Suzanne Chisholm; Kneeling, Linda Roundtree and Beth Ann Howell.

Committee Selects Pepsters

Cheerleaders for 1969-70 were selected on Wednesday, October 8, in Fletcher Auditorium before a small number of the student body.

Cheerleaders as a result of the tryouts are Beth Ann Howell, Fresh., Ardmore, Physical Education major. She was mascot for four years at Ardmore and taught gymnastics at the Y.

Sharon Wade, Fresh., Marietta, Elementary Education major was cheerleader for two years in Junior high and two years in high school. Suzanne Chisholm, Fresh., Pauls Valley, Secretarial Administration major. She was mascot during her freshman year in high school.

Linda Roundtree, Fresh., Ardmore, Business major.

Alternates are Alpa Brumley,

Fresh., Pauls Valley, Journalism major; Linda Rogers, Fresh., Oklahoma City, Elementary Education major.

Men cheerleaders are Paul Raley, Fresh., Marietta, Physical Education major was a member of the all-state football team.

Don Tate, Fresh., Pauls Valley, Forestry major played two years of football and wrestled for two years.

Gary Cannon, Fresh., Haldton, Wildlife Management major played football throughout high school.

Entries were chosen on the basis of visible leadership, technique of yell, influence crowd psychology, leading appropriate yells, coordination, physical qualities, spirit, and emotional stability.

Judges were Mrs. Sally Adams, Mrs. Betty Nelson, Terry Lee, and Tommy Lane.

Mrs. Fogleman Represents Murray

Mrs. Janace Fogleman, instructor in the English department at Murray State, attended the "Teacher of the Year Day" held at the Oklahoma State Fair in Oklahoma City on Thursday, September 24.

Over one-hundred teachers were honored at the event sponsored by the Chamber of Commerce, the Oklahoma Education Association and the State Fair. This is the 16th year the one-day event has been held.

The state school system is divided into 111 units, each unit selects a teacher of the year within their unit and the winner attends the State Teacher of the Year Convention. The qualifications to be selected teacher of the year is that a teacher must be a member of the Oklahoma Education Association and must be employed by the same institution this year that they were employed by last year. Mrs. Fogleman was elected the Murray State College unit "Teacher of the Year" by the faculty.

Mrs. Fogleman said her day included registration at the "Top of the Mall" in Sheppard Mall in Oklahoma City at 10:30 Thursday morning. A steak luncheon was served at noon, sponsored by the Chamber of Commerce, the Chamber of Commerce also presented each teacher with an orchid. The convention then departed for the Fair, where pictures were taken and guided tours of the Fair were given. That night a banquet was held at the 4-H building on the fairgrounds, for the selection of the State Teacher of the Year. Ruby Browning, of the Delaware O.E.A. unit was elected the 1969 Teacher of the Year.

Mrs. Fogleman said she was "quite pleased" she was selected the Murray College Teacher of the Year and had the opportunity to attend the convention.

McKee Hall Elects Officers

Wednesday, September 24, the residents of McKee Hall met to elect officers.

Officers elected were president, David Smith; vice president, Johnny Taylor; sec-treas., Billy David Wallis; reporter, Edwin Garrett; and Student Senate Rep., Mack Wilson.

Social Science Club Elects New Officers

The Social Science Club, sponsored by Jack Reed, John Edwards, and Rex Morrell, met September 17 for the purpose of electing club officers.

Officers chosen were Albert Lattner, president; David Wallis, vice-president; Imogene Baxley, secretary-treasurer; George Ferguson as Student Senate representative.

The club consisting of 34 members will meet on the first Monday of each month.

Members viewed two films concerning narcotics and social prejudice at the October 6th meeting.

Poe Hall Initiates Freshmen Women

Poe Hall held their annual freshmen initiation September 24, and 25.

Main activities included scavenger hunt, rise and shine breakfast, sing-out for the sophomores, and wearing of funny clothing. A reception was given in honor of the new freshmen.

American families will spend about \$35 billion on domestic vacation and pleasure travel in 1969, \$31 billion of it traveling by car.

F-11 SWEEP WING JET ARRIVES AT MURRAY

Dr. Hill Reports on Nursing Degree Plan

Dr. Bob Hill returned this week from a two-day nursing conference in New York City. The meeting is a follow-up of the recent visit of Miss Bernadine Hallinan, consultant with the National League of Nursing.

Dr. Hill's trip is another step toward establishing an associate nursing degree at Murray State.

Dr. Hill said that the college was now awaiting the written report from the National League of Nursing, but that conversation with the national office indicated that Murray will be advised to establish a nursing program.

If the written report is favorable, the college will then seek approval of the associate nursing degree from the Board of Regents for Higher Education.

The envisioned program will require 64 to 72 hours of college credit in science, liberal arts and nursing. About 20 to 24 will be required in liberal arts classes and the remaining hours in science, math and nursing.

If the Regents approve the program, a director will be hired to head the department. The classroom instruction will be conducted on campus while the clinical aspects will be taught in cooperation with hospitals in the area.

Candidates for the nursing degree will meet the regular entrance requirements. Adults over 21 years old can be admitted upon completion of a GED test.

Some of the nursing courses would be anatomy and physiology, fundamentals of nursing, history of nursing, physical-mental illness and others.

Dr. Hill said he hoped the program would begin in September of 1970.

WHAT MEASURES A COLLEGE?

The increasing enrollments at Oklahoma colleges and universities demand that new buildings be constructed to house the students. High-rise dormitories dot the sky-line of the large universities. Modern student centers with snack bars and recreation rooms can be found on almost any campus. In fact, one might come to the conclusion that construction and buildings are the measure of a campus. But, a beautiful campus with modern new buildings does not insure that the college is an *institute of learning*.

Even modern laboratories, projectors and other classroom equipment do not guarantee learning has been experienced.

Remember, the most important element of any learning institution is the chemistry which occurs between the instructor and the student. Everything else is secondary.

Nothing is more important to a college or university than lighting the spark of "inquiry", the desire to know. A good college can exist in old buildings that are inadequately equipped if the teacher has the drive and desire to see that "learning" is the most vital and important product.

Granted, a winning team, an outstanding performance, and other extra curricular activities are beneficial, but only when they are tools of learning. When a college or university ceases to be an institution of *learning* it merely becomes a mass of buildings where students pay their fees in exchange for a diploma.

POPEYE FAN CLUB BEGINS—

In a day and time when very little is real and very much is artificial, even some of our "Super-Heros" are fakes.

The other day I was sitting in the T.V. room trying to read a Superman comic book and watch a Popeye cartoon at the same time. Superman used to be my idol you know—well gosh, isn't he the idol of every little boy—he even gains the respect of a few members of the opposite sex.

When I was younger he meant everything, but as I became older, I began to see the truth. Superman is definitely no hero, instead he is in reality a trouble maker. Have you ever noticed that life is quiet and peaceful until he comes flying by, then suddenly somebody decides to rob a bank or an alien from outer space will take it on himself to destroy earth or 10,000 meteors will begin descending on the earth and when things really get bad, an ex-convict will decide his "thing" is to kidnap Lois Lane.

True, he deminishes these fatalities, but remember before he came cruising by, everything was peaceful and restful and quite adequate to the ordinary man. You have to consider the ordinary man's feelings also, what if you had to tell your cousin in Detroit that everyone in your home town depended on a man who flew around in red boots and a cape.

My only solution to get out of this situation is to join the "Popeye" fan club. Well after all, someone who eats spinach and dates skinny legged women can't be all bad.

Phi Beta Lambda Sponsors Events

Phi Beta Lambda held a garage sale October 1 and 2 at Mrs. Sue Godner's home on South M Street.

The business club of the Phi Beta Lambda also sponsored a car in the Chickasaw Festival, passenger was Miss Joyce Brown, Phi Beta Lambda princess.

Phi Beta Lambda is sponsoring a dance October 16, in the ballroom. Dancing will begin at 8:00 p.m. and end at 10:00 p.m.

The dance will be featuring artists, Jimmy Hendrix, Credence Clearwater Revival, Three Dog Night and many others. Stags will be 50c and couples 75c. The entire student body is invited.

The purpose of the dance is to provide funds to send delegates to the state convention in Oklahoma City in March.

Elected officers are, president, Charles Rogers, Madill; vice-president, Mrs. Cathy Joplin, Sulphur; secretary, Karen Johnson, Tishomingo; treasurer, Debbie Kramer, Ardmore; reporter-historian, Karen Sundeland, Moore; Student Senate Representative, Brock McKinley, Paula Valley. Sponsors are Mrs. Mabel Lewis and Mrs. Dorothy Townsend.

HOT LINE

The AggieLite will seek answers for any reasonable questions that are submitted to the journalism office. Please sign your name and give where you can be reached for additional information.

Q. Can something be done to speed up the cafeteria line? There are times at noon that it takes 45 minutes to get in to eat. I also think there could be a consistent time that we bring our meal tickets or the days the ticket is required could be posted.

L. D.

A. Dean Canaday said that measures would be taken to speed up the line. The number booth will be moved to the entrance to see if this helps.

Q. Can something be done about the cold temperatures in the Snack Bar?

S. P.

A. We contacted Dean Canaday who corrected the temperature and said he would keep a watch on it.

Linda Luciani Hill

Couple to Wed

Linda Luciani Hill and 2nd Lt. Joseph Allen Wooten III will be married in a double ring ceremony Oct. 26, at 2:30 p.m. at the Presbyterian Christian Church in Tishomingo. Officiating will be the Rev. Roland Earsom.

Miss Hill is the daughter of Dr. and Mrs. Bob G. Hill, 399 E. Wilson, Tishomingo. Dr. Hill is the Academic Dean at MSC. Lt. Wooten is the son of Mr. and Mrs. Joseph A. Wooten Jr., Rocky Mount, N. C. Miss Hill attended the North Carolina State University at Raleigh, and majored in Botany.

Lt. Wooten is an honor graduate of North Carolina State University where he majored in English. He was a member of the Pershing Rifles and the Mu Beta Psi.

A reception will be held in the Student Union Ballroom after the ceremony.

The couple will make their home at Fort Bragg, Fayetteville, N. C.

A personal shower honoring the bride was held Oct. 9, in the home of Mrs. Tom Lane. Mrs. Lane, Mrs. Janace Fogleman and Mrs. Joan Kimbrough were hostesses.

ACT Tests Given to Freshmen

The American College Test was given Sept. 21 and Oct. 4, for the students who had not taken the test prior to entering college.

The ACT test is used by individual colleges and universities for different purposes. To some, it is an entrance requirement, to others it is used primarily for evaluating grades and advising students.

Although Murray State College does not use the ACT program as a requirement for entrance, it does require each student's test results be on file before releasing grades.

Don J. Martin, Director of Student Financial Aid and student counselor, said the test results at Murray are used as a counseling tool to help advise students in subject selection. For example, if a student desires to go into a field where mathematics are important, the test score in math would be a guide. If it was low, he might be advised to follow a different major. This is not always the case, Martin said, but it generally is a good guide line.

The ACT test has been scheduled for Oct. 18, Dec. 13, and again in the spring of 1970 for high school students registering for the 1970-71 school term.

Angel Finally Arrives

The P-11 Grumman Tiger, Murray's "Blue Angel" made its trip home October 6.

The huge plane was loaded at Ardmore Airpark, on a low-boy trailer by Jack Martin and A. L. Rowland Jr., using wreckers from their businesses. Martin is the owner of Martin's Garage and Rowland is owner of the Champlin Service

Station, both in Tishomingo. The low-boy trailer and semi-truck were provided by Cliff Southard, of Tishomingo.

Mrs. Bob Hill and Mrs. John Lokey made the trip from the Airpark to Tishomingo with the plane. Mrs. Hill stated that it was an exciting trip, some times hair raising with its near misses of some of the signs and bridges along the route.

The plane traveled with a police escort in front and a truck carrying a white load sign in the rear. Mrs. Hill said that one imagines a wide load reaching to the middle of the highway, but the plane completely covered the highway allowing cars to pass only under the wing.

Crowds gathered on porches and along the highway to watch the odd procession pass. At one time when they made a sharp right turn, the wing came agonizingly close to the top of a pick-up truck, the owner of the truck jumped out and assisted in lifting the wing up and over the vehicle.

The entire move took place under heavy clouds that threatened rain to hamper the movers in the slow trip.

Assisting in the moving were Mayor Lee Rowe, C. D. Beaver, Milton Hester, Johnny Payne, Harrison and Ernie Gilbert, Jack Martin, A. L. Rowland and Cliff Southard. Police Chief Vernon Raper drove the police car as escort.

Flying enthusiasts claim that flying is less hazardous than traveling on the ground. This was proved, more conclusively Monday when the Blue Angel was slightly damaged, first when the tail section hit a low bridge and the landing gear received damage as they were unloading the plane on the campus East of McKee Hall.

Gruman Aircraft Co. will mount the plane on a permanent stand. The wings will be tilted in a banking motion. The Blue Angel will grace Murray campus, and be a show piece for many years.

Drama Club Selects Officers

The Drama Club met Tuesday evening, October 7, in the administration building. The purpose of the meeting was to elect officers.

Officers elected were president, Edith Cook; vice president, Joetta Whitford; sec. trus., Jeannie Derringer; and Student Senate Rep., Linda Rodgers.

Sponsors for the Drama Club are Fred Poe and Mrs. Alma Hogan.

Murray Represented at Arts Conference

Fred Poe and Tommy Lane, instructors in the Language Arts Department at Murray State attended a Language Arts Conference on Saturday, October 4.

Representatives from between 30 and 40 schools attended the conference which was held at McAlester, Oklahoma. The one-day affair marked the tenth year the conference has been held.

The objective of the conference was to present the importance of "The Teaching of Writing" in Colleges and Universities. Lane and Poe attended the conference to give speeches on the "Need of Emphasis on Writing".

The conference was sponsored by the Oklahoma Education Association, the Oklahoma Council of Teachers of English and the State Department of Education.

Group Represents Murray College

Wilma Poe, Emmet Brown, Monica Reed, and Bobby Smith represented Murray at the October 2 meeting of the Governor's Steering Committee on Children and Youth. The committee held a problems inventory meeting. The meeting was conducted by Dr. Stanley Fowler, consultant to the Oklahoma Governor's Committee on Children and Youth. Assisting Dr. Fowler was Mrs. Lucille Gerald, assistant coordinator of the committee.

Once the meeting got underway it was broken down into discussion groups consisting of students and adults. Once in these groups, the members were asked to answer the following question: "What is the most pressing problem of children and youth in your area of the state?" The answers were evenly divided; the adults saying that a lack of communication seemed to be the problem while the youth felt that a lack of recreational facilities was the problem.

The group discussed such problems as education, youth and the law, job training, career development, church, recreation, societal behavior, family relations, health and public welfare.

The groups attempted to identify the problems within these fields. In November there will be a meeting in Oklahoma City which will attempt to come up with the answers to the most pressing problems in these areas.

The people in Johnston County serving on this committee are Mrs. Colla Alexander, Wayne Canaday, Kenneth Member, Reid Hutchens, Jr., Mrs. Othelma Williams and Mrs. Vera Taylor.

CLETA HORNER uses icebox donated to Murray by O. G. & E.

Home Ec. Receives New Appliances

Mrs. Rosalva Rainey, home economics instructor, last week announced the presentation to Murray State College of four new total electric appliances.

The appliances, donated by the Oklahoma Gas and Electric Company, were installed Wednesday, October 1, and included a side-by-side refrigerator-freezer, electric washer-dryer, and electric stove with self-cleaning oven.

The four appliances are valued at approximately \$250 and will be used throughout the semester in the home economics laboratory.

Carnival, Dance, Fun Highlight Halloween

A Halloween Carnival and dance will be held Oct. 29. The carnival will take place in the Armory from 6:00 to 9:00 p.m., and the dance will be held in the Student Union Ballroom from 8:30 to 11:00.

The high-light of the evening will be the coronation of a the Carnival Queen, according to Laurie Adams, president of the Home Economics Club.

The Home Economics Club, under the direction of Mrs. Rosalva Rainey, will sponsor the Carnival Queen Contest. Any girl wishing to enter the Carnival Queen contest should have her entry in not later than 12:00 noon, Oct. 24. All entries will be required to have a formal evening gown and a recent photograph. The photograph should accompany her entry. The photographs will be posted in the Student Union Lobby to acquaint the student body with the girls who have entered the contest.

In previous years the voting has been by a penny a vote. This year the Queen will be chosen by a popular vote of the student body. Voting will take place in the lobby of the Student Union Oct. 28. Mrs. Rainey will count the votes and announce the winner at the dances.

Escorts for the contestants will be chosen by the contestants or by the club that sponsors them.

Pictures will be made during the

coronation by Tom Lane, Journalism Dept., for use in the yearbook.

The Satisfied Minds, a combo from Tulsa, will furnish music for the dance. Admission will be \$1.25 for couples and 75¢ for singles. The dance will be sponsored by the Engineering Club under the direction of R. B. Brisco.

The Halloween Carnival will be held in the Armory to provide more space for booths. "There is enough space for approximately 25 booths, and we would like to see them all filled," Sue Ann Hall, reporter for the Home Ec. Club, stated. The locations of the booths and type of booths are on a first-come first-served basis. Each club is urged to have one or more booths.

Booths which are already entered are, the Marriage Booth, where a marriage license and ceremony will go for the "mere pittance" of 25¢. It will be operated by the Home Ec. Club. The fortune telling booth will be manned by members of the Phi Beta Lambda.

The Music Club will operate the Tea House, with live floor show entertainment. The Faculty Dames will have a baked goods booth, selling delicacies from the kitchens of the faculty wives and staff.

Each Club will be held responsible for putting up, taking down, and cleaning up after their own booth the night of the carnival.

ONE OF the most traveled groups on campus is The Entertainers.

Entertainers Refine Performing Techniques

The Entertainers performed for the Chickasaw Festival Banquet on October 11, in the Murray State Ballroom.

Some of the future engagements for the Entertainers are the Oklahoma Governor's Council on Children and Youth in the Murray Auditorium November 6, Tishomingo Daughters of American Revolution in the Murray Ballroom on November 13. Then on December 5, they perform for the Carter County OEA Unit meeting, then on December 8 for the Outdoor Christmas Program.

The Entertainers include: Carol Blackburn, Steve Davis, Paula France, Larry Frezman, David Lawson, Anna McCarthick, Gary Michie, Monica Reed, Bobby Robertson, Larry Rogers, Linda Rountree, Manuel Ruiz, Belinda Smith,

Carol Stubbs, Doug Summers, Paula Waddle, Johnny Welch, Teresa Wilson. Leading the group is Mrs. Dorothy Toews.

Sigma Phi Alpha will leave for a trip to Gilcrest and Philbrook Art Museums in Tulsa, Friday, October 17 at 7:00 a.m.

There will be initiation for the new members of the Sigma Phi Alpha in the Music Building Tuesday, October 14, at 5:00 p.m. The new freshmen members are Linda Rodgers, Linda Rountree, Denisa Willard, Kathie Clifton, Judy Timmons, Carol Stubbs, Paula France, Feith Corley and Teresa Wilson.

Sponsors of the Sigma Phi Alpha are Miss Johnica Brannon, Mrs. Dorothy Toews, Robert Pearson, and Larry Milligan.

Membership for the Sigma Phi Alpha is still open for all interested.

Alumni Council Organizes

The Higher Education Alumni Council of Oklahoma hopes to become a dynamic force in directing and improving Oklahoma's eighteen state colleges and universities.

The newly formed organization will be under the direction of Dr. Bruce G. Carter, recently resigned president of Northeastern State College.

The membership of the organization draws from 200,000 Oklahoma College graduates, present and former faculty and staff and friends of Oklahoma colleges and universities.

The council intends to strengthen local alumni groups and to pro-

mote the needs of Oklahoma's colleges and universities.

The Oklahoma Education Association has traditionally emphasized the needs of public education but has not been so active in determining the needs and direction of higher education.

The Alumni Council is not a reactionary organization but is a sister organization to the OEA.

The Council's Board of Directors is made up of 18 members.

Reid Hutchens Jr. from Tishomingo is a member of the board.

The first year's budget will be \$30,000 and will be raised by memberships. Membership dues range from \$5 to \$12.

President Hosts Student Senate

The Student Senate of Murray State were the guests of Dr. Clyde R. Kindell at the Annual President's Picnic on Lake Texoma at Johnson's Creek Resort.

The picnic is an annual affair given each year to welcome all new members and returning members of the senate.

Meeler, Lane Attend OJCA

Kenneth Meeler, Director of Public Relations and Tommy Lane, Journalism Instructor will represent Murray State College at a meeting of the Oklahoma Junior College Association October 16, at Eastern Oklahoma State College in Wilbarston.

The purpose of the meeting will be to organize future plans, to plan co-operation between member colleges, and to hear new proposals. The delegates, two from each college, will represent fifteen colleges.

City Donates—

(Continued from Page 1)

given to the city of Tishomingo.

Plans for moving the 18,000 lb. plane, from the Ardmore Airport to the campus at Murray have proved to be a gigantic undertaking. Low wires and narrow bridges prevent taking the shorter route from the Airport to Tishomingo. While in the air the proud plane could have traveled the distance in mere seconds, but on the ground it will take two days to load and transport it by trailer. The air mile distance is less than twenty miles, while the route, going around obstructions will be approximately 70 miles.

The tentative route planned for the "trip home" will be from the Airport south to Ardmore, around Ardmore on by-pass 142. East on highway 70 to Dickson, North from Dickson to Mill Creek. South from Mill Creek to Ravia, and from Ravia East to Tishomingo.

Dr. E. Davis, Tishomingo, will direct the moving. Davis said that he has moved many planes and foresees no trouble in moving the big plane. Davis has an airplane repair business 1 1/2 miles northwest of Tishomingo.

The final decision has not been made as to where the Blue Angel will be placed on the campus.

Where ever it is placed, Murray's own "Blue Angel" will be shined and polished to look as though it might take off, play tag with the clouds, and slice the sky once again with its 700 mph antics.

While earth bound it will be many things to many people. To Smoky Tolbert, the fulfilling of a dream, to the people of Tishomingo and surrounding area, the symbol of pride in a hometown boy, to Murray State students, the instigator of dreams and to the faculty and staff, the feeling of accomplishment.

Murray's own "Angel" will wear, not a halo, but a bronze plaque. A tribute to Lt. "Smoky" Tolbert, and to the United States Navy.

CATALOGUES RELEASED

The 1970-71 Murray State College catalogue is ready for release. The catalogues was published by the Color Graphics Company in Oklahoma City and edited by Dr. Bob Hill and Miss Joan Kimbrough. The cover will retain the same design but the colors have been reversed and the seal is now silver. The catalogue is published every two years to help the student decide on what courses to take and find out about rules and regulations. Some of the new courses that have been added to this catalog are Aviation Technology and Data Processing. The catalogue has a new associate degree in Metal Technology. The catalogue also reflects the new fees.

Computer Consultant on Murray Campus

Ehllas Cherd'er Lem Atlanta, Georgia was on Murray's campus visiting with faculty members and investigation the computer aid program. Murray State College is one of 20 small colleges in the south and southeast United States that will experiment with the use of computer aids in education. The equipment was installed in the middle of May and is tied into the terminal complex at the Oklahoma University's computer training center.

The National Science Foundation granted \$25,000 towards the purchase of this equipment. The program is under the direction of the Southern Regional Education Board whose main office is held in Atlanta, Ga. Chandler is the assistant director of the experiment.

Wayne Day, math instructor at Murray State, said a course may be taught on campus later to teach the use of computers.

Murray Dames Plan for Party

The Murray Dames will hold their annual costume party Tuesday, October 27. The purpose of the affair is to raise money for the community Christmas tree. The party will start at 6:30 p.m. in the Ballroom of the Student Union.

All faculty and staff will wear costumes that will be judged by Fred Poe, Kenneth Meeler, and Jim Schammerhorn. Prizes will be given to the most original, the best eye-catching pair, the best looking tomato, and the witchiest.

The box suppers will be elaborately decorated and auctioned off by Marvin Adams and Gerald Alloway. The suppers will contain a complete meal for two.

Mrs. Middleworth and Mrs. Kindell will be directing the games and Dr. Zimmerman and Mrs. Lewis will be in charge of the decorations.

Aggie Gymnasts Attend Clinic

Mrs. Nancy Middleworth and two Murray freshmen attended the 2nd Annual Oklahoma Men's and Women's Gymnastics Clinic at the University of Oklahoma in Norman on Friday, October 3.

Top coaches and gymnastic title winners were featured in demonstration of their various athletic skills.

The activities which began at 1:30 p.m. on Friday, October 3, continued through Saturday, Oct. 4. Murray students attending the clinic were Brenda Prince, Springer, and Don Tate, Pauls Valley.

Women's Intramurals Begin

The Murray women's intramural basketball team, sponsored by Mrs. Nancy Middleworth, won a scrimmage against the Mill Creek High School girls Monday, October 6. The final score was 130-74. Team members who made the trip to Mill Creek were Sharon Gale, Soph. of Sulphur; Susan Nelms, Soph., Mill Creek; Pam Clark, Fresh., Mill Creek; Marilyn Stanley, Soph., Coleman; Eliese Troutman, Soph., Coleman; Janice Whitmire, Soph., Coleman; Eva Powell, Fresh., Tishomingo; and Linda Jenkins, Fresh., Fort Towson.

The Women's Intramurals meet every Monday, Tuesday, and Thursday nights from 6-8 p.m.

Letters have been sent to other junior college and high school teams for scheduling other scrimmages. Two scrimmages will be played here with Coleman and Mill Creek during the week of October 13-17. The following week on October 21, Springer will play here.

Other Women's Intramurals are available at the same time as basketball. Monday night: trampoline, tumbling, and rope jumping are on half court; Tuesday night: tennis; and Thursday night: swimming.

Any Murray State woman interested in any of the activities is invited to join.

Coach Plays Chess Game

Recruiting prospective athletes is much like the game of chess.

Many times the two players are coaches of different colleges and the reward is the athlete.

Coach Wayne Cobb made his "move" this year in early August in a game which appeared to be easy. In fact, the moves were predetermined.

Coach Adams had signed the players and Cobb was merely to pick them up. The assignment was not quite as easy as it sounded.

Cobb arrived in a southern city and made arrangements to pick up Alonzo Ferguson, a 6'3" forward and Larry Jackson, a 6'2" guard. His next move was an attempt to capture the elusive "knight."

Cobb called Charlie Johnson, a 6'8" center, to tell him that he would pick him up the next morning. When Cobb arrived about 8:00 Charlie was gone. He waited until around noon but Johnson never returned.

Coach Cobb left but returned later in the day to find Charlie sitting on the front porch. When Charlie saw the car pull up into the yard, he ran around the corner of the house. Like all good chess players, about to put their opponent in check, Cobb jumped out of the car and ran after his prey, only to find that he ducked behind some buildings and out of sight.

The coach said, "I knew what he looked like from the back, but I was never able to see his face." Oh well, all good chess players lose a few.

The next move involved a trip further south to see Earl Gilmore, a 6'8" center. He said he would be ready the next morning. When the coach arrived, Gilmore had already packed his bag and gone with another coach to North Carolina. However, like all come-backers, Cobb was able to maneuver and persuade Earl to put on an Aggie uniform.

THE JETS, winners of the intramural football program are, Top row (left to right), Roland Mullens, Thomas Proctor, Earl Gilmore, Lonzo Ferguson, Glen Finney, and Don Fogleman, Bottom row (left to right), Bobby Smith, Charles Manley, Gary Cannon, and Marvin Peterson.

Achievement Day Set October 23

One day each semester the Student Senate meets to decide upon Achievement Day for the students at Murray State. This is a day that the students and faculty are given a day off just for being at Murray.

This idea originated several years ago when Murray still had its football team. After the winning of a big game the students would get together and decide to stage a mass walk-out, so in order to control the walk-out the administration decided to allow one day off each semester to be decided upon by the students. The result is the traditional Achievement Day at Murray State College. This year Achievement Day will be October 23.

Registrar Releases Enrollment Figures

According to the Registrar's office, a total of 449 students live on the campus, while three hundred and four students commute.

The number of students living in the five dormitories are: McKee Hall, 154; Haskell Lucas, 185; Poe Hall has 40 ladies; Fulton Hall, 18, and 52 young ladies occupy Patton Hall.

Wayne Cannady, dean of students, estimates that students, faculty, and staff bring a total of 480 automobiles onto the Murray campus daily.

Speed too fast for conditions continues to be the leading cause of fatal and injury accidents in the U.S.

Baseballers Win Four of Last Six

The Murray Aggie baseballers, captured four of the last six games, and barely lost a fifth in 11 innings to Grayson College.

Murray clashed with Grayson Col-

lege at Sherman, Texas, losing the first game 0-1 but coming back won the second, 4-1.

Perry Allen was the winning pitcher, allowing one run on 4 hits.

Murray finished the fall season by defeating St. Gregory, in a double-header at Tishomingo 3-0 and 4-0.

Jets Capture Grid Crown

The Jets captured the intramural football championship by downing the Greasers 13-6 Thursday.

Thomas Proctor scored both touchdowns on runs of five and eight yards and passed to Marion Peterson for the conversion.

The Greasers' lone touchdown came on a 15-yard run by Marvin Jackson.

The double-elimination play involved eight teams and a total of 14 games.

Six games were played the week of September 20. The MSCS team led by Gary Harley defeated the Codgers 13-7. Harley scored one TD on a 4-yard run, then scored for the Codgers on a 4-yard run, then passed to Ronnie Brown for the extra point.

Biggs Named Yearbook Editor

Kathy Biggs, Varnoss freshman, has been named editor of the 1970 Tribesman.

Miss Biggs is a home economics major. She was active in the FHA and 4-H in high school.

Other staff members include Jettie Whitford and Tonya Underwood who will work on the faculty section.

A. L. Jenkins and Lee Montgomery will handle the organization.

The honors section will be worked by Janice Payne and Brenda Jones.

Joe DeBock and Ed Garrett will work on the athletics section.

The first 46-page yearbook deadline is November 15.

Aggie Club Sponsors Dance

The Aggie Club sponsored a dance Monday, September 29, in the Student Union Ballroom. "The Young Countrymen", a country and western band provided the music.

Volleyball Starts

Men's intramural volleyball will get underway on Oct. 20. Teams desiring to enter the league should pick up entry blanks and rules from Terry Lee in the gym. Team deadlines are Oct. 15.

Teams must have a minimum of six members and a maximum of ten.

Sixty percent of all car trips in the nation are less than five miles.

Manager Wanted

Coach Cobb is seeking a manager for the baseball and basketball teams. The job is a full-time student employment.

Cobb asks that anyone interested should contact him at the gym.

SWIMMING POOL SCHEDULE

GROUP	TIME	DAYS
College Students	2-4:00 pm	SMTWTFSS
Age 9-12	7-9:00 pm	Monday

Age 13-up	7-9:00 pm	Wednesday
Intramurals & Special Events	7-9:00 pm	Thursday
Family Groups	7-9:00 pm	Friday

Street clothes must be worn to and from pool.

Students Name Becky as Their Carnival Queen

THE AGGIELITE

MURRAY STATE COLLEGE

TISHOMINGO, OKLAHOMA 73460

VOLUME FORTY ONE

TUESDAY, NOVEMBER 4, 1969

NUMBER FOUR

Horner, Whitford Runners-Up

Crowning Climaxes The Second Annual Carnival Celebration

Becky Cox was crowned "Queen of the Carnival" at the All School Carnival Dance Oct. 29.

The pretty blond coed was elected by a popular vote of the student body on Tuesday, but the results of the voting were kept a secret until the announcement was made at 9:30 Wednesday evening.

Miss Cox, a sophomore from Duncan, was sponsored by the Engineering Club. She is majoring in Drafting and Design Technology. Escorted by Tom King, sophomore from Barnard, Kansas, the 1969-70 Carnival Queen wore a striking turquoise full length pant formal accented with a white corset.

King presented Miss Cox with the traditional jeweled tiara and a kiss.

Other entries for the Carnival Queen contest were Denisa Willard,

escorted by Mike Priest; Joetta Whitford, escorted by Marvin Jackson; Linda Rodgers, escorted by Kenny Nessel; Belinda Talley, escorted by Earl Pickens; Eileen Rose, escorted by Billy Duncan; Linda Rountree, escorted by Larry Freeman; and Cieta Horner, escorted by Fred Buntan.

The crowning of the Queen and the Carnival Dance climaxed an evening of fun and games starting with the All School Carnival which offered booths for all types of entertainment and thrills.

The carnival booths were situated around the sides of the Army allowing plenty of space for operating and for guests to move about freely.

Booths were manned by members of the clubs which sponsored them. They featured Bingo sponsored by

the Science Club; a Saloon operated by the Rodeo Club; the Runaway Mouse, sponsored by the Engineering Club; the Hot Dod Stand; the Basketball Throw was sponsored by the BSU; the Mongoses, sponsored by the Aggie Club; the Quicke Marriage Mill by the Home Economics Club; The Sigma Phi Alpha operated the Tea House. Baked goods were sold by the Faculty Dames and Fortune Telling Booth was sponsored by the Phi Beta Lambda.

GUN GIVEN

The drawing for the 12-gauge pump shotgun was held at the carnival. R. H. Ketcham of Denison, Texas was the winner. Ketcham was visiting in Tishomingo during the Chickasaw Indian Festival and bought a chance from one of the members of the Engineering Club. Proceeds from the carnival and dance go to the clubs sponsoring each event or booth.

Becky Cox

Beames Returns to Murray Campus

A. W. "Bois 'D Arc" Beames, "The Sage of Tishomingo" has returned to Murray State College after two years retirement.

Speaking of his return to teaching Beames said that it was more recreation than work. "Anything you enjoy doing is not work," he stated.

Those who are in his Oklahoma history class are not only gaining the benefit of books on the history of Oklahoma, but the experience of a man who has lived the history.

Born 5 years before Oklahoma became a state, Beames attended school at Kingston. It was during these years at Kingston that he was tagged "Bois 'D Arc." He said that he couldn't remember the circumstances, but the nickname has stuck through all the years. "Bois 'D Arc," (pronounced Bo'Dark) a French name for a hard wood, thistled tree often used for hedges.)

After graduating from Kingston high school he entered Southeastern College, attending school during the summers and teaching during the winter.

With 7 years teaching experience behind him Mr. Beames came to Murray in the fall of 1929. He coached football, basketball, baseball

A. W. Beames

and track. Also among his duties was the coaching of the girls' basketball team. Not only were his abilities as a coach needed but the "handing out of crying towels" was a necessary job. "There were always tears," he said, "they cried from joy if they won and cried from despair if they lost."

Often called the "Dean of Oklahoma Coaches" Beames was given an award for having won over 100 games. When asked if there was any particular game or team that was outstanding in his mind he replied that they were all outstanding in one way or the other. It was only circumstances that determined whether they won or lost.

At 67, Bois 'D Arc Beames has put aside retirement to teach again at Murray where he has spent 32 years of his 38-year teaching career. Most of his adult life has been spent bringing help and encouragement to a multitude of students including two brothers and three sons.

"When one retires," he said, "they are suppose to quit work." Yet he has far from quit. Among his many activities are being president of the Tishomingo Riding Club, Chairman of Retired Teachers Ass'n., and being a member of the Chickasaw Housing Authority.

Mr. Beames lives at 805 East Main in Tishomingo. His hobby is raising Ponies of American. P.O.A.'s are a cross between an Apalosa and a Shetland Pony.

Dorm Selects New Leaders

Teresa Larney, Seminole sophomore, was elected Fulton Dormitory president during an all-dorm meeting conducted September 22.

Other elected officers include Linda Zachery, vice-president; Lettie Sutter, secretary; Jenel Mixon, Student Senate Representative; and Cookie McCauley, reporter.

Murray Ignores Moratorium Day

The campus at Murray State was quiet and without organized support of the National Moratorium Day which made headlines throughout the United States Oct. 15.

When asked why Murray did not actively support the movement Dean Candady replied, that he supposed it was from the lack of active leadership, although he added, the students preferred to acknowledge the day on an individual basis.

There were a few indications on campus that the students were aware of the day and its significance. Black arm bands, a sign of mourning for the men who have given their lives in Vietnam, were worn by some students.

Some classes held open discussions briefly before proceeding with classes as usual.

Scholarships Provide College Attendance

Scholarships at Murray State College are awarded on the basis of academic achievements, character and personality and special abilities and talents. Scholarships are used in addition to loans, grants and jobs in the financial aids package. Most recipients ranked in the upper ten per cent of their graduating class.

The oldest scholarship offered by the college is the Regents. Forty-four Regents' scholarships were awarded to top ranking seniors from schools represented at Murray during the present school year.

The various departments within the college gave 31 departmental scholarships to students with specialized majors.

Regents and departmental scholarships are offered to only freshmen students, and applications are

Registrar Reveals Year's Enrollment By Majors

A recent inquiry by the registrar's office list general education as the largest major field; thirty-two women and 125 men majors total 158 in the field.

The next highest major field was Agriculture with 113, all men students.

Business had a total of 103 majors, 65 men and 38 women.

Thirty is the total of Social Studies majors with 16 men and 14 women.

Physical Education has 45 men and 10 women with a total of 55 majors.

Chemistry, Conservation and Wildlife Management, and Metals Technology each have one male major.

Thirty-nine students is the total for the Elementary Education field, with 36 women and three men majors.

Aviation and Pre-law each have five men majors.

Science has 15 women and five men majors with a total of 20 in all. The Drafting and Design, Mathematics, and Engineering department have 21 majors each. Mathematics has 20 men majors and one female. Drafting and Design has 19 men and 2 women majors. Engineering has 21 men majors.

The Art Department has 11 majors with six men and five women.

Data Process and Journalism each have five majors. Data Process has four men majors and one female major. Three men and two women are majoring in Journalism.

Six students are majoring in Pre-Pharmacy, five men and one female.

Wildlife Ecology and Industrial Arts have eight male student majors.

Three men are majoring in Pre-Dentistry.

History has 21 men and three women majors.

Nursing and Pre-Medicine have four majors each. Nursing has four women majors and Pre-Medicine has two women and two men majors.

Seven women are majoring in Secretarial Admin.

Language Arts and Pre-Veterinary Medicine have 14 majors. Language Arts has three men and 11 women majors. Pre-Veterinary Medicine has 12 men and two women majors.

Eight women and 12 men are majoring in Music with a total of 20.

Nine men are majoring in Forestry.

Secondary Education has five men and four women majors with a total of nine.

Twelve women are majoring in Home Economics.

CHALLENGE IS EVER PRESENT—

By Chas. Autaubo

Challenge is one of the aspects in life that makes man want to succeed. Man will take on almost any challenge to test his strength, durability, and sometimes his intelligence.

Man starts early in life accepting challenge. When he is an infant he will repeatedly try to walk to test his ability. When he gets a little older, he will challenge the idea of going farther away from home than he is suppose to, maybe at the same time the challenge of which friends to have will arise. Still as he gets older, he will begin challenging his friends, in sports, in school or in just playing around.

As the young man gets older he finds new challenges. School work becomes harder, new responsibilities arise, the challenge of going on dates soon comes about. The young man ages a few more years and a few more responsibilities appear, competitive sports or school activities, the challenge of selecting one special girl. A few years later the young man signs for the draft, and then a few months later he is called.

As one can assume, challenge is always increasing and never ending. The men people look up to, no matter what race, religion, or national origin never turned down a challenge. Can YOU accept the challenge of the draft?

THE MORATORIUM IS DEAD?

By Lee Montgomery

The platforms are empty now, the speakers gone. Hastily fashioned protest signs, scattered upon the trampled grass like Autumn leaves, bear mute testament of their passing.

Shouts of, "Get out of Vietnam!" still echo in the ears of those who gathered, without thought of the possible consequences to America, to make themselves heard.

The moratorium is dead. It breathes no more but the effects of its being live on, the ultimate good or the ultimate evil of a troubled nation.

While this editor cannot condone the actions of the thousands of protesting college students, he must admire them for their concern.

A few years ago this country was engaged in another war, a war in Korea. Not unlike the present war, this conflict was very unpopular.

Had the average college student of that time been asked to comment upon his opinion of the situation, he probably would have found himself unable to do so simply because he had none.

He could no doubt name all who attended the last fraternity dance or the amount of beer he consumed at the gala event but it is unlikely that he could venture any guess as why his fellow countrymen were then dying in a remote and foreign land.

He could probably explain how twelve of his classmates managed to pack a single telephone booth or demonstrated the results of the latest panty-raid but it is very doubtful that he could explain why his nation was at war.

In fact, the college student of that period was generally more concerned with the stains on his white bucks than with the policies, the ideals, the standards of the nation whose freedoms he so liberally enjoyed. They didn't think much of the war then, in fact they rarely thought about it at all.

Right or wrong, good or bad, the people of the moratorium have taken the first step, in the wrong direction perhaps, but a step none the less. This editor sincerely prays that the ravings of a few, "biting the Democratic hand that feeds them" may spur the more reasonable people of this nation to more constructive, mature action.

LITTLE MAN ON CAMPUS

Greece Starts Draft Concept

The drafting of men to serve in a military capacity had its beginnings early Greece. The ancient Romans and Egyptians used professional armies; however in times of emergencies these were supported by a militia made up of the local men.

The militia idea was brought to America by the colonists. Each colony required all men between the ages of 16 and 50 to enroll in the militia. People refusing could be punished.

During the Civil War, Congress gave President Lincoln the right to draft men between the ages of 20 and 45. Drafted men could avoid serving by providing a substitute or

paying the government \$300 to hire one. During that war 255,000 men were drafted, 204,000 provided substitutes or the funds to hire one. During WWI 2,810,296 men were drafted.

In September 1940 the first American peacetime Draft Act became law. WWII saw 10,000,000 men drafted. The draft was stopped in 1947 but when the Korean Conflict broke out Congress gave the president the right to call up reserves and draft men to serve in this action.

Women Drafted?

A recent pole conducted by the Aggielite staff revealed that 77% of the student body feels that military service is the duty of every American.

The results of the survey are listed below with the question. Are you in favor of the present draft system?

48% Yes. 52% No.
 Since women have gained a place of equality with men do you feel that they too should be drafted?
 29% Yes. 80% No.

Do you think that voluntary rather than compulsory military service would be better than the present situation?
 40% Yes. 60% No.

Did the draft in any way affect your decision to attend college?
 48% Yes. 52% No.

Do you favor the policy of drafting war demonstrators?
 62% Yes. 38% No.

Do you favor the policy of the nineteen-year-old draft?
 54% Yes. 46% No.

If the draft did not exist would you avoid military service?
 58% Yes. 42% No.

Do you feel that military service is the duty of every able American?
 77% Yes. 23% No.

Do you think that the military power of the United States would suffer a great decline if the draft were abolished?
 62% Yes. 38% No.

If eighteen-year-olds were given the right to vote would you then favor the present system of draft?
 51% Yes. 49% No.

Campus Day

SCHEDULE—NOV. 20

- 10:00 Pep Rally (10:00 class dismissed)
- 2:00 Talent Show
- 4:30 Smorgasboard (parents & students)
- 6:30 Bonfire
- 6:30 Faculty-Parent Reception
- 7:30 Basketball game
- 9:30 Dance
- 9:30 Movie

HOT LINE

Q. It has come to the attention of this student that the clocks and bells in the school are completely fouled up. For example, when the clock in the Student Union reads five minutes to one, the clock in the classroom building reads 20 minutes to one, also the bells are completely out of sequence, they ring at odd intervals all through the hour.

A. Dr. Hill said that he was very much aware of the problem and was moving quickly to solve it. The regional manager for Standard Clock Time Inc., has been contacted to either repair or replace the present bell system. Until the system is operative, Dr. Hill said that students and faculty would need to watch their watches. Classes start on the hour and dismiss at 10 minutes till. A 9:00 class and dismiss at would begin at 9:00 and dismiss at 9:50.

Q. Why is Murray State College still the "Aggies"? It seems to me that at one time in our history, the term Aggies was an accurate term to indicate that the school was an agriculture and mechanical college. It seems now that we offer more in the area of arts and science than we do in agriculture and mechanical courses.

We have a very fine Aggie Club which fosters the interest of those interested in agriculture. But does Aggie need to apply to our athletic teams and newspaper also?

I have two questions that I would like to have answered. How would we go about changing our name Aggie as applied to our athletic teams?

How would we go about changing the name of our newspaper, The Aggielite?

B. A. We consulted Dr. Hill and Dean Canaday. They suggested two steps. Number One, make a proposal to the Student Senate that the name be changed. If the Student Senate approves a name change, they would recommend to the administration that the name be changed.

In addition, the Student Senate decided to take a survey on Wednesday during the 10:00 class.

LETTER TO THE EDITOR

In the last edition of the Aggielite the question was brought up about how to speed up the lunch line. This question brought to mind things that have recently happened.

One of the reasons it takes so long in the lunch line is that some friendly souls always invite their buddies to cut-in the line.

I wonder how far would I get down the lunch line before I was sent back? Not very far I'm sure. I think something should be done about this situation.

S. A. H.

FINES DO FINE!

Break the rules and do good? That is exactly what parking offenders are doing, although it may not be with a charitable heart.

Money collected from parking stickers and from parking fines goes into a special fund. This money is used to provide better parking facilities and directly benefits all students, according to Dean Canaday.

Club Plans Field Trip

The Engineering and Technology club is planning a field trip to Duncan.

In Duncan the club will tour the Halburton Company, which builds oil field servicing equipment. The central object of the tour will be to examine the company's fabrication method.

The trip will be the latter part of November or the first part of December.

Moratorium Reflections

Observations on the OU campus, Moratorium day.

A candle light parade, where even the spectators were silent.

A placard saying, "Grandmothers bug out."

A boy running for Homecoming Queen.

A young Cuban refugee pleading for Americans to see what will happen if the communist are not stopped.

Boys (I think) with shoulder length hair, and girls with Micro-mini skirts.

A country where we still have the freedom to protest.

Two boys tripping along barefoot in the brisk early morning cool. I asked one of my young companions if they wore shoes when it was really cold? "No mam," he replied, "they just walk faster."

.....

Instructor Builds Home

The method of "doing it yourself" is being reborn. A number of men in their own cars, quite a few women make their own clothes, and Murray State's Vernon Hurst builds his own home.

Building a home is no easy task, it takes money, time, patience, time, and money. Hurst began his home last spring at the end of the school year and expects his job to be completed by next spring.

Hurst, a 1959 graduate of M.S.C., said it takes a lot of hours to build a home, there were times

he felt like giving up, but his supervisor showed him the way, his supervisor is his wife, Claudette. That just goes to prove its theory, "behind every great homebuilder, there's a woman" Claudette is said to be a better carpenter than Hurst, but he declined to agree or disagree.

The home has 12 rooms divided between two floors, a bedroom, bathroom, and utility room on the bottom floor and three bedrooms, two bathrooms a living room, dining room, den, and garage on the top floor.

Hurst has two favorite hobbies besides building homes, he works with woodwork and watches over his two children, Tina 7 and Wayne 3. Hurst spends about ten hours a week on his home since school has started, during the summer he worked 70 hours a week, now and then he would hire people to help him with a particular part of the building. The house is located on highway 72, about a half-mile west of Pennington bridge.

Hurst said he built his own home because "It's the only way to get it like I want it." Hurst, an instructor in the Science Department, was asked what advice he could give to people who were planning to build their own home, his only answer was "don't do it."

Senator Harris Speaks at OU

Editor's note: Robby Pitts, Aggieite reporter, visited OU during the National Moratorium Day. The following is an account of Senator Fred Harris' speech.

Sen. Fred R. Harris addressed approximately 2,500 people in the Student Union Ballroom, at the University of Oklahoma October 15.

Sen. Harris' speech was the first scheduled talk in the University sponsored Community Dialogue. The Community Dialogue is so named to distinguish it from the National Moratorium being staged nationally to protest the war in Vietnam.

The crowd gave Senator Harris a standing ovation as he entered the room and stepped to the podium.

"I have been back to my school, the University of Oklahoma, many times, but today is the day I am most proud," he said.

Speaking to the crowd who sat in a crowded semi-circle on the floor and packed to standing room only around the walls, Harris said that it was not a question of patriotism, whether one could fly a flag or take part in the protest against the war in Vietnam, but he questioned a government who would fight for the freedom of choice for the Vietnamese and still say we cannot meet to discuss the situations that face us. We can get the country to respond by such meetings as these, he said. "A country who hates or fears its young people is in deep trouble."

He said there was enough blame to go around. Those who supported the war in Vietnam and those who sat around and let it happen . . . Quoting the Quakers, "There is no way to peace, peace is the way," he said.

Speaking of the United States and its influence in the world today, Harris said that the US influence depends on moral examples it sets at home and around the world.

The crowd, consisting mostly of students, sat with quiet attention but interrupted Harris' speech several times. Several in the crowd wore black arm bands as a symbol of mourning for those who have given their lives in Vietnam. Others wore tiny flags pinned to their shoulders, signifying their patriotism and disapproval for the Moratorium.

Others wore tiny flags pinned to their shoulders, signifying their patriotism and disapproval for the Moratorium.

Others wore tiny flags pinned to their shoulders, signifying their patriotism and disapproval for the Moratorium.

Nursing Program Appears Promising

A favorable report from the National League of Nursing brings the nursing degree plan one step closer to final approval.

The nursing plan is now awaiting the approval by the board of Regents for Higher Education.

On the approval by the Regents, the search for a suitable director will begin. Dr. Kindell has hopes that a director can be found by the end of this semester.

For the program to have full approval certain areas of the school curriculum will need to be strengthened, notably science courses.

If all goes as favorably as it has been going, the program should be in full swing by Sept. 1970.

Afro-American Club Organizes

The first meeting of the newly organized Afro-American Club met Oct. 16.

Larry Franklin was elected president; Earl Pickens, vice-pres.; Belinda Talley, secretary and treasurer; and Pat McCauley, Student Senate Representative.

The club, which will be an educational club, is open to all races.

John Edwards, Soc. Science Dept. sponsor for the group, said that there was almost 100% attendance of Murray black students and a few white students at the organizational meeting.

Eight members were selected to write the constitution and by-laws of the club.

Dr. Kindell will address the group on Nov. 6. He will speak and show slides on his eight years in Africa.

Franklin stated that there were very few activities at Murray for the black students and he hoped this club would continue as a social and educational outlet for his race for many years. "Our aim," he said, "is to provide speakers and material on the cultural and historical background of the black race."

Car Dealership Provides Autos

Marion Fenton Pontiac, Ada, recently announced the firm would furnish Murray College with two 1970 Pontiacs to be used in the driver education program.

The announcement follows a Murray request which was sent to several automobile dealerships in the Tishomingo area.

The cars will be used to provide two levels of instruction. One offering will be to provide training for students who do not possess a valid Oklahoma driver's license.

The second course will provide for those students who possess an Oklahoma license but would like to improve their proficiency or qualify for reduced insurance rates as a result of having had driver education.

The automobile will be equipped with automatic transmission, power brakes, power steering and air conditioning.

Fogelman Speaks To Parents' Club

Harold Fogelman, Animal Science instructor at Murray, is scheduled to judge the Madill F.F.A. Stock Show held sometime in early March.

On a recent visit to Madill, Fogelman spoke at a meeting of the F.F.A. Parents Club and other interested F.F.A. members.

At the meeting Fogelman described the type of animal the members should select to raise for the spring show. He gave several demonstrations during the talk using charts which showed the body shapes and styles of the different animals. He also showed slides on pork and beef conformation.

Draft Boards Explained

One of the most controversial organizations of the present day and time is the "Selective Service System."

The Selective Service System, (better known as the draft board), was created to provide an orderly method of registering the young men of the nation and classifying them as to their availability for military service from the viewpoint of the national health, safety and interest.

When one registers with the draft board he signs up for military service if needed. If the Armed Forces need many men, chances of being called will be great. Most of the men now in the Armed Forces volunteered. Since not enough volunteered, however, the draft must make up the difference.

After one is registered with his local draft board, the board will

classify him. Every time the board classifies an individual, it sends him a notice of classification. The classification he receives can be appealed, all one needs to do is have a conference with the person in charge of the local board.

There are 18 different classifications in the draft system, broken into five classes. The most "popular" one is the classification of "1-A", which means the registrant is available for military service.

There are 83 local draft boards in Oklahoma. A registrant is assigned to his local board by his home address.

Sigma Phi Alpha Attends Concerts

Sigma Phi Alpha took a trip to the Gilcrest and Philbrook Art Museum October 17. Members who attended were: Denisa Willard, Mike Priest, Linda Rountree, Larry Freeman, Paula Waddle, Steve Davis, Keith Coreley, Kathy Dilton, Janelle Culver, Teresa Wilson, Doug Summers, David Lawson, Belinda Smith, Johnny Welch, Sharon Seeley, Nikki Kizer, Bobby Robertson, Gary Michie, Gary Briggs, Manuel Ruiz, Robert Nanney, Otis Hoeman, Anna McCarthick and Jim Dacus. Sponsoring the trip were Miss Johnnie Brannon, Mrs. Dorothy Toews, Robert Pearson and Larry Milligan.

Representative Explains Lights

Aaron Greenlee, sales representative for Electro Controls of Moore, Oklahoma was on campus Tuesday, Oct. 14.

Greenlee was here to give instruction on handling the stage lights in Fletcher Auditorium. Attending the demonstration were a number of faculty members and students.

Electro-Controls specializes in stage lighting and dimming controls.

Eileen Rose

Mrs. M. Lokey Gives Recital

Margaret Lokey, winner of the 75th Red Diamond National Competition, and National Song of the Year Competition for Kappa Phi, will give a recital of original compositions at Murray State College.

The recital is to be held at the Fletcher Auditorium Tuesday, Nov. 4th.

It will consist of music that she has written and includes certain poems set to her music, such as "Never Saw a Moor," by Emily Dickenson and "8th Song," by Eugene Field.

The recital will be from 40-45 min. length and will consist largely of a solo vocalist, accompanied by Mrs. Lokey on the piano. The vocalist will be Mrs. Lokey's sister, Dorothy Bradley, lyric Soprano Mrs. Bradley lives in Oklahoma City and sings for the Wesley Methodist Choir.

Mrs. Lokey, the mother of six children, has time for music only as a hobby. She is the wife of the publisher of The Capital-Democrat, Tishomingo's weekly newspaper. She studied music at Oklahoma University, and has been a teacher at Murray State College.

STANDING: Coach Cobb, Melvin Imotichey, Tom King, Marcin Peterson, Guy Berry, Earl Gilmore, Steve Harwell, Roland Mullins, Fred Barr, Alonza Ferguson, Glenn Finney, Larry Jackson and Coach Adams. Kneeling: Thomas Proctor, Marvin Jackson, Billy Lewis and Bubba Tidwell.

Library Addition Nears Completion

An additional 3300 sq. ft. will be added to the library by the end of 1969. The new area adjoining the old library on the south has been completed since spring of this year, but furnishings have just recently been ordered.

The furnishings will be modern and contemporary design. Study tables will be covered with formica in soft hues of green. Chairs will be covered with naugahyde in contrasting colors of burnt orange.

The room which will be void of outside light will be lit with soft fluorescent lighting.

The east and part of the south walls will be furnished with studying carrels. Current and bound periodicals will be placed in shelves above the carrels and in mid floor. Offices, work rooms, seminar rooms and conference rooms will line the remaining walls.

Two rooms have been set aside for oral study rooms to be used by students or other interested parties. These will be furnished with black boards and tables for group study or instruction. Mrs. Murrelle Mahoney, librarian, stated that these rooms could also be used by students who wished to bring their

typewriters for transcribing notes while in the Library.

President Kindell has expressed the hope that it will be financially possible to install electronic study aids by the fall of 1970. The electronic study aids would include tape decks for the study of foreign languages and music.

Mrs. Mahoney states that the present library will remain almost the same. In the past year practically every book has been moved and arranged to make locating materials easier.

B.S.U. Sponsors Hayride, Games

Twenty Murray State students attended a hayride and hamburger feed sponsored by the Baptist Student Union on Monday, Oct. 20.

The hayride was made to the Wildlife Refuge. While the food was being prepared, students worked up an appetite by playing football and volleyball.

Kenneth McCardick, music director at Bullard Chapel, Tishomingo, and Debbie Tarr, sophomore from Bennington, provided guitar accompaniment for group singing.

Greasers, Billy Goats Remain Undefeated

The Greasers and the Billy Goats are the only two remaining unbeaten teams in the men's intramural volleyball tournament with only four games remaining on the schedule.

Two games were played Monday, Oct. 20 to kick off the tournament. Winners of this game date was the Greasers over M.S.C.S., two games out of three and the Billy Goats downed the Losers by the same margin.

On Tuesday, Oct. 21 the Greasers and the Billy Goats continued their winning streaks, the Greasers won on a forfeit by the Strangers and the Billy Goats stunned the Codgers 15-7 and 15-4.

The action on Tuesday, Oct. 28

saw the Strangers win on a forfeit by the Losers and M.S.C.S. edge the Codgers 10-4 and 11-9.

A total of 48 boys divided among six teams are participating in the tournament which concludes on Nov. 4.

The rosters of the six teams include: **Cuddly Codgers:** James Culverhouse, Manuel Ruiz, Charles Aultaubo, James Kinney, Johnny Taylor, Bob Ayres, Larry Cox, Chester Dean, and Aubrey Jenkins; **M.S.C.S.:** Rick Lyle, Arby Wood, Don Grider, Lynn Lowery, Bob Sperry, James Pullar, Donald Guy, Dale Shipley, and Larry Poindexter; **Losers:** Albert Luttmer, Bobby Smith, Charles Manley, Jim Eischen, Bobby Band, Myron Ely, and Swinney, Mike Kafer, Kerry Crow, Larry Wade; **Strangers:** Marty Jerry Pickard, Wilbur Canada, and G. W. Freeman; **Greasers:** Bostick, Faulkenberry, Wallis, Green, Ger-tan, Wilson, Lowe, Hodge, and Anderson; **Billy Goats:** Jack Osburn, Harold Sheppard, Odes Hoernam, Tuddy Pyle, Tommy Chaney, Kenney Nessel, Gary Biggs, and Mike Preist.

Terry Lee, Physical Education instructor, who is the director of the tournament stated, "The next activity will be basketball, teams should be turned in by Nov. 12, at 4:00 p.m." Lee went on to say that "Teams should consist of at least five players, but not more than eight."

Tennis Courts Get Lights

The lights on the tennis court are up, reports Jim Conway, Superintendent of Grounds and Buildings. Conway states that the electricity is not hooked up yet nor are the poles faced. It is hoped that these two jobs will be done within the week.

The Oklahoma Gas and Electric Company will furnish the power for the lights, Conway says that anyone will be able to turn on the lights at night. The tennis court is located just east of the gymnasium.

Eliese Troutman

Women Roundballers Vanquish Opponents

The women's basketball team won a scrimmage against Coleman High School girls, Monday, October 20, at Coleman Murray women players were Sharon Gale, Marilyn Stanley, Eliese Troutman, Janice Whitmire, Pam Anderson and Susan Nelms.

The women's basketball team also won a scrimmage against Springer High School girls here, Tuesday, October 21.

Features coming up next month include synchronized swimming by junior and senior high school students from Ada; Dan Stubbs, brother of Carrol Stubbs, will perform gymnastics. He is an eighth grade student at Ardmore. He was in the 1967 Junior Olympics and won first in all-around gymnastics. He will enter the Junior Olympics in March of 1970. Gymnastics he will perform include long horse, trampoline, vaulting, parallel bar, rings and side horse.

Tuesdays and Thursdays from two to three, gymnastics activity period is open to everyone.

A gem cannot be polished without friction, nor man without trials.

The first state to abolish capital punishment was Michigan in 1847.

If you're going in circles, maybe you're cutting too many corners.

During 1968 the U.S. produced nearly 11 million passenger cars and commercial vehicles. Of these, 8,840,000 were passenger cars.

Regents Raise Murray Budget

Murray and Northeastern State Colleges were the only two state schools whose budget request were increased by the Oklahoma Regents for Higher Education, Tuesday.

Murray requested a budget of \$520,000 but were recommended to receive \$555,000. However, the final approval will be made by the state legislature.

The over all requests of the colleges and universities came to \$107.5 million. The State Regents of Higher Education trimmed down the figure to \$87 million dollars.

The estimated funds for higher education for the coming year will be \$66 or \$67 million. The state spent \$59 million this last year on higher education. The legislative leaders hope to add \$6 or \$7 million to next year's budget, to bring the total to approximately \$66 or \$67 million dollars for higher education.

The budget recommended by the Regents are as follows: University of Oklahoma, \$23.4 million, \$18.5 million; Oklahoma State University, \$24.1 million, \$17.9 million; Central State College, \$6 million, \$5.9 million; East Central, \$4.2 million, \$1.8 million; Northeastern, \$4.2 million, \$4.1 million; Southeastern, \$2.3 million, \$1.6 million; Oklahoma College of Liberal Arts, \$1.4 million, \$1.1 million; Panhandle A&M, \$1.2 million, \$965,000; Langston, \$1.4 million, \$976,000; Cameron, \$2.3 million, \$2.2 million; Connors, \$522,000, \$520,000; Eastern, \$918,000, \$949,000; Murray, \$555,000, \$520,000; Northeastern A&M, \$1.2 million, \$1.3 million; and Northern, \$1 million, \$835,000.

Slack Announces Enrollment Dates

"Schedules for second semester enrollment will be available in the registrar's office Friday, November 21," Harold Slack announced today.

Pre-enrollment for sophomores will begin December 8 and will continue until January 9. Freshmen enrollment will start December 15 through January 9.

The enrollment will be the first to be processed by the IBM equipment.

Slack said that some class offerings and times have been changed. Botany 114, Sociology 203 and History 213 will meet from noon until 12:30 on Monday, Wednesday, and Friday.

English 123 and History 153 will meet on Tuesday and Thursday but will exceed the normal 50 minute class period. English will meet from 11:00 until 12:15 and history will meet from 9:00 to 10:20.

Swimming is being offered for the first time as a separate physical education course.

Math 203, Modern Abstract Algebra, will be offered for the first time.

Semester exams are scheduled for January 12-15. The second semester begins January 21.

Murray Journalists Attend Convention

Murray Students attended the Oklahoma Collegiate Press Association Convention at Stillwater on Friday, Nov. 14.

There were twelve students who attended. A variety of sessions concerning newspaper and year-book publications were scheduled for the students to attend.

THE AGGIELITE

MURRAY STATE COLLEGE TISHOMINGO, OKLAHOMA 73460

VOLUME FORTY ONE

TUESDAY, NOVEMBER 18, 1969

NUMBER FIVE

CANDIDATES for the 1969 Campus Day Queen are Becky Cox, Pam Cox, Janice Payne, Cleta Horner and Linda Roundtree.

Campus Day Plans Near Completion

The third annual Campus Day will be held on campus Nov. 20. The celebration is actually similar to a homecoming activity but caters to parents rather than former students. Campus Day was born primarily because a football homecoming was done away with.

"The day is perhaps the most important day on campus," Steve Ratcliff said. The activity is sponsored by the Student Senate. A pep assembly in Fletcher Auditorium will kick-off the celebration. The 10:00 classes will be dismissed for the assembly. It will be the first pep assembly of the year. It will also be the first appearance of the Murray Cheerleaders.

A talent review will begin at 2:30 in Fletcher Auditorium. The non-competitive program will be an array of campus talents and will include individual and group performances.

A smorgasboard will be served to students and parents in the cafeteria at 4:30. The parents cost will be \$1.00.

Two separate activities will begin at 6:30. The parents and faculty will meet in the Ballroom for a reception. The students will meet south of McKee Hall for a final pep rally and bon fire.

At 8:00, Murray will host Ft. Worth Christian College which will be the first home basketball game.

Two events will occur during halftime. The Campus Day Queen will be crowned by Ronnie Faulkenberry, Student Senate vice-president. The queen will be elected by popular vote of the student body today. The students will also elect the "Meanest Teach on Campus" which will be presented at half-time.

A dance will follow the game. The free dance in the Ballroom will begin at 9:30. Music will be provided by the "Satisfied Minds."

Throughout the day the dormitories and buildings will hold open house for the parents and guests.

Queen Candidates for Campus Day are all beauties

Five of the approximately 206 women students on campus were elected November 11 as Campus Day Queen contestants.

Selected by a "write-in" vote were Becky Cox, Pam Cox, Janice Payne, Linda Roundtree, and Cleta Horner.

Miss Payne is a sophomore from Lona Grove. She is treasurer of the Student Senate, a member of the Tribesman staff and the Phi Theta Kappa.

Miss Roundtree is a cheerleader, member of Phi Beta Lambda, Sigma Phi Alpha and the Entertainers. She was a contestant in the Carnival Queen contest and is a freshman from Ardmore.

Miss Pam Cox, a sophomore from Duncan, is secretary of the Student Senate and a member of the Phi Beta Lambda.

Miss Becky Cox was recently crowned Carnival Queen. She is also a sophomore from Duncan. She is a member of the Student Senate and Engineering Technology Club.

Miss Horner is a sophomore from Bennington. She is a member of the Rodeo Club, Home Economics Club, Phi Theta Kappa and Student Senate. She was a Carnival Queen contestant.

The queen will be selected from among the five in a campus-wide election November 20. She will be crowned at half-time of the basketball game by Ronnie Faulkenberry, vice-president of the Student Senate.

Lady Scrimmagers Swamp Madill

The women's basketball team swamped the Madill High School girls in a scrimmage held here on October 30.

The starters for Murray were Sharon Gale, Marilyn Stanley, Janice Whitmire, Eliese Troutman, Pam Clark, and Joyce Brown.

Thanksgiving Plans Revealed

A Thanksgiving program will be held at Fletcher Auditorium Nov. 25, at 7:30 p.m.

This year's program will have various choral works performed by the combined efforts of several community church choirs and the Murray State Choir, Mr. Pearson, head of the Music Dept., stated.

The speaker of the program will be Dr. Charles Stovall, Ph.D. a clinical psychologist from Arlington, Texas.

The program is open to the public, and the entire student body is invited.

GO AGGIES!

MIKE BEAVER, DAVID LAWSON and Carol Blackburn rehearse a scene from "You're a Good Man, Charlie Brown." The last performance will be tonight beginning at 8:00.

The Music Department at Murray State College will present "Broadway Review" Tuesday, Nov. 18. The three-part musical will be a synopsis of three Broadway productions, "Oklahoma," "Music Man" and "You're a Good Man, Charlie Brown." Each part will be fully staged and costumed.

Area high school students and the public are invited to attend the free production. The matinee will be held at 1:30 and the evening performance at 8 p.m. Tuesday.

The "Charlie Brown" sketch will be a music-filled 30 minutes presenting songs and dialogue by the characters of the Charlie Brown Cartoon series.

The famous "Oklahoma" will be presented in a 40 minute synopsis offering a full story presentation with dialogue and songs.

"Music Man" is the colorful story of a traveling salesman. Members of the Tishomingo High School band will add a punch climax.

The stage sets and designs were drawn and blue printed by Becky Cox, Duncan, a drafting and design major. The Art Department, under the direction of Larry Milligan, constructed and painted the sets.

Mrs. Dorothy Toews, director of "Broadway Review" said that the review is presented as though the three Broadway hits were condensed, as the Reader's Digest condenses books, to give a complete show in a condensed form. Robert Pearson will produce the show.

Rodeo Club to Sponsor Buckout

Murray State's Rodeo Club is sponsoring a "Buck-Out" November 21 starting at 7:00 p.m. in the Tishomingo Rodeo Arena.

Three events planned for the "Buck-Out" are bull riding, calf roping, and barrel racing. The stock will be donated by Texoma Rodeo Association and Hatchford Brothers.

"The Young Countrymen" will play for a dance following the show.

HOT LINE

The Aggielite will seek answers for any reasonable questions that are submitted to the journalism office. Please sign your name and give where you can be reached for additional information.

In the last edition of the Aggielite the question was asked concerning the name Aggie as applied to our teams and newspaper. The Student Senate polled the 11:00 Wednesday classes to get a sample feeling of the student body. A total of 394 students expressed their opinions; 221 said "No", the name should not be changed and 83 said "Yes."

Boat licenses now available from Tag Agent

Boat owners still needing 1969 licenses may now get them at the Auto Tag Agency in Tishomingo without penalty and without an assessment certificate from the county assessor, it was announced this week by Juanita Askew, county tag agent.

Boat and motor licensing is now being handled by tag agents under a law that became effective Oct. 1 and all such equipment registered since that date will be exempt from county advalorem taxes, Mrs. Askew said.

Under the old law, a boater first had to list his boat and motor with the county assessor for personal property taxation before he could get his licenses from the Oklahoma Tax Commission.

"Now he will pay all his boat and motor taxes by purchasing licenses from the local car tag agency much the same way he pays his motor vehicle tax," the tag agent said.

The 1969 licenses will remain good until March 31, 1970, and will not actually become delinquent until next May 1, at which time a ten cents per day penalty will start.

Owners of boats and motors assessed by the county under the old law must still pay the advalorem taxes on the county bills now in the mails or being prepared for mailing, tax officials point out.

For boats and motors registered in Oklahoma for some prior year but not yet for 1969, the fee for the remainder of the 1969 tax period will be one-half of the annual fee.

Under the new licensing procedure, boats and motors will be licensed separately, with the cost for each starting at \$3 for the first \$150 of retail value and going up \$1 for each additional \$100 of cost as shown by the manufacturer's list price.

The annual fee will be reduced 10 percent for each year of the equipment's life, up to the 11th year, at which time a minimum fee is reached.

Owners will sign an affidavit to the physical location of the boat or motor on the date the license is issued. This is necessary, Mrs. Askew said, because the revenue from the boat and motor licensing is earmarked to the counties and school districts where the equipment is actually located at the time the fees are paid.

All watercraft used in Oklahoma, including those used on private lakes and ponds, must be licensed under the law. Unlicensed boats and unregistered motors may be impounded and their operators fined as much as \$50, Mrs. Askew said.

LITTLE MAN ON CAMPUS

"MR. GIFFORD? IT WAS MY UNDERSTANDING YOU CAME TO US AS AN ADVANCED STUDENT."

Murray Student Senate Sponsors Representatives on Okmulgee trip

Murray Student Senate sponsored four representatives to Okmulgee, Oct. 29-30, to the Oklahoma Junior College Student Senate Association. This association meets twice a year, fall and spring. It consists of representatives of the Student Senate from junior colleges over the state. The main

purpose of these meetings is to discuss common problems in the schools and their solutions.

Student Senate Representatives which went to represent Murray were: Steve Hatchford, Student Senate President; Jerry Pack, Mack Wilson, and Kenneth Meeler, sponsor.

Some protest;
Let us:

1. UPHOLD the laws of the United States, and the states and communities.
2. DEFEND our country from invasion and our government from overthrow by force, violence, or subversion.
3. ENCOURAGE respect for law and order and insist upon solutions of differences and grievances by process of law and never by resort to violence or other unlawful means.
4. SUPPORT those charged with the enforcement and administration of our laws; voluntarily act as a witness and serve as a juror.
5. HARBOR no prejudice against anyone because of race, religion or national origin.
6. MAINTAIN pride in family, heritage and church as well as in community, state and nation.
7. KEEP informed on issues and candidates, and vote in every election.
8. RESPECT the rights and opinions of others.
9. PARTICIPATE in religious, charitable, civic, educational or other activities to promote the welfare of the community.
10. ACKNOWLEDGE that 'responsibilities' are as important as 'rights' in the preservation of freedom and justice.

Drafted by American Bar Association

MRS. SANDRA HERTLE and Mr. Day examine new IBM 402 accounting machine recently obtained by the college.

Accounting Gets Computer Aid

Murray obtained a new accounting computer, an IBM 402. The machine will be used for figuring enrollment, for filing personal information, for address labels, etc.

The financial aid office and data processing classes will also have use of the machine along with the business office.

Mrs. Sandra Hertle will be supervising the data processing center along with student help.

The new machine will also print a self adhesive label complete with proper information to stick directly on student transcripts.

The machine will be rented as long as seems necessary.

Blair Announces New Program Plans

The Murray State Agriculture Department efforts of Wendell Blair and Harold Fogleman may soon sprout. Blair announced Wednesday that the two year program in grain, feed, seed and farm supply may take root by the Fall of 1970.

Blair and Fogleman, co-sponsors of the prospective program expressed their high hopes for the new course of study "Which may someday offer a Bachelor's Degree."

According to Blair, the course was designed to provide a wider offering to all majors and would allow its associate graduate an extensive choice of grain related occupations.

Sex teaching, discipline, challenge of learning advocated at meet here

The generation gap was substantially narrowed last Thursday when about 300 young men and women met with adult leaders at the South Central Oklahoma Regional Conference on Children and Youth sponsored by the Governor's committee and south central council. The conference was held on the Murray College campus.

The conference divided into nine areas for discussion and brought recommendations back to the general session for adoption. Each group had both an adult and youth consultant.

Areas for discussion and some recommendations included:

Education: Sex education was recommended following approval by parents and teachers; more discipline in the schools; "learning challenge" to all students; more vocational training; better qualified teachers.

Areas for discussion and some recommendations included:

Youth and the Law: More emphasis placed on purpose and meaning of the law; upgrading standards of law enforcement personnel including pay increases; improvement of the public image of law enforcement officers thru the use of mass news media.

Employment, Job Training, and Career Development: More jobs designed to meet the individual needs of workers; additional vocational training; lowering working age to 16; reduction of dis-

crimination; more part time jobs for those in school.

Church and Spiritual Life: More involvement in religious programs in the church; youth and adult "togetherness" in the church program; honest relationships in the home; the return of the family altar; social action in each community to help solve problems.

Recreation, Leisure, Arts and Humanities: Fine Arts tours sponsored and financed by the state; education on hazards of drugs, tobacco, alcohol, and illicit sex.

Societal Behavior: The problems of the juvenile delinquent could be helped by changed and understanding attitude of adults; better educational program in helping the delinquent; open exchanges of ideas between youth and adults.

Family Relations: Better counselor program in family living; more guidance in family and school problems; more television programs with a family focus;

MAIL EARLY

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Postmaster J. C. Bennett Jr. advised today.

Gift parcels going to distant states should be mailed by December 1. Parcels going to local and nearby areas should be mailed not later than December 13.

AS IT APPEARS FROM HERE

You'd never believe that Murray State has the female world's record holder (unofficial) in the high jump. It seems that there was a snake on one of the instructor's desks. He informed the people present that the snake was real, after the girl had already climbed the file cabinet. I guess he wanted her to climb the walls.

An unfortunate accident happened last week. One of the students while playing football cracked his elbow. He was told not to play with the big boys.

The student senate is busily planning all the festivities for Campus Day. Activities range from a smorgasbord to Queen Coronation. I don't know if there is any truth in it but someone said that Mr. Meeler wanted to kiss the Queen.

Last week a ouija board found its way into one of the Poe girl's room—Ouija was plagued with questions ranging from "Will I be Miss America?" to "How many kids am I going to have?" Let's all hope that Ouija lied.

There seems to be a phantom loose on the Murray campus. A bench seemed to have just floated up over one of the entrances to Haskell Lucas Hall.

There seems to be a problem with one of the staff members of our newspaper. He seems to think that basketballs can talk. Spau L. Ding???

There are more strange happenings on the Murray Campus. One of the Lucas proctors got a notion that he was Tarzan No. 1. He took a flying leap down a section of stairs and grabbed for an over-hanging pipe. He didn't know it was heated; he quickly parted company with the pipe. I think he ought to join the Popeye Fan Club, it's safer.

Dean Canaday wrenched his knee. Dean didn't your mother tell you not to play with wrenches?

Lokey, Bradley Stage Recital

A recital was presented to the student body by Mrs. Margaret Lokey and Mrs. Dorothy Bradley in Fletcher Auditorium Nov. 4.

The songs were original compositions written by Mrs. Lokey, who accompanied soloist Mrs. Bradley, on the piano.

and the Lilac Hedge. The words for the first of these was from the Rubiyet of Omar Khayyam, translated by Edward Fitzgerald. The words for the second, Chartless, was from one of Emily Dickenson's Poems, while the words of the latter are from the public domain.

The program was in four parts and was slightly less than an hour in length. The first part of the program consisted of these compositions: Trilogy, Chartless.

Judging Team Holds Workout

Murray State livestock had better be on their best behavior; they are being watched.

Harold Fogleman today announced that the Murray State livestock judging team was using them and other local animals to prepare for the first intercollegiate meet to be held in Denver.

Fogleman explained that the 14 man team would compete against similar teams from the Western United States in the judging of beef cattle, swine, sheep and quarter horses.

The second part of the program contained three religious songs. The Eighth Psalm, The Sheepfold, and Reemance, all of the public domain.

The third part consisted of three Christmas Carols; Mistletoe, Evergreen; He Was a Tiny Baby, words of both by the composer; and Tidings of Joy, from the Bible.

The last part evolved into two songs; Little Lamb, Who Made Thee? and Wynken, Blyken, and Nod, both now public domain.

A meeting was held immediately after the recital in the student senate lounge where those interested could question Mrs. Bradley and Mrs. Lokey on composition and performance.

Students to Write Press Releases

Murray State has employed two journalism students to write press releases for the college.

A press release has a three fold purpose. First, it brings Murray State College and its activities to the attention of the public through the media of newspaper. Second, it gives men and women students, faculty, and personnel recognition in state and home town newspapers. And third, it encourages prospective students to select Murray State College for fulfillment of their educational needs.

To serve the college and the students to the best advantage, it is requested that clubs, organizations, faculty and individuals who have information that will interest others outside Murray, to leave it either in the Journalism office or the Public Relations Office.

Material will be written and submitted for final approval to Kenneth Meeler, Director of Public Relations, before it is released to the newspapers.

Editors to Attend Murray Conference

Murray State College will host area newspaper editors at a conference on American Press Wednesday, Nov. 19, at 11 a.m. in the Student Union Ballroom, Head of Journalism Dept., Torn Lane, announced.

Speakers will include area editors from the Daily Ardmoreite on the subject of "The Role of the American Press"; The Ada Evening News, on the topic of "The Public Has a Right to Know"; and the Tishomingo Capital-Democrat, on the subject of "What is an Editorial and What Regulates its Contents."

Editors from Coalgate, Atoka, Madill, Marietta and Sulphur will make up a panel question and answer period following the speeches.

Several 11:00 o'clock classes of various departments will attend the session; and any student may attend the meeting, which will last the time of a regular class period.

The staff of the Aggilette will play host to the visiting editors at a luncheon following the conference.

Student car tag rules clarified

The state tax commission's enforcement division has commenced its annual college campus campaign to acquaint out-of-state students with motor vehicle registration regulations, Commission Chairman Clarence DeWees said this week.

DeWees said field agents are briefing appropriate college and university administrators and campus security personnel so that there will be current information available at the college level.

The official word is that Oklahoma will continue to honor reciprocal agreements with other states allowing non-resident tuition-paying students to use their home state's license tags, but there are a couple of restrictions, says Leo Russell, the commission's chief enforcement officer.

"If a non-resident student or the spouse of such a student is gainfully employed in Oklahoma on a regular basis for as much as 20 hours per week, the car used by either or both must be registered and licensed in Oklahoma, regardless of who owns the vehicle."

"And the out-of-state student must be a legal resident of the state whose vehicle license tags he uses," Russell said.

Chairman DeWees said the agents are not on a particular enforcement drive just yet, but are merely dispensing some information and education that may save some students the price of a second car tag if their first one is wrong.

Delta Kappas to Sponsor Discussion

Two Murray State instructors attended a meeting of the Delta Kappa Gamma Society held in Ardmore Saturday.

Attending were Katy Rood, language arts and Mabel Lewis of the college of business.

Also attending were Charles Rogers, Gwen Adams and Lee Montgomery who represented the Murray student body in a panel discussion of the problems facing the American nation.

The panel discussed such topics as student feeling toward Vietnam and answered questions concerning the major problems facing the nation.

Delta Kappa Gamma, the national teacher's organization concerned with the betterment of the teaching profession, sponsored the meeting in the interests of having the young people's views on major issues.

Peanut farmers would welcome aid

The curse of the peanut farmer is the crow hunter's delight, and right now looks like a good time for both farmer and hunter to get together with a mutual friend.

That crunky, old black bird has arrived a little early this year so the result is a bunch of crows manching peanuts while farmers stand by and pull their hair out.

When the situation gets to this point it looks like the only thing to do is call for the help of friend and neighbor to bring out the shotgun and warm a few tail feathers.

- * Denotes Home Games

HOT LINE

The Aggielite will seek answers for any reasonable questions that are submitted to the journalism office. Please sign your name and give where you can be reached for additional information.

In the last edition of the Aggielite the question was asked concerning the name Aggie as applied to our teams and newspaper. The Student Senate polled the 11:00 Wednesday classes to get a sample feeling of the student body. A total of 304 students expressed their opinions; 221 said "No", the name should not be changed and 83 said "Yes."

Boat licenses now available from Tag Agent

Boat owners still needing 1969 licenses may now get them at the Auto Tag Agency in Tishomingo without penalty and without an assessment certificate from the county assessor. It was announced this week by Juanita Askew, county tag agent.

Boat and motor licensing is now being handled by tag agents under a law that became effective Oct. 1 and all such equipment registered since that date will be exempt from county advalorem taxes, Mrs. Askew said.

Under the old law, a boater first had to list his boat and motor with the county assessor for personal property taxation before he could get his licenses from the Oklahoma Tax Commission.

"Now he will pay all his boat and motor taxes by purchasing licenses from the local car tag agency much the same way he pays his motor vehicle tax," the tag agent said.

The 1969 licenses will remain good until March 31, 1970, and will not actually become delinquent until next May 1, at which time a ten cents per day penalty will start.

Owners of boats and motors assessed by the county under the old law must still pay the advalorem taxes on the county hills now in the mails or being prepared for mailing, tax officials point out.

For boats and motors registered in Oklahoma for some prior year but not yet for 1969, the fee for the remainder of the 1969 tax period will be one-half of the annual fee.

Under the new licensing procedure, boats and motors will be licensed separately, with the cost for each starting at \$3 for the first \$150 of retail value and going up \$1 for each additional \$100 of cost as shown by the manufacturer's list price.

The annual fee will be reduced 10 percent for each year of the equipment's life, up to the 11th year, at which time a minimum fee is reached.

Owners will sign an affidavit to the physical location of the boat or motor on the date the license is issued. This is necessary, Mrs. Askew said, because the revenue from the boat and motor licensing is earmarked to the counties and school districts where the equipment is actually located at the time the fees are paid.

All watercraft used in Oklahoma, including those used on private lakes and ponds, must be licensed under the law. Unlicensed boats and unregistered motors may be impounded and their operators fined as much as \$50, Mrs. Askew said.

LITTLE MAN ON CAMPUS

"TRACING MR. GIFFORD? IT WAS MY UNDERSTANDING YOU CAME TO US AS AN ADVANCED STUDENT."

Murray Student Senate Sponsors Representatives on Okmulgee trip

Murray Student Senate sponsored four representatives to Okmulgee, Oct. 29-30, to the Oklahoma Junior College Student Senate Association. This association meets twice a year, fall and spring. It consists of representatives of the Student Senate from junior colleges over the state. The main purpose of these meetings is to discuss common problems in the schools and their solutions. Student Senate Representatives which went to represent Murray were: Steve Ratchford, Student Senate President; Jerry Pack, Mack Wilson, and Kenneth Meeler, sponsor.

Some protest;
 Let us:

1. UPHOLD the laws of the United States, and the states and communities.
2. DEFEND our country from invasion and our government from overthrow by force, violence, or subversion.
3. ENCOURAGE respect for law and order and insist upon solutions of differences and grievances by process of law and never by resort to violence or other unlawful means.
4. SUPPORT those charged with the enforcement and administration of our laws; voluntarily act as a witness and serve as a juror.
5. HARBOR no prejudice against anyone because of race, religion or national origin.
6. MAINTAIN pride in family, heritage and church as well as in community, state and nation.
7. KEEP informed on issues and candidates, and vote in every election.
8. RESPECT the rights and opinions of others.
9. PARTICIPATE in religious, charitable, civic, educational, or other activities to promote the welfare of the community.
10. ACKNOWLEDGE that 'responsibilities' are as important as 'rights' in the preservation of freedom and justice.

Drafted by American Bar Association

MRS. SANDRA HERTLE and Mr. Day examine new IBM 402 accounting machine recently obtained by the college.

Accounting Gets Computer Aid

Murray obtained a new accounting computer, an IBM 402. The machine will be used for figuring enrollment, for filing personal information, for address labels, etc.

The financial aid office and data processing classes will also have use of the machine along with the business office.

Mrs. Sandra Hertle will be supervising the data processing center along with student help.

The new machine will also print a self adhesive label complete with proper information to stick directly on student transcripts.

The machine will be rented as long as seems necessary.

Blair Announces New Program Plans

The Murray State Agriculture Department efforts of Wendell Blair and Harold Fogleman may soon sprout. Blair announced Wednesday that the two year program in grain, feed, seed and farm supply may take root by the Fall of 1970.

Blair and Fogleman, co-sponsors of the prospective program expressed their high hopes for the new course of study "Which may someday offer a Bachelor's Degree."

According to Blair, the course was designed to provide a wider offering to all majors and would allow its associate graduate an extensive choice of grain related occupations.

Sex teaching, discipline, challenge of learning advocated at meet here

The generation gap was substantially narrowed last Thursday when about 300 young men and women met with adult leaders at the South Central Oklahoma Regional Conference on Children and Youth sponsored by the Governor's committee and south central council. The conference was held on the Murray College campus.

The conference divided into nine areas for discussion and brought recommendations back to the general session for adoption. Each group had both an adult and youth consultant.

Areas for discussion and some recommendations included:

Education: Sex education was recommended following approval by parents and teachers; more discipline in the schools; "learning challenge" to all students; more vocational training; better qualified teachers.

Areas for discussion and some recommendations included:

Youth and the Law: More emphasis placed on purpose and meaning of the law; upgrading standards of law enforcement personnel including pay increases; improvement of the public image of law enforcement officers thru the use of mass news media.

Employment, Job Training, and Career Development: More jobs designed to meet the individual needs of workers; additional vocational training; lowering working age to 16; reduction of dis-

crimination; more part time jobs for those in school.

Church and Spiritual Life: More involvement in religious programs in the church; youth and adult "togetherness" in the church program; honest relationships in the home; the return of the family altar; social action in each community to help solve problems.

Recreation, Leisure, Arts and Humanities: Fine Arts tours sponsored and financed by the state; education on hazards of drugs, tobacco, alcohol, and illicit sex.

Societal Behavior: The problems of the juvenile delinquent could be helped by changed and understanding attitude of adults; better educational program in helping the delinquent; open exchanges of ideas between youth and adults.

Family Relations: Better counselor program in family living; more guidance in family and school problems; more television programs with a family focus;

Student car tag rules clarified

The state tax commission's enforcement division has commenced its annual college campus campaign to acquaint out-of-state students with motor vehicle registration regulations. Commission Chairman Clarence DeWees said this week.

DeWees said field agents are briefing appropriate college and university administrators and campus security personnel so that there will be current information available at the college level.

The official word is that Oklahoma will continue to honor reciprocal agreements with other states allowing non-resident tuition-paying students to use their home state's license tags, but there are a couple of restrictions, says Leo Russell, the commission's chief enforcement officer.

"If a non-resident student or the spouse of such a student is gainfully employed in Oklahoma on a regular basis for as much as 20 hours per week, the car used by either or both must be registered and licensed in Oklahoma, regardless of who owns the vehicle.

"And the out-of-state student must be a legal resident of the state whose vehicle license tags he uses," Russell said.

Chairman DeWees said the agents are not on a particular enforcement drive just yet, but are merely dispensing some information and education that may save some students the price of a second car tag if their first one is wrong.

Lokey, Bradley Stage Recital

A recital was presented to the student body by Mrs. Margaret Lokey and Mrs. Dorothy Bradley in Fletcher Auditorium Nov. 4.

The songs were original compositions written by Mrs. Lokey, who accompanied soloist Mrs. Bradley, on the piano.

The program was in four parts and was slightly less than an hour in length. The first part of the program consisted of these compositions: Trilogy, Chartless,

and the Lilac Hedge. The words for the first of these was from the Rubiyet of Omar Khayyam, translated by Edward Fitzgerald. The words for the second, Chartless, was from one of Emily Dickenson's Poems, while the words of the latter are from the public domain.

The second part of the program contained three religious songs, The Eighth Psalm, The Sheepfold, and Recompense, all of the public domain.

The third part consisted of three Christmas Carols; Mistletoe, Evergreen; He Was a Tiny Baby, words of both by the composer; and Tidings of Joy, from the Bible.

The last part evolved into two songs; Little Lamb, Who Made Thee? and Wynken, Blyken, and Nod, both now public domain.

A meeting was held immediately after the recital in the student senate lounge where those interested could question Mrs. Bradley and Mrs. Lokey on composition and performance.

Judging Team Holds Workout

Murray State livestock had better be on their best behavior; they are being watched.

Harold Fogleman today announced that the Murray State livestock judging team was using them and other local animals to prepare for the first intercollegiate meet to be held in Denver. Fogleman explained that the 14 man team would compete against similar teams from the Western United States in the judging of beef cattle, swine, sheep and quarter horses.

According to Fogleman the team has held two workouts so far, one at Oklahoma State University and the other at the Burch Angus Ranch near Tishomingo.

The team will compete in two other contests at Ft. Worth and Houston during early February and March.

"Almost all preparations for the meet are extra-curricular," Fogleman further explains, "and the team members donate their weekends and holidays for the workouts."

"The boys are very interested and sincere," Fogleman said, "and though the competition is stiff, we expect a good showing."

Delta Kappas to Sponsor Discussion

Two Murray State instructors attended a meeting of the Delta Kappa Gamma Society held in Ardmore Saturday.

Attending were Katy Rood, language arts and Mabel Lewis of the college of business.

Also attending were Charles Rogers, Gwen Adams and Lee Montgomery who represented the Murray student body in a panel discussion of the problems facing the American nation.

The panel discussed such topics as student feeling toward Vietnam and answered questions concerning the major problems facing the nation.

Delta Kappa Gamma, the national teacher's organization concerned with the betterment of the teaching profession, sponsored the meeting in the interests of having the young people's views on major issues.

Peanut farmers would welcome aid

The curse of the peanut farmer is the crow hunter's delight, and right now looks like a good time for both farmer and hunter to get together with a mutual friend.

That cranky, old black bird has arrived a little early this year so the result is a bunch of crows munching peanuts while farmers stand by and pull their hair out.

When the situation gets to this point it looks like the only thing to do is call for the help of friend sparrowman to bring out the shotgun and warm a few tail feathers.

Students to Write Press Releases

Murray State has employed two journalism students to write press releases for the college.

A press release has a three fold purpose. First, it brings Murray State College and its activities to the attention of the public through the media of newsprint. Second, it gives men and women students, faculty, and personnel recognition in state and home town newspapers. And third it encourages prospective students to select Murray State College for fulfillment of their educational needs.

To serve the college and the students to the best advantage, it is requested that clubs, organizations, faculty and individuals who have information that will interest others outside Murray, to leave it either in the Journalism office or the Public Relations Office.

Material will be written and submitted for final approval to Kenneth Meeler, Director of Public Relations, before it is released to the newspapers.

Editors to Attend Murray Conference

Murray State College will host area newspaper editors at a conference on American Press Wednesday, Nov. 19, at 11 a.m. in the Student Union Ballroom, Head of Journalism Dept., Tom Lane, announced.

Speakers will include area editors from the Daily Ardmoreite on the subject of "The Role of the American Press"; The Ada Evening News, on the topic of "The Public Has a Right to Know"; and the Tishomingo Capital-Democrat, on the subject of "What is an Editorial and What Regulates its Contents."

Editors from Coalgate, Atoka, Madill, Marietta and Sulphur will make up a panel question and answer period following the speeches.

Several 11:00 o'clock classes of various departments will attend the session; and any student may attend the meeting, which will last the time of a regular class period.

The staff of the Aggie-lite will play host to the visiting editors at a luncheon following the conference.

Basketball, Intramurals Under Way

INTRAMURAL volleyball champs, The Pilly Goats, are standing left to right: Kenny Nessel, Gary Briggs, Thomas Chaney and Otis Hochman. Kneeling: Toddy Pyle, Jacky Osborn and Mike Priest.

Stubbs Pays Visit to Murray Campus

Danny Stubbs, 1967 Junior Olympian and first in all around gymnastics, gave a demonstration of his skills November 3, in Beames Hall.

He demonstrated to a small gathering of students various stunts, from fundamental to more advanced techniques on the floor mat and on the trampoline.

The occasion marked the beginning of Danny's training for upcoming gymnastic events. He plans to compete in the 1970 Junior Olympics in March at Bartlesville. A hearing difficulty has prevented his participation during the past year.

The 1970 Junior Olympics were held at Bartlesville. The meet was the first of its kind to be held between Oklahoma and Texas gymnasts. It was sponsored by the Quaker Oat and Kerr McGee Companies.

Danny has been participating in gymnastic events since the third grade. His adeptness can be shown by the numerous medals and ribbons he has won in local, state and regional meets.

Danny joined a YMCA Little League Baseball team at the age of eight. Soon afterwards, he discovered his natural talent for gymnastics.

He worked out with the OU gymnastic team under the direction of Mr. Russell Porterfield during the summer of 1965.

People who have been especially helpful in his training are his mother, Mrs. Geneva Stubbs DuFour; Tom Smith, Dell City, assistant coach of the Oklahoma Twisters and Andrew Askev, Ardmore.

Danny is a 13 year old eighth

grader at Ardmore Junior High. He has two sisters, Carol, a freshman music major at Murray College, and Lynn, a junior at Ardmore High School.

Beth Howell demonstrated variations of Danny's stunts during his program at the November 3 demonstration.

Murray State Cagers Named

Ten of the fifteen cagers on Murray's basketball team are non-residents of Oklahoma.

The five players from Oklahoma trying for a starting position are sophomores Guy Berry from Wapanucka, Melvin Imotichy from Sulphur and Buba Tidwell from Roff. Freshmen include Gary James from Temple and Jimmy Dill from Bokchito.

The lone players from Texas and Kansas are sophomores Thomas Proctor and Tom King respectively.

Players from the South include Alonza Ferguson and Larry Jackson from Alabama, Earl Gilmore from Florida, Steve Harwell from Tennessee and Charles Tabbs from Georgia. All are freshmen.

The players from the North are Roland Mullins and Marvin Peterson from Ohio and Fred Barr from Missouri, the Yanks are also freshmen.

The tallest players on the team are Earl Gilmore and Steve Harwell, both 6' 7", while the shortest player is Buba Tidwell who stands 5' 10".

People usually have ears shut to advice and eyes open to example.

Go Aggies!

The first game in the intramural basketball competition is scheduled for this evening. The teams entered in the tournament are:

The Greats-Capt. Larry Bostik, Bill Smith, Ronnie Faulkenberry, David Wallace, Gary Gilton, Mark Wilson, Jim Green, Earl Howell, John Duto.

M.S.C.S.-Capt. Rick Lyle, Carlye Harlin, Dale Skelley, James Fuller, George Hodges, Andy Woods, Ronald Morton, Karl Kinner.

Billy Goats-Capt. Jackie Osborn, Odes Hochman, Toddy Pyle, Thomas Chaney, Kenyon Nessel, Gary Briggs, Mike Priest, Marty Swinney.

The Same-Capt. Sammy Ponders, Paul Flecks, Dave Burgess, Gale Taylor, Paul Johnson, Jose Herbert, Earl Rickeys.

The Bandits-Capt. Ronnie Hammock, Charlie Baker, Martin Van Meter, Mike Kiefer, Wendall Krupp, Carson Wright, Buck Anderson, Mike Stevens, Roger Black.

Mighty Burners-Capt. - Charles Yates, James Hunter, Greg Graham, Dewitt Belcher, Alex Booker, Larry Bowens, Lynn Stevenson, Marcus Grimm, Tyrice Lammy, Arnold Lindsay.

Murray Cowboys - Capt. Danny McMillan, Jimmy Love, Richard Magby, Gary Bridges, Russel Dewberry, Billy Walford, Gary Baughman, Thomas Calvert, Jerry Pickard, Greg Overton.

All Stars-Capt. Billy Jones, Paul Quinton, Danny Childs, Don Bradshaw, Gary Laxton, Ronnie Brown, Harold Sheppard, Melvin Bradford, Dave Hughes.

Packs Rats-Capt. Jerry Pack, Tony Mendel, Charles Rogers, Larry Wade, Myron Elie, Sam Manis, Hi Hillbrun, Karl Kinney.

Bar Room Bouncers-Capt. Jack Lemmons, Presley Price, Bob Ayers, Jim Lemmons, Howard Crawford.

Hollywood Stars - Capt. - Tollie Nunn, Phil Tabor, Clinton Ray, Kenny Snell, Larry Bostik, Butch Boyd, Gary Cannon, Danny Long, Charles Dunbar, Jim Stuart.

Jimmy Jets-Capt. Jim Eichen, Leon Vaughn, Chester Dean, James McKinney, Larry Brooks, G. W. Freeman, Dick Sanders, William Smith, James Hill, Harrison Owens.

There are to be two separate intramural tournaments to be held this school year. The first will be from November 18 to December 18. The second will begin the first part of the Second Semester.

Adams Announces Aggies Take Shape

The Murray State Aggies have been working diligently and steadily the past few weeks.

Coaches Adams and Cobb took the team to Oklahoma City on Oct. 25, to scrimmage Southwestern State, Oklahoma Christian College and Oklahoma City Southwestern. No score or other statistics were kept. The whole team played.

Oklahoma Baptist University played as host to Cameron State, St. Gregory and Murray on Nov. 1st. Records and statistics were not kept.

Coach Adams said there has been definite improvement in the performance of the team. He commented that pattern plays and ball handling have shown the biggest improvement.

Murray will battle Grayson County Junior College, Denison, Texas on Nov. 17, which will be the first game of the season.

The Murray State basketball team traveled to Mesquite, Texas to scrimmage Southwest Christian College on October 13.

Mr. Roundball Gives Interview

By Charles Astanbo

In failing to get an interview with Coach Adams, the thought arose to write a story on one of the hidden heroes in the sport of Basketball, namely the Basketball.

Surprisingly only one of the basketballs used for practice at Beames Hall had the time to accommodate my needs. My first inquiry was his name, the basketball said he was known as Spau L. Ding, well that's understandable, last year I interviewed a television set and his name was Z. E. Nith.

I asked Mr. Ding what he thought of his job here at Murray? He replied, "It is fairly easy most of the time, but now and then it is hard to keep the people rolling." I then asked Ding how the basketball team was coming along? He answered "Considering the fact that the team has only five sophomores returning, they are doing quite well," he added "the coaching staff is one of the best I've worked under."

Ding commented "The J.U.C.O. conference will be rough this year and any team could claim the title." The J.U.C.O. conference is made up of four teams and each team plays the other three twice to make a total of six conference games played during he year by each member of the conference.

I asked Ding if the nonconference games would be tough this year? Ding said "Every game looks tough at this time, only time will tell which will be the roughest."

To get back to the personal side of the interview, I asked Ding how it felt being bounced around all the time? Ding answered, "I don't look at the situation that way, the way I see it, every time I jump, people start running around."

Murray Cagers Oppose Fort Worth Christian

The Murray State "Cagers" take on the Fort Worth Christian at Beames Hall Thursday, Nov. 20, to open their home season.

The 8:00 tipoff will mark the second game of the season for the Aggies. They opened the season against Grayson County Junior College at Denison, Texas, Monday.

On Friday and Saturday, Nov.

21 and 22, the Aggies travel to Neesho, Missouri to take on Crowder Junior College in a doubleheader.

The Murray cagers play 20 regular season games this year and will participate in three tournaments.

The Aggies belong to the J.U.C.O. conference which consists of four teams, Eastern, Northern, Connors and Murray.

Last year Murray finished first in the conference, first in the regional tournament, and fourth in the National tournament.

Murray to Sponsor JUCO Tournament

The Texoma JUCO Tournament will be on Nov. 27th, 28th and 29th.

The tournament which is held at Murray every year will include seven teams, representing colleges in the Texoma area.

The teams include Clarendon, Connors State, Easter A and M, Southeastern State Freshmen, Grayson County Junior College, Ft. Worth Christian College and of course, Murray.

The first game will be at 5 p.m. Thursday, Nov. 27, between Clarendon and Southeastern State Frosh.

Murray State will not play until Friday, the 28th of Nov. It will either play Clarendon or Southeastern State College Freshmen.

Billy Goats Top Volleyball Team

The Billy Goats claimed the intramural volleyball championship, by defeating the Strangers in two consecutive playoff games. The Goats who finished undefeated, trampled the Strangers 10 to 4 the first game, and 15 to 5 the second game. The Strangers finished in second place with 3 wins and two losses.

Standings	Wins	Losses
Billy Goats	4	0
Strangers	3	2
Frosh.	1	2
M.S.C.S.	1	2
Codgers	0	2
The Losers	0	2

Departments Apply for New Associate Degrees

The academic council has approved and recommended to the Academic Dean that the college apply for two new technical associate degree programs. The Dean in turn will seek approval for the programs from the Regents of Higher Education.

The Engineering and Technology Department will offer a two-year terminal program in Electromechanics.

A similar program is being offered at Eastern A&M, but at no other institution in any of the southwestern states.

The program requires 70 semester hours in both technical and academic subjects, and the course of study would require the addition of one new faculty member.

The Oklahoma State Vocational-Technical Board would pay one-half of the faculty members' salary and one-half of the equipment cost, R. B. Brisco said.

The program is planned for the 1970-71 school term.

The Agriculture Department is seeking to add an associate degree in Farm Supply. The two-year program will prepare graduates for employment in the feed and grain industry.

Wendell Blair said that demands for personnel in the field far outnumber the supply.

An additional faculty member would also be necessary for this program but half of the instructor's salary would be absorbed by the State Vo-Tech Board.

In addition to the associate degree requests, the council considered requests for other courses but delayed action.

The courses requested were Human Anatomy, Marketing, Sports Rules and Officiating and Fundamentals of Nursing.

Listed below are the proposed curriculums for both the Electromechanical and Agricultural Services Technology programs.

Electromechanical Technology
First Semester:
 111 Freshman Orientation
 114 Physics for technicians
 102 Electromechanical devices

113 Freshman Composition or

103 Communication Skills

104 Basic Electricity

137T Algebra

Second Semester:

224 Mechanics (statics, dynamics)

123 Freshman Composition or

203 Communication Skills

222 Introductory Electromechanical Systems

163T Trigonometry

115 Basic Electronics

Third Semester:

214 Electromechanical systems

213 American History

204 Logic Circuits

124 Physics for Technicians

243 Control devices

Fourth Semester:

233 American Government

124 Mechanical Analysis

253 Automatic Control Systems

223 Electromechanical Design

214 Communication Circuits, Systems

Classes will be dismissed for Christmas Holidays Dec. 19, and will resume Jan. 2.

Students Vote Pam Cox As Campus Queen

Pam Cox was crowned Queen of the Campus by Ronnie Faulkenberry in the half-time ceremonies at the homecoming basketball game between the Aggies and Fort Worth Christian Nov. 23. Her sister, Becky, was Carnival Queen in October. Their parents are Mr. and Mrs. Dallas R. Cox, Duncan. Pam wore a pink pant dress and looked very much a queen as she received the traditional tiara.

Pam is a sophomore majoring in Business Administration. She plans to continue her studies at O.S.U. following her graduation from Murray in the spring.

First runner-up was Miss Clea Horner. Clea is a sophomore majoring in Home Economics. After completion of her sophomore year she plans to finish her education at O.S.U. She is the daughter of Mr. and Mrs. M. C. Horner, Bennington.

Other candidates were Janice Payne, Linda Rountree, and Becky Cox.

Janice is a sophomore from Lone Grove. She is treasurer of the Student Senate, a member of the Tribesman staff and the Phi Theta Kappa.

Linda is a freshman from Ardmore. She is a member of Phi Beta Lambda, Sigma Phi Alpha and the Entertainers. She was a contestant in the Carnival Queen Contest.

Becky is a sophomore from Duncan. She is a member of the Student Senate and Engineering-Technology Club.

Murray to Host Speech Tourney

Murray Campus will host the Fifth Annual Speech Tournament, Friday, Jan. 9. It is estimated that 150-200 students from 15 class B high schools in the Tishomingo area will participate.

Competition will be held in Original Oratory, Standard Oratory, Interpretation, Extemporaneous Speaking and Debate.

MEL BRADFORD, Tonya Underwood and Tim Cambell rehearse their lines for the Dec. 16 and 17 production of "The Male Animal." The production will be under the direction of Fred Poe and Mrs. Janis Foglerman.

Drama Club Actors To Present "The Male Animal"

"The Male Animal," a three act play, will be held Dec. 16 and 17. The evening performance will be a 8 o'clock in the Fletcher Auditorium. The student body and community are invited to the production. No admission will be charged.

Ellen tries to dissuade Tommy from reading the letter, and this coupled with Joe's presence forces Tommy to ask her to go with Joe and leave him to his books and his principles. Eventually, Tommy challenges Joe to fist-cuffs after he has fortified himself with the proper courage. Also, he refuses to deny that he will read the Vanzetti letter and decides to stand on his principle of the freedom of ideas and the right to teach the young to think.

Ellen tries to dissuade Tommy from reading the letter, and this coupled with Joe's presence forces Tommy to ask her to go with Joe and leave him to his books and his principles. Eventually, Tommy challenges Joe to fist-cuffs after he has fortified himself with the proper courage. Also, he refuses to deny that he will read the Vanzetti letter and decides to stand on his principle of the freedom of ideas and the right to teach the young to think.

The all-college play is directed by Fred Poe and Mrs. Foglerman. Playing "Tommy Turner," is Eddie Cook; "Ellen Turner," Karen Biggs; "Patricia," Tonya Underwood; "Joe Ferguson," Lee Montgomery; "Fredricka Damon," Qwen Dilbeck; "Ed Keller," Melvin Bradford; "Walter Myers," Jack Beane; "Michelle Barnes," Eddie Garrett.

The play concerns Tommy Turner who has been married for ten years to Ellen, and he is quietly settled in a nice comfortable teaching job at Mid-Western University. But this is the weekend of the Michigan game, and Joe Ferguson, who was the greatest football hero Mid-Western ever had, comes to town, and of course, sees Ellen to whom he used to be sort of unofficially engaged. In addition to this slight upset in Tommy's life, he is brought into an academic controversy when Michelle Barnes, a young college intellectual, writes an article for the literary magazine in which he calls the board of trustees "fascists"! Tommy, because he wants to read a letter to his composition class written by Van-

F.F.A. Conference Held on Campus

Murray State will play host to day to approximately 250 members and guests of the Future Farmers of America, according to Wendell Blair, chairman of the Agricultural Dept.

Billed as a Leadership Training conference of the South Eastern District of Oklahoma, the day will be made up of speeches and group meetings.

Don Sims, freshman from Colbert, and agricultural major and vice pres. of the S.E. Dist. of the FFA will act as Master of Ceremonies and Steve Ratchford, soph. from Davis will give the welcome speech.

ABUSE OF A PRIVILEGE—

Voting for or against anything should be a privilege exercised to the limits of its potentialities, yet at Murray this privilege seems to be ignored.

Registrars at the voting booths set up for the election of Murray's Campus Day Queen Candidates on Nov. 14 reported that 130 persons voted in the event. With a total enrollment of 757 that is less than 1/7 of the men and women at Murray.

On Nov. 20, approximately 400 voting students selected the Queen from the five candidates. A better percentage, but still less than half the student body.

Booths were situated, for student convenience, in the lobby of the Student Union directly in the path of the line which forms to enter the cafeteria at noon.

When asked if she were going to vote, one girl stated that she "never voted for or against anything."

It is a privilege to vote for or against anything. It is also a privilege NOT to vote, but this can be taken away by the fatal condition called apathy. Although most of the men and women at Murray cannot vote on conditions governing our national privileges, because they have not reached the required age, they can and should form the habit of searching out the facts and voting for the things they want or don't want.

The malignant disease of apathy could very well deprive people at Murray and the American people of all our privileges.

HUSTLE, DRIVE AND DETERMINATION—

Congratulations are in order for the Murray State basketball team. Their defeat of Fort Worth Christian in the finals of the Texoma JUCO Tournament came as a very pleasant surprise. Murray is proud of the team and hopes they continue to have a fine record.

Ft. Worth Christian came to Murray prepared to win. They almost did. The most valuable tournament player was from F.C.C. Another impressive aspect of F.C.C. was that they brought fans and cheerleaders to help their team.

They placed signs and banners all over the gym for the championship game. One would have thought they were the home team.

They were even here on Thanksgiving Day. Murray students should learn a lesson.

Another outstanding team entered in the tournament was Connors. No other team exhibited their drive, desire, hustle and determination. Although small in size they were big in their desire to win. They showed a great deal of poise for a team that has only one sophomore on its roster.

PLANNING, HARD WORK PRAISED—

The dust of the "Broadway Review" and Campus Day has settled. Both events were worth high praise.

The entire cast and Fine Arts Department spent much time in planning and producing a program that was first-rate quality.

The Student Senate did an outstanding job with Campus Day. Praise should also go to Mrs. Montooth and the cafeteria staff. The dorm mothers also worked at having their dorms nice.

LITTLE MAN ON CAMPUS

HOT LINE

The Aggielite will seek answers for any reasonable questions that are submitted to the journalism office. Please sign your name and give where you can be reached for additional information.

I have two questions that I would like to have answered: First, when will the heaters in the administration building be repaired? Both instructors and students have been very uncomfortable for the past few weeks.

Second, why is it that the game room is only open half the time? Last year it was open every day from 9 to 5 and then at night from 7 to 10. Now it is open about half the time and it is also closed before 9:30 every night.

Jim Conway was contacted and in answer to the first question, answered that the starter mechanism on the heater is out. Conway also stated that the heaters in the administration building are over 20 years old, and obsolete, so parts for this type of system are not manufactured anymore. He went on to say that he has been trying for weeks to find parts, but the first set of parts found were the wrong type. Conway says that if the correct parts do not come in soon, a new heating unit will be put in.

In answer to the second question, Dean Canaday informs us, that the hours are still 9 to 5 in the daytime and 7 to 10 in the evenings, but since the game room is understaffed, it is often hard to keep to its hours. The game room manager Richard Shelton is also the bus driver for M.S.C. When he is off on a trip it leaves only two students to operate the game room in between classes.

LETTERS TO THE EDITOR

Dear Editor,

I would like to protest the treatment the students received on the night of Nov. 18.

As I understand it, several dignitaries were visiting the campus on that night. To make a good impression the dormitories were locked that night, forcing many students to leave their rooms.

I'm for impressing our guests who visit our campus, but to force students to leave their rooms when many had to study or work at other jobs is going too far.

For one thing, it was cold that night. I, for one, saw many students pacing the sidewalks waiting for the doors to open. I have also heard many students, and faculty, express their disapproval of this treatment.

—E. G.

Yearbook Selects "Mr. & Miss M.S.C."

The 1969-70 yearbook at Murray State will have a "Mr. and Miss Murray State College" instead of the Yearbook King and Queen, according to Tom Lane, head of the Journalism Dept.

In previous years the Yearbook King and Queen have been selected Lane said. This year, for a better and more impartial selection, a committee has been chosen by the yearbook staff to select and screen students in the areas of academic achievement, leadership, personality, school contribution and traits encompassing an all-around good student and citizen.

Acting on the committee to select "Mr. and Miss M.S.C.," are Mrs. Janice Fogelman, Language Arts Dept.; Wayne Canaday, Dean of Students and Marvin Adams, Physical Education Dept. Marilyn Stanley and Ronnie Faukenberry will serve on the committee from the student body.

What Number Did You Get?

December 1, Rep. Alexander Pirnie, R-N.Y., drew the first birth date number of President Nixon's new lottery system, at the same time lifting or at least partially lifting, the veil of uncertainty complicating the lives of most young American men.

The drawing, which took place in Washington, was the first of its kind in more than 27 years and interest ran high, especially on the campus at Murray State.

In order to obtain a cross-section of the attitudes held by most of the student body, a survey was conducted by the Aggielite in which various students were asked to comment on their views of the new draft system.

According to the survey's results, most male students favor the new system as opposed to the old. The majority of these students thought the new system fair, or at least as fair as the old system.

George Hodge, Murray State sophomore, received a place-in-line number of two. "I guess the system is fair," he commented, "I don't like my number, but at least now I know where I stand." This comment was typical of many of the young men interviewed.

The new draft system was not totally accepted however, Eddie Cook, also interviewed, maintained that, "The new system is a game of chance." Of the fifty people questioned, about one fourth voiced similar opinions.

To obtain a more accurate cross-section, several Murray State instructors were also questioned. Rex Morrill, of the Science Dept. remarked, "The new system relieves much of the guessing, but it leaves many with a feeling of doom."

Many of the students commented on the complexity of the new system, and a common question asked around campus was, "What number did you get?"

Foreign Students Plan Christmas

Students at Murray are biding their time, with Thanksgiving vacation behind them, plans for Christmas loom a close second behind books and a date for Saturday night.

But what of the boys from Iran? Over 8,000 miles away from home, they dream of friends and their own families, but being unable to fulfill their dreams they are looking forward to spending their Christmas vacations with friends in many parts of the U.S. Some will visit Mexico.

Alli Jalayer and Houshang Afilian will visit friends at Arlington, Texas.

Discussing Christmas traditions in Iran, Houshang Afilian said that the Christmas season in his home town of Ahwaz in the southwestern part of Iran, is celebrated much like it is in the U.S., with a tree and presents.

Afilian is the middle son of a family of five children. He is majoring in Electrical Engineering and plans to continue his studies at the University of Houston following his graduation from Murray. He plans to return to Iran where he said there was a great need for engineers.

Alli Jalayer is the second of three children. His home is in Teheran, the capital of Iran. Majoring in electrical engineering, he also plans to attend the University of Houston.

Afilian said that Oklahoma is not unlike the area he is from in Iran. The rolling hills and green trees are like those surrounding Ahwaz.

ORGANIZATIONS SPONSOR CHRISTMAS PROGRAM

The Murray Dames, the Aggie Club, the Drama Club, and the Music Department sponsored a Campus and Community Christmas Sing Monday night.

The tree was donated by Mr. and Mrs. William Deringer and cut and decorated by the Student Senate. Decorations for the tree were furnished by the Murray Dames.

The Nativity scene including the construction, personnel and livestock were furnished by the Aggie Club.

The luminaria, candles in sacks, were prepared by the Drama Club.

Music was presented by the Music Department.

Rodeo Club Sponsors Buckout, Dance

The Rodeo Club held its annual Buck-Out November 21. The building event gathered 30 entries, barrel-racing 7, and calf-roping 10.

The jack-pot event cost each contestant a \$10 entry fee. The fees provided the prize money for the various events.

Stephen Ratchford took first place in bull-riding, winning \$120. Second place and \$90 were awarded to Maxie Phillips.

Third place was split among Dillon Page, Wendall Ratchford and Jimmy Ratchford; each won \$30.

First place and \$60 were awarded to Danny Hamilton in calf-roping. Bob Reynolds won second and \$40.

The barrel-racing was won by Sherry Caudle; she won \$31.50. Second and \$21.50 was awarded to Rebecca Smith.

Judges for the event were George Telford and Bill Preslar. Sam Howry did the announcing.

Sue Tilford and Debbie Ratchford served as timers and Peggy Buchanan handled the records.

Leon Semkoff served as arena director. Helping Semkoff with the club are Wayne Cobb and Jim Schammerhorn.

Dick Pharoah, Maysville, donated the use of the stock.

A dance in the National Guard Armory was held following the Buck-Out. "The Young Countrymen" provided the music.

A total of 128 students are eligible for the award this year. Eligibility requirements at Murray are a grade point average of 2.5 and a sophomore ranking.

Murray's nominations are submitted to the National Who's Who. The nominees are selected on the basis of scholarship, citizenship, participation, leadership and general promise of future usefulness to business and society.

Formal announcement will be made by the national committee in January.

REV. DONALD R. PETTEY and Robert Pearson make their way through the line during the Thanksgiving dinner sponsored by the college.

Murray College Hosts at Thanksgiving Luncheon,

President Clyde R. Kindell addressed approximately 300 faculty, students, alumni, state dignitaries and civic leaders of Tishomingo at a Thanksgiving luncheon in the Student Union ballroom Nov. 24.

Referring to the luncheon theme, "For the past we are grateful,

for the future, it is in Thy hands," Dr. Kindell said that the past had been good at Murray, but it is not the time to rest on the laurels of the past but time to look to the future.

The past has seen tremendous changes Dr. Kindell stated, from the original Agricultural and Home's Economic School in 1908, to a junior college in 1924 offering an array of pre-professional, liberal arts and general education programs. In the past 6 years Murray's enrollment has increased from 384 in 1963 to 757 in 1969.

Physical changes on campus have included buildings and landscaping.

The future for Murray will depend on many things, Dr. Kindell continued, more financial aid will enable a broader curricula. This will include nursing and a more complete program of computer science technology and medical science technology.

"In my opinion," Dr. Kindell stated, "a junior college in an adjacent county would be a death blow to Murray at this time." He also said that it would be unwise for Murray to be elevated to a 4-year college. The reasons, he continued, are that most of Murray's students transfer to other Southeastern, in Durant or East Central in Ada. These two institutions need our support in their attempts to develop educational programs to meet the needs of a changing society.

In summing up his 20-minute speech, Dr. Kindell asked the teachers to re-dedicate themselves. Let us be ever aware that the only justification for an institution such as Murray to exist, is for the student, to motivate him to establish goals in life consistent with the basic values of society, to provide him with knowledge and experiences that he may make wise decisions and assume responsibilities for himself and for the generations following him.

All of cars manufactured in the nation last year, a total of 43 percent left the factories with air conditioning.

"Oh, come on, you two... who got there first?"

Americans Depend On Newspapers

"Without the press, America could not have progressed for either good or bad," stated Noel Mann, reporter from the Daily Ardmoreite. Ardmore, at a conference on the American Press held in Fletcher Auditorium Nov. 19.

The conference sponsored by the Journalism Dept., brought together 5 area newspaper men and approximately 200 Murray students and teachers for an hour-long discussion of the roll of the American Press, its editorial content and what the people have a right to know.

Guest speakers were Noel Mann, John Lokey, editor of the Capital-Democrat, Tishomingo; Ernest Thompson, editor of the Ada Evening News; Jim Pate, editor of the Madill Record and Bryan Kenney, Bus. Mgr. of Murray College representing the Sulphur Times Democrat.

Mann, speaking on the roll of

Girls Demonstrate Synchronized Swim

Seven girls from Ada demonstrated synchronized swimming at Bessey Hall on Nov. 24. The girls are members of a group who worked under the direction of Mrs. Nancy Middlesworth last August in the Winter Smith Park pool in Ada.

Basic stunts were demonstrated by individual girls including the back flip, oyster, ship wreck and the dolphin. They combined these skills into routines, requiring a sense of timing and coordination.

Swimming is said to be synchronized when two or more swimmers coordinate their movements to each other, or when one or more persons time swimming to a musical accompaniment.

Mrs. Middlesworth explained, "that synchronized swimming is often described as ballet in the water. A person must be able to float well and be a confident swimmer." Mrs. Middlesworth went on to say, "that she hoped this type of swimming could be offered at Murray."

Synchronized swimmers were Jamie Balmann, Luane Weiss, Becky Rawles, Judy Miller, Sandy Morantz, Jan Evans and Virginia Miller. All the girls are freshmen and sophomores at Ada Junior and Senior High, except for Virginia Miller who is a seventh grader at St. Joseph in Ada.

A small group of Murray student body attended the demonstration.

Cooking School Is To Be Held Weekly In Home Ec Dept.

Oklahoma Gas and Electric Company is conducting a cooking school in the Home Economics Dept. The home consultant, Linda Gordon, from Durant O.G.&E. office, will come to Murray every Wednesday to direct the school. The school usually starts around 2 p.m.

Object of the school is to teach the Home Economics student to use portable electric appliances not provided in the Home Ec Dept. These appliances are provided by O.G. & E. along with the food. The Home Ec. Dept. has only to supply the students, time and labor.

The cooking school will last, at least, until the end of the semester. During this time students will use a blender, electric carving knife, mixer, pressure cooker, egg poacher, electric skillet and many other electrical appliances.

The American Press, said that newspapers act as a middle man, gathering and writing news from sources and passing it on to the public. Unlike editorials, which are opinionated, the straight news is printed, as facts present themselves, for the benefit and information of the public.

"People have a right to know, but newspapers and their editors have rules to regulate what is printed," stated Thompson, of the Ada Evening News. "People accused of misdemeanors or first offenders will have their names omitted from my paper," he added.

Lokey, editor of the Capital-Democrat, said that editors welcome "letters to the editor." It is a privilege of the public to disagree with the opinions printed in the editorials of any newspaper.

The editorial-newspaper space given to one man's opinion—is regulated by many things. For example, the people who read it, the times, or the man writing. Lokey stated that his particular favorite was the congratulatory type, but the editorial can be used to criticize, to motivate, to inform, or to praise.

Other guests at the conference were Dr. Clyde R. Kindell and Dean Bob Hill.

Dr. Kindell said that he was extremely glad to see students at Murray taking an interest in and concerned with the responsibilities of reporting the news to the public.

Dr. Kindell and Dean Hill joined the newsmen and the Journalism Dept. at a luncheon following the conference.

Students Elect Edwards as Meanest Teacher

John Edwards, instructor in the Social Science Department, was given the Meanest Teacher of the Year Award at the basketball half-time ceremonies, Campus Day, Nov. 20.

The meanest teacher is elected yearly by popular vote of the student body.

Edwards said he had "No comment" about his honor. It is said that the award is given in both serious and joking aspects. It was said by one student who voted for him, "He's mean."

First runner-up was Rex Morrill with a tie for second between Gerald Alloway, and Jim Shamerhorn. Third place was awarded to Robert Nelson.

FBI Agent Speaks To Joint Meeting

Louis Giovanetti, special agent of the FBI, spoke at a joint meeting of the Social Science and Afro-American Clubs Dec. 1.

He spoke primarily about the history of the FBI and the qualifications for employment.

Giovanetti said that the department employed agents who have degrees in accounting or law. The only other applicants who are considered are college graduates who have had experience in responsible positions. Age requirements are 21 to 41.

He also said that an agent could expect a beginning salary of \$10,000 but would be increased to \$12,000 following 14 weeks training. Retirement comes at age 50 with benefits of 45 percent of the base pay. An agent with 10 years experience usually makes \$20,000.

Intramural Sports Schedule Released

Mrs. Middlesworth released the new Women's Intramural schedule this week. Women's Intramurals are held on Mon., Tues. and Thurs. nights from 6-8 p.m. Mon. night: gymnastics. Tues. night: volleyball in the Armory. Thurs. night: swimming.

The trampoline is available for everyone on Tues. and Thurs. from 2-3 p.m. in the old auditorium. Contact Mrs. Middlesworth at her office ahead of time. Use the west entrance to the auditorium.

Berry, Ferguson, Finney Lead Team Scoring

Three Murray players are averaging in the double figures following the first six games of the regular season. Guy Berry has a total of 89 points with an average of 15 points per game. Alonzo Ferguson has scored 85 points for an average of 14 points per game. Glenn Finney has tallied 71 points for a 12 point average.

A total of 400 points have been scored by the Aggies. An average of 67 points per game has been achieved by the team. The defense has held the opposition to 59 points per game.

The team has made 50% of their field goals and has averaged 13 points at the free-throw line.

	TP	AVG.
Berry	89	15
Ferguson	85	14
Finney	71	12
Peterson	40	7
Lewis	40	7
Imotichey	33	6
Marwell	18	6
Jackson	11	3
Gilmore	7	4
Barr	6	2

Pack Rats Grab Early Lead

The men's intramural basketball got under way Nov. 19 with 12 teams vying for the championship. The Packs Rats led the league with two wins and no losses. The Rats have averaged 58 points in the two outings, and limited the opponents to 39 points per game.

In other action the Bandits robbed the Greasers 53 to 15. The Sams walked over the Barroom Bouncers 33 to 26. The M.S.C.S. took over the Jimmy Jets 37 to 26 and the Billy Goats lost to the Packs Rats 32 to 31.

The All Stars beat the Bandits 43 to 41, after going into overtime with the score 39 to 39. The Cowboys bulldozed the Sams 49 to 28 while The Burners scoured M.S.C.S. 56 to 23. In the last game the Greasers edged the Billy Goats 45 to 33.

	Wins	Losses
Packs Rats	2	0
Hollywood Stars	0	1
Greasers	1	1
Bandits	1	1
Sams	1	1
Bouncers	1	0
M.S.C.S.	1	1
Jimmy Jets	0	1
Billy Goats	0	2
All Stars	1	0
Cowboys	0	1
Burners	1	0

GEORGE HODGES puts the ball over the reach of Jimmy Hill during an intramural game. The M.S.C. team defeated the Jimmy Jets 37 to 28.

ALONZO FERGUSON drives for the bucket adding to the score against Ft. Worth Christian. Marion Peterson follows on the shot to rebound.

Aggies Split 2-Game Series

After winning their first game against Ft. Worth Christian on Nov. 20th, the Murray Aggies played Ft. Scott Junior College and Crowder Junior College on November 21st and 22nd.

Murray battled Ft. Scott Junior College and won with a 59 to 58 score. The Aggies then tangled with Crowder and were edged by two points 66 to 64.

Coach Adams said that despite fatigue, the Aggies played good ball. He commented that free throws could stand improvement. Less than 50 percent were hit during the two games Friday and Saturday.

Ferguson, Berry and Finney provided the scoring punch during the Ft. Scott game. Individual scores were Ferguson 16, Berry 15, Finney 15, Imotichey 4, Gilmore 4, Jackson 2, and Lewis 2.

Five players hit in double figures in the Crowder game. Finney led with 19 followed by Berry 18, Ferguson 11, Peterson 10, Imotichey 4, and Lewis 2.

Aggie Roundballers Take Tournament

For the second time in two years the Murray Aggies have grabbed the Championship in their own JUCO Tournament held Nov. 27-29.

The Aggies downed Ft. Worth Christian in the final game, 72 to 56.

Murray grabbed an early lead and managed to keep it throughout the contest. The half-time score was 29 to 25.

Guy Berry, Murray's leading scorer, fouled out with 10:13 remaining in the game. With Berry out, Ft. Worth pulled within 4 points.

With a little less than 10 minutes left, Ft. Worth's 6'7" center, Eugene Kennedy, committed his fifth foul. His loss took the punch out of the Falcon's offense.

Attempting to catch-up, Ft. Worth shifted from their zone defense to man-to-man defense.

With 3:24 remaining on the clock and a 61 to 52 lead, Murray went to their stall game.

Melvin Imotichey put the game away by hitting 5 of 6 charity tosses.

Glenn Finney had his finest night so far by collecting 22 points.

Eugene Kennedy hit 21 points for the Falcons.

Third place went to Connors with fourth place being nailed

down by Clarendon Jr. College, Clarendon, Texas.

Championship Bracket
Murray 73
Ft. Worth 56

First Place
Murray 29 43-73
Ft. Worth 25 31-56

Murray—Finney 22, Berry 10, Ferguson 6, Lewis 6, Imotichey 7, Harwell 7, Peterson 6, Jackson 2, Barr 2.

Ft. Worth—Kennedy 21, Terry 10, Fry 9, Thompson 4, Creel 3, Banks 3, Hodges 2, Ponds 2, Grider 2.

Third Place
Connors 39 37-76
Clarendon 38 36-74

Connors—Walker 20, McIntosh 16, Palmer 14, Reed 12, Dodson 10, Williams 6.

Clarendon—Howard 20, Orens 13, Que 10, Moya 9, Garcia 5, Thrasher 5, Louis 4, Land 2, Harris 2, Potter 4.

Fifth Place
Eastern 40 73-123
Southeastern 36 44-74

Eastern—Edwards 36, Sibert 23, Pettis 17, Bellamy 11, Henry 10, Harris 10, Bailey 6, Widmar 5, Peters 5, Page 4, Wideman 4, Wall 2.

Southeastern—Neid 16, Young 14, Tillman 12, Bradberry 12, Colbert 10, Ford 8, Buci 6, Eaker 2.

GLENN FINNEY (25) and Alonzo Ferguson (42) grab for a rebound in the game against Ft. Worth Christian. Murray won the game 72 to 56.

Aggies on the Road for N.I.T.

The Murray Aggies left for Imperial, California December 1 to play in the N.I.T. Tournament at the Imperial Valley Junior College. The tournament is held Dec. 4, 5 and 6.

The traveling squad includes Melvin Imotichey, Glenn Finney, Guy Berry, Alonzo Ferguson, Billy Lewis, Steve Harwell, Marion Peterson, Fred Barr, Earl Gilmore and Larry Jackson.

The team is expected to return either the 9th or 10th of December.

ATTEND TULSA MEET
Dr. Beulah Zimmerman and Jim Schammerhorn attended two scientific meetings in Tulsa Friday and Saturday. The southwest regional meeting of the American Chemical Society met in downtown Tulsa Friday and the Jr. College Chemistry Teachers met at Oral Roberts University Saturday.

Reading unlocks the chains of a dull routine.

Women's Intramurals Draw to a Close

Murray's women's intramural basketball team won its last scrimmage for this semester against Tishomingo High School girls on Nov. 13. The final score was 79-26. They had previously played against high school girls from Mill Creek, Coleman, Springer, and Madill. Five scrimmages were played and 15 Murray women participated in the program. Marilyn Stanley, soph., Coleman, was the top scorer for the season.

A poll taken from 10 participants showed that they ranged between 18-30 years in age, average height 5 ft. 7 in. and average weight 134 lbs. Half of those polled were physical education majors with one each for elementary education, general education, math, business education and undecided. They all carried a college load of between 12-17 hours. Three freshmen and seven sophomores were polled. All had

participated in basketball in high school and all but one had lettered. The majority of the sophomore players were members of last year's intramural team.

Five of this year's sophomore players and physical education instructor, Mrs. Dessie Hull, placed third in the YWCA tournament in Oklahoma City last year. They competed against other college and independent teams. Sharon Gale, guard, Sulphur; and Elsie Troutman, forward, Coleman; were selected for the all star team of the tournament. Sharon was chosen most outstanding guard. Other players were Marilyn Stanley, Coleman; Janice Whitmore, Coleman and Susan Nelms, Mill Creek.

The intramural women players hope to enter in two tournaments next semester, the YWCA tournament to be held in March and a tournament in Fort Worth.
